### **'S-MEZ'** is the safe sulphonamide

'S-MEZ' is short for 'SULPHAMEZATHINE' Sulphadimidine B.P.

It may be simple enough to prescribe an effective reducing diet but how easy it is for the patient to break his dietary intentions. Revicaps REducing VItamin CAPsules help the patient to keep to the prescribed diet. They contain d-amphetamine to suppress appetite and elevate mood, bulk-producing methylcellulose to allay hunger and also a full complement of essential vitamins and minerals to offset the very risk of nutritional deficiency that many reducing diets entail.

## REVICAPS

(Reducing Vitamin Capsules)

### help the patient to keep to the prescribed diet

Each capsule contains: D-amphetamine sulphate, 5 mg: vitamin a, 1,670 i.u: vitamin d, 167 i.u: thiamine mononitrate  $(B_1)$ , 1 mg: riboplavine  $(B_2)$ , 1 mg: niacinamide, 20 mg: calcium pantothenate, 0.34 mg: pyridoxine hcl  $(B_6)$ , 0.34 mg: folic acid, 0.34 mg: vitamin  $B_{12}$ , 0.34 mgm: (as present in concentrated extractives from streptomyces permentation) ascorbic acid (c) 20 mg: methylcellulose, 200 mg: iron (peog exsiccated), 3.34 mg: calcium (cahpo<sub>4</sub>), 140 mg: phosphorus (capho<sub>4</sub>), 108 mg: iddine  $(k_1)$ , 0.5 mg: fluorine  $(caf_2)$  0.1 mg: copper, (cuo), 1 mg: potassium  $(k_20)$ , 5 mg: manganese  $(mno_2)$ , 1 mg: zinc (zno) 0.5 mg: magnesium (mgo) 1 mg: doron  $(na_2B_4o_7)$ : 0.1 mg.

Gyanamid PRODUCTS LTD. LONDON. W.C.2.

"You've got to give them something to rub on, old boy.
I often wonder if it isn't just the massage that relieves the pain."

"There's been some work published on that," comparing the effects of medicated creams with an inert control cream in soft tissue rheumatism."

"Never saw the papers—but I bet the inert cream came out of it pretty well."

"Not so well as you might think—and surprisingly enough, of all the so-called active principles tried, a salicylate gave the best results."

"Counter-irritant, eh?"

"No—a new salicylate, diethylamine salicylate, capable of free skin penetration and not irritating at all."

"That's a new idea, isn't it? Local salicylate therapy. I always start patients off on salicylates by mouth for rheumatic pain. Useful to be able to put it through the skin at the site of the pain. What's this stuff called?"

Lancet II, 395 (1950)
 British Journal of Physical Medicine 18, 62 (1955)

10% diethylamine salicylate in a soothing vanishing cream

non-irritant, skin penetrating salicylate for the relief of rheumatic pain by inunction

## A Question of Stability

For many people, the stresses and strains of everyday existence may have a profound effect on the carefully built edifices of their lives and it may take just that extra jog to bring their insecure little world tumbling about their ears.

You cannot possibly control the conditions which weaken the foundations of such patients' lives. But, by prescribing Equanil, you can provide them with a cement to rebuild a steady and more stable frame of mind out of a rubble of nebulous fears and fancies. Equanil restores repose—safely, effectively and reliably.

## EQUANIL (MEPROBAMATE)

PACKS: 400 mg. tablets in containers of 20 and 250.

The word 'Equanil' is the registered trade mark of

Wyeth John Wyeth & Brother Limited, Clifton House, Euston Road, London, N.W.1

### Pixcyl and Psorox

Coal Tar has long been accepted as one of the most effective medicaments for use as a topical application in the treatment of Psoriasis.

The Genatosan tar fractions incorporated in Pixcyl, Psorox, Genisol
and Sebigen, offer tar therapy without many of the disadvantages
associated with crude coal tar. Extensively screened against
sensitization, and in bases to suit each phase of the disorder, they offer
the physician the three essential factors in his choice of an effective
topical application that combine to give a suitable approach to Psoriasis.

Pixcyl, Psorox, Genisol and Sebigen are all available on E.C.10.

Containing:

Purified tar fractions (equivalent to crude coal tar) 3% Salicylic acid B.P. 1% Starch B.P. 11.5% Zinc oxide B.P. 11.5% Non drying base. Containing:

Purified tar fractions (equivalent to crude coal tar) 10% Salicylic acid B.P. 3% Ammoniated mercury B.P. 2% w/w Mixed paraffin base.

### Relief from asthma-7,200 times

Tedral, taken at bedtime with Tedral Enteric Coated, provides asthmatics with eight hours freedom from asthma. Deep, easy and restful respirations will occur throughout sleep—that means around 7,200 times.

This prolonged relief is achieved by the delayed action. Tedral plain provides four hours of easy breathing—the enteric coated tablet acts after four hours, extending relief till the night is through. Therefore every breath taken during sleep will be free from distress.

Active Principles: Theophylline 2 gr. (120 mg) Ephedrine hydrochloride \{ gr. (25 mg) Phenobarbitone ½ gr. (8 mg).

Dose: During the day one tablet of Tedral every four hours. At night one tablet of Tedral and one tablet of Tedral Enteric Coated.

Pack: Tedral plain and Tedral Enteric Coated tablets are supplied in bottles of 50. Bottles of 500 supplied to chemists for dispensing. S.IV. poison.

# \*\* Control of intractable nausea and vomiting with 'Largactil'

CHLORPROMAZINE has now been used with success in a wide variety of conditions in which nausea and vomiting are the main or complicating symptoms. World-wide published reports reveal that excellent and often dramatic results have been obtained in controlling otherwise intractable vomiting whether induced by disease — for example by cancer, uraemia, or cholecystitis — after surgery, or resulting from drug intolerance, radiation therapy, or pregnancy. Equally successful results have been obtained with 'Largactil' in the control of prolonged and otherwise intractable hiccough.

There are many other clinical uses of 'Largactil' now being increasingly adopted in general practice. Detailed information is available and will gladly be sent on request.

### promises much in mental illness

The virtues of MILTOWN as a powerful yet safe tranquillizer in the psychoneuroses are already widely recognised. Preliminary experience with the drug in psychotic patients now indicates that it may play an important part in the treatment of mental disease. In a dosage higher than that used for the psychoneuroses, MILTOWN may benefit delusional, assaultive, noisy and hallucinated patients, restoring well-being, calmness and serenity. Some manic-depressives and hypomaniacs have also been favourably affected by the drug.

MILTOWN has been used successfully as a premedication in E.C.T. and as a valuable aid in psychotherapy. It has not been reported to elicit suicidal tendencies. The low incidence of side effects and a low toxicity are notable features in therapy with Miltown. The drug has been given over long periods to psychotic patients without ill effects.

#### MILTOWN is the one tranquillizer that relaxes both mind and body

MILTOWN Meprobamate is 2-methyl-2-n-propyl-1, 3-propanediol dicarbamate. Bottles of 50 and 500. 400 mg. tablets

Cyanamid PRODUCTS LTD. LONDON,

## Availability of Vitamins in Yeast

Deficiencies of single factors of the Vitamin B Group do not occur. Accordingly, even if a deficiency condition appears to result from the lack of an individual factor of the group and it is considered necessary to give intensive treatment with this factor, the entire Vitamin B complex should always be administered concurrently.

It is, however, extremely important, in view of suggestions in recent publications, that the vehicle selected as a source of the entire B Complex does not withhold its vitamin content from the patient.

Human experiments show that the rich, natural vitamin potency of Aluzyme is totally available to the human system.

● Aluzyme is not advertised to the public and may be prescribed on Form E.C.10

## This is a ROVER year

To the improved versions of the three existing models are now added two exciting new-comers—the 105R with fully automatic transmission, and the 105S, the most brilliant performer ever to come from Rover. With free-wheel, automatic overdrive and fully automatic 2-pedal transmission to choose from, and overall design improved by a new front contour, this is indeed a Rover year.

#### THE NEW FIVE-CAR RANGE

• THE 2-LITRE 60, THE 75 AND THE 90 These well-established models are now all available with automatic overdrive as an optional extra. This is an alternative to the free-wheel on the 2-litre 60 and 75, and gives a higher maximum speed and fast silent cruising at low engine speeds, with a consequent reduction in engine wear and petrol consumption. Top gear flexibility, so valuable when driving in traffic, remains unaffected.

• THE ROVER 105R A new luxury car fitted with

Rover's own fully automatic 2-pedal transmission with built-in automatic overdrive. Whether for effortless driving in traffic or restful long distance touring, the 105R is a notable addition to "Britain's fine cars".

• THE ROVER 1058 Powered by the same 105 b.h.p. twin carburettor engine as the 105R, this model has a conventional transmission system with automatic overdrive. The result is the liveliest Rover in the range, with superb acceleration that few cars on the road can match.

Prices including Purchase Tax: 2-Litre Sixty: £1298.17.0; Seventy-five: £1415.17.0. Ninety: £1465.7.0; 105S.: £1595.17.0; 105R.: £1649.17.0; 105R. De Luxe: £1696.7.0.

## Milk-alkali drip therapy without a tube

## NULACIN

The most effective control of gastric acidity is milk-alkali drip therapy; the most convenient way of obtaining milk-alkali drip therapy is by sucking Nulacin tablets.

Thus, Nulacin is of great value in the treatment of peptic ulcer in the ambulatory patient, and in the prevention of ulcer relapse.

Nulacin tablets are prepared from whole milk combined with dextrins and maltose, and incorporate Magnesium trisilicate 3.5 grs; Magnesium oxide 2.0 grs; Calcium carbonate 2.0 grs; Magnesium carbonate 0.5 grs; Ol. menth. pip. q.s. Their shape, size and consistency are such that, when

GASTRIC ANALYSIS. Superimposed gruel fractional testmeal curves of five cases of duodenal ulcer.

they are allowed to dissolve slowly in the mouth, control of gastric acidity can be achieved. Up to three tablets an hour may be required to give continuous neutralization of the gastric contents.

Nulacin tablets are not advertised to the public, have no B.P. equivalent, and may be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to Pharmacists is 2/-.) Also available in tubes of 12.

Nulacin is available throughout the British Commonwealth, in the U.S.A. and in many other countries. It is known as Nulactin in Canada and Sweden.

GASTRIC ANALYSIS. Same patients as in greph on left, we days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

## **Napkin Rash**

PREVENTION and treatment

DRAPOLENE is a cream formulated specifically for the prophylaxis and treatment of urinary dermatitis.

The water miscible property of the cream allows ease of application and facilitates the napkin toilet. The application of DRAPOLENE to both mild and severe forms of urine rash provides a soothing effect which gives relief from the distress associated with all forms of urine rash. Many infant welfare centres confirm that even the severest cases respond satisfactorily in four to six days.
