A sprained ankle—if nothing worse

The hazards of our modern urban civilization provide a rich harvest of strains and sprains. Elastoplast Bandages are used as routine in the remedial procedures following such injuries.

Porosity of Elastoplast Bandages permits free evaporation of sweat. Firm elastic support with desired amount of stretch and regain is assured.

Adhesive is not spread to the fluffy edges of the bandage—minimising rucking of bandages and soiling of overlying stockings. Elastoplast Bandages are made to the well-known Smith & Nephew high standard of quality.

Elastoplast elastic adhesive porous bandages are available in 3-yard lengths and 2", 2½", 3" and 4" widths. Prescribable on Form E.C.10.

Elastoplast

Elastic adhesive bandages (Porous) B.P.C.

For a sprained ankle the Elastoplast should be applied from without, inwards, from the base of the toes to the knee. It should be applied as soon after the accident as possible, thus immediately providing firm support and controlling the formation of effusion and hæmatoma. Small pads of wool or plasticine in the malleolar sulci prevent hæmatoma formation.

Senokot

STANDARDIZED SENNA

Two special uses

CONSTIPATION COMPLICATING INFLUENZA

By the use of the smallest dose of Senokot to give a comfortable, formed motion, constipation may be corrected without incurring the risk of further dehydration—an important benefit of standardized dosage.

CONSTIPATION ATTENDING USE OF HYPOTENSIVE DRUGS

Certain of the ganglion-blocking agents, notably mecamlamine, frequently give rise to acute intestinal stasis. Senokot should be given daily during treatment, dosage being adjusted as necessary (temporarily, two to three times normal dosage may be required).

"A report has been published [British Medical Journal, 1957, 2, 436 and 439] and the inference to be drawn is that the present B.P. preparations of senna are unsatisfactory and that, on the present pharmacopœial position, Senokot may well be regarded as the standard form of the drug."—THE MEDICAL PRESS, 31st July, 1957.

Granules: 2 oz, 2/10; 6 oz, 7/9; 2 lb Tax Free D.P. 21/-

Tablets: 50, 2/5; 200, 7/3; 1000 Tax Free D.P. 16/-

Cost about a halfpenny a dose

Senokot is not advertised to the public, has no B.P. or N.F. equivalent, and is freely prescribable under the N.H.S.

Transvasin

brings the esters of **NICOTINIC ACID**
SALICYLIC ACID
p-AMINO BENZOIC ACID

to the focal point of
soft-tissue rheumatism

The esters in Transvasin, a new preparation developed by Hamol S.A., our Swiss associates, readily pass the skin barrier in therapeutic quantities and enable an effective concentration of the drugs to be built up where they are needed.* Transvasin

not only induces vasodilation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant, and can be safely used on delicate skins. It is now being widely prescribed with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

Salicylic acid tetrahydrofurfuryl-ester	14%
Nicotinic acid ethyl-ester	2%
Nicotinic acid n-hexyl-ester	2%
p-Aminobenzoic acid ethyl-ester	2%
Water-miscible cream base ad	100%

**Therapeutische Umschau VIII, 1952, 10, 143*

Transvasin is available in 1 oz. tubes, basic N.H.S. price in the U.K. 2/6 plus P.T., and is not advertised to the public. It may be prescribed on Form E.C.10. Samples and literature will gladly be sent on application.

LLOYD-HAMOL LTD., 11 WATERLOO PLACE, LONDON, S.W.1. WHITEHALL 8654/5/6

Transvasin is the registered trade mark of Lloyd-Hamol Ltd.

BIOTEXIN

defeats staphylococci
that defeat other antibiotics

Biotexin (novobiocin sodium Glaxo) is the antibiotic that will deliver an overwhelming knock-out blow even to 'last-ditch' resisters. Orally administered, well absorbed and well tolerated, it swiftly produces high, sustained and selective bactericidal activity in the blood. Biotexin can be successfully used in the treatment of septicaemia, staphylococcal enterocolitis, infections of the soft tissues and other conditions that may be caused by staphylococci resistant to other antibiotics.

*In infections of
the genito-urinary
tract*

Reports on the use of 'Sulphatriad' in genito-urinary tract infections confirm its value in cystitis and pyelonephritis of children and adults, in pyelitis of pregnancy, as a prophylactic when an indwelling catheter is required and for patients with loss of bladder control due to diseases of the central nervous system. In these conditions, as in many other sulphonamide susceptible infections, 'Sulphatriad' is the preparation of choice.

Presentations: As 0.5 gramme tablets and as a palatable suspension. Each tablet of 3.6 c.c. (approx. 1 teaspoonful) of suspension contains: Sulphathiazole 0.185 gramme, Sulphadiazine 0.185 gramme, Sulphamerazine 0.13 gramme. Detailed information is available on request.

A fly-hold for His Excellency

High in the shattered cliffs, finely poised over giddy depths, the ibex surveys his domain. Suddenly he springs, up and outward, his rust-grey bulk soaring over a black-shadowed chasm . . . He lands, sends fragments tumbling, recovers in a flash and bounds smoothly away, down through rock-strewn passes. As the sun dips he reaches the sweet alpine herbs of his evening pasture. Through muscle and good technique, he overcomes the barriers created by Nature.

A barrier set up by Nature in the human body tends to be more baffling, and medicine is faced with the task of finding a way to overcome it. One such barrier, the mucosal block, keeps a great many patients constantly on the verge of iron-deficiency anaemia. When oral iron is administered to an anaemic patient and the Hb level rises, the more effective the block becomes. Depleted body iron reserves remain depleted. The patient is never buffered against relapse. But like the precipitous heights, the natural barrier to iron can be overcome—through muscle and good technique. Intramuscular iron by-passes the mucosal block. Fully absorbed and fully utilised, it not only raises the Hb level, but also replenishes body iron stores.

Why *suspension* Chloromycetin Palmitate?

Because the use of an insoluble Palmitate ester of Chloromycetin* overcomes the problem of administering the bitter-tasting parent antibiotic to children who cannot swallow capsules. The palatable suspension evolved provides easy and flexible dosage and readily permits hydrolysis in the alimentary tract to release pure Chloromycetin. With these advantages Suspension Chloromycetin Palmitate is of exceptional value in the treatment of many serious respiratory and gastro-intestinal infections.

introducing

'PROTAMYL' IS INDICATED MAINLY

- * In the less severe mental and emotional disturbances
- * For use at bedtime in cases of insomnia
- * In obstetrical sedation
- * In certain dermatological conditions particularly chronic urticaria and atopic eczema

In mild mental and emotional disturbances 'Protamyl' provides relief from anxiety and tension giving a feeling of security from which troubles can then be viewed with equanimity. Since the barbiturate most generally used in psychiatric conditions is amylobarbitone, it was rational to enhance and prolong the action of minimal doses of this barbiturate, and at the same time utilize the other actions of promethazine ('Phenergan') by associating the two drugs. 'Protamyl' is an association of 12.5 mg. promethazine and 50 mg. amylobarbitone.

IN THE MENOPAUSE

One bottle of 60 TACE capsules (2 capsules a day) can relieve many of your menopausal patients. Some may require a second course, but few will need a third.

The introduction of TACE marks the beginning of a new era in the treatment of menopausal symptoms. TACE is stored in the body fat and subsequently released in a manner resembling normal hormone secretion. There is virtually no withdrawal bleeding (in four investigations ^{1, 2, 3, 4} there were only 7 cases of withdrawal bleeding in 257 patients) and TACE is also extremely well tolerated in other respects.

Because of fat storage the action of TACE is prolonged. In 13 out of 16 patients beneficial effects remained up to 4 months after therapy had been discontinued.¹

TACE is indicated in other cases which require oestrogen therapy—for example in the inhibition of lactation and the treatment of prostatic carcinoma.

TACE

is available in green capsules (each containing 12 mg. chlorotrianisene dissolved in oil) in bottles of 60 and 300.

PRO-BANTHINE* IN ULCER HEALING

FIG. 1. "But X-ray study at this time still revealed the ulcer niche."

FIG. 2. In ten weeks "the niche was no longer visible radiologically or gastroscopically."

Clinical Report on Pro-Banthine

The case-history below of ulcer on the gastric side of gastro-jejunal stoma reveals significantly the high potency in low dosage of the well-tolerated anti-cholinergic agent, Pro-Banthine.

M. D., female, age 48, had a posterior gastro-jejunosomy fourteen years previously for duodenal ulcer. Nine months prior to her first visit severe intractable pain recurred and a subtotal gastrectomy was performed at another hospital. She remained well for a few months and then because of recurrence of severe pain and marked weight loss, she was referred for treatment. X-ray study revealed a large ulcer niche on the gastric side of the anastomosis. Antacids and sedatives gave no relief from pain. She was given 60 mg. of Pro-Banthine four times a day and within seventy-two hours was able to sleep through the night for the first time in weeks. After two weeks of Pro-Banthine treatment the patient felt completely well, but X-ray study at this time still revealed the ulcer niche (Fig. 1). After a further ten weeks' treatment the niche was no longer visible radiologically or gastroscopically

(Fig. 2). In the five months prior to the report she was maintained on 30 mg. of Pro-Banthine four times daily without any recurrence of symptoms.

Pro-Banthine, containing 15 mg. Propantheline Bromide, is the safe and potent anti-cholinergic which efficiently controls and decreases gastrointestinal hypermotility and excess acidity. It has proved highly efficient not only in peptic ulcer but also in pancreatitis, hypertrophic gastritis, diverticulitis, biliary dyskinesia, spastic colon and other conditions.

Pro-Banthine is also available compounded with Phenobarbitone (15 mg.) for the treatment of peptic ulcer when complicated by mental stress and anxiety. Both products are available in bottles of 40, 100 and 1000 tablets. G. D. Searle and Co. Ltd., High Wycombe, Bucks. Telephone: High Wycombe 1770.

Dear Doctor,

'SEDALTINE' IN PSYCHOSOMATIC CONDITIONS

"Hippocrates would describe no physick for Charmide's headache until first he had eased his troubled mind."

Similarly today it is recognised that headaches, migraine, even asthma, neurodermatitis, etc. are very often psychosomatic reactions, the result of stress—of a 'troubled mind'!

Analgesics may give temporary symptomatic relief but do not deal with the underlying cause—'tension'. Sedaltine* a non-barbiturate tranquillizing sedative, is useful in a wide variety of psychosomatic conditions in which tension is a prominent feature. The withdrawal of narcotics in cases of addiction is also greatly facilitated by Sedaltine given three times a day.

While possessing a reliable tranquillizing sedative effect, Sedaltine is singularly free from side-effects such as hangover, rebound depression, etc., and in particular, free from the danger of the major side and toxic effects of the so called 'tranquillizing' drugs.

We shall be pleased to send you literature and a clinical sample.

Yours truly,

S.P. Rety
Chairman
Clinical Products Ltd.

EAR WAX *Removed this easy way*

The removal of wax from the external auditory meatus has, in the past, normally entailed attendance by the patient for diagnosis and for the prescription of a suitable loosening agent, and a second attendance a few days later for syringing.

Now, by the use of Cerumol Ear Drops, wax can be removed in most cases at one visit. A few drops of Cerumol can be instilled into the ear and, while another patient is being attended to, the soft cerumen dissolves and the harder wax disimpacts. The wax can then be removed by gentle syringing or with cotton wool. The wax may even be found to run out of the ear on its own accord, in which case patients themselves may instil Cerumol at home, obviating further attendances.

Cerumol is anti-bacterial, non-irritating and harmless to the lining of the external auditory meatus or the tympanic membrane. Cerumol is included in Category No. 4 of the M.O.H. classified list of Proprietary Preparations and may be prescribed on N.H.S. Form E.C.10.

FORMULA (Active Constituents per 100 c.c.):—*p*-dichlorobenzene B.P.C., 2 gm.; Benzocaine B.P., 3 gm.; Chlorbutol B.P., 5 gm.; Ol. Terebinth B.P., 15 c.c.

PACKS:—For Surgery Use: 10 c.c. vial—separate dropper included. (Basic N.H.S. price 2/8.) For Hospital Use: 2 oz. and 10 oz. bottles.

Vitamins in prenatal life

Vitamins are essential for the normal development of the embryo. Severe vitamin deficiencies during pregnancy, apart from their ill-effects on the mother, lead to death or malformation of the foetus. It is known from animal experiments that a shortage of certain B vitamins causes deformities in the foetus. Although these results may not apply in detail to humans, adequate nutrition during pregnancy has long been considered to be of supreme importance.

Marmite is a useful source of every known factor of the vitamin B complex and is widely recommended to expectant mothers. Its appetising flavour ensures easy administration; it may be given as a drink made with boiling water or hot milk, or in sandwiches, or used in cooking.

MARMITE yeast extract

Riboflavin (vitamin B₂) 1.5 mg. per oz. Niacin (nicotinic acid) 16.5 mg. per oz.

Treatment of DIABETES MELLITUS without injections

Rastinon «Hoechst» tablets provide an oral treatment for certain diabetic patients.

EFFECTIVE A number of patients on small regular doses of insulin have been found to be suitable for treatment with Rastinon «Hoechst» tablets. Clinical work throughout the world has shown that approximately a quarter of all diabetics can be stabilized on Rastinon «Hoechst» tablets. A few of the more recent references to the literature are given opposite.

SAFE The selection and stabilization of diabetic patients should be carried out under strict medical supervision. For those patients found to be suitable, Rastinon «Hoechst» tablets provide a safe form of therapy and many have now been on oral treatment for two years. No cases of proven dyshaemopoiesis or other serious side-effects due to the drug have been reported.

SIMPLE From 2 to 4 tablets a day are normally all that is required to replace the insulin with its concomitant syringe, needles, swabs, and often nursing assistance as well. The normal regime of urine examination and dietary control remains necessary.

Packs: bottles of 100 and 500 tablets.

The basic price to the National Health Service as dispensed from a 500 tablet bottle is 2.97d per tablet and the total cost to the National Health Service, with all allowances, is less than 4d per tablet.

Each tablet contains 0.5 G. of N-Butyl-N'-toluene-p-sulphonylurea; (Tolbutamide).

The Three Faces of Eve ^A

The fantastic true story of a housewife who was three women in one body. Told by the doctors who helped her to find her real self. Made into a CinemaScope picture by 20th Century-Fox. Three separate performances daily 2.0, 5.0 & 8.15, (Sun. 4.30, 7.30) at the CARLTON Haymarket. Seats bookable at all prices from the Box office and usual Ticket agencies.

Doctors and Nurses may make use of the special emergency call service by leaving their names at the Box office on entering the theatre.

For SUB-ACUTE and Chronic dermatoses TAR + HYDROCORTISONE

combined in

TARCORTIN CREAM

have pronounced advantages over either medicament alone.

The established germicidal, stimulating and anti-pruritic properties of tar, in the treatment of sub-acute and refractory skin affections, can now be considerably enhanced by its incorporation with hydrocortisone.

Clinical trials have shown that the two medicaments together exert a powerful synergistic action that is far more rapid, more pronounced and complete than the action of either alone. These two valuable therapeutic agents are presented in a non-greasy, stainless, hydrophilic cream, known as TARCORTIN.

TARCORTIN CREAM

is supplied in 7 grm. tubes, containing 0.5% Hydrocortisone in a special coal-tar extract.

CLINICAL RESPONSE

These are the advantages of

Calcium B-PAS WANDER

and

B-Pasinah WANDER

in the

Chemotherapy of Tuberculosis

B-PAS (Wander), 4-benzoylamino-2-hydroxybenzoic acid, first introduced by our Research Laboratories in 1948, is the drug of choice in regimens comprising PAS in concurrent therapy.

In the form of its calcium salt, it provides extended bacteriostatic levels, induces only minimal side-effects as compared with sodium PAS, and because of its high acceptability guarantees as far as possible that patients, particularly on domiciliary treatment, do take their medication.

Available in 3.5 g. envelopes and in 1 g. cachets; and as bulk powder.

'**B-PASINAH**' is available in two convenient forms:

Powders each containing
3.5 g. calcium B-PAS (Wander)
and 87.5 mg. isoniazid.

Cachets each containing
1 g. calcium B-PAS (Wander)
and 25 mg. isoniazid.

TRADE MARK

FOR PROSTATIC CARCINOMA

Honvan (diethylstilboestrol diphosphate) exhibits the following advantages in the treatment of prostatic carcinoma:—

It is water-soluble and well-tolerated even in high dosage.

Honvan as such is pharmacologically and oestrogenically inert, therefore it rarely produces feminizing side-effects.

It is dephosphorylated only in the presence of phosphatase, high concentrations of which are present in carcinomatous prostatic tissue.

Insoluble free stilboestrol is released from Honvan by dephosphorylation exclusively in prostatic tumours in such concentrations that a cytotoxic effect is exerted on malignant cells.

Its action is usually rapid on both primaries and secondaries even in cases not responding to conventional oestrogen treatment.

It is effective both by intravenous and oral routes.

PACKING: BOXES OF 10 × 5 ML. AMPS. EACH CONTAINING 250 MGM. CONTAINERS OF 50 AND 250 TABLETS EACH CONTAINING 100 MGM.

Detailed literature is available on request.

A THEORY OF DISEASE

ARTHUR GUIRDHAM

Despite the great advances in the diagnosis and treatment of disease, the total level of disease remains constant, while stress diseases like duodenal ulcer, blood pressure, etc., and psychiatric disturbances are rising steeply. Dr. Guirdham believes that disease is essentially a total response of the whole personality manifested in local symptoms and that the present conception of causation is too narrow. He formulates a comprehensive theory which shows that the pattern of disease depends on its religious, philosophical and sociological backgrounds.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £935 per annum in the first year; £1,061 10s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,210 per annum in the first year; £1,320 per annum in the second year; £1,430 per annum in the third year; £1,540 per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners**: £467 10s. per annum for the first post held; £522 10s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £522 10s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) **Fully registered medical practitioners**: £577 10s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £819 10s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £852 10s. by £55 to £1,182 10s. per annum. If the post is resident a deduction of £170 per annum is made.

SOUTH-WESTERN REGIONAL HOSPITAL BOARD**Bristol Mental Hospitals**

Applications are invited for the appointment of a whole-time

CONSULTANT PSYCHIATRIST

to the Bristol Clinical Area. The successful candidate will work mainly at the Bristol Mental Hospital, Fishponds, but may be required to visit other hospitals in the clinical area as determined by the Regional Board from time to time. No house is available, but there may be a small flat at Fishponds Hospital. Twelve copies of applications, stating date of birth, qualifications and experience, together with the names and addresses of two referees, should be sent to the Secretary of the Regional Hospital Board, 27, Tyndalls Park Road, Bristol, 8, not later than November 9, 1957. (7617)

LEEDS REGIONAL HOSPITAL BOARD**WHOLE-TIME ASSISTANT PSYCHIATRIST**

(S.H.M.O. scale) for duties at Clifton Hospital, York (1,112 beds), and associated clinics at Harrogate, York and Scarborough. The person appointed may also have duties at Claypenny Hospital for Mental Defectives (one session per week). Detached four-bedroomed house available. Applications (12 copies), stating age, qualifications, and details of present and previous appointments (with dates), and names and addresses of three referees, to the Secretary, Park Parade, Harrogate, by November 18, 1957. (7407)

BANSTEAD HOSPITAL, Sutton, Surrey (2,400 beds)

Applications are invited for the post of

PSYCHIATRIC REGISTRAR

at the above hospital, which offers full facilities for training in psychiatry, including the special study of neuroses and child guidance. Courses in psychology are arranged for the D.P.M. Residence is optional, at present accommodation is only available for a single person, but a flat may soon become available. Candidates should apply to the Secretary, Banstead Hospital, Sutton, Surrey, for forms of application, which should be returned, duly completed, within 14 days of the appearance of this advertisement. Candidates should visit the hospital by arrangement with the Physician Superintendent. (7481)

LEEDS REGIONAL HOSPITAL BOARD**REGISTRAR VACANCIES IN PSYCHIATRY**

- (i) Menston Hospital, near Leeds (2,500 beds).
- (ii) Oulton Hall Hospital, near Wakefield, and affiliated Mental Deficiency Colonies (approximately 400 beds). Non-resident.
- (iii) Stanley Royd Hospital, Wakefield (2,000 beds). Recognized for D.P.M.
- (iv) Storthes Hall Hospital (2,750 beds).

If desired facilities for attendance at Leeds University will be provided if the successful candidates are studying for the D.P.M.

Applications, stating age, qualifications, and details of present and previous appointments (with dates), together with the names and addresses of three referees, to the Secretary to the Joint Registrars Committee, Park Parade, Harrogate, by October 30, 1957. (7400)

NORTHERN IRELAND HOSPITALS AUTHORITY**APPOINTMENT OF REGISTRAR**

Applications are invited for a whole-time post as Registrar in Psychiatry at Purdysburn Hospital, Belfast (a mental hospital). The terms and conditions will be in accordance with the application of the Spens Report to Northern Ireland. Applications to be made on a form obtainable (with further particulars) from the Secretary, Northern Ireland Hospitals Authority, 44-46, Queen Street, Belfast, and to be returned not later than November 4, 1957. (7460)

SOUTH-EASTERN REGIONAL HOSPITAL BOARD, Scotland**REGISTRAR**

to the Royal Edinburgh Hospital for Mental and Nervous Disorders, from January 16, 1958. During tenure of post opportunities for study and interchange of duty and training at other centres in the Region may be available under joint training scheme of South-Eastern Regional Hospital Board and Department of Psychological Medicine of the University of Edinburgh. Single accommodation available. The hospital may be visited by arrangement with the Physician Superintendent. Apply, giving particulars of age, qualifications and previous experience, and the names of two referees, to the Secretary, 11, Drumshugh Gardens, Edinburgh, within 14 days. (7519)

SOUTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD**PSYCHIATRIC REGISTRARS TRAINING SCHEME**

Applications are invited for the appointment of Registrar for six months' periods at the hospitals of St. Ebba's, Horton, Long Grove and The Manor in succession. Wide experience is available in all forms of psychosis, in neurosis and in mental deficiency under modern methods of treatment. Special experience may be gained in the Mott Clinic for General Paralysis, St. Ebba's Juvenile Unit and in Mapother House, Long Grove, for acute psychosis; also in the associated observation wards and out-patient departments. The appointment will be tenable from January, 1958. Salary, etc., in accordance with the agreed terms and conditions of service of hospital medical staff. For residents, appropriate charges are made for full residential amenities. Candidates may visit the hospitals by appointment with the Physicians Superintendent. Application forms may be obtained from the Group Secretary, St. Ebba's and Belmont Group Hospital Management Committee, Group Office, Belmont Hospital, Brighton Road, Sutton, Surrey, and completed forms (five copies) should be returned to him within two weeks of the appearance of this advertisement. (7362)

TAVISTOCK CLINIC

2, Beaumont Street, London, W.1

Applications are invited for the undermentioned appointment:

Public Health—contd.**STAFFORDSHIRE COUNTY COUNCIL**
Uttoxeter Urban District Council
Uttoxeter Rural District Council

Applications are invited for the separate part-time appointments of Medical Officer to the Uttoxeter Area Health Committee, Assistant County Medical Officer and School Medical Officer and Medical Officer of Health of the Uttoxeter Urban and Rural Districts. The appointments together will constitute whole-time, and the proportionate salary for each is calculated in accordance with the latest agreed scale (increments will be given for previous service in the same capacity), the ranges being: County Council: As M.O. to Area Health Committee (4/22), £310 13s. by £11 8s. 6-7d. to £367 15s. 10d. As Assistant C.M.O. and S.M.O. (10/22), £545 9s. 1d. by £25 19s. 6d. (3) by £28 11s. 5d. (5) to £766 4s. 8d. Uttoxeter U.D.C.: (3/22), £250 18s. 2d. by £7 10s. to £280 18s. 2d. Uttoxeter R.D.C.: (5/22), £418 3s. 8d. by £12 10s. to £468 3s. 8d. The selected candidate will be required to provide a motor car, the allowance for which will be in accordance with the County Council scale. The posts are superannuable, and the successful candidate must pass a medical examination and produce his birth certificate. Applicants must be fully qualified medical practitioners with experience in public health duties, and must hold the Diploma of Public Health or its equivalent. The candidate appointed will, as regards the County Council duties, act under the direction of the County Medical Officer of Health, and will be required to perform such duties as may from time to time be prescribed. As regards the duties of Medical Officer of Health, he will be subject to the Sanitary Officers (Outside London) Regulations, 1935 and 1951, and to the sole control and direction of the Urban and Rural District Councils. The County Council appointments will be subject to three calendar months' notice in writing on either side. Forms of application may be obtained from the County Medical Officer of Health, County Buildings, Stafford, and should be returned to him not later than by first post on October 31, 1957.—T. H. Evans, Clerk of the County Council, J. H. Kenny, Clerk of the Uttoxeter Urban and Rural District Councils, County Buildings, Stafford. (7215)

STAFFORDSHIRE COUNTY COUNCIL**APPOINTMENT OF ASSISTANT COUNTY MEDICAL OFFICER AND SCHOOL MEDICAL OFFICER**

Applications are invited from fully qualified medical practitioners, and those holding the Diploma of Public Health will be given preference. The candidate appointed will undertake clinical work in the School Health and Child Welfare Services under the direction of the County Medical Officer of Health, and will be required to perform such other duties as may from time to time be prescribed. The salary scale is £1,050 by £50 to £1,200 by £55 to £1,475, and increments may be given for previous similar service. The appointment will be terminable by three months' notice in writing on either side and subject to the provisions of the appropriate Superannuation Acts and Regulations, in which connection the selected candidate must pass a medical examination and submit his or her birth certificate. Forms of application may be obtained from the County Medical Officer, County Buildings, Stafford, to whom they should be returned, when completed, not later than November 11, 1957.—T. H. Evans, Clerk of the County Council, County Buildings, Stafford. (7442)

New Zealand

Applications are invited from suitably qualified medical practitioners for the position of **JUNIOR MEDICAL SPECIALIST IN PHYSICAL MEDICINE**

Applicants must be qualified medical practitioners of the British Commonwealth, and the appointee shall be registered in New Zealand before taking up duty. The appointment is a full-time one and applicants should have had at least three years' experience in physical medicine, preferably in a teaching hospital, hold membership of one of the Royal Colleges of Physicians, possess the Diploma in Physical Medicine, and have had considerable experience in electromyography and rehabilitation. The appointee will be required to commence duty by February 1, 1958, if practicable. Salary: £(N.Z.)1,640, rising to £(N.Z.)1,940 by annual increments of £(N.Z.)100. Commencing salary within this scale according to qualifications and experience in the specialty. The position is non-residential. Details regarding assistance with the payment of fares for the appointee and his family to travel to New Zealand are set out in the Conditions of Appointment which, together with explanatory memorandum and form of application, may be obtained from the Office of the High Commissioner for New Zealand, N.Z. House, 415, Strand, London, W.C.2. Applications, addressed to the undersigned, close at the office of the Board, Kitchener Street, Auckland, C.I., New Zealand, at noon on Friday, November 22, 1957.—R. F. Galbraith, Secretary. (7450)

COMMONWEALTH OF AUSTRALIA
Department of Health

Applications are invited for a position of **SENIOR MEDICAL OFFICER**

Grade 2, located in the Research Division at the Commonwealth Serum Laboratories, Melbourne. Salary: £A.2,763 to £A.3,093 per annum (commencing salary within the range will be determined on qualifications and experience). Duties: Successful applicant will conduct research projects in the field of preventive medicine and assist with the administration of the Research Division. Qualifications: Graduate in Medicine of an approved university or higher degrees. Extensive experience in medical research work. Some management experience would be an advantage. Applications, stating date and place of birth, qualifications, experience, and war service (if any), to the Chief Medical Officer, Australia House, Strand, London, W.C.2, by November 1, 1957. (7408)

GOVERNMENT OF ADEN PROTECTORATE

Applications invited from doctors with medical qualifications registrable in United Kingdom for following posts of a pioneering nature in Aden Protectorate Health Service:

OPHTHALMOLOGIST

to be based on Makhzan, Western Aden Protectorate, where there is a developing base hospital and a health service training centre, but about half time to be spent on tour in both Western and Eastern Protectorates, working in hospitals, health units in the field, and training sub-professional staff in simple eye work. Private practice allowed, but very limited. Candidates must possess D.O.M.S. or equivalent, and practical experience. Knowledge of Arabic an advantage.

WOMAN MATERNITY AND CHILD HEALTH SPECIALIST

to be based at Mukalla, Eastern Aden Protectorate, where there is a developing base hospital and a health services training centre, but about half time to be spent on tour in both Protectorates, working in hospitals, health units in the field, and training sub-professional staff in nursing, midwifery and M.C.H. work generally, including home visiting. There will be a matron colleague. Candidates must possess special qualifications in gynaecology, obstetrics and child health and/or practical experience in these subjects, of wide coverage in both competence and responsibility.

Appointments on contract for one tour of 18-24 months in the first instance with gratuity (taxable) of £37 10s. for each completed three months of service, payable on satisfactory completion of contract. Salary for Ophthalmologist, £2,000 a year. For M.C.H. Specialist with M.R.C.O.G., £2,000; without M.R.C.O.G., £1,750. Following allowances also payable: (a) outfit allowance £60; (b) education allowance for children between 8-18 undergoing full-time education outside Aden. Furnished quarters being built at low rental. Income tax at local rates. Free passages for officer, wife and up to three to four children under age 18. Generous home leave after each tour. Application forms from Director of Recruitment, Colonial Office, London, S.W.1 (quoting BCD 117/2/010). (7421)

INTERNSHIPS, ROTATING, AVAILABLE JULY 1. Fully approved 311-bed modern hospital. Integrated teaching programme. Board diplomates in all specialties. Stipend \$200 month. Full maintenance. Approved residencies in Urology, General Surgery, Radiology, and Pathology. Write, Administrator, St. Vincent's Hospital, Erie, Pennsylvania. (7514)

Oversea (Vacant)—contd.**GOVERNMENT OF NORTHERN RHODESIA****MEDICAL OFFICER**

required for Pneumoconiosis Medical and Research Bureau. Duties include clinical and radiological examination of miners (European and African). Officer will be stationed at Kitwe and will work under supervision of Chairman (a Medical Specialist) of the Bureau. Kitwe is a town of considerable size with agreeable climate and many social amenities. Post offers excellent opportunity for experience in diseases of chest and research in pneumoconiosis. Appointment on permanent basis with pension, or short-term contract with gratuity (taxable). Candidates from National Health Service may retain superannuation rights (up to six years) and receive gratuity (taxable) of 20% of aggregate of salary at end of engagement. Salary scale £1,245 to £2,030 a year, starting salary depending upon age and experience. Pension for permanent appointment at rate of 1/600th of final pensionable emoluments for each completed month of service. Gratuity for contract appointment £37 10s. for each completed three months of service. Free passages provided in both directions for officer and wife, and assisted passages for children. Housing available, and married candidates may take family. Candidates (male only) should be aged 25 to 35, possess medical qualifications registrable in United Kingdom, and have had at least 12 months' postgraduate experience. Application forms from Director of Recruitment, Colonial Office, London, S.W.1 (quoting BCD 117/3/02). (7422)

**HER MAJESTY'S OVERSEAS SERVICE
Tanganyika****MALE MEDICAL OFFICERS**

with qualifications registrable in United Kingdom required for general duties. Officers would normally be based on a hospital, but must be prepared to tour and to train African staff. Professional work covers a wide field in all branches of medicine, surgery and obstetrics, with unusual responsibility and scope for initiative. Ample opportunities for sport and recreation. Limited private practice is at present permitted. Appointment can be made on permanent basis with pension (non-contributory), or on short-term contract with gratuity (taxable) on satisfactory completion of service. National Health Service doctor may retain superannuation rights (up to six years) and receive gratuity (taxable) of 20% of aggregate salary after engagement. Salary ranges from £1,284 to £2,115 a year, starting point determined by experience. Four extra increments given for approved higher qualifications. Permanent officers can be members of her Majesty's Overseas Civil Service and are eligible to be considered at any time for promotion to higher salaried posts in Tanganyika and other territories in medical administration or, if they possess higher qualification and suitable experience, in specialist posts. Quarters generally available at rental of £30 to £78 a year according to size and type, furniture £12 to £24 a year. Free passages in both directions for officer and wife and up to cost of one adult fare for children. Taxation at local rates. Annual local leave permissible and generous home leave after each tour of from 30 to 36 months. Educational facilities. Application forms from Director of Recruitment, Colonial Office, Great Smith Street, London, S.W.1 (quoting BCD 117/8/02). (7640)

**HER MAJESTY'S OVERSEAS CIVIL SERVICE
Windward Islands****DISTRICT MEDICAL OFFICERS**

required for general duties in Dominica, with liability for service in any Institution, Dispensary, or District within the Windward Islands. Candidates must hold qualification registrable in United Kingdom. Appointment on permanent basis with pension (non-contributory) or on agreement for three years. Salary scale £800 to £1,000 a year. Pay addition of 20% of salary also payable. Pension 1/600th of final pensionable emoluments for each completed month of service. Income tax at local rates. Private practice if duties permit, but all fees for medical attention at Dispensary or Institution accrue to Government. Quarters not normally provided, but if Government quarters become available rental of 10% of salary, or 5% of assessed value of quarters, whichever is less, will be charged. Free passages on appointment for officer, wife and dependent children under 18 years, not exceeding five persons in all. If appointed on contract, free return passages on completion of contract. Leave passages in accordance with Windward Islands Regulations. Application forms from Director of Recruitment, Colonial Office, London, S.W.1 (quoting BCD 117/40/01). (7420)

RESIDENCY IN ANAESTHESIOLOGY AVAILABLE IMMEDIATELY. Anaesthesiology residencies available now. Two-year active teaching programme, Clinical, Didactic. Stipend, first year, \$225 monthly, plus full maintenance.—Box 696, B.M.J.

**HER MAJESTY'S OVERSEAS CIVIL SERVICE
Uganda****MEDICAL OFFICERS**

with qualifications registrable in the United Kingdom required for general duties.

Successful candidates may be posted to any station in Uganda. During earlier years of service an officer will be expected to carry out general medical and surgical duties, including a varying amount of public health administration and the training of subordinate African medical staff. In most stations, even if remote from larger towns, it is possible to maintain interest in any particular branch of medicine or surgery to which the officer is attracted.

In most stations the work is based on a district hospital which may vary in size from a comparatively small hospital meeting the needs of a backward community to a large hospital with modern facilities where specialization in the different branches of medicine, surgery and obstetrics is possible.

Appointments can be on permanent basis, subject to two years' probation, with pension (non-contributory) or on 30 to 36 months' contract with gratuity (taxable) payable on satisfactory completion of service. Normal retiring age 55, but at age 45 officers may retire with full pension earned. Gratuity for contract service is 13½ per cent of total salary drawn, not including allowances. Candidates from National Health Service may retain superannuation rights up to six years and receive gratuity (taxable) of 20 per cent of their salary after engagements.

Salary ranges from £1,284 to £2,115. Starting point determined by experience. Four extra increments can be given to successful candidates possessing F.R.C.S., M.R.C.P., and D.P.H., and other approved higher qualifications. Other allowances in accordance with current regulations.

Permanent Medical Officers are eligible to be considered for promotion to superscale posts in Uganda and other territories in medical administration or, if they possess higher qualifications and suitable experience, in specialist posts.

Quarters provided at rents varying from £21 to £60 according to size and type, and hard furniture at a rate of £12 to £24 according to scale.

Free air passages for each journey are provided up to equivalent of four adult tourist class air fares for officer, wife and dependent children. If in the interest of Government an officer is required to proceed on leave after a short tour of 15 to 18 months, there is no limit to the number of family passages.

Taxation at East African rates, generous home leave granted after each tour, in addition to which casual local leave is allowed at the rate of 16 days per annum. Primary education facilities available in all the larger stations. Education subsidies are payable to officers, which vary from £90 a year (or half the school fees, whichever is less) for primary education for first child, to £190 a year (or three-fifths of school fees, whichever is less) for secondary education for each of second and subsequent children.

Application forms obtainable from Director of Recruitment, Colonial Office, London, S.W.1 (quoting BCD 117/9/02). (4902)

**PRINCESS MARGARET HOSPITAL FOR
CHILDREN, Perth, Western Australia****Applications are invited for the post of
SENIOR HOSPITAL MEDICAL OR SURGICAL
OFFICER**

Salary £A.2,562 per annum (subject to cost-of-living variation). Accommodation available for single persons at £A.154 per annum. Term of appointment is for three years, with travelling allowances available in return for a minimum of two years' service. Applicants must have had suitable previous experience and hold a higher qualification. Applications, in writing (airmail), which close on November 18, 1957, should detail personal particulars, qualifications, and experience to date, and include the names of two referees.—J. D. Clarkson, Manager. (7513)

REGIONAL MEDICAL HEALTH OFFICERS

required by

SASKATCHEWAN DEPT. OF PUBLIC HEALTH

Salary range \$771 to \$924 per month. Requirements: Graduation from an approved school of medicine and some medical and administrative experience. Diploma or Master's degree in Public Health desirable but not essential. To do professional medical and administrative work as Medical Health Officers in organized health regions, with populations of approximately 50,000, and to develop regional preventive health services and a general public health programme. Benefits: Three weeks' holiday and three weeks' accumulative sick leave annually with pay, generous pension plan, and opportunity for assisted postgraduate training. Applications: Forms and further information available at Public Service Commission, Legislative Building, and Department of Public Health, Provincial Health Building, Regina, Saskatchewan, Canada. Applicants should refer to file 5024. (7305)

ROYAL PERTH HOSPITAL, Western Australia**ACTING DEPUTY MEDICAL
SUPERINTENDENT**

Applications are invited from legally qualified medical practitioners for the full-time post of Acting Deputy Medical Superintendent at the Shenton Park Annexe of this hospital. Salary: £A.2,132 per annum. Royal Perth Hospital is the main Teaching Hospital associated with the University of Western Australia, and its Annexe is situated at Shenton Park, approximately two miles from the main hospital. The Annexe has a capacity of approximately 128 beds and treats a wide range of medical, surgical and orthopaedic cases. It is the centre of a well-developed Paraplegic Unit. The hospital is prepared to pay a minimum single first-class fare on the condition that the appointee remains with the hospital for a period of not less than twelve months. In addition to all relevant personal details, applications must include particulars of experience, qualifications, publications, the names of two referees, and be addressed to the undersigned not later than November 30, 1957.—Joseph Griffith, Administrator. (6978)

UNIVERSITY COLLEGE HOSPITAL, Ibadan**SENIOR REGISTRAR—Department of Surgery**

The Board of Management invite applications from medical practitioners with the requisite post-graduate experience and qualifications for the above post in the newly completed hospital. The salary offered for the post is £1,428, rising by three annual increments to £1,596 per annum, plus an inducement addition, payable to an expatriate doctor, of £300 per annum. A candidate must hold the F.R.C.S. and have had sufficient experience to enable him to deputize for the Consultant. There is plenty of scope for operative experience. Senior Registrars, in rotation, supervise the Casualty Department in conjunction with in-patient traumatic work, which is very heavy. The successful candidate will be expected to assume duty about January 1, 1958. The appointment will be initially for one tour of 12 months and will be renewable by mutual agreement for a further tour of 12 months. On satisfactory completion of the agreement a gratuity of £37 10s. will be paid for each completed term of three months' service. An outfit allowance of £60 is payable on first appointment. Partly furnished quarters are provided at a rental of 84% of salary, excluding inducement allowance, and the officer appointed will be eligible for seven days' leave on full pay for each completed month of service in Nigeria. Free first-class passages are provided for expatriate doctors and their wives on first appointment and on completion of the agreement. Free first-class passages to Nigeria will, in certain circumstances, be provided for non-expatriate doctors. Free first-class passages will be provided for vacation leave. Candidates will be eligible for children's allowances in accordance with existing regulations. Arrangements can be made to enable doctors to continue their N.H.S. Superannuation Scheme contributions, and details of the revised salary and gratuity payable in such cases will accompany application forms. Applications should be submitted not later than November 2, 1957, on the appropriate forms, which will be forwarded, together with additional information, on receipt of an addressed foolscap envelope by the Adviser on Staff Recruitment, London Office, University College Hospital, Ibadan, 57, Catherine Place, Palace Street, London, S.W.1. (7425)

UNIVERSITY COLLEGE HOSPITAL, Ibadan**PRE-REGISTRATION HOUSE OFFICERS
POST-REGISTRATION HOUSE OFFICERS**

The Board of Management invites applications from Nigerian graduates for vacancies, on February 1, 1958, for House Officers in the newly completed Teaching Hospital. Pre-registration candidates must be provisionally registered medical practitioners, and should be prepared to serve in any of the following departments: Medicine, Surgery, Obstetrics and Paediatrics. Post-registration candidates must be fully registered medical practitioners, and should be prepared to serve in any of the following departments: Medicine, Surgery, Obstetrics, Paediatrics, Anaesthetics and General Out-patients. The appointments will be for one tour of 12 months, six months to be spent in each of two departments, as far as possible, in accordance with the candidate's preference. The salaries offered for the posts are: Pre-registration House Officer, £660 per annum; Post-registration House Officer, £972 per annum. In addition, a Post-registration House Officer will receive a gratuity, on satisfactory completion of contract, of £25 for each completed term of three months' service. An outfit allowance of £60 is payable on first appointment. Partly furnished quarters are provided at a rental of 84% of salary. Leave is granted at the rate of five days for each completed month of service. Free first-class passages to Nigeria will be arranged, if not provided by any other authority. Applications should be submitted to the Adviser on Staff Recruitment, London Office, University College Hospital, Ibadan, 57, Catherine Place, Palace Street, London, S.W.1, not later than November 2, 1957, from whom the appropriate forms and additional information can be obtained. (7426)

UNIVERSITY AND RESEARCH**APPOINTMENTS, etc.****BRITISH POSTGRADUATE MEDICAL
FEDERATION
University of London****POSTGRADUATE TRAVELLING FELLOWSHIPS**

The Governing Body of the British Postgraduate Medical Federation invites applications from registered medical or dental practitioners for a limited number of Postgraduate Travelling Fellowships. The aim of the Fellowships is to enable graduates who are in the course of training as specialists in one of the pre-clinical or clinical branches of medicine, surgery or dentistry, to obtain experience of the methods of practice, education and research at universities or other centres in the United Kingdom and abroad. Candidates must be British subjects who are holding an appointment at one of the undergraduate or postgraduate teaching hospitals or medical or dental schools or postgraduate institutes of the University of London. The Fellowships will normally be tenable for one year, and the successful candidates will be expected to commence work in September or October, 1958. The value of the Fellowships is not less than £750 per annum and, in addition, allowances are paid for study abroad, for dependants in the case of married Fellows, and for travelling. Applications must be submitted before November 30, 1957, and further information and application forms may be obtained from the Assistant Director, British Postgraduate Medical Federation, Central Office, 18, Guilford Street, London, W.C.1. (7427)

Readers frequently desire to refer to advertisements concerning appliances, preparations, etc., which have appeared in earlier issues of the *Journal*.

The Advertisement Director can supply particulars at any time.

In dealing with written inquiries, especially from overseas, correspondents are, wherever possible, put in direct contact with the advertisers in whose products they are interested.

Write: Advertisement Director,
British Medical Journal,
B.M.A. House,
Tavistock Square,
London, W.C.1.
