for the overweight patient in whom apathy and lethargy are predominant

Dexedrine Spansule

for the overweight patient in whom anxiety and tension are predominant

Drinamyl Spansule

Smith Kline & French Laboratories Ltd Coldharbour Lane, London SE5

Each 'Dexedrine Spansule' contains 10 or 15 mg. 'Dexedrine' (dexamphetamine sulphate BPC) according to strength.

Each strength No. 1 'Drinamyl Spansule' contains 10 mg. 'Dexedrine' and 65 mg. (gr. 1) amylobarbitone.

Each strength No. 2 'Drinamyl Spansule' contains 15 mg. 'Dexedrine' and 97 mg. (gr. 1½) amylobarbitone.

'Dexedrine', 'Drinamyl' & 'Spansule' are trade marks. *Brit. Pat. Nos. 715305 and 742007

Is she suitable for oral diabetic treatment?

Many diabetic patients have now been stabilized on Rastinon tablets and inevitably other diabetics are wondering if they, too, can look forward to "treatment without injections." It has been estimated that about a quarter of all diabetics at present taking insulin in one clinic in Great Britain could be well controlled on Rastinon instead. (Lancet, 1957, 2, 125)

SELECTION AND STABILIZATION

The suitability of a patient can readily be determined in the diabetic clinic where selection and stabilization are easily carried out. For those patients found to be suitable, Rastinon tablets provide a safe and effective form of therapy. No cases of proven dys-haemopoiesis or other serious side-

effects due to the drug have been reported.

A SIMPLE AND ECONOMICAL TREATMENT

From 1 to 4 tablets a day are normally all that is required in suitable

patients to replace the insulin. The usual regime of urine examination and dietary control remains necessary. The basic price to the National Health Service as dispensed from a 500 tablet bottle is 2.97d. per tablet.

PACKS

Bottles of 100 and 500 tablets. Each tablet contains 0.5G of N-Butyl-N'-toluene-p-sulphonylurea (tolbutamide). Fuller information on selection and stabilization of patients, and references to the published work, on request. Rastinon tablets are made in England and are available in U.K. exclusively from:

PERSONAL ACCIDENT INSURANCE SCHEME

Death or Permanent Total Disablement resulting from accident

10s. per annum for each £1,000 unit

Maximum: 10 units per member = £5 premium: £10,000 cover

FULL COVER

UNIT
OF
BENEFIT

- | | | |
|---|---|--------|
| a | Accidental Death occurring within 52 weeks of date of accident | £1,000 |
| b | Loss of limbs or sight, or loss of one limb and sight in one eye, as a result of accident | £1,000 |
| c | Permanent total disablement (as definition below) as a result of accident other than as stated in (b) above | £1,000 |

FATAL ACCIDENT COVER ONLY

7s. per unit per annum

Maximum: 10 units. £3 10s. premium: £10,000 cover

INCOME TAX The portion of the premium applicable to the fatal accident cover, i.e. 7s. per unit, will, subject to statutory limitations, rank for tax relief. £3 10s. of the total £5 premium for the maximum £10,000 of full cover will thus qualify.

DEFINITION Permanent Total Disablement shall mean a disablement, except for disablement under (b), which for 52 consecutive weeks totally prevents an insured member from following any occupation as a registered medical practitioner within the medical profession, and is thereafter declared to be permanent.

N.B.—If necessary a medical referee appointed by the B.M.A. will decide whether or not a disablement is permanent.

AGE LIMIT Participation in the scheme will cease at renewal date following the 70th birthday.

PLEASE COMPLETE AND DETACH

B.M.A. PERSONAL ACCIDENT INSURANCE SCHEME . . .

The Council of the British Medical Association has become increasingly aware of the need of its members for suitable provision against the risk of accidental death or permanent total disablement arising from accident, which would prevent them from carrying on their profession.

Apart from the normal hazards, especially those involved in the extensive use of motor cars, many practitioners have suffered as the result of exceptional risks necessarily incurred in the course of their duties.

Acting on the instructions of Council, the Medical Insurance Agency has negotiated for the B.M.A., solely on behalf of its members home and overseas, a policy of insurance at an exceptionally low premium, which is notably free from restrictions and operates world-wide. This has only been achieved in the confident expectation of full support for the Scheme.

Death or Permanent Total Disablement

resulting from accident

£5 premium: £10,000 cover

for the maximum 10 units per member—Separate units 10s. each

Fatal Accident Only

£3.10s. premium: £10,000 cover

for the maximum 10 units per member—Separate units 7s. each

Immediate cover is available under this Scheme from any month in 1958 until December 31, 1959, at the proportionate premiums shown below:

For expiry on December 31, 1959		
Month of Joining	PER UNIT	
	Full Cover	Fatal Accident Only
July 1958	15s.	} 10s.
August ..	14s.	
September ..	13s.	} 9s.
October ..	12s.	
November ..	11s.	} 8s.
December ..	10s.	

Thereafter, the Scheme will operate from January 1 to December 31 each year to coincide with the B.M.A. membership year, but, subsequently, applications will be accepted at any time at proportionate rates to be quoted.

Attention is drawn to the full details of the Scheme in the advertisement on the preceding page.

MEDICAL INSURANCE AGENCY, B.M.A. HOUSE, TAVISTOCK SQUARE, LONDON, W.C.1

In hay fever and perennial vasomotor rhinitis

PIRITON

- * is highly effective with a very small dosage
- * relieves symptoms in 10 to 30 minutes
- * does not cause drowsiness
- * is virtually without side-effects even after prolonged use
- * is suitable for administration to children
- * is available in a complete range of dosage forms

*For initial, supplementary
or routine therapy*

PIRITON TABLETS

Each tablet contains 4 mg. Piriton (chlorpheniramine) maleate. Bottles of 25 and 500 tablets.

For sustained relief PIRITON DUOLETS

Each Duolet contains 8 mg. Piriton (Chlorpheniramine) maleate; 4 mg. in the outer shell for immediate action and 4 mg. in the specially-coated inner-core, for delayed action. Bottles of 25 and 250 Duolets.

For emergencies

PIRITON INJECTION

Contains 10 mg. Piriton (Chlorpheniramine) maleate in 1 c.c. Boxes of 5 & 100 ampoules of 1 c.c.

MONPHYTOL
provides Relief and Healing
in
CHRONIC PARONYCHIA
and
TINEA PEDIS

With the introduction of Monphytol, Chronic Paronychia need no longer be regarded as a refractory condition.

The distressing inflammation of the fingernail bed soon subsides when MONPHYTOL is applied and in most cases complete resolution rapidly occurs. Continued application prevents re-infection until healing is achieved.

Monphytol is a colourless paint and being rapidly volatile, is not messy in use. A brush is provided, fitted to the cap, so that application is simple and convenient for both treatment and prophylaxis.

MONPHYTOL is an advance in the treatment of the more intractable dermatoses due to yeasts and fungi (dermatophytoses).

Indications

MONILIASIS (Yeasts), Chronic Paronychia,* Intertrigo, Erosio interdigitalis, * See Brit. Med. J. (1955), 2, 1623, for use of Monphytol in this condition.

TINEA (Fungi), Tinea Pedis, Tinea cruris, Tinea circinata, Tinea unguium.

Active constituents per 100 ml

Boric Acid B.P. 2 gm; Chlorbutol B.P. 3 gm; Methyl Salicylate B.P. 18 c.c.; Salicylic Acid B.P. 12 gm; Undecylenic Acid B.P. 5.5 c.c.

N.H.S. price 3/5 per bottle, with brush.
 Prescribable on Form E.C.10.

When food is intolerable . . .

The great charm which Lucozade holds for the invalid palate justifies its use in helping to maintain the level of the blood sugar. Particularly is this so in conditions where all ordinary foods and fluids may be vomited. General medical experience shows that Lucozade is of value wherever the oral administration of glucose is indicated.

Lucozade is supplied in 6 oz. and 26 oz. bottles. It is lightly carbonated with an attractive golden colour and a pleasant citrus flavour. It contains 23.5% w/v Liquid Glucose B.P., and its energy value is 21 Calories per fluid ounce.

LUCOZADE

UNIQUE BUFFERED THEOPHYLLINE SYRUP

Relief from the apprehension and acute distress of an asthmatic attack is provided by 'ENGLATE.' In almost all cases gastrointestinal disturbance is entirely absent. The combination of theophylline sodium with glycine permits full and effective therapeutic activity and by reducing gastric precipitation of theophylline enables larger doses to be prescribed.

A practical reference manual on contraception available free to all doctors

The Report of the Royal Commission on Population (1949) states:

"...there is nothing inherently wrong in the use of mechanical methods of contraception... public policy should be based on acceptance of voluntary parenthood and contraception."

These words give authoritative support to the use of conception control methods as a means of planning the size of the family.

MODERN CONTRACEPTIVE TECHNIQUE presents a concise and compact survey of methods commonly used. There are notes on methods which have medical approval, and also on others which are medically contra-indicated.

TO GET YOUR COPY

simply write "Modern Contraceptive Technique" and "Planned Families" on your letter-heading, and post it to the address below.

FOR THE USE OF PATIENTS

PLANNED FAMILIES contains an explanation of contraceptive techniques, written in non-technical terms. Any number of copies will be supplied to doctors for distribution to their patients.

HIGHEST TOLERATION

PRACTICAL
DOSAGE COMBINATIONS

SATISFACTORY
CLINICAL RESPONSE

These are the advantages of

Calcium B-PAS WANDER

and

B-Pasinah WANDER

(calcium B-PAS Wander plus isoniazid)

in the

Chemotherapy of Tuberculosis

B-PAS (Wander), 4-benzoylamino-2-hydroxybenzoic acid, first introduced by our Research Laboratories in 1948, is the drug of choice in regimens comprising PAS in concurrent therapy.

In the form of its calcium salt, it provides extended bacteriostatic levels, induces only minimal side-effects as compared with sodium PAS, and because of its high acceptability guarantees as far as possible that patients, particularly on domiciliary treatment, do take their medication.

Available in 3.5 g. envelopes and in 1 g. cachets; and as bulk powder.

'B-PASINAH' is available in two convenient forms:

Powders each containing
3.5 g. calcium B-PAS (Wander)
and 87.5 mg. isoniazid.

Cachets each containing
1 g. calcium B-PAS (Wander)
and 25 mg. isoniazid.

The NEW

5-SECOND

SALT'S DISPOSABLE ENEMA

New, hygienic, labour-saving, it spares the nurse and spares the patient.

Charged with 4 fluid ounces of solution, the SALT's disposable unit represents not only the simplest, quickest and most hygienic method of administering an enema, but the most positive. The pack is complete with nozzle and ready to give.

It is a matter of seconds to give a SALT's enema; compare this with the difficulties arising from preparing funnel, douche-can or syringe. Here instead is a simple and safe method requiring no preparation and no subsequent sterilisation.

A bowel action is induced, with the least discomfort to the patient, in 3 to 5 minutes; the distension and colic often caused by a conventional enema are eliminated.

To-day, a single-handed instillation, enabling complete control of the fluid injected, replaces what used to be a disagreeable task. The unit is subsequently discarded.

The SALT's enema unit eases the effects of the nursing staff shortage and this will be appreciated by those in charge of hospitals, nursing homes, sanatoria and by those who have the care of the elderly.

The efficiency of the "SALT's Disposable Enema" has been proved.

SPECIAL PRICES (net) FOR HOSPITALS and the MEDICAL AND NURSING PROFESSIONS
For orders of one dozen or less 32/- per doz. For orders of one gross or more 28/- per doz
Quotations for 5 gross and upwards gladly given.

Matrons who have not already received a free sample enema are invited to apply.

Trust Ostermilk to feed him

If breast feeding fails, you can turn to Ostermilk with the utmost confidence; for its purity, digestibility and nutritional excellence are vigilantly safeguarded by all the experience of Glaxo Laboratories.

Examining Ostermilk for the presence of bacteria, moulds, yeasts and other contaminants. She continues the tradition of stringent checking and counter checking, built up during Glaxo's fifty years experience as manufacturers of nutritional products.

The secret of Ostermilk's purity. Tests of all kinds—for taste, texture, composition and of course, purity—are carried out at every stage of Ostermilk production. This ensures that Ostermilk is completely sterile, completely safe.

OSTERMILK

No. 1. Fat modified: No. 2. Full cream; both containing added iron and vitamin D. Both in 16 oz. containers.

Into Ostermilk goes all the experience of Glaxo Laboratories

Gentle Reminder

Even the healthiest person suffers occasionally from alimentary disorders. If the trouble is of a minor nature - brought on, perhaps, by unwise diet - Andrews may well be the answer.

Andrews neutralizes stomach acids, stimulates bile flow. It assists elimination by introducing liquid into the bowel by osmosis. Used judiciously as a corrective to a faulty diet, Andrews encourages the body to perform its normal functions in a perfectly natural and gentle way.

APPROX. COMPOSITION

Acid Tart,	23 %
Sod. Bicarb.	23 %
Sucros	37 %
Mag. Sulph. Exsic.....	17 %

An 8 oz. tin for clinical trial will gladly be sent on request

Eq 15

NULACIN

provides milk-alkali drip therapy without a tube

Maintains continuous control of gastric acidity

Until a few years ago, maintained continuous control of gastric acidity was impossible without hospitalization and discomfort to the patient.

Then a unique treatment in the form of Nulacin tablets was evolved to achieve this desirable state—simply, effectively and without attendant disadvantages. In the ensuing period Nulacin therapy has been amply tried and proved by numerous clinical studies and by therapeutic use in many countries.

A Nulacin tablet placed in the mouth between the cheek and the gum dissolves slowly and releases its contained medicaments at a rate that gives continuous neutralization of the acid gastric juice. Nulacin accomplishes this without any danger of causing alkalosis or other side-effects. The results are comparable with those of intragastric milk-alkali drip therapy.

INDICATIONS: NULACIN tablets are indicated whenever neutralization of the acid gastric contents is required: in active and quiescent peptic ulcer, gastritis and other conditions of gastric hyperacidity.

Dosage: Beginning half-an-hour after food, a Nulacin tablet should be placed in the mouth between the cheek and the gum and allowed to dissolve.

During the stage of ulcer activity, up to three tablets an hour may be required. During quiescent periods, for prophylaxis in peptic ulcer and for the relief of discomfort due to gastric hyperacidity, the dose of Nulacin is one or two tablets between meals.

NULACIN tablets are not advertised to the public and have no B.P. equivalent. They may be prescribed on E.C.10. The dispensing unit of 25 tablets is free of purchase tax. (Basic price to N.H.S. . . . 2/-). Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrans and maltose, and incorporate magnesium trisilicate 3.5 grs.; magnesium oxide 2.0 grs.; calcium carbonate 2.0 grs.; magnesium carbonate 0.5 grs.; Ol. Menth. Pip. q.s.

GASTRIC ANALYSIS Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer.

GASTRIC ANALYSIS Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

... the ambulatory factor

**in elastic adhesive compression
treatment of leg ulcers.**

A successful end-result depends on efficient and comfortable bandaging of the limb, and also on ambulation.

Natural use of the legs prevents recurrence of oedema and prepares the tissues for normal healing.

Elastoplast *porous* adhesive elastic bandages provide the greatest degree of comfort possible with compression therapy; at the same time adequate porosity permits free evaporation of sweat.

The adhesive is not spread to the edges of the bandage. This means that the bandage will not ruck and make ridges to irritate the skin.

Devitalised skin is unusually sensitive under compression.

The fluffy edges of Elastoplast bandages prevent trauma.

Nylastik

NYLON ELASTIC YARN
Lightweight STOCKINGS

For the woman patient :

**SUPPORT WITH LIGHTNESS.....
FULL-FOOTED. UNDETECTED IN WEAR**

The new Nylastik stockings, now available on N.H.S., give a degree of support hitherto unobtainable in any lightweight elastic yarn hosiery.

Their introduction has led to a new conception of the lightness and aesthetic appearance which can be successfully combined with efficient compression and durability.

In cases of early varices for which elastic hosiery is prescribed, Nylastik stockings are notably successful. They are particularly suitable for pre-natal wear. In many other cases, even where there is a long-standing need of surgical hosiery, the support of Nylastik may prove entirely sufficient.

The patient gains the support that you wish her to have, yet is spared the embarrassment of revealing to others that she wears elastic stockings!

Prescribable on N.H.S.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally no less than two years after registration as a medical practitioner and held normally for two years: £935 per annum in the first year; £1,061 10s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally no less than four years after registration as a medical practitioner and held normally for four years: £1,210 per annum in the first year; £1,320 per annum in the second year; £1,430 per annum in the third year; £1,540 per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners**: £467 10s. per annum for the first post held; £522 10s. per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £522 10s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) **Fully registered medical practitioners**: £577 10s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £819 10s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £852 10s. by £55 to £1,182 10s. per annum. If the post is resident a deduction of £170 per annum is made.

Warley Hospital, Brentwood, Essex

FULL-TIME CONSULTANT PSYCHIATRIST
Duties will include out-patient clinics. Modern house available. Applications (five copies), and names of three referees, should reach the Secretary, 11a, Portland Place, London, W.1, by Saturday, August 16, 1958. (6694)

TASMANIA**Department of Health Services****PSYCHIATRISTS**

Applications are invited for two (2) posts of whole-time employed Psychiatrists attached to the Department of Health Services.

Each application should be accompanied by two recent testimonials and the names of two referees. Qualifications: Applicants must possess medical qualifications registrable with the Medical Council of Tasmania, and preference will be given to applicants holding the D.P.M. or equivalent qualification.

Duties: On appointment, the successful applicants will be seconded for duties at Lachlan Park Mental Hospital and will be responsible to the Director of Mental Health through the Medical Superintendent of the Hospital.

Nature of Appointments: The appointments are not made under the Public Service Act. Termination of appointment is subject to three months' notice by the appointee or the Director-General of Health Services. No private practice is permitted.

Salary: At the rate of £A3,000 per annum.

Accommodation: Furnished residences are available for both Psychiatrists on a rental basis.

Superannuation: Is available.
Leave: 28 days' annual recreational leave is granted.

Enquiries and applications should be lodged with the Official Secretary, Office of the Agent-General for Tasmania, 457, Strand, London. (6670)

NORTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD**CONSULTANT PSYCHIATRIST AND MEDICAL DIRECTOR**

nine half-days a week. Child Guidance Training Centre, 6, Osnaburgh Street, N.W.1 Centre may be visited by direct appointment. Application forms obtainable from, and returnable to, Secretary, North-West Metropolitan Regional Hospital Board, 11a, Portland Place, W.1, before August 27, 1958. (6913)

SHEFFIELD REGIONAL HOSPITAL BOARD

WHOLE-TIME CONSULTANT PSYCHIATRIST required, to be designated Medical Superintendent of Balderton Hospital, near Newark, a new hospital with 252 beds at present for all grades of mental defectives. Application forms and further details from Senior Administrative Medical Officer, Sheffield Regional Hospital Board, Old Fulwood Road, Sheffield. Forms to be returned by August 9, 1958. (6326)

DEPARTMENT OF HEALTH SERVICES Tasmania**APPOINTMENT OF PART-TIME PSYCHIATRIST, Hobart**

Applications for the above-mentioned appointment are invited from registered medical practitioners for appointment as Part-time Psychiatrist to the Department of Health Services in Hobart. Qualifications: At least a few years' experience in the practice of psychiatry is essential and the possession of a Diploma of Psychological Medicine is desirable.

The successful applicant will be required to devote five sessions per week (each of four hours) or the equivalent in Clinical Psychiatric work in Hobart for the Department of Health Services. The work will include work with both adults and children, the psychotic, neurotic, and mentally defective, and court and gaol psychiatry.

This appointment presents a unique opportunity to enable a Specialist in Psychiatry to establish himself in private specialist practice in Hobart, as there is at present no Psychiatrist practising privately.

The appointment will be for two years in the first instance. Salary is at the rate of £1,500 per annum. Four weeks' annual leave is granted.

Applications, stating qualifications, experience, and personal particulars, together with copies of three recent references, should be lodged with the undersigned.—The Official Secretary, Office of the Agent-General for Tasmania, 457, Strand, London. (6671)

BURY AND ROCHDALE HOSPITAL GROUPS**RESIDENT REGISTRAR IN PSYCHIATRY**

Post now vacant. Apply Group Secretary, Central Offices, Birch Hill Hospital, Rochdale. (6793)

GUY'S HOSPITAL, S.E.1

Applications are invited for the post of

SENIOR REGISTRAR

in the Department of Psychological Medicine, with duties chiefly in the Out-patient Department and the Child Psychiatry Clinic, commencing not later than October 1, 1958. Applicants should possess a higher qualification and have experience in child psychiatric work. Forms of application are obtainable from, and should be lodged with, the Superintendent, Guy's Hospital, London Bridge, S.E.1, not later than August 1, 1958. (6922)

NORTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD**PSYCHIATRIC REGISTRAR**

whole-time, required at Napsbury Hospital, nr. St. Albans, Herts, a large mental hospital with associated out-patients clinics. Some experience in psychiatry desirable. Single accommodation available or a house on the Hospital estate for a married person. Candidates may visit the hospital by direct appointment. Application forms obtainable from, and returnable to, Secretary, Napsbury Hospital Management Committee, Napsbury Hospital, nr. St. Albans, Herts, by August 20, 1958. (6799)

OXFORD REGIONAL HOSPITAL BOARD**REGISTRAR IN PSYCHIATRY**

to St. Crispin Hospital, Dunston, Northampton (1,100 beds). Single accommodation. Post vacant now. Good training facilities including E.E.G. Department and child guidance work. Applications, on forms obtainable from the Secretary, Registrar Committee, 43, Banbury Road, Oxford, should reach him by August 4. (6611)

SOUTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD

Graylingwell Hospital Management Committee, Chichester, Sussex

SENIOR REGISTRAR

Applications are invited for the appointment of Senior Registrar (whole-time) at the above hospital. Applicants should have had a wide psychiatric experience, and possession of the D.P.M. or its equivalent is essential. Graylingwell is a modern hospital with all forms of in-patient and out-patient treatment and has three active out-patient clinics. There are departments of research, neurology, psychology and social service, and there is a modern electroencephalographic unit. A house on the hospital estate may be available. Application forms, for which a stamped addressed envelope should be supplied, may be obtained from the Group Secretary, Graylingwell Hospital, Chichester, and six copies should be returned to him, duly completed, not later than 14 days after the appearance of this advertisement. (6838)

SOUTH-WESTERN REGIONAL HOSPITAL BOARD

Applications are invited for the appointment of

REGISTRAR IN PSYCHIATRY

The successful candidate will be based on the Bristol Mental Hospital Group (Barrow and Fishponds Hospitals, Bristol Neurosis Centre and Bristol Day Hospital). The appointment, which may be resident or non-resident, will be held for one year in the first instance and be renewable for a further year. The post offers excellent opportunities for special postgraduate experience in psychiatry and for research work for the preparation of a thesis for higher qualifications. There are departments of electroencephalography, experimental and applied psychology. There is a psychiatric library at Barrow Hospital. Study facilities are available for D.P.M. students. Applications, stating date of birth, qualifications and experience, together with the names and addresses of two referees, should be sent to the Secretary of the Regional Hospital Board, 27, Tyndalls Park Road, Bristol, 8, not later than July 31, 1958. (6823)

YORK, THE RETREAT

Applications are invited for the post of

REGISTRAR IN PSYCHIATRY

(Male or female). Facilities are available for attendance at the D.P.M. course at Leeds University. Accommodation for single person if required. Salary as in N.H.S. scale. Superannuation is transferable to and from the National Health Service. Applications, with names of two referees, should be sent to the Physician Superintendent, The Retreat, York, within two weeks of the appearance of this advertisement. (6782)

LANCASTER MOOR HOSPITAL, Lancaster (Regional Mental Hospital)**JUNIOR HOSPITAL MEDICAL OFFICER**

Applications are invited for the post of Resident Junior Hospital Medical Officer, male or female. Accommodation available for single or married candidates. The hospital serves North Lancashire and the Lake District, is recognized for the D.P.M., and all facilities will be given for taking this examination. All modern methods of investigation and treatment are carried out and opportunity will be given to successful candidates to attend out-patients and become acquainted with up-to-date psychological and E.E.G. investigations. The post is for an initial period of four years, but renewable if service is satisfactory. Apply to the Medical Superintendent, giving names of two referees, within two weeks of the appearance of this advertisement. (6870)

ROYAL EASTERN COUNTIES HOSPITAL Colchester, Essex

Applications are invited for the appointment of **JUNIOR HOSPITAL MEDICAL OFFICER** (male or female, resident or non-resident). This hospital admits mental defectives of both sexes and of all ages and grades. National Health Service salary scale. Excellent facilities exist for study. Applications, giving full details and with names of two referees, to the Group Secretary at Abbeygate House, Colchester. (6483)

STANLEY ROYD HOSPITAL, Wakefield

Applications invited for post of **JUNIOR HOSPITAL MEDICAL OFFICER (or SENIOR HOUSE OFFICER) IN PSYCHIATRY**. Accommodation available for a single person. Address written applications, giving full personal particulars, details of training, experience, etc., and two names and addresses for reference, to W. Bowring, Group Secretary, Pinderfields General Hospital, Wakefield. (6409)

MORGANNWG HOSPITAL, Bridgend

Applications are invited for the appointments of **ONE JUNIOR HOSPITAL MEDICAL OFFICER, and TWO SENIOR HOUSE OFFICERS**. These posts, which should be regarded as suitable for training purposes, offer wide experience in in-patient and outpatient psychiatry. In addition to extensive extramural work, Morgannwg Hospital has an admission rate of well over 1,000 patients per year. The several departments include those of Pathology, X-ray, Psychology, Electro-encephalography, etc. All possible encouragement will be provided for study for the D.P.M., for which this hospital is recognized. Accommodation for either single or married persons is available. Appointments are subject to "Terms and Condition of Service for Hospital Medical Staffs." In the case of the Junior Hospital Medical Officer the appointment will, in the first instance, be limited to three years. Applicants are required to give details of experience and the names of three referees to the Group Secretary, Morgannwg Hospital, Bridgend, within two weeks of the appearance of this advertisement. (6816)

ALL SAINTS' HOSPITAL, Birmingham, 18

SENIOR HOUSE OFFICER (Resident) required (male or female). The hospital is associated with Birmingham University for teaching of psychiatry. Training for Diploma in Psychological Medicine provided. Applications, stating age and qualifications, to the Medical Superintendent. (5978)
