

LIGHTENS ANAESTHESIA QUICKLY WITHOUT CAUSING CONVULSIONS

It has been shown experimentally, that in comparison with pentamethylenetetrazole (Leptazol) and Nikethamide, the activity ratio of Vandid is as follows: Vandid 15, Leptazol 4, Nikethamide 1. The administration of ten times the therapeutic paediatric dose without ill effect has been reported (Vide Wiener Klin. Wschr., 1952, 24, 432).

Vandid is indicated in the treatment of poisoning by barbiturates, coal gas, alcohol, and morphia; for the lightening or termination of barbiturate anaesthesia; for circulatory support in infectious fevers, pneumonia and influenza, and in neonatal cyanosis and asphyxia.

Literature and samples for clinical trial will be gladly sent on request.

PRESENTATION:

"SNAPULES" of 2 ml. and 5 ml. 5 per cent. solution. Boxes of 6 "Snapules."

ORAL SOLUTION—Dropper bottles containing 15 ml. of 5 per cent. solution (1 ml.=30 drops=0.05 g.).

TABLETS—Tubes of 20 and bottles of 250 tablets—each tablet containing 20 mg.

Prescribable on Form E.C.10

Rely on Rybar for Instant Relief

Ever increasing numbers of medical men are relying on Rybarvin Inhalant to combat broncho-spasm. The Ministry of Health have agreed to the prices of Rybar asthma inhalants.

RYBARVIN brings relief. Consistently, often spectacularly, attacks are cut short and their frequency lessened. Free from excess acid, non-irritant and non-habit-forming, it is an ideal inhalant for all asthmatics, young and old.

The esters of NICOTINIC, SALICYLIC and

p-AMINOBENZOIC acids

bring relief to cases of arthritis and rheumatism

For Transvasin is composed of the esters of nicotinic, salicylic and p-aminobenzoic acids. These esters readily pass the skin barrier in therapeutic quantities, and so enable an effective concentration of drugs to be built up where they are needed.*

Transvasin not only induces vasodilation of the skin with a superficial crythema, but also brings about a deep hyperacmia of the underlying tissues. It is non-irritant and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

Transvasin is available in 1 oz. tubes, basic N.H.S. price in the U.K. 2/6 plus P.T., and is not advertised to the public. It may be prescribed on Form E.C.10. Samples and literature will be gladly sent on application

Kiddies need no coaxing with this new form of Achromycin V

Here's an entirely new form of Achromycin V especially designed to simplify the control of infection in children and infants. Achromycin V Pediatric Drops Aqueous—delightfully flavoured with orange—make a particular appeal to the child who turns awkward when it's time to take his medicine.

The product contains Achromycin tetracycline with citric acid and sodium citrate for more rapid absorption and higher levels of the antibiotic in the blood.

Thus infection can be promptly controlled and the child's recovery accelerated. Accurate dosage can be measured drop by drop from the pliable plastic bottle (5 mg. of tetracycline per drop). The product can be given directly onto the tongue or added to water or fruit juice.

The most efficient oral penicillin available

POTASSIUM PENICILLIN V TABLETS

'Icipen' 300 presents penicillin V potassium salt – the most efficient oral penicillin available today. It is rapidly and reliably absorbed; therapeutic levels are attained in fifteen minutes and peak concentrations are reached within thirty minutes. Clinical results are comparable to those obtained with intramuscular penicillin G.

'Icipen' 300 is ideal for all infections due to penicillin sensitive organisms, including many conditions previously requiring injections of penicillin.

DOSAGE

The adult dose of 'Icipen' 300 is one tablet three or four times a day. Each scored tablet contains the equivalent of 300 mg. penicillin V as potassium salt.

PACKINGS

Containers of 12, 100 and 500 tablets. Basic N.H.S. cost of 12 tablets (from pack of 12) is 13/3d.

A pleasantly flavoured preparation, particularly suitable for children and elderly patients. Each teaspoonful (3.5 ml.) of prepared 'Icipen' Suspension contains 150 mg. penicillin V (as calcium salt).

DOSAGE

The adult dose is two teaspoonfuls three or four times a day.

Children should be given proportionately less.

PACKINGS

Bottles of 2 fl. oz. (when dispensed). Basic N.H.S. cost per bottle 16/10d.

Effective and safe treatment of Peptic Ulcer

Pro-Banthine

BRAND OF PROPANTHELINE BROMIDE

Pro-Banthīne is the standard anticholinergic drug which, in properly adjusted dosage, effectively suppresses gastric hypermotility, reduces the volume of gastric secretion and encourages healing of all types of peptic ulcer. By suppressing gastric motility a test dose will help to provide a clear X-ray picture for diagnosis.

ORALLY

Both PRO-BANTHĪNE (15 mg.) and PRO-BANTHĪNE with Phenobarbitone (15 mg. of each) are available in sugar-coated tablets in bottles of 40, 100 and 1,000 tablets.

PARENTERALLY

1 c.c. vials containing 30 mg. of PRO-BANTHĪNE as a dry, sterile powder for preparation of intramuscular or intravenous injections, are available in boxes of 6 and 25 vials.

REFRESHER COURSE FOR GENERAL PRACTITIONERS

Second Collection and
Third Collection with classified contents list to volumes 1, 2 and 3 Price 25s. each (by post-inland, 26s. 6d., overseas 26s.)

Price 25s. each (by post—inland, 26s. 6d., overseas 26s.)

Each book contains a collection of sixty Refresher Course articles from the British Medical Journal. Each article, written by an acknowledged expert, has been revised by its author. The articles cover a wide range. Their object is to refresh the reader's memory of what is old and well-established and to tell him about new developments. They are invaluable to general practitioners and residents as practical reference books, to specialists as a means of keeping in touch with developments outside their own field, and to final-year students as up-to-date and reliable text-books.

The Third Collection has a cumulative classified contents list to the three volumes of "Refresher Course for General Practitioners."

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they

Canvassing in any form will disqualify.

*SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF Registrar Grades, Whole-time

(a) REGISTRAR: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £935 per annum in the first year; £1,061 10s, per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) SENIOR REGISTRAR: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years; £1,210 per annum in the first year; £1,320 per annum in the second year; £1,430 per annum in the third year; £1,540 per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(a) HOUSE OFFICERS:

(i) Provisionally registered medical practitioners: £467 10s. per annum for the first post held; £522 10s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £522 10s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff. (ii) Fully registered medical practitioners: £577 10s. per annum for any post held;

provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) SENIOR HOUSE OFFICER: Posts obtained by fully registered medical practitioners, and held normally for one year only: £819 10s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) JUNIOR HOSPITAL MEDICAL OFFICER: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £852 10s. by £55 to £1,182 10s. per annum. If the post is resident a deduction of £170 per annum is made.

ABSTRACTS OF WORLD MEDICINE

Each monthly issue contains abstracts of articles selected for their importance from over 1,600 medical periodicals published throughout the world. Abstracts of World Medicine covers the whole field of medicine and brings together from widely scattered sources the most recent contributions to medical progress, abstracted fully enough to indicate their nature and value to the general reader and to enable the specialist to assess their importance in relation to his own work. Abstracts of World Medicine provides a guide to the literature in languages with which the reader is unfamiliar and a means of keeping abreast of developments in all branches of medicine.

Annual Subscription (12 issues) £4 4s. U.S.A. and Canada \$13.50
