"Cutting

the lines of communication"

in psychosomatic

(stress or functional)

disorders

Bellergal Retard blocks the passage of excessive stimuli from psyche to soma via the autonomic nervous system.

Bellergal Retard

BY

SANDOZ

**1 tablet
night and morning
for
continuous control**

0.2 mg. total alkaloids of belladonna
0.6 mg. Ergotamine Tartrate B.P.
40 mg. Phenobarbitone B.P.

Ergotamine and belladonna suppress the peripheral effects of overstimulation of both sympathetic and parasympathetic divisions. At the same time central sedation with phenobarbitone renders the patient less reactive to mental and emotional stimuli.

Bellergal Retard acts at different levels (central and peripheral) to control the somatic manifestations of mental and emotional stress.

Bellergal Retard "cuts the lines of communication" between psyche and soma in psychosomatic disorders.

Announcing

an outstanding development in
the prophylaxis and treatment of
infections of the mouth and throat

Strepsils

unique formulation containing
DYBENAL—a powerful new antiseptic
developed in the research laboratories
of Boots Pure Drug Company Limited

The announcement of STREPSILS antiseptic lozenges marks
a step forward in the treatment of mouth and throat
infections. In laboratory tests STREPSILS have been found
to be bactericidal to most of the common
pathogenic organisms within one minute.

STREPSILS are a unique formulation. Besides containing
the new compound Dybenal they are prepared with a
special aromatic base which soothes the irritated
mucous membranes and is slow to dissolve.

STREPSILS contain no antibiotics or local anaesthetics,
and are ideal for both children and adults.

VERY WIDE RANGE OF ACTIVITY

STREPSILS are effective against nearly all the common pathogens found in the mouth, including gram-positive and gram-negative bacteria and fungi.

HAVE RAPID BACTERICIDAL ACTION

Especially desirable feature in lozenges of this type.

HAVE PROLONGED EFFECT

STREPSILS are designed to dissolve in the mouth and thereby exert a prolonged effect.

ARE SOOTHING

The special aromatic base of STREPSILS soothes the irritated and inflamed membranes.

ARE NON-TOXIC

The toxicity of Dybenal is very low. STREPSILS are perfectly safe for both children and adults.

ARE NON-SENSITISING

STREPSILS do not have the sensitising potential of preparations containing antibiotics and/or local anaesthetics.

Composition and pack Each lozenge contains 1.2 mg. of Dybenal (2:4-dichlorobenzyl) and 0.6 mg. of Amyl-meta-cresol. STREPSILS are supplied in vacuum tins, each tin containing 24 individually-wrapped lozenges. Basic N.H.S. Price 1/9½ per tin.

Detailed literature is available on request.

Nottingham, England**

TAPING YOUR OWN MEDICINE

No one could blame you for feeling that the phrase 'a full life' ought to mean other than thirty people coughing in your waiting room and a long list of calls to be made as soon as they've gone. The dedicated life has disadvantages.

Don't you for instance sometimes think how good it would be to tick a concert that interests you in the Radio Times and then actually hear it? Or wish that you might sit with your feet up and hear a sports commentary all through—and at a time convenient to the peculiar hours your profession requires you to keep?

A Grundig tape recorder would enable you to do either of those things—and a lot more beside. It provides a source of entertainment quite independent of normal listening times. Acting, as it were, as a sort of locum for listening it soon builds an excellent and highly individual library of music or drama or whatever your choice may be. And it does so at far less cost than you could achieve it—

if you could achieve it—in any other way.

Professionally, you'll find it equally accommodating. All incoming telephone calls can be accurately recorded in your absence or it will serve as a dictating machine to handle your correspondence. It can even be used to record notes and case histories and reduce your paper work. A tape, by the way, will record for two or three hours and can be stored for replay as frequently as you wish or erased and used again many thousands of times.

SATISFACTORY
CLINICAL RESPONSE

These are the advantages of

Calcium B-PAS WANDER

and

B-Pasinah WANDER

(calcium B-PAS Wander plus isoniazid)

in the

Chemotherapy of Tuberculosis

B-PAS (Wander), 4-benzoylamino-2-hydroxybenzoic acid, first introduced by our Research Laboratories in 1948, is the drug of choice in regimens comprising PAS in concurrent therapy.

In the form of its calcium salt, it provides extended bacteriostatic levels, induces only minimal side-effects as compared with sodium PAS, and because of its high acceptability guarantees as far as possible that patients, particularly on domiciliary treatment, do take their medication.

Available in 3.5 g. envelopes and in 1 g. cachets; and as bulk powder.

'**B-PASINAH**' is available in two convenient forms:

Powders each containing
3.5 g. calcium B-PAS (Wander)
and 87.5 mg. isoniazid.

Cachets each containing
1 g. calcium B-PAS (Wander)
and 25 mg. isoniazid.

...and that's why I changed to Ledercort

Ledercort . . . isn't that the new corticosteroid that's said to overcome the major deterrents to steroid therapy?

So they claim . . . and rightly from my experience. I took Lederle's word for it — I usually do — and put Ledercort to the test. The increased potency certainly brought a greater clinical response.

All very fine, but what about side effects?

Just as they say. Ledercort causes no oedema, no hypertension, no psychosis, no weight gain, no potassium depletion.

Any reduction in dosage?

Yes, quite an appreciable reduction . . . and there's less risk of other side-effects such as peptic ulcer, osteoporosis, epigastric distress and so on.

*Obviously, **Ledercort**^{*}
is a name to remember.*

Effective Penetration of the Intact Skin

Vascutonex Cream

**A TOPICAL SALICYLATE THERAPY WHICH
INCORPORATES TWO ESSENTIAL FACTORS**

**Effective skin
penetration**

**Effective absorption
into lipid tissue**

The first factor is provided by diethylamine salicylate, which has been shown to have an absorption rate 300–500 times greater than methyl salicylate.*

The second factor is glycol salicylate, the slow release of which from fatty tissue prolongs the action of the quicker acting diethylamine salicylate.

The local effect of these salicylates is to begin their therapeutic action at the site of the lesion. By plain inunction, about 80% of the salicylate content of the cream is taken up into the body and about 60% is excreted in the urine.

VASCUTONEX is non-staining, odourless, and contains no counter-irritants — its therapeutic action depending entirely on the effective absorption and anti-rheumatic action of the salicylates in the formula.

INDICATIONS: Fibrositis and pain associated with muscular and articular rheumatism and all soft tissue pain.

* *Comptes rend. Soc. de Biol.*, 1948, 142, 819.

Formula

Glycol Salicylate . . . 10% w/w

Diethylamine Salicylate . . . 10% w/w

in a water miscible base.

Pack: 30 gramme tube.

from
the very
first dose —

a rapidly
decisive therapy

From the very first dose, 'V-Cil-K' brand penicillin V potassium provides intensive and rapidly decisive therapy. Effective levels are attained in 15 minutes and peak levels within 30 minutes—higher than those given by any other form of oral penicillin. The average dose is one 125 mg. tablet four times daily—a simple regimen that saves the physician's time and spares the patient discomfort of injection. 'V-Cil-K' is highly effective from the first dose and inexpensive to the last. The cost is the same as that of penicillin V. It is available as tablets of 60 mg., 125 mg. and 250 mg.

*For your thin, underweight
and malnourished patients the basis of*

putting on weight

in a safe and unobjectionable way...

and without drugs is to provide an attractive, readily assimilable dietary supplement of high calorie value. Wate-on does this by incorporating large amounts of a vegetable oil which is rich in readily assimilable, highly unsaturated fatty acids, and glucose which is the most easily assimilated type of carbohydrate. The physiological advantages of these two materials have been firmly established by medical research.

Wate-on is also rich in lecithin which, in addition to its basic calorie value, is also of high physiological value.

Wate-on is further supplemented by the more important vitamins and minerals.

FORMULA

<i>Each ounce of WATE-ON contains</i>		Vitamin B ₂ Riboflavin	1.0 mg.
Corn (Maize) Oil	33.0%	Vitamin B-1	0.4 mg.
Glucose	16.5%	Calcium Pantothenate.....	0.4 mg.
Lecithin	11.0%	Vitamin B-6	0.03 mg.
Iron (as ferrous gluconate).....	3.2 mg.	Vitamin D-2	100 I.U.
Nicotinamide	2.0 mg.	Vitamin B-12.....	4.2 mc.g.

Wate-on is a homogenized fat emulsion, which means that it is in a very easily assimilable physical condition. To sum up, Wate-on is based on the latest results of medical research. Clinical trials have shown that with both ordinary and post-operative patients the regular ingestion of Wate-on was followed not only by gain in weight but also the general health was improved. No side effects were reported.

Faster healing of Varicose ulcers and other infected skin lesions

The notorious resistance of Varicose Ulcers to topical treatment can be overcome by the combined proteolytic and antibiotic action of TRYPTAR Ointment in removing tissue debris and reducing bacterial infection.

The cleansing action of the mutually synergistic enzymes Trypsin and Chymotrypsin, which are virtually non-sensitizing and without antigenicity, clears the way for the wide spectrum cover of the two topical antibiotics, Bacitracin and Polymixin, and promotes faster and final healing.

TRYPTAR Ointment provides valuable therapy for any breach of skin surface.

Promotes and speeds healing

Reduces inflammation

Prevents and combats oedema and infection

Softens crusts

Improves local circulation

Each Gram contains —

Trypsin 5000 Armour Units
Chymotrypsin 5000 Armour Units
Bacitracin 500 Units
Polymixin B. Sulphate 5000 Units
in a special hydrophilic ointment base.

— Tubes of ½ oz. (14.2 G.) —

**NOW the diuretic
is 'SALURIC'**

"La Femme
Hydropique" (The
Dropsical Woman)
by Gerard Dou,
painted in 1665.
The original hangs
in The Louvre.

*Reproduced with
acknowledgement
to Archives
Photographiques, Paris*

Dropsy is a single sign but the causes are multiple.

When oedema is present, whatever the cause,

'SALURIC' is the diuretic of choice. 'SALURIC' orally,

replaces mersalyl and all other diuretics.

SALURIC (*Chlorothiazide*)

Chlorothiazide was discovered and developed in the Merck Sharp & Dohme Research Laboratories and is manufactured in England exclusively by the Merck Sharp & Dohme Organisation.

Full information is available on request.

How supplied: 'SALURIC' (Chlorothiazide) is supplied in 0.5 G. half-scored tablets in bottles of 100 and 500. The United Kingdom N.H.S. basic cost of an average week's treatment for a patient on maintenance therapy is 3/9d.

'Saluric' is a Regd. Trade Mark.

MERCK SHARP & DOHME LIMITED, HODDESDON, HERTFORDSHIRE

How to prescribe for Lastonet: The words "Elastic Net Stockings" must be written on the E.C.10 to obtain Lastonet stockings for supply under the National Health Service. The quantity required and whether thigh or knee length should also be included. (The chemist will give your patients a measurement form. This ensures that stockings will be made by Lastonet to their individual requirements and will fit perfectly.)

*** Now available in a
NEW LIGHT-RESISTANT RUBBER**

A new light-resistant rubber now used in the make-up of Lastonet elastic net largely prevents the deterioration normally occurring when rubber is exposed to light.

**Most economical form
of surgical stocking**

Low initial cost and long life makes Lastonet the most economical form of surgical stocking you can prescribe.

MEDICAL DEPARTMENT

THE BRITISH DRUG HOUSES LTD. LONDON N.1

A practical reference manual on contraception available free to all doctors

TO GET YOUR COPY
simply write "Modern Contraceptive Technique" and "Planned Families" on your letter-heading, and post it to the address below.

The Report of the Royal Commission on Population (1949) states:
"*... there is nothing inherently wrong in the use of mechanical methods of contraception... public policy should be based on acceptance of voluntary parenthood and contraception.*"

These words give authoritative support to the use of conception control methods as a means of planning the size of the family.

MODERN CONTRACEPTIVE TECHNIQUE presents a concise and compact survey of methods commonly used. There are notes on methods which have medical approval, and also on others which are medically contra-indicated.

FOR THE USE OF PATIENTS

PLANNED FAMILIES contains an explanation of contraceptive techniques, written in non-technical terms. Any number of copies will be supplied to doctors for distribution to their patients.

A new oral antiseptic in lozenge form

for local
treatment of
bucco-pharyngeal
infections

Iversal

a product of FBA

Indications

All infections of mouth and pharyngeal cavity—i.e., tonsillitis, Vincent's Angina, gingivitis, stomatitis, post-operatively in tooth extraction and tonsillectomies.

IVERSAL possesses a highly selective action against organisms especially β -hæmolytic streptococci and pneumococci and does not induce sensitization as may arise from treating mild oral infections with antibiotics or sulphonamides. *It contains no local anaesthetic.*

Each lozenge contains 10 mg. benzoquinone amidinohydrazone thiosemicarbazone hydrate.

Administration and Dosage

Usual recommendation: 1 lozenge 3-5 times daily, dissolved slowly in mouth, preferably after meals to avoid dilution by saliva. Particularly effective at night when salivation is markedly reduced during sleep.

IVERSAL has no action against coliform bacteria and therefore *cannot harm the intestinal flora.*

Literature gladly sent on request.

Sole distributors for Farbenfabriken Bayer A.G. Leverkusen, Germany, are Levmedic Ltd., 37/41 Bedford Row, London, W.C.1., to whom all communications should be addressed.

Aspirin sensitivity?

Panadol

is safe for everyone

Constipation, gastric irritation, allergy and other undesirable side effects may follow the use of analgesics based on the aspirin-codeine-phenacetin formula.

Panadol does not contain any of these substances but has the single active ingredient N-acetyl-p-aminophenol. It does not cause gastric irritation or constipation and may safely be given to patients with peptic ulcer and to those who are intolerant of other analgesics.

Medical literature is available on request.

Basic N.H.S. cost of continuous treatment (2 tabs. t.i.d.) for one week 3/5d.

Tablets: 0.5 G. N-acetyl-p-aminophenol, in cartons of 20, in bottles of 100 and 500, and in tins of 2,500

PANADOL is a registered trade mark

30 years of Progress in Milk Research

safeguard the progress of
Britain's bottle-fed babies.

During that time the Central Research Laboratory of the United Dairies—today the Commonwealth's largest privately-owned dairy laboratory—has pursued and augmented the Company's "clean milk" policy. Among many notable achievements has been the laboratory's contribution to the development of full cream evaporated milk, whose value in infant feeding, even with prematures and in difficult conditions such as coeliac disease and infantile eczema, is becoming ever more widely recognised by the medical and nursing professions.

Central Research Laboratories
of the United Dairies Group
of Companies

REGAL FULL CREAM EVAPORATED MILK FOR BABY FEEDING

FOR DIGESTIBILITY

Heat treatment results in a fine, soft curd; homogenisation reduces the fat globules thus exposing a greater area to the action of digestive enzymes.

STERILITY

Having been sterilised in the sealed tin, Regal Milk will remain bacteriologically pure indefinitely.

UNIFORMITY

Regal Milk is standardised to contain at all times of the year, not less than 31% total solids of which 9% is butter fat.

VITAMIN CONTENT

The addition of a concentrate of Vitamin D3 ensures 500 International Units per reconstituted quart.

"BRITISH MILK FOR BRITISH BABIES"

"What!
Me old fashioned?"

says OLD HETHERS

I may *look* a bit of an antique but when it comes to making barley water, my method is right up to date. None of that old pearl barley, stew-and-strain business for *me*: I use Robinson's 'patent' Barley. Why, sir, it is simplicity itself; just like making cocoa. A couple of minutes is all the time it takes—and time counts when there's an invalid to look after. Robinson's is economical too—a 1/7½d. pack makes forty-eight pints!

ROBINSON'S

'PATENT'

BARLEY

Only Nulacin provides intragastric milk-alkali drip therapy for the ambulatory patient

"In view of the ineffectiveness of most of the tableted antacids, the milk alkali tablet (Nulacin) would appear to be the antacid of choice for ambulatory therapy."

(Medical Times 1958, 1, 74)

Further information is available from:

HORLICKS LIMITED, PHARMACEUTICAL DIVISION, SLOUGH, BUCKS.

NULACIN TABLETS have been developed so that when allowed to dissolve slowly in the mouth, they give continuous milk-alkali drip therapy and provide a treatment of peptic ulcer and other conditions associated with hyperacidity. The effectiveness of Nulacin therapy has been established by clinical work in many countries. The following are a few references to the literature:

Antacids. The Practitioner, January 1957, 178: 43

Antacids in Peptic Ulcer. The Practitioner, January 1956, 176: 103

Recent Advances in the Ulcerative Diseases of the Gastrointestinal Tract. Amer. J. Gastro., December 1956, 26: 665

Ambulatory Continuous Drip Method in the Treatment of Peptic Ulcer. Amer. J. Dig. Dis., March 1955, 22: 67-71

Management of Peptic Ulceration in General Practice. Med. World, December 1954, 81: 591-601

Clinical Investigation into the Action of Antacids. The Practitioner, July 1954, 173: 46

Further Studies on the Reduction of Gastric Acidity. Brit. Med. J., 23rd January 1954, 1: 183-184

Control of Gastric Acidity by a New Way of Antacid Administration. J. Lab. & Clin. Med., 1953, 42: 955

The Effect on Gastric Acidity of "Nulacin" Tablets. Med. J. Aust., 28th November 1953, 2: 823-824

Nulacin tablets have no B.P. equivalent and have been classified in categories 3 & 4 by the Joint Committee on Prescribing. The basic N.H.S. price of the 25 tablet tube is 2/-.

For Skin Healing . . .

During and immediately after cases of dermatitis, scaly or parasitic skin diseases, the use of a cleansing disinfectant such as Wright's Liquor Carbonis Detergens is essential. Wright's, soothing in action, contains the unique antiseptic and healing qualities of coal tar.

WRIGHT'S LIQUOR CARBONIS DETERGENS and Skin Health

Wherever you are—in the Hospital, Surgery, visiting a patient, or in your own home, personal hygiene is safe when you remember to keep a tablet of Wright's Coal Tar Soap handy in your bag. Wright's has been used by the profession for over three quarters of a century—for your patients it is the best soap for personal cleanliness they could use.

★ For SUB-ACUTE and Chronic dermatoses
TAR + HYDROCORTISONE
 combined in
TARCORTIN
CREAM

have pronounced advantages over either medicament alone.

The established germicidal, stimulating and anti-pruritic properties of tar, in the treatment of sub-acute and refractory skin affections, can now be considerably enhanced by its incorporation with hydrocortisone.

*Clinical trials have shown that the two medicaments together exert a powerful synergistic action that is far more rapid, more pronounced and complete than the action of either alone. These two valuable therapeutic agents are presented in a non-greasy, stainless, hydrophilic cream, known as TARCORTIN.

*REFERENCES

*Hydrocortisone Ointments: Their Rational Use in Dermatology, Ohio M.J. 50:837-840 (Sept.) 1954; Further Observations on Hydrocortisone Ointments: Their Rational Use in Dermatology, ibid, 51:350-352 (April) 1955

TARCORTIN CREAM is supplied in 7 gm. and 15 gm. tubes, containing 0.5% Hydrocortisone in a special coal-tar extract. ★ Literature available on request.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent★testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £935 per annum in the first year; £1,061 10s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,210 per annum in the first year; £1,320 per annum in the second year; £1,430 per annum in the third year; £1,540 per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners*: £467 10s. per annum for the first post held; £522 10s. per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £522 10s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners*: £577 10s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £819 10s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £852 10s. by £55 to £1,182 10s. per annum. If the post is resident a deduction of £170 per annum is made.

AUCKLAND HOSPITAL BOARD, Auckland, New Zealand, and the UNIVERSITY OF OTAGO, Dunedin, New Zealand

The Auckland Hospital Board is establishing in conjunction with the University of Otago a full-time Medical Unit at the Auckland Hospital for clinical research purposes and for the teaching of the 6th year medical students. The Auckland Hospital Board and the University of Otago accordingly invite applications from suitably qualified medical practitioners for the position of

FULL-TIME PHYSICIAN-IN-CHARGE of the full-time Medical Unit, Auckland Hospital. Applicants must be qualified medical practitioners of the British Commonwealth, and the appointee shall be registered in New Zealand before taking up duty. It would be an advantage if applicants were members of a recognized College of Physicians of the British Commonwealth. In any case the successful applicant must have had extensive experience in the clinical and research side. Teaching ability is essential. Salary: The salary scale shall be that of either:

(i) A "Junior Specialist" as defined in the Hospital Employment (Medical Officers) Regulations, 1957. Scale: £(N.Z.)1,640 to £(N.Z.)1,940 or

(ii) A "Senior Specialist" as defined in the Hospital Employment (Medical Officers) Regulations, 1957. Scale: 2 (c) £(N.Z.)2,040 to £(N.Z.)2,340 or Scale 2 (b) £(N.Z.)2,340 to £(N.Z.)2,590.

The appropriate scale, the commencing rate and the maximum within the scale will be determined by the Medical Officers' Salaries Grading Committee, who will take into account the qualifications and experience of the appointee. The position is non-residential. Conditions of Appointment setting out details regarding the payment of fares for the successful applicant, together with explanatory memorandum and form of application, may be obtained from the Office of the High Commissioner for New Zealand, New Zealand House, 415, Strand, London, W.C.2. Applications close with the undersigned at the Office of the Board, Wellesley Street East, Auckland, C.I., New Zealand, at noon on Friday, October 10, 1958.—R. F. Galbraith, Secretary, Auckland Hospital Board. (9722)

DISTRICT AND BASE HOSPITAL
Mooroopna (Shepparton), Victoria, Australia
(250 beds, general)

The hospital is fully accredited by the Joint Commission on Hospital Accreditation. Transportation to St. John's will be paid by the hospital, and on completion of one year's service return passage will be provided. Applications, with full details, to be forwarded to Dr. E. Wilson, Superintendent, General Hospital, St. John's, Newfoundland, Canada. (9848)

GOVERNMENT OF THE EASTERN REGION OF NIGERIA

Applications invited from doctors with medical qualifications registrable in the United Kingdom for the following posts:

MEDICAL OFFICERS

for general medical duties in urban and rural areas. "R" practitioners, i.e., practitioners liable for call-up under the National Service Acts, may apply and, if appointed, will be granted indefinite deferment of call-up on completion of two tours of service each of 18-24 months.

MEDICAL OFFICERS OF HEALTH

for administration of environmental hygiene, maternal and child welfare, school health, health education and control of communicable diseases. Women eligible, and would be encouraged to concentrate on school health and welfare duties. At present emphasis is being placed on development of a school health service and on tuberculosis control. Officers may be required to visit rural areas around the township where their principal responsibility lies. Candidates must possess D.P.H.

Appointments on contract with gratuity (taxable) payable on completion of satisfactory engagement at rate of £37 10s. for each completed period of three months' service (including leave). Salary scale £1,344 to £2,118 a year for Medical Officers, and £1,530 to £2,118, plus £100 a year staff pay, for Medical Officers of Health. Starting point determined by age and experience. Quarters provided at rental of 8% of salary. Taxes at local rates. Local leave permissible, generous home leave after each tour. Free return passages for officer and wife; passage assistance of up to £450 per tour to bring officer's children to Nigeria or to allow officer's wife to be with them in United Kingdom. An additional allowance of £75 a year for each of up to two children domiciled in United Kingdom while parents are in Nigeria. Application forms from Director of Recruitment, Colonial Office, London, S.W.1 (quoting BCD 117/411/05). (9847)

GOVERNMENT OF SIERRA LEONE**MEDICAL OFFICERS**

With qualifications registrable in United Kingdom required for general duties in The Colony or Protectorate, either in charge of Hospital and medical district, or attached to field unit to control endemic diseases. Appointment may be: (a) On permanent basis with pension (non-contributory) at rate of 1/600th of final pensionable emoluments for each completed month of reckonable service. (b) From National Health Service, candidates retaining superannuation rights up to six years, and receiving a gratuity (taxable) of 20% of aggregate salary. (c) Short-term contract with gratuity (taxable) of 15% of aggregate gross salary, payable on satisfactory completion of engagement. Salary under (a) and (b) £1,248 to £2,046 a year, under (c) £1,346 to £2,221, commencing point fixed by qualifications and experience. Private practice may be allowed at discretion of Director of Medical Services. Quarters normally available at low rental. Outfit allowance on first appointment £60. Return passages for officer, wife, and up to three children under 18 years. Children's allowance (subject to maximum of three) of £48 a year (up to 7th birthday) and £96 a year (from 7th to 18th birthday) for children being educated outside Sierra Leone. Local leave permissible and generous home leave after each tour. Income tax at local rates. Application forms from Director of Recruitment, Colonial Office, London, S.W.1 (quoting BCD 117/15/02). (9834)

University and Research**Appointments, etc.—contd.****THE UNIVERSITY OF LEEDS****United Leeds Hospitals**

Applications are invited for appointment as **SENIOR REGISTRAR AND TUTOR IN SURGERY** at a salary on the scale £1,210 by £110 to £1,540 a year. Applications (three copies), stating date of birth, qualifications, details present and previous appointments (with dates), and experience of teaching, together with the names of three referees, should reach the Registrar, the University, Leeds, 2 (from whom further particulars may be obtained), not later than September 20, 1958. (9430)

THE UNIVERSITY OF MANCHESTER

Applications for the post of

LECTURER IN CARDIOLOGY

are invited from registered medical practitioners who hold the Membership of the Royal College of Physicians and who have completed their service as Senior Registrars or in equivalent posts. The duties involve systematic and clinical teaching in the subject with opportunities for research, and the person appointed will undertake at the Manchester Royal Infirmary such clinical duties as are allotted to him in the unit directed by the Director of the Department of Cardiology. The Board of Governors of the United Manchester Hospitals may be prepared to negotiate an honorary contract as Consultant with the person appointed. Salary on a scale rising to £2,150 per annum, initial salary according to qualifications and experience. Membership of the F.S.S.U. and children's allowance scheme in force. Applications should be sent, not later than September 27, 1958, to the Registrar, the University, Manchester, 13, from whom further particulars and forms of application may be obtained. (9697)

UNIVERSITY OF DURHAM**King's College, Newcastle upon Tyne
Department of Physiology**

The Council of King's College invite applications for the post of

**LECTURER OR DEMONSTRATOR IN
PHYSIOLOGY**

The Lecturer or Demonstrator will be concerned chiefly with Dental teaching, but may be asked to take part in the teaching of Medical and Science students. Applicants should have a medical or dental qualification or an honours degree in Physiology or Biochemistry. The grade and commencing salary will be determined on the basis of the qualifications and experience of the appointee. Appointments on the Demonstrator Grade are for one year in the first instance, but renewable up to a maximum of three years. The salary ranges are as follows: medical, £700 to £1,000; non-medical, under 26, £650 to £700; over 26, £700 to £750. There are annual increments of £100 for medical and £25 for non-medical demonstrators. The salary ranges on the Lecturer Grade are as follows: medical, £950 by £100 to £1,650; non-medical, £900 by £50 to £1,650. Twelve copies of application, together with the names of three persons to whom reference may be made, should be submitted not later than October 11, 1958, to the undersigned, from whom further particulars may be obtained.—G. R. Hanson, Registrar of King's College. (9729)

UNIVERSITY OF GLASGOW**LECTURESHIP IN BACTERIOLOGY
at Royal Infirmary**

Applications are invited for a Lectureship in Bacteriology at the Royal Infirmary, Glasgow. The Lecturer, who must have a medical qualification, will also be an Assistant Bacteriologist to the Infirmary. The appointment will be whole-time, and the stipend will be between £900 and £1,900. Initial salary will be fixed according to experience and qualifications. Applications (14 copies) should be lodged, not later than October 10, 1958, with the undersigned, from whom further particulars may be obtained.—Robt. T. Hutcheson, Secretary of University Court. (9866)

UNIVERSITY OF MANCHESTER**Faculty of Medicine**

In conjunction with the North-West England Faculty of the College of General Practitioners

COURSES FOR GENERAL PRACTITIONERS

- will be held as follows:
- (a) Refresher Course—on alternate Sunday mornings from 11 till 12, commencing on October 5 and concluding on December 14.
 - (b) Industrial Medicine—on alternate Tuesdays at 8.30 p.m., commencing on October 7 and concluding on December 2.

This course is designed to help General Practitioners in their day to day work. No attempt will be made to teach the practice of Industrial Medicine, though it is hoped the course may prove of interest to those General Practitioners who have appointments in Industry.

The lectures will be held in the Clinical Sciences Building, York Place, Manchester, 13, and details are available from the Dean of Postgraduate Medical Studies, The University, Manchester, 13. (9446)

For the elderly, invalid, or psychological case. Homelike comfort. Delightful grounds. Private rooms from 10 gns. Apply Resident Physician. Tel.: Twyford 53.

ST. ANDREW'S HOSPITAL, NORTHAMPTON
for Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt., Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK.—Two miles from the main hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods: insulin treatment is available for suitable cases. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet apparatus, and a department for Diathermy and High-frequency treatment. It also contains laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the Estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent, Telephone No.: Northampton 4354 (3 lines), who can be seen in London by appointment.

CHEADLE ROYAL, CHEADLE,
CHESHIRE (GATley 2231)

Medical Superintendent: W. V. Wadsworth, B.S., M.B., M.R.C.P., D.P.M.

This excellently appointed hospital receives all types of patients who are suffering from psychological and senile illness. The most modern psychiatric treatments are available. Special geriatric unit for mild senile patients.

Glan-y-Don Nursing Home, Colwyn Bay, is the seaside branch of Chedale Royal.

WOODSIDE NURSING HOME

Combe Down, Bath. Tel.: Combe Down 3227
Medical, Chronic and borderline cases received. Trained nurses day and night. Moderate fees.

New For non-productive cough

Tessalon Perles

Selective inhibition of the cough reflex

Tessalon has a unique mode of action as a cough depressant. It acts both by reducing the sensitivity of the pulmonary stretch receptors which form the starting point of a cough, and by depressing the transmission of afferent cough impulses.

Dose: One 100 mg. Perle (Capsule) 3 or 4 times daily swallowed whole. If necessary this dose may be doubled.
Packages: Perles containing 100 mg. nonaethylene-glycolmonomethylether-p-n-butylamino-benzoate in 25's, 100's, and 500's.

*The new complete treatment
for migraine—*

ORGRAINE

In a recent clinical article (J.A.M.A., 1957, 163, 1115) it was stated that in a series of 2,511 cases in which 28 agents were tested in the symptomatic treatment of migraine, ergotamine tartrate was proved to be the most useful drug—and 81% of the patients showed improvement when ergotamine tartrate and caffeine were compounded with belladonna alkaloids.

Orgraine applies the same successful principles of treatment.

Composition (per tablet)		Action
Ergotamine Tartrate B.P.	1.0 mg.	→ constricts dilated cerebral arteries.
Caffeine B.P.	100.0 mg.	→ potentiates ergotamine
Hyoscyamine Sulphate B.P.C. (194)	0.0875 mg.	→ alleviates nausea and vomiting
Atropine Sulphate B.P.	0.0125 mg.	
Phenacetin B.P.	130.0 mg.	→ relieves residual occipital pain

PACKS:

Tablets individually foil-stripped, in boxes of 10 and 100.
