## For SUB-ACUTE and Chronic dermatoses TAR + HYDROCORTISONE combined in

## TARCORTIN CREAM

have pronounced advantages over either medicament alone.

The established germicidal, stimulating and anti-pruritic properties of tar, in the treatment of sub-acute and refractory skin affections, can now be considerably enhanced by its incorporation with hydrocortisone.

\*Clinical trials have shown that the two medicaments together exert a powerful synergistic action that is far more rapid, more pronounced and complete than the action of either alone. These two valuable therapeutic agents are presented in a non-greasy, stainless, hydrophilic cream, known as TARCORTIN.

#### Migraine in Wonderland

The fantasies of altered body size and shape in Alice in Wonderland are like those experienced by some migraine patients. Disorders of body image may be found in migraine either as an aura to an attack or as a migrainous equivalent.

Lewis Carroll himself suffered from migraine,<sup>1</sup>
and it may well be that "Alice trod the paths and byways
of a Wonderland well known to her creator."

If that is so, English literature is the richer
for Mr. Carroll's migraine,<sup>2</sup>

Curiouser and curiouser...
to picture Alice's adventures (would she have had any?)
if Cafergot had been at hand
for Lewis Carroll's migraine...

### FOR ANTIRHEUMATIC THERAPY

## PABALATE°

(SODIUM FREE)

Assists arthritic patients to regain activity

In the *non-steroid* treatment of arthritis with sodium-free PABALATE, the concurrent use of salicylate and para-aminobenzoate provides a more pronounced and sustained therapeutic response than the use of salicylate alone in equivalent dosage.

FORMULA:

PABALATE—sodium-free

In each enteric coated tablet

Potassium Salicylate (5gr.)

0.3G.

Potassium para-aminobenzoate (5gr.) 0.3G.

Sodium-free PABALATE is also available as PABALATE® H.C. (with Hydrocortisone 2.5mg.)

This safe, economical, effective *steroid* therapy is exceptionally well tolerated and provides maximal antirheumatic effect with dependable safety over long or short periods.

PACKAGING: Bottles of 50 tablets

# RASTINON

THE
ORAL TREATMENT
OF DIABETES

# An advance in the therapy of diabetes

Rastinon tablets, developed by Farbwerke Hoechst AG., of Frankfurt/M., under the research No. D860, have now an established place in the therapy of diabetes mellitus. The large volume of clinical work and the number of papers published, reflect the world-wide interest in Rastinon. This work clearly shows that for the suitable patient Rastinon tablets provide a form of therapy which is

# Simple, safe, effective and economical

Rastinon is not a "sulphonamide drug," has no anti-bacterial action and does not produce crystalluria. No cases of dyshaemopoiesis or other serious side-effects have been reported among the many thousands of patients satisfactorily controlled for more than two years.

The suitability of a patient for treatment with Rastinon tablets is readily assessed in the diabetic clinic and once stabilised no difficulties have been experienced in controlling the patient. An acute intercurrent infection may necessitate a temporary return to insulin therapy.

#### DOSAGE

Once stabilised, from one to three tablets a day are normally all that is required to replace the insulin with its concomitant syringe, needles, swabs, and often nursing assistance as well. During the period of stabilistion it has been found that generally from four to eight tablets on the first day, three to six on the second and three to five on the third are sufficient.

The daily amount should be divided into two or three doses and taken during or after meals with a little fluid. Higher doses are not usually more effective and are not recommended as they may occasionally cause hypoglycaemic reactions. The normal regime of urine examination and dietary control remains necessary.

To lessen the possibility of the patient taking a tablet other than Rastinon in error, each tablet is engraved with the name Rastinon and the trade mark of the originators.

#### PACKS

Bottles of 100 and 500 tablets—each tablet contains 0.5 G. N-Butyl-N'-toluene-p-sulphonylurea (tolbutamide). The basic cost to the N.H.S. of a week's treatment is on average between 3/6d. and 5/3d.

#### INTRODUCING

Rapid adsorption of gastric hydrochloric acid is accepted as the most effective method of obtaining relief in peptic ulcer pain.

\* In two minutes a single teaspoonful (3.5 mls.) of DROXALIN GEL will neutralise 50 mls. of N/10 HC1. This is several times the speed of acid adsorbents prepared by usual methods.

#### DROXALIN GEL

Using the well established Droxalin formulation a new and exclusive manufacturing technique has produced in DROXALIN GEL an antacid possessing this significant increase in initial acid adsorption. The advantages of quicker acting DROXALIN GEL in peptic ulcer therapy and hyperacidity will be readily recognised. The palatability of Droxalin Tablets is achieved.

#### ACID ADSORBENT

Droxalin palatability in liquid form

#### ACTIVE INGREDIENTS

Each teaspoonful (3.5 mls.) contains 60 grains Aluminium Hydroxide Gel B.P. (equivalent to 5 grains Dried Aluminium Hydroxide Gel B.P.) and 5 grains Magnesium Trisilicate B.P.

#### DOSAGE

One or two teaspoonfuls one half-hour after meals. Repeat as necessary.

#### PACKS AND PRICE

DROXALIN GEL is available in 8 oz. and 80 oz. bottles. Prescribable on E.C.10. Basic N.H.S. cost. 1/10d per 6oz. bottle.

#### THE PROBLEM

To obtain high blood levels of theophylline easily

#### THE SOLUTION

Oral 'Theodrox'

THE RESULT
A full Therapeutic
response

- <sup>1</sup> Brit. med. J. (1957) 2: 67
- \* Ibid., page 74

. For oral aminophylline therapy to be fully effective it is necessary to give a dose sufficient to produce high blood theophylline levels. However, because of gastric irritation vomiting often results. Alternative therapy with enteric coated tablets or suppositories is unreliable, and parenteral aminophylline is inconvenient.

• The combination of dried aluminium hydroxide gel and aminophylline in 'Theodrox' ensures full therapeutic response with the minimum of gastric upset. Reproduceable blood levels comparable with those obtained from intramuscular injection can be obtained.

# THEODROX

Recent work<sup>1,2</sup> has shown that synthetic derivatives of theophylline are mostly unsatisfactory and all are more expensive.

Each 'Theodrox' tablet contains 3 grains aminophylline and 4 grains dried aluminium hydroxide gel.

'Theodrox' is also available combined with ½ grain phenobarbitone where a degree of sedation is also required.

DOSAGE

RIKER

**ASTHMA:**— two tablets, repeated in 2-3 hours if necessary to control paroxysm and dyspnæa. For prophylaxis, one tablet 4 times daily.

**DIURETIC:**— two tablets initially, then one or two tablets three times daily.

ANGINA PECTORIS:— four to eight tablets daily. In suitable cases 'Theodrox' with Phenobarbitone tablets can replace some or all of the 'Theodrox'.

PACKS:— Bottles of 25, 100 and 1,000 tablets.

Theodrox' (Brit. Pat. 727831) is a registered Trade Mark of

# ENAVID

FRAND OF NORELHYNODREL AND ETHYNYLOESTRADIOL 3-METHYL ETHER

# For the specific control of menstrual irregularities

ENAVID, containing the new Searle steroid norethynodrel, permits *specific* and usually complete *control* of the menstrual cycle on *oral* administration and thus provides effective therapy for most menstrual irregularities.

ENAVID has strong progestational and a lesser oestrogenic activity on the endometrium, which stimulates its development to a secretory phase. It also inhibits the secretion of gonadotropins by the anterior pituitary gland.

#### SEARLE

ENAVID is therefore recommended for:

- AMENORRHOEA (Primary and Secondary)
- · OLIGOMENORRHOEA
- · MENORRHAGIA
- · METRORRHAGIA
- · DYSMENORRHOEA
- · PREMENSTRUAL TENSION and the
- · "INADEQUATE LUTEAL PHASE"

ENAVID is supplied as 10 mg. tablets in bottles of 20 and 50 tablets.

Detailed literature is available on request.

\* Trade Mark.

G. D. SEARLE & CO., LTD., HIGH WYCOMBE, BUCKS. Tel. High Wycombe 1770

The debilitated patient, whether recovering from severe illness or operation or suffering from a chronic disease, is greatly benefited by the addition of nutritionally generous supplements of vitamins of the B complex and ascorbic acid. Such patients often need also mild sedation.

A combination of the necessary vitamins with a relatively low dose of phenobarbitone is now available as Tropenal.

# Tropenal

#### INDICATIONS

- (1) Anxiety states with restlessness, especially associated with hypertension, alcoholic withdrawal or peptic ulcer.
- (2) Progressive illness in which insomnia is associated with a need for the greatest nutritional support—e.g. congestive heart disease, cachectic states.
- During convalescence, to speed recovery by promoting good appetite and a quiet frame of mind associated with nutritional adequacy.
- (4) Insomnia not induced by pain.

#### FORMULA

Each tablet contains

Aneurine hydrochloride B.P.	5 mg.
Riboflavine B.P	5 mg.
Pyridoxine B.P.C	2 mg.
Nicotinamide B.P	15 mg.
Ascorbic acid B.P	50 mg.
Phenobarbitone B.P	16 mg.
	(1 ar.)

In designing the formula, it was necessary to bear in mind the known antagonism between barbiturates and the vitamins of the B complex, together with the theoretical possibility that the effects might cancel each other out. But preliminary trials have shown that on account of the varying speeds of action and other factors not fully understood, the combination is clinically effective.

#### DOSAGE

One to four tablets daily.

Tablets in packs of 100 and 500.

#### Standard Reference Cards.

Factual information on all our products is available. Produced in accordance with A.B.P.I. Specifications, cards can be obtained from our representatives or from Vitamins Ltd.

# Effective Penetration of the Intact Skin

# Vascutonex Gream

A TOPICAL SALICYLATE THERAPY WHICH INCORPORATES TWO ESSENTIAL FACTORS

## Effective skin benetration

The first factor is provided by diethylamine salicylate, which has been shown to have an absorption rate 300-500 times greater than methyl salicylate.\*

The second factor is glycol salicylate, the slow release of which from fatty tissue prolongs the action of the quicker acting diethylamine salicylate.

The local effect of these salicylates is to begin their therapeutic action at the site of the lesion. By plain inunction, about 80% of the salicylate centent of the cream is taken up into the body and about 60% is excreted in the urine.

VASCUTONEX is non-staining, odourless, and contains no counter-irritarits — its therapeutic action depending entirely on the effective absorption and anti-rheumatic action of the salicylates in the formula.

INDICATIONS: Fibrositis and pain associated with muscular and articular rheumatism and all soft tissue pain.

\* Comptes rend. Soc. de Biol., 1948, 142. 819.

# CATAPULTED

into high favour

# This special shampoo

## owes much of its success to the Medical Profession

Just about four years ago, Sebbix shampoo was introduced to the medical profession with marked success. Almost at once, doctors began to recommend Sebbix as a safe, sure means of controlling pityriasis capitis. Not until it had earned professional acceptance was Sebbix offered to the general public; and only then was it widely and carefully advertised. Today, Sebbix is a respected name in many households, and doctors continue to advise their patients to use this special shampoo-without the need of prescription. As a product which requires no prescription, Sebbix shampoo offers remarkable value both to private and N.H.S. patients. A point worth remembering.

A GENATOSAN PRODUCT

## Diabetic Neuropathies

Complications involving the nervous system have long been recognized as a feature of diabetes. If the peripheral nerves are affected, administration of the whole vitamin B complex has been advocated. The therapeutic response to the entire B complex has been found to be considerably better than to thiamine alone. Although the parenteral route is recommended in the early stages of treatment, oral administration may be sufficient later.

Marmite yeast extract supplies all known factors of the vitamin B complex in a pa'atable form. It can be incorporated readily in the diabetic diet and, as it contains only a negligible quantity of carbohydrate, it need not be taken intothe dietary calculations.

## MARMIT

yeast extract

RIBOFLAVIN (vitamin B<sub>2</sub>) 1.5 mg. per oz. NIACIN (nicotinic acid) 16.5 mg. per oz. MARMITE LIMITED, 35, SEETHING LANE, LONDON, E.C.3.

INDICATIONS: Left ventricular failure. Congestive cardiac failure.

Bronchial asthma.

# Gentle Reminder

Even the healthiest person suffers occasionally from alimentary disorders. If the trouble is of a minor nature – brought on, perhaps, by unwise diet – Andrews may well be the answer.

Andrews neutralizes stomach acids, stimulates bile flow. It assists elimination by introducing liquid into the bowel by osmosis. Used judiciously as a corrective to a faulty diet, Andrews encourages the body to perform its normal functions in a perfectly natural and gentle way.

# Sunskine and Warmth ... for people of all ages

So many people would feel all the better for the stimulating warmth and sunshine provided by Philips Health Lamps. For instance, when used under medical guidance, these lamps are often remarkably successful in treating rheumatic complaints and debilitated conditions.

Two types of lamp are available, both requiring a signed medical certificate to enable the patient to purchase.

## Philips Ultra-violet SUNLAMP

Philips Suntamp gives the blessing of "Mountain sunshine"—a boon in convalescence and, as many doctors know, is useful for treating skin troubles, such as psoriasis. Price: £5.17s.6d. (including goggles).

#### Philips Infra-red INFRAPHIL

Philips Infraphil was installed in the medical centres at the last two Olympic Games. It is most valuable in alleviating the pain of arthritis, rheumatism and muscle-strain. Infraphil Infrared lamp costs onty £3.3s.0d. (as illustrated). De-luxe model "A" Price: £4.4s.0d.

Triominic

WANDER

THE NEW CONCEPT FOR RELIEF OF THE COMMON COLD

### Relief in minutes—lasts for hours

An orally administered decongestant has much better distribution to the mucous membranes of the respiratory tract than nasal sprays, drops and inhalants, and this "affords opportunity for shrinkage in areas that could not be approached by sprays, drops or actual topical application."\*

'TRIOMINIC' "dries" and decongests nasal passages, combats allergic symptoms—with little likelihood of rebound congestion or pathological changes in the nasal mucosa, and without the risk of local overtreatment or "nose drop addiction." Especially valuable for night-time cough caused by postnasal drip.

\* Arch. Otolaryng., 1954, 59, 48.

Each "timed-release" 'TRIOMINIC' Tablet contains:

Phenylpropanolamine-HCl ... 50 mg. Nepyramine maleate B.P. ... 25 mg. Pheniramine maleate ... ... 25 mg. 'Triominic' Wander is Schedule 4

**Dosage:** 1 tablet in the morning, afternoon and in the evening if needed.

An average prescription is 12 tablets.

Packs: Supplied for dispensing in bottles of 50 and 250.

Price: N.H.S. Basic Price for 12 tablets (4 days' treatment) is 2s. 3d.

Also Available: 'Triominic' Syrup, for children and those adults who prefer a liquid medication, in bottles of 2 fl. oz. and 20 fl. oz. (dispensing). N.H.S. Basic Price for 2 fl. oz. is 1s. 10d.

THEN

FIRST

'Triominic' "timed-release" tablets provide relief in minutes . . . . keep nasal passages clear for 6 to 8 hours.

the outer layer dissolves within minutes to produce 3 to 4 hours' relief

the inner core disintegrates to give 3 to 4 more hours' relief

3 tablets daily "unblock around the clock"

Literature and sample on signed request (S4) of physicians only

### REFRESHER COURSE FOR GENERAL PRACTITIONERS

Price 25s. each (by post 26s. 9d.)

Price 25s. each (by post 26s. 9d.)

Each book contains a collection of sixty Refresher Course articles from the British Medical Journal. Each article, written by an acknowledged expert, has been revised by its author. The articles cover a wide range. Their object is to refresh the reader's memory of what is old and well-established and to tell him about new developments. They are invaluable to general practitioners and residents as practical reference books, to specialists as a means of keeping in touch with developments outside their own field, and to final-year students as up-to-date and reliable text-books.

The Third Collection has a cumulative classified contents list to the three volumes of "Refresher Course for General Practitioners."

Victor
was
made
for

Seriously, don't you think the Vauxhall designers had us doctors in mind when they planned the Victor?

Consider, now . . . A doctor needs a car with modern lines—it's part of his persona—but he doesn't want a big one. He must have an immensely reliable car, for obvious reasons. He must be able to move fast, and easily, without tiring himself . . . and hop in and out quickly. He wants a really useful luggage boot. He wants, above all, a car that doesn't cost too much to own or to drive.

Get your Vauxhall dealer to let you have a trial run. You'll be impressed. (And remember, Vauxhall Square Deal Service is the best and cheapest in the country.)

### APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they

Canvassing in any form will disqualify.

\*SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service. .

### SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF Registrar Grades, Whole-time

(a) REGISTRAR: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £935 per annum in the first year; £1,061 10s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) SENIOR REGISTRAR: Posts obtained normally no: less than four years after registration as a medical practitioner and held normally for four years; £1,210 per annum in the first year; £1,320 per annum in the second year; £1,430 per annum in the third year; £1,540 per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

#### Other Grades, Whole-time (a) HOUSE OFFICERS:

(a) HOUSE OFFICERS:

(i) Provisionally registered medical practitioners: £467 10s. per annum for the first post held; £522 10s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £522 10s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) Fully registered medical practitioners: £577 10s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable

(b) SENIOR HOUSE OFFICER: Posts obtained by fully registered medical practitioners, and held normally for one year only: £819 10s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) JUNIOR HOSPITAL MEDICAL OFFICER: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £852 10s. by £55 to £1,182 10s. per annum. If the post is resident a deduction of £170 per annum is made.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF (22/5/58)

### WILTSHIRE COUNTY COUNCIL

### Highworth Rural District Council, Cricklade and Wootton Bassett Rural District Council

Applications invited from registered medical practitioners holding the Diploma in Public Health for the whole-time 'mixed' appointment of ASSISTANT COUNTY MEDICAL OFFICER

# MEDICAL OFFICER OF HEALTH of the Highworth Rural District and MEDICAL OFFICER OF HEALTH of the Cricklade and Wootton Bassett Rural District.

The officer appointed must not engage in private practice as a medical practitioner, and must reside in the district. Office accommodation provided. As an Assistant County Medical Officer he will be on the staff of the County Medical Officer for 7/11ths of his time and required to perform such duties as may be prescribed. As Medical Officer of Health for the remaining 4/11ths he will be subject to the Sanitary Officers (Outside London) Regulations, 1935 and 1951, and to the control and direction of the respective District Councils. Superannuable appointment, terminable by three months' notice on either side. This appointment is a "mixed" appointment, and the salary scales applicable thereto are: District Councils, appropriate proportions (subject to Spens formula weighting) of £1,840 by £55 to £2,060; County Council, appropriate proportions (subject to Spens formula weighting) of £1,050 by £50 to £1,200 by £55 to £1,475. Travelling and subsistence allowances payable. In the event of a vacancy or vacancies occurring for a similar "Mixed" appointment or appointments in the area, the person appointed to the above posts may be expected to assume the duties of Medical Officer of Health for other districts in addition to or in place of those for which the appointment is now being made. In this event the proportion of time spent as District Medical Officer of Health would probably be increased. Forms of applications must be sent within 14 days of the appearance of this advertisement. Canvassing disqualifies. (5594) The officer appointed must not engage in pri-

## PRINCIPAL LECTURER IN ANATOMY AND PHYSIOLOGY AND HEALTH EDUCATION

The applicant should be a medical graduate, and it is hoped that she would be interested in research into aspects of physical education. Her duties would include the routine medical examination of students in training and candidates before entrance. students in training and candidates before entrance, but not the ordinary medical attendance on students. The salary scale is £1,515 by £50 to £1,715, plus equal pay increments to 1961, with placing according to qualifications and experience. This post will be vacent in April, 1959. Application forms and conditions of appointment may be obtained from the Principal, Dunfermline College of Physical Education, Woolmanhill, Aberdeen, to whom the completed forms of application, with letter stating qualifications in detail, should be sent as soon as possible, and not later than Friday, November 28, 1958. (6002)

## KING'S COLLEGE HOSPITAL MEDICAL SCHOOL (University of London)

Applications are invited for the appointment of

### SENIOR LECTURER in the Department of Medicine

in the Department of Medicine
Candidates should have appropriate higher qualifications and have had experience in the investigation of metabolic problems in clinical medicine.
The commencing salary will be within the scale
£1.800 by £100 to £2.500. Applications (six copies),
together with the names of three referees, should
be sent before November 30, 1958, to the Secretary, K'ng's College Hospital Medical School, Denmark Hill, London, S.E.5, from whom further
particulars may be obtained. (5988)

#### University and Research

### Appointments, etc.—contd.

## EMPIRE RHEUMATISM COUNCIL FELLOWSHIPS—1959

Applications are invited by the Council for the following:—

A RESEARCH FELLOWSHIP, at a salary (a) A RESEARCH FELLOWSHIP, at a salary according to qualifications and experience of up to £1,500 per annum, renewable annually for a period of three years, to prosecute research in the field of rheumatism.
 (b) TWO GEIGY TRAVELLING FELLOWSHIPS, tenable for up to one year, to prosecute or study research on some aspect of the Rheumatic Diseases in a country other than that of norms.

research on some aspect of the Rheumatic Diseases in a country other than that of normal residence. Salary according to qualifications and experience, but not less than £1,000 per annum (pro rata for a lesser period than one year). Medical or scientific qualifications are needed for the above Fellowships and applications, stating age, qualifications, experience, and details of proposed research (together with reason for selection of place of study in the case of (b) above), should be sent, together with the names of two referees, to the General Secretary. Empire Rheumatism Council, Faraday House, 8/10, Charing Cross Road, London, W.C.2, before December 15, 1958. (5903)

#### ROYAL VICTORIA HOSPITAL McGill University, Montreal

### London Hospital Catgut in non-splintering 'spot' tubes

Speed is a matter of urgency in the Operating Theatre—which is why the London Hospital 'spot' tubes are so popular. Just a slight pressure, and instantly the tube breaks cleanly at the 'spot' position, and the sterilised suture is ready for use. These are the advantages:

- The spot indicates the exact breaking point of the tube.
- If the thumbs are placed about \( \frac{3}{4}'' \) apart, exactly opposite the spot, the tube breaks cleanly and easily under slight pressure.
- No filing is needed, no instruments required, no need to hold the tube in a swab.
- There are no dangerous glass splinters.

Always use London Hospital Catgut the more F-L-E-X-1-B-L-E Suture
