

## How Heinz Baby Foods simplify mixed feeding

THE DAYS ARE GONE when mixed feeding involved mother in hours of work, sieving and straining meat and vegetables for her baby's dinner.

To-day, she finds it much more simple and pleasant—when you recommend Heinz Baby Foods as soon as baby is 11 or 12 weeks old. Baby takes his food more readily from a calm and relaxed mother, and this should result in happy, contented mealtimes that both mother and baby enjoy. And,

with the 26 varieties of Heinz Baby Foods, a mother can give her baby the very best fruits, vegetables and meats all the year round.

All the ingredients used by Heinz are carefully selected, prepared in scrupulously hygienic conditions, and specially cooked to retain the maximum nutritional value. Accustoming baby as early as possible to this wide range of foods, trains growing appetites along healthy lines.

*Further information about Heinz Baby Foods will be gladly sent on request. Please write to: H. J. Heinz Company Limited, Harlesden, London N.W.10*

# RASTINON

*Complete oral control  
without side-effects  
for thousands of diabetics*

**EFFECTIVE**

Over 1000 published articles substantiate the clinical value of Rastinon (tolbutamide). Thousands of patients have been effectively controlled for more than three years.

**SAFE**

No cases of dyshaemopoiesis, jaundice or other serious side-effects have been reported. Analysis of over 10,000 case histories shows Rastinon to be com-

pletely safe for suitable diabetics. Rapid excretion precludes cumulative effects.

**SIMPLE**

One tablet by mouth once or twice a day is all that is necessary for maintenance.

**READILY AVAILABLE**

Rastinon is in category I (new drugs of proved value) and is available on E.C.10. There is *no added cost* of treatment for the patient previously on insulin.

## **Glaxo brand of dexamethasone**

in bottles of 30, 100 and 500

Dextelan is a new analogue of cortisone having similar therapeutic effects but in greater degree. It appears to have therapeutic activity in rheumatoid arthritis roughly 6 times that of prednisolone, 30 times that of cortisone. Dextelan is less liable than cortisone to cause sodium retention and oedema. Dextelan is used for exactly the same purposes as cortisone and prednisolone with proportionate reduction in dosage.

**so many migraine attacks**

**can be averted**

**... BY THE**

**EARLY USE**

**OF**

The high dose of ergotamine, 2 mgm., contained in each 'Migril' tablet effectively averts a migraine attack in the majority of cases. Nausea and vomiting, whether due to the migraine or to the ergotamine, are prevented by the cyclizine hydrochloride in the tablet. 'Migril', which also includes caffeine, should be taken whenever premonitory signs indicate the onset of a migraine attack.

## “What will prescribing ‘FERROIDS’ do for me?” *(Asks the Physician)*

“It will give me the satisfaction of knowing that the results I expect will be obtained.”

‘Ferroids’, the new iron preparation of superb quality, raises haemoglobin levels rapidly, effectively and with the utmost freedom from gastro-intestinal upset.

‘Ferroids’ removes the uncertainty as to whether a poor response to iron therapy is due to inadequate utilisation or to the patient’s failure to take a dose. ‘Ferroids’ will not cause gastro-intestinal discom-

fort and there is no reluctance on the part of the patient to take the tablet.

The patient will return to the doctor satisfied with the treatment that is prescribed.

The prescribing of ‘Ferroids’ has a negligible effect on prescription costs. On a dosage of 3 tablets a day, the basic N.H.S. cost per week is 1s. 2d., and even on the highest dosage of 8 tablets a day, which may be required for severe cases of anaemia, the basic N.H.S. cost per week is only 3s. 1d.

# 'SECROSTERON'

DIMETHISTERONE TABLETS

TRADE MARK

-the new name in steroids

WITH SIMPLER DOSAGE SCHEMES, INCREASED POTENCY

'Secrosteron' marks a significant advance in its specific field. It is a highly potent, orally active progestational agent. It brings about true secretory changes in the endometrium; and it has no oestrogenic or androgenic action. Above all it has increased potency over ethisterone and is active in a wide range of conditions, at many times smaller dosage levels.

**DOSAGE** 'Secrosteron' dosage schemes are simple—5 mg. three times daily in cases of Premenstrual Tension, Threatened Abortion, Menorrhagia, Metrorrhagia, Toxæmia of Pregnancy and Amenorrhoea. 5 mg. daily for Habitual Abortion.

## CODIS AND SOLUBILITY

THE GREAT ADVANTAGE of Codis is that it provides a codeine compound tablet in which the aspirin content is soluble in water. (The codeine constituent is also soluble, and the phenacetin is in very fine suspension.)

This is achieved by careful compounding and preparation, resulting in tablets which are quickly absorbed and well-tolerated—even in cases of proven intolerance to ordinary (insoluble) aspirin.

To ensure stability and easy identification, the tablets are wrapped in moisture-proof distinctive gold foils of 10 tablets each (dispensing size), or boxes containing five foils of 4 tablets each (public size).

**CODIS** REGD. AVAILABLE FOR DISPENSING

*Not advertised to the public*

**Composition.**

Each Codis tablet contains: Acid. Acetylsalicyl. B.P. 4 gr., Phenacet. B.P. 4 gr., Codein. Phosph. B.P. 0.125 gr., Calc. Carb. B.P. 1.2 gr., Acid. Cit. B.P. (anhyd.) 0.125 gr.

All correspondence treated as confidential

## ELASTIC BANDAGING WITHOUT SKIN IRRITATION

PoroPlast considerably reduces the risk of skin irritation which often associates with the use of ordinary elastic adhesive bandages. It contains no rubber and none of the irritating natural resins or solvents usually embodied in adhesive plaster.

Consequently PoroPlast can remain in situ for long periods without causing irritation, and it has been well tolerated even on very sensitive skins.

PoroPlast is porous and has the same characteristics of elasticity, stretch and compression as ordinary elastic adhesive bandages. Its price is the same. It can be prescribed on N.H.S. In rolls 3" and 2½" wide (5-6 yards stretched.) Sample roll of PoroPlast on request.

TRIAMCINOLONE

\*REGD. TRADEMARK

now in **2** topical forms

LEDERCORT  
ACETONIDE  
CREAM 0.1%  
non-greasy  
water miscible base

...and now  
LEDERCORT  
OINTMENT 0.1%  
Greasy, petrolatum base

Both forms secure rapid relief from inflammation and pruritic symptoms over a wide range of dermatoses; both possess high therapeutic potency, an extremely low sensitizing potency and exceptional penetrating power. They are, in addition, cosmetically acceptable and fully effective in sparing applications.

Both forms in tubes of  
5 Gm. and 15 Gm.

LEDERCORT—the established topical therapy
