

ASTHMA

Rely on Rybar for Instant Relief

Ever increasing numbers of medical men are relying on Rybarvin Inhalant to combat broncho-spasm. The Ministry of Health have agreed to the prices of Rybar asthma inhalants.

RYBARVIN brings relief. Consistently, often spectacularly, attacks are cut short and their frequency lessened. Free from excess acid, non-irritant and non-habit-forming, it is an ideal inhalant for all asthmatics, young and old.

Formula

Pituitary Extract, Posterior and Anterior Lobe	0.40% w/v
Methylatropine Nitrate	0.14% w/v
Papaverine	0.08% w/v
Adrenaline	0.40% w/v
Ethyl Para-aminobenzoate	0.20% w/v
Iso-butyl Para-aminobenzoate	0.01% w/v

RYBAR INHALER has been specially designed for aerosol therapy.

Both Rybarvin and the Inhaler may be prescribed on N.H.S. Form E.C.10.

Samples and details of trial outfits forwarded on request.

NUTRITION AND THE PUBLIC HEALTH

H. E. MAGEE, M.B., B.Ch., D.Sc., M.R.C.P.
Formerly Senior Medical Officer (Nutrition), Ministry of Health

The author is well known as a nutrition expert. He has been concerned with food and nutrition for more than forty years and was responsible for nutrition at the Ministry of Health during the war. This short and readable book is the essence of his considerable experience. It will be invaluable for all concerned with nutrition, public health workers and medical and nursing students. 25s. net.

VIRAL AND RICKETTSIAL INFECTIONS OF MAN

Edited by THOMAS M. RIVERS, M.D., and
FRANK L. HORSFALL, M.D.

The new third edition of this well-known standard work has been practically rewritten in the light of the remarkable changes in this field. Virtually a new and completely up-to-date book, it still retains the stamp of the success and authority of previous editions. £3 3s. net.

PREDSOL

—Suppositories for the treatment of Proctitis*

Each suppository presents Predsol, stable, water-soluble prednisolone phosphate in a base designed to ensure maximum surface spread. Being freely soluble in water, Predsol makes much more intimate contact with inflamed tissues than other relatively insoluble forms of prednisolone.

INDICATIONS: Haemorrhagic proctitis, Post-radiation proctitis. Minor degrees of proctitis, as may be associated with haemorrhoids. Treatment may be continued for up to several months according to the condition and response. Indications of systemic effect have not been observed.

THE NOVEL PACK holds six suppositories in the hygienic, easy-to-handle 'cartridge-clip' illustrated. The cap of each 'cartridge' is used to push the suppository partly out of its case from below. Each suppository contains 5 mg prednisolone as water-soluble 21-disodium phosphate.

Deep skin penetration in Arthritis and Rheumatism

**NICOTINIC, SALICYLIC AND
p-AMINO BENZOIC ACIDS in Ester form**

In cases of soft-tissue rheumatism, and arthritic disorders, many doctors are tending more and more to regard Transvasin as an indispensable adjuvant to treatment.

For Transvasin is composed of the esters of nicotinic, salicylic and p-aminobenzoic acids. These esters readily pass the skin barrier in therapeutic quantities, and so enable an effective concentration of drugs to be built up where they are needed.*

Transvasin not only induces vasodilation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

*Therapeutische Umschau 1962, 8, 143

ACTAL ACTUALITIES No. 7

ACTAL ARISTOCRATS

While sightseers tramp the dining halls of his Stately Home, the Actal Aristocrat snatches a sandwich in the potting shed. He goes there to avoid the prying hordes, the cries of the cockle-sellers and the jabber of the chimpanzees in the zoo he has just installed. There also—disturbed only by the sound of the First Earl rolling in his grave—he broods on the evils of taxation and whether he dare put the parking fee up another shilling. A moment's peace, in fact, before removing the inevitable moustache from his great-aunt's portrait in the Long Gallery and rescuing small boys from suits of armour. Despite all this, he rather enjoys pitting his acquired showmanship against that of his noble competitors.

And, if it does give him dyspepsia, he can always take Actal. No need for bottle and silver spoon. With Actal he gets all the activity of a liquid antacid in tablet form.

Any grateful inclusion of Actal in the family crest is thwarted by its chemical name sodium polyhydroxyaluminium monocarbonate hexitol complex (360 mg.) A lot of syllables for an ingredient cost of only 1/10½d. per week's treatment (2 tabs. t.d.s.). Only his doctor knows this, however—and, of course, the makers of Actal, Bayer Products Ltd., Kingston-upon-Thames.

An effective pattern of protection . .

The increasing use of inoculation against Poliomyelitis does not dispense with the necessity for using other proved methods of prevention.

On the contrary—such methods should be more widely and more thoroughly applied.

'In Poliomyelitis epidemics, where a large proportion of the virus hosts are symptomless carriers—a vigorous health education programme . . directed at raising the standards of personal hygiene . . coupled with measures to raise individual resistance to Poliomyelitis virus infection by strengthening active immunity, offers best hope of success.'¹

For inactivating Poliomyelitis virus, 'Oxidising agents seem to be the most active chemical disinfectants.'²

'An oxidising agent of great potency is Domestos which, when used at concentration of from $\frac{1}{4}$ to 2 ozs. per gallon, provides a level of available chlorine in the range 150 to 1,200 parts per million—sufficient to inactivate the Poliomyelitis virus.'³

A pattern of protection against Polio is assured by using DOMESTOS, which destroys Poliomyelitis virus—

(a) *For Lavatories.* Overnight contact will destroy heavy soiling and give a free residual chlorine content which will inactivate virus contaminants. The exterior of the bowl and the seat which frequently come into contact with the hands of children, should always be washed with a DOMESTOS solution.

(b) *For the disinfection and cleaning of dishes, floors, kitchen surfaces, sinks, etc.*

(c) *For safeguarding against the infection of food by bluebottles, flies, vermin.*

(d) *For the disinfection of yards, paths, etc.*

(e) *For the disinfection and cleaning of clogged drains.*

RASTINON

*Complete oral control
without side-effects
for thousands of diabetics*

EFFECTIVE Over 1,000 published articles substantiate the clinical value of Rastinon (tolbutamide). Thousands of patients have been effectively controlled for more than three years.

SAFE No cases of dyshaemopoiesis, jaundice or other serious side-effects have been reported. Analysis of over 10,000 case histories shows Rastinon to be completely safe for suitable diabetics.

Rapid excretion precludes cumulative effects. The significant difference between Rastinon and all other available anti-diabetic agents is that there is virtually no danger of hypoglycaemic reactions as a result of Rastinon therapy.

SIMPLE One tablet by mouth once or twice a day is all that is necessary for maintenance. There is no added cost of treatment for the patient previously on insulin.

NEW WEAPONS AGAINST DISEASE

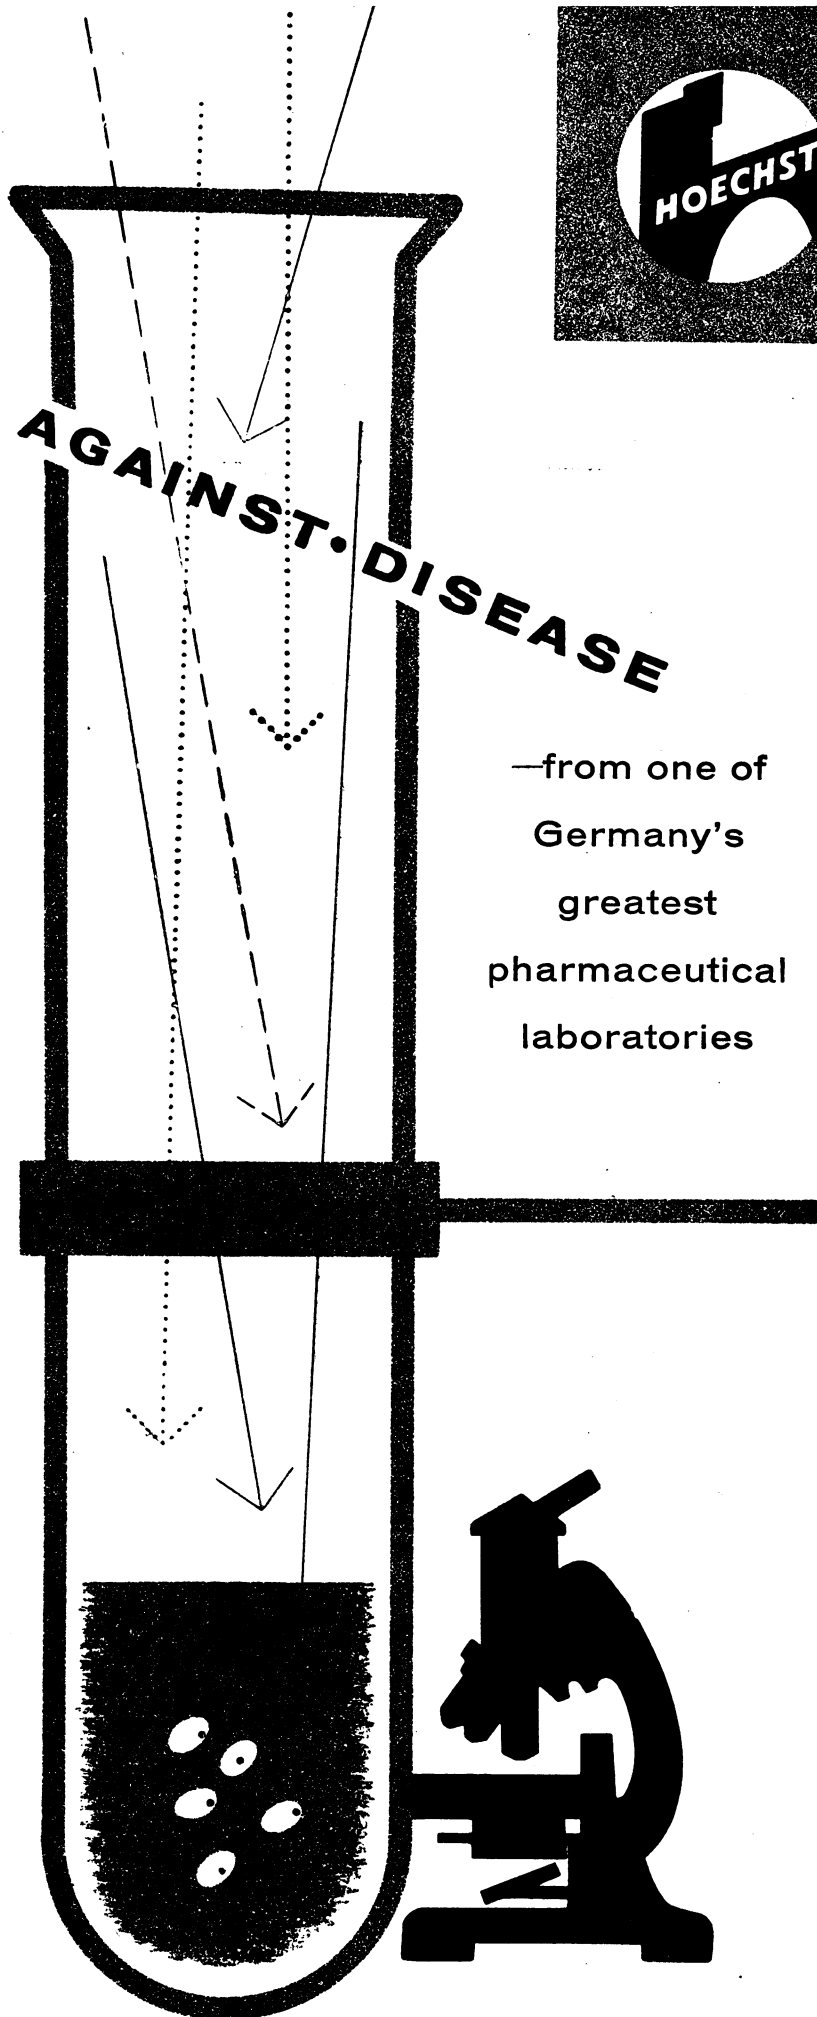

THE RESEARCH LABORATORY is the very centre of a great pharmaceutical company. Without it no discoveries could be made, no progress would be possible—it is the hub of all activity. For this is where ideas are conceived, experiments carried out, and results evaluated—in the hope that something will come to light to advance the frontier of medical knowledge another step.

300 graduate scientists—chemists, doctors, pharmacists—are employed by Hoechst in Frankfurt on pharmaceutical research alone. They work in ultra-modern laboratories, with all the equipment they could possibly need—inspired by the example of such illustrious predecessors at Hoechst as Emil von Behring and Paul Ehrlich, originators respectively of the first diphtheria antitoxin and Salvarsan.

Hoechst standards, not only in research but also in production, are second to none in the world.

THE DISTILLERS COMPANY LIMITED

The 82nd Annual General Meeting of The Distillers Company Limited will be held in the North British Hotel, Edinburgh, on Friday the 11th day of September, 1959, at 12.15 p.m. The following are excerpts from the statement by the Chairman, Sir Graham Hayman, which has been circulated with the Report and Accounts for the year ended 31st March, 1959.

GENERAL OBSERVATIONS ON TRADING

The results for the year constitute a record in the history of the Company. The increased profit is largely attributable to our expanding sales of Scotch whisky. The total value of the Group's turnover for the year exceeded £209m. representing an increase of 44% over the previous year.

Two years ago an indication was given that approximately 75% of our total earnings were derived from our Scotch whisky and gin interests and the balance from our industrial activities. Last year, I reported that these proportions had not materially changed.

During the year under review, however, the combined incidence of the more difficult trading conditions experienced by our Industrial Group, and the substantially increased profits of our Whisky Companies, have brought about a position whereby the proportion of profit attributable to the Scotch Whisky and Gin Groups is approximately 80%, and the balance of 20% to our Industrial activities.

The trading profit of the Group after depreciation amounted to £24,829,402, an increase of more than £2,000,000 compared with last year. Income from trade investments was also higher at £1,807,184, mainly owing to an increased dividend from Murgatroyd's Salt & Chemical Company Ltd. After charging interest on loans, the consolidated profit was £25,947,701, compared with £23,463,856 last year.

Taxation requires £12,581,361, and the amount attributable to minority interests in Subsidiaries is £194,245, so that the net profit attributable to the Distillers Company is £13,172,095. Of this, Subsidiaries have retained £3,876,448, and, after minor adjustments, the amount available for appropriation is £9,165,727.

As foreshadowed last year, the Company capitalized a substantial part of its reserves immediately after declaration of the interim dividend, and the rate of 7½% declared on the old capital is equivalent to 4% on the revised capital. Your Directors recommend that a final dividend at the rate of 8½% be declared, making 12½% for the year on the revised capital. If this recommendation is accepted, the total amount required for the purpose of dividends will be £5,990,182, and the profits retained by the Distillers Company itself will be £3,175,545. Your Directors have transferred £3,238,801 to general reserve, thus slightly reducing the amount brought forward on the appropriation account.

SCOTCH WHISKY

Our distilleries, both Malt and Grain, have been in full operation throughout the season. These production units are being maintained at a high level of efficiency. Extensive additions to our widespread warehouse accommodation are being undertaken to accommodate our increasing stocks, and the progressive overhaul and modernization of our blending and bottling establishments have continued throughout the year.

With regard to the Home market, as is well known, our Scotch Whisky Companies have been obliged to ration supplies for many years. I am now very glad to report that as from 1st April, 1959, we have at last been able to release customers from the quota system on Standard brands, and I hope that by the end of this year our shareholders and the public in general will be able to obtain any of our Standard brands.

Turning now to export markets, our shipments to the United States have again shown a substantial increase. I would observe, however, that a comparison of the figures of tax payments in the U.S.A. with the actual shipments to that country indicates that for the first time since 1939, stocks of some significance have begun to accumulate. While our distributors are confident of maintaining the sales of our brands in that market, it seems clear that additional sales in future will be increasingly hard to achieve.

In general, although we consider the outlook for increased sales is reasonably encouraging, it is clear that we are moving into a phase where selling will become increasingly competitive. I believe our organization is well equipped to meet these conditions.

GIN

The total sales of our Gin Companies in the Home market showed a modest increase over the previous year. More competition is developing by the introduction of new brands and by increased sales promotion of others. In these circumstances, it is gratifying that our own brands have not only maintained, but have improved their position. We believe that with a forceful selling policy and the continuance of the high standard of quality familiar to the public, we shall continue to make progress in this market.

Export markets are becoming more difficult, but in those areas where our brands can be imported without restriction, our shipments have been satisfactory.

INDUSTRIAL GROUP

As a result of the recession in industrial activity in this country and abroad, trading conditions in our Industrial Group were difficult throughout the year. Since the end of the period under review, however, there has been an appreciable improvement in demand, although competition is likely to keep prices to the lower levels of the past year. This cannot be regarded as a temporary phase, and the only effective remedy is further improvement in production techniques and the increased volume which we hope to achieve.

CHEMICAL DIVISION.

Despite the more difficult times through which some of the industries served by this Division have been passing, the volume of sales, in general, has been maintained at home and in the export markets. Keen competition was encountered, especially overseas, which caused reductions in selling prices.

Due to the continued high cost of molasses it was decided to cease production of acetone and butyl alcohol by fermentation of this raw material. Certain of the manufacturing operations are being re-established using petroleum based raw materials.

The volume of sales of Carbon Dioxide was maintained in spite of the adverse weather conditions during last summer. Calcium Carbide sales had a setback from the record figures of last year, but demand revived during the early part of 1959, and now seems likely to continue at a high level.

Good progress was made with the construction of a large new plasticisers plant at Hull, part of which is already in commission. The main product from this plant will be phthalates of the high quality required by the plastics industry. This plant employs a continuous system of esterification invented by our own technicians. The results obtained by an overseas licensee confirm that this will be a highly efficient method.

The three associated companies within the Division—Honeywill-Atlas Limited, making special surface active agents, Hedon Chemicals Limited, making Vinyl Acetate, and Orobis Limited, making lubricating oil additives—all made progress.

MURGATROYD'S SALT & CHEMICAL CO. LTD.

The demand for Chlorine is now running at a high level and the year's results were satisfactory.

BRITISH HYDROCARBON CHEMICALS LIMITED.

This company and its subsidiaries, Forth Chemicals Limited and Grange Chemicals Limited, again had a good year, with a further improvement in earnings.

The new plant to make "Rigidex," the high density polyethylene, which should have been completed in April, has, unfortunately, been delayed by a number of circumstances including unofficial strikes by our Contractors' employees. It is now being commissioned and, in the meantime, we have imported supplies of "Rigidex." This new material has been well received in the plastics industry, and will facilitate our sales development.

The construction of the new Phenol plant, which incorporates our own process, has made good progress; it is expected to start up towards the end of 1959.

Last autumn, the Secretary of State for Scotland attended a ceremony to mark the commencement of construction of our third cracker. The new plant, which is due for completion by 1960, will have a capacity of some 70,000 tons of ethylene per annum and will be the largest producer outside the U.S.A. When these projects are completed, the total investment by British Hydrocarbon Chemicals Limited, in which The Distillers Company Limited and The British Petroleum Company Limited have equal shares, will amount to over £30m.

PLASTICS DIVISION.

The slight recession experienced by many sections of the plastics industry in the early months of last year gave way to a marked improvement in demand, with the result that our sales for the year were in excess of those of the previous year, and we have maintained our position in home and overseas markets. Foreign competition was active, however, resulting in lower prices, which narrowed profit margins.

Further expansion in productive capacities has been authorized to meet the anticipated growth in demand for our materials for new industrial applications. In this connection, our Consumer Research Laboratories continue to make valuable contributions.

BIOCHEMICAL DIVISION.

Although competition both at home and abroad was keener than ever, our volume of sales was higher than last year. Earnings were reasonably satisfactory, but the prices of antibiotics in export markets have reached uneconomic levels. Marked improvements have been achieved in our technical operations resulting in lower costs, which is enabling us to meet competition.

Last year we formed an Australian subsidiary, The Distillers Company Biochemicals (Australia Pty.) Limited, to facilitate our expanding operations in the Australian Continent. The trading results to date have been encouraging.

During the year, we introduced a new product under the brand name "Distaval," which is a completely safe, non-toxic sedative. This has been well received by the medical profession, and sales are developing very satisfactorily.

The pharmaceutical industry in this country has made remarkable progress in recent years as a result of the scientific and technical advances which it has initiated and applied. Independent and authoritative recognition of the important and progressive role played by the industry in the development of the National Health Service and the export trade was given in the final report of the Hinchliffe Committee in May last. This Committee also acknowledged that the cost of research must be provided in the prices of proprietary medicines and that a good profit record was essential to enable the industry to invest capital in development projects.

FOOD DIVISION.

Yeast. Sales of Yeast were on a satisfactory level; the decline in consumption to which I have referred on previous occasions was much less marked and we appear to have reached a degree of stabilization in the home market.

AUSTRALIA.

Our associated company, C.S.R. Chemicals Pty. Ltd., had its best year to date, and sales and profits are now at a more satisfactory level. Existing plant capacities have been increased, and a programme of new developments is now under active consideration.

C.S.R. Chemicals Pty. Ltd. has entered into an agreement with the Dow Chemical Company of U.S.A. to form a joint company for the manufacture of monomeric styrene. The output of the new plant is destined for the projected manufacture of synthetic rubber in Australia and will also provide the basic material for the plastic, polystyrene.

SOUTH AFRICA.

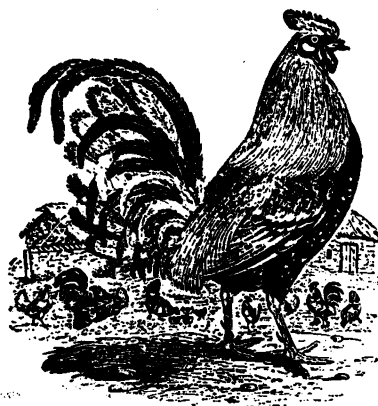

Our associated company, National Chemical Products Ltd., and its subsidiary, Poly Resin Products Ltd., had a good year with satisfactory earnings, although the general setback in business activity has temporarily made trading conditions more difficult.

TECHNICAL DEVELOPMENT

The increasingly competitive conditions which must be expected within British industry and from overseas give added significance to the work carried out by the staffs of our various technical departments, and I am glad to record that the efforts of those concerned continue to play a vital part in the economy of the organization as a whole. The appropriation for our Research, Development and Engineering Departments for the year under review was approximately £2m.

PERSONNEL

The year under review has not been an easy one, but the excellent results which your Group has achieved have been made possible by the combined and sustained efforts of all its employees. To all members of our organization, both at home and abroad, I would like to express the sincere thanks of the Board.

An old friend

in a new guise

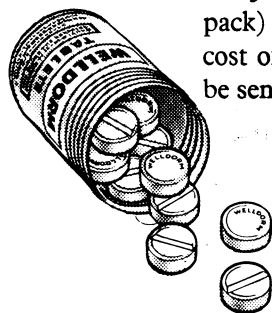

a molecular complex of chloral hydrate
in tablet form **WELLDORM**

(dichloralphenazone)

'Welldorm' has all the advantages that make chloral hydrate one of the best hypnotics. It has none of the disadvantages—the nauseating taste and smell, the gastric irritation—that restrict the use of chloral in daily practice. 'Welldorm' induces, without excitation, calm deep sleep with no hangover effect. 'Welldorm' is ideally suited for both the very old and the very young, because it is one of the safest of all hypnotics.

'Welldorm' is presented as tablets each containing 10 grains dichloralphenazone in 25s and 250s. The basic NHS cost of 12 tablets (supplied from a dispensing pack) is 1/-. There is also available a 2½ grain strength for children at a basic NHS cost of 6d. for 12 tablets (supplied from a dispensing pack). Clinical samples will be sent on request.

'SECROSTERON'

DIMETHISTERONE TABLETS

TRADE MARK

the new orally active progestational agent
the first all-British steroid discovery

The combined advantages of 'Secrosteron' will make it a distinct and welcome addition to the list of available steroids. It has *many* advantages. 'Secrosteron' acts as a pure progestational agent. It brings about true secretory changes in the endometrium; and it has no oestrogenic or androgenic action. Above all 'Secrosteron' has increased potency over ethisterone and is active in a wide range of conditions, at many times smaller dosage levels. An important aspect is that 'Secrosteron' dosage schemes are so simple—5 mg. three times daily except in the case of Habitual Abortion in which the dosage is 5 mg. daily.

for the symptomatic treatment of **DYSMENORRHOEA**

Placadol is a dual antispasmodic sedative designed for the relief of spastic conditions of smooth muscle. Each tablet contains papaverine hydrochloride 120 mgm.; homatropine methylbromide 1.5 mgm.; and codeine phosphate 10 mgm. Papaverine is a myotropic spasmolytic which acts directly on smooth muscle generally, with no risk of causing respiratory depression or addiction; homatropine methylbromide is a neurotropic spasmolytic which counteracts spasm due to overactivity of the parasympathetic; codeine is an accepted sedative and analgesic. In gynaecological practice this highly effective combination will relieve spasm associated with dysmenorrhoea, tubal spasm and the accompanying pains in the adnexa.

INDICATIONS :

Placadol Sed. inhibits hypertonicity of plain muscle and is useful in all forms of plain muscle spasm.

1. Alimentary Tract

Gastrointestinal spasm, including spasm due to duodenal or gastric ulcer and pylorospasm; biliary colic; spastic colitis and constipation, and proctalgia fugax. Spastic pain associated with ulcerative colitis, appendicular and ileocaecal colic.

2. Urinary Tract

Bladder-neck spasm in cystitis; ureteric colic and renal colic.

3. Heart

In the treatment of coronary disease it relaxes the coronary arteries and exerts a mild quinidine-like effect, preventing the development of ectopic beats and paroxysmal tachycardia.

4. Bronchi

For post-operative spastic conditions accompanied by painful cough; bronchial spasm in asthma.

5. Female Genital Tract

Spastic dysmenorrhoea, tubal spasm and uterine colic.

Placadol Sed. is packed in containers of 20 and 100 tablets. Professional samples and literature available on request to :

TOTAL RECALL

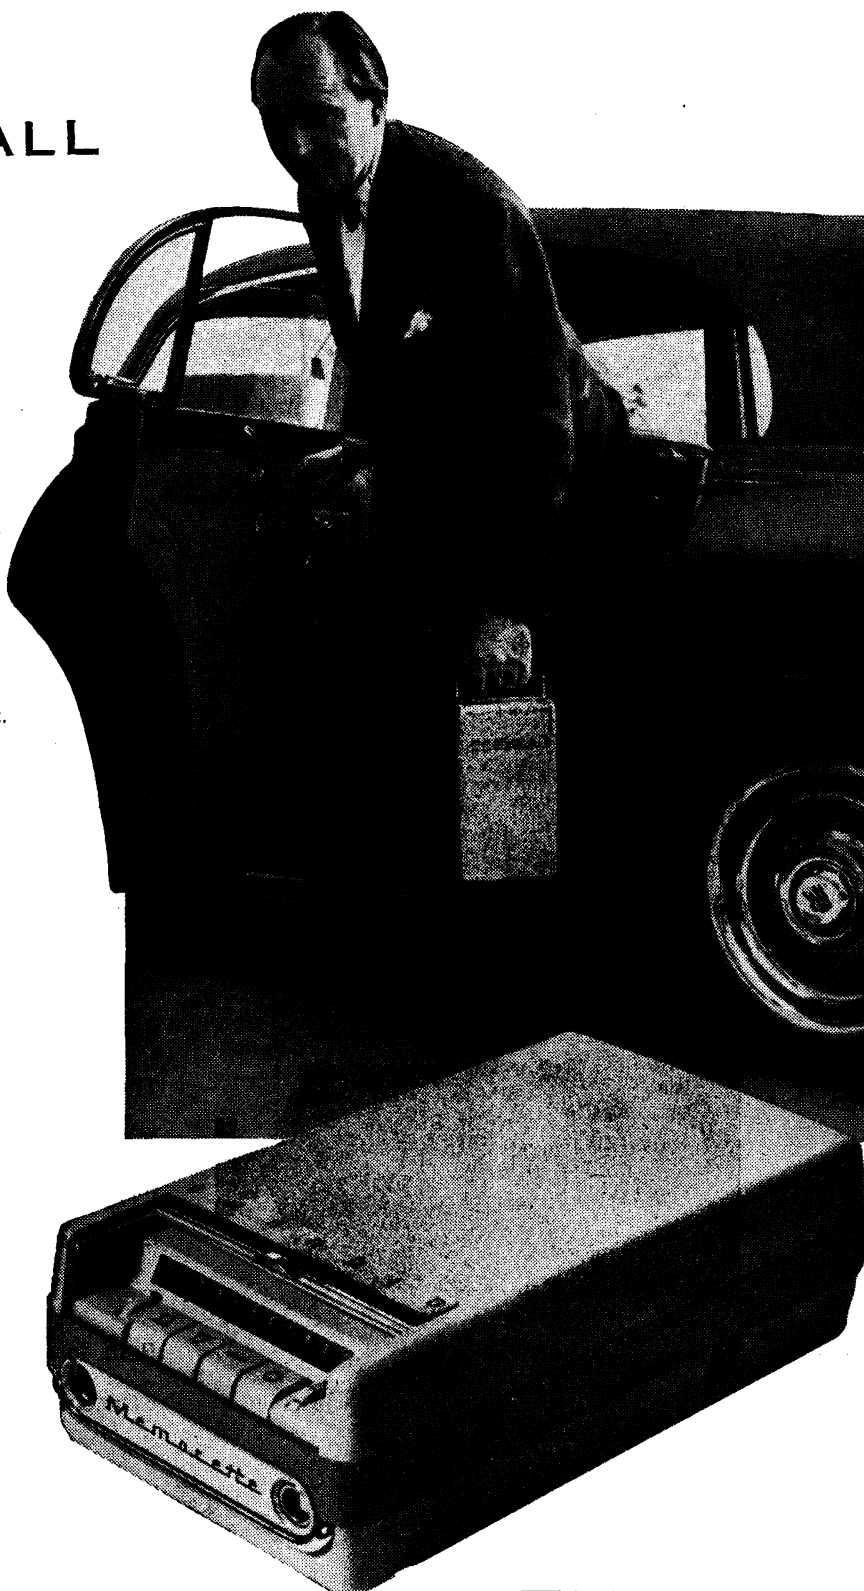

How can a hard-pressed doctor make sure that nothing important is forgotten? Should he rely on his memory alone? Or on a *Memorette* instead?

A *Memorette* battery-powered dictating machine is a complete, self-contained electronic memory that operates anywhere. It can be used to make verbal records of symptoms, diagnoses, details, background minutiae on the spot. And to play them back for transcription when convenient; giving total recall, forgetting nothing.

Simple to operate, robust and well designed, powered by rechargeable batteries of an advanced kind, the *Memorette* gives the equivalent service of a trained shorthand operator anywhere, at any time.

And, as is so often the case, where hospitals and practices have *Stenorette* dictating machines in use, it will be found that the *Memorette* is complementary. Both use the same tape cassette and share most of the accessories.

Your local Grundig Dealer will be pleased to demonstrate the *Memorette*.

EMERGENCIES IN GENERAL PRACTICE

from the British Medical Journal
470 Pages (cloth bound), with full index

This book deals with medical emergencies in a wide sense; acute clinical emergencies requiring prompt and skilful treatment; conditions such as faints and fits and giddy turns, the careful elucidation of which may mean the difference to a patient between a life of activity and one of restriction; acute psychiatric states; accidents of treatment, such as dangerous reactions to drugs or collapse during anaesthesia; and emergency calls when the doctor is isolated, as on a ship.

It comprises 57 specially commissioned articles which appeared originally in the *British Medical Journal*.

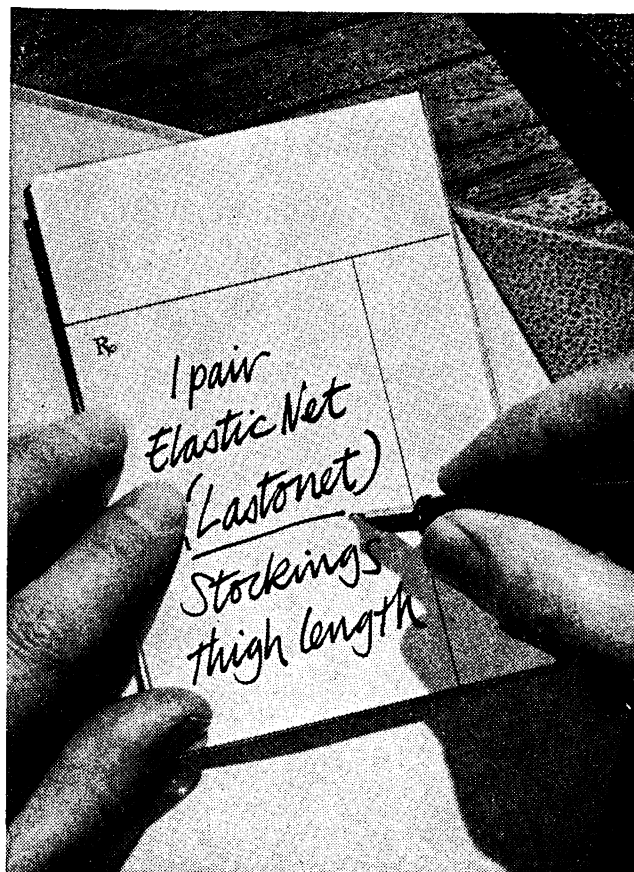

The author of each is an acknowledged authority. This collection, now revised by the authors, will be of value not only to general practitioners but also to senior students, house-physicians, house-surgeons, and to those supervising their work in hospitals.

PRICE 25s. net

from booksellers or, by post, from Publishing Manager
BRITISH MEDICAL ASSOCIATION
B.M.A. House, Tavistock Square, London W.C.1
or from Regional Offices of the Association

Sound reasons for this prescription . . .

Whenever you prescribe on E.C.10. in the wording shown above, you are safeguarding the well-being of your patient—and aiding the N.H.S.

MAXIMUM SUPPORT

By prescribing Lastonet Elastic Net Stockings, you secure for your patient the maximum comfort and beneficial support—possible only when a stocking is made (as all Lastonet stockings are made) to perfect fitting, accurate individual measure.

MINIMUM COST

Besides being superior in efficiency, Lastonet Elastic Net Stockings are low in initial cost. Because a new, light-resistant rubber is now used in their make-up, this lessens the deterioration occurring when rubber is exposed to light. These two factors make Elastic Net the

most economical form of surgical stocking for N.H.S. prescription.

HOW TO PRESCRIBE

The words "Elastic Net Stockings" must be written on E.C.10. Also the quantity required, and whether thigh or knee-length, when prescribing for supply under N.H.S.

LASTONET PRODUCTS LTD.
CARN BREA,
REDRUTH, CORNWALL

**. . . a new preparation for the treatment of
athlete's foot and other fungous infections
of the skin**

AMOXAL

AMOXAL is a new, completely safe, and highly active antifungal in three presentations

The advantages of AMOXAL are:

- POTENT ANTIFUNGAL ACTIVITY
- HIGH DEGREE OF SKIN PENETRATION
- NON-IRRITATING
- MILDLY ANALGESIC
- PLEASANT TO USE

The presentations of AMOXAL are:

AMOXAL GEL for routine use in the treatment of most tinea infections, especially athlete's foot. It contains amyloxybenzamide 2% (more active in vitro than any of the currently used antifungal agents), amyloxyacetophenone 2% (a potent antifungal with excellent penetrating properties), and salicylic acid 1% (as a keratolytic) in an alcohol gel base. This formulation ensures ease of penetration and a high therapeutic efficacy.

AMOXAL CREAM for use on dry scaly lesions and for large raw areas of skin. It contains the same ingredients as Amoxal Gel, but in a polyethylene glycol base. The smooth cream rubs easily into the skin, and its soothing properties are appreciated by the patient.

AMOXAL DUSTING POWDER — antifungal and deodorant — for use concurrently with the GEL or the CREAM, and to prevent re-infection from socks and shoes. The powder contains amyloxybenzamide 2% and hexachlorophane 0.5% and is supplied in a handy puffer pack.

Clinical samples and further information will be sent on request.

The basic NHS cost of the 25 gramme tube of both Amoxal Gel and Amoxal Cream is 3/-, and that of the 40 gramme pack of Amoxal Dusting Powder is 4/-. All subject to Purchase Tax.

British Patent No. 726786 and Applications Pending 25392/57, 1520/58, 12478/58

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing in any form will disqualify.

★ *SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR:** Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £972 8s. per annum in the first year; £1,103 19s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR:** Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,258 8s. per annum in the first year; £1,372 16s. per annum in the second year; £1,487 4s. per annum in the third year; £1,601 12s. per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners:* £486 4s. per annum for the first post held; £543 8s. per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £543 8s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners:* £600 12s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER:** Posts obtained by fully registered medical practitioners, and held normally for one year only: £852 6s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER:** Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £886 12s. by £57 4s. to £1,229 16s. per annum. If the post is resident a deduction of £170 per annum is made.

SAINT MARY'S HOSPITALS FOR WOMEN AND CHILDREN, Manchester

Department of Pathology

There is a vacancy for an **ASSISTANT IN PATHOLOGY** in the above department. The post is suitable either for a gynaecologist or a pathologist in training. The work of the department includes haematology, bacteriology as applied to women and the newborn, as well as morbid anatomy, histology, and cytology. Facilities are available for training and experience in these branches of pathology. The post will be of registrar or senior house officer grade depending on the experience of the successful applicant and will normally be held for one year. Applications, together with the names of two referees, should be made to the General Superintendent, Saint Mary's Hospitals, Whitworth Park, Manchester, 13, before September 26, 1959. (8035)

SHEFFIELD REGIONAL HOSPITAL BOARD

Nottingham General Hospital (452 beds)
(Recognized for D.Path.)

WHOLE-TIME RESIDENT OR NON-RESIDENT REGISTRAR (Pathology)

required December 11. Appointment for one year in first instance. Apply to Secretary, Sheffield Regional Hospital Board, Old Fulwood Road, Sheffield, by August 31, 1959, giving age, nationality, qualifications, present and previous appointments (with dates), naming three referees. (7704)

THE UNITED BIRMINGHAM HOSPITALS

Applications are invited for the post of **SENIOR REGISTRAR IN CLINICAL PATHOLOGY**

to the United Birmingham Hospitals. The appointment will be for one year in the first instance, and duties will be primarily at the General Hospital. Candidates should hold a higher qualification. The successful candidate may be required to spend not more than two years in a selected hospital of the Birmingham Regional Hospital Board in accordance with an arrangement for the interchange of Registrars agreed between the two Boards. Application forms may be obtained from the Secretary to the Board, United Birmingham Hospitals, Queen Elizabeth Hospital, Birmingham, 15, and should be returned to him not later than September 12, 1959. (7925)

THE UNITED LEEDS HOSPITALS

The General Infirmary at Leeds

REGISTRAR IN PATHOLOGY

required, for one year in the first instance, for work in Department of Pathology of University and General Infirmary at Leeds. Duties will consist of routine clinical pathology, including haematology, surgical biopsies and autopsies. Terms and conditions of service for hospital medical staff apply. Applications, stating age, qualifications, previous posts (with dates), and three names for reference, to be forwarded to the Sub-Dean, School of Medicine, Leeds, 2, not later than September 25. (8008)

BIRKENHEAD HOSPITAL MANAGEMENT COMMITTEE

St. Catherine's Hospital, Church Road, Birkenhead (general hospital of 478 beds)

SENIOR HOUSE OFFICER IN PATHOLOGY required from October 1, 1959, for 11 months. The principal laboratory service in the Group is centred at this hospital and is one of the most up-to-date, well-equipped departments in the North of England. The post, which may be resident or otherwise, offers good experience. Apply by September 4, stating age, qualifications, full experience, with the names and addresses of two referees, to Group Secretary, St. James' Hospital, Tollymore Road, Birkenhead. (7999)

CITY GENERAL HOSPITAL, Sheffield, 5
Department of Pathology. Area Laboratory

SENIOR HOUSE OFFICER (Clinical Pathology) Applications are invited for the above appointment. Resident accommodation is available and optional. Opportunities for training in morbid anatomy, biochemistry, haematology and bacteriology. The work of this and associated hospitals offers excellent experience to graduates who wish to make pathology their permanent career. The post is recognized for the D.Path. Apply, giving details of age, qualifications, present and previous appointments (with dates), and the names of two persons to whom reference may be made, to the Group Secretary, Nether Edge Hospital, Sheffield, 11. (7829)

IMPORTANT: All intending applicants should read the revised NOTICE at the top of page 25

(S.H.O. grade) required in the Group Laboratory at Hope Hospital, Salford. Off-duty three nights per week and alternate afternoons. Previous experience in pathology not essential. The post is recognized for the Diploma in Pathology. Applications, stating age, qualifications, and the names and addresses of two referees, should be forwarded to the Hospital Secretary, Hope Hospital, Salford, 6. (8003)

OLDHAM AND DISTRICT HOSPITAL
MANAGEMENT COMMITTEE

Applications are invited for the appointment of **RESIDENT CLINICAL PATHOLOGIST** (Senior House Officer). The duties will consist mainly of Clinical Pathology, but include P.H. Bacteriology; also general and emergency work, and supervision of the blood banks. Previous experience in Pathology is not essential. Applications, together with the names of two referees, should be forwarded to the Group Secretary, Central Offices, Rochdale Road, Oldham, quoting Ref. No. H/42. (7618)

ROCHDALE AND DISTRICT HOSPITAL
MANAGEMENT COMMITTEE**RESIDENT CLINICAL PATHOLOGIST**
(Senior House Officer grade)

Applications are invited for the above appointment in the Department of Pathology of the Rochdale Group of Hospitals. The new Department of Pathology was recently opened and is recognized for the Diploma in Pathology. The duties will consist mainly of clinical pathology, also general and emergency work and supervision of the blood banks. Previous pathology experience is not essential. Apply at once, giving usual particulars, and names and addresses of two referees, to Group Secretary, Central Offices, Birch Hill Hospital, Rochdale. (7652)

ROYAL HAMPSHIRE COUNTY HOSPITAL
Winchester (324 beds)**SENIOR HOUSE OFFICER**
Pathological Department

required. Preferably resident. Duties will include training in the various branches of clinical pathology, especially haematology. Previous experience in clinical pathology desirable, but not essential. Applications, with copies of two testimonials, to the Hospital Secretary. (7304)

SHREWSBURY HOSPITAL GROUPRoyal Salop Infirmary/Copthorne Hospital
(500 beds)**SENIOR HOUSE OFFICER**

to work as Clinical Pathologist to Group Laboratory. Appointment tenable for one year. Resident or non-resident. Recognized for Diploma in Pathology. Vacant September 30, 1959. A unit of the Public Health Laboratory service is housed in the same building, and there are facilities for training in all the four main branches of pathology. Applications to Group Secretary, Royal Salop Infirmary, Shrewsbury, naming three referees. (7381)

THE UNITED BIRMINGHAM HOSPITALS

Applications are invited for the appointment of **RESIDENT CLINICAL PATHOLOGIST** (Senior House Officer grade) at the Queen Elizabeth Hospital, Birmingham. There are three residents attached to the Department of Clinical Pathology. In addition to affording general experience in haematology, bacteriology and some biochemistry, the appointment can provide opportunities for those studying for higher qualifications in medicine. The appointment is tenable for one year. Application forms should be obtained from the Secretary to the Board of Governors, United Birmingham Hospitals, Queen Elizabeth Hospital, Birmingham, 15, and should be returned to him as soon as possible. (8019)

THE UNITED OXFORD HOSPITALS

Applications are invited for the post of **RESIDENT PATHOLOGIST** at the Radcliffe Infirmary and Churchill Hospital, Oxford. The appointment is for six months in the first instance but may be extended to one year. The post is graded at S.H.O. rate, £852 6s. per annum. Applications, on forms obtainable from the Administrator, Radcliffe Infirmary, Oxford, should be received not later than two weeks after the first insertion of this advertisement. (7771)

PLASTIC SURGERY**THE UNITED LEEDS HOSPITALS****APPOINTMENT OF CONSULTANT PLASTIC SURGEON**

Applications are invited for the appointment of a Plastic Surgeon, of consultant status, for two sessions per week at the General Infirmary at Leeds. Full details of experience (with all relevant dates) should be sent to the undersigned by September 19, 1959. Applicants should state age, nationality, qualifications, and give the names of three referees.—J. Arnold Tunstall, Secretary to the Board of Governors, The General Infirmary, Leeds, 1. (7963)

PSYCHIATRY**LEEDS REGIONAL HOSPITAL BOARD**
CONSULTANT IN CHILD PSYCHIATRY
Hull and East Riding

(Whole-time or maximum part-time)

Duties at the Hull Corporation Child Guidance Clinic (six or seven sessions), where there are excellent ancillary facilities. There are two psychiatric social workers and two psychologists, all fully trained and experienced. Further duties in the East Riding (Beverley) (three or four sessions). This clinic too has full facilities including a social worker and a psychologist. Person appointed to reside in Hull. Applications (12 copies), stating age, qualifications, and details of present and previous appointments (with dates), and names and addresses of three referees, to the Secretary, Park Parade, Harrogate, by September 22, 1959. (7873)

LEEDS REGIONAL HOSPITAL BOARD**CONSULTANT IN CHILD PSYCHIATRY**
Leeds (whole-time or maximum part-time)

Duties at St. James's Hospital Child Guidance Clinic. Pending the completion of plans for the creation of the Child Psychiatric Unit, comprising comprehensive in-patient and out-patient facilities, interim arrangements for out-patient services only are being arranged. The Board might consider applications for less than nine sessions if a sufficient number of candidates were available to make up between them the total sessions. Candidates should therefore indicate how many sessions they can undertake. Applications (12 copies), stating age, qualifications, and details of present and previous appointments (with dates), and names and addresses of three referees, to the Secretary, Park Parade, Harrogate, by September 22, 1959. (7874)

LEEDS REGIONAL HOSPITAL BOARD**CONSULTANTS IN PSYCHIATRY**
(Whole-time or maximum part-time)

- Menston Hospital, near Ilkley (2,400 beds), and associated general hospitals. Regular visits also to the Northern View and Lynfield Mount Hospitals, Bradford (210 beds), which are to be developed into one acute psychiatric hospital.
- Storthes Hall Hospital (2,680 beds), Kirkburton, near Huddersfield, and associated general hospitals.

It is envisaged, and in the planning stage, that the two hospitals are to undergo considerable reorganization. In addition to this internal reorganization, there are opportunities for the establishment of mental health services with the Local Health Authorities concerned. In all these matters the successful candidates will naturally play an important part.

Applications (12 copies), stating age, qualifications, and details of present and previous appointments (with dates), and names and addresses of three referees, to the Secretary, Park Parade, Harrogate, by September 22, 1959. (7875)

SOUTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD**PART-TIME CONSULTANT CHILD PSYCHIATRIST**

(two h.d.p.w.) required in the West Sussex Child Guidance Service (probably increasing later to four h.d.p.w.). Successful candidate's duties will be at the Crawley Child Guidance Clinic in collaboration with the West Sussex Education Committee in Chichester. Applicants should have the D.P.M. and previous experience in child psychiatry. Applications by letter (five copies), giving date of birth, qualifications, experience, and three referees, to Secretary (S.1), S.W. Met. R.H.B., 40, Eastbourne Terrace, W.2, by September 26, 1959. Applicants may visit clinic by arrangement with the Principal School Medical Officer, West Sussex County Council, Chichester. (7876)

THE LEEDS REGIONAL HOSPITAL BOARD
AND THE UNIVERSITY OF LEEDS**CONSULTANT PSYCHIATRIST AND LECTURER IN PSYCHIATRY**

Applications are invited for a joint post as Consultant Psychiatrist at St. James's Hospital, Leeds, and as Lecturer in Psychiatry in the University of Leeds. The appointment may be either whole-time or maximum part-time (including four University sessions). The person appointed will have clinical responsibilities in the Department of Psychiatry of St. James's Hospital, Leeds, which is at present being modernized and will, it is anticipated, when completed, have 186 beds together with out-patient services; will devote two of the four university sessions to clinical teaching and will also have teaching and other duties in the University Department of Psychiatry. Applications (12 copies), stating age, qualifications and experience, and naming three referees, should be sent within four weeks of the appearance of this advertisement to the Secretary, Leeds Regional Hospital Board, Park Parade, Harrogate, from whom further particulars may be obtained. (7877)

SHEFFIELD REGIONAL HOSPITAL BOARDSaxondale Hospital, Radcliffe-on-Trent, Notts
(938 beds) (Recognized for D.P.M.)**WHOLE-TIME REGISTRAR (Psychiatry)**

required November 1. Flat available for married or single person. Facilities for postgraduate study in conjunction with Sheffield University available. Appointment for one year in first instance. Apply to Secretary, Sheffield Regional Hospital Board, Old Fulwood Road, Sheffield, by September 7, 1959, giving age, nationality, qualifications, present and previous appointments (with dates), naming three referees. (7878)

SOUTH-EASTERN REGIONAL HOSPITAL BOARD, Scotland**REGISTRAR**

at Bangour Village Hospital, Broxburn, West Lothian. During the tenure of the post, opportunities for interchange of duty and training at other centres in the Region may be available under the joint training scheme of the South-Eastern Regional Hospital Board and the Department of Psychological Medicine of the University of Edinburgh. Apply, giving particulars of age, qualifications and previous experience, and the names of two referees, to the Secretary, 11, Drumsheugh Gardens, Edinburgh, 3, by September 21, 1959. (7984)

PUBLIC HEALTH**BUCKINGHAMSHIRE COUNTY COUNCIL**

Applications are invited from registered medical practitioners for the post of
ASSISTANT COUNTY MEDICAL OFFICER
in the High Wycombe Area. Salary within the scale £1,150 to £1,640 per annum, commencing according to qualifications and experience. Travelling and subsistence allowances on the Council's scale will be paid. Appointment supernumerary and subject to medical examination. Further particulars, and form of application, obtainable from the County Medical Officer, County Offices, Aylesbury, Bucks, to whom completed applications must be submitted by September 11, 1959. (7328)

CITY OF BRADFORD**APPOINTMENT OF ASSISTANT MEDICAL OFFICER**

Applications are invited from registered medical practitioners for the above-named post. The successful applicant will be employed principally as an Anaesthetist in the school and maternity and child welfare dental services. He will, however, be required to undertake other duties as may be decided by the Medical Officer of Health/Principal School Medical Officer. Preference will be given to candidate possessing the Diploma in Anaesthetics. Opportunity will be given to the successful candidate to attend the course for the Diploma in Public Health on a part-time basis at Leeds University, commencing in October, 1959. Salary is on the scale £1,150 by £60 to £1,510 by £65 to £1,640 per annum. The post is subject to the appropriate superannuation scheme and the successful candidate will be required to pass a medical examination. Forms of application may be obtained from the Principal School Medical Officer, Town Hall, Bradford, 1, to whom they should be returned within 14 days of the appearance of this advertisement.—W. H. Leatham, Town Clerk. (8041)

CITY OF NOTTINGHAM HEALTH SERVICES**SENIOR MEDICAL OFFICER**

Applications are invited for the above post from medical officers having the D.P.H. and a higher qualification. Applicants should have had considerable experience with a local health authority. Salary scale £1,660 to £2,200 per annum. Post supernumerary, subject to medical examination. Application forms and further particulars of the appointment to be obtained from Medical Officer of Health, Huntingdon Street, Nottingham, and to be returned by September 4, 1959.—T. J. Owen, Town Clerk. (7421)

CITY OF OXFORD
Health Department**APPOINTMENT OF ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER (Male)**

Applications are invited from registered medical practitioners for the above post. Duties will be mainly in connection with the Child Welfare and School Health Services, but there will be opportunity for experience in all branches of Public Health work. There is close contact with the United Oxford Hospitals, and Assistant Medical Officers of Health may be requested to undertake occasional duties in the Infectious Diseases Department. Salary scale £1,150 to £1,640. In fixing the commencing salary, previous experience and qualifications will be taken into consideration; a holder of the D.P.H. would start at least half-way up the scale. A car allowance will also be made. The post is permanent and pensionable and is subject to a satisfactory medical examination. Application forms and conditions of service may be obtained from Dr. J. F. Warin, Medical Officer of Health, Health Department, Greyfriars, Paradise Street, Oxford, to whom they must be returned not later than September 17, 1959.—Harry Plowman, Town Clerk, Town Hall, Oxford. (7893)

COUNTY BOROUGH OF DONCASTER
Health Department**ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER**

Applications are invited from registered medical practitioners for the above whole-time supernumerary post. Salary £1,150 by £60 to £1,510 by £65 to £1,640 per annum. Particulars and application forms are obtainable from the Medical Officer of Health, Health Offices, Wood Street, Doncaster, to whom they should be returned by September 4, 1959.—H. R. Wormald, Town Clerk. (7637)

COUNTY OF HOLLAND, Lincolnshire**APPOINTMENT OF DISTRICT MEDICAL OFFICER OF HEALTH AND ASSISTANT COUNTY MEDICAL OFFICER OF HEALTH**

Applications are invited from persons qualified in accordance with the Public Health Officers Regulations, 1959, for the mixed whole-time appointment of: (a) Medical Officer of Health for the Urban District of Spalding (two eleventh), the Rural District of East Ellce (two eleventh), and the Rural District of Spalding (two eleventh). (b) Assistant County Medical Officer of Health (five eleventh). The salary will be determined at the time of appointment, commencing at not less than £1,760 13s. 8d., and rising on a scale to a maximum of not less than £2,186 7s. 4d. per annum. Car allowance on the prescribed scale. Grant towards removal expenses. Application forms, with particulars and conditions of appointment, may be obtained from the County Medical Officer of Health, County Hall, Boston, Lincs, to whom applications should be sent not later than September 12, 1959.—H. A. H. Walter, Clerk of the County Council. (8049)

COUNTY OF MONTGOMERY**MIXED APPOINTMENT OF DISTRICT MEDICAL OFFICER OF HEALTH AND ASSISTANT COUNTY MEDICAL OFFICER**

Applications are invited from duly qualified and registered medical practitioners who possess a Diploma in Public Health, Sanitary Science or State Medicine, for the appointment of a medical officer to act as Assistant County Medical Officer of Health and Medical Officer of Health to five district councils situated in the northern half of the county (comprising the three boroughs of Llanfyllin, Montgomery, and Welshpool, and the two rural districts of Forden and Llanfyllin). The salary will be within the appropriate scales, i.e., between a minimum of £1,733 15s. and a maximum of £2,175 per annum. A motor car allowance will be paid in accordance with the scales recommended by the Whitley Council for the health services. Further particulars and form of application may be obtained from the undersigned.—P. E. White, Clerk of the County Council, County Offices, Welshpool, Montgomeryshire. (8098)

COVENTRY CORPORATION**SCHOOL MEDICAL OFFICER AND ASSISTANT MEDICAL OFFICER OF HEALTH**
(Joint post)

required for duties connected with medical inspection and clinic treatment of school children, maternity and child welfare work and other duties. Application forms from Medical Officer of Health, New Council Offices, Coventry, returnable without delay. (7725)

KINGSTON-UPON-HULL CORPORATION**SENIOR MEDICAL OFFICER**

Applications are invited from medical practitioners of either sex for the above-mentioned appointment, the duties of which are in connection with maternity and child welfare, vaccination and immunization, health education and general administration within the Health Department and the medical inspection of aliens under the Hull and Goole Port Health Authority. Applicants must be holders of a Diploma in Public Health and the possession of additional degrees, diplomas, etc., will be considered an advantage. Salary scale £1,660 by £65 (4) by £70 (4) to £2,200 per annum, plus "essential user" car allowance. Particulars of the appointment and forms of application may be obtained from the Medical Officer of Health, Guildhall, Kingston-upon-Hull, to whom completed application forms should be returned not later than September 24, 1959. (7778)

STAFFORDSHIRE COUNTY COUNCIL
Brownhills Urban District Council

Applications are invited for the separate part-time appointments of

ASSISTANT COUNTY MEDICAL OFFICER AND SCHOOL MEDICAL OFFICER AND MEDICAL OFFICER OF HEALTH

for the Brownhills Urban District. The appointments together will constitute whole time, the allocations being eight half-days and three half-days respectively. The proportionate salary for each appointment is calculated in accordance with the latest agreed scale and increments will be given for previous service in the same capacity, the ranges being: County Council £914 15s. 5d. by £47 14s. 6-7d. (6) by £51 14s. 1d. (2) to £1,304 10s. 11d. Brownhills U.D.C. £553 12s. 9d. by £19 1s. 10d. (2) by £17 14s. 6-7d. (2) to £627 5s. 6d. A car will be an advantage and an appropriate allowance will be paid. The posts are supernumerary, and the successful candidate must pass a medical examination and produce his birth certificate. Applicants must be fully qualified medical practitioners, with experience in public health duties, and must hold the Diploma of Public Health or its equivalent. The candidate appointed will, as regards the County Council duties, act under the direction of the County Medical Officer of Health and will be required to perform such duties as may from time to time be prescribed. As regards the duties of Medical Officer of Health he will be subject to the Public Health Officers Regulations, 1959, and to the sole control and direction of the Urban District Council. The County Council appointment will be subject to three calendar months' notice in writing on either side. Forms of application may be obtained from the County Medical Officer of Health, County Buildings, Stafford, and should be returned to him not later than by first post on September 8, 1959.—T. H. Evans, Clerk of the County Council; N. Waine, Clerk of the Brownhills Urban District Council, County Buildings, Stafford. (7667)

ADMINISTRATIVE**WELSH REGIONAL HOSPITAL BOARD**

Applications are invited for the following full-time appointment on the headquarters permanent staff:

MEDICAL OFFICER

Salary £1,545 4s. (at age 33 or over) by £54 12s. (4) by £71 (1) to £1,834 12s. per annum. The commencing salary will be abated in the case of a successful applicant under 33 years of age. The duties of the officer will be concerned in assisting in the administration of the hospital and specialist services provided by the Board, including administrative duties relating to the Mental Health Schemes of the Board and other administrative duties as may be assigned to him from time to time by the Board's Senior Administrative Medical Officer. The appointment is subject to the provisions of the National Health Service (Superannuation) Regulations, and to the passing of a medical examination. Applications, stating qualifications and experience, together with the names of three referees, should be sent, not later than 21 days from the appearance of this advertisement, to the Secretary, the Temple of Peace and Health, Cathays Park, Cardiff. (8022)

WELSH REGIONAL HOSPITAL BOARD

Applications are invited from registered medical practitioners for the appointment of

SENIOR ADMINISTRATIVE MEDICAL OFFICER

His duties will be to advise the Board on the planning, organization, and staffing of hospital and specialist services throughout the Welsh Region and to carry out such appropriate administrative and executive functions as may be assigned to him. Salary £2,893 16s. by £152 18s. to £3,658 6s. (Whitley Council terms and conditions of service apply). Applications, stating qualifications and experience, together with the names of three referees, should be sent, not later than 21 days after the appearance of this advertisement, to the Secretary, the Temple of Peace and Health, Cathays Park, Cardiff. (8023)

WESTERN REGIONAL HOSPITAL BOARD

Applications are invited for the following appointment:

Salary on the scale £1,328 12s. by £54 12s. by £72 16s. (2) to £1,528 16s. Applications (16 copies), stating date of birth, qualifications, experience, present appointment, and the names of three referees, to reach the Secretary, Western Regional Hospital Board, 64, West Regent Street, Glasgow, C.2, not later than 30 days after the publication of this advertisement. (8091)

WESTERN REGIONAL HOSPITAL BOARD

Applications are invited for the following appointment:

ADMINISTRATIVE MEDICAL OFFICER

on the staff of the Western Regional Hospital Board with duties as Deputy Group Medical Superintendent at the hospitals administered by the Board of Management for Glasgow Royal Infirmary and Associated Hospitals. Salary on the scale £1,419 12s. by £72 16s. (3) to £1,638. Applications (16 copies), stating date of birth, qualifications, experience, present appointment, and the names of three referees, to reach the Secretary, Western Regional Hospital Board, 64, West Regent Street, Glasgow, C.2, not later than 30 days after the publication of this advertisement. (8092)

INDUSTRIAL APPOINTMENTS

Attention is drawn to the B.M.A. statement of policy on the remuneration of Industrial Medical Officers (as approved by the Annual Representative Meeting, 1958), which is available on request from the Secretary.

VAUXHALL MOTORS, LTD., Luton, Beds**APPOINTMENT OF ASSISTANT MEDICAL OFFICER**

Applications are invited for the post of Assistant Medical Officer (male) at the Company's Luton factory. Candidates should be under 35 years of age with a good background of post-graduate clinical experience, preferably including some general practice. Previous experience in Occupational Health or the possession of a D.I.H. would be an advantage. The post, which is superannuated, offers scope for a permanent career in industrial medicine. Salary according to experience within B.M.A. recommended range. Applications, stating age, educational background, qualifications and experience, should be addressed to the Chief Medical Officer, Vauxhall Motors, Ltd., Luton, Beds. (6674)

Applications are invited for the position of Retail Staff Medical Officer, which becomes vacant shortly. The work offers considerable variety and scope in general medicine and in preventive and environmental studies. The duties include advice to the Company on all matters pertaining to the health and well-being of retail staff throughout the country and, for this purpose, the Medical Officer, who will be resident in Nottingham, must be prepared to do a certain amount of travelling. Applicants, who should be under 45 years of age, will be expected to possess good qualifications and a fairly wide clinical experience and the possession of D.P.H. and/or D.I.H. will be an advantage. The commencing salary will depend on experience and qualifications, and in any case will not be less than £2,000 per annum, over and above travelling expenses. Applications should be sent to the Retail Staff Medical Officer, Messrs. Boots Pure Drug Co. Ltd., Stratton Street, Nottingham, to reach him not later than September 30. (8071)

GOVERNMENTAL**TREASURY MEDICAL SERVICE**

Applications are invited from medical practitioners, practising in the districts detailed below, for appointment, in a part-time and mainly advisory capacity, as

LOCAL TREASURY MEDICAL OFFICER

for each of the places or groups of places shown. The town shown in brackets after the place-names indicates the Head Post Office Area in which the place, or group of places, is situated. Successful applicants will be required to examine and report on the condition of certain Government Officers, teachers, candidates for appointment, etc., who may be referred to them from time to time; and to attend when summoned to an emergency case of accident or sudden illness occurring in a Government office in the neighbourhood. Fees for this work, and mileage allowance where necessary, will be paid on a scale agreed with the British Medical Association. Intending applicants should write, within 14 days, to Treasury Medical Adviser, Treasury Chambers, Whitehall, S.W.1, for a form on which application may be made. Applicants should be not more than 60 years of age. The places for which applications are invited are as follows:

CITY OF BULAWAYO (Southern Rhodesia)**VACANCY FOR MEDICAL OFFICER (Tuberculosis)—Male City Health Department**

Applications are invited from qualified experienced male medical practitioners for this full-time pensionable post. The commencing salary payable will be within the range £1,620 to £2,304 a year, and will depend on past experience and qualifications. Duties attached to the post will include responsibility for anti-tuberculosis work carried out by the City Council (principally among the African population), for the care and treatment of tuberculosis patients in the Council's Infectious Diseases Hospitals (at the present time this involves the care of 82 African patients), for the organization and control of the Council's programme of Mantoux testing, B.C.G. inoculations and contact tracing, including a possible Mass Miniature Radiography scheme, and for such other duties that may be allocated from time to time. A wide knowledge of tuberculosis, its control and treatment, is essential, and previous experience in Mass Miniature Radiography will be a recommendation. A transport allowance will be payable at standard rates to the successful applicant, who will be required to provide his own motor car for his official duties. Membership of the Southern Rhodesia Joint Pension Fund and the Council's Medical Aid Society is compulsory, and the successful applicant will be required to submit a satisfactory medical certificate of fitness. The successful applicant will be required to register with the Southern Rhodesia Medical Council at his own expense, and private practice will not be permitted. Applications, stating age, whether married or single, nationality, details of experience and qualifications, together with a recent passport-type photograph, the names and addresses of two referees and copies of testimonials, should be sent to the Medical Officer of Health, P.O. Box 1946, Bulawayo, Southern Rhodesia, with a copy to Davis and Soper Ltd., 52/54, St. Mary Axe, London, E.C.3. The closing date for the receipt of applications is October 16, 1959. Additional information regarding this post (including a reference to the payment by the Council of travelling costs between the United Kingdom and Bulawayo) may be obtained from Davis and Soper Ltd., at the address given above. (5229)

UNIVERSITY AND RESEARCH**APPOINTMENTS, etc.****ASSISTANT DIRECTORSHIP OF RESEARCH OR SENIOR ASSISTANTSHIP IN RESEARCH in the Department of Medicine**

The Appointments Committee of the Faculty of Medicine hope soon to be in a position to appoint an Assistant Director of Research or a Senior Assistant in Research in the Department of Medicine from December 1, 1959, to work in the field of Medical Psychology. The appointment will be subject to the Statutes and Ordinances of the University, and will be for a period of not more than four years. The pensionable stipend of an Assistant Director of Research in this department is £1,200 a year, rising by annual increments of £100 to £1,700 a year, or, if the person appointed is ordinarily resident in College, £1,100 a year, rising by annual increments of £100 to £1,600 a year. The pensionable stipend of a Senior Assistant in Research in this department is £1,000, rising by annual increments of £50 to £1,300, or, if the person appointed is ordinarily resident in College, £900, rising by annual increments of £50 to £1,200 a year. In each case a non-pensionable allowance of £50 a year is paid for each dependent child who is under the age of 16 or is in receipt of full-time education. The pensionable stipend of an Assistant Director of Research or a Senior Assistant in Research who is a Fellow of a College with dividend is subject to a deduction of £300 a year, or, in a particular case, on the application of the officer to the Financial Board, of an amount £50 less than the actual dividend, whichever is the less. The stipend may also be subject to a deduction if the officer holds a substantial College administrative office. The General Board, if the Appointments Committee so recommend, may give an Assistant Director of Research or a Senior Assistant in Research a number of years' seniority for the purpose of determining his stipend. A limited contribution may be made towards the removal expenses of the person appointed, and towards travelling expenses if these are necessarily high. Further information may be obtained from the Secretary of the Appointments Committee. Candidates should send ten copies of their application, together with the names of not more than three referees, to Dr. G. A. Gresham, Secretary of the Appointments Committee of the Faculty of Medicine, the Medical School, Tennis Court Road, Cambridge, so as to reach him not later than October 19, 1959. (7594)

**FACULTY OF DENTAL SURGERY
ROYAL COLLEGE OF SURGEONS
OF ENGLAND****NUFFIELD RESEARCH CHAIR IN DENTAL SCIENCE**

Applications are invited for the newly established Nuffield Research Chair in Dental Science in the Department of Dental Science of the Royal College of Surgeons of England. Applicants should be dental surgeons of experience and hold a higher degree or diploma in dental surgery, medicine or science. The Professor will act as the Director of the Department. The salary will be in accordance with the appropriate University scales and its starting point within this range will be determined by the age, qualifications and experience of the successful candidate. Family allowances will be payable and the Professor will be required to join the F.S.S.U. Applications (20 copies), together with the names of two referees, should be submitted by December 1, 1959, to the Secretary, Faculty of Dental Surgery, Royal College of Surgeons of England, Lincoln's Inn Fields, W.C.2, from whom further particulars may be obtained.—R. S. Johnson-Gilbert, M.A., Secretary, Faculty of Dental Surgery. (8007)

THE UNITED BIRMINGHAM HOSPITALS

The Children's Hospital,
Ladywood Road, Birmingham, 16

RESEARCH FELLOW IN PATHOLOGY

Applications are invited for the post of Research Fellow in the Department of Pathology of the Birmingham Children's Hospital. The study to be undertaken involves study of the lung vessels in congenital heart disease and neonatal respiratory disorders. Applicants must have had previous experience in morbid anatomy. The post will carry Registrar or Senior Registrar status, and salary according to experience and qualifications. The appointment is for one year in the first place, with the possibility of extension. Application forms and further details may be obtained from the House Governor. (8032)

THE UNIVERSITY OF LEEDS

Applications are invited for appointment for a period of three years in the first instance as

LECTURER IN MEDICINE

with special experience in the modern techniques for the investigation of cardio-respiratory functions and to undertake research utilizing the experimental facilities of the Department of Medicine and the clinical resources of the hospital cardio-logical and thoraco-surgical units. The initial salary will be fixed on the scale £1,200 by £100 to £1,600 (efficiency bar) by £100 to £1,900 a year, according to age and experience. It is expected that the successful candidate will be given clinical facilities in the United Leeds Hospitals. Applications (three copies), stating date of birth, qualifications and experience, together with the names of three referees, should reach the Registrar, the University, Leeds, 2 (from whom further particulars may be obtained), not later than October 19, 1959. (8005)

Applications are invited for a
**LECTURESHIP IN EXPERIMENTAL
NEUROLOGY**

tenable in the Department of Anatomy. Candidates preferably should be medically qualified and should possess a good knowledge of neuroanatomy. Good research facilities are available. Salary scale per annum as follows: (a) non-medical candidates, £900 to £1,650; (b) medically qualified candidates, £1,300 to £2,000, with membership of F.S.S.U. and children's allowance scheme. Initial salary according to qualifications and experience. Duties to commence January 1, 1960, or as soon as possible thereafter. Applications should be sent, not later than October 15, 1959, to the Registrar, the University, Manchester, 13, from whom further particulars and forms of application may be obtained. Overseas applicants should send letters of application (no forms), giving details of qualifications and experience, and should submit the names of at least three persons to whom reference may be made. (7200)

THE UNIVERSITY OF SHEFFIELD

Following the acceptance by Professor W. Hobson of an appointment under the World Health Organization, applications are invited for the full-time

**CHAIR OF PREVENTIVE MEDICINE AND
PUBLIC HEALTH**

It is desired that the successful applicant shall begin his duties as soon as possible. Further particulars regarding these duties may be obtained from the undersigned, but they may be said generally to include the organization of teaching in Social, Preventive and Industrial Medicine; the prosecution of research; and the furtherance of the influence of the department upon other fields of academic, medical, social, and industrial work. The salary will be in the range of £2,550 to £3,000 a year (in some special circumstances £3,250), but the point of placement within the range will depend upon the future organization of the department and the degree of clinical responsibility (if any) undertaken by the Professor, together with F.S.S.U. provision and family allowance. Further particulars should be obtained from the Registrar, to whom applications (30 copies, one only from overseas candidates) should be sent by October 10, 1959. (7954)

UNIVERSITY OF ST. ANDREWS

Queen's College, Dundee

ST. ANDREW'S HOSPITAL, NORTHAMPTON For Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt., Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK—Two miles from the main hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE—This is a reception hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a department of Diathermy and high frequency treatment. It also contains laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL—The seaside house of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc. For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

WYKE HOUSE, ISLEWORTH, MIDDLESEX

Tel.: ISleworth 7000

A Private Nursing Home for the individual treatment and care of all forms of Nervous and Mental illness, including addiction. The number of patients is limited to twenty-five, and all modern treatments are available. This well-known home for men and women and the aged stands in a park of 15 acres, seven miles from Marble Arch. Resident Physicians: H. Pullar-Strecker, M.D., G. W. Smith, O.B.E., M.B.

New approach to PSORIASIS

Hitherto intractable—now good response to alphosyl

THOUGH modern medicaments have brought almost dramatic relief to many forms of skin affection, Psoriasis has so far remained intractable. Its aetiology continues to baffle investigation: many forms of tried therapy have yielded only partial or temporary results.

Now ALPHOSYL—after extensive clinical trials—shows promise of bringing total clearances in many cases of Psoriasis.

In ALPHOSYL, for the first time, are presented in combination two powerful and proved agents: allantoin and a specially refined coal tar extract. The synergistic effects of these medicaments result in rapid clearance of the condition itself and positive stimulation of the healing processes.

ALPHOSYL LOTION combines these two valuable agents in one preparation and has yielded good clinical results where other medications have failed.

Clinical Properties

ALPHOSYL LOTION

relieves the condition and promotes healing by breaking up the horny layer of psoriatic skin, removing non-viable tissue and combating both the scaling and underlying erythema and induration.

has produced successful results in cases of psoriasis when the whole of the body has been affected from scalp to toe, in cases of many years' duration or when tender areas such as the anogenital and sub-mammary regions are affected.

is safe to use, and does not cause irritation even when applied to tender areas. There are no hazards such as are present when compounds of poisonous substances are employed.

does not produce tolerance, and even if after therapy is discontinued symptoms should re-occur, there is no "rebound"—that is, they are no worse than before medication—and on resuming ALPHOSYL the condition clears up as promptly as before.

is a welcome advance cosmetically, as it is pleasant to use, non-greasy, non-staining, and vanishes on application to the skin. It may be used freely on the scalp, and is ideal for day or night use.

The impressive successes obtained with ALPHOSYL indicate that it deserves a trial in all cases of Psoriasis—no matter how extensive the area of affection, how long the duration of the condition, or whatever the therapy previously used.
