

TAMAR INDIEN,

A laxative, refreshing, and medicated Fruit Lozenge, very agreeable to take, and never causing irritation. Its physiological action assures the immediate relief and specific cure of

CONSTIPATION,

CEREBRAL CONGESTION, HEADACHE, INDIGESTION, BILE, HÆMORRHOIDS, etc., etc., by augmenting the peristaltic movement of the intestines without producing undue secretion of the liquids. Its stools are not serous, but composed entirely of mucus and abundant fecal matter. Unlike pills and the usual purgatives, it does not predispose to intestinal sluggishness, and the same dose always produces the same effect, that is to say, never needs increasing. These properties render "Tamar" invaluable to the weak and debilitated, and especially to ladies previous and subsequent to their accouchement. It is recommended by the most eminent Physicians of Paris, notably Drs. BELIN and TARDIEU, who prescribe it constantly for the above complaints, and with the most marked success.

Prepared by E. GRILLON, Pharmacien, 25, Rue de Grammont, Paris; and sold by Messrs. BARCLAY and SONS, Farringdon Street, London, and nearly all respectable Chemists. Price 2s. 6d. per box (stamped), by post 2s. 7d.

JACKSON'S INVALID LIFT,

FOR REMOVING THE PARALYTIC OR BEDRIDDEN FROM ONE BED TO ANOTHER WITH COMFORT TO THE PATIENT AND EASE FOR THE ATTENDANT

EXTRACT FROM "THE TIMES"

Of October 5th, 1870.

"A very complete and ingenious plan. It will doubtless be found most serviceable as an adjunct to a field or permanent hospital."

The opinion of several eminent medical men of London is that it is the best and easiest machine yet invented for the purpose.

PRICE TEN & FIFTEEN GUINEAS,
Or it may be Hired.

SOLE AGENT:

Mr. H. J. STUMP,

53, Bolsover Street, Great Portland Street,
LONDON, W.

CAUTION.—THE ONLY GENUINE SYRUP OF THE SUPERPHOSPHATE OF IRON, QUININE, & STRYCHNINE.

5s. 4d. per lb.

Pronounced by the highest Medical authority to possess tonic powers far exceeding all other preparations. It is always uniform in character, and has never been known to produce any unpleasant symptoms, due to its careful mode of preparation. This Syrup has been prescribed both at home and abroad for more than ten years. Its composition is as follows:—Two grains of Iron, one grain of Quinine, and the thirty-second part of a grain of Strychnine to each fluid drachm.
