**Centyl**

BENDROFLUAZIDE

*the more potent diuretic  
that promotes physiological diuresis*

---

**CENTYL—THE SELECTIVE DIURETIC**

**selective sodium and chloride excretion without potassium depletion**

Centyl is a new and improved diuretic discovered in the Leo Laboratories in Copenhagen, Denmark.

Given orally, Centyl is 100 times more potent than chlorothiazide, weight for weight, and almost twice as effective as the parenteral mercurials. Further, although the sodium excretion rate is greatly increased, potassium excretion normally remains within physiological limits. Thus Centyl, promoting physiological diuresis, approaches the criteria for the ideal diuretic.

**CENTYL promotes physiological diuresis**

Centyl is bendrofluazide: It is available in 2.5 mg. or 5 mg. tablets, in bottles of 25, 100 and 500. Average basic NHS cost of Centyl treatment is as low as 8d to 2/- per week.

**... in mental and emotional disturbance**

*of course,  
see experts  
as  
demethylchlortetracycline...*

... but for doctors who want to prescribe the most active tetracycline so far introduced into medicine, it's simpler to write LEDERMYCIN.

LEDERMYCIN demethylchlortetracycline surpasses other tetracyclines in so many ways—lower dosage, greater stability, higher therapeutic blood levels, fewer side effects. LEDERMYCIN maintains effective antibacterial action for as long as 48 hours after stopping dosage—giving added protection for the patient. These are virtues proved in clinical trials and supported by continually increasing prescription in both hospital and general practice.

# Terra-Cortril<sup>\*</sup> Spray

brand of oxytetracycline and hydrocortisone

... the new non-touch technique for

**burns**

**infected dermatoses**

**leg ulcers**

Spray treatment applies the full potency of Terra-Cortril directly on to the inflamed area. Its effect is immediate because the action is not retarded by a base.

Infection is prevented, inflammation and pain reduced, scar tissue development decisively checked and the healing process accelerated. Spray treatment prevents softening of surrounding tissue sometimes caused by dressings or ointments. The spray has a soothing effect much welcomed by patients.

Patients and nurses will find it easy and simple to use. Any part of the body can be sprayed in a few seconds.

Dressings may not be required. Spray treatment can be used with modern exposure techniques.

# NULACIN "has revolutionized the treatment of duodenal ulcer"

*"This new method of the administration of antacids (Nulacin) has revolutionized the treatment of duodenal ulcer... milk drip is no longer part of our therapeutic stock in trade."*

PROC. ROY. SOC. MED., December, 1958, 51, 1063

**N**ULACIN tablets, when allowed to dissolve slowly in the mouth, provide intragastric milk-alkali drip therapy safely and effectively for both the bed-ridden and ambulant patient. They may be relied on to provide a treatment for peptic ulcer as well as other conditions associated with gastric hyperacidity.

The safety and effectiveness of Nulacin therapy has been proven by "in vivo" clinical work carried out in many countries. References to this work include:—

Anxiety, frustration, and similar manifestations of nervous or emotional stress are known to play a vital role in the aetiology of peptic ulcer and other gastrointestinal disorders. Effective treatment of these conditions, therefore, should do more than provide transient relief of distressing local symptoms—it should also act decisively at the primary source of the trouble. 'STELABID' now places in the hands of the practitioner the means of implementing this essential dual approach to therapy.

# Nebrinal

WANDER

relaxant-  
hypnotic  
reproduces  
the normal  
sleep pattern

#### FORMULA

Each tablet contains—  
Pentobarbitone . . . . 50 mg.  
Mephensin B.P. . . . . 225 mg.  
Schedule 4

#### PACKS

Bottles of 50 and 250.

#### PRICE

Basic N.H.S. cost,  
4/- for 50 tablets.

#### DOSAGE

Average adult dose  
for insomnia—2 tablets;  
up to 4 tablets may be taken  
in severe cases.  
For general sedation—  
1 tablet every 8 to 8 hours.

Nebrinal is a balanced combination of muscle-relaxant mephensin and intermediate-acting pentobarbitone, presented in the form of specially designed 'timed-release' tablets to provide 'tapered' dosage.

The outer layer of the tablet rapidly releases about two-thirds of the two drugs to induce relaxation and sleep; the balance of the drugs is released from the inner core 3 to 4 hours later to sustain relaxed sleep on a reduced dosage.

The amount of barbiturate to be inactivated at any one time is thus kept low.

Nebrinal provides:

#### INDUCTION OF SLEEP

through relaxant *plus* hypnotic action

#### SUSTAINED EFFECTIVENESS

through 'timed-release' action

#### REFRESHED AWAKENING WITHOUT 'HANGOVER'

through 'tapered' dosage

## Clinical Neurology

**SIR RUSSELL BRAIN, BT.** *Physician, The London Hospital and the Maida Vale Hospital for Nervous Diseases*

This book is intended especially for those doctors and students who need to know only the essentials of neurology, but to know them thoroughly. Full accounts are given of all the common disorders, but most of the rarities are omitted. The approach is essentially clinical, the basic anatomy and physiology essential for each disorder being presented in concise explanatory sections that precede the clinical descriptions.

## Samson Wright's Applied Physiology

TENTH EDITION revised by

**C. A. KEELE**, *Professor of Pharmacology and Therapeutics, University of London, at the Middlesex Hospital Medical School and*

**E. NEIL**, *John Astor Professor of Physiology, University of London, at the Middlesex Hospital Medical School*

This edition has been more extensively revised than any of its predecessors without in any way sacrificing the original style and plan of the book. Both the editors worked for many years with the late Professor Samson Wright.

For this edition a new section has been added on The Special Senses, Ear and Eye. The sections on The Kidney and Body Water, Respiration, Heart and Circulation, and The Nervous System have been entirely rewritten; and the sections on Blood, Endocrine Glands, and Metabolism have been largely—though not entirely—rewritten. The remainder of the text has been thoroughly revised to bring it into line with modern teaching.

**NEW TABLET FROM GLAXO**

# Diotroxin

*to provide a more  
physiological replacement of the  
natural thyroid secretion*

The thyroid hormones, thyroxine and triiodothyronine, are now available together in one preparation called Diotroxin in the proportions in which they occur normally in the blood. It is designed to offer a more physiological replacement of the natural secretion and is of advantage in the treatment of myxoedema and other hypothyroid states.

The action of both hormones is similar but L-triiodothyronine acts more promptly with a more intense but shorter lasting effect than L-thyroxine sodium.

*Each tablet contains  
90 micrograms L-thyroxine  
sodium and 10 micrograms  
L-triiodothyronine.*

# dramatic clinical results in psoriasis

*Patient M. Adult male.  
Alphosyl treatment initiated  
7.6.58. Definite improve-  
ment observed with complete  
cessation of scaling by  
4.8.58. Treatment continued  
until lesions cleared 6.12.58.*

*Patient J. Adult female.  
Total body psoriasis  
of several years'  
duration. Alphosyl  
started 22.1.58.  
Lesions practically  
clear by 5.3.58.*

**Controlled Tests  
show  
75-100% clearances**

Impressive clinical results in the treatment of Psoriasis by ALPHOSYL continue to be recorded, and indicate most strongly that this allantoin-coal tar combination deserves a trial in all cases of:

- total scalp-to-toe psoriasis
- psoriasis of many years' duration
- psoriasis involving tender areas
- psoriasis refractory to all previous treatment

The most recent controlled study, of a group of 62 patients, shows that in 55 cases (89%) psoriatic lesions were cleared 75-100%, and nearly half

of them were "completely cleared." In ALPHOSYL, for the first time, are presented in combination two powerful and proved healing agents: allantoin and a specially refined coal tar extract. The synergistic effects of these medications result in rapid clearance of the condition and positive stimulation of the healing process. ALPHOSYL is notably safe to use and promotes no irritation or tolerance. It is a non-greasy, non-staining lotion vanishing on application to the skin and is thus a welcome advance cosmetically.

# alphosyl

FORMULA : Special coal tar extract 5% and  
allantoin 2% in a smooth, non-greasy

## make a summer?

Opinions may vary, but one thing is certain. If doctors are going to enjoy anything of the summer themselves, they are going to need something that cuts down the time spent on treating the numerous skin conditions they will meet. Conditions such as infected cuts, wounds and abrasions, sycosis, folliculitis, impetigo, and so on, respond well to ACHROMYCIN OINTMENT. Recovery is usually rapid—often dramatic, and the sensitizing potential of the Ointment is extremely low.

Immediate action is the key to successful treatment of migraine. And 'Migril' is tailor-made for such action. The tablets can be taken anywhere—at any time—to avert an attack. And thanks to their adequate content of ergotamine, they provide really prompt relief. Each tablet contains 2 mgm. ergotamine tartrate; yet this dosage can be taken with minimal risk of nausea or vomiting—for 'Migril' also incorporates the powerful anti-emetic, cyclizine hydrochloride. Caffeine is added, too, to potentiate the action of ergotamine. For these good reasons the patient who carries 'Migril' carries constant insurance against attacks.

**'migril'**

# For Ladies in distress

Whenever your patients' lives are complicated by anxiety and tension, particularly before and after menstrual periods and the menopause,

Equanil\* will allow you to restore their repose safely and reliably. It is the selective, daytime sedative. It relaxes mind and muscle without clouding consciousness or impairing judgement.

Prescribe Equanil for your next 'lady in distress'.

# Equanil

Bottles of 20 and 250 meprobamate tablets — 400 mg. and 200 mg. (Equanil H.S.). \*trade mark

## For the relief of osteo-arthritic pain

Valtorin's fifty per cent longer action makes it most suitable for long-term treatment. Because there is no interruption of analgesia between recommended doses patients' sleep is not disturbed by a recurrence of pain. No tinnitus, constipation or blood dyscrasias have resulted from prolonged treatment.

A recent investigation calls Valtorin a most useful addition to the limited number of preparations that may be used for long periods to relieve pain caused by osteo-arthritis.

## Laying the ghost

Reading to chill your spine and raise your hair is one thing: hearing sudden bumps and groans of anguish in your own home is another that will certainly follow if your wife trips over the Baskerville hound lying dog-eared in a corner or finds the House of Usher fallen in the middle of her housework. Then she's liable to turn your spectres out lock, stock and barrel—and no poltergeist could compete with that! Keep your family phantoms harmless (and unharmed) in a Minty bookcase. Neat and elegant, with sliding glass doors to keep out the dust, it will allow your ghosts to materialise into an orderly gathering so that your wife can do her housekeeping without that haunted look in her eyes. Minty bookcases are sectional, so they can grow to accommodate every member of the spirit world, from Hamlet's father to the whole household of Borley Grange. They can be started from £10.16.0d.—or on deferred terms if you wish. Only at Minty Centres can you see and buy Minty bookcases (and furniture). These Centres are situated so that Minty is within reasonably easy reach of most people, but if for any reason you can't call, Minty will be glad to send you catalogues and full details of ordering by post. Write to Dept. B.11, Minty Ltd., 44-45 High Street, Oxford.

AGAINST

## asthma

Control of asthma takes an important step forward with the introduction of 'Asmaval'. Here is a combination of ephedrine with the non-barbituric sedative, 'Distaval' (thalidomide). Not only is this sedative exceptionally safe but highly efficient; it does not give rise to respiratory depression and has a low incidence of allergic reactions. 'Asmaval' is, therefore, admirably suited for routine preventive use—even for the young asthmatic.

# 'Asmaval'

TRADE MARK

Each tablet contains:

Thalidomide ('Distaval') 12.5 mg.

Ephedrine hydrochloride 20 mg. (½ gr.)

DOSAGE: One or two tablets three times daily; appropriately less for children.

PACKS and BASIC N.H.S. PRICE:

Tubes of 25 tablets — 2/-

Bottles of 100 tablets — 6/-

For patients with marked involvement of  
trunk and abdominal muscles

*Spencer*

**IS the support of choice**

Spencer Supports are therapeutically effective as treatment aid in convalescent and chronic poliomyelitis, especially where there is involvement of trunk and abdominal muscles. The patient pictured at left is a typical example. This female child is shown 16 months following acute poliomyelitis. Note residual paralysis of abdominal muscles, scoliosis, and marked lordosis. Treatment for this patient included Spencer Spinal Support (as shown) to help maintain and correct body alignment and to help prevent further development of deformity. A Spencer abdominal Spring Pad\* was incorporated in the support to aid respiration and to compensate for paralysed abdominal muscles.

Spencer is the support of choice because: each Spencer Support is *individually designed, cut, and made* according to the medical indications for each patient.

## APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

### SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

#### Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £972 8s. per annum in the first year; £1,103 19s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,258 8s. per annum in the first year; £1,372 16s. per annum in the second year; £1,487 4s. per annum in the third year; £1,601 12s. per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

#### Other Grades, Whole-time

##### (a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners**: £486 4s. per annum for the first post held; £543 8s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £543 8s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) **Fully registered medical practitioners**: £600 12s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £852 6s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £886 12s. by £57 4s. to £1,229 16s. per annum. If the post is resident a deduction of £170 per annum is made.

**ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF (20/11/59)**

**NORTHERN NIGERIA**

**ONE SPECIALIST or SENIOR SPECIALIST**  
**(Tuberculosis)**

required on contract for two tours each of 12 to 24 months.

Qualifications: M.R.C.P. or T.D.D., with at least five years' experience in the practice of Tuberculosis. For a holder of the T.D.D. only another specialist qualification, particularly the D.P.H., would be an advantage.

Duties: To be responsible for the treatment of Tuberculosis patients in the station to which he is posted, and to tour and advise on tuberculosis in all hospitals in Northern Nigeria. He is also expected to pursue research, particularly into the incidence of infection and type of tuberculosis in Northern Nigeria.

Emoluments: (1) Salary, £2,988 (T.D.D.) or £3,240 (M.R.C.P.) per annum, according to qualifications and experience. £100 per annum is paid as Staff pay in being extramural private practice.

(2) Children's Allowance, £120 in respect of one child, £216 in respect of two, and £288 in respect of three children eligible.

(3) Clothing allowance of £45 on first appointment.

(4) Resettlement Gratuity of £37 10s. for every three months of service, inclusive of earned leave, paid on satisfactory completion of contract.

(5) Free first-class passages for officer and wife on appointment and on leave, and assistance towards children's passages.

Leave: Generous home leave on full pay.

Applicants should write to the Recruitment Secretary (Overseas), Northern Region Recruiting Agency, Nigeria House, 9, Northumberland Avenue, London, W.C.2. (4819)

**THE GOVERNMENT OF**  
**NORTHERN NIGERIA**

**MEDICAL OFFICERS**

required on contract for two hours, each of 15 to 24 months.

Qualifications: The officer must be a fully qualified medical practitioner with a qualification entitling him to permanent or temporary registration in the United Kingdom.

Duties: The officer appointed will be required to carry out such duties as may be assigned to him by the Permanent Secretary, Ministry of Health. These may involve taking charge of a large hospital and its administrations, or touring a medical area, or undertaking Rural Health duties, which will require living under bush conditions.

Emoluments: (1) Salary in an incremental scale, gross minimum £1,608, maximum £2,568, entry point according to experience.

(2) Children's Allowance, £120 in respect of one child, £216 in respect of two, and £288 in respect of three children eligible.

(3) Touring Equipment Allowance of £40 and clothing allowance of £45 on first appointment.

(4) Resettlement Gratuity of £37 10s. for every three months of service, inclusive of earned leave, paid on satisfactory completion of contract.

(5) Free first-class passages for officer and wife on appointment and on leave, and assistance towards children's passages.

Leave: Generous home leave on full pay.

Applicants, both men and women, who should preferably be not over 45 years of age, should write to the Recruitment Secretary (Overseas), Northern Region Recruiting Agency, Nigeria House, 9, Northumberland Avenue, London, W.C.2. (4821)

Complete guide to medical examinations sent free on application. Applicants should state in which qualification they are interested. Only address: 19, Welbeck Street, London, W.1.

**POSTAL COACHING FOR ALL MEDICAL EXAMINATIONS.** Examination successes, 1946-59: M.R.C.P.Lond., 227; F.R.C.S.Eng., Final, 363; M. and D.Obst.R.C.O.G., 428; D.A., 342; D.C.H., 242; University and Conjoint Finals, 730. Up-to-date courses for the above and for the Primary F.R.C.S., M.R.C.P.Edin., F.R.C.S.Edin., D.P.H., F.F.A., D.P.M., D.O., D.L.O., D.I.H., D.T.M.&H., D.M.R.D. and D.M.R.T. (Part 2). Assistance with M.D. Thesis. Prospectus, list of tutors, etc., on application to G. E. Oates, M.D., M.R.C.P.(Lond.), University Examination Postal Institution, 17, Red Lion Square, London, W.C.1. 'Phone HOLborn 6313.

## PADDINGTON GROUP HOSPITAL MANAGEMENT COMMITTEE

### The Tavistock Clinic

### DISCUSSION GROUP SEMINAR ON PSYCHOLOGICAL PROBLEMS IN SPECIALIST AND HOSPITAL PRACTICE

It is planned to start a course of eight to ten discussion meetings for a limited number of non-psychiatric senior registrars and registrars. Meetings will probably be held on Thursday, 7.30 to 9.30 p.m. Admission free. Apply in writing for further particulars to Medical Director, Tavistock Clinic, 2, Beaumont Street, W.1, stating possible times for attending. (5591)

## THE UNIVERSITY OF BIRMINGHAM BOARD OF GRADUATE STUDIES

### GASTRO-ENTEROLOGICAL SYMPOSIUM

A Gastro-enterological Symposium for Consultants, S.H.M.O.s and Senior Registrars will be held at the Queen Elizabeth Hospital, Birmingham, on October 21-22, 1960. The fee for the Symposium is 7 guineas, which includes coffee, lunch and tea on both days, and dinner on October 21. Cheques made payable to the University of Birmingham must be forwarded with applications to attend, which should be addressed to Dr. A. G. W. Whitfield, Chairman, Board of Graduate Studies, The Medical School, Birmingham, 15. (5627)

## UNIVERSITY OF MANCHESTER

A short intensive course in the Practice of Industrial Medicine will be held in the Department of Occupational Health from Monday, October 31, to Saturday, November 5, 1960, inclusive. The course is designed to meet the needs of full-time and part-time Industrial Medical Officers. Part-time Industrial Medical Officers who are in General Practice will be able to apply for a Ministry of Health grant under Section 48 of the N.H.S. Act. Numbers will be strictly limited. Registration fee £9. Applications should be sent to Secretary, Nuffield Department of Occupational Health, Clinical Sciences Building, York Place, Manchester, 13, from whom further particulars may be obtained. (5628)

## UNIVERSITY OF ST. ANDREWS POSTGRADUATE MEDICAL EDUCATION

### COMBINED CLINICAL AND MEDICAL SCIENCES COURSE

Graduates in Medicine and Surgery are invited to make application for a combined Clinical and Medical Sciences Course to be held in Queen's College, Dundee, from October, 1960, to March, 1961.

All those taking the Combined Clinical and Medical Sciences Course will have:

(1) A clinical attachment in the special subject of their choice. In 1960-61 the following subjects will be offered:

GENERAL SURGERY	HAEMATOLOGY	PSYCHIATRY
GENERAL MEDICINE	INFECTIOUS DISEASES	OPHTHALMOLOGY
CARDIOLOGY	RESPIRATORY DISEASES	OTO-RHINO-LARYNGOLOGY
CARDIO-VASCULAR SURGERY	OBSTETRICS	ORTHOPAEDICS
ENDOCRINOLOGY	GYNÆCOLOGY	
DERMATOLOGY	PAEDIATRICS	

(2) A supervisor who would guide their reading and laboratory work in relation to their specialty, and

(3) All would attend the medical sciences course.

The number accepted for this educational programme will be small and only one or at the most two candidates will get an attachment in each special subject.

The Eastern Regional Hospital Board will give the successful candidate an honorary clinical assistantship within the Unit where he is studying the special subject of his choice.

The Supervisor will not only guide the reading and laboratory work of the student but will in appropriate cases allow him to take part in current research programmes.

The objective of the medical sciences course which all the postgraduates, whether medical, surgical, or other specialists, will follow is to bring the postgraduate student up to date on current trends in the medical sciences which are of importance to future medical developments.

In addition to this course, the Medical School offers weekly open postgraduate lectures by distinguished visitors and a course of lectures on scientific methods which postgraduate students in the school will be free to attend.

The fee for the course will be £36. Applications should be submitted before September 1, 1960, to the Dean of the Faculty of Medicine, University of St. Andrews, Queen's College, Dundee, from whom further information may be obtained.

### POSTGRADUATE COURSE IN ANATOMY AND PHYSIOLOGY

Graduates in Medicine and Surgery are invited to make application for a Course in Anatomy and Physiology (including Biochemistry) to be held in the pre-clinical Departments of St. Salvador's College, University of St. Andrews, from October, 1960, to March, 1961.

The number of graduates accepted for this course will be small. They will be attached to, and expected to take some part in the work of, the Anatomy and Physiology Departments.

Instruction will be given, formally and informally, in systematic, practical, and applied aspects of Anatomy, Physiology, and Biochemistry, and students will be afforded opportunity of gaining experience in methods to be individually selected. They will be required to take part in tutorial discussions both with members of staff and with medical undergraduates, and to make themselves familiar with current teaching.

The Anatomy Department is responsible for the teaching of Histology, and has particular interests in Bone, Arthrology, Heart and Central Nervous System.

The Department of Physiology and Biochemistry operates a course in Applied Physiology and Biochemistry for senior medical students, and is equipped to supervise techniques in Neurophysiology and Neurochemistry, Protein and Carbohydrate Chemistry, and various aspects of Medical Biophysics.

The fee for the course will be £36. Applications should be submitted before September 1, 1960, to the Dean of the Faculty of Medicine, University of St. Andrews, Queen's College, Dundee, from whom further information may be obtained.

**Educational and Lectures—contd.**

**SOCIETY OF APOTHECARIES OF LONDON.—DIPLOMA IN INDUSTRIAL HEALTH.** The next examination will begin on Monday December 5, 1960. The following examination will begin on Monday, July 10, 1961. For regulations apply Registrar, Apothecaries Hall, Black Friars' Lane, London, E.C.4.

**THE INSTITUTE OF INDIVIDUAL PSYCHOLOGY** and Social Psychiatry invites applications from medical postgraduates for part-time theoretical and practical training in psychotherapy, starting in the autumn. Particulars from the Secretary, 9, Weymouth Street, W.1. (5590)

## ST. ANDREW'S HOSPITAL, NORTHAMPTON For Nervous and Mental Disorders

President: The Earl Spencer, Medical Supt., Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M.

This registered hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological, and pathological examinations. Private rooms with special nurses, male or female, in hospital or in one of the numerous villas in grounds of the various branches can be provided.

**MOULTON PARK.**—Two miles from the main hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

**WANTAGE HOUSE.**—This is a reception hospital in detached grounds, with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods: insulin treatment is available for suitable cases. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a Department of Diathermy and high-frequency treatment. It also contains laboratories for biochemical, bacteriological, and pathological research. Psychotherapeutic treatment is employed when indicated.

**BRYN-Y-NEUADD HALL.**—The seaside house of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 34354 (3 lines)), who can be seen in London by appointment.

# Osmosis

## and a non-irritant aperient

THE USE of harsh purgatives is widely, and rightly, under criticism, and it is worth drawing attention to the fact that there is a generally used aperient that operates by an entirely different principle.

Andrews functions *osmotically*. The balanced mixture of salts in its formula draws water through the walls of the bowel, increasing the fluid content. It does *not* irritate the intestine, but produces easy evacuation without griping.

The action of Andrews is thus as simple and natural as any aperient can be. It has further advantages. It is mildly alkaline, improves the flow of bile and helps to check biliousness and sick headaches. And its pleasant taste makes it readily acceptable to patients of all ages.

## QUICKLY READY TO HAND

### London Hospital Catgut in non-splintering 'spot' tubes

Speed is a matter of urgency in the Operating Theatre—which is why the London Hospital 'spot' tubes are so popular. Just a slight pressure, and instantly the tube breaks cleanly at the 'spot' position, and the sterilised suture is ready for use.

*These are the advantages :*

- The spot indicates the exact breaking point of the tube.
- If the thumbs are placed about  $\frac{3}{4}$ " apart, exactly opposite the spot, the tube breaks cleanly and easily under slight pressure.
- No filing is needed, no instruments required, no need to hold the tube in a swab.
- There are no dangerous glass splinters.

*Always use* **L**ondon **H**ospital **C**atgut
