SAFE

Rastinon (tolbutamide) has been proved to be *completely safe*—in clinical trials and in routine usage—by over 1,250,000 diabetics. It has fewer side-effects than any other oral anti-diabetic substance and no serious side-effects have ever been reported.

EFFECTIVE

Over 1,000 published articles substantiate the effectiveness and safety of Rastinon.

RESEARCH . . .

THE FUTURE . . .

AND HOECHST

The great German pharmaceutical company, Farbwerke Hoechst A.G., last year celebrated its seventy-fifth anniversary. It could look back on many outstanding developments in medical science that it had introduced—ranging from the first diphtheria antitoxin, to Rastinon, the established oral treatment of diabetes.

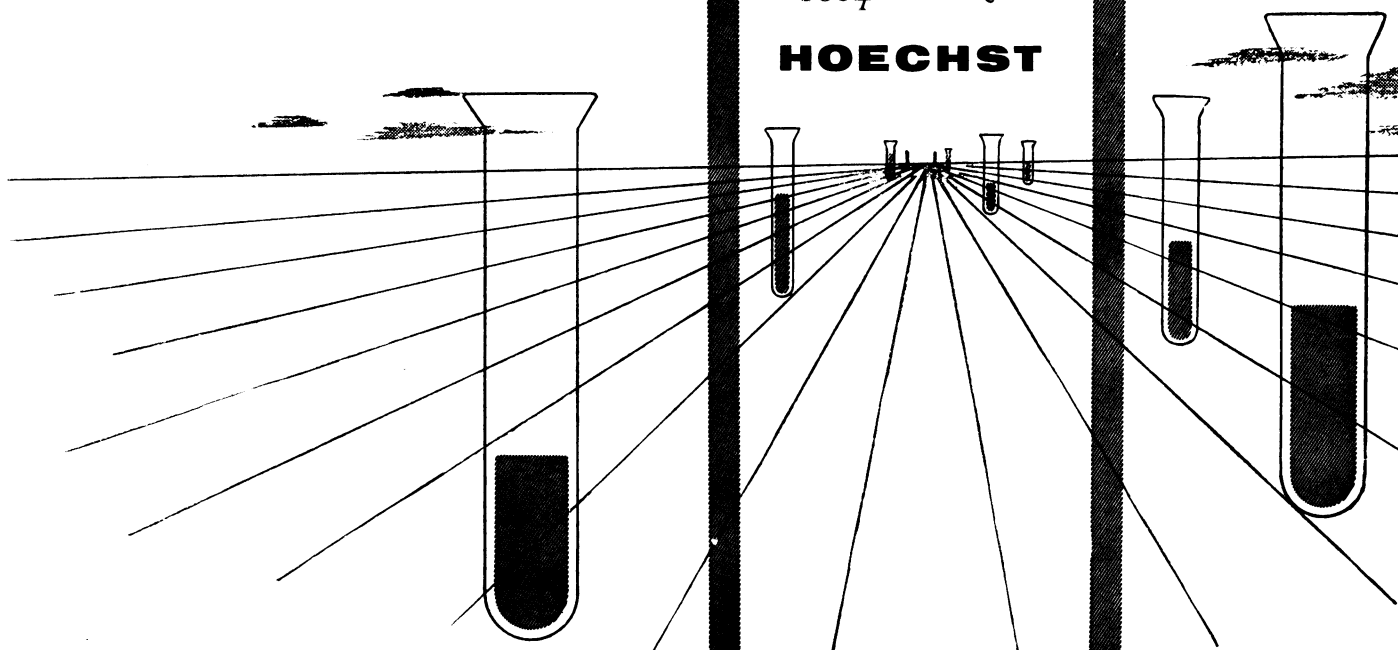

Today, in the Pharmacopoeia of every country are listed drugs originated at Hoechst; for example, in the British Pharmacopoeia 1958 are listed Procaine, Epinephrine, Mersalyl, Tetracaine, Pethidine, Methadone, and Normethadone, each one of which was discovered in the Hoechst laboratories.

300 graduate scientists — chemists, doctors, pharmacists — are employed by Hoechst in Frankfurt on pharmaceutical research alone. They work in ultra-modern laboratories, with all the equipment they could possibly need.

The promise from Hoechst is of even greater achievement in the discovery of new weapons against disease.

DEEP SKIN PENETRATION IN ARTHRITIS AND RHEUMATISM

NICOTINIC, SALICYLIC AND p-AMINOBENZOIC ACIDS in Ester form

IN CASES of soft-tissue rheumatism, and arthritic disorders, many doctors are tending more and more to regard Transvasin as an indispensable adjuvant to treatment.

For Transvasin is composed of the esters of nicotinic, salicylic and p-aminobenzoic acids. These esters readily pass the skin barrier in therapeutic quantities, and so enable an effective concentration of drugs to be built up where they are needed.*

Transvasin not only induces vasodilatation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

**Therapeutische Umschau* 1952, 8, 143

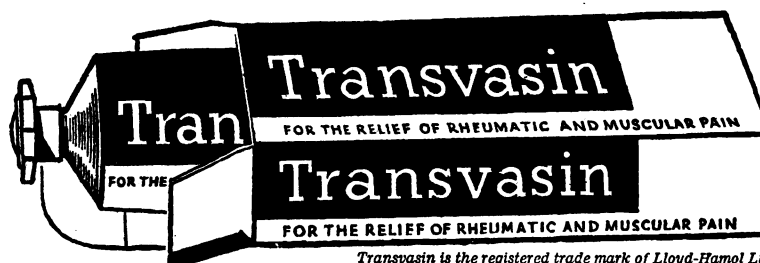

LLOYD-HAMOL LIMITED

11 Waterloo Place, London, S.W.1. Whitehall 8654/5/6

Transvasin is available in 30g. tubes, N.H.S. price in the U.K. 2/6 plus P.T., and is not advertised to the public. Samples and literature will be gladly sent on application.

SOUND PRACTICE

The new British National Formulary sounds a note of commendation for sulphadimidine. We would like to remind you that this valuable drug—introduced 18 years ago by I.C.I. under the name 'Sulphamezathine'—is today's most widely prescribed sulphonamide.

IMPERIAL CHEMICAL INDUSTRIES LIMITED

Still the best sulphonamide for routine use ...

The British National Formulary 1960 again confirms the pre-eminence of sulphadimidine amongst sulphonamides and draws attention to the following advantages :—

- * Probably the best sulphonamide for routine use.
- * Particularly suitable for children.
- * A compound of high activity.
- * Produces high blood levels when given six hourly.
- * Toxic effects are rare.
- * Fulfils all the theoretical advantages of a sulphonamide mixture.

In addition, it is worthy of note that 'Sulphamezathine' is featured as the drug of first choice for urinary tract infections and for bacillary dysentery.

The History of Bacteriology

The Late WILLIAM BULLOCH, F.R.S.

The text of the book is an expansion of the Heath Clark Lectures delivered in 1937. When first published in 1938 it was the first complete history of bacteriology to have been written, and so it remains today. It is reprinted in its original form, as an attempt to bring this history nearer to the present day would have created so crowded a picture that much of the original value of the work would have been lost, and little gained since recent events are fully documented already.

Clinical Neurology

SIR RUSSELL BRAIN, BT.

This is an essentially clinical approach to diseases of the nervous system—anatomical lesions responsible for the signs and symptoms are discussed only in so far as they are relevant to the clinical condition. This makes for easy reading as the basic anatomy essential for an understanding of nervous diseases is presented in concise explanatory sections to each clinical condition. No attempt has been made to deal with all nervous diseases—but full accounts are given of those of common occurrence.

Samson Wright's Applied Physiology

TENTH EDITION. Revised by C. A. KEELE, and E. NEIL

This edition has been more extensively revised than any of its predecessors without in any way sacrificing the original style and plan of the book. Both the editors worked for many years with the late Professor Samson Wright.

For this edition a new section has been added on The Special Senses, Ear and Eye. The sections on The Kidney and Body Water, Respiration, Heart and Circulation, and The Nervous System have been entirely rewritten; and the sections on Blood, Endocrine Glands, and Metabolism have been largely—though not entirely—rewritten. The remainder of the text has been thoroughly revised to bring it into line with modern teaching.

'ONLY SIX DAILY, DOCTOR '

Two new additions to the WANDER range of Pasinah products will provide greater convenience for your patients during their tuberculothrapy and gain their closer collaboration because each will give a full daily regimen in only six cachets ●●●●●●

PASINAH-6PH WANDER PASINAH-302

for regimens of 10 g. Sodium PAS and 200 mg. Isoniazid.

Each 'Pasinah-6PH' cachet contains:

Sodium Aminosalicylate B.P. . . . 1.67 g.
Isoniazid B.P. 33.3 mg.
thus giving in 6 cachets the total daily drug quantities (10 g. Sodium PAS and 200 mg. Isoniazid) which the M.R.C. originally recommended to be given in eight '10PH' cachets.

for regimens of 12 g. Sodium PAS and 300 mg. Isoniazid.

Each 'Pasinah-302' cachet contains:

Sodium Aminosalicylate B.P. 2 g.
Isoniazid B.P. 50 mg.
thus giving in 6 cachets the above daily drug quantities.

Note—For easier swallowing 'Pasinah-6PH' and 'Pasinah-302' cachets are smooth, without sharp edges.

*Rx 'PASINAH-6PH' and 'PASINAH-302', and reduce the known dangers which may result from drug default. Flexibility of single dosage is maintained: 3 cachets twice daily or 2 cachets three times daily, according to your instruction.
Packs: Tins of 180 cachets (30 days' supply) and 540 cachets (90 days' supply) packed in daily units of 6 cachets.*

in the treatment of
peptic ulcer

ROTER

has particular
advantages

ROTER achieves a high cure rate and often gives effective control of even refractory chronic cases which have resisted other treatments.

ROTER in many cases obviates the need for hospitalization or surgical intervention.

ROTER helps patients to keep ambulant and symptom-free with a minimum of medication and with few, if any, dietary restrictions.

ROTER in general practice enables the physician to take adequate care of his gastric cases without frequent or prolonged supervision.

ROTER has no known side effects.

ROTER requires no supplementary medication such as sedatives or anti-spasmodics.

ROTER shows a saving in cost when compared with conventional methods of treatment.

HAPPY FAMILIES

Dulcolax works every time. From infancy to extreme old age there is no condition, no circumstance in which Dulcolax tablets or suppositories cannot be used routinely and predictably with complete safety. Dulcolax brings about a single, effortless motion, formed and soft, without diarrhoea or rebound constipation. Dulcolax is not "just another laxative". It is unique. It is used, and has been clinically approved, in almost every country in the world.

— Except, of course, cases of intestinal obstruction.

care
of
the
discharged
mental
patient . . .

Excerpt from "Chlorpromazine and Schizophrenia - The Role of the General Practitioner." The Practitioner, 184, 338-344, 1960.

" . . . Schizophrenic patient seldom manifest serious side-effects on this dosage (100 mg. t.d.s.) . . . Chlorpromazine . . . has received a thorough assessment and it seems that at present it may be considered the most reliable drug to use in the majority of cases. Even if the other drugs do prove successful, it is probable that some patients will respond better to chlorpromazine than anything else, and because of this it is likely to be of use to general practitioners for at least some time to come."

The fact that the walls of the dishes made by the most up-to-date manufacturing processes are free from bubbles, streaks, rings and discoloration, guarantees undisturbed examination and accurate counting of the microbe colonies.

Its material, in accordance with the use to which the dish is put, resists perfectly to chemical and thermal effects.

The glass does not contain any harmful internal tension detectable with an optical stress tester and this circumstance guarantees the high breaking strength necessary during sterilization in an autoclave.

NARPHEN is a new, potent analgesic with 3 to 10 times the pain-relieving power of morphine. Being a true analgesic, sedation, hypnosis and narcosis are markedly less than with morphine or pethidine.

Narphen is valuable for relieving severe and persistent pain when to impair consciousness or mental clarity would be undesirable. With Narphen, degrees of sedation and hypnosis can be controlled separately, irrespective of the depth of pain.

Narphen has fewer and less serious side-effects than morphine. It causes less hypotension and respiratory depression. Nausea, vomiting and constipation are rare.

an analgesic superior to morphine

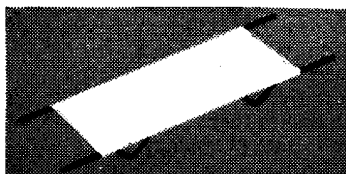

- 3-10 times more powerful
- quicker-acting and longer-lasting analgesia
- milder and fewer side-effects
- less physical dependence

'Narphen' is SNP brand phenazocine (2'-hydroxy-5,9-dimethyl-2-phenethyl-6,7-benzomorphan hydrobromide)

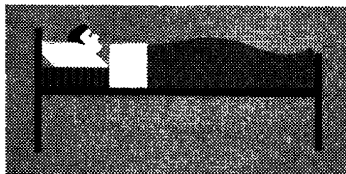

'Narphen' is a trade mark of T. J. Smith & Nephew Ltd.

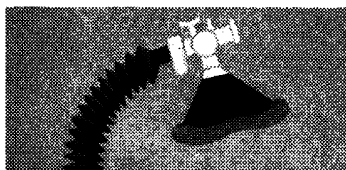

Smith & Nephew Pharmaceuticals Limited
WELWYN GARDEN CITY · HERTFORDSHIRE

in emergencies—After accidents and in orthopaedic and cardiac emergencies, Narphen gives quick and certain relief of acute, severe pain, with maximum sedative effect

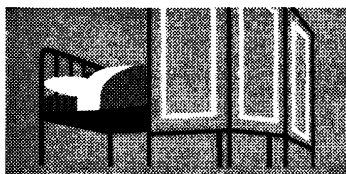

in malignant disease—For alleviation of chronic pain over long periods, Narphen is especially valuable because patients remain co-operative and in full possession of their faculties

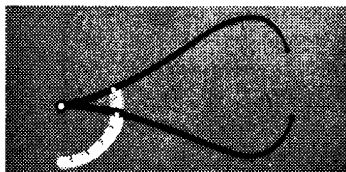

as an adjunct to anaesthetics—pre-operatively and during operation

N A R P H E N

in post-operative pain and restlessness—Narphen reduces pain perception during the recovery period with a minimum of respiratory or cardiovascular effect

in obstetrics—Narphen reduces pain and apprehension during labour without interfering with uterine contraction

NARPHEN is presented in 1.1 ml. ampoules each containing 2 mg. phenazocine hydrobromide per ml. in aqueous solution.

In boxes of 10 and 100 ampoules. Basic N.H.S. cost 15/- and 120/-. Exempt from Purchase Tax.

No tears, no tantrums with

Tancolin

the tangerine-flavoured COUGH LINCTUS

TANCOLIN is specifically formulated for children between the ages of six months and 12 years. The pleasant tangerine flavour makes an immediate appeal even to the most unco-operative child patient.

TANCOLIN is freely prescribable on E.C.10 (Category 3/4). An ever-increasing demand indicates full acceptability as a treatment for the distressing cough associated with the Common Cold, Broncho-spasm, Bronchitis and most Inflammatory and Catarrhal affections of the respiratory tract.

NULACIN "has revolutionized the treatment of duodenal ulcer"

"This new method of the administration of antacids (Nulacin) has revolutionized the treatment of duodenal ulcer... milk drip is no longer part of our therapeutic stock in trade."

PROC. ROY. SOC. MED., December, 1958, 51, 1063

NULACIN tablets, when allowed to dissolve slowly in the mouth, provide intragastric milk-alkali drip therapy safely and effectively for both the bed-ridden and ambulant patient. They may be relied on to provide a treatment for peptic ulcer as well as other conditions associated with gastric hyperacidity.

The safety and effectiveness of Nulacin therapy has been proven by "in vivo" clinical work carried out in many countries. References to this work include:—

Current Status of the Medical Treatment of Peptic Ulcer, *Med. Times*, January, 1958, 1, 74

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £972 8s. per annum in the first year: £1,103 19s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,258 8s. per annum in the first year: £1,372 16s. per annum in the second year: £1,487 4s. per annum in the third year: £1,601 12s. per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners**: £486 4s. per annum for the first post held; £543 8s. per annum for the second and all subsequent posts held: provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £543 8s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) **Fully registered medical practitioners**: £600 12s. per annum for any post held: provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £852 6s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £886 12s. by £57 4s. to £1,229 16s. per annum. If the post is resident a deduction of £170 per annum is made.

THE B.M.A. SCHOOL FEES PLAN
(not applicable to Eire)

just introduced, has been designed for Members of the B.M.A. faced with the problem of providing a suitable education for their children. The Plan:

1. Relieves anxiety concerning the payment of heavy School fees within a concentrated period.
2. Offers quite exceptional facilities and ensures that money is available for School fees as they arise and for the repayment of any sums borrowed under the Plan.
3. Provides a first-class investment coupled with Life Assurance protection at most favourable rates.

Full details are available from the M.I.A.

STANDARD-VACUUM OIL COMPANY

has the following openings with an affiliated company in Sumatra, Indonesia, for staff from the United Kingdom:

MEDICAL OFFICERS

with approximately three years' practice for general duties in well-equipped hospitals and clinics. Experience in anaesthetics or obstetrics will be an advantage. Free housing. Salaries in excess of B.M.A. recommended scales. For further information write to the Medical Director, Standard-Vacuum Oil Company, Africa House, Kingsway, London W.C.2.

THE COLONIAL DEVELOPMENT CORPORATION intends to recruit a few Medical Officers at attractive salaries dependent on experience, for secondment to some of its projects overseas. In most cases there is only one doctor on the company staff and his duties include general medicine, surgery, midwifery, and preventive medicine. There are sometimes opportunities for private practice. A D.T.M.&H. or experience in tropical medicine is desirable but not an essential qualification. Conditions of service are good; tours of duty are usually not more than two years, and these are followed by long leaves in the United Kingdom. Passages for families are paid, and in certain circumstances assistance towards the education of children is given. Accommodation is either free or at a nominal rent. An outfit allowance is paid and there is a contributory pension scheme. Doctors with medical qualifications registrable in the United Kingdom should write to the Personnel Officer, 33 Hill Street, London W.1, or telephone Mayfair 8484 (Ext. 26), quoting Serial No. 437. (9264)

THE STAMFORD HOSPITAL, Stamford,
Connecticut, U.S.A.**ROTATING INTERNSHIPS, available July, 1961**

Modern 310-bed general hospital on Atlantic seaboard, 45 minutes from New York City. Provides rotation through Departments of Surgery, Medicine, Obstetrics, and Paediatrics. Fully approved by the American Medical Association and U.S. Exchange-Visitor Programme. Stipend, \$1,800 per year, plus full maintenance for single physicians. Married physicians receive \$1,200 maintenance grant in lieu of maintenance. Additional travel allowance of \$300. Two-week vacation during year. Completely furnished apartments on hospital grounds available at low cost. U.S. Immigration officials have permitted limited travel in U.S. following completion of internship. Candidates should be recent graduates and must meet requirements of Educational Council for Foreign Medical Graduates. Information will be provided by the Administrator of the Stamford Hospital, Stamford, Connecticut; also enquiries may be directed to Mr. Arthur Shaw, Medical Agent, 61 Rodney Street, Liverpool 1.

UNIVERSITY OF ADELAIDE**Applications are invited for a senior**
NUFFIELD RESEARCH FELLOWSHIP
in the Department of Microbiology

A candidate, who may be a graduate in either medicine or science, should have had several years of research experience. If the applicant has a line of research which he wishes to continue, it should be in the general field of immunology. Dependent on experience, the Fellowship will carry emoluments within the range £A.2,450-£A.2,900. The appointment is on an annual basis and is renewable up to a maximum of three years. Travelling allowance will be provided on the same basis as for senior lecturers in the university. Enquiries for further information should be directed to the Registrar. Applications, giving particulars of qualifications, experience and marital status, a list of publications, and the names and addresses of two referees of whom enquiries may be made, should reach the Registrar, The University of Adelaide, Adelaide, South Australia, not later than October 20, 1960. (9334)

UNIVERSITY OF MELBOURNE**ENDOCRINOLOGIST**

Applications are invited for position of First Assistant in the Prosectorial Unit at the Royal Women's Hospital. The Royal Women's Hospital is a teaching hospital in obstetrics and gynaecology. There are approximately 8,000 deliveries per annum and 160 gynaecological beds in the hospital. A new Endocrine Clinic is to be formed at the hospital and it will be the duty of the appointee to assist in the development of this clinic. The salary range is £A.3,350 to £A.4,000 per annum. Superannuation similar to F.S.S.U. will be provided. The appointee will be expected to begin duty in January, 1961. Conditions of appointment may be obtained from the Secretary, Association of Universities of the British Commonwealth, 36 Gordon Square, London W.C.1. Applications close, in Australia and London, on October 31, 1960. (9335)

UNIVERSITY COLLEGE HOSPITAL
Ibadan, Nigeria**ANAESTHETIC REGISTRAR**

Applications are invited from medical practitioners with the requisite postgraduate experience for the post of Anaesthetic Registrar. The salary offered is £1,452, rising by one annual increment to £1,512 per annum. An inducement addition of £270 per annum during first year and £300 per annum subsequently is payable. The hospital is recognized for the F.F.A. Candidates should either hold the D.A. or be qualified to take it. The appointment will initially be for one tour of 12 months, renewable by mutual agreement for a second tour. On satisfactory completion of service, a gratuity of £37 10s. will be paid for each completed term of three months' service. Partly furnished quarters are provided at a rental of 81% of basic salary. An expatriate doctor will be eligible for seven days' leave on full pay for each completed month of service, while a Nigerian doctor is eligible for five days' leave for each completed month of service. Free air passages by tourist class or free first-class passages by sea to Nigeria are provided for overseas doctors and their wives on first appointment, on vacation leave, and on completion of the agreement. Candidates will be eligible for children's allowances in accordance with the existing regulations. Arrangements can be made to enable doctors to continue their N.H.S. Superannuation Scheme Contributions, and details of the revised salary and gratuity payable in such cases will accompany application forms. Applications should be submitted not later than October 8, 1960, on the appropriate forms, which will be forwarded, together with additional information, on receipt of an addressed foolscap envelope by the Adviser on Staff Recruitment, London Office, University College Hospital, Ibadan, 91 Regent Street (Third Floor), London W.1. (9346)

THE MUNICIPAL COUNCIL OF NDOLA
Northern Rhodesia**APPOINTMENT OF MEDICAL OFFICER OF**
HEALTH

Applications are invited for the above appointment from suitably qualified medical practitioners holding a Diploma in Public Health, whose qualifications are registrable in Northern Rhodesia. The duties of the post are basically similar to those of a similar post in the United Kingdom. Salary within the scale £2,580 by £150 to £3,030 per annum, plus a temporary variable cost of living allowance at present 5% of basic salary. Commencing salary to be determined according to qualifications and experience. The appointment is to the permanent establishment, subject to satisfactory completion of a six months' probationary period of service, and is terminable by three months' notice, in writing, on either side. Married male officers receive a housing allowance of £27 10s. per month, deducted as rental if Council provides accommodation, and other officers receive an allowance of £12 10s. per month. Leave is granted of 3½ working days per completed month of service, accumulative to a maximum of 107 days. Boat fares and first-class single rail fares from port of disembarkation in Africa for officer, wife and children under 16 years of age, and allowance of up to £75 for transport of personal effects. Applications, in duplicate, giving details of age, nationality, marital status, qualifications, present and previous appointments and experience, together with copies of not more than three recent testimonials, must be received by the Commissioner for Northern Rhodesia, 57 Haymarket, London S.W.1, not later than November 3, 1960. (9345)

UNIVERSITY AND RESEARCH**APPOINTMENTS, etc.****CHARING CROSS HOSPITAL MEDICAL SCHOOL****LECTURER IN SURGERY**

Salary according to University of London scales. Applications (six copies), including names of three referees, should be sent by October 7 to the Secretary, Charing Cross Hospital Medical School, 62 Chandos Place, London W.C.2, from whom further particulars may be obtained. (9124)

MEDICAL RESEARCH COUNCIL**MEDICAL OFFICER**

S.H.O. or Registrar level, required to take part in a research project primarily concerned with urinary infections in pregnancy. Previous research experience not essential, but clinical experience in a maternity hospital desirable. The successful applicant will work in collaboration with other members of a research team and of a teaching obstetric unit. The appointment will be for three years, subject to confirmation after one year. Applications as soon as possible to Professor Sir Dugald Baird, Obstetric Medicine Research Unit, Department of Midwifery and Gynaecology, Foresterhill, Aberdeen, from whom further details may be obtained. (8958)

MEDICAL RESEARCH COUNCIL

Applications are invited from medical graduates, within the age range 28 to 35, for an administrative appointment in the Medical Division at their headquarters office. The work of the Division as a whole is concerned with the administrative aspects of research carried out in the Council's own research establishments, grant-aided projects, and training programmes, and includes committee and conference activities, information and publications work. Salary within scale £1,511 (linked with age 28), rising to £2,650. Possibility of promotion to higher posts. Superannuation. Appointment probationary for two years, thereafter permanent if this period is satisfactorily served. Please apply by letter before October 10, giving full details of education and experience, with the names and addresses of two professional referees, to the Medical Research Council, 38 Old Queen Street, Westminster, S.W.1. Please quote E.2/10. (9234)

RESEARCH REGISTRAR IN OBSTETRIC PHYSIOLOGY REGISTRAR GRADE

Applications are invited from medical graduates to work with Mr. G. W. Theobald, at St. Luke's Maternity Hospital, on problems of uterine physiology for a period ending June 30, 1961. There will be no clinical responsibilities. This appointment could suit those interested in research and working for higher degrees in medicine, surgery or obstetrics. Applications to the Secretary, Royal Infirmary, Bradford, 9, Yorkshire, not later than October 7, 1960. (9421)

ST. GEORGE'S HOSPITAL MEDICAL SCHOOL Hyde Park Corner, S.W.1**LECTURER IN MEDICINE**

In the Professorial Unit. Applications are invited for the post of Lecturer in Medicine in the Professorial Unit. Candidates should have a higher qualification in medicine. Appointment for three years in the first instance. Present salary scale £1,150 to £1,750, plus family allowance and superannuation. Starting level according to experience. Applications, with names of two referees, should reach the Secretary by October 1, 1960. (9022)

UNIVERSITY OF ABERDEEN Department of Physiology

Applications are invited for post of

LECTURER

Salary, if medically qualified, on scale £1,050 to £2,100, or, if not, on scale £1,050 to £1,850. Superannuation (F.S.S.U.), Child Allowance, and Removal Allowance. Preference for medically qualified candidate. Further particulars should be obtained from the Secretary, the University, Aberdeen, with whom applications (eight copies) should be lodged not later than October 3, 1960. (9318)

UNIVERSITY OF LONDON**CHAIR OF MEDICAL RADIOBIOLOGY at St. Bartholomew's Hospital Medical College**

The Senate invite applications for the Chair of Medical Radiobiology tenable at St. Bartholomew's Hospital Medical College (salary in the range of £2,600 to £3,600 per annum, plus £100 London Allowance). Applications (10 copies) must be received not later than October 20, 1960, by the Academic Registrar, University of London, Senate House, W.C.1, from whom further particulars may be obtained. (9336)

NOTICES**THE UNIVERSITY OF BIRMINGHAM Faculty of Medicine INAUGURATION CEREMONY AND PRIZE DISTRIBUTION Session 1960-61**

CHEADLE ROYAL, CHEADLE, CHESHIRE (GATLEY 2231)

Medical Superintendent:

W. V. Wadsworth, B.S., M.B., M.R.C.P., D.P.M.
This excellently appointed hospital receives all types of patients who are suffering from psychological and senile illness. The most modern psychiatric treatments are available. Special geriatric unit for mild and senile patients.

Russell House Nursing Home, for the milder type long-stay patient, in the grounds of the main hospital, fees from 10 guineas per week.

HAYDOCK LODGE

Newton-le-Willows, Lancs

For treatment of mental and nervous diseases. Apply Medical Superintendent for terms, etc.

ST. ANDREW'S HOSPITAL, NORTHAMPTON For Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt.: Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This registered hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes, are received for treatment. Careful clinical, biochemical, bacteriological, and pathological examinations. Private rooms with special nurses, male or female, in hospital or in one of the numerous villas in the grounds of the various branches can be provided. **MOULTON PARK.**—Two miles from the main hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit, and vegetables are supplied to the hospital from the farm, gardens, and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening, and fruit-growing.

WANTAGE HOUSE.—This is a reception hospital in detached grounds, with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a Department of Diathermy and high-frequency treatment. It also contains laboratories for biochemical, bacteriological, and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park. At all the branches of the hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc. For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 34354 (3 lines)), who can be seen in London by appointment.

CELBENIN *BRL 1241*

REGD. TRADE MARK

effective against *all* resistant staphylococci

BEECHAM RESEARCH LABORATORIES have pleasure in announcing Celbenin—the first non-toxic antibiotic effective against all resistant staphylococci.

Celbenin is bactericidal to all strains of staphylococci irrespective of their resistance to penicillin or any other antibiotic. Clinical results show that the problem of resistant staphylococcal infection can be overcome with Celbenin.

- * effective against *all* resistant staphylococci
- * non-toxic
- * bactericidal in action
- * no cross-resistance with other antibiotics
- * resistance unlikely to develop

Celbenin is chemically: Sodium 6—(2,6—dimethoxybenzamido)penicillanate monohydrate.

ADMINISTRATION

Celbenin is given by intramuscular injection.

AVAILABILITY

Celbenin is presented as 1 gramme vials, in cartons of 5, 25, and 100.
