the new magic of Malta

**The world's newest, year-round
Mediterranean playground**

There's an accent on relaxation in Malta—where a holiday inspires the feeling that one has at last got away from it all. Perhaps that is why it is becoming increasingly fashionable among people in search of a changing rhythm from the hurly-burly of life. Possibly the scenery accounts for it—the sands are whiter, the skies bluer, the sea warmer. Or it could be the year-round sunshine. Of course there's the kind of sport that helps one to limber up in a way all of us would like to—effortlessly. Or can we ascribe Malta's popularity to 'atmosphere'—an atmosphere fostered by the cultural legacies of civilizations going back 5000 years. In the silver shadows of its cathedrals and grand palaces history does seem to come alive.

When you recommend a rest, recommend Malta—In fact, take a trip there yourself sometime.

Malta

only a few hours by air—in the
centre of the Mediterranean

Consult your travel agent—he will save you time and effort.

Discord into Harmony...

*"The sympathetic is like the loud and soft pedals,
modulating all the keys together; the cranial and
sacral innervations are like the separate keys."*

CANNON, W. B., The Wisdom of the Body.

Mental and emotional stress may set the keys a-jangling
and throw the autonomic system into discord—
a discord which reverberates through every function of the body
and shows itself as one or other form of psychosomatic disorder.

Elimination of the cause if possible,
reassurance of course and psychotherapy if needed
are the essentials of treatment—
but the first aid the distressed patient needs

Bellergal acts by controlling the exaggerated responses
of the autonomic nervous system—
ergotamine and belladonna block the passage of impulses
at the sympathetic and parasympathetic nerve endings
and phenobarbitone renders the higher centres less reactive
to mental and emotional stimuli.

Bellergal acts at different levels—central and peripheral—
to control the somatic manifestations of mental and emotional stress.

Bellergal restores the harmony of autonomic functions
and once again the body becomes a well-tuned
—and well-tempered—instrument.

Bellergal

Terra-Cortril^{*} Spray

brand of oxytetracycline and hydrocortisone

... the new non-touch technique for

burns

infected dermatoses

leg ulcers

Spray treatment applies the full potency of Terra-Cortril directly on to the inflamed area. Its effect is immediate because the action is not retarded by a base.

Infection is prevented, inflammation and pain reduced, scar tissue development decisively checked and the healing process accelerated. Spray treatment prevents softening of surrounding tissue sometimes caused by dressings or ointments. The spray has a soothing effect much welcomed by patients.

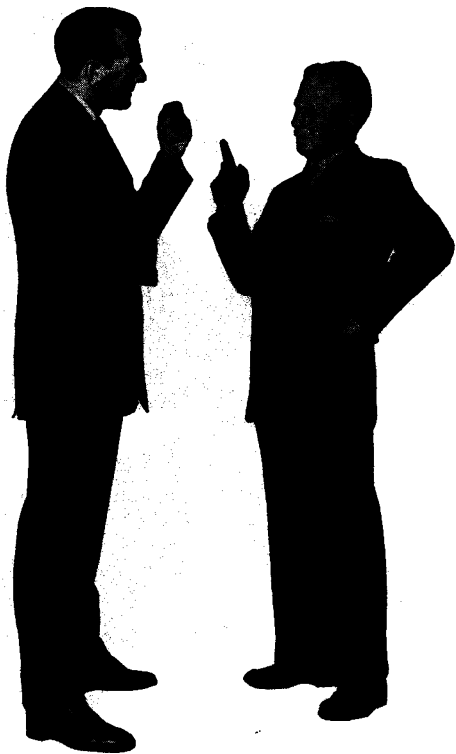

Patients and nurses will find it easy and simple to use. Any part of the body can be sprayed in a few seconds.

Dressings may not be required. Spray treatment can be used with modern exposure techniques.

New from Butterworths

MODERN TRENDS IN UROLOGY—2nd Series

Edited by SIR ERIC RICHES, M.C., M.S., F.R.C.S. 316 pages. 122 illustrations. Price 70s., postage 2s. 3d. extra.

This Second Series spans the intervening years since the first (1953) progress volume, covering the great advances made in both diagnosis and treatment—for example, the replacement of the ureter by small intestine in cases of mega-ureteric obstruction, and the inclusion of small or large intestine in the urinary tract as a conductor or a reservoir. The contributions strike a realistic balance between medicine and surgery, making the volume not only of great interest to urologists, but also of much value to biochemists, radiologists, radiotherapists, gynaecologists, pathologists, general surgeons and physicians.

CANCER—THE SIGNIFICANCE OF DELAY

By ROBERT SUTHERLAND, M.D., D.P.H. 222 pages. 59 tables. Price 30s., postage 1s. 6d. extra.

Some recent evidence has been offered which indicates that the behaviour of cancer is "predetermined," and that early diagnosis may not be all-important. Dr. Sutherland has probed the facts, including what is known about the interaction of host and tumour. His clearly written assessment of the reliability or weakness of the evidence provides an unusually penetrating and worthwhile contribution to the literature.

Chapters cover: *Difficulties of Appraisal; Prognostic Variables*—(1) *Tumour Characteristics*; (2) *Host Characteristics*; (3) *Environment*; *Duration and Prognosis*.

PRINCIPLES OF GENERAL NEUROPHYSIOLOGY RELATING TO ANAESTHESIA AND SURGERY

By BARRY D. WYKE, M.B., B.S. 146 pages. 26 illustrations. Price 21s., postage 1s. 6d. extra.

The author deals with certain basic aspects of general neurophysiology which have become of importance to surgeons and anaesthetists in recent years. Such information has not previously been readily available in concise form, and the book will therefore prove most useful for postgraduate students preparing for higher examinations, and for advanced undergraduates.

The approach is deliberately selective, dealing in some detail with a few important aspects of fundamental neurology, rather than with a wider field at a more superficial level.

Sound sleep . . . fresh awakening.

Medomin[®]

Geigy

Dose: 1 tablet
taken $\frac{1}{2}$ -1 hour
before retiring.
Available in tablets
of 200 mg
Heptabarbitalone
(Cycloheptenylethyl
barbituric acid)
Containers of 10,
100, 1000

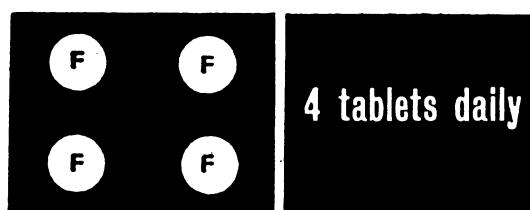

Medomin presents the surety of hypnosis through the barbituric acid nucleus. One tablet taken $\frac{1}{2}$ -1 hour before retiring will give 6-8 hours natural sleep. Because of the rapid breakdown and elimination of this barbiturate there is a fresh awakening with no clouding of the mind. Medomin thus represents a genuine advance in hypnotic therapy. Its action is positive and yet so smooth and free from side effects that it may safely be given to children.

'209 patient-nights on Medomin and 79 patient-nights on butobarbitalone are reported on. Results tell strongly in favour of Medomin (91 per cent very good response as compared to 58 per cent with control sedative). Out of the 209 there were only two cases of "hangover-like" symptoms.' Med. Press, 243, 131 (1960).

Geigy Pharmaceutical Company Ltd.

Franol eases the patient's breathing by dilating the bronchioles and reducing mucous congestion. It encourages patient co-operation by freeing him from distressing symptoms and helping him to get unbroken rest at night. For the acute bronchitic, Franol brings *immediate* relief, for the chronic *continual* relief.

Since its introduction, the prescribing of Franol for the relief of bronchitis and asthma has increased every year. More and more doctors regard Franol as an effective auxiliary in the treatment of bronchitis.

*Ingredient cost of one week's

EFFECTIVE AUXILIARY IN THE COMPLETE TREATMENT OF

BRONCHITIS

BAYER PRODUCTS, Division of Winthrop Group Ltd., SURBITON-UPON-THAMES, SURREY.

Is Symptomatic Treatment Sinful ?

People do not usually consider themselves ill unless they have symptoms that cause them pain or discomfort. A heavy drinker, warned that his alcohol consumption will finally damage his liver, cannot imagine that this will happen to him until he begins to feel ill.

The patient who feels fine lying at rest in bed may feel that he is better until, against orders, he gets up—and discovers his doctor was right after all. From the patient's point of view, his symptoms *are* his disease.

Beyond the Symptoms

There was a time when symptomatic relief was all the doctor *could* offer a patient. One of the most important lines of progress in medicine within fairly recent years has been our increased ability to look beyond the symptoms to their pathological causes. With the increase in this knowledge has also come progress in development of specific therapeutic agents. Whereas at one time a high temperature would be removed by giving the patient an antipyretic only, nowadays we also give an antibiotic to eradicate the infection that caused the increased temperature.

Naughty Term

The development of more specific therapeutic agents has tended to create a situation in which symptomatic relief may be overlooked. And to the purist the phrase may even be considered as a rather naughty term. But the specific therapeutic agents, powerful though they may be in reducing the progress of a disease mechanism, do not always quickly provide the feeling of wellbeing that a patient associates with good health. An improved X-ray plate or a lower bacteriological count may not be very convincing evidence of progress to the patient who still *feels* as bad as ever.

Worse before better

Medical research is constantly evolving new and improved methods of bronchitis therapy, but even with the most advanced treatment it may be some weeks before the patient actually feels some symptomatic benefit. This is the reason for the use of a drug such as Franol in the treatment of bronchitis. Franol carries out the simple but important function of dilating the bronchioles and reducing mucous congestion, thus making the patient *feel* better as he gets better.

Clinical Efficacy

The acute bronchitic patient needs this kind of relief as quickly as possible, and the chronic bronchitic patient may require this relief continually. In providing this benefit, Franol may carry out the important function of ensuring the patient's co-operation during his often lengthy treatment. Franol is ideally suited for symptomatic treatment in terms of economical prescribing as well as in clinical efficacy. A week's treatment with Franol, 4 tablets daily, costs only 1s. 7d.

Not the least of the advantages of Franol is that it helps to give the patient unbroken rest at night. Besides helping to maintain the patient's general health and hence his resistance to attacks, this effect of Franol means that the doctor, too, is more likely to have a good night's sleep, undisturbed by calls to his bronchitic or asthmatic patients.

whatever the situation

... relief is always within reach

Immediate action is the key to successful treatment of migraine. And 'Migril' is tailor-made for such action. The tablets can be taken anywhere—at any time—to avert an attack. And thanks to their adequate content of ergotamine, they provide really prompt relief. Each tablet contains 2 mgm. ergotamine tartrate; yet this dosage can be taken with minimal risk of nausea or vomiting—for 'Migril' also incorporates the powerful anti-emetic, cyclizine hydrochloride. Caffeine is added, too, to potentiate the action of ergotamine. For these good reasons the patient who carries 'Migril' carries constant insurance against attacks.

relieves the total cold syndrome-Orally

'Triotussic' provides—

- non-addictive cough suppressant action, respiratory stimulation and bronchodilatation
- nasal decongestion and relief of rhinorrhoea without "rebound", or damage to respiratory cilia, or central stimulation
- analgesic and antipyretic actions without gastric intolerance
- expectorant action to increase respiratory tract lubrication
- the known anti-allergic advantages of 'Triominic'

Triotussic 'timed-release' tablets provide in minutes relief which lasts 6 to 8 hours.

First—the outer layer dissolves within minutes to give 3 to 4 hours' relief.

Then—the inner core disintegrates to give a further 3 to 4 hours' relief.

Thus—3 doses provide round-the-clock total antitussive relief.

FORMULA: Each 'timed-release' tablet contains;

'Triominic'	25 mg.
(phenylpropanol-amine-HCl	12.5 mg.
mepyramine maleate B.P.	6.25 mg.
pheniramine maleate	6.25 mg.)

Noscapine hydrochloride	20 mg.
Terpin hydrate B.P.C.	90 mg.
Paracetamol	160 mg.

DOSAGE for adults—2 tablets every 6 to 8 hours. Total 24-hour dosage should not exceed 6 tablets.

PACKS: Supplied in dispensing bottles of 50 and 250.

PRICE: Basic N.H.S. Price (including P.T.) for 50 tablets (8 days' treatment) is 6/8d.

Also available: 'Triotussic' Suspension, for children and patients who prefer liquid medication, in bottles of 4 fl. oz. and 20 fl. oz. (dispensing). Basic N.H.S. Price (including P.T.) for 4 fl. oz. is 6/3d.

“BRITAIN’S DRUG BILL NOT EXCESSIVE” SAYS LORD BOOTHBY

**PRICE OF MEDICAL CARE CONSTANT
FOR FIFTY YEARS**

Opening Winthrop House, the new Surbiton offices of Winthrop Group, Ltd., the Rt. Hon. Lord Boothby, K.B.E., LL.D., spoke trenchantly on the subject of British expenditure on pharmaceutical benefits. He pointed out that the proportion of income per head of population spent on pharmaceutical services in the majority of countries which do not have a free health service is higher than in Britain. “This is true,” said Lord Boothby, “not only of the *total* expenditure on pharmaceutical benefits, but, in addition, the expenditure by the State or private insurance in these countries is also a higher percentage of per capita income than in Britain.”

A MOST REMARKABLE FACT

Lord Boothby went on to discuss the question of drug costs. “We are told that it is necessary to curb the rising cost of drugs, yet in fact expenditure on drugs has always represented the same proportion of total National Health Service expenditure. This is true in spite of the enormous benefits from new, more complex, and therefore more costly drugs. At the present time about 3.7% of the national income is spent on the National Health Service. Going back over 50 years, to before the First World War, published figures show that this proportion has remained almost constant. This is a most remarkable fact when one considers the social and economic revolution which has occurred in the last half century.”

LORD BOOTHBY LAUNCHES VIRUGON

At the end of the opening ceremony, Lord Boothby pressed a remote control button which set into motion machinery at the Winthrop Newcastle factory for the manufacture of Virugon. A new preparation of the Bayer Products Division, Virugon is the first anti-viral synthetic. It will be available in Britain from November 1st, 1960.

Winthrop Chairman on "Obligation to Make Profits"

In welcoming Lord Boothby, the Chairman of Winthrop Group Ltd., Mr. L. M. Spalton, B.Pharm., M.P.S., said: "The pharmaceutical industry is a free enterprise institution which to survive has an obligation to make profits, and whose members compete strenuously one with another. They compete to find the next advance in therapeutics, and their fine record is so well known to you that I will not repeat it here. They compete to assist the medical profession in any and every way it is within their power or ingenuity to do. They compete to sell and to earn foreign currency for Britain. They compete continuously against themselves and obsolescence. For so dynamic is this industrial quest for knowledge that few drugs can anticipate widespread use for more than about five years."

Mr. Spalton went on to point out that it was time that the contributions of the pharmaceutical in-

dustry were more generally recognised and that the competitive circumstances with which it had to grapple—and incidentally the advantages that competition brought—were seen in proper perspective.

QUOTES

Answering the Prime Minister's call

"Four years ago we built in Newcastle-upon-Tyne the most highly mechanized pharmaceutical factory to be completed in post-war Britain. Today nearly 50% of the output of that factory goes overseas. Our pharmaceutical business in Britain is the fourth largest. The Prime Minister recently called for a great band of merchant adventurers to sell British goods overseas. I believe that we in Winthrop have already begun to act in the spirit and the letter of that call."

Transcending National Barriers

"Why do our international company of people find co-operation possible, where elsewhere it is so difficult to obtain? I believe this happy state is due to their possession of a common purpose which transcends national barriers, and the job satisfaction that comes from rendering a service of immense value to their fellow men."

Plaquenil breaks through the Iron Curtain

"Winthrop people know no barrier of nationality, race, creed, or colour, save the Iron Curtain. And whilst that barrier at present resists Winthrop people, it is not impervious to Winthrop products. Today Plaquenil, our latest contribution to the treatment of rheumatoid arthritis, is being exported to treat patients in Czechoslovakia and Poland, and is under clinical evaluation in Moscow."

THE WINTHROP GROUP

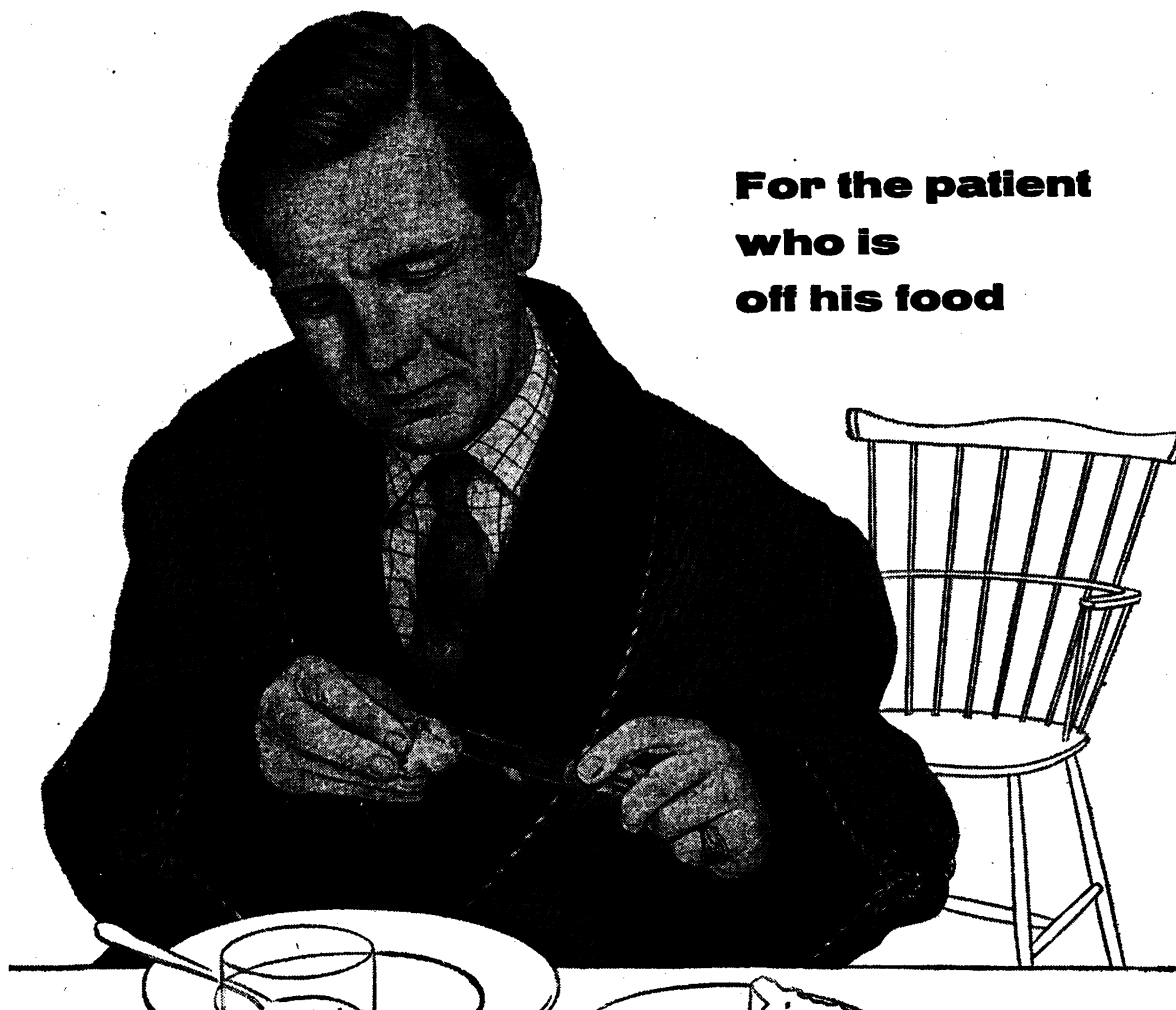

Winthrop Group Ltd. comprises companies and divisions operating throughout Western Europe which, individually and collectively, are concerned with the discovery, development, manufacture and distribution of pharmaceutical products. In this country the Group includes Bayer Products and Winthrop Laboratories. Winthrop House is the new British headquarters.

CONTROVERSIAL MEDICAL EXHIBITION EXTENDED

"Medicine Men of Today", the exhibition originally designed to mark the opening of Winthrop Group's new headquarters at Surbiton-upon-Thames, has aroused so much comment, and attendance is such that it is now being extended until Friday, the 25th of November. The hours of the exhibition are: Mon.-Thurs. and Sat.: 11-8.30. Fri.: 11-4.

Travelling time from Waterloo station is about 15 minutes. Members of the medical profession and their friends are warmly invited to visit the exhibition.

who is
off his food**

Anabolex

the protein anabolizing, non-virilizing steroid promotes
—a return to appetite—an increase in weight—a sense of well-being

PATIENTS who are run down or who are recovering from illness frequently suffer from faulty protein metabolism. They are in negative nitrogen balance. Protein, in effect, is being broken down and lost faster than it is being built up.

Anabolex (androstanolone) restores the physiological balance. Many clinical trials have shown that, following the administration of Anabolex, there is an immediate return of the body's capacity to build up protein. The patient feels better, eats better and gains weight.

Here, then, is a physiological "tonic" with a wide therapeutic range. The weakness, lassitude, lack of energy and interest associated with many pathological states may be rapidly overcome by the administration of Anabolex.

Anabolex can be safely given to patients of all ages and both sexes; in therapeutic doses, its virilizing properties are almost negligible. The only known contra-indication is prostatic carcinoma.

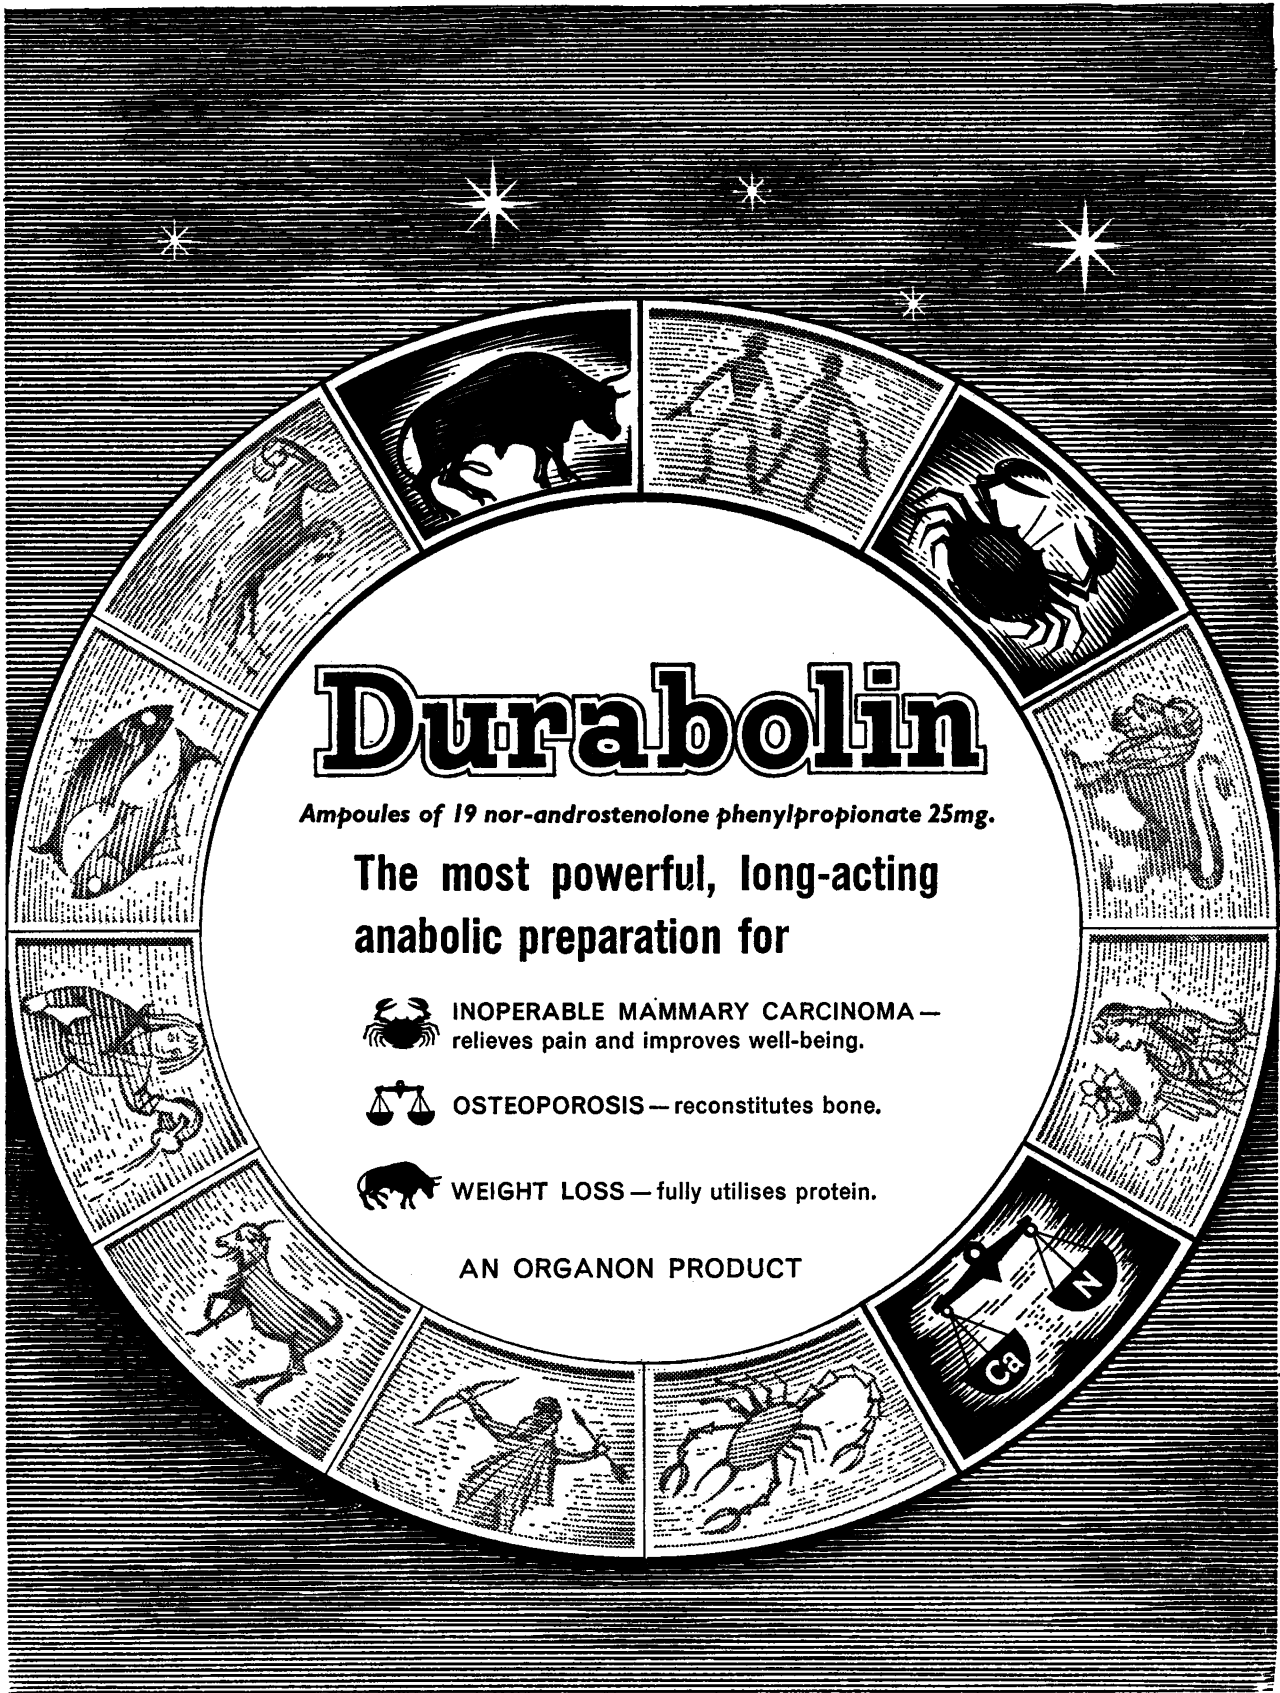

*Anabolex is a
registered trade mark*

PRESENTATION: In vials of 25 and 100 tablets, each tablet containing 25 mg. Androstanolone. Basic N.H.S. cost 20/- and 70/-.. Anabolex is exempt from purchase tax. Samples and literature will be gladly sent on application.

INDICATIONS Middle-aged or elderly people who are debilitated or "run down." Preparation for and recovery from planned surgery. Convalescent patients. Premature infants. The child or adolescent who is under weight. Anorexia, Asthenia, Malnutrition, Wasting diseases.

AN ORGANON PRODUCT

New concept . . .

Nebrinal

WANDER

relaxant-
hypnotic
reproduces
the normal
sleep pattern

FORMULA

Each tablet contains—
Pentobarbitone 50 mg.
Mephensin B.P. 225 mg.
Schedule 4

PACKS

Bottles of 50 and 250.

PRICE

Basic N.H.S. cost,
4/- for 50 tablets.

DOSAGE

Average adult dose:
for insomnia—2 tablets;
up to 4 tablets may be taken
in severe cases.
For general sedation—
1 tablet every 6 to 8 hours.

Nebrinal is a balanced combination of muscle-relaxant mephensin and intermediate-acting pentobarbitone, presented in the form of specially designed 'timed-release' tablets to provide 'tapered' dosage.

The outer layer of the tablet rapidly releases about two-thirds of the two drugs to induce relaxation and sleep; the balance of the drugs is released from the inner core 3 to 4 hours later to sustain relaxed sleep on a reduced dosage.

The amount of barbiturate to be in-activated at any one time is thus kept low.

Nebrinal provides:

INDUCTION OF SLEEP
through relaxant *plus* hypnotic action

SUSTAINED EFFECTIVENESS
through 'timed-release' action

**REFRESHED AWAKENING
WITHOUT 'HANGOVER'**
through 'tapered' dosage

It is worthy of note

'Sulphamezathine', first introduced by I.C.I. 18 years ago, has steadily advanced to become Britain's best known and most widely used sulphonamide.

The British National Formulary 1960 has this to say:—

- Probably the best sulphonamide for routine use
- Particularly suitable for children
- A compound of high activity
- Produces high blood levels when given six hourly
- Toxic effects are rare
- Fulfils all the theoretical advantages of a sulphonamide mixture
- The drug of first choice for urinary tract infections and for bacillary dysentery.

SULPHAMEZATHINE
(Sulphadimidine B.P.)

TRADE MARK

Basic N.H.S. cost: 1/7½d. per 25 tablets (0.5 gramme). 3/4d. per 100 ml. oral suspension (0.5 gramme per teaspoonful).

CYANAMID OF GREAT BRITAIN LTD. London W.C.2

Carnation milk

MEANS

happy babies

...AND THAT MEANS HAPPY MOTHERS (FATHERS TOO!)

Experienced mothers write to us expressing appreciation of the EXTRA qualities of Carnation Milk.

The following points are repeatedly mentioned in the very many letters we receive:

DIGESTIBILITY—Contented sleep between feeds, particularly at night.

DEVELOPMENT—Pride in Baby's healthy, happy appearance—readily recognised by medical advisers and by other mothers.

SIMPLICITY—The daily feeding routine could not be easier—no mixing.

"THE FEEDING OF INFANTS"—a book specially prepared for the medical profession—together with reprints of clinical investigations and Carnation feeding charts are available from Medical Dept., General Milk Products Ltd., Besh House, Aldwych, London, W.C.2.

DOCTORS can have every confidence in the standard performance of Carnation Milk. Published medical opinion relating to evaporated milk emphasizes:—

Smooth skin and relative freedom from rashes; Convincing evidence of good muscle tone and motor activity; Successful use in varying housing conditions.¹

It can be used, with very rare exceptions, to the exclusion of all other milk preparations if desired.²

Tropenal

**Phenobarbitone Content
now increased from $\frac{1}{4}$ gr. to $\frac{1}{2}$ gr.**

Tropenal — for mild sedation with nutritional support

Following extensive experience with this preparation the concentration of Phenobarbitone in Tropenal has been increased from $\frac{1}{4}$ to $\frac{1}{2}$ grain per tablet.

With a debilitated patient, either recovering from severe illness or operation, or suffering from a chronic disease, it is frequently desirable to prescribe, not only nutritionally generous supplements of the B complex vitamins and ascorbic acid, but also mild sedation.

A clinically effective combination of the necessary vitamins with phenobarbitone is available as TROPENAL.

INDICATIONS

- 1** Anxiety states with restlessness, especially associated with hypertension, alcoholic withdrawal or peptic ulcer.
- 2** Progressive illness in which insomnia is associated with a need for the greatest nutritional support — e.g., congestive heart disease, cachectic states.
- 3** During convalescence, to speed recovery by promoting good appetite and a quiet frame of mind associated with nutritional adequacy.
- 4** Insomnia not induced by pain.

Dosage: 1-4 tablets daily. In Packs of 100 and 500. Basic price to N.H.S. 10/- per 100 tablets.

FORMULA: Each tablet contains

Aneurine hydrochloride	B.P.	5 mg.	nicotinamide	B.P.	15 mg.
riboflavine	B.P.	5 mg.	ascorbic acid	B.P.	50 mg.
pyridoxine	B.P.C.	2 mg.	phenobarbitone	B.P.	$\frac{1}{2}$ gr.

a derivative of natural Vitamin E

Dal-tocol

Most single vitamins have been available to the profession for many years in forms acceptable as pharmaceutical preparations.

Vitamin E has presented difficulties. Natural sources, e.g. wheat germ and wheat germ oil, do not contain high enough concentrations: synthetic vitamin E, while useful, has not proved uniformly effective. The chemistry of vitamin E has now been elucidated after years of exhaustive research and the active factors are known. It has thus become possible to present tablets of stable, high activity in the form of dextro-alpha tocopheryl succinate, derived from natural vitamin E. Each tablet of 200 mg. has an activity of 242 i.u. vitamin E.

This achievement means that Vitamins Limited can offer to the profession a preparation to meet a long-continued demand.

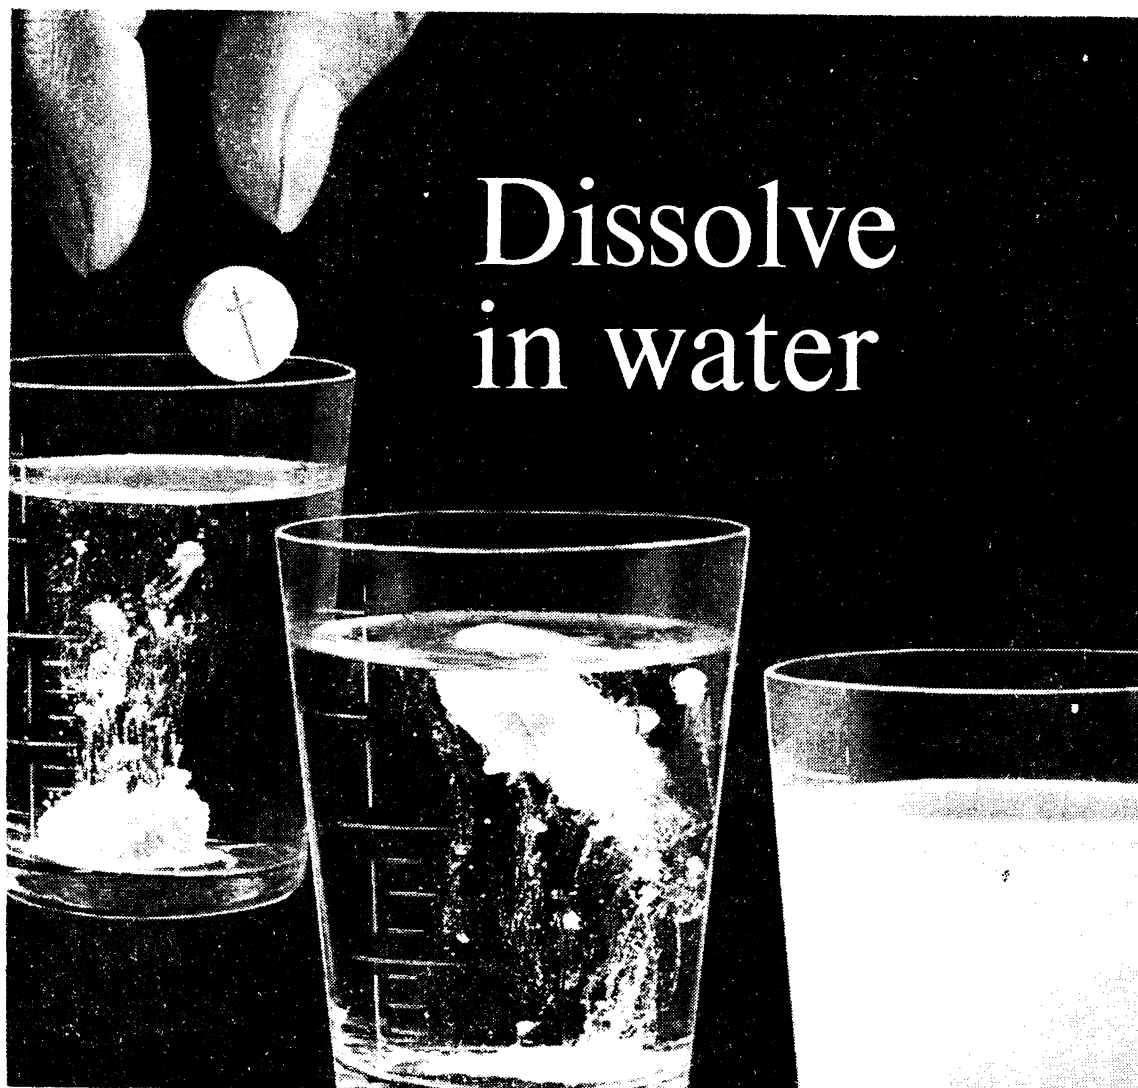

The wide distribution of vitamin E in the body suggests a fundamental biochemical function and this would seem to be in relation to the metabolism of protein both in cellular and muscular organs. The most hopeful therapeutic research is in relation to vascular disease in fibrosis of skeletal muscle and in maintaining functional cellular integrity. Clinical trials have led to divergent results and to controversial issues, but there is growing evidence that the vitamin exerts an effect in promoting muscular strength and endurance. It is hoped that the use of an acceptable preparation of uniform strength and high concentration will provide evidence which will help to clear up some of the doubts and uncertainties associated with vitamin E treatment.

PACKS: Tablets in packs of 25 and 100. Basic price to N.H.S. 70/- per 100 tablets.

*** Two special products from VITAMINS LIMITED**

Solprin·Codis·Cafdis

Contain neutral stable soluble aspirin

SOLPRIN. Dissolves in water to form a true solution of calcium acetylsalicylate (neutral soluble aspirin).

Clinical evidence produced over a long period of years indicates that Solprin is unlikely to irritate the gastric mucosa, even in the massive dosage prescribed in rheumatic conditions.

More rapidly absorbed, giving a quicker effect.

Reduction of blood cholesterol level

High blood cholesterol levels can be substantially reduced by a diet high in liquid vegetable oils which contain a high proportion of polyunsaturated fatty acids, such as linoleic acid.

Some authorities believe that lowering the serum cholesterol level diminishes the chances of coronary artery disease.

This is the reason why many doctors recommend the use of liquid vegetable oil to their patients—elevated serum cholesterol levels are lowered, and normal levels tend to stay normal.

TWIRL is 100% vegetable oil—a blend of winterised cottonseed and corn oils—scrupulously refined. It is high in polyunsaturated fatty acids (linoleic acid 45%).

TWIRL is excellent for *all* cooking. Foods fried in TWIRL are non-greasy, readily digestible and retain all their natural flavour. TWIRL is resistant

to autoxidation and keeps its bland flavour. It is economical, too.

Our scientists have prepared a booklet "*Lipids in Relation to Arterial Disease—A Summary of Biochemical Evidence*", which summarizes the facts relating to the composition of blood lipids and of pathological deposits associated with atherosclerosis.

The booklet may be obtained by writing to J. Bibby & Sons Limited, Research Department, B.J.3, King Edward Street, Liverpool 3.

A Sample of TWIRL will be sent on request.
This offer applies in U.K. only.

THE BRITISH DRUG HOUSES LTD. (MEDICAL DEPARTMENT) LONDON N.1

MODERN CONTRACEPTIVE TECHNIQUE?

Have you received your copy of

This practical manual on contraception has already proved invaluable to many doctors in advising their patients.

It presents a concise and compact survey of methods commonly used, together with notes on methods which have medical approval, and also on others which are medically contra-indicated. If you have not yet received a copy, you are invited to write for one now.

The case against 'natural' methods

Medical opinion generally agrees that the practice of so-called "natural" methods of contraception (coitus interruptus, coitus reservatus, etc.) can have an adverse effect on physical and mental health. One of the principal reasons why these unreliable methods are used is the slight loss of sensitivity experienced with protectives (condoms).

This problem has now been almost entirely overcome by the introduction of Durex Gossamer, a new kind of lubricated protective. Durex Gossamer, is treated with Sensitol, "a non-wet, non-messy" lubricant which substantially increases the level of sensitivity. *Samples of Durex Gossamer protectives on request.*

DEEP SKIN PENETRATION IN ARTHRITIS AND RHEUMATISM

NICOTINIC, SALICYLIC AND p-AMINOBENZOIC ACIDS in Ester form

IN CASES of soft-tissue rheumatism, and arthritic disorders, many doctors are tending more and more to regard Transvasin as an indispensable adjuvant to treatment.

For Transvasin is composed of the esters of nicotinic, salicylic and p-aminobenzoic acids. These esters readily pass the skin barrier in therapeutic quantities, and so enable an effective concentration of drugs to be built up where they are needed.*

Transvasin not only induces vasodilatation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

*Therapeutische Umschau 1952, 8, 143

PHILIPS NEW INFRAPHIL

brings faster, more effective relief to pain centres

Using a new technique of lamp manufacture, Philips have now produced a new 'Infraphil' lamp that provides an improved method of heat treatment. Moulded instead of blown, the new lamp is made with greater precision than was previously possible. It has an accurately positioned filament, an integral reflector that even covers the area behind the filament, and a lens with concentric prismatic rings. This new optical combination focuses the maximum amount of infra-red radiation into a concentrated beam. Thus the new 'Infraphil' is suitable both for pin-point treatment of small areas and for general treatment of larger areas. It is, too, extremely convenient to use. So, for all cases where heat treatment is indicated, Philips new 'Infraphil' is indispensable.

When the patient needs iron.....

In iron-deficiency anaemias, the problem of obtaining rapid absorption, maximum utilization and effective Hb. increase by oral medication without gastro-intestinal distress is readily resolved by the administration of *Chelated Iron*.

Plesmet

Tablets

(Ferrous Aminoacetate)

Syrup

Available as :

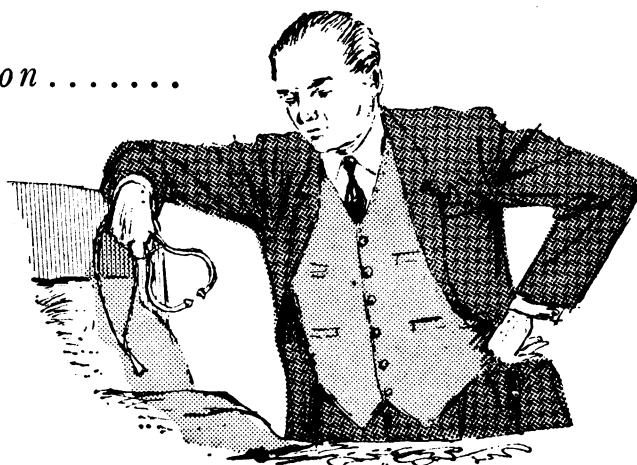

Basic N.H.S. price

Tablets (containing 50 mg. Fe.)

Packings of 100 2s. 8d. and 1,000 20s. od.

Syrup (25 mg. Fe. per teaspoonful)

Bottles of 2 oz. 2s. od. and 40 oz. 18s. od.

Summary of Clinical Report

"in a series of 115 patients treated with ferrous aminoacetosulphate ('plesmet') the incidence of gastro-intestinal symptoms was 1.7%. In view of its minimal toxicity and relatively low cost, it is suggested that this iron chelate preparation is a most effective preparation for the treatment of iron-deficiency anaemia by the oral route."

IS MADE—LASTONET
WILL MAKE IT!**

The manufacture of surgical hosiery is our specialized business. Lastonet stockings are made to the exact measurements of your patient and ensure a perfect fit, maximum comfort and the utmost beneficial effect.

Lightweight — yet strong. Cool — yet firm and *guaranteed* for six months.

Elastic Net stockings are the lowest in cost of all types available and, when prescribing this type, B.C.10 should state "Elastic Net Stockings".

Shoes you can trust

First shoes have big responsibilities. They have to look after little feet when it's easiest of all to damage them for life with ill-fitting, ill-made footwear. Clarks Play-ups have no unnecessary gimmicks but have everything a toddler needs in shoes; firm but gentle FIT at instep and heel, room at the front for toes to grow, soft leathers which are kind to baby skin, broad but light and flexible soles to make balancing less of a problem, absorbent leather inner soles for health and comfort. Play-ups are shoes you can *trust* at a time when trustworthy shoes are all-important.

Clarks
PLAY-UPS

There is a choice of *four* width fittings in the Clarks Play-up range.
the first steps to confident feet

PUTTING YOUR FOOT IN IT PROPERLY

TO guard against toothache in Sussex it used to be believed that you had always to put on your right stocking, and the right leg of your breeches, before the left. In Shropshire, however, exactly the opposite was believed.

We are not bound by such beliefs. Now we use more rational and uniform methods of keeping our teeth, and keeping them healthy. We know, for one thing, that the earlier we start our children in good dental habits—by teaching them the C D E F rule for good teeth—the more promise we give them of healthy teeth both now and in adult life.

C **CLEANING** Often and thorough, to remove food particles that can cause decay. After each meal if possible.

D **DENTIST** Regular visits to catch any trouble early.

E **EXERCISE** Lots of chewing—apples, celery, chewing gum,* raw vegetables. Helps to clean teeth, promotes flow of saliva (nature's mouth-wash); stimulates gums, aids proper jaw development.

F **FOOD** Plenty of milk, butter, cheese and eggs: rich in minerals and vitamins for strong teeth and healthy gums.

* The Mayas of Central America chewed chicle (the basis of today's chewing-gum) more than 1,000 years ago. And they were renowned for their splendid teeth.

No tears, no tantrums with

Tancolin

the tangerine-flavoured COUGH LINCTUS

TANCOLIN is specifically formulated for children between the ages of six months and 12 years. The pleasant tangerine flavour makes an immediate appeal even to the most unco-operative child patient.

TANCOLIN is prescribable on E.C.10 (Category 3/4). An ever-increasing demand indicates full acceptability as a treatment for the distressing cough associated with the Common Cold, Bronchospasm, Bronchitis and most Inflammatory and Catarrhal affections of the respiratory tract.

*"Knowing you Baxter,
you might say it's a winner . . .*

. . . a nice combination of speed and staying-power, don't you think ? That is one of the great advantages of I.Z.S.—it gives a rapid initial response and yet provides, in most cases, adequate control of blood sugar for 24 hours with only one injection. And because this prolonged action is obtained without the addition of foreign protein or peptide material, you don't see the allergic reactions that, as Sister will tell you, were not uncommon with the older long-acting insulins. That is why you will find I.Z.S. (Lente) is the most suitable insulin for 90 per cent. of your diabetics . . . and don't forget the A.B. — *that*, Baxter is a tip worth remembering."

I.Z.S. (Lente) A.B. Vials of 10 c.c.

nycets

ANTIBIOTIC THROAT PASTILLES

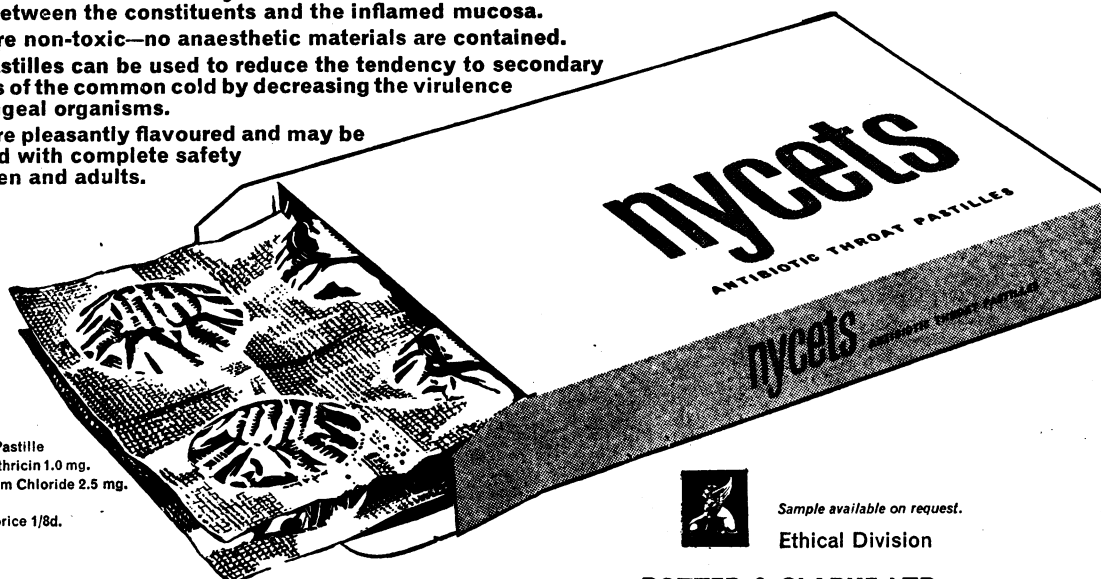

For the first time a pastille is available for infections of the mouth and throat containing a powerful locally acting antibiotic and a bactericidal wetting agent.

- * NYCET Pastilles dissolve slowly in the mouth and thus allow essential contact between the constituents and the inflamed mucosa.
- * NYCETS are non-toxic—no anaesthetic materials are contained.
- * NYCET Pastilles can be used to reduce the tendency to secondary infections of the common cold by decreasing the virulence of pharyngeal organisms.
- * NYCETS are pleasantly flavoured and may be prescribed with complete safety for children and adults.

FORMULA

Each NYCET Pastille contains—Tyrothricin 1.0 mg.
Cetyl Pyridinium Chloride 2.5 mg.

Basic N.H.S. price 1/8d.

Each pack contains 12 pastilles individually wrapped in foil strip.

Sample available on request.

OXYGEN THERAPY SETS ON EC 10 PRESCRIPTION

The Normalair Type C890 Domiciliary Oxygen Flow Selector is approved by the Ministry of Health for use at home and is included in the drug tariff.

Fool-proof and easily attached without tools to any standard oxygen cylinder, the Normalair C.890 provides an accurately-controlled and metered oxygen supply at 2 or 4 litres a minute.

The flow rate selected by simply turning a clearly marked knob is automatically maintained from 1980 p.s.i. to 30 p.s.i. and no re-adjustment is needed as cylinder pressure falls during use.

Full details are available in Leaflet C.890.

Weight	2½ lb.
Overall Height	5½ ins.
Max. Width	4½ ins.
Flow rates	2 and 4 litres /min.
Max. Inlet Pressure	1980 p.s.i.
Ambient Temperature Range	— 10°C to + 50°C
Outlet connection	suitable for standard bayonet connector

AMPHETONE

REGISTERED TRADE NAME

A GENERAL STIMULANT FOR THE CENTRAL NERVOUS SYSTEM

For cases requiring a quick-acting general stimulant without increasing the patient's appetite, we consider Amphetone unique. It combines for the first time Dexamphetamine Sulphate and Strychnine with Glycerophosphates and members of the Vitamin B Group. The Dexamphetamine provides the convalescent with an immediate feeling of well-being, this being followed by the well-known tonic effects of the other medicaments. Clinical reports have been excellent.

FORMULA

Dexamphetamine Sulphate B.P.C., 1/12 grain : Strychnine Hydrochloride E.P., 1/60 grain : Calcium Glycerophosphate B.P.C., 2 grains : Sodium Glycerophosphate B.P.C., 2 grains : Aneurine Hydrochloride B.P., 1/30 grain : Nicotinamide B.P., 1/4 grain : Riboflavin B.P., 1/60 grain : Syrup of blackcurrant B.P.C., 2 fluid drms. : Water, to 1/2 fluid ounce.

POISON

S4

Available in bottles containing 10, 20, 40, 80 fluid ounces. Basic N.H.S. Prices 5/-, 9/-, 16/-, 23/6 each. Exempt from Tax. Samples available on request.

London Medical Exhibition 1960

NOVEMBER 14th—18th
HORTICULTURAL HALL
WESTMINSTER

Professor Martin Roth, M.D., Professor of Psychological Medicine, University of Durham, has kindly consented to officiate at the opening ceremony, which will take place at 11.30 a.m., on Monday, 14th November.

Films of professional interest will, as usual, be shown each day in the Film Theatre.

Official personal invitations will be posted to members of the profession, and if not received by November 4th, please apply to:

*The Secretary, London Medical Exhibition,
194-200, Bishopsgate, London, E.C.2.*

Telephone: AVenue 1444-6.

MANUAL OF SKIN DISEASES

GORDON C. SAUER, M.D.

"... a readable and entertaining book which many may find difficult to put aside once they have started turning its pages. The busy practitioner will be relieved to note the omission of lengthy discussions on aetiology; and references have been included sparingly. . . . We feel confident that this book is a useful addition to the text-books on elementary dermatology."—*The Lancet*.

"This is really a very good book . . ."—*Practitioner*.

"This is an excellent short book on dermatology which has the distinct advantage of being beautifully illustrated . . . As a reference volume it will take its place as one of the really useful books."—*Medical Press*.

VARICOSE VEINS

A Practical Manual

By R. ROWDEN FOOTE

With the assistance of A. GORDON DINGLEY

DURING the past eleven years, some 12,000 copies of this manual have been bought by the profession and there is still a demand. With the help of Mr. A. Gordon Dingley the main portion of this third edition has been rewritten, as great changes have taken place since the publication of the second edition.

Both sides of the controversy of anti-coagulant treatment are discussed, as is the difference of opinion over the surgical treatment of the venous ulcer. Physiotherapy and exercises are described in more detail, since they are now so important in the therapy of the indurated limb, and stripping operations on the varix are discussed more fully. It is hoped that the reader will find the book to be practical, since this has been the main ambition of the authors.

From the reviews of the 2nd edition

"A book to be recommended with enthusiasm."—*The Practitioner*.

"The author is to be complimented on his excellent work."—*Medicine Illustrated*.

"Unqualified praise can be accorded to this beautifully illustrated manual."—*Edinburgh Medical Journal*.

"... an excellent book of great value . . ."—*Medical World*.

"To the practitioner, the house-surgeon, and the specialist . . . it is invaluable."—*Postgraduate Medical Journal*.

TRAINING MADE EASIER FOR THE COLOSTOMY PATIENT

Training is the key to normal living for the colostomy patient.* SPENCER'S colostomy support—*individually designed, cut, and made for each patient*—makes training easier, because:

- ★ Abdominal section opens instantly by means of zippers—facilitating the change of pads.
- ★ This section is lined with moisture-proof material—easily cleaned—protects outer clothing.
- ★ Spencer's co-relation of abdominal and back support improves posture, body mechanics.
- ★ Cosmetic results are appreciated by both male and female patients.

*How do
you tackle*

FLAT FOOT ?

... do you prescribe an external wedge on the shoes?

BUT the wedges soon wear away; and very often the child is made to feel self-conscious because his shoes look different from other children's. Surely it's more logical to have a wedge *built-in* between the inner and outer sole—invisible, and completely unaffected by wear or repair of the shoe. That is how Start-rite INNERAZE shoes are made; why they are the only practical solution to this problem.

Information from Mr. W. J. Peake, James Southall & Co. Ltd., Crome Road, Norwich.

Strong Penotrane Pessaries

for the
refractory
case of

vaginitis

STRONG PENOTRANE PESSARIES contain 5 mg. of phenylmercuric dinaphthylmethane disulphonate ('Penotrane'), a little more than three times the strength of the standard Pessary. PENOTRANE is highly effective against *T. vaginalis*, *Candida albicans* and a wide range of gram-positive and gram-negative bacteria.

A small percentage of cases of vaginitis, especially if of mixed aetiology, do not respond readily to treatment with the standard Penotrane Pessary. These cases will usually respond to the new STRONG PENOTRANE PESSARY.* Cases which appear to be heavily infected should be treated with STRONG PENOTRANE PESSARIES from the outset.

Availability—packs of 15 and 100

*In press (1960).

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than one year after full registration as a medical practitioner and held normally for two years: £1,250 in the first year; £1,400 in the second and any subsequent years. Deduction of £215 per annum for compulsory residence; £255 per annum for voluntary residence.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than three years after full registration and held normally for four years: £1,500 by £100 to £1,800 in the fourth year; thereafter, £1,900 in the fifth and sixth years; £2,000 in the seventh and eighth years; £2,100 in the ninth and any subsequent years. Deduction of £250 per annum for compulsory residence; £275 per annum for voluntary residence.

Other Grades, Whole-time

(a) **HOUSE OFFICERS**: Each post in this grade shall be tenable for six months.

£675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £195 per annum for voluntary residence;

£750 per annum for the second post held; deduction of £160 per annum for compulsory residence or £195 per annum for voluntary residence;

£825 per annum for the third and any subsequent posts held; deduction of £165 per annum for compulsory residence or £195 per annum for voluntary residence;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £750 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff; provided further that where a House Officer has previously held two such outside posts the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the appropriate rate to the second or third post held in accordance with the above provision shall be paid at the third post rate for any subsequent appointments in this grade.

(b) **SENIOR HOUSE OFFICERS**: Posts obtained by fully registered medical practitioners and held normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28 or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary residence.

(c) **JUNIOR HOSPITAL MEDICAL OFFICERS**: Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Any advertisements appearing in this issue for posts in the hospital service which quote the rates of salary and other conditions which obtained before the recent agreement are published on the assumption that the employing authorities will in due course make the necessary adjustments. (17/10/60)

QUEEN MARY'S HOSPITAL

Rochampton, S.W.15

Applications are invited for the post of
SENIOR HOUSE OFFICER now vacant, in the Plastic, Burns and Oral Surgery Centre, of 120 beds. Preference will be given to candidates with a higher surgical qualification. Applications to Medical Superintendent by November 18, 1960. (4164)

PSYCHIATRY**SOUTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD**

PART-TIME CONSULTANT PSYCHIATRIST (six half-days per week) required at St. Ebba's Hospital, Epsom, Surrey. It is intended that this appointment should be linked with a part-time (5 1/2 hrs) appointment to the scientific staff of the Medical Research Council for work at their Neuropsychiatric Research Unit, Carshalton, with facilities for research in a clinical investigation ward at St. Ebba's Hospital, where research beds would be placed at the Research Unit's disposal. Applications for the combined appointment should be made by letter (five copies), giving date of birth, qualifications, clinical and research experience (including publications), three referees, to Secretary (S.1), South-West Metropolitan Regional Hospital Board, 40 Eastbourne Terrace, W.2, by December 3, 1960. Applicants may visit hospital and unit by arrangement with the Physician Superintendent and the Director respectively. (4062)

SOUTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD

WHOLE-TIME ASSISTANT PSYCHIATRIST (S.H.M.O. grade) required at Belmont Hospital, Sutton, Surrey, where a wide range of cases both of psychoneuroses and early psychoses are dealt with, and where there is a Group E.E.G. Department. Applicants should possess D.P.M. Applications by letter (five copies), giving date of birth, qualifications, experience, three referees, to Secretary (S.1), S.W. Met. R.H.B., 40 Eastbourne Terrace, W.2, by November 26, 1960. Applicants may visit hospital by local arrangement. (4049)

MANCHESTER REGIONAL HOSPITAL BOARD

WHOLE-TIME ASSISTANT PSYCHIATRIST (S.H.M.O.) at Prestwich Hospital, Manchester (about 3,000 beds for mental illness). Single person can be accommodated in hospital, otherwise post non-resident. Candidates should have good experience in psychiatry: D.P.M. desirable. Application forms, from the Senior Administrative Medical Officer to the Board, Chetwood Road, Manchester 8, to be returned by November 15, 1960. (4309)

BLACKPOOL AND FYLDE HOSPITAL MANAGEMENT COMMITTEE**PSYCHIATRY**

Applications are invited for the post of Registrar to the Psychiatric Department of the above hospital group. The in-patient unit (44 beds) is at Wesham Park Hospital, and out-patient clinics are held at the Victoria Hospital, Blackpool. In this unit the emphasis is on social psychiatry, and experience of, or interest in, group methods of treatment would be considered an advantage. Facilities will be afforded for attending the D.P.M. course in Manchester. The post can be either resident or non-resident, and a flat is available for married applicants. Applications, stating age, qualifications, experience, and giving the names and addresses of two referees, should be sent to the Group Secretary, Victoria Hospital, Blackpool. (3706)

CHARING CROSS HOSPITAL GROUP**FULL-TIME RESIDENT REGISTRAR**

in the Department of Psychological Medicine. Tenable from January 1, 1961. Duties in Charing Cross Psychiatric Unit, involving modern physical treatments and psycho-therapy for in-patients and out-patients. Some experience in psychiatry essential. Applications, on forms obtainable from the undersigned, to be returned by November 19, 1960.—Frank Hart, Secretary to the Board, Charing Cross Hospital, London W.C.2. (4327)

HILL END HOSPITAL, St. Albans, Herts

WEST MANCHESTER H.M.C.**Park Hospital, Davyhulme****RESIDENT SURGICAL REGISTRAR Thoracic Unit**

This hospital is a general hospital of 424 beds. It carries out by far the major part of the Manchester Region's cardiac and non-tuberculous thoracic surgery, in addition to all other major specialties. The total number of resident medical staff is 20. The successful candidate will be expected to work with each of the three Consultant Thoracic Surgeons attached to this unit of 50 beds (including 10 children's beds). Applications, addressed to the Group Secretary, giving full details and names of referees, are invited from suitably qualified and experienced male or female candidates. Post vacant January, 1961. (4222)

UROLOGY**ST. PETER'S, ST. PAUL'S AND ST. PHILIP'S HOSPITALS****RESIDENT SURGICAL OFFICER (Registrar grade)**

required for St. Philip's Hospital on December 1, 1960. Appointment for six months, with opportunity for extension. Work includes medical urology and opportunity for research. Apply, giving names of two referees, to the House Governor, St. Peter's Hospital, Henrietta Street, W.C.2. Closing date November 10, 1960. (3842)

ROYAL INFIRMARY**New Durham Road, Sunderland (300 beds)**

HOUSE OFFICER or SENIOR HOUSE OFFICER (male) according to experience, required for duties in Urological and Gynaecology Units. Post vacant December 1, 1960. Provisionally registered practitioners may apply. Apply to Hospital Secretary, giving names and addresses of two referees. (4034)

PUBLIC HEALTH**BOROUGH OF GILLINGHAM (Kent)****APPOINTMENT OF DEPUTY BOROUGH MEDICAL OFFICER OF HEALTH AND ASSISTANT COUNTY MEDICAL OFFICER**

Applications are invited for the above appointment from registered medical practitioners possessing the Diploma in Public Health and with experience in public health work. The appointment of service will be Borough Council duties 25% and County Council duties in the Borough 75% (delegated health and welfare functions school health services), and the salary scale for the mixed appointment will be £1,328 10s. 10d. to £1,782 10s. (to be amended on any revision of salary scales by Committee "C" Whitley Councils for the Health Services), the officer appointed being placed on the appropriate step of the scale having regard to his experience. The appointment is subject to the Local Government Superannuation Acts, 1937/53, and an essential user car allowance will be paid. Applications, giving age, education, qualifications, previous experience and present appointment, together with the names and addresses of three referees, should be received by the undersigned by not later than Monday, November 28, 1960.—Frank Hill, Town Clerk, Municipal Buildings, Gillingham, Kent. (4069)

CAMBRIDGESHIRE COUNTY COUNCIL**ASSISTANT COUNTY MEDICAL OFFICER**

Applications are invited from registered medical practitioners for this full-time appointment. Duties will be concerned with all aspects of public health within the County, including the School Health Service. Candidates should possess the D.P.H. or the D.C.H. Salary scale £1,100 to £1,640 a year. The appointment is permanent, superannuable, and subject to medical examination. Conditions of service are those recommended by the Whitley Council. The successful candidate should hold a current driving licence. Applications (no forms) should be forwarded to the undersigned, together with the names of three referees, by November 12, 1960.—Charles Phythian, Clerk of the County Council, Shire Hall, Cattle Hill, Cambridge. (3306)

CITY OF BRADFORD**ASSISTANT MEDICAL OFFICER (Anaesthetist)**

Applications are invited from registered medical practitioners for this superannuable post. The salary scale is £1,150 by £60 to £1,510 by £65 to £1,640 per annum, and the appointment is subject to passing a medical examination. The successful applicant will be employed principally on the administration of anaesthetics in the School Dental Service, but may also be required to undertake other duties in the School Health and Maternity and Child Welfare Services. There may be an opportunity to attend the course for the Diploma in Public Health on a part-time basis at Leeds University, commencing in October, 1961. Forms of application may be obtained from the Principal School Medical Officer, Town Hall, Bradford 1, to whom they should be returned within 14 days of the appearance of this advertisement.—Henry Patten, Town Clerk. (4312)

COUNTY COUNCIL OF ESSEX**ASSISTANT COUNTY MEDICAL OFFICER OF HEALTH**

Applications invited from female registered medical practitioners for appointment in Romford Health area. Preference given to candidates with experience in school medical and maternity and child welfare duties and possessing Diploma in Child Health and/or Certificate or Diploma in Public Health. It would be an advantage if applicants are approved by Ministry of Education for purposes of ascertainment of educationally subnormal children. Salary scale £1,150 by £60 to £1,510 by £65 to £1,640. Whitley Medical Council conditions. Medical examination: superannuation. Application forms from County Medical Officer of Health, County Hall, Chelmsford. Canvassing disqualifies. (3715)

COUNTY COUNCIL OF THE WEST RIDING OF YORKSHIRE**APPOINTMENTS OF ASSISTANT COUNTY MEDICAL OFFICERS AND SCHOOL MEDICAL OFFICERS**

Applications are invited from registered medical practitioners with at least three years' experience since qualification for posts in the following areas:

- Division No. 20. Colne Valley Area. Districts surrounding Huddersfield.
- Division No. 31. Urban and Rural Districts near Rotherham.

Duties mainly in the School Health and Infant Welfare Services. Salary £1,150 to £1,640 per annum. County Council scale of travelling and subsistence allowances. Posts superannuable and subject to medical examination. Forms of application, from the undersigned, to be returned not later than November 21, 1960.—Ronald W. Elliott, County Medical Officer, County Hall, Wakefield. (4311)

Public Health—contd.**COUNTY BOROUGH OF BOLTON****APPOINTMENT OF ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER**

Applications invited for above post from registered medical practitioners. Duties mainly of a clinical nature. Wide opportunity for general public health experience. Salary scale £1,150 to £1,640. Commencing salary according to experience and qualifications. Post superannuable, subject to passing medical examination and terminable by three months' notice either side. Application forms, obtainable from me, must be returned by November 19.—Philip S. Rennison, Town Clerk, Town Hall, Bolton. (4314)

**CUMBERLAND COUNTY COUNCIL
PENRITH URBAN DISTRICT COUNCIL
WIGTON RURAL DISTRICT COUNCIL**

Applications are invited from medical practitioners holding the D.P.H. for the "mixed" appointment of

MEDICAL OFFICER OF HEALTH to the Penrith U.D. and Wigton R.D. Councils and ASSISTANT COUNTY MEDICAL OFFICER
Salary within the scale £1,681 a year, rising by eight increments to £2,126 a year. Application forms, and details of appointment, obtainable from the County Medical Officer, 11 Portland Square, Carlisle. Closing date November 26, 1960.—G. N. C. Swift, Clerk of the County Council; C. H. Huntley, Clerk of the Penrith Urban District Council; C. Graham, Clerk of the Wigton Rural District Council. (4036)

ESSEX COUNTY COUNCIL**ASSISTANT COUNTY MEDICAL OFFICER OF HEALTH**

Applications invited from registered medical practitioners for appointment in Forest Heath area (mainly Harlow district). Development Corporation will consider favourably requests for accommodation in Harlow. Preference given to candidates with experience in school medical and maternity and child welfare duties and possessing Diploma in Child Health and/or Certificate or Diploma in Public Health. Salary scale £1,150 by £60 to £1,510 by £65 to £1,640. Whitley Medical Council conditions. Medical examination, superannuation. Application form from County Medical Officer of Health, County Hall, Chelmsford. Canvassing disqualifies. (3794)

KINGSTON UPON HULL CORPORATION**ASSISTANT MEDICAL OFFICER**

Applications are invited from registered medical practitioners, preferably holding a Diploma in Public Health, for the appointment of Assistant Medical Officer for duties in the School Health, Maternity and Child Welfare, Port Health, and other Local Authority services. Salary scale £1,150 by £60 (6) by £65 (2) to £1,640 per annum. Particulars of the appointment, and forms of application, may be obtained from the Medical Officer of Health, Guildhall, Kingston-upon-Hull, to whom completed application forms must be returned not later than November 15, 1960. (3679)

**STAFFORDSHIRE COUNTY COUNCIL
BROWNHILLS URBAN DISTRICT COUNCIL**

Applications are invited for the separate part-time appointments of Assistant County Medical Officer and School Medical Officer, and Medical Officer of Health of the Brownhills Urban District. The appointments together will constitute whole-time, the allocations being eight half-days and three half-days, respectively. The proportionate salary for each appointment is calculated in accordance with the latest agreed scale, and increments will be given for previous service in the same capacity, the ranges being: County Council, £914 15s. 5d. by £47 14s. 6-7d. (6) by £51 14s. 1d. (2) to £1,304 10s. 11d.; Brownhills U.D.C., £553 12s. 9d. by £19 1s. 10d. (2) by £17 14s. 6-7d. (2) to £627 5s. 6d. A car will be an advantage and an appropriate allowance will be paid. The posts are superannuable and the successful candidate must pass a medical examination and produce his birth certificate. Applicants must be fully qualified medical practitioners, with experience in public health duties, and must hold the Diploma of Public Health or its equivalent. The candidate appointed will, as regards the County Council duties, act under the direction of the County Medical Officer of Health and will be required to perform such duties as may from time to time be prescribed. As regards the duties of Medical Officer of Health, he will be subject to the Public Health Officers Regulations, 1959, and to the sole control and direction of the Urban District Council. The County Council appointment will be subject to three calendar months' notice, in writing, on either side. Forms of application may be obtained from the County Medical Officer of Health, County Buildings, Stafford, and should be returned to him not later than by first post on November 21, 1960.—T. H. Evans, Clerk of the County Council; N. Wayne, Clerk of the Brownhills Urban District Council, County Buildings, Stafford. (4629)

NORTH RIDING COUNTY COUNCIL**MEDICAL OFFICER in charge of Mobile Clinic**

Applications are invited from suitably qualified women for the above post. The clinic serves a rural area immediately to the north of York. Salary scale £1,150 by £60 to £1,510 by £65 to £1,640. Experience in children's diseases and infant feeding is essential. The possession of a D.C.H. and recent experience in a maternity hospital will be considerable additional qualifications. Car desirable. Applications, on a form obtainable from the County Medical Officer, to be returned not later than November 22, 1960, to the Clerk of the County Council, County Hall, Northallerton, Yorkshire. (4208)

SURREY COUNTY COUNCIL**APPOINTMENT OF ASSISTANT MEDICAL OFFICER (Male)**

Applications are invited from candidates possessing the Diploma in Public Health and/or Child Health, for duties in the school health and maternity and child welfare services. Salary according to experience on scale £1,150 by £60 to £1,510 by £65 to £1,640 per annum. The appointment is subject to the provisions of the Local Government Superannuation Acts, 1937/53, and to three months' notice on either side. Application form from County Medical Officer, County Hall, Kingston-upon-Thames, to be returned by November 19, 1960. (4002)

GOVERNMENTAL**MINISTRY OF HEALTH
Supplies Division, London****INSPECTOR of Laboratory Equipment, Glassware and Allied Stores**

required. Qualifications: H.N.C. in Chemistry or Fellowship of Institute of Medical Laboratory Technology. Practical experience about 10 years of hospital laboratory or similar work essential. Duties also include the development of new laboratory equipment. Salary £990 to £1,170. Equal pay by January, 1961. National Health Service Superannuation applies. Forms from Ministry of Labour, Technical and Scientific Register (K), 26 King Street, London S.W.1. reference F.742/O.A. (4245)

TREASURY MEDICAL SERVICE

Applications are invited from medical practitioners, practising in the districts detailed below, for appointment in a part-time and mainly advisory capacity, as

LOCAL TREASURY MEDICAL OFFICER
for each of the places or groups of places shown. The town shown in brackets after the place-names indicates the Head Post Office Area in which the place, or group of places, is situated. Applicants must have a surgery in the area stated. Successful applicants will be required to examine and report on the condition of certain Government Officers, teachers, candidates for appointment, etc., who may be referred to them from time to time; and to attend when summoned to an emergency case of accident or sudden illness occurring in a Government office in the neighbourhood of his surgery. Fees for this work, and mileage allowance where journeys in excess of a certain distance are necessary, will be paid on a scale agreed with the British Medical Association. Intending applicants should write, within 14 days, to Treasury Medical Adviser, Treasury Chambers, Whitehall, London S.W.1, for a form on which application may be made. Applicants should be not more than 60 years of age.

The places for which applications are invited are as follows:

England, Wales and Scotland
Bathgate, etc. (Bathgate)
Great Yarmouth (Great Yarmouth)
Lanark (Lanark)
London N.W.7 (L.P.R.)
London W.14 (L.P.R.)
Callington (Plymouth)

ADMINISTRATIVE**NEWCASTLE REGIONAL HOSPITAL BOARD****ADMINISTRATIVE MEDICAL OFFICER**

Applications are invited for the post of Administrative Medical Officer on the staff of the Senior Administrative Medical Officer at the Board's Headquarters. Salary scale, aged 33 and over, £1,830 by £55 (5) by £65 (1) to £2,170 per annum; below age 33, the salary is linked to age. Experience in clinical or public health fields; previous administrative experience not essential. Facilities will be provided for training by secondment or otherwise, and thereafter for participation in the interesting work of planning the future hospital service in the region. Opportunity will be given to take D.P.H. or other qualification as appropriate. Whitley Council conditions of service and the National Health Service (Superannuation) regulations will apply. Applications, with full particulars, and names and addresses of three referees, to S.A.M.O., Regional Hospital Board, Benfield Road, Newcastle upon Tyne 6, within 28 days. (4057)

LEEDS REGIONAL HOSPITAL BOARD

Applications are invited from medical practitioners for the appointment of

ASSISTANT SENIOR MEDICAL OFFICER
(Salary scale £2,170 by £90 (6) to £2,710 per annum) on the staff of the Senior Administrative Medical Officer at the Board's headquarters, Harrogate, for duties in connexion with the organization and planning of the Hospital and Specialist Services of the Region. Previous experience of medical administration in the Hospital and/or Public Health Service would be an advantage. Applications, with full details of qualifications and experience, together with the names of three referees, to the Secretary, Park Parade, Harrogate, by November 19, 1960. (4066)

SERVICES**THE MEDICAL SERVICE OF THE ROYAL NAVY****VACANCIES FOR MEDICAL OFFICERS**

Candidates are invited for Short-service Commissions of three years, on termination of which a gratuity of £690 (tax free) is payable. Ample opportunity is granted for transfer to Permanent Commissions on completion of one year's total service. Officers so transferred are paid instead a grant of £1,500 (taxable). All entrants are required to be British subjects whose parents are British subjects, medically qualified, physically fit, and to pass an interview. Full particulars from the Admiralty Medical Department, Queen Anne's Mansions, St. James's Park, London S.W.1.

INDUSTRIAL APPOINTMENTS**FACTORY DOCTORS
FACTORIES ACTS, 1937 and 1948**

The following appointment as Appointed Factory Doctor is vacant: Milford Haven, in the County of Pembroke. Applications, which should be received not later than November 19, 1960, should be sent to H.M. Chief Inspector of Factories, 19 St. James's Square, London S.W.1. (4200)

REPUBLIC OF IRELAND**COMHAIRLE CHONTAE LUGHAI****WHOLE-TIME HOUSE SURGEON/PHYSICIAN WANTED**

PSYCHIATRY RESIDENCY

University residency affiliated with a public general hospital and the Houston State Psychiatric Institute for Research and Training. Fully accredited for four years, adult and child psychiatry. Salary \$4,500 to \$7,000. Apply to W. T. Lhamon, M.D., Chairman, Department of Psychiatry.

CANADA

Applications are invited for the post of
CARDIOVASCULAR PHYSIOLOGIST
at the Hospital for Sick Children, Toronto. The incumbent will be associated with clinical and experimental work and will be expected to carry on his own research programme. Expanded research and clinical facilities will be built in the near future for a variety of services, including the cardiovascular unit. Equipment, materials, and funds for research are available. The income will depend on experience and training, but will be consistent with that of a senior cardiologist (approximate range \$14,000 to \$18,000 per annum). Further details may be obtained by writing to the Director, the Hospital for Sick Children, 555 University Avenue, Toronto, Ontario. (3562)

COMMONWEALTH OF AUSTRALIA**Repatriation Department**

SPECIALIST **RADIOLOGY**

Applications are invited from registered medical practitioners for permanent appointment to a vacancy of Specialist in the Department.

The Repatriation Department functioning under the Repatriation Act administers war pensions and arranges the medical treatment of disabled ex-Service personnel and of widows and children who are eligible for benefits under the Act. The department has its own General Hospitals, Sanatoria, and Out-patient Clinics in each State at which medical treatment is carried out.

Location: Adelaide, South Australia.

Salary: £2,655 to £3,370 per annum.
N.B.—Salary, which is in Australian currency, will be payable from actual date of embarkation. Commencing salary will be appropriate to qualifications and experience.

Duties: Responsible to the Senior Medical Officer for the administration and work of the Radiology Department at the Repatriation General Hospital, Springbank, Adelaide, and the Out-patient Clinic, Adelaide. To advise the Senior Medical Officer, South Australia, as required, on all matters appertaining to Radiology.

Qualifications: Registered medical practitioner with appropriate postgraduate degree or diploma in the specialty.

Fares: Under specified conditions the first-class fare (if first-passage available) to Australia of the applicant, his wife and dependent children will be paid by the Commonwealth. Advice of these and other conditions of appointment will be supplied on request.

Applications should be made on forms obtainable from the Public Service Board Representative, Australia House, Strand, London W.C.2, and forwarded to this office by November 26, 1960.

GHANA CIVIL SERVICE**MEDICAL OFFICERS, Ministry of Health**

Vacancies exist in Ghana for a number of Medical Officers for general duties. Candidates should have preferably a United Kingdom registrable qualification and must have approved hospital experience. These posts are on contract in the first instance for two tours each of 15 to 18 months' duration, in salary scale £1,660 to £2,400 per annum, plus £150 per annum gratuity. Generous home leave and low local income tax. Special allowance for holders of higher qualifications. House with hard furniture at nominal rental, car allowance, air passages for self, wife, and three children under 18 years. Private practice not allowed. There is urgency to fill these vacancies immediately, and successful candidates will be required to leave for Ghana as soon as possible. Application forms may be obtained from the Director of Recruitment, Ghana High Commission, 248 Tottenham Court Road, London W.1. (3340)

GOVERNMENT OF SIERRA LEONE**MEDICAL OFFICERS**

with qualifications registrable in the United Kingdom required for general, mainly clinical, duties in the Colony or Protectorate. Appointment, for two tours, each of 18 to 24 months, may be on either (a) National Health Service terms, candidates retaining superannuation rights, and receiving a gratuity (taxable) of 20% of aggregate salary; (b) short-term contract with gratuity (taxable) of 15% of aggregate gross salary, payable on satisfactory completion of engagement. Salary under (a) £1,248 to £2,046 a year, under (b) £1,346 to £2,221, commencing point fixed by qualifications and experience. Private practice may be allowed at discretion of Director of Medical Services. Quarters normally available at low rental. Outfit allowance on first appointment £60. Return passages for officer, wife and up to three children under 18 years. Children's allowance (subject to maximum of three) of £48 a year (up to seventh birthday) and £96 a year (from 7th to 18th birthday) for children being educated outside Sierra Leone. Local leave permissible and generous home leave after each tour. Income tax at local rates. Application forms from Director of Recruitment, Colonial Office, London S.W.1 (quoting BCD 117/15/02). (4306)

RESIDENTS

Appointments are available in the approved residency training programmes in internal medicine, pathology, paediatrics, and surgery. Stipends from \$4,800 to \$7,200, depending on year of training and dependants. For information write to the Clinical Director, 1427 Eye Street, N.W., Washington 5, D.C., U.S.A. (4228)

Oversea (Vacant)—contd.**INSTITUTE OF MEDICAL AND VETERINARY SCIENCE, South Australia, and the QUEEN ELIZABETH HOSPITAL, Woodville, South Australia****MEDICAL BACTERIOLOGIST**

Applications are invited from medical graduates for appointment as officer in charge of the bacteriology laboratory at the Queen Elizabeth Hospital. The hospital is a new teaching hospital of 500 beds and the successful appointee will be expected to develop the appropriate routine services, to train technical staff, and to carry out special investigations. The appointment will be for five years in the first instance, but may be renewed or made permanent. The initial salary, within the range £A.2,715 to £A.3,320, will be determined in relation to previous experience. First-class fares will be provided for the appointee and his family. Superannuation under a State scheme or in accordance with that of the F.S.S.U. is available. Applications (including the names of three referees) should be submitted immediately to the Administrator, Queen Elizabeth Hospital, Woodville, South Australia. (4334)

KENTUCKY BAPTIST HOSPITAL, Louisville 4, Kentucky**WANTED, FULL-TIME HOUSE PHYSICIANS (Six)**

Short-term General Hospital, 345 beds, 50 bassinets. Rotating service, not approved for residency. Educational programme available. Large percentage of medical staff faculty members of Medical School. Applicants must be graduates of approved medical schools of United States, Canada, or England. Must have at least one-year approved internship. Salary range \$8,000 to \$10,000, depending on qualifications and further training or experience. Apply to John Goldsborough, M.D., Director of Medical Education. (3198)

MUNICIPALITY OF HAMILTON, Council Chambers, Hamilton, Tasmania**GENERAL PRACTICE—Hamilton**

The Hamilton Municipal Council invite a medical practitioner holding qualifications registrable in Tasmania to settle in the municipality and undertake sole unopposed private medical practice. The present practitioner is retiring in a few months' time. No premium will be required for the practice and a suitable unfurnished house with surgery attached is available at a rental of £A.3 per week. The Council would be prepared to subsidize the practitioner for attending certain clinics in the municipality. This would not affect his right to charge fees.

In addition the appointment of Medical Officer in charge of the local 13-bed District Hospital would be available. An honorarium of £A.500 for medical attention to in-patients.

The residence and hospital are situated in the town of Ouse, which is 55 miles by first-class road from Hobart. The whole municipality is a most attractive country area and the main industry is sheep farming.

The gross income is in the vicinity of £A.6,000 per annum.

Should any interested practitioner wish to do so, he could write to Dr. J. M. Munden, the retiring practitioner, at Ouse for first-hand information.—J. R. Lipscomb, Council Clerk. (4004)

NEW YORK INFIRMARY, Stuyvesant Square East and 15th Street, New York 3, N.Y.**INTERNSHIPS AND RESIDENCIES**

available immediately and for 1961. 250-bed tertiary hospital. Integrated teaching programme, all branches medicine. Accepting men, women, including married and/or engaged couples training together. (8560)

PROVINCE OF NEWFOUNDLAND**TRAINING POSTS IN PSYCHIATRY**

The Mental Health Services of Newfoundland have a limited number of training posts, offering two full years of accredited training, in an integrated University programme. The additional two years of training required to qualify for University Diploma, and the Certification examination of the Royal College of Physicians and Surgeons of Canada, may be taken in the Department of Psychiatry, at Dalhousie University, Halifax, Nova Scotia. This comprehensive training programme is under the general direction and supervision of the Department of Psychiatry, Dalhousie University. Prerequisites are graduation from an approved medical school and one year rotating internship.

Salary range for full four years: \$7,000 to \$8,000 per annum.

Service Contract required for university part of training.

Assistance given with transportation costs. Permanent posts available on completion of training.

Application forms, and additional information, may be obtained by writing to: C. H. Pottle, M.D., Director, Mental Health Services, P.O. Box 967, St. John's, Newfoundland. (4215)

ROYAL JUBILEE HOSPITAL, Victoria, B.C., Canada**CANADIAN INTERNSHIP**

TASMANIA**Department of Health Services****MEDICAL OFFICER—Launceston**

P.S. List No. 3/60

SCHOOL MEDICAL OFFICER—Hobart

P.S. List No. 371/60

Applications are invited from medical practitioners, holding qualifications registrable in Tasmania, for full-time Public Service posts as Medical Officers in the Department of Health Services.

Qualifications: It will be an advantage to candidates to possess a D.P.H. The Public Service Commissioner will, however, encourage an appointee not possessing a D.P.H. to take the D.P.H. course at Sydney University after serving two years in his appointment, and will pay the Medical Officer's salary during the period of the course, on condition that the appointee continues to serve with the Department of Health Services after the course, for a prescribed period.

Duties:

Medical Officer, Launceston—The duties will involve medical examination of recruits for the Public Service, Superannuation examination, and general administration, plus duties on behalf of the Public Health Division, involving general public work and school medical and child health service.

School Medical Officer, Hobart—The duties will be to assist in the work of the School Health Service and to carry out any other work that may be required on behalf of the Public Health Division.

Situation: The Medical Officer will be stationed in Launceston, and the School Medical Officer in Hobart in the first instance, but the latter should be prepared to be stationed elsewhere in the State if this is required at some later date.

Transport: Appointees will be required to use their own car, for which a mileage allowance is payable. In certain circumstances, a loan may be obtained for the purchase of a car.

Salary: The present salary range is at the rate of £A.2,526 to £A.3,056 per annum by annual increments of £A.106. The starting point in the scale can be above the minimum, dependent on qualifications and experience.

Superannuation: Superannuation is available.

Other information: Further information and details of travelling arrangements and allowances can be obtained from: The Agent General for Tasmania, 457 Strand, London W.C.2.

Applications: Applications, in duplicate, accompanied by a curriculum vitae and copies of two recent testimonials, or the names of referees, should be submitted to the Agent General for Tasmania in London. (4003)

THE WOMEN'S HOSPITAL (Crown Street), Sydney, Australia**HONORARY MEDICAL STAFF**

Applications, on the prescribed form obtainable from the undersigned, closing December 3, 1960, are invited for the position of Honorary Relieving Assistant Obstetrician for the remainder of the current three-year term ending June, 1961 (with eligibility for reappointment).—R. B. Go'sby, Secretary and Chief Executive Officer. (4224)

THE NEW SOUTH WALES STATE CANCER COUNCIL**RESEARCH PATHOLOGIST**

Applications are invited for this appointment at the Special Unit for Investigation and Treatment, comprising twenty-eight in-patient beds and complete self-contained operating and laboratory facilities devoted solely to cancer. The Unit is situated at the Prince of Wales Hospital, Randwick. The pathologist, who must be a graduate in medicine of a recognized university and possess a postgraduate degree in pathology or equivalent qualification, with additional extensive experience in modern clinical, experimental and histo-pathology, will be required to develop research projects related to causes and treatment of cancer, within the framework of the general research programme approved by Council. Under the direction of the Honorary Director of the Unit, he will be in administrative control of the laboratory staff. Salary range £A.3,268 to £A.4,228 per annum. Commencing salary according to qualifications and experience. Full details of conditions of employment, superannuation benefits, research programme, etc., are available from the Medical Director of Council at the undermentioned address. Applications, endorsed "Application for Research Pathologist," closing December 31, 1960, to be addressed to the Secretary, The New South Wales State Cancer Council, Box 4383, G.P.O., Sydney, Australia. (3845)

THE PROVINCE OF NEWFOUNDLAND**PSYCHIATRISTS**

required for posts in Mental Hospitals and Day Care Clinic at St. John's. Salary range \$10,000 to \$12,000 per annum for candidates holding the D.P.M. Posts are also available for non-certificated physicians with training who wish to qualify for certification. Full Civil Service benefits.

Assistance given with travel costs.

Applications, or requests for further information, should be directed to: C. H. Pottle, M.D., Director, Mental Health Services, P.O. Box 967, St. John's, Newfoundland, Canada. (4216)

TORONTO, Ontario, Canada**RESEARCH FELLOW**

required to conduct studies in the results of the treatment of trauma. Our present project concerns the effectiveness of treatment and the natural history of low back pain. The appointment would be full-time, working at the Hospital and Rehabilitation Centre operated by the Workmen's Compensation Board, Ontario. The duration of the contract would be a minimum of one year, renewable if all concerned are satisfied. If interested, direct inquiries to B. H. G. Curry, M.D., F.R.C.S.(C.), Medical Director, Hospital and Rehabilitation Centre, 115 Torbarrie Road, Downsview, Ontario, Canada.

TRISTAN DA CUNHA

Doctor urgently required for general medical duties on the South Atlantic Island of Tristan da Cunha. Candidates must possess qualifications registrable in the United Kingdom; a knowledge of dentistry would be an asset. Candidates must be prepared to serve in small isolated community. Appointment would be on agreement for approximately two years in the first instance. Salary £1,200 a year. Free quarters provided, equipped with heavy furniture and a refrigerator, for which a small rental will be charged. Free return passages provided for officer, wife, and up to three children under eighteen years of age. Generous home leave. Private practice not permitted. Application forms from Director of Recruitment, Colonial Office, London S.W.1 (quoting BCD 117/170/02). (4332)

UNIVERSITY OF QUEENSLAND**2 LECTURERS (Clinical) IN PATHOLOGY**

Applications are invited for the above-mentioned positions. Applicants must hold a medical degree registrable in the State of Queensland. Postgraduate experience of some five years' duration in clinical pathological discipline is desirable though not absolutely essential. Salary range is £A.2,140 by £A.60 to £A.2,640. The successful applicants will enjoy the privileges of superannuation, study leave, travel grants, and other benefits available to the academic staff. Further particulars and application forms are obtainable from the Secretary, Association of the Universities of the British Commonwealth, 36 Gordon Square, London W.C.1. Applications close in Australia and London on November 30, 1960. (4250)

U.S.A. WILSON MEMORIAL HOSPITAL, U.S.A.

Hospital approved by the Committee on Medical Education of the American Medical Association and Joint Commission on Accreditation of Hospitals for intern and resident training offers positions as Interns and Residents in Medicine, Surgery, Paediatrics and Gynaecology, X-ray and Pathology, commencing July 1, 1961. Stipend, including lodging, uniforms and laundry, for interns \$225.00 per month, residents \$250.00 per month. Exchange Visitor Programme No. P-II-854. Arrangements for passage possible. The Mental Health Services include:

(A) Claremont Mental Hospital: 1,400 beds of mixed type (long-stay, mental defective and geriatric) but being reorganized. It is situated in fine grounds (500 acres) in a good residential area, six miles from city centre and two miles from ocean beaches. Several of the best private schools are in the Claremont area.

(B) Gravlands Day Hospital: 100 beds (acute treatment, mainly early psychoses), 75 to 100 daily attendances. Situated in a pleasant residential suburb in the Perth metropolitan area.

(C) Heathcote Hospital: 125 beds (acute treatment). Situated in a pleasant residential suburb in the Perth metropolitan area.

(D) Havelock Clinic: Well-equipped out-patients' clinic close to King's Park and central to city and transport.

(E) Child Guidance Clinic: A well-equipped clinic central to the city.

(F) Ex-Servicemen's Hospital: 125 beds.

(G) Farm Colony: 80 beds.

(H) Other small units.

The present total establishment is for eight senior psychiatrists, six psychiatrists, a physician-neurologist, seven assistant trainee medical officers, five clinical psychologists, five social workers, and five mental health officers.

Under present circumstances paid sessions are available in off-duty time at the out-patients' clinics.

There is an increasing co-ordination with general hospitals, the University Medical School, and Department of Psychology, with teaching and clinical facilities.

Conditions of Service: Salaries are quoted on current basic wage. Generous Superannuation benefits, three months' long-service leave after seven years' continuous service, cumulative sick leave entitlements, annual leave as stated, and other general conditions applicable to permanent public servants.

Transport: Reasonable amount allowed for transport of appointees and dependent family to W.A., provided appointees enter into a bond to serve the State for three years.

Further information on all vacancies may be obtained from: The Official Secretary, Office of the Agent General of W.A., Savoy House, 115 The Strand, London W.C.2, England, or Dr. D. W. Moynagh, Inspector-General, Mental Health Services, Claremont, W.A. Applications, stating age, qualifications and experience, should be addressed, by November 23, 1960, to: The Official Secretary, Office of the Agent General of W.A., Savoy House, 115 The Strand, London W.C.2, England. (4225)

UNIVERSITY AND RESEARCH**APPOINTMENTS, etc.**

**ST. THOMAS'S HOSPITAL MEDICAL SCHOOL
London S.E.1**

Applications are invited for a training post in pathology (to include all branches) in the grade of

ASSISTANT LECTURER

at a salary of £900 per annum, with family allowance and superannuation. The post will be vacant on March 1, 1961. Applications, together with the names of two referees, should be sent not later than November 26, 1960, to the Secretary, from whom further information can be obtained. (4226)

**THE UNIVERSITY OF LEEDS
The Department of Pathology**

Applications are invited for the post of

ASSISTANT LECTURER

in the Department of Pathology at a salary on the scale £900 by £100 to £1,100, according to age, qualifications and experience. The post is suitable for a young medical graduate interested in academic pathology and particularly in experimental methods, but he will also be expected to devote some of his time to routine hospital and teaching activities. Applications (three copies), stating date of birth, qualifications and experience, together with the names of two referees, should reach the Registrar, The University, Leeds 2 (from whom further particulars may be obtained), not later than November 30, 1960. (4192)

**THE NUFFIELD FOUNDATION
NUFFIELD INSTITUTE FOR MEDICAL RESEARCH**

RESEARCH FELLOWSHIP

The Nuffield Foundation, as an experiment, prepared to offer one research fellowship in 1961, tenable at the Nuffield Institute for Medical Research at Oxford, to enable a suitably qualified person who intends to follow an academic career in obstetrics or paediatrics in the United Kingdom to concentrate for a year on animal experiments directly related to basic physiology or pharmacology in the foetus or the newborn. The Fellowship will be tenable for one year and is limited to a graduate in medicine at a university within the British Commonwealth, who should either have completed an appointment as registrar (or its equivalent) in an approved department of obstetrics or paediatrics, or be seconded for one year from such an appointment. He should also have obtained the higher qualification appropriate to his chosen specialty. The stipend will be within the approved range of salaries for senior registrars under the National Health Service. Applications for the award, beginning in 1961, must be received before February 15, 1961, by the Director, the Nuffield Foundation, Nuffield Lodge, Regent's Park, N.W.1, from whom full particulars and application forms can be obtained.—L. Farrer-Brown, C.B.E., Director of the Nuffield Foundation. (4227)

THE UNIVERSITY OF MANCHESTER

Applications are invited from persons with medical qualifications registrable in this country for the full-time post of

LECTURER IN PSYCHIATRY

Present salary scale rises to £21.0 per annum, according to qualifications and experience. Duties to begin as soon as possible. The successful applicant will be required to work in the Department of Psychiatry in the Manchester Royal Infirmary, and the Board of Governors of the United Manchester Hospitals may be prepared to negotiate an honorary contract as Consultant with the person appointed. Applications should be sent, not later than November 12, 1960, to the Registrar, The University, Manchester 13, from whom further particulars and forms of application may be obtained. (3470)

UNIVERSITY COLLEGE HOSPITAL MEDICAL SCHOOL

JOHN MARSHALL FELLOWSHIP

Applications are invited for the John Marshall Fellowship in Surgical Pathology, which will be available from January 1, 1961, and is tenable up to a maximum of three years. The appointment to the Fellowship is made by the University of London on the nomination of the School Council, and the successful applicant will work under the direction of Professor Sir Roy Cameron, F.R.S. The salary of the Fellow is at the rate of £700 per annum, which is supplemented from other funds to a maximum of £1,050, plus superannuation. Applications should be submitted to the Secretary, University College Hospital Medical School, University Street, London W.C.1, within 14 days of this notice. (4304)

**UNIVERSITY OF LONDON KING'S COLLEGE
Department of Pharmacology**

Applications are invited for a

JUNIOR (Assistant) LECTURER

in this Department, tenable from January 1, 1961. Applicants should have a good honours degree in pharmacology or physiology or a qualification in medicine. Preference will be given to those with postgraduate degrees in pharmacology.

Salary scale: £950 by £50 per annum to £1,150, plus £60 London allowance, family allowances, and F.S.S.U. benefits.

Conditions of appointment and application forms may be obtained from the Registrar, King's College London, Strand, W.C.2, completed forms must reach him by November 22. (4211)

**UNIVERSITY OF LONDON KING'S COLLEGE
Department of Pharmacology**

Applications are invited for a

LECTURESHIP

in this Department, tenable from January 1, 1961. Applicants should have a good honours degree in pharmacology or physiology or a qualification in medicine; in addition a postgraduate qualification in pharmacology is essential.

Salary scale: £1,750 by £100 per annum to £1,850, plus £60 London allowance, family allowances, and F.S.S.U. benefits.

Conditions of appointment and application forms may be obtained from the Registrar, King's College London, Strand, W.C.2; completed forms must reach him by November 22. (4210)

POSTGRADUATE DIPLOMA IN BACTERIOLOGY
SCHOOL OF HYGIENE, UNIVERSITY OF TORONTO

Applications are now being received for the next Diploma in Bacteriology course, opening on September 8, 1961. The course lasts for one academic year and is given under the direction of Dr. A. J. Rhodes. The course is designed to provide advanced instruction in medical microbiology. Instruction is offered in the following subjects: bacteriology, virology, mycology, immunology, parasitology, entomology, sanitary bacteriology, and statistical methods. Laboratory work forms an important part of all courses of instruction, including virology. Fee: approximately \$600 (subject to change), plus cost of textbooks. Overseas candidates should consult their governments about fellowships for study in Canada. Applications should be accompanied by an official record of academic qualifications and a statement of experience, and should be sent by airmail to Dr. A. J. Rhodes, Director, School of Hygiene, University of Toronto, Toronto, Canada. (4336)

ROYAL COLLEGE OF PHYSICIANS OF LONDON

Douglas Vernon Hubble, M.D., F.R.C.P., will deliver the Langdon-Brown Lecture on Thursday, November 17, 1960, at 5 p.m., at the College, Pall Mall East, London S.W.1. Subject: "The Endocrine Orchestra." Any member of the Medical Profession admitted on presentation of doctor's card.—By order of the President, Harold Boldero, Registrar. (4158)

SHEFFIELD REGIONAL HOSPITAL BOARD

RESEARCH PRIZES

The Sheffield Regional Hospital Board offer three research prizes of £50 each for the best written reports or reviews which make a contribution to medical knowledge, to Senior Registrars and Registrars who are or have been employed wholly or partly by the Board. Further particulars of the conditions for the awards may be obtained from the Secretary to the Board, Fulwood House, Old Fulwood Road, Sheffield 10, to whom all persons who are interested are invited to apply. The closing date for entries is October 1, 1961. (4070)

SOCIETY OF APOTHECARIES OF LONDON.—Medicine and Surgery: November 14, December 5, January 9. Midwifery and Pathology: November 15, December 6, January 10. Mastery of Midwifery: May and November. Established in 1911. Tel.: BYRON 1011 and 4772. (Incorporated Association not carried on for profit.)
A private nursing home for patients suffering from the neuroses and nervous disorders. Patients under certificate not accepted. 30 minutes from Marble Arch. Six acres of grounds. Intensive psychotherapy. Analytical therapy. All modern forms of physical psychiatric treatment. Occupational therapy, both indoor and outdoor. All treatment by the members of the staff is inclusive and the fees range from 25 to 30 guineas per week, depending on the room occupied.—Apply Medical Director.

CHEADLE ROYAL, CHEADLE, CHESHIRE (GATLEY 2231)

Medical Superintendent:
W. V. Wadsworth, B.S., M.B., M.R.C.P., D.P.M.
This excellently appointed hospital receives all types of patients who are suffering from psychological and senile illness. The most modern psychiatric treatments are available. Special geriatric unit for mild and senile patients.
Russell House Nursing Home, for the milder type long-stay patient, in the grounds of the main hospital, fees from 10 guineas per week.

HAYDOCK LODGE Newton-le-Willows, Lancs

For treatment of mental and nervous diseases.
Apply Medical Superintendent for terms, etc.

ST. ANDREW'S HOSPITAL FOR NERVOUS AND MENTAL DISORDERS, NORTHAMPTON

President: The Earl Spencer.
Medical Superintendent: Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M.

This Registered Hospital is situated in 130 acres of park and pleasure grounds. Patients, both male and female, who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in the hospital or in one of the numerous villas in the grounds of the various branches can be provided.

WANTAGE HOUSE

This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of mental and nervous disorders by the most modern methods: insulin treatment is available for suitable cases. It also contains laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

MOULTON PARK

Two miles from the Main Hospital there are several villas situated in a park and farm of 600 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening and fruit growing.

BRYN-Y-NEUADD HALL

The seaside home of St. Andrew's Hospital is beautifully situated in a park of 330 acres, at Llanfairfechan, amidst the finest scenery in North Wales. On the north-west side of the estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout fishing in the park.

For terms and further particulars apply to the Medical Superintendent (Telephone No. 34354 Northampton), who can be seen in London by appointment.

CHISWICK HOUSE, MOSS LANE, PINNER Middlesex

Telephone: Pinner 0234

Private Nursing Home for Nervous and Psychological troubles, including alcoholism. All modern treatments. Forty patients of both sexes, country house in six acres of grounds. Twelve miles north-west of London. Easily accessible by Metropolitan train from Baker Street to Pinner—22 minutes. Ten minutes' walk from Pinner Station. Resident and visiting physicians. Medical Director, Douglas Macaulay, M.D., D.P.M.

NORTHUMBERLAND HOUSE

Tel.: Finchley 5283

Psychiatric Nursing Home, 235-7 Ballards Lane, N.3. Resident Med. Director, Dr. R. M. Riggall, Mem. Brit. Psycho-Analytical Society and Assistant Psychiatrist. Stands in extensive well-wooded grounds. Central heating and running water in all rooms. Moderate inclusive fees. All modern treatments, including psychotherapy.

SPRINGFIELD HOUSE, near BEDFORD

Phone: Bedford 3417

For Mental Cases (including the aged). Fees from eleven guineas per week. For terms of admission, etc., apply to the Resident Physician, Cedric W. Bower. Interviews in London by appointment.

"STANBOROUGH'S," WATFORD

Registered Nursing Home. Medical, Surgical (theatre). Maternity: Convalescence; Geriatric: Physiotherapy; X-ray. Fifty-three private rooms (some private bath); telephones; extensive private park. London 18 miles. Phone Garston 4111.

WYKE HOUSE, ISLEWORTH, MIDDLESEX

Tel.: ISLEworth 7000

A Private Nursing Home for the individual treatment and care of all forms of Nervous and Mental illness, including addiction. The number of patients is limited to twenty-five, and all modern treatments are available. This well-known home for men and women and the aged stands in a park of 15 acres, seven miles from Marble Arch. Resident Physicians: H. Pullar-Strecker, M.D.; G. W. Smith, O.B.E., M.B.

BROXIL - THE HIGH PEAK
REGD. TRADE MARK
**PENICILLIN FOR BETTER
CLINICAL RESULTS**

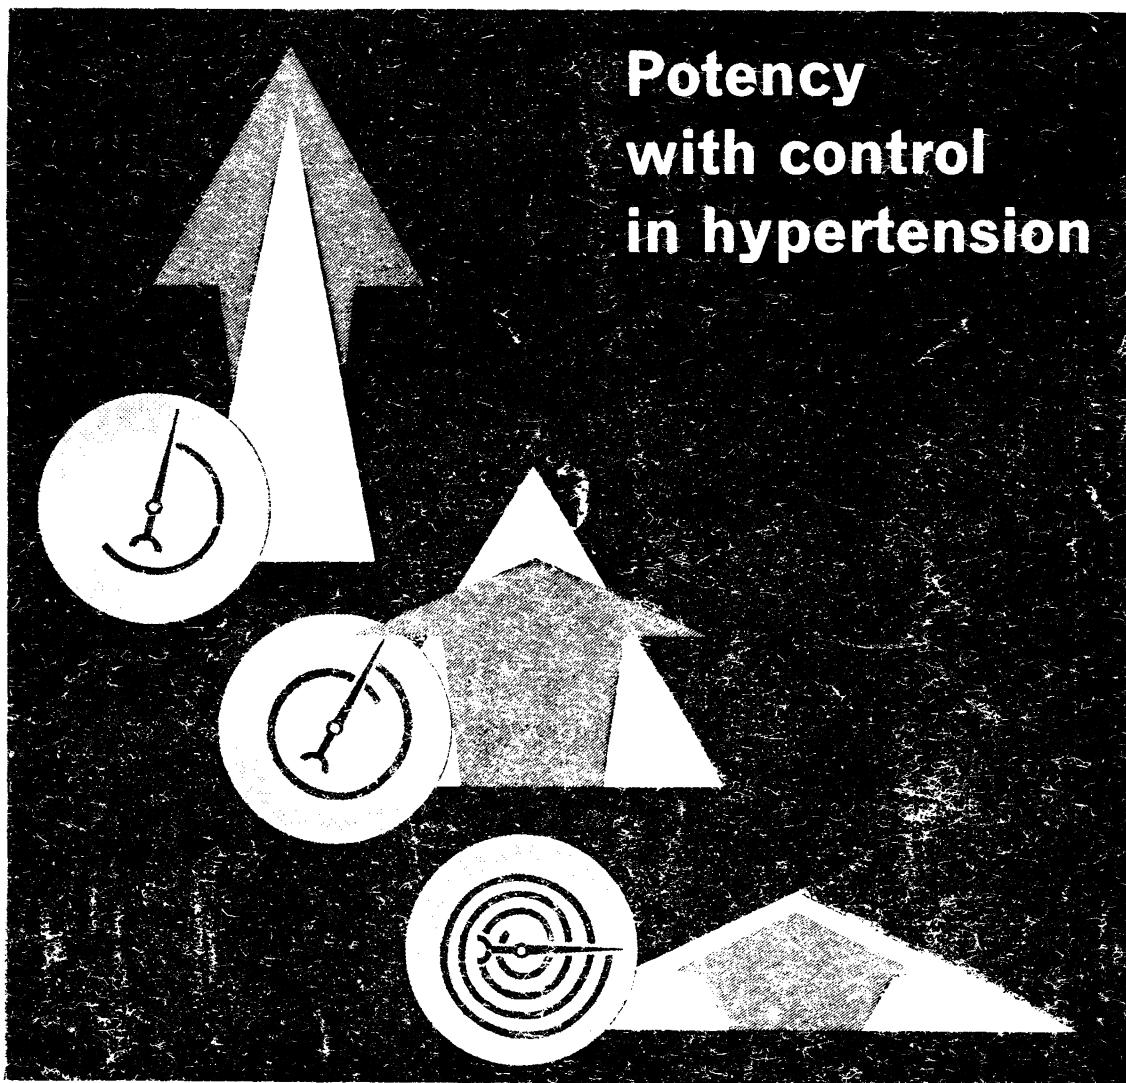

'In short, with the possible exception of bacterial endocarditis, "broxil" should be given when previously Penicillin G or V has been used.' *Practitioner* (1960), 184, 793.

Broxil, the penicillin of choice, is now available in tablet and syrup forms for convenient oral administration. **BROXIL TABLETS** available in strengths of 125 and 250 mg. **BROXIL SYRUP**—bottles of 60 ml. when dispensed (each 5 ml. contains 125 mg).

Broxil is the potassium salt of 6-(alpha-phenoxypionamido) penicillanic acid.

BEECHAM RESEARCH Laboratories LTD · BRENTFORD · ENGLAND

Comment from three important papers in the Lancet, 20th August.

"Patients are spared constipation, impotence, dryness of the mouth, and iridoplegia, and there is no risk of paralytic ileus."

"Life need no longer be made a misery by the parasympathetic effects of the ganglion blocking agents."

"Its action is apparently steady; tolerance does not develop; and outpatient care of cases is relatively easy."

"If our present experience is confirmed, and if our survival-rates are as good as those with pentolinium, guanethidine or some similar drug should almost entirely replace the older ganglion blocking agents."

"Guanethidine was much more satisfactory in outpatient control. A single daily dose was adequate, and there was only 1 outpatient failure in 16 patients, in contrast to 16 failures in 25 patients treated with bretylium tosylate."

Ismelin Regd. T.M.
(guanethidine sulphate)
