SAFE

Rastinon (tolbutamide) has been proved to be *completely safe*—in clinical trials and in routine usage—by over 1,250,000 diabetics. It has fewer side-effects than any other oral anti-diabetic substance and no serious side-effects have ever been reported.

EFFECTIVE

Over 1,000 published articles substantiate the effectiveness and safety of Rastinon.

RESEARCH . . .

THE FUTURE . . .

AND HOECHST

The great German pharmaceutical company, Farbwerke Hoechst A.G., last year celebrated its seventy-fifth anniversary. It could look back on many outstanding developments in medical science that it had introduced—ranging from the first diphtheria antitoxin, to Rastinon, the established oral treatment of diabetes.

Today, in the Pharmacopoeia of every country are listed drugs originated at Hoechst; for example, in the British Pharmacopoeia 1958 are listed Procaine, Epinephrine, Mersalyl, Tetracaine, Pethidine, Methadone, and Normethadone, each one of which was discovered in the Hoechst laboratories.

300 graduate scientists — chemists, doctors, pharmacists — are employed by Hoechst in Frankfurt on pharmaceutical research alone. They work in ultra-modern laboratories, with all the equipment they could possibly need.

The promise from Hoechst is of even greater achievement in the discovery of new weapons against disease.

Technique for the treatment of stubborn varicose ulcers with **ICHTHOPASTE** bandages and **ELASTOPLAST** compression bandages

ICHTHOPASTE applied to the skin beneath **Elastoplast** permits uninterrupted compression bandaging in cases of recalcitrant ulcers requiring long-term ambulatory treatment. Make three slabs of **Ichthopaste** about 12 inches long by lapping the bandage backwards and forwards to give two or three thicknesses. Apply these to the anterior, lateral and medial aspects of the leg. Commencing just behind the toes, apply a complete **Ichthopaste** bandage, enclosing the heel and extending to a point immediately below the bend of the knee. Allow the bandage to follow its own course without pleating, and cut where necessary. Recommence bandaging to build up a uniform thickness of paste. Mould bandage carefully to conform evenly to the shape of the leg.

A complete **Elastoplast** bandage not less than 3" wide is now applied over the **Ichthopaste**, under firm compression from toes to knee including the heel.

In cases of copiously discharging ulcers and oedema, it may be necessary to change the bandages weekly at first, then at longer intervals as the ulcer dries and the oedema subsides.

ELASTOPLAST elastic adhesive bandages B.P.C. (porous) provide efficient compression and support, while permitting ambulation.

ICHTHOPASTE Zinc Paste and Ichthammol Bandages B.P.C. protect the hypersensitive skin and reduce oedema.

SIR RUSSELL BRAIN

Some Reflections on Genius

and other Essays

Many who read Sir Russell Brain's "Tea with Walter de la Mare" regretted that he did not devote more space in it to his own ideas. In this book he ranges widely, discussing the nature of genius, Dr. Johnson and his circle, Swift and Dickens. He takes the reader with him to a performance by that superb clown Grock, and to Epstein's studio, where the talk is as racy and revealing as his conversations with de la Mare. He writes on words in poetry, oratory, humour and wit, and on the philosophy of art. This is a book on literature and life seen through the eyes of a great physician who is also a writer.

Particular care has been taken with the production of the book. Special chapter head- and tail-pieces have been commissioned and are printed in colour. The content, the literary style and the beautiful production all combine to make this book a little gem.

*For the patient who
just doesn't get well*

Anabolex

the protein anabolizing, non-virilizing steroid promotes
—a return to appetite—an increase in weight—a sense of well-being

PATIENTS who are run down or who are recovering from illness frequently suffer from faulty protein metabolism. They are in negative nitrogen balance. Protein, in effect, is being broken down and lost faster than it is being built up.

Anabolex (androstanolone) restores the physiological balance. Many clinical trials have shown that, following the administration of Anabolex, there is an immediate return of the body's capacity to build up protein. The patient feels better, eats better and gains weight.

Here, then, is a physiological "tonic" with a wide therapeutic range. The weakness, lassitude, lack of energy and interest associated with many pathological states may be rapidly overcome by the administration of Anabolex.

Anabolex can be safely given to patients of all ages and both sexes; in therapeutic doses, its virilizing properties are almost negligible. The only known contra-indication is prostatic carcinoma.

*Anabolex is a
registered trade mark*

PRESENTATION: In vials of 25 and 100 tablets, each tablet containing 25 mg. Androstanolone. Basic N.H.S. cost 20/- and 70/-. Anabolex is exempt from purchase tax. Samples and literature will be gladly sent on application.

INDICATIONS Middle-aged or elderly people who are debilitated or "run down." Preparation for and recovery from planned surgery. Convalescent patients. Premature infants. The child or adolescent who is under weight. Anorexia, Asthenia, Malnutrition, Wasting diseases.

Great Advance in Aerosol Therapy for **ASTHMA**

PRESSURISED

BROVON

Asthma Inhalant provides an effective therapeutic dose *within seconds*

1 High Production of Utilisable Aerosol

Obviously, particles of an aerosol are therapeutically useless if either:—(a) The particles are too large to pass into the respiratory bronchioles. (b) The particles are so small that they are swept back in the expired air. By Incorporation of a new and unique device, about 80% of the particles yielded by Pressurised Brovon Inhalant are within the optimum range for penetration into the finest ramifications of the bronchial tree, and absorption there.

Approximately 80% of the particles yielded by Pressurised Brovon Inhalant are utilisable—the highest proportion yet achieved in any aerosol therapy from a liquid inhalant.

Less than 30% of the particles yielded by an asthma inhalant from a hand-operated inhaler are utilisable, the remainder being too coarse.

Less than 10% of the particles yielded by conventional aerosols are utilisable; in fact, their performance is much inferior to that of a manually-operated inhaler.

2 Pharmacological soundness

Pressurised Brovon Inhalant combines the rapid action of adrenaline with the slower but prolonged action of atropine, providing an antispasmodic combination with an immediate yet sustained action.

3 Visual check on contents of bottle

... so that the user has full warning when his inhalant is running low.

4 Accurate dosage

An accurate metering device allows a measured quantity—and no more—to be emitted, and pressure must be released for a few seconds to allow the device to reset. Needless or unintentional over-dosage and waste are thus eliminated.

5 Complete safety

The propellant is non-toxic, non-inflammable and stable. The bottle is very strong and, as an additional safeguard, is enclosed in a tough, shatterproof, plastic cover which prevents splintering of the bottle if broken.

6 Compactness

The complete unit is smaller than even a small hand-operated inhaler and can be carried inconspicuously in the handbag or pocket.

the new

STEREOTACTIC APPARATUS

(GUIOT-GILLINGHAM PATTERN)

for diathermy coagulation
in pallidotomy

... provides a simple, versatile, yet precise method for treatment and research. It employs no surface markings but three points of reference to the brain; the mid-sagittal plane, the anterior and posterior commissures and the inter-commissural line are used for the localisation of the globus pallidus and thalamus in the individual patient. The use of an X-ray image intensifier and an electrical stimulator greatly facilitates the use of the apparatus, increasing the accuracy and speed of application. General anaesthesia is often used for the first stage of the procedure, which entails insertion of radio-opaque markers into the outer table of the skull and air-encephalography. The second stage, carried out two days later under local anaesthesia, is concerned with the creation of the lesions.

For
quick control
of
severe pain
'DOLOXENE'

TRADE MARK

A potent new oral analgesic which, unlike codeine, has practically no constipating effect and does not give rise to nausea. 'Doloxene' is purely an analgesic—it has no antipyretic action, neither does it reduce inflammation. The use of 'Doloxene' in relief of pain in malignant disease will delay the necessity for morphine.

No contra-indications or tolerance have been reported.

The average adult dose is 32-65 mg. three or four times daily.

'Pulvules' 'Doloxene' are available in strengths of 32 mg. and 65 mg.

When pain is associated with inflammation or fever

'DOLOXENE COMPOUND'

TRADE MARK

combines the analgesic value of 'Doloxene' with the antipyretic and anti-inflammatory properties of the salicylates. It is highly effective in treating the pain associated with rheumatic diseases, fevers and migraine.

The average adult dose is one or two 'Pulvules' taken three or four times daily.

Each capsule contains:

'Doloxene'	32 mg.
Phenacetin	162 mg. (2½ grs.)
Acetylsalicylic Acid	227 mg. (3½ grs.)
Caffeine	32.4 mg. (½ gr.)

'Doloxene' brand dextropropoxyphene hydrochloride and 'Doloxene Compound' brand dextropropoxyphene and acetylsalicylic acid compound, are at present subject to the control of the Dangerous Drugs Acts.

Dulcolax works every time. From infancy to extreme old age there is no condition†, no circumstance in which Dulcolax tablets or suppositories cannot be used routinely and predictably with complete safety. Dulcolax brings about a single, effortless motion, formed and soft, without diarrhoea or rebound constipation. Dulcolax is not "just another laxative". It is unique. It is used, and has been clinically approved, in almost every country in the world.

†Except, of course, cases of intestinal obstruction.

“Stop that coughing!”

When steps need to be taken to alleviate a troublesome cough ‘Thorpax’ Syrup can be relied upon to give speedy and lasting relief. At the same time it does not adversely affect the cough’s natural protective function.

‘Thorpax’ is particularly suitable for controlling dry, painful coughs associated with colds and other infections of the upper respiratory tract and for coughs of allergic and psychogenic origin. It is well tolerated by patients of all ages and does not cause sedation, respiratory depression, gastric disturbance or constipation. Being non-narcotic and non-addictive it is eminently suitable for long-term treatment.

PANADOL

REGD

ANALGESIC AND ANTIPYRETIC

PANADOL ELIXIR

Medically speaking, the very young don't know what's good for them, but they will take their medicine if it tastes good. Panadol Elixir scores here. Its flavour received a 90% 'vote' of approval in a series of 'taste referendums' conducted in a number of hospitals and clinics. Panadol Elixir scores on safety too. This one-ingredient analgesic, antipyretic does not cause gastric irritation or haemorrhage.

PANADOL TABLET

Caution in the prescription of certain analgesics is called for not only with patients who have a dyspeptic history, but with those, especially the elderly, whose stomachs are likely to be easily upset. Panadol does not cause the gastric irritation which may be associated with salicylate analgesics.

PANADOL is *N*-acetyl-*p*-aminophenol 0.5 G. Ingredient cost of 24 tablets: 1/11½d.

DEEP SKIN PENETRATION IN ARTHRITIS AND RHEUMATISM

NICOTINIC, SALICYLIC AND p-AMINOBENZOIC ACIDS in Ester form

IN CASES of soft-tissue rheumatism, and arthritic disorders, many doctors are tending more and more to regard Transvasin as an indispensable adjuvant to treatment.

For Transvasin is composed of the esters of nicotinic, salicylic and p-aminobenzoic acids. These esters readily pass the skin barrier in therapeutic quantities, and so enable an effective concentration of drugs to be built up where they are needed.*

Transvasin not only induces vasodilatation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

EFFECTIVENESS WITH ECONOMY

'EFFICO' tonic is a well-balanced combination of vitamins, traditional stimulants and bitter stomachics in a pleasantly flavoured syrup base. Its reliability as a restorative for the convalescent, the overworked and the aged, and in post-influenzal and similar conditions, has been proved in extensive clinical use.

'EFFICO' Tonic with a basic N.H.S. cost of 2/2½d per 8 fluid ozs. (total N.H.S. cost 4/1d) provides effectiveness with economy.

THE EFFICO FORMULA

<i>Aneurine Hydrochloride B.P.</i>	1 mgm.
<i>Nicotinamide B.P.</i>	12 mgm.
<i>Tincture of Nux Vomica B.P.</i>	12 min.
<i>Caffeine Citrate B.P.C.</i>	4 grs.
<i>Tincture of Orange B.P.</i>	8 min.
<i>Tincture of Lemon B.P.</i>	4 min.
<i>Compound Infusion of Gentian B.P.</i>	200 min.
<i>Dilute Hydrochloric Acid B.P.</i>	4 min.
<i>Syrup B.P.</i>	to 1 fl. oz.

POSTURAL DRAINAGE in chest disease

This folder, which opens out as a wall chart (16" x 12½"), was designed at the request of a chest physician to help bronchial patients to continue to carry out their prescribed exercises in postural drainage correctly and without the immediate supervision of a qualified physiotherapist.

Precise instructions are given for drainage of specific parts of the bronchial tree, with diagrams showing not only the angle at which the body should be tipped, but also the number and position of pillows to be used, and placing of the sputum mug.

Rapid relief this winter for CHILBLAINS & COUGHS

WARD, BLENKINSOP & CO. LTD.
FULTON HOUSE, EMPIRE WAY, WEMBLEY, MIDDLESEX
Telephone: WEMbley 8686

ADAPRIN

Tablets for Chilblains

Among predisposing factors to chilblains are assumed to be defective peripheral circulation and diminished coagulability of the blood.

Each Adaprin tablet contains nicotinamide (50 mg.) and acetomenaphthone (10 mg.) as the logical drugs to counteract these defects. Nicotinamide is preferred to nicotinic acid because of the unpleasant symptoms of rapid vasodilatation associated with the latter compound. Adaprin is non-toxic and may safely be given to children and adults for long periods for prevention. Relief from existing chilblains may be expected in a few days. In containers of 25, 100, and 500 tablets.

PAVACOL

Syrup and Pastilles for Coughs

Pavacol Syrup. In the improved formula, each 100 ml. contains: Papaverine hydrochloride, 0.02 g. Pholcodine, 0.1 g. B.P.C. Balsam of Tolu, 0.045 g. Oil of clove, 0.02 g. Tincture of ginger, 0.10 ml. Oil of aniseed, 0.007 g. Tincture of capsicum, 0.40 ml. Oil of peppermint, 0.02 g. Glycerine, 10.00 ml. Alcohol, 1.10 ml. Chloroform, 0.25 ml. Theriac, 45.00 g. Papaverine relaxes the bronchi by direct action. Pholcodine—the new ingredient—is a central cough suppressant, as effective as heroin (diamorphine) but with none of its disadvantages, and much less toxic even than codeine. In bottles of 4, 16, and 80 ounces. Pavacol Diabetic Syrup also available.

Pavacol Pastilles—contain the powerful, wide-range, quaternary ammonium antiseptic, Octaphen, together with the antitussive compounds, papaverine and codeine, and the demulcents and volatile oils present in Pavacol Syrup. For the prophylaxis and treatment of bacterial and fungal infections of the mouth and throat—and for symptomatic treatment of cough. In tins of 24 pastilles.

FOR ENT INSPECTION

or from Regional Offices of the Association.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than one year after full registration as a medical practitioner and held normally for two years: £1,250 in the first year; £1,400 in the second and any subsequent years. Deduction of £215 per annum for compulsory residence; £255 per annum for voluntary residence.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than three years after full registration and held normally for four years: £1,500 by £100 to £1,800 in the fourth year; thereafter, £1,900 in the fifth and sixth years; £2,000 in the seventh and eighth years; £2,100 in the ninth and any subsequent years. Deduction of £250 per annum for compulsory residence; £275 per annum for voluntary residence.

Other Grades, Whole-time

(a) **HOUSE OFFICERS**: Each post in this grade shall be tenable for six months.

£675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £175 per annum for voluntary residence;

£750 per annum for the second post held; deduction of £160 per annum for compulsory residence or £190 per annum for voluntary residence;

£825 per annum for the third and any subsequent posts held; deduction of £165 per annum for compulsory residence or £195 per annum for voluntary residence;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £750 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff; provided further that where a House Officer has previously held two such outside posts the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the appropriate rate to the second or third post held in accordance with the above provision shall be paid at the third post rate for any subsequent appointments in this grade.

(b) **SENIOR HOUSE OFFICERS**: Posts obtained by fully registered medical practitioners and held normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28 or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary residence.

(c) **JUNIOR HOSPITAL MEDICAL OFFICERS**: Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Any advertisements appearing in this issue for posts in the hospital service which quote the rates of salary and other conditions which obtained before the recent agreement are published on the assumption that the employing authorities will in due course make the necessary adjustments. (17/10/60)

arrangement with Medical Superintendent, Ful-
bourn Hospital. (5205)

LEEDS REGIONAL HOSPITAL BOARD

SENIOR REGISTRAR IN PSYCHIATRY
for duties initially at Naburn and Bootham Park
Hospital, York (657 beds). In addition to in-
patient treatment these hospitals, jointly with the
Health Department of the City of York, provide a
combined Mental Health Service for the city to
undertake the domiciliary care and resettlement of
psychiatric patients. Opportunity also exists for
work in association with the Department of
Psychiatry, University of Leeds. This post is
included in a scheme which is designed to provide
maximum facilities for advanced study and train-
ing, and the person appointed may, if he so
wishes, be seconded at a later date to another
hospital within the Region in order to gain further
experience. At present there is accommodation at
this hospital for single persons only. Candidates
for this appointment must hold the D.P.M. Applica-
tions, stating age, qualifications and details of
present and previous appointments (with dates),
together with the names and addresses of three
referees, to the Secretary, Joint Registrars Com-
mittee, Park Parade, Harrogate, by December 8,
1960. (5206)

Appointments are available in the approved residency training programmes in internal medicine, pathology, paediatrics, and surgery. Stipends from \$4,800 to \$7,200, depending on year of training and dependents. For information write to the Clinical Director, 1427 Eye Street, N.W., Washington 5, D.C., U.S.A. (4228)

FEDERAL GOVERNMENT OF NIGERIA**SENIOR SPECIALIST AND SPECIALIST PATHOLOGISTS**

The Federal Ministry of Health require (1) Specialist Pathologist and (2) Senior Pathologist.

1. A Specialist Pathologist to take charge of all the Bacteriological work of the Federal Laboratory Service, including Public Health Bacteriology and Serology and Rabies Vaccine Production. The officer selected will be required to advise the Pathologist in charge of the Clinical Pathology Laboratory on the performance of clinical bacteriology, and to assist in the administration of all branches of the Federal Laboratory Service. Candidates must possess (a) a medical degree or diploma recognized by the General Medical Council of the U.K. or a diploma registrable under the Nigeria Medical Practitioners and Dentists Ordinance; (b) a post-graduate diploma or certificate in Pathology or Bacteriology (e.g., D.C.P. London or Dip. Bact. London or Manchester), or the University of Toronto in Canada Dip. Path. (conjoint Board, England); qualification by the Specialty Board of the United States or Canada in Clinical Pathology or Pathological Anatomy or the M.D. in Pathology of London University may also be considered. Candidates for this appointment should be primarily Bacteriologists, but must have had at least five years' postgraduate experience in pathological or bacteriological work or two years' post-registration work in general clinical medicine. Appointment on contract for one or two tours of 12 to 18 months in the first instance. Salary, according to experience, £2,988 per annum (including contract addition), plus staff pay of £100 per annum and gratuity of £150 per annum for satisfactory service.

2. A Senior Specialist Pathologist will be required to assist in the administration of all branches of the Federal Laboratory Service in addition to undertaking the duties of a Specialist Pathologist. Candidates should possess the professional qualifications of the Specialist Pathologist, but should be primarily good general pathologists, with special experience of any one of the branches of Pathology, preferably Morbid Anatomy, and should have at least ten years' postgraduate experience in Pathology or Bacteriology. Appointment on contract for one or two tours of 12 to 18 months in the first instance. Salary £3,240 per annum (including contract addition), plus staff pay of £100 per annum and gratuity of £150 per annum for satisfactory service.

Free passages for officer and wife. Income tax at low local rate. Accommodation at low rental. Allowances for children whilst separated. Liberal home and local leave on full pay.

Write for application forms and further particulars, stating age, qualifications and experience, and also stating clearly for which post application is being made, to the Appointments Secretary, Federal Public Service Commission, Nigeria House, 9 Northumberland Avenue, London W.C.2, quoting O.13/Z. (4962)

JAMAICA**MEDICAL OFFICERS (Health)**

required to administer all Public Health Services in any one of twelve rural parishes. Services include environmental sanitation, maternal and child health service, school medical service, communicable disease control, health education and insect control. Candidates must possess qualifications registrable in United Kingdom and D.P.H. Appointment on contract for three years, with gratuity (taxable) of 20% of salary for each completed three months' service, payable at end of contract. Salary scale £1,750 to £2,150 per annum. Starting salary depends on experience. Income tax at local rates. Free passage for officer, wife and dependent children under 18 years, not exceeding five persons in all. Government quarters not available, but a subsidy (taxable and subject to certain limitations) is payable when annual rent exceeds 10% of salary. Climate healthy. Educational facilities available. Application forms from Director of Recruitment, Colonial Office, London S.W.1 (quoting BCD 117/32/02/L1). (5285)

GOVERNMENT MEDICAL SERVICE OF TASMANIA

A vacancy will arise on January 1, 1961, for a **DISTRICT MEDICAL OFFICER** in the Municipality of Richmond, Tasmania. The commencing salary is £A.2,334, and is likely to be reviewed by a Tribunal investigating salaries of Government employees. A residence is provided, and statistics regarding attendances can be furnished. Passages will be provided for the appointee and his family under the Commonwealth Migration Scheme. Applications, in duplicate, with curriculum vitae, to the Agent-General for Tasmania, 457 Strand, London W.C.2. (5229)

GOVERNMENT OF NORTHERN RHODESIA**MALE MEDICAL OFFICERS**

possessing medical qualifications registrable in the United Kingdom required for Pneumoconiosis Medical and Research Bureau. Duties include clinical and radiological examination of miners (European and African). Officers will reside at Kitwe and will work under the supervision of Director (a Medical Specialist) of the Bureau. Kitwe is a town of considerable size with agreeable climate and many social amenities. Post offers excellent opportunity for experience in diseases of chest. Appointment on permanent basis with pension, or short-term contract with gratuity (taxable). Candidates from National Health Service may retain superannuation rights (up to six years) and receive gratuity (taxable) of 20% of aggregate of salary at end of engagement. Salary scale £1,315 to £2,130 a year, starting salary depending upon age and experience; plus special interim allowance of 5% of basic salary. Pension for permanent appointment at rate of 1/600th of final pensionable emoluments for each completed month of service. Gratuity for contract appointment £37 10s. for each completed three months of service. Free passages provided in both directions for officer and wife, and assisted passages for children up to cost of one full fare. Housing available at low rental, and married candidates may take family. Annual leave permissible; generous home leave granted after each tour of 36 months (for first two tours, thereafter a normal tour is 30 months). Tax at local rates. Application forms from Director of Recruitment, Colonial Office, London S.W.1 (quoting BCD 117/3/02). (5437)

Hospital approved by the Committee on Medical Education of the American Medical Association and Joint Commission on Accreditation of Hospitals for Intern and resident training offers positions as Interns and Residents in Medicine, Surgery, Paediatrics and Gynaecology, X-ray and Pathology, commencing July 1, 1961. Stipend, including lodging, uniforms and laundry, for interns \$225.00 per month, residents \$250.00 per month. Exchange Visitor Programme No. P-II-854. Arrangements for passage possible. For details apply Director of Medical Education, Wilson Memorial Hospital, Johnson City, New York.

WAIKATO HOSPITAL BOARD**EAR, NOSE AND THROAT SPECIALIST**

Applications are invited from suitably qualified medical practitioners for the position of whole-time Ear, Nose and Throat Specialist to the Waikato Hospital Board, with headquarters at Waikato Hospital, Hamilton, New Zealand. Preference will be given to applicants possessing postgraduate qualifications in the specialty. The salary will be that applicable to a Junior Specialist, i.e., £1,800 to £2,150, and from April 1, 1961, £1,900 to £2,300 per annum, and the commencing rate within this scale will be determined by the Medical Officers' Salaries Grading Committee as constituted in accordance with Hospital Employment (Medical Officers) Regulations. Conditions of appointment, and official application form, are obtainable from the office of the High Commissioner for New Zealand, 415 Strand, London W.C.2, England, and applications will close with the Secretary, Waikato Hospital Board, P.O. Box 934, Hamilton, New Zealand, on Tuesday, February 7, 1961. (4945)

WINCHESTER MEMORIAL HOSPITAL
Winchester, Virginia, U.S.A.**OPPORTUNITY FOR INTERN TRAINING**

for a limited number of recent and prospective Medical School Graduates desiring outstanding internships in the United States (stipend \$250 per month, meals, room allowance, and other benefits). Write the Administrator. (5428)

UNIVERSITY AND RESEARCH**APPOINTMENTS, etc.****CHARING CROSS HOSPITAL MEDICAL SCHOOL (University of London)**

Applications are invited for the following new appointments in the Departments of Pathology which serve Charing Cross Hospital and Fulham Hospital, W.6. Salaries will be in accordance with the revised University Scale for Clinical Teachers now awaiting promulgation, with superannuation and family allowance. Applicants should be prepared to take up the appointments on, or soon after, January 1, 1961. Full details of qualifications and experience, with names of at least two referees, to the Secretary, Charing Cross Hospital Medical School, 62-65 Chandos Place, London W.C.2.

(a) SENIOR LECTURER IN CHEMICAL PATHOLOGY

Applicants should have experience of hospital laboratory work and some teaching experience. A medical qualification is desirable, but not essential. Duties include teaching clinical chemistry to undergraduates and participation in the service provided to the associated hospitals.

(b) LECTURER IN MORBID ANATOMY

Applicants should hold a medical qualification registered in the United Kingdom. Duties include taking part in the teaching programme of the department and in the biopsy and necropsy service to the associated hospitals. Previous experience in biopsy diagnosis particularly desirable.

(c) ASSISTANT LECTURER IN CLINICAL PATHOLOGY

Applicants should be medically qualified. They will be required to assist in the service to the associated hospitals provided by the Departments of Haematology and Bacteriology and to take part in undergraduate teaching as required. (5420)

THE UNIVERSITY OF LIVERPOOL**Applications are invited for the post of**
WHOLE-TIME LECTURER
in the Department of Child Health

Experience in experimental methods in cardio-respiratory physiology is essential. The initial salary will be within the range £1,200 to £1,600 per annum, according to qualifications and experience. Clinical responsibilities and research facilities under the general direction of the Professor of Child Health will be available within the department. Application will be made on behalf of the successful candidate to the Liverpool Regional Hospital Board for an honorary contract at the consultant or senior registrar level in respect of clinical duties at Alder Hey Children's Hospital. Applications, stating age, qualifications and experience, together with the names of three referees, should be received not later than December 10, 1960, by the Registrar, from whom further particulars of the conditions of appointment may be obtained. Ref.: CV/BM. (4918)

THE UNIVERSITY OF LIVERPOOL**RESEARCH FELLOWSHIP IN PHARMACOLOGY**

Applications are invited from graduates in science or medicine for appointment to a research fellowship in the Department of Pharmacology, University of Liverpool. The appointment will be for two years at a salary within the range £400 to £550 per annum, according to experience and qualifications. Applications, containing the names of two referees, should be submitted to the Registrar not later than December 17, 1960. Ref.: CV/BM. (4917)

University and Research Appointments, etc.—contd.

MAY & BAKER LTD

DAGENHAM, ESSEX

BACTERIOLOGIST

M. & B. require a Bacteriologist with an interest in chemotherapy. Applicants should have a good Honours Degree, and a Ph.D. or the equivalent research experience would be an advantage. A new Research Institute has recently been completed and the facilities are excellent. There is a Life Assurance and Pension Scheme in operation. Five-day week. Apply in writing, giving full details of experience, to the Personnel Officer, quoting Reference No. 186/60.

THE UNIVERSITY OF SHEFFIELD

Applications are invited for a post of
LECTURER IN CHILD HEALTH
to begin duties about April 1, 1961. Candidates should be members of the Royal College of Physicians, and should preferably have had laboratory experience, e.g., in biochemistry. Initial salary according to qualifications and experience on the scale (now under review) £1,200 by £100 to £1,900, with F.S.S.U. provision and family allowance. A grant towards removal expenses will be made. Further particulars may be obtained from the Registrar, to whom applications (eight copies) should be sent by December 17, 1960. (5043)

UNIVERSITY COLLEGE HOSPITAL MEDICAL SCHOOL

BILTON POLLARD FELLOWSHIP

Applications are invited for the Bilton Pollard Fellowship, which has an annual value of £850. The holder can be reappointed annually for a total period normally not exceeding three years. Applicants must fulfil the following conditions: (1) They must be men students who have completed the regular course of Medical and Surgical study at University College Hospital. (2) They must have held the post of either House Physician or House Surgeon or some equivalent post at University College Hospital. (3) They must be either Members of the Royal College of Physicians of London, Fellows of the Royal College of Surgeons of England, or Members of the Royal College of Obstetricians and Gynaecologists. (4) They must have declared their intention of engaging in the practice of Medicine or Surgery. If the successful applicant wishes to study abroad and finds the sum derived from the Bilton Pollard Fellowship is not enough, it may be possible to supplement the Award. Applications should be made to the Secretary, University College Hospital Medical School, University Street, W.C.1, by Friday December 9, 1960. (5346)

PERSONAL

HYPNOTISM. THE BRITISH JOURNAL OF MEDICAL HYPNOTISM. Quarterly £2 2s. per annum. Orders to the publishers, 4 Victoria Terrace, Hove 3, Sussex.

WILL ANYONE SEND "THE PRACTITIONER" to a missionary doctor abroad? Offers to Davis, 1 Hilbanc Drive, Bingley, Yorkshire.

LONDON SCHOOL OF HYGIENE AND TROPICAL MEDICINE (University of London)
Incorporating the Ross Institute

DIPLOMA IN PUBLIC HEALTH

The whole-time course for the University of London's Academic Postgraduate Diploma in Public Health is designed to meet the needs of registered medical practitioners who wish to devote themselves to any branch of public health work. The course, which begins next on October 2, 1961, lasts for nine months. Applications for admission to the course should be addressed to the Registrar as soon as possible. Fee 70 guineas (£73 10s.).

SCHOLARSHIPS FOR THE 1961-62 COURSE

Applications are invited from registered medical practitioners for (a) the A. H. Bygott Scholarship, value £200; (b) two Elliott Memorial Scholarships, each value £150; and (c) the Sir Arthur Newsholme Memorial Scholarship, value approximately £200. No tuition fees are charged to successful candidates. Applicants may apply for more than one scholarship.

These scholarships are tenable for one session at the London School of Hygiene and Tropical Medicine for the above course. Scholarship applications must be received not later than April 1, 1961, by the Dean, London School of Hygiene and Tropical Medicine, Keppel Street (Gower Street), London W.C.1, from whom application forms may be obtained. (5427)

POSTGRADUATE STUDY.—Dipoma in Anaesthetics; Diploma in Psychological Medicine; Diploma in Ophthalmology; Diploma in Radiology; Diploma in Laryngology; Diploma in Child Health; M.R.C.S.Ed. and all Surgical Examinations, M.R.C.P.Lond. and all Medical Examinations, M.D. thesis of all Universities. Courses for all qualifying examinations. Complete Guide to Medical Examinations sent free on application. Applicants should state in which qualification they are interested. Address Secretary, Medical Correspondence College, 19 Welbeck St., London W.1.

ROYAL COLLEGE OF PHYSICIANS OF LONDON

CONFERENCE ON CLINICAL ASPECTS OF GENETICS

This Conference will be held at the College on March 17 and 18, 1961. It is primarily arranged for Fellows and Members of the College who are consultants in medicine or pathology. Numbers may have to be limited, and applications should be made to the Registrar not later than January 23, 1961. Entrance fee: five guineas, which will include lunches and dinner, should not be sent with application. Cheques become due on notification from the College. The provisional programme is as follows:

Friday, March 17. Chairman: Sir Robert Platt, Bt., P.R.C.P. President's opening remarks. Elementary Principles (J. A. Fraser Roberts). Discussion. Muscular Dystrophy and Related Disorders (J. N. Walton). Heredity of Mental Diseases (E. T. O. Slater). Congenital Abnormalities (C. O. Carter). Discussion. Lunch.

Chairman: Dr. D. V. Hubble. "Chromosomal Aberrations." The Human Chromosome (C. E. Ford). Sex Chromosome Aberrations (P. E. Polani). Sex Chromosome Aberrations (W. M. Court Brown). Discussion. Mongolism (L. S. Penrose). Other Autosomal Aberrations (M. Fraccaro). Discussion. Dinner.

Saturday, March 18. Chairman: Sir Harold Himsworth. "Biochemical Genetics." Inborn Errors of Metabolism (C. E. Dent). Drug Sensitivity (H. Harris). Discussion. Resistant Rickets (C. Burnett). The Abnormal Haemoglobins (H. Lehmann). Discussion. Lunch.

Chairman: Dr. F. Avery Jones. Heredity and the Alimentary Tract (R. B. M. Connell). Genetics and Neurology (R. T. C. Pratt). Discussion. Genetic Advice to Patients (J. A. Fraser Roberts). Discussion. Complexities of Inheritance in Man (C. A. Clarke). Final Discussion. President's concluding remarks.—Harold Boldero, Registrar, Pall Mall East, S.W.1. (5349)

THE UNIVERSITY OF SHEFFIELD

COURSE IN DERMATOLOGY

A course in Dermatology for general practitioners will be held from Monday to Friday, March 20 to 24, 1961, at the Rupert Hallam Department of Dermatology, Sheffield Royal Infirmary. The course will have special reference to common skin ailments encountered in general practice. The fee is five guineas, and accommodation at one of the University's Halls of Residence will probably be available at a moderate additional charge. N.H.S. practitioners are (subject to certain conditions) eligible to have the course fee paid on their behalf and to receive also certain allowances (travelling expenses, subsistence, locum fees). As the number who can be accepted is limited, enquiries and applications (stating whether or not the latter are made under the scheme for N.H.S. practitioners, and whether residential accommodation is desired) should be addressed as soon as possible to the Dean of the Faculty of Medicine, The University, Sheffield 10. (4915)
