# Rapid relief this winter for CHILBLAINS & COUGHS

#### ADAPRIN

#### Tablets for Chilblains

Among predisposing factors to chilblains to be defective peripheral circulation and coagulability of the blood.

Each Adaprin tablet contains nicotinamide (5) acetomenaphthone (10 mg.) as the logical counteract these defects. Nicotinamide is predictionic acid because of the unpleasant symptorapid vasodilatation associated with the latter compand adults for long periods for prevention. Relief existing chilblains may be expected in a few days. containers of 25, 100, and 500 tablets.

#### PAVACOL

#### Syrup and Pastilles for Coughs

Pavacol Syrup (Improved Formula)—a distinctively flavoured cough remedy containing papaverine and pholoodine. Papaverine relaxes the bronchi by direct action. Pholoodine, the new ingredient, is a central cough suppressant which is as effective as heroin (diamorphine), but without the disadvantages of that dangerous drug. Pholoodine is much less toxic even than codeine, and it does not cause constipation. Pavacol Syrup and Pavacol Diabetic Syrup are supplied in bottles of 4, 16 and 80 ozs.

Pavacol Pastilles—contain the powerful, wide-range, quaternary ammonium antiseptic, Octaphen, together with the antitussive compounds, papaverine and codeine, and the demulcents and volatile oils present in Pavacol Syrup. For the prophylaxis and treatment of bacterial and fungal infections of the mouth and throat—and for symptomatic treatment of cough. In tins of 24 pastilles.

#### may depend on the safety of 'Distaval'

Consider the possible outcome in a case such as this—had the bottle contained a conventional barbiturate. Year by year, the barbiturates claim a mounting toll of childhood victims. Yet it is simple enough to prescribe a sedative and hypnotic which is both highly effective... and outstandingly safe. 'Distaval' (thalidomide) has been prescribed for nearly three years in this country, where the accidental poisonings rate is notoriously high; but there is no case on record in which even gross overdosage with 'Distaval' has had harmful results. Put your mind at rest. Depend on the safety of

### 'DISTAVAL'

As an hypnotic at bedtime: ADULTS: 50 mg.—200 mg. INFANTS AND CHILDREN: 25 mg.-100 mg.

As a daytime sedative:

ADULTS: 25 mg. two or three times daily. INFANTS AND CHILDREN: Half to one 25 mg. tablet, according to age, one to three times daily.

'Distaval' (25 mg. tablets).
'Distaval' Forte (100 mg. tablets).

Basic cost to N.H.S. of 12 tablets from dispensing pack of one hundred—1/- or 2/8d. according to strength.

## For his tomorrows—we work today

Helpless—but not unhelped! While he sleeps the unceasing search goes on for new or better antigens to protect him from infectious diseases once regarded as unavoidable hazards.

Take whooping cough, the world's No. 1 killing disease of babies in the first year of life. By perfecting precise methods of making and testing pertussis vaccines Glaxo research has materially helped to raise whooping cough immunisation to its present high level of effectiveness. Significantly, it was Glaxo workers who were asked to assist in the preparation of the British Standard Pertussis Vaccine which was subsequently accepted as the International Standard. Every batch of Whooping Cough Vaccine Glaxo (and combined antigens containing it) measures up to these same high standards.

The primary immunising course with Whooping Cough Vaccine Glaxo is three 1 ml injections (or three ½ ml injections if the Glaxo half volume vaccine is used); the first injection should be given at not later than three months of age.

#### GLAXO PRODUCTS FOR PROTECTION

The following vaccines are available in two concentrations, which provide a full dose of antigen in either 1 ml (standard vaccine) or 0.5 ml (half-volume vaccine)

#### Availability of Vitamins in Yeast

Deficiencies of single factors of the Vitamin B Group do not occur. Accordingly, even if a deficiency condition appears to result from the lack of an individual factor of the group and it is considered necessary to give intensive treatment with this factor, the entire Vitamin B Complex should always be administered concurrently.

It is, however, extremely important, in view of suggestions in recent publications, that the vehicle selected as a source of the entire B Complex does not withhold its vitamin content from the patient.

Human experiments show that the rich, natural vitamin potency of Aluzyme is totally available to the human system.

Aluzyme is not advertised to the public and may be prescribed on Form E.C.10

# HAVING IT OUT WITH THE QUEEN

HEN Queen Elizabeth I refused to have a tooth drawn because she feared the pain, Bishop Aylmer "though he were an old Man, and had not many Teeth to spare, immediately had the Surgeon come and pull out one of his Teeth . . . in her Majestie's Presence. Which accordingly was don: and She was hereby encouraged to submit to the Operation herself."

Today such heroism is unknown, and indeed unnecessary. We aim to keep our teeth, and to keep them healthy. And we know, for example, that the earlier we start our children in good dental habits—by teaching them the C D E F rule for good teeth—the more promise we give them of healthy teeth both now and in adult life.

CLEANING Often and thorough, to remove food particles that can cause decay. After each meal if possible.

DENTIST Regular visits to catch any trouble early.

EXERCISE Lots of chewing—apples, celery, chewing gum, raw vegetables. Helps to clean teeth, promotes flow of saliva (nature's mouthwash); stimulates gums, aids proper jaw development.

FOOD Plenty of milk, butter, cheese and eggs: rich in minerals and vitamins for strong teeth and healthy gums.

\* The Mayas of Central America chewed chicle (the basis of today's chewing-gum) more than 1,000 years ago. And they were renowned for their splendid teeth.

PUBLISHED BY THE WRIGLEY COMPANY LIMITED, LONDON E2/4/60

## In numerous cases of skin affections...

Unhealthy conditions can be aggravated by exposure to body exudations and other aqueous fluids.

Vasogen Silicone a smooth oil-in-water emulsion, because of its high silicone content of 20% Polydimethyl-siloxane, provides a ready means of treating difficult conditions, such as bed sores and skin irritations. It provides an effective barrier against undesirable external contacts.

Vasogen Silicone is already well known and endorsed by the medical and nursing professions and is used in many hospitals at home and abroad.

# NULACIN "has revolutionized the treatment of duodenal ulcer"

"This new method of the administration of antacids (Nulacin) has revolutionized the treatment of duodenal ulser... milk drip is no longer part of our therapeutic stock in trade."

PROG. ROW. SAGE. MED., December, 1958, 51, 1063

NULACIN tablets, when allowed to dissolve slowly in the mouth, provide intragastric milk-alkali drip therapy safely and effectively for both the bedridden and ambulant patient. They may be relied on to provide a treatment for peptic ulcer as well as other conditions associated with gastric hyperacidity.

The safety and effectiveness of Nulacin therapy has been proven by "in vivo" clinical work carried out in many countries, References to this work include:—

#### **ANALGESIC AND ANTIPYRETIC**

#### PANADOL ELIXIR

Medically speaking, the very young don't know what's good for them, but they will take their medicine if it tastes good. Panadol Elixir scores here. Its flavour received a 90% 'vote' of approval in a series of 'taste referendums' conducted in a number of hospitals and clinics. Panadol Elixir scores on safety too. This one-ingredient analgesic, antipyretic does not cause gastric irritation or haemorrhage.

#### PANADOL TABLET

Caution in the prescription of certain analgesics is called for not only with patients who have a dyspeptic history, but with those, especially the elderly, whose stomachs are likely to be easily upset. Panadol does not cause the gastric irritation which may be associated with salicylate analgesics.

**PANADOL** is N-acetyl-p-aminophenol 0.5 G. Ingredient cost of 24 tablets:  $1/11\frac{1}{2}d$ .

# Corn Oil, Cholesterol and Coronary Heart Disease

In 1957, 26% of all male deaths between the ages of 45 and 64 in England and Wales were caused by coronary heart disease. Despite considerable research, the cause or causes of this disease have still not been proved. However, it has been suggested from preliminary clinical trials that there may be a connection between high level blood cholesterol and the incidence of coronary heart disease.

FATS AND CHOLESTEROL On this subject, an eminent authority on nutrition has written, '... the

important point is to increase

E.F.A. and to decrease non-E.F.A.

and excessive carbohydrate
(which gives rise to non-E.F.A. in
the bcdy). Not all unsaturated
fats or oils are good sources
of E.F.A.: the best sources
are the vegetable seed oils,
and of these corn (or maize)
oil has proved slightly
superior to others in detailed
trials of lowering serum
cholesterol in man.

## DIETARY ADVICE

To avoid raising the level of cholesterol in the blood, many doctors recommend their patients to reduce their daily intake of animal fats by the substitution of a vegetable oil which contains the essential fatty acids. One that is particularly recommended is Mazola Corn Oil. Mazola is made from specially selected maize. which gives an oil rich in the most important of the essential fatty acidslinoleic acid. For this reason, it helps to reduce blood cholesterol. Mazola can be used for frying, grilling, baking and for salad dressings.

If you would like to know more about Mazola Corn Oil—
its benefits and uses—please write to us for a
free copy of the booklet 'The relation of dietary
fats to chronic degenerative diseases'.

BROWN & POLSON LTD - 125/130 STRAND - LONDON WC2

... for the effective treatment of

haemorrhoids fissure-in-ano pruritus ani

HAEMORRHOIDAL SUPPOSITORIES

(and ointment)

LIGNAX is safe because it contains lignocaine local anaesthetic which (unlike other surface anaesthetics) does not give rise to sensitisation dermatitis.

The rapid effective anaesthesia provided by LIGNAX, combined with the soothing action of the base, reduces pain, irritation and discomfort promptly, with immediate benefit to the patient which is maintained by the effective therapy of the well-tried medicaments embodied in the formula. The anaesthetic does not mask underlying causes, which should be investigated. The well-being of the patient is restored and at night restful sleep is obtained where this has hitherto been denied.

LIGNAX – the safe and sure haemorrhoidal treatment.

Available as follows:

Suppositories in boxes of 12 and 100 and ointment in 20G. tubes.

## APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent\* testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

\* SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

ST. ANDREW'S HOSPITAL FOR NERVOUS AND MENTAL DISORDERS, NORTHAMPION President: The Earl Spencer Medical Superintendent: Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M.

This registered hospital is situated in 130 acres of park and pleasure grounds. Patients, both male and female, who are suffering from incipient mental disorders, or who wish to prevent recurrent attacks of mental trouble, are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male and female, in the hospital or in one of the numerous villas in the grounds of the various branches can be provided.

WANTAGE HOUSE

This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of mental and nervous disorders by the most modern methods; insulin treatment is available for suitable cases. It also contains laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

MOULTON PARK

Two miles from the Main Hospital there are several villas situated in a park and farm of 600 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening and fruit growing.

BRYN-Y-NEUADD HALL

The seaside home of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Lanfairfechan, amidst the finest scenery in North-Wales. On the north-west side of the estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout fishi

SPRINGFIELD HOUSE, near BEDFORD

# For SUB-ACUTE and Chronic dermatoses TAR + HYDROCORTISONE

combined in

# TARCORTIN

CREAM

have pronounced

## advantages over either medicament alone

The established germicidal, stimulating and anti-pruritic properties of tar, in the treatment of sub-acute and refractory skin affections, can now be considerably enhanced by its incorporation with hydrocortisone. \* Clinical trials have shown that the two medicaments together exert a powerful synergistic action that is far more rapid, more pronounced and complete than the action of either alone. These two valuable therapeutic agents are presented in a non-greasy, stainless, hydrophilic cream known as TARCORTIN.

### TARCORTIN CREAM

is supplied in 7 grm. and 15 grm. tubes, containing 0.5% Hydrocortisone in a special coal-tar extract.

\* Literature available on request.

# HOW MANY JOURNALS SHOULD YOU READ?

Once a man has applied himself to the practice of medicine he is in duty bound to keep himself informed on every advance in medical knowledge—and how can he do this except by reading?

The literature pours from the printing presses of the world, some of it of lasting significance, some ill-founded or misguided. How can a busy man pick his way through this maze?

# ABSTRACTS OF WORLD MEDICINE does it for you . . .

This journal covers the whole field of clinical medicine and allied medical sciences in each issue, and presents to you each month concise, informative, readable abstracts of the best of the original papers published throughout the world—selected from over 1,500 medical journals.

ABSTRACTS OF WORLD MEDICINE saves your time . .
