

do you

consider the vehicle...

... when you prescribe steroid therapy with hydrocortisone cream ?

Experience has indicated that the vehicle employed in the topical treatment of dermatological conditions may be as important as, or even more important than the medicament which it contains (*Practitioner*, 1960, 184, 610).

Lacto-Calamine, the vehicle for hydrocortisone in Cortoderm and Cortoderm-N is cooling, astringent and antipruritic. It is cosmetically acceptable and has stood the test of time.

For his tomorrows—we work today

Helpless—but not unhelped! While he sleeps the unceasing search goes on for new or better antigens to protect him from infectious diseases once regarded as unavoidable hazards.

Take whooping cough, the world's No. 1 killing disease of babies in the first year of life. By perfecting precise methods of making and testing pertussis vaccines Glaxo research has materially helped to raise whooping cough immunisation to its present high level of effectiveness. Significantly, it was Glaxo workers who were asked to assist in the preparation of the British Standard Pertussis Vaccine which was subsequently accepted as the International Standard. Every batch of Whooping Cough Vaccine Glaxo (and combined antigens containing it) measures up to these same high standards.

The primary immunising course with Whooping Cough Vaccine Glaxo is three 1 ml injections (or three $\frac{1}{2}$ ml injections if the Glaxo half volume vaccine is used); the first injection should be given at not later than three months of age.

GLAXO PRODUCTS FOR PROTECTION

The following vaccines are available in two concentrations, which provide a full dose of antigen in either 1 ml (standard vaccine) or 0.5 ml (half-volume vaccine)

WANDER

HOW DO YOU DO
something really
effective against
hand-borne
cross-infection?

Steriloderm^{*}

BACTERICIDAL GEL GETS TO GRIPS WITH THAT EVER-PRESENT DANGER

STERILODERM IS A NEW WAY of giving bactericidal cover. You use **STERILODERM** *after* you wash, for added protection against the risk of hand-borne cross-infection. Throughout the medical profession it has been shown that routine washing is but poor protection. After you wash you need to protect your skin with a bactericidal layer. It is unwise to rely only on germicidal detergents whilst you wash, since the residue is much diluted when hands are rinsed. **STERILODERM**, perfectly safe—but at the same time suitably powerful—disinfects the skin *after* washing, building up a resistance against organisms transmitted from the outside, and a defence against the deep-seated bacteria which are exuded from the lower layers of the skin.

GET TO GRIPS with gram-positive and gram-negative organisms: *Staphylococcus pyogenes*, *Streptococcus pyogenes*, *Proteus vulgaris*, *E. coli*, and *Ps. pyocyaneus* in particular.

STERILODERM gives you *added* protection against all common cross-infections.

BEECHAM RESEARCH
LABORATORIES ANNOUNCE

PENBRITIN

A BROAD SPECTRUM PENICILLIN EFFECTIVE AGAINST GRAM-POSITIVE AND GRAM-NEGATIVE ORGANISMS

PENBRITIN is BRL 1341 [6D(—) α -aminophenylacetamido] penicillanic acid

PENBRITIN is more active than either the tetracyclines or chloramphenicol against

- ▣ haemophilus influenzae
- ▣ staphylococcus aureus (penicillin sensitive)
- ▣ beta-haemolytic streptococcus
- ▣ streptococcus viridans
- ▣ diplococcus pneumoniae
- ▣ salmonella typhi and typhimurium

PENBRITIN is bactericidal

PENBRITIN is the only non-toxic antibiotic in the broad spectrum group

PENBRITIN is presented in capsule form for oral administration

Supplies are limited and priority will be given to hospitals

PENBRITIN is yet another of the new British Penicillins to be designed and produced at the Beecham Research Laboratories, Brentford, England, Tel: ISLeworth 4111

THE DISTILLERS COMPANY LIMITED

In view of the current Rights Issue, the Board of The Distillers Company Limited has deemed it desirable to publish the Chairman's Statement in advance of the publication of the Accounts. The Accounts are now being printed and will be posted to shareholders on 23rd August.

CHAIRMAN'S STATEMENT

GENERAL OBSERVATIONS ON TRADING

The trading results for the year were again a new record in earnings, which when considered in relation to the exceptional profit last year, and taking into account the rather unsettled conditions in industry generally, can justifiably be regarded as very satisfactory.

The total value of the Group's turnover was £263m., which was an increase of 13% over the previous year. Scotch Whisky and Gin Companies on this occasion entirely accounted for the increased profit, and their proportion of the total is at present 82%, the Industrial Group accounting for the balance of 18%. More detailed reference to these Groups will be made later in this report.

Turning now to the Accounts, the profit for the year to 31st March, 1961, was £32,079,568 compared with £30,419,758 last year. Income from trade investments was practically the same at £2,378,592 and interest on Loan Stocks was some £60,000 lower at £590,432 as a result of the repayment last September of the last £2,000,000 of the 3.15 1/2% Unsecured Loan. The profits attributable to outside shareholders in subsidiary companies were £377,122 against £533,715 last year, and the profit of the Group before taxation was thus £33,490,606 compared with £31,610,124.

With the increase in profits tax to 12 1/2%, taxation required £16,266,382 against £14,743,700 and therefore the Net Profit after tax was not much higher than last year at £17,224,224 (£16,866,424).

Your Board recommend that a final dividend be paid on the Ordinary capital at the rate of 8 1/2%, which, with the interim dividend at 6% paid prior to the two issues of capital mentioned later, is equivalent to 13 1/2% for the year on the capital as augmented by the capitalization of reserves, but before the issue made on acquisition of The British Xylonite Company Ltd., the profits of which are not included in those now under consideration. In terms of the offer, however, the former stockholders of The British Xylonite Company Ltd. are entitled to participate in the final dividend of The Distillers Company Ltd. For the purpose of comparison, the rate last year corresponding to 13 1/2% this year would be 12 1/2% on the capital as increased by the scrip issue.

At 31st March, 1960, the issued Ordinary capital of the Company was 157,516,931 shares of 10/- each. By the capitalization of reserves, the capital was increased by 31,503,386 shares and, in connection with the offer to the ordinary stockholders of The British Xylonite Company Ltd., 7,443,437 Ordinary shares had been issued at 31st March, 1961, making the total Ordinary capital at that date 196,463,754 shares of 10/- each fully paid.

In my Statement three years ago, I foreshadowed the possibility of fresh capital being required. The increased volume of trading since then and projected capital investment programme over the next few years make it clear that it is now desirable to provide additional funds by way of new capital. The Board therefore decided to make a Rights issue in the proportion of one new Ordinary share for every ten held at 1st June, 1961, at a price of 32/6d. per share. Shareholders have already received full information on this in the circular letter dated 7th July, which accompanied the provisional allotment letters.

Before dealing with the year's operations in detail, I would refer to the increase from 1st July in the retail prices of Group standard brands of Scotch Whisky and Gin in the home market of 1/6d. per bottle to 39/- for Scotch Whisky and 37/3d. for Gin.

This increase was necessary because of rising costs, particularly in the distributive sectors of the industry.

SCOTCH WHISKY

Distilling operations by our Malt and Grain Distilleries have been maintained at a high level of output and efficiency throughout the season.

A new technical control establishment has been erected in Elgin, Morayshire, to provide closer and more effective control of the operations of our forty-one Malt Whisky Distilleries.

I referred last year to the new blending and bottling plant and offices of John Dewar & Sons Ltd., near Perth. Good progress is being made, and the plant will be in operation by the end of this year.

Additional Scotch Whisky bonded warehouses are now being constructed at Menstrie, Clackmannanshire, to accommodate our increasing stocks.

Scotch Whisky stocks held by the entire industry at 31st March last once again showed an increase, and amounted to 296.9 million proof gallons, as compared with 267 million proof gallons the previous year.

The total sales of the industry during the year under review have shown a substantial increase in both home and export markets.

A marked increase of approximately 14% has taken place in home trade sales, and it is a special point of interest that this is the first time that home sales have reached the pre-war level.

I am glad to say that our brands have shared in these increased sales, and they enjoy a very satisfactory proportion of the home market. Having regard to the growth in population and the higher standard of living in recent years, there should be opportunities for still further expansion.

So far as exports are concerned, the U.S.A. continues to be the largest single market, although competition has become more intense.

In Canada the present state of the economy has militated against any substantial increase in sales. The main problem, however, is the basis of assessing duty and the method adopted by the Provincial Liquor Commissioners for determining selling prices, which operate unreasonably to the disadvantage of Scotch Whisky.

Last year I referred to the substantial increase in our sales to Australia as a result of the removal of import restrictions, and I am glad to say that our position in that market has been fully maintained.

In New Zealand, too, we are in a strong position, but unfortunately, after a period of progressive relaxation of controls, the New Zealand Government has again found it necessary to take steps to reduce the volume of imports.

Perhaps one of the most significant and encouraging features in the last few years has been the very substantial increase in the Industry's sales to Europe generally.

In surveying the export position generally the outlook is reasonably promising, but we are, as always, affected by local import restrictions.

GIN

I am glad to report that home sales of our brands—in particular Gordon's and Booth's—continue to increase and, during the year under review, reached a record level.

Once again, our total export shipments showed a substantial increase. As a Group we are the largest exporters of Gin in the United Kingdom.

With regard to overseas, the sales of our brands of Gin produced in the United States again showed a marked increase.

The potential market for Vodka in the United Kingdom has been under consideration for some time. It is now proposed to produce a brand for the home market under the trade name "Cossack."

INDUSTRIAL GROUP

There was a satisfactory increase in volume of turnover of the Group, particularly in chemicals and plastics, but in the latter part of the year this was largely offset by lower selling prices which led to reduced profit margins.

CHEMICAL DIVISION. During the past year, new plants were commissioned at Hull and Carshalton which have increased both the range and volume of our production of intermediates and speciality chemicals, for which there is a steadily growing demand.

The erection of the large acetic acid plant to which I referred last year is proceeding well. The continuous phthalate plasticizer plant has proved entirely satisfactory but, unfortunately, had to be operated below capacity for much of the year owing to the world shortage of phthalic anhydride. Our associate company, Grange Chemicals Limited, has recently announced its intention to construct a plant with a capacity of 15,000 tons per annum for the manufacture of phthalic anhydride. This plant will be sited adjacent to our Hull Chemical factory which will operate it on behalf of Grange Chemicals. The plant will be the first in this country to use orthoxylylene, a product of the petroleum industry, as raw material.

Our calcium carbide factory at Kenfig worked to capacity and all production was sold.

Carbon dioxide capacity was substantially increased and sales reached a new record level.

BRITISH HYDROCARBON CHEMICALS LIMITED. This Company, in which we have a 50% interest, and its subsidiaries, Forth Chemicals Limited and Grange Chemicals Limited, have all had satisfactory trading results during the year under review. British Hydrocarbon Chemicals has recently brought into operation a new plant to produce ethylene dichloride, which material will be used by our Plastics Division in an improved method for the manufacture of polyvinyl chloride. Two other units will be commissioned shortly, the first for manufacturing methanol and the second for increasing our production of butadiene.

Last October, plans were announced in the Press covering the establishment of a new petroleum chemical centre at Baglan Bay, South Wales, and work is now proceeding.

PLASTICS DIVISION. The increased capacity for Geon polyvinyl chloride authorized last year is nearing completion, and in view of the progressive growth in demand, consideration is now being given to a further extension.

Sales of Styron polystyrene, produced by Distrene Limited, were good and our plant is operating at full capacity.

British Resin Products have also had increased sales, and polyester resins in particular have been well received for reinforced plastics applications. New water soluble resins developed in our Research Laboratories at Barry have created widespread interest, not only among paint manufacturers but in a number of industries using paint. Good progress continues to be made in the sale of Rigidex, the low-pressure polyethylene produced by British Hydrocarbon Chemicals Limited.

The amalgamation of the operations of the British Xylonite Company Ltd. with our present activities in the chemical and plastics fields should produce economies and also benefit both companies in the pooling of research and engineering facilities.

BIOCHEMICALS DIVISION. This Division had a more successful year in spite of further deterioration in export prices of basic antibiotics. This improvement in trading results was achieved by reorganization of production and research facilities, and by increasing diversification of the Company's range of products.

Overseas, our two subsidiary companies in Australia and New Zealand continue to make progress.

Sales of our unique sedative "Distaval" have expanded considerably both at home and overseas. A number of new products incorporating this substance are being established.

There is constant need to develop new products in the highly competitive conditions which exist in the pharmaceutical industry. To this end, a new Pharmacological Laboratory has been established at Speke, thereby increasing the facilities available for screening of substances which may have therapeutic value. Additionally, improved plants for processing antibiotics have been commissioned which incorporate new techniques evolved from our development work.

FOOD DIVISION. Home sales of yeast have remained steady at last year's levels, but our exports have continued to expand and additional capacity is now being installed for the production of dried yeast.

The Division as a whole had a very satisfactory year's trading.

TECHNICAL DEVELOPMENT

Our Research and Engineering staffs, who play an important part in our diverse operations, have again been fully extended during the year.

In view of the increasing technical complexity of our activities, additional laboratory and library facilities are being installed at the central Research Department, Epsom. The total budget for research for the year under review was nearly £2.5 million.

PERSONNEL

We have had a successful year under increasingly competitive conditions, and the achievement of this success has been greatly assisted by the loyalty and keenness of all our employees, both at home and overseas. On behalf of the Board, I should like to record our grateful thanks to them for their untiring efforts in the service of the Company.

This patient is diabetic. Last year her doctor put her on Rastinon (tolbutamide B.P.), and soon she had a stable blood sugar that was maintained orally.

Rastinon is one of the many important advances in medicine announced by the great German company, Farbwerke Hoechst AG., since late last century. The next few pages contain news not only of Rastinon but of other advanced Hoechst pharmaceuticals now available in this country . . . and of some of the work that is going on at Hoechst. . . .

Diabetes

"Indeed, its remarkable freedom from toxic effects renders it almost unique among drugs of therapeutic importance."

Clinical Endocrinology, 1960, 1, 512

"The remarkable freedom of tolbutamide from toxic effects renders it almost unique among drugs of therapeutic importance."

British Medical Journal, 1960, 1, 1930

a
case
for

SAFE

Rastinon (tolbutamide) has been proved to be *completely safe*—in clinical trials and in routine usage—by over 1,250,000 diabetics. It has fewer side-effects than any other oral anti-diabetic substance and no serious side-effects have ever been reported.

EFFECTIVE

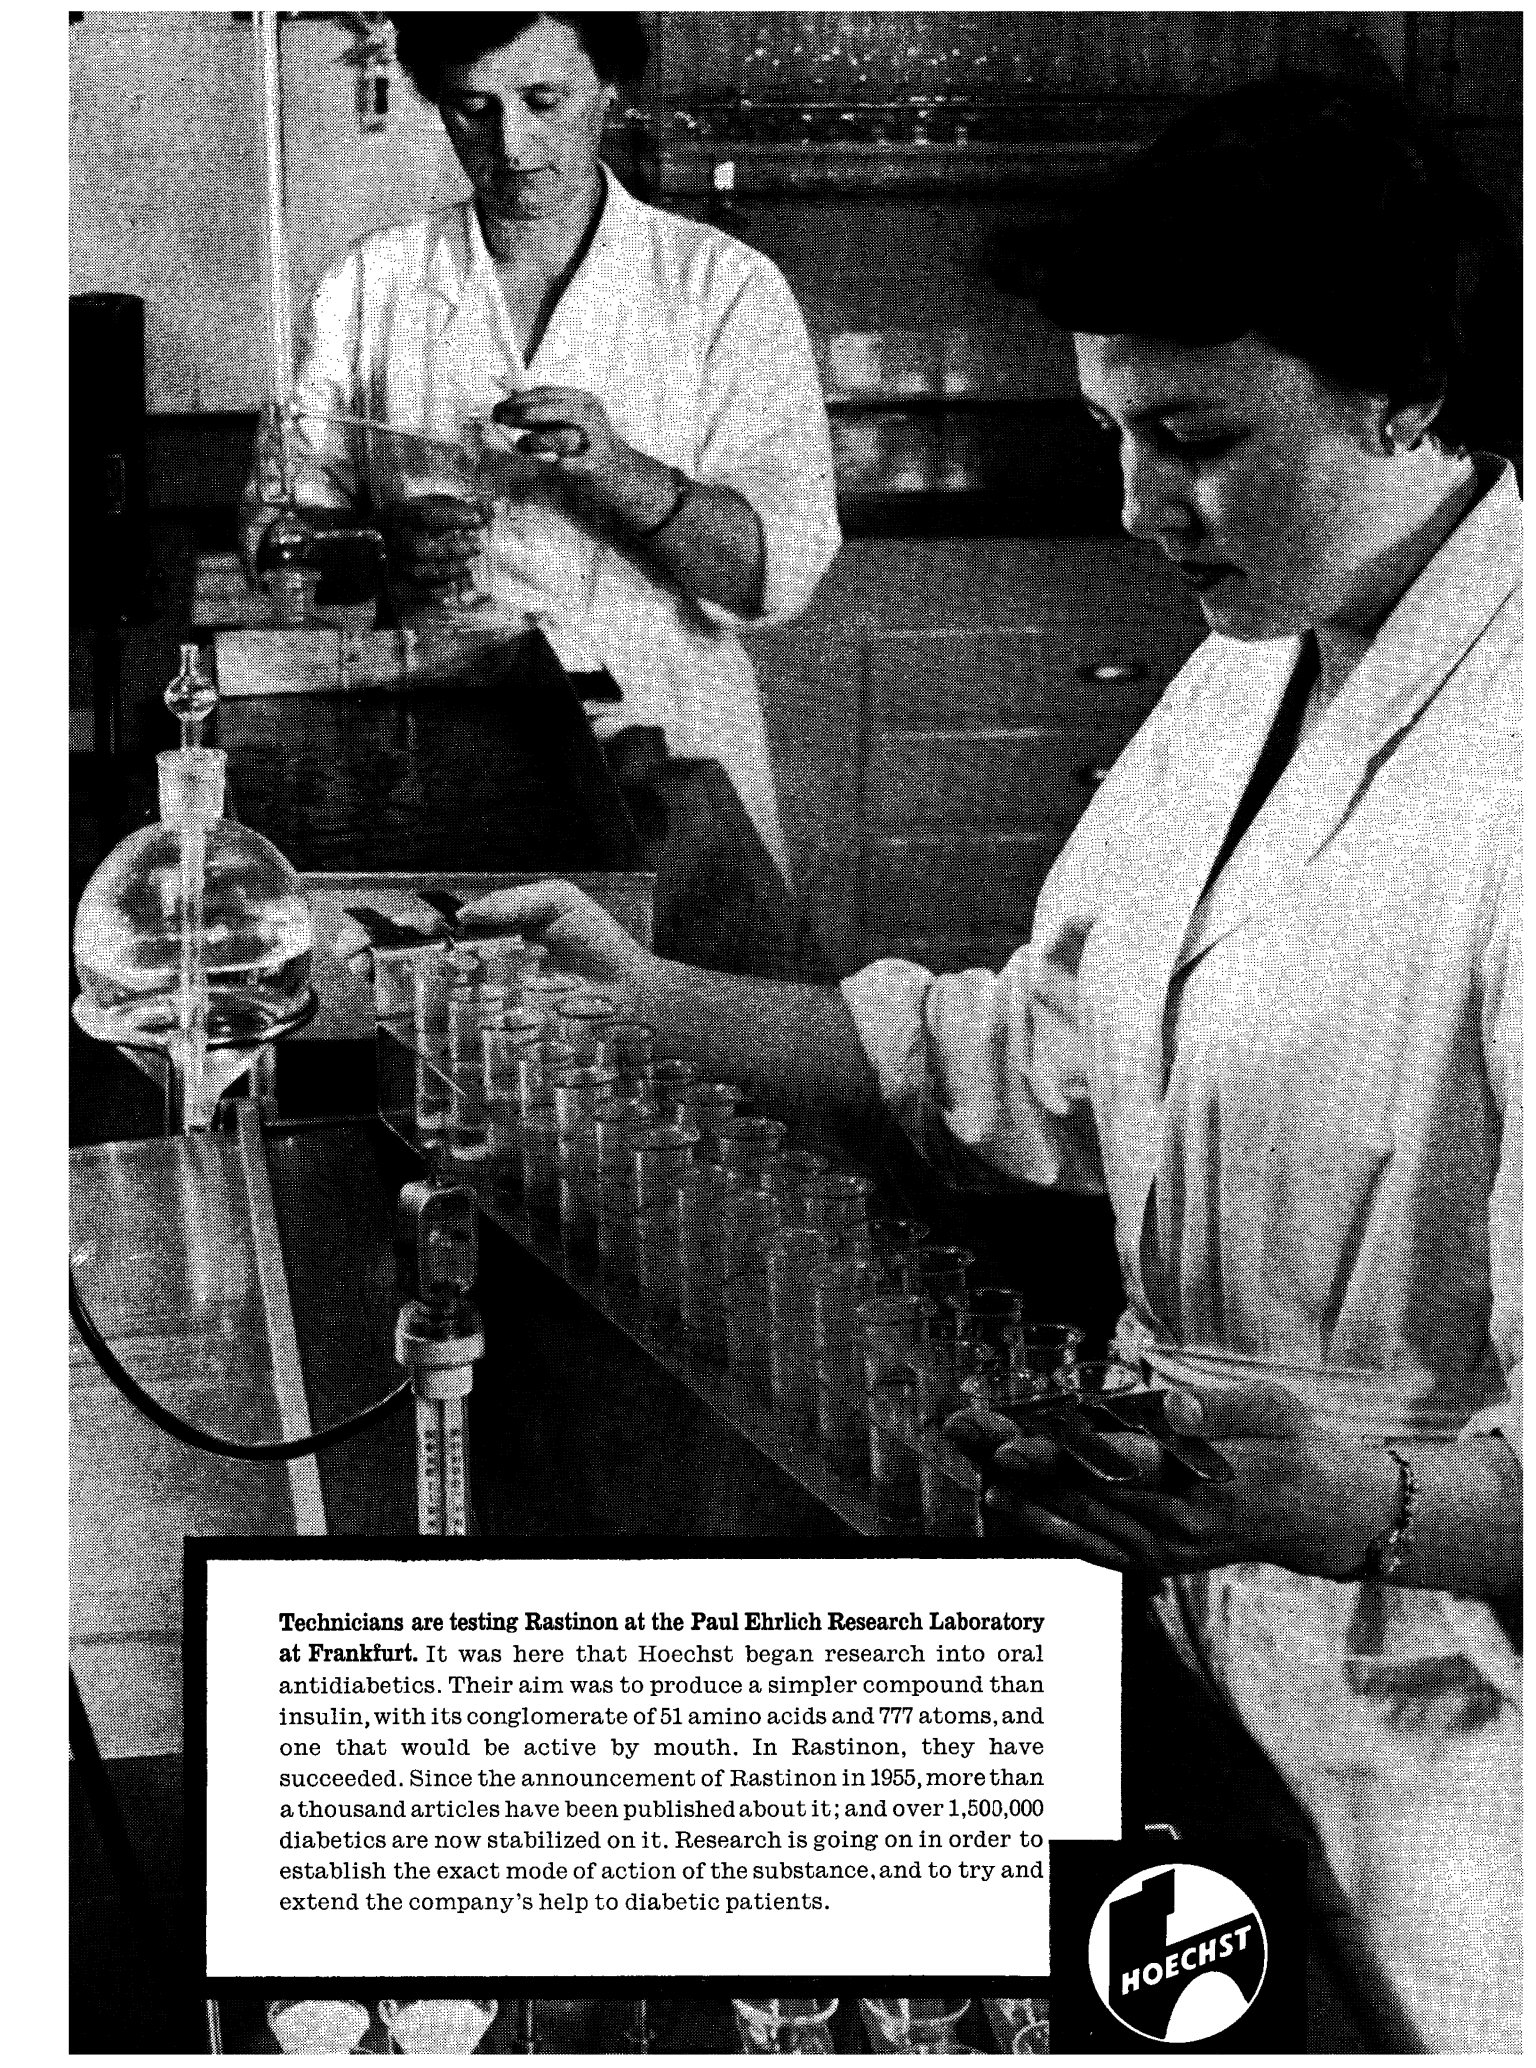

Over 1,000 published articles substantiate the effectiveness and safety of Rastinon.

Rastinon

For your files: If you would like to have fuller information about Rastinon—(tolbutamide), write to: **HOECHST PHARMACEUTICALS LIMITED, SLOUGH, BUCKS**

Sole distributors in the U.K.: HORLICKS LIMITED, SLOUGH, BUCKS

Technicians are testing Rastinon at the Paul Ehrlich Research Laboratory at Frankfurt. It was here that Hoechst began research into oral antidiabetics. Their aim was to produce a simpler compound than insulin, with its conglomerate of 51 amino acids and 777 atoms, and one that would be active by mouth. In Rastinon, they have succeeded. Since the announcement of Rastinon in 1955, more than a thousand articles have been published about it; and over 1,500,000 diabetics are now stabilized on it. Research is going on in order to establish the exact mode of action of the substance, and to try and extend the company's help to diabetic patients.

Skin Allergy

THIS MONTH some of your patients will present with contact allergies after a spell in the garden. For these, as well as those with pollen sensitivities, Daneral is specific.

this
year

Daneral is a potent and long-acting antihistamine. It gives prompt and long-lasting relief from allergic symptoms. Daneral is an original compound discovered and developed by Farbwerke Hoechst. Its usefulness has been proved by its efficacy in thousands of patients, and normally there are no side-effects.

Presentation and basic N.H.S. prices:

10 mg. tablets—20 (1/8d.) and 250 (16/-) 50 mg. tablets—10 (1/4d.) and 100 (12/-)

Medical progress is not easily won

To produce a new medical product a pharmaceutical house has to be patient and has to invest a big proportion of its profits on research.

Hoechst spend about 25% of their annual profit on research. Around 1,200 substances must be synthesized and investigated before a single preparation can be put on to the market as a genuinely new addition to the range of medicines available.

Research on this scale calls for a large staff and there are over 1,600 graduate scientists at Hoechst Frankfurt today. More than 250 of them are at work solely on pharmaceutical projects.

Athlete's Foot

Ringworm of the feet

After 7 days' treatment with Jadit

potent fungicide—in vivo

Jadit has a potent fungicidal action *in vivo* and penetrates deep into the epidermis. Its action is practically unimpaired in the presence of tissue protein—unlike other antimycotics whose record *in vitro* is rarely borne out clinically. Jadit is cosmetically acceptable, simple and safe. It is indicated in fungus infections of the skin, especially athlete's foot. Jadit 'H', containing 0.5% hydrocortisone, is indicated when there is acute inflammation in addition to fungus infection.

Pharmaceutical production calls for the highest standards of purity

Each new edition of a pharmacopoeia steps up the demand for purity. Hoechst have continually revised their methods and materials to make sure that the most stringent standards are maintained. New techniques in measurement and quality control are devised and incorporated as soon as possible. This technical excellence is behind every product that comes from Hoechst.

The tower and bridge in our trademark...

We like to think the *tower* expresses something of our aims and our efforts to do more for medicine; and the *bridge* we see as our link with the world outside—for it is by producing pharmaceuticals to the highest standards and at a reasonable price that our research comes to fruition.

Here are a few of the major contributions to medicine which were discovered and produced by Hoechst...

1892 Diphtheria Antitoxin

1905 Procaine

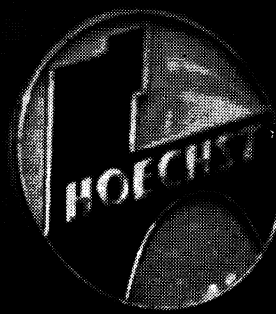

1939 Pethidine

1955 Tolbutamide

transid
brand

transid

A unique antacid.....

polyaminostyrene

insoluble, non-alkaline ion-exchange resin

Of the antacids at present available for the treatment of peptic ulcer, 'Transid' most nearly approaches the ideal, defined ("The Pharmacological Basis of Therapeutics", 1955) as

"that which does not cause systemic alkalosis, does not cause 'rebound' stimulation of the secretion of acid, interferes least with digestive processes, does not cause diarrhoea or constipation, is not irritative to the stomach, does not release carbon dioxide upon reacting with hydrochloric acid and, lastly, is efficient in neutralising gastric juices."

'Transid' is active only against *excess* acid ; it also reduces pepsin activity. Otherwise, 'Transid' is completely inert ; it does not interfere with digestion or absorption and cannot cause alkalosis, constipation or diarrhoea. Clinical experience suggests that 'Transid' may succeed in cases of peptic ulcer in which medical treatment with orthodox antacids has failed.

INDICATIONS :

Peptic ulcer ; gastric hyperacidity from whatever cause ; dyspepsia of pregnancy.

No ill-effect can come from too much polyaminostyrene and the correct dose is that required to control the symptoms (initially, usually two to four tablets every two or three hours).

PACK AND PRICE :

100 tablets in foil pack, basic NHS cost, 10s.

May we send you a copy of our Standard Publication on 'Transid'? It contains much more information than can be included in a journal advertisement.

ACHIEVEMENT

The 1896 Cannstatt-Daimler, in which King Edward VII—then Prince of Wales—had his first motor-car ride in this country.

The present-day Lotus Elite with the Coventry Climax engine is capable of speeds approaching 130 m.p.h.

BROXIL ACHIEVES MORE RAPID CLINICAL RESULTS IN ALL GRAM-POSITIVE INFECTIONS

Quickly absorbed from the gastro-intestinal tract, Broxil produces within a period of half to one hour peak serum concentrations higher than can be obtained with any other penicillin. Clinical response with Broxil has been noted to be more rapid than with penicillin V and in most cases recourse to injections is unnecessary.

Broxil, the high peak penicillin, is the potassium salt of 6-(alpha-phenoxypionamido)-penicillanic acid. It is available in tablet or syrup form.

Broxil Tablets Basic NHS price: packs of 100 tablets: 125 mg. 54/9, 250 mg. 108/-.

Broxil Syrup Basic NHS price: bottles of 60 ml. when dispensed (each 5 ml. containing 125 mg.) 12/4.

HYDRATENE

HYDRATENE is a new complex which utilizes the time-proven value of Chloral Hydrate as a safe, effective, mild hypnotic, and Paracetamol, the modern analgesic that is singularly free from side effects or habituation.

It is a comprehensive hypnotic, safer than barbiturates, for insomnia when pain is present in either adults or children.

Presented in this compound form both the odour and taste of Chloral Hydrate are markedly reduced.

Dosage : 1-3 tablets as may be directed by the physician.

Available in packings of 25 and 250.

Basic NHS prices: 2/6 and 13/4.

Each Hydratene tablet contains the equivalent of

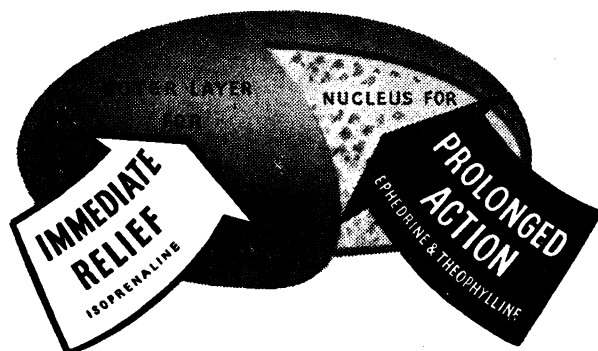

Chloral Hydrate	4 grains.
Paracetamol	6 grains.

Availability of Vitamins in Yeast

Deficiencies of single factors of the Vitamin B Group do not occur. Accordingly, even if a deficiency condition appears to result from the lack of an individual factor of the group and it is considered necessary to give intensive treatment with this factor, the entire *Vitamin B Complex* should always be administered concurrently.

It is, however, extremely important, in view of suggestions in recent publications, that the vehicle selected as a source of the entire B Complex does not withhold its vitamin content from the patient.

Human experiments show that the rich, natural vitamin potency of Aluzyme is totally available to the human system.

- *Aluzyme* is not advertised to the public and may be prescribed on Form E.C.10

DRAMATIC RESULTS
in Contact Dermatitis
with

Decadron

(DEXAMETHASONE)

Acute contact dermatitis can often be dramatically controlled with 'DECADRON' tablets. After several days' treatment, the condition usually shows significant improvement; complete suppression of inflammation follows in about one week. In small doses, 'DECADRON' may provide more effective control than *any other steroid*.

Dosage: 2.0 to 3.0 mg. daily.

'DECADRON' is supplied in two strengths: 'DECADRON' 0.5 mg. tablets; and 'DECADRON'-75, 0.75 mg. tablets. Bottles of 30, 100 and 500.

Dexamethasone in Allergy, *Annals of Allergy*, 17,385 (1959)

MERCK SHARP & DOHME LIMITED, HODDESDON, HERTS

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

★ *SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than one year after full registration as a medical practitioner and held normally for two years: £1,250 in the first year; £1,400 in the second and any subsequent years. Deduction of £215 per annum for compulsory residence; £255 per annum for voluntary residence.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than three years after full registration and held normally for four years: £1,500 by £100 to £1,800 in the fourth year; thereafter, £1,900 in the fifth and sixth years; £2,000 in the seventh and eighth years; £2,100 in the ninth and any subsequent years. Deduction of £250 per annum for compulsory residence; £275 per annum for voluntary residence.

Other Grades, Whole-time

(a) **HOUSE OFFICERS**: Each post in this grade shall be tenable for six months.

£675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £195 per annum for voluntary residence;

£750 per annum for the second post held; deduction of £160 per annum for compulsory residence or £195 per annum for voluntary residence;

£825 per annum for the third and any subsequent posts held; deduction of £165 per annum for compulsory residence or £195 per annum for voluntary residence;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £750 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff; provided further that where a House Officer has previously held two such outside posts the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the appropriate rate to the second or third post held in accordance with the above provision shall be paid at the third post rate for any subsequent appointments in this grade.

(b) **SENIOR HOUSE OFFICERS**: Posts obtained by fully registered medical practitioners and held normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28 or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary residence.

(c) **JUNIOR HOSPITAL MEDICAL OFFICERS**: Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals.

CLASSIFIED ADVERTISEMENTS
kindly refer to inside back cover.

PRACTICES (Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council. Mark envelope "Vacancy."

LAMBETH

(Angell Ward—Loughborough Junction District)

"Intermediate" area. Relinquishment of a branch surgery by a partnership of male doctors. Approximately 1,800 patients, based upon the branch surgery, which is a "lock-up." Lease of premises is available. Forms E.C.16A obtainable from the Clerk, London Executive Council, Insurance House, Insurance Street, W.C.1. Completed applications to be received by the Council not later than 12 noon, Monday, August 14, 1961. (8371)

LEEDS (Armley District "A")

Applications invited for vacancy (residential/industrial) due to resignation. Designated area. List approximately 1,412. Surgery premises available by sale. Apply, on Form E.C.16A before August 18, 1961, to the Clerk, Leeds Executive Council, Trevelyan Chambers, 7 Boar Lane, Leeds 1. (8420)

NATIONAL HEALTH SERVICE

LIVERPOOL

Scotland Parliamentary Division

Applications invited for a medical practice. Doctor resigning. List approximately 1,200. Applications, on Form E.C.16A, to be received by the undersigned not later than noon on Monday, August 14, 1961.—J. G. Doncaster, Clerk, Liverpool Executive Council, 36 Princes Road, Liverpool 8. (8317)

NATIONAL HEALTH SERVICE MONMOUTHSHIRE AND NEWPORT EXECUTIVE COUNCIL

Applications are invited from doctors who are prepared to undertake general medical services in Abertyswg, Mon. There is no list of patients, but the estimated population of the town is approximately 2,000. The area is industrial and mining, and is classified as "Designated." Payment of an Initial Practice Allowance will be considered if the practitioner appointed is eligible therefor. The practitioner, now deceased, who formerly practised and resided in the town, utilized a surgery in the grounds of the local hospital, and it is understood that a tenancy of that accommodation can be negotiated. Further particulars and application Forms E.C.16A can be obtained from L. J. Ley, Clerk of the Monmouthshire and Newport Executive Council, 58 Caerau Road, Newport, Mon., and the completed forms should be lodged at the offices of the Council not later than noon on September 2, 1961. (Tel. Newport, Mon., 63313.) (8318)

LEEDS (Armley District "B")

Applications invited for vacancy (residential and light industrial), due to resignation. Designated area. List approximately 1,444. Surgery available on rental. Apply, on Form E.C.16A before August 18, 1961, to the Clerk, Leeds Executive Council, Trevelyan Chambers, 7 Boar Lane, Leeds 1. (8421)

The salary will be within the scale £1,866 13s. 4d. by £56 13s. 4d. (2) by £46 13s. 4d. (3) to £2,120. The post will be subject to such other conditions of service as are laid down by Committee "C" of the Medical Whitley Council. Application forms, with terms and conditions of appointment, from Medical Officer of Health, Ponsonby House, Stockport. (7891)

COUNTY OF SOMERSET**DEPUTY COUNTY MEDICAL OFFICER OF HEALTH AND DEPUTY PRINCIPAL SCHOOL MEDICAL OFFICER**

Applications are invited for the above post from registered medical practitioners holding a Diploma in Public Health. Candidates must have wide administrative experience of all branches of the Health and School Medical Services, and will be required to give particular attention to the Mental Health Service. The salary scale is £2,625 by £110 (1) by £105 (2) to £2,945 per annum. Appropriate car allowance available. The post is superannuable. Application forms from the County Medical Officer of Health, County Hall, Taunton, to whom they should be returned by August 19, 1961. (7919)

Public Health—contd.**COUNTY COUNCIL OF THE COUNTY OF STIRLING**

Applications are invited from registered medical practitioners, who hold the Diploma in Public Health, for a vacancy as

ASSISTANT MEDICAL OFFICER

in the Health Department of the County Council. The duties comprise school medical service and child welfare in the Grangemouth area, port health, and general public health in the Burgh of Grangemouth, and such other duties as may be directed from time to time by the County Medical Officer. The successful applicant will require to reside in, or in the near vicinity of, the Burgh of Grangemouth. A Council house will be available if required in Grangemouth Burgh. The salary will be the appropriate Whitley scale, i.e., £1,295 to £1,845 by 5 of £65 and 3 of £75 per annum, with placing according to experience. The appointment will be superannuable, and the successful applicant will be required to pass a medical examination. Forms of application may be obtained from the undersigned, with whom applications, together with the names and addresses of two referees, should be lodged within 21 days from the date of publication of this notice.—James D. Kennedy, County Clerk, County Offices, Viewforth, Stirling. (8419)

ESSEX COUNTY COUNCIL**SENIOR MEDICAL OFFICER FOR MENTAL HEALTH**

Applications invited from male registered medical practitioners for the above appointment on the Central Office staff of the Health Department. Candidates should have had experience in mental health work, and preference will be given to those possessing the Diploma in Psychological Medicine. Salary on scale £1,870 to £2,475. Application form, returnable by August 25, 1961, from County Medical Officer of Health, County Hall, Chelmsford. (8211)

GLAMORGAN COUNTY COUNCIL

Applications are invited from registered medical practitioners for appointment as a whole-time

ASSISTANT MEDICAL OFFICER

in the South-East Glamorgan Health Division. Salary £1,295 by £65 (5) by £75 (3) to £1,845 per annum. Application forms obtainable from the County Medical Officer, County Hall, Cardiff. Closing date August 11.—Richard John, Clerk of the County Council. (8378)

GLAMORGAN COUNTY COUNCIL

Applications invited from registered medical practitioners for appointment as a whole-time

ASSISTANT MEDICAL OFFICER

in the Caerphilly and Gelligaer Health Division. Salary scales £1,295 by £65 (5) by £75 (3) to £1,845 per annum. Application forms obtainable from the County Medical Officer, County Hall, Cardiff. Closing date August 14.—Richard John, Clerk of the County Council. (8418)

**NOTTINGHAMSHIRE COUNTY COUNCIL
HUCKNALL URBAN DISTRICT COUNCIL**

Applications are invited from registered medical practitioners for the whole-time appointment of

**ASSISTANT COUNTY MEDICAL OFFICER
and MEDICAL OFFICER OF HEALTH
of the Hucknall Urban District**

Applicants must have had at least three years' professional experience since qualifying, be experienced in the duties of Medical Officer of Health, School Medical Officer, and the care of mothers and young children, and possess a Diploma in Public Health.

Salaries are in accordance with the recommendations of the Medical Whitley Council for Public Health Medical Officers holding mixed appointments, namely:

- (a) As Assistant County Medical Officer (32/44ths) £1,185 ds. 6d. by £51 14s. 1d. (2) to £1,288 12s. 8d. by £59 13s. 2d. (3) to £1,467 12s. 2d. per annum.
(On scale £1,490 by £65 (2) to £1,620 by £75 (3) to £1,854 per annum, plus loading in accordance with Spens formula.)
- (b) As Medical Officer of Health (12/44ths) £623 3s. 9d. by £21 16s. 4d. (3) to £688 12s. 9d. by £17 14s. 7d. (1) to £706 7s. 4d. per annum.
(On scale £2,170 by £80 (3) to £2,410 by £65 (1) to £2,475, plus 12/44ths of £115.)

Application forms and conditions of appointment are obtainable from my office at the County Hall, West Bridgford, Nottingham, and applications should reach me by August 19, 1961.—A. R. Davis, Clerk of the County Council. (7862)

NOTTINGHAMSHIRE**APPOINTMENT OF COUNTY MEDICAL OFFICER**

The County Council invite applications for the appointment of County Medical Officer of Health at a salary on the appropriate scale prescribed by the Medical Whitley Council for Public Health Medical Officers. Candidates must possess the qualifications prescribed by the Local Government Act, 1933, have wide administrative experience in the duties of a Medical Officer of Health, and possess sound administrative and organizing ability. Full particulars of the appointment may be obtained from my office, and completed applications should reach me by August 23, 1961. Canvassing, directly or indirectly, will be a disqualification.—A. R. Davis, Clerk of the County Council, County Hall, West Bridgford, Nottingham. (8297)

STAFFORDSHIRE COUNTY COUNCIL**APPOINTMENT OF
ASSISTANT COUNTY MEDICAL OFFICER
AND SCHOOL MEDICAL OFFICER**

Applications are invited from fully qualified medical practitioners, and those holding the D.P.H., D.C.H., or D.Obst.R.C.O.G. will be given preference. The candidate appointed will undertake clinical work in the School Health and Child Welfare Services in the southern part of the county under the direction of the County Medical Officer of Health, and will be required to perform such other duties as may from time to time be prescribed. The salary scale is £1,295 by £65 (5) by £75 (3) to £1,845, and the local authority may, at its discretion, take account of previous professional experience when determining the commencing rate. The appointment will be terminable by three months' notice in writing on either side, and subject to the provisions of the appropriate Superannuation Acts and Regulations, in which connection the selected candidate must pass a medical examination and submit his or her birth certificate. Assistance is given towards removal expenses, and there is a lodging allowance when an officer cannot transfer his home immediately. It is also probable that suitable candidate would be considered for a D.P.H. course on full salary. Forms of application may be obtained from the County Medical Officer, County Buildings, Stafford, to whom they should be returned, when completed, not later than August 14, 1961.—T. H. Evans, Clerk of the County Council, County Buildings, Stafford. (8035)

WARWICKSHIRE COUNTY COUNCIL**APPOINTMENT OF AN ASSISTANT COUNTY
MEDICAL OFFICER OF HEALTH AND
SCHOOL MEDICAL OFFICER
combined with a bursary scheme for taking the
Diploma in Public Health**

Applications are invited from young medical practitioners wishing to make a career in Public Health. A minimum of two years' medical experience is required. The selected candidate may elect to join the Bursary Scheme, which enables him to attend, on paid leave, in the fourth or fifth year of service, the London University to take the Diploma in Public Health, with assistance towards living, travelling and course expenses. The post is kept open, and a satisfactory candidate may return to the Council's service on the appropriate point in the salary scale. A brochure explaining the scheme in full is supplied with the application form. Conditions of service and salary are in accordance with the Whitley Council scale, £1,295 to £1,845, commencing salary according to experience, a Bursary candidate having certain deductions. Post superannuable from date of appointment. Successful candidate will be required to produce satisfactory medical certificate. Car is essential, for which Whitley Council scale of allowance is payable. Car purchase loan schemes available. Consideration will be given to financial assistance towards removal expenses. Forms of application can be obtained from the County Medical Officer of Health, Shire Hall, Warwick. Closing date for applications is August 15, 1961.—L. Edgar Stephens, Clerk of the Council, Shire Hall, Warwick. (7863)

COMMERCIAL APPOINTMENTS**MEDICAL ADVISER**

Doctor required for staff appointment. Although full-time appointment, no objection to some private practice or university affiliation.

INDUSTRIAL APPOINTMENTS

(see page 22)

GOVERNMENTAL**TREASURY MEDICAL SERVICE**

Applications are invited from medical practitioners, practising in the districts detailed below, for appointment, in a part-time and mainly advisory capacity, as

LOCAL TREASURY MEDICAL OFFICER

for each of the places or groups of places shown. The town shown in brackets after the place-names indicates the Head Post Office Area in which the place, or group of places, is situated. Applicants must have a surgery in the area stated. Successful applicants will be required to examine and report on the condition of certain Government Officers, teachers, candidates for appointment, etc., who may be referred to them from time to time; and to attend when summoned to an emergency case of accident or sudden illness occurring in a Government office in the neighbourhood of his surgery. Fees for this work, and mileage allowance where journeys in excess of a certain distance are necessary, will be paid on a scale agreed with the British Medical Association. Intending applicants should write, within 14 days, to Treasury Medical Adviser, Treasury Chambers, Whitehall, London S.W.1, for a form on which application may be made. Applicants should not be more than 60 years of age.

The places for which applications are invited are as follows:

England, Scotland and Wales

Nechells and Saltley, Birmingham 7
(Birmingham)
Swanage (Bournemouth)
Cardiff, Eastern and Western (Cardiff)
Muirkirk (Cumnock)
Heckmondwike and Cleckheaton
(Dewsbury and Bradford)
Blackwood, etc. (Newport, Mon)
Teignmouth (Newton Abbot)

(8417)

GOVERNMENT OF ADEN**MEDICAL OFFICER**

required for service in the Aden Colony to take charge of all Government tuberculosis work. Candidates must possess medical qualifications registrable in the United Kingdom and have had extensive experience in the treatment and prevention of tuberculosis. Tuberculosis Diseases Diploma an advantage. Appointment is on contract for one tour of 18 to 24 months, when National Health Service Superannuation rights would be frozen. Candidates may remain in continuous N.H.S. superannuation, but in these circumstances will be required to serve for two tours. Salary in the scale £1,557 to £2,619 a year; initial salary determined by qualifications and experience. A taxable gratuity of 12½% of salary is payable on satisfactory completion of a one-tour contract. Candidates continuing in National Health Service Superannuation Scheme will receive a gratuity of 20% after satisfactory completion of two tours of service. Outfit allowance £60. Education allowances for children between 8 and 18 who are educated outside Aden. Free return passages for officer, wife and up to three dependent children under 18 years of age. Government quarters, with heavy furniture, refrigerators, and in most cases air-conditioning, are available at low rental. Overseas leave on full salary is granted on satisfactory completion of tour at the rate of seven days for each completed month of service. Local leave of 21 days a tour is also granted. Application forms from the Director of Recruitment, Department of Technical Co-operation, London S.W.1 (quoting BCD 117/2/020/L1). (8348)

GOVERNMENT OF KENYA**PATHOLOGIST**

with medical degree registrable in United Kingdom required for general routine work in well-equipped Medical Research Laboratory, Nairobi. Opportunities for research. Division of work arranged by Assistant Director of Laboratory Services. Appointment on contract for two tours of 24 to 27 months, with gratuity (taxable) of 25% of emoluments payable on satisfactory completion of service. Candidates in N.H.S. Superannuation would have existing rights frozen. Candidates may remain in continuous N.H.S. Superannuation by payment of contributions during service overseas, but rate of gratuity would be 20% of total emoluments. Salary in the scale £1,617 to £2,664 a year; starting point determined by experience and qualifications. Increments for D.C.P. or other approved higher qualifications. Free return passages for officer and family up to cost of three adult fares. Taxation at local rates. Local leave permissible. Generous home leave on satisfactory completion of contract. Education facilities for children. Government quarters at low rental if available, otherwise an allowance equal to the difference between rent actually paid and the rental for appropriate Government quarters, subject to certain limits. Application forms from Director of Recruitment, Colonial Office, London S.W.1 (quoting BCD 117/7/017/L1). (8349)

HADASSAH MEDICAL ORGANIZATION
announces a concourse for the post of
HEAD OF THE DEPARTMENT OF CLINICAL
MICROBIOLOGY AND SEROLOGY

of the Rothschild Hadassah University Hospital in Jerusalem. The post is linked with academic status (Lecturer or above) at the Hebrew University-Hadassah Medical School. The post is a full-time one at a gross salary of approximately £11,000 to £11,150 per month, including cost of living and seniority allowances, with the right of limited consultant practice within the hospital. Enquiries and applications, accompanied by a detailed curriculum vitae, certificates, and a list of scientific publications, should reach the Hadassah Administration, P.O. Box 499, Jerusalem, by November 30, 1961. (8431)

ST. VINCENT'S HOSPITAL, Sydney, Australia

Applications, closing August 25, 1961, are invited for the following vacancy on the staff of Cameron Wing (Thoracic):

SURGICAL REGISTRAR

Graduates of at least two years' hospital experience. Position is full-time and live out. Terms of appointment one year, eligible for reappointment. Previous experience in thoracic work an advantage. Applicants must submit names of three referees. Commencing gross salary at the rate of £1,686 (Australian) to £2,286 (Australian), in accordance with experience and qualifications. (7991)

UNIVERSITY HOSPITAL, Syracuse, New York**ANAESTHESIA RESIDENCY**

(Senior House Officers). Available immediately. Initial salary \$3,000. Graded responsibility and active research programme. British graduates. Applications should state age, marital status, qualifications, and names of three referees. Apply to Allen B. Dobkin, M.D., Department of Anaesthesiology. (5955)

UNIVERSITY OF MALAYA IN SINGAPORE

Applications are invited for

(i) **LECTURESHP** or (ii) **ASSISTANT**
LECTURESHP

in each of the following: Clinical Medicine, Medicine, Obstetrics and Gynaecology, Orthopaedic Surgery, Pathology. Salary scales: (i) £1,295 by £49 to £1,442/£1,540 by £56 to £1,988 per annum; (ii) £1,148 by £49 to £1,246 per annum. Entry point according to qualifications and experience. Allowances: expatriation in range £280-£308 per annum, cost of living (temporary) in range £210-£560 per annum. Passages for appointee, wife and children not exceeding 12 years. Partly furnished house/flat at reasonable rent. Provident fund scheme. Detailed applications (eight copies), naming three referees, by September 15, 1961, to Secretary, Inter-University Council for Higher Education Overseas, 29 Woburn Square, London W.C.1, from whom further particulars may be obtained. (8332)

UNIVERSITY OF MELBOURNE**READER IN HUMAN GENETICS**

Applications are invited for the above-mentioned position in the Department of Zoology (Head, Professor M. J. D. White, F.R.S.). This is a new position made possible by the J. N. Peters Bequest. It is intended that the Reader should occupy space in the new wing of the Zoology Department, at present under construction, and which will be completed in the first half of 1962. Facilities for biochemical genetics, cytogenetics, and a radio-isotope laboratory will be available in this building. He would work in close association with the medical departments of the University, and some of his teaching would be to students of the Faculty of Medicine. Secretarial and technical assistance would be provided, and a basic grant for equipment would be available. The present salary range is £A.2,950 to £A.3,250 (£A.3,050 to £A.3,350 for a medically qualified Reader). Initial salary will be determined according to qualifications and experience. Superannuation is on the F.S.S.U. basis. Further particulars and conditions of appointment may be obtained from the Secretary, Association of Universities of the British Commonwealth, Marlborough House, Pall Mall, London S.W.1. Applications close on October 15, 1961. (8437)

U.S.A. MUHLENBERG HOSPITAL, PLAINFIELD, N.J. Fully accredited internship. 440-bed hospital, 25 miles from New York City. Teaching programme directed by Johns Hopkins faculty member. \$250 monthly stipend, plus full maintenance. Transportation advanced. E.C.F.M.G. required. Inquiries to Director. (8295)

WINDWARD ISLANDS**DISTRICT MEDICAL OFFICER**

required for general District or Hospital duties in Grenada. Appointment carries liability to serve in or transfer to any post of equivalent status within the Windward Islands. Appointment on agreement for one tour of three years. Salary scale £1,050 by £50 to £1,400, initial salary according to experience. Private practice permitted if duties allow, or an allowance of £100 a year in lieu. Travelling and subsistence allowances payable from £125 to £240 a year, depending on district in which officer is serving. Officer will be required to maintain a car for official duties. Income tax at local rates. Unfurnished quarters at rental not exceeding 10% of salary. Free return passages for officer and family not exceeding five persons in all. Approximately five months' overseas leave on full pay on satisfactory completion of service. Application forms from Director of Recruitment, Department of Technical Co-operation, Carlton House Terrace, London S.W.1 (quoting BCD 117/41/07). (8351)

UNIVERSITY AND RESEARCH**APPOINTMENTS, etc.****GUY'S HOSPITAL****RESEARCH FELLOWSHIP**

Applications are invited from registered medical practitioners for a Research Fellowship of Registrar status, to participate in a study of the relationship between Guy's Hospital and the community of Southwark, with particular reference to the outpatient department. The work could provide material for a doctorate thesis and also lead to a career in research or in medical administration. Salary will be on the Registrar scale, according to seniority. No previous experience is necessary. Applications, with the names of two referees, should be sent to the Superintendent, Guy's Hospital, London Bridge, S.E.1, before August 31, 1961. (8346)

University and Research**Appointments, etc.—contd.****GUY'S HOSPITAL MEDICAL SCHOOL**
London Bridge, S.E.1

Applications are invited for the post of

Forms of application are obtainable from, and should be lodged with, the Dean not later than August 15, 1961. (7980)

GUY'S HOSPITAL MEDICAL SCHOOL
London Bridge, S.E.1

Applications are invited for the post of
LECTURER or SENIOR LECTURER
in the Department of Clinical Pathology
with duties starting as soon as possible until September 30, 1962, in the first instance. Salary is within the following ranges: Lecturer £1,350 to £2,200; Senior Lecturer £2,000 to £2,400, according to qualifications and experience, with superannuation and family allowance. Application should be made on a form obtainable from the Dean not later than August 15, 1961. (7979)

ST. GEORGE'S HOSPITAL MEDICAL SCHOOL (University of London),
Hyde Park Corner, London S.W.1**LECTURER OR SENIOR LECTURER**
IN PATHOLOGY

Applications are invited for the above post, which will be graded according to the experience and qualifications of the successful candidate. Salary according to London University scales for Clinical Lecturers, plus superannuation and children's allowances. Duties include teaching, research and hospital pathology. Further particulars can be obtained from the Secretary of the Pathology Department, with whom applications (giving names of three referees) should be lodged by September 15, 1961. (8370)

THE MEDICAL COLLEGE OF
ST. BARTHOLOMEW'S HOSPITAL
West Smithfield, E.C.1

Applications are invited for the post of
LECTURER IN PHYSIOLOGY
tenable as from October 1, 1961, or as soon after as possible. Salary will be on the scale of £1,250 by £100 to £1,850 per annum, plus £60 London allowance, together with children's allowance and membership of the F.R.S.U. Forms of application, which should be returned not later than August 29, 1961, and further particulars, may be obtained from the Secretary of the Medical College. (8327)

THE UNIVERSITY OF LIVERPOOL

Applications are invited for the post of
ASSISTANT LECTURER OR RESEARCH
ASSISTANT IN ENDOCRINE BIOCHEMISTRY
The status and salary of the person appointed will be determined, according to age, qualifications and experience, within the range £800 to £1,790 per annum. The successful applicant will be expected to assist in the analysis of steroids and other hormones as part of the research programme of the unit. Applications, quoting Reference CV/BM, stating age, academic qualifications and experience, together with the names of three referees, should be received not later than August 31, 1961, by the Registrar, from whom further particulars may be obtained. (8313)

UNIVERSITY OF DURHAM
The Medical School, King's College,
Newcastle upon Tyne

Applications are invited for the post of
TEMPORARY DEMONSTRATOR
in the Department of Pathology, which is housed in the Teaching Hospital (the Royal Victoria Infirmary, Newcastle upon Tyne). The appointment will be for one year in the first instance, but renewable for a further period up to a maximum of three years. The successful applicant will receive a general training in laboratory medicine, assist in teaching and be encouraged to undertake research. Commencing salary within the range £950 to £1,300, according to age, qualifications and experience. Applications, giving full name, age, qualifications and experience, together with the names of two referees, should be addressed to the Assistant Registrar, The Medical School, King's College, as soon as possible. (8387)

THE UNIVERSITY OF LIVERPOOL

9 Lyndoch Crescent, Glasgow C.3. Telephone number: Douglas 1862.

The services of the Medical Practices Advisory Bureau are free to members of the Association (except in the case of some vacancies overseas).

Carnation milk

MEANS

happy babies

...AND THAT MEANS HAPPY MOTHERS (FATHERS TOO!)

Experienced mothers write to us expressing appreciation of the EXTRA qualities of Carnation Milk.

The following points are repeatedly mentioned in the very many letters we receive:

DIGESTIBILITY—Contented sleep between feeds, particularly at night.

DEVELOPMENT—Pride in Baby's healthy, happy appearance — readily recognised by medical advisers and by other mothers.

SIMPLICITY—The daily feeding routine could not be easier — no mixing.

"THE FEEDING OF INFANTS"—a book specially prepared for the medical profession — together with reprints of clinical investigations and Carnation feeding charts are available from Medical Dept., General Milk Products Ltd., Bush House, Aldwych, London, W.C.2.

DOCTORS can have every confidence in the standard performance of Carnation Milk. Published medical opinion relating to evaporated milk emphasizes:—

Smooth skin and relative freedom from rashes; Convincing evidence of good muscle tone and motor activity; Successful use in varying housing conditions.¹

It can be used, with very rare exceptions, to the exclusion of all other milk preparations if desired.²
