Syrup: 25 mg. thioridazine base in 4 ml.

...In anxiety and agitation

Franol eases the patient's breathing by dilating the bronchioles and reducing mucous congestion. It helps the patient by freeing him from distressing symptoms and allowing him to get unbroken rest at night. Since its introduction, the prescribing of Franol for the relief of bronchitis and asthma has increased every year. More and more doctors use Franol to relieve bronchial spasm in the treatment of these conditions.

*"We have tried out a considerable number of preparations, and the one which gives the best results is a compound of theophylline, ephedrine, and 'luminal', marketed under the trade name of 'Franol' (Bayer). The three ingredients act respectively on the bronchial musculature, the nerve endings, and the central nervous system, and there is probably some potentiation since the dose of each individual component is small. Its most striking effect is in suppressing those nocturnal attacks which may occur night after night with clock-work regularity. . . . It rarely has any side-effects, and the remarkable improvement in the patient's general condition . . . is most gratifying. Weight goes up, appetite improves, and the patient increasingly begins to be able to do more".**

Terra-Cortril* eye . ear suspension

brand of oxytetracycline, hydrocortisone and polymyxin B

* Trade Mark

Where there is the remotest risk of damage to the cornea or to the outer ear due to *Ps. aeruginosa*, the only really effective prophylactic is polymyxin.

Together with Terramycin and hydrocortisone, polymyxin is the third major constituent of Terra-Cortril eye . ear suspension.

Thus combined, these three constituents provide the broadest and most certain therapeutic action against eye and ear infections.

The Terramycin constituent
Effective against a broad range of pathogenic organisms.

The hydrocortisone constituent
Suppresses inflammation and alleviates pain and pruritus. Prevents scarring. Penetrates the anterior chamber in therapeutic concentration. Minimizes residual damage.

The polymyxin constituent
Effective against *Ps. aeruginosa*. Without toxic or sensitizing properties when employed topically.

Synadrin*

HOECHST 12512

new compound for the treatment
of patients with angina pectoris,
now available to hospitals

*"... long-acting vasodilators at present in use are
disappointing and probably of little value."*

EDITORIAL *Brit. med. J.*, 1960, 1, 257

This opinion has been supported in recent months by blind clinical trials of new coronary vasodilators. Nevertheless the literature recently published in the German medical journals on Synadrin (Hoechst 12512) is very impressive (1-15) and clinical trials under way in this country are producing promising results. Synadrin is now available to hospitals in tablets each containing 15 mg. of prenylamine lactate.

A week ago he
couldn't do this

ANUSOL
PUT HIM BACK
ON THE JOB

He went on working until he *couldn't* carry on any longer. Anusol, of course, was imperatively needed. Pity it hadn't been used sooner. However, the anti-septic, decongestive action of this haemorrhoidal suppository was rapidly effective as usual. Where inflammation is an additional problem, ANUSOL-HC (containing hydrocortisone) is the specific treatment. When the inflammation has been controlled, ANUSOL plain is the ideal continuation therapy. Both ANUSOL-HC and ANUSOL plain are available as suppositories or ointment.

New product

Many drugs are available which will terminate an asthmatic paroxysm, but the complex aetiology of asthma makes the prevention of attacks a more difficult problem.

'Expansyl' provides the most comprehensive protection available for the asthmatic by controlling the major precipitating factors.

'Expansyl' is presented in 'Spansule' sustained-release capsule form to ensure a consistently high level of protection—with minimum risk of symptom break-through between doses.

EXPANSYL in asthma

Complex aetiology calls for comprehensive therapy

- sustained bronchodilatation
- anti-allergic action
- control of psychological factors

MODERN TRENDS IN GASTRO-ENTEROLOGY 3

Edited by W. I. CARD

1961

317 pages

Price 70s.

In a volume of the Modern Trends Series we have to note not only new techniques, such as the telemetering capsule and new ideas such as those on bilirubin metabolism, but also to review existing knowledge in a particular field in order to speculate and plan the next step forward: both these aspects are covered in the volume which also displays an unusual catholicity of interest in the choice of subject matter.

THE MAKING OF A SURGEON

by IAN AIRD

1961

152 pages

Price 12s. 6d.

Amongst a wealth of practical and factual detail, this book breathes a philosophy of surgery for which all who practise that art should be truly grateful. It is human and individual and personal, and mixes delightfully the academic research-minded Professor with the friendly, philosophical surgeon. The book shows a breadth of knowledge in its truest and best sense which it would surely be hard to rival. It has to be read to be appreciated.

Drapolene specific for napkin rash

The success of Drapolene as a preventive and treatment of napkin rash is due to its activity against the urea splitting organisms which are known to be the causative factor of this common skin condition.

Drapolene is formulated in a pleasant water miscible base which promotes residual activity, thus preventing the liberation of free urinary ammonia.

Drapolene is quick acting, even where an ulcerated condition has developed. It also assists cleansing of the affected area.

FORMULA

Benzalkonium chloride: 0.01 per cent in a water miscible base.

An Important New Book

Publication Date: November 7

CLINICAL RADIOLOGY of the ŒSOPHAGUS

By MARCEL BROMBART

Translated from the French by

SHEILA KENNY

This book aims at demonstrating that the radiological exploration of the oesophagus occupies the chief place to-day among the many methods of investigation in use, and that the clinician ought to make use of it first and foremost. The work is intended for radiologists, gastroenterologists, otorhinolaryngologists, thoracic surgeons, and physicians, and the author deals with all the problems that arise during the radiological study of the oesophagus, many of which occur because this organ is not studied carefully enough and at length during routine examinations. The book, already a classic in France, has been praised on account of its scope, its wide bibliography, its balance, its illustrations, its clear and vivid text, and the enlightened experience of the author which has provided such a fund of information.

404 pages. 337 illustrations. 84s., postage 2s. 3d.

WRIGHT'S of BRISTOL

TRIGEN

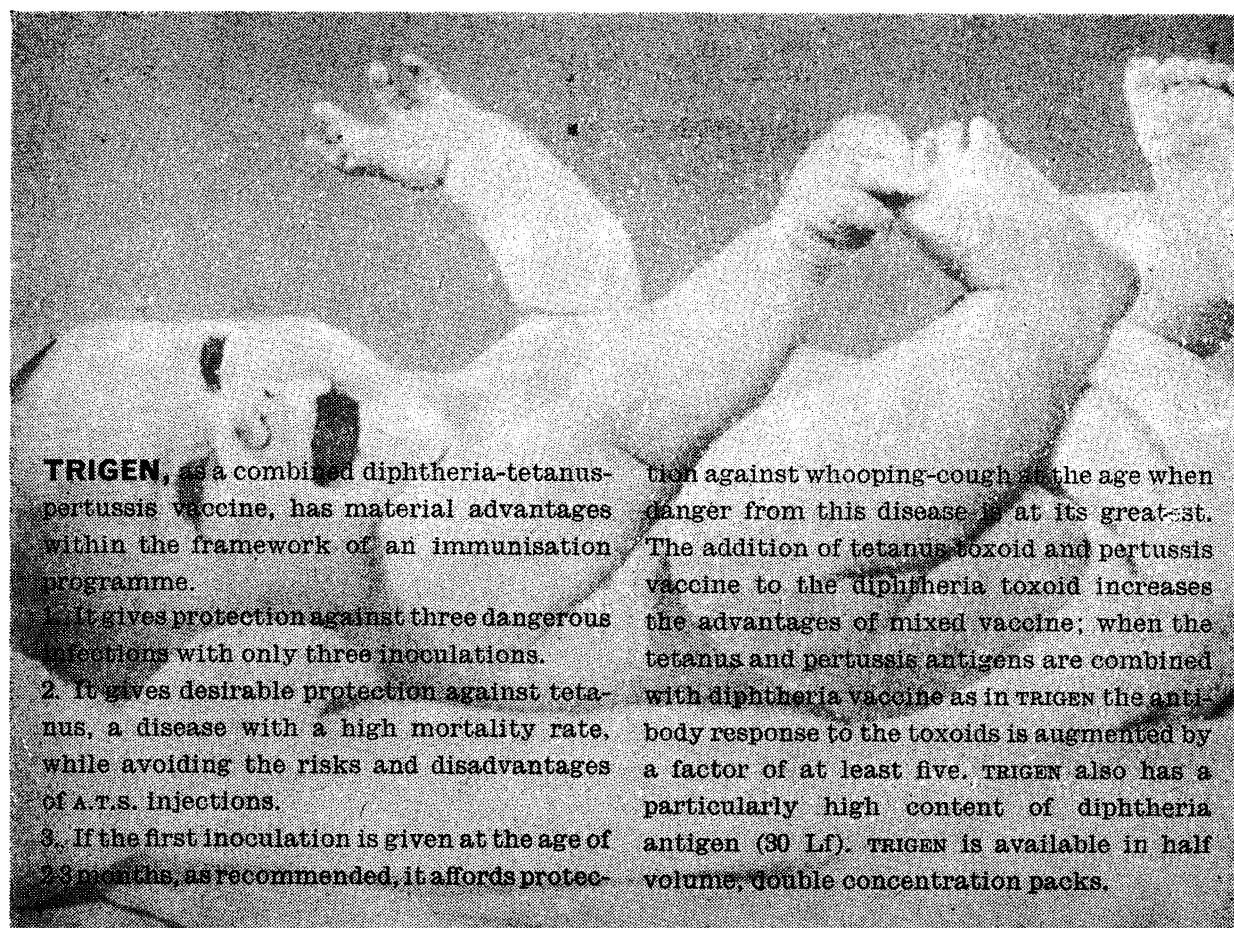

the Wright-Fleming Triple Antigen
for protection against

DIPHTHERIA-TETANUS-PERTUSSIS

With over

50%

of children at risk to diphtheria, there is more need than ever to remember TRIGEN, especially as Trigen contains a particularly high content of diphtheria antigen (30 Lf).

TRIGEN, as a combined diphtheria-tetanus-pertussis vaccine, has material advantages within the framework of an immunisation programme.

1. It gives protection against three dangerous infections with only three inoculations.
2. It gives desirable protection against tetanus, a disease with a high mortality rate, while avoiding the risks and disadvantages of A.T.S. injections.
3. If the first inoculation is given at the age of 2-3 months, as recommended, it affords protec-

tion against whooping-cough at the age when danger from this disease is at its greatest. The addition of tetanus toxoid and pertussis vaccine to the diphtheria toxoid increases the advantages of mixed vaccine; when the tetanus and pertussis antigens are combined with diphtheria vaccine as in TRIGEN the antibody response to the toxoids is augmented by a factor of at least five. TRIGEN also has a particularly high content of diphtheria antigen (30 Lf). TRIGEN is available in half volume, double concentration packs.

TRIGEN and all other antigen products of the Wright-Fleming Institute of Microbiology are distributed solely by

Nurse prefers it,
Baxter' ...*

but, perhaps, what is more important, so does the physician . . . and the patient, too. I.Z.S. is preferable in most cases from all points of view. A single injection to give 24-hour control in your diabetics is a great advantage in itself. But when this is obtained independently of any modifying protein, you have also virtually eliminated the risk of allergic reactions. That is why you will find that I.Z.S. Lente is so suitable for 90 per cent. of diabetic patients . . . And on this firm we prefer I.Z.S.A.B. . . don't we, Sister?

I.Z.S. (Lente) A.B. Vials of 10 c.c.
40 or 80 units per c.c.

I.Z.S. (Semi-lente) A.B. Vials of 10 c.c.
40 or 80 units per c.c.

I.Z.S. (Ultra-lente) A.B. Vials of 10 c.c.
40 or 80 units per c.c.

NEW MOST RAPID, MOST EFFECTIVE ANTACID **GLYMAXIL**^{REGD}

A Clear Palatable Liquid Antacid With Instant Buffering Action And Exceptional Neutralising Power

GLYMAXIL represents a *new approach* to antacid therapy; it is unique both in performance and presentation.

GLYMAXIL ensures rapid relief from pain by its exceptional neutralising power and *instantaneous* buffering action. It controls the pH within the safe zone range of 3—5. Pepsin activity is reduced but not completely inhibited.

GLYMAXIL is so *palatable* it remains acceptable to the patient even after prolonged treatment.

GLYMAXIL is neither constipating nor relaxing.

Each teaspoonful (4ml) of Glymaxil contains 1.6 G. sodium gluconatodihydroxoaluminate III.

GLYMAXIL is a product of **BEECHAM RESEARCH LABORATORIES LTD.,**
Brentford • England • Tel: ISLeworth 4111.

why **CRYSTAMYCIN**

TRADE MARK

Because its two antibiotic components frequently have a synergistic effect, providing an intensive bactericidal attack beyond the scope of either substance used alone. The penicillin in Crystamycin is in the soluble sodium form to exert a swift bactericidal effect. Streptomycin has been selected for its decisive effect on gram-negative organisms. And finally Crystamycin is surprisingly low in cost. Effectiveness plus economy — reasons why Crystamycin . . .

is so often chosen to put
a swift end to bacteria

against respiratory congestion

'Actifed'

Tablets

Containing 2.5 mgm. triprolidine hydrochloride ('Actidil') and 60 mgm. pseudoephedrine hydrochloride in each tablet.

Syrup

Containing 0.88 mgm. triprolidine hydrochloride ('Actidil') and 21.3 mgm. pseudoephedrine hydrochloride in each fl. drachm of syrup base.

Compound Linctus

Containing 1 mgm. triprolidine hydrochloride ('Actidil'), 20 mgm. pseudoephedrine hydrochloride and 7.5 mgm. codeine phosphate in each fl. drachm of syrup base.

'Actifed' Tablets and Syrup

Given ORALLY, 'Actifed' Tablets bring safe, rapid and prolonged relief without risk of secondary engorgement or inhibition of ciliary activity. 'Actifed' Syrup is now also available. A safe, palatable alternative to the tablets, it is especially suitable for children.

'Actifed' Tablets or Syrup is taken 2 or 3 times a day, the dosage being 1 tablet for adults and children over 12 years; $\frac{1}{2}$ tablet or 1 teaspoonful of syrup for children 2 to 12 years; $\frac{1}{2}$ to 1 teaspoonful of syrup for infants.

against cough

'Actifed' Compound Linctus

A pleasantly flavoured Linctus; combines the properties of 'Actifed' with the cough suppressant action of codeine phosphate; particularly useful if the cough is associated with respiratory congestion, e.g. in the common cold or in bronchial asthma.

'Actifed' Linctus is taken every 4 to 6 hours; 1 to 2 teaspoonfuls for adults, $\frac{1}{2}$ a teaspoonful for children of 2 to 12 years.

looking
'flu
straight
in
the
face

Influenza is a serious—
deadly serious—threat to the lives
of chronic bronchitics,
diabetics, cardiac patients, pregnant
women and patients undergoing
steroid therapy.

Influenza can '... suddenly transform
the life of a practitioner from
busy orderliness to a chaotic
nightmare'.¹

Influenza causes untold suffering
to workers and their families ...
tremendous dislocation in
industry ... and a ceaseless
drain on the National
Insurance Fund.

what's it to be
flu
or
Flubron*?

Flubron—the polyvalent vaccine that confers a
high degree of immunity against every type of
influenza virus normally encountered,
including Asian.

pack:

- (i) ampoules, singly and in packs of six,
- (ii) 10 ml. vials.

falapen

REGD.

fast long-acting penicillin tablets

effective, convenient & inexpensive penicillin

therapy consists, quite simply, of one

'Falapen' tablet every twelve hours at a

total daily cost of less than 1s. 2d.

May we send you a copy of our Standard

Publication on 'Falapen'? It contains

much more information than can be

put into a journal advertisement.

Each tablet contains 500,000 i.u. benzylpenicillin (Penicillin G B.P.).

Graph showing reduction in total bacterial and streptococcal counts with 'Hibitane' Lozenge Therapy

'Hibitane' antiseptic lozenges may be used in the prevention and treatment of infection, and to relieve pain and discomfort.

HIBITANE TRADE MARK antiseptic lozenges

SALIVA TESTS show that 'Hibitane' Lozenges are more active in the mouth than other antiseptic lozenges. A hundred-fold reduction is achieved in the bacterial counts when the lozenges are sucked at 2 hourly intervals.

'Hibitane' Lozenges each contain 5 mg. 'Hibitane' (Chlorhexidine) Hydrochloride B.P. with 2 mg. Benzocaine B.P. – sufficient to ease pain without interfering with the swallowing reflex or hindering healing. They are safe, pleasantly flavoured and well-liked by children.

*Available in tubes of 12 Lozenges.
Dispensed from 250's (Dispensing Pack).
Basic N.H.S. cost for 12 lozenges 1/1d.*

Ph. 103

Solprin·Codis·Cafdis

Contain neutral stable soluble aspirin

SOLPRIN. Dissolves in water to form a true solution of calcium acetylsalicylate (neutral soluble aspirin).

Clinical evidence produced over a long period of years indicates that Solprin is unlikely to irritate the gastric mucosa, even in the massive dosage prescribed in rheumatic conditions.

More rapidly absorbed, giving a quicker effect.

CODIS. Neutral soluble aspirin with phenacetin and codeine phosphate.

CAFDIS. Neutral soluble aspirin with phenacetin and caffeine.

N.H.S. basic prices for 500 tablets in foil, which ensures protection from moisture:

SOLPRIN 12/6 • CODIS 25/- • CAFDIS 16/-

Literature and clinical samples available from:

RECKITT & SONS LIMITED, PHARMACEUTICAL DEPARTMENT, HULL, YORKSHIRE

In severe and malignant hypertension

Predictable response and *really* reliable control have been demonstrated beyond doubt in many thousands of patients with severe hypertension treated with 'INVERSINE'. The concurrent use of 'Saluric' (chlorothiazide) considerably reduces the dosage of 'INVERSINE' and therefore the incidence and degree of side-effects.

For full details, please send for *A Guide to the Treatment of Hypertensive Patients with 'Inversine'*. Abstracts of published papers are also available on request.

PREDICTABLE RESPONSE RELIABLE CONTROL

with INVERSINE Regd.

Mecamylamine hydrochloride

Tablets of 2.5 mg. and of 10 mg.

Made in England by **MERCK SHARP & DOHME LIMITED, HODDESDON, HERTS**

for mild sedation
with nutritional support

The debilitated patient, whether recovering from severe illness or operation or suffering from a chronic disease, is greatly benefited by the addition of nutritionally generous supplements of vitamins of the B complex and ascorbic acid. Such patients often need also mild sedation.

A combination of the necessary vitamins with a relatively low dose of phenobarbitone is now available as Tropenal.

FORMULA

Each tablet contains

Aneurine hydrochloride B.P.	...	5 mg.
Riboflavine B.P.	...	5 mg.
Pyridoxine B.P.C.	...	2 mg.
Nicotinamide B.P.	...	15 mg.
Ascorbic acid B.P.	...	50 mg.
Phenobarbitone B.P.	...	32 mg. ($\frac{1}{2}$ gr.)

In designing the formula, it was necessary to bear in mind the known antagonism between barbiturates and the vitamins of the B complex: also the theoretical possibility that the effects might cancel each other out. But preliminary trials have shown that on account of the varying speeds of action and other factors not fully understood, the combination is clinically effective.

DOSAGE

One to two tablets daily.
Tablets in packs of 100 and 500.

For full details of prices and trade terms write for latest copy of the Vitamins Ltd. Price List.

NATIONAL HEALTH SERVICE

In no case is the cost of a V.L. preparation greater than, and in some it is less than, that of the official equivalent preparation. There is no official equivalent of some V.L. specialities.

Tropenal

INDICATIONS

- (1) Anxiety states with restlessness, especially associated with hypertension, alcoholic withdrawal or peptic ulcer.
- (2) Progressive illness in which insomnia is associated with a need for the greatest nutritional support—e.g. congestive heart disease, cachectic states.
- (3) During convalescence, to speed recovery by promoting good appetite and a quiet frame of mind associated with nutritional adequacy.
- (4) Insomnia not induced by pain.

activity

WITH ONE INJECTION

Deca-Durabolin induces a positive nitrogen balance quickly and lasting for three weeks, even in the face of intensive catabolic situations. The disadvantages inherent in anabolic steroids of androgenic origin have been reduced beyond all expectations; Deca-Durabolin can therefore be used in all cases where prolonged intensive anabolic treatment is indicated.

FORM AND PACKS

Nandrolone decanoate, 25 mg and 50 mg per ml.,
for intramuscular injection.

Boxes of 1×1 ml and 3×1 ml.

A NEW **Organon** PRODUCT

Does your penicillin treatment meet with unanimous approval? Such simple things as the taste and acceptability of the medicine you prescribe may make all the difference, for regular repetition of dosage is essential to ensure your patients' swift, uneventful recovery. Taste oral Penidural for yourself and you will soon see why this stable, fruit-flavoured suspension of benzathine penicillin has become so widely accepted as the ideal children's antibiotic. Penidural* assures you of reliable patient acceptance and reliable blood levels with 6 to 8 hourly teaspoonful dosage. *trade mark

oral Penidural

proved in over 10 million patients. Bottles of 60 ml. (300,000 units benzathine penicillin B.P. per 5 ml.).  London.

alkalization...

in a wide variety of conditions associated with gastric acid disturbance — from the mild case of dyspepsia to the acute ulcer stage.

The need for an effective and pleasant antacid has for many years been met by 'Milk of Magnesia'. It is one of the very best traditional remedies and has never been superseded by any of the countless alternatives introduced in recent years. 'Milk of Magnesia' combines palatability with a high degree of efficacy—with none of the disadvantages associated with carbonate medication; it acts as quickly as any antacid safely can — with utter safety.

'Milk of Magnesia'

COGNAC BRANDY AT ITS BEST

Carnation milk

MEANS

happy babies

...AND THAT MEANS HAPPY MOTHERS (FATHERS TOO!)

Experienced mothers write to us expressing appreciation of the EXTRA qualities of Carnation Milk.

The following points are repeatedly mentioned in the very many letters we receive:

DIGESTIBILITY—Contented sleep between feeds, particularly at night.

DEVELOPMENT—Pride in Baby's healthy, happy appearance — readily recognised by medical advisers and by other mothers.

SIMPLICITY—The daily feeding routine could not be easier — no mixing.

"THE FEEDING OF INFANTS"—a book specially prepared for the medical profession — together with reprints of clinical investigations and Carnation feeding charts are available from Medical Dept., General Milk Products Ltd., Bush House, Aldwych, London, W.C.2.

DOCTORS can have every confidence in the standard performance of Carnation Milk. Published medical opinion relating to evaporated milk emphasizes:—

Smooth skin and relative freedom from rashes; Convincing evidence of good muscle tone and motor activity; Successful use in varying housing conditions.¹

It can be used, with very rare exceptions, to the exclusion of all other milk preparations if desired.²

MILK

A new advance in antitussive therapy

THORAGOL

S Y R U P REGD.

LONG ACTING

NON-TOXIC • NON-CUMULATIVE

THORAGOL Syrup is an entirely new antitussive compound which effectively suppresses the unproductive cough through its action on the 'cough centre' of the brain.

THORAGOL has a novel chemical structure for an antitussive being unique as a quaternary ammonium compound, 2-(1,2-diphenylethoxy)-ethyltrimethylammonium bromide.

Clinical trials have shown that THORAGOL effectively suppresses a cough for long periods, thus relieving the nervous irritability associated with persistent coughing. It is especially useful in providing the patient with a good night's sleep free from coughs. No toxic, cumulative or other side effects have been noted even when administration is prolonged. THORAGOL Syrup is pleasant in taste and readily accepted by children and patients of all ages.

INDICATIONS

acute and chronic bronchitis	tuberculous cough
colds and influenza	chronic smoker's cough
tracheitis	"nervous cough"
nasopharyngitis	

BASIC N.H.S. PRICE 3/6d 6 FL. OZ. BOTTLE.

A Spencer Support for Visceroptosis

Spencer Support closed. The concealed inner abdominal section is adjustable at several different points from the outside of the support.

(Right)
Spencer Support shown open revealing inner abdominal section.

RELIEVES SYMPTOMS,

PROMOTES A SENSE OF WELL-BEING

It has been found that practically every ptotic patient experienced relief of symptoms, increased energy and sense of well-being following application of proper support.

The doctor can rely upon Spencer for *proper support* because each Spencer is individually designed, cut, and made for each patient from detailed measurements and a complete description of that patient's body and posture.

With a Spencer, the co-relation of abdominal and back support induces correct posture, modifies an unfavourable tilt. Ptosed organs are lifted to normal position to improve circulation. Better digestion, elimination, respiration often result.

PENETRATION

PENETRATION

PENETRATION

Transvasin* relieves muscular pain. It contains esters that possess a high degree of skin penetration, and produce erythema and analgesia. Transvasin induces deep hyperaemia which promotes the local repair of damaged tissues. Analgesic compounds are carried to the muscles and relieve pain. The basic NHS cost of Transvasin is 2/6d. and it is available on EC10.

* Tetrahydrofurfuryl salicylate, 14%; ethyl nicotinate, 2%;
n-hexyl nicotinate, 2%; ethyl p-aminobenzoate, 2%.

TRANSVASIN 

The advantage of choice . . .

In family planning for responsible parenthood, the choice of a contraceptive must depend on individual circumstances. Many doctors find that the combination of spermicidal efficiency and aesthetic acceptability both in GYNOMIN TABLETS and ANTEMIN CREAM enables them to recommend *either* of these modern preparations, with confidence, to their patients.

GYNOMIN

Formula:

Sodium Bicarbonate B.P.	12.7%
Tartaric Acid B.P.	11.1%
Chloramine B.P.	1.1%

ANTEMIN

Formula:

Sodium Dioctyl sulphosuccinate	0.25%
Ricinoleic Acid B.P.	1.00%
Paraformaldehyde B.P.C.	0.15%

The Family Planning Association advise that for maximum safety, any chemical contraceptive should be used with a mechanical barrier.

Manufactured by

COATES & COOPER LTD.

ANNOUNCEMENT

Efficiency and safety of Calcium B-PAS (Wander) in concurrent tuberculotherapy

In a recent British trial¹ with double-blind technique,
involving 132 patients,
it has been confirmed that
Calcium B-PAS (calcium benzamidosalicylate)
is as efficient in equal dosage as sodium PAS,
both as regards therapeutic results and its ability
to delay the emergence of bacterial resistance to isoniazid
given concurrently.

Because, moreover, Calcium B-PAS is better tolerated² and
'the most acceptable of the available PAS preparations'³,
CALCIUM B-PAS (Wander) and 'B-PASINAH' (Wander)
are therefore particularly indicated for patients who find it
difficult to take or to tolerate sodium PAS in its various forms.

These preparations are thus of special value
in domiciliary treatment
to minimize drug-default.

PRESENTATION

'B-PASINAH' Powders, each packet containing
Calcium B-PAS 3.5 g. and Isoniazid B.P. 87.5 mg.
Four packets provide a daily regimen of 14 g. and 350 mg. respectively.
'B-PASINAH' Cachets, each containing
Calcium B-PAS 1 g. and Isoniazid 25 mg.
B-PAS (Wander) Powders: packets of 3.5 g., cachets of 1 g. and as bulk powder.

The problem of the chronic ear ototrane

Persistence of infection in external otitis or middle ear disease may be due to gram-negative bacteria or fungi—especially *Aspergillus* and *Monilia*—resistant to conventional topical antiseptics and antibiotics.

Penotrane is active against these organisms and by combining this with prednisolone and alcohol in a special viscous vehicle, a highly effective, easily applied and economical method of treating such cases has been evolved.

THIS IS OTOTRANE* an acceptable, rational and time-saving approach to the problem of the chronic ear. Applied to the surgically cleansed meatus OTOTRANE forms a film on the meatal walls and other parts of the ear with which it comes into contact and need not be replaced for a week or more. During this time the antibacterial and anti-inflammatory action of OTOTRANE, even in the presence of pus, is maintained.

Taking a problem of infection in hand

The occurrence of dysentery due to the bacterial agent *Shigella sonnei* represents 98.9% of all dysentery and the incidence of this highly contagious disease has grown during the last ten years. (1).

It is known that 69% of the cases of dysentery relate to children under 15 years of age, 33% being below school age. (2). In addition, there are indications that infection among children may be transmitted to their mothers. The spread and occurrence of dysentery is best controlled by attention to personal hygiene. . . . It is also imperative that environmental hygiene is strictly

observed. Effective disinfection of those surfaces which may become contaminated must be carried out regularly. (3).

Used for this purpose, a solution of Domestos and water will destroy the organism *Shigella sonnei*. This solution should be used on the exterior of the toilet bowl, the seat, the cistern and door handles, the floor and all those areas which may be touched — particularly by the hands of children. In the lavatory bowl itself, Domestos will eliminate heavy soiling overnight, giving a residual available chlorine which destroys bacterial and virus contaminants.

Domestos is an oxidising agent of great potency; used at a concentration of from $\frac{1}{4}$ to 2 ozs. per gallon, it provides a level of available chlorine in the range 150 to 1,200 parts per million — sufficient to destroy not only the organism *Shigella sonnei*, but also those bacteria responsible for food poisoning and typhoid, and the poliomyelitis virus.

- 1 Data from the Report of the Ministry of Health for the year 1959, Part II.
- 2 Data from the Registrar General's Statistical Review of England and Wales for the year 1959, Part I.
- 3 Data from 'Sonnei Dysentery in England and Wales', The Medical Officer, XCIX, 13, 175.

Domestos completely destroys *Shigella sonnei*

THE MEDICAL SERVICE OF THE ROYAL NAVY

VACANCIES FOR MEDICAL OFFICERS

The Royal Navy offers Short Service Commissions of 3 or 5 years' duration to registered medical practitioners. Opportunity exists for transfer to Permanent Commission, by selection, after one year's service. There are facilities for postgraduate study and training for higher degrees with a view to specialization, in the case of officers entered on 5-year short service and on Permanent Commissions. Specialities include Underwater Physiology, Nuclear and Aviation Medicine, as well as the usual clinical subjects.

Pay: On entry a Surgeon Lieutenant married and over the age of 25 years will receive £1,195, with annual pay increments thereafter and a tax-free ration allowance of £112 p.a. if unaccommodated. Additional allowances are paid for children's education, disturbances involving essential moves of family, and for service overseas.

Gratuities and Pensions:

Gratuities are payable on completion of short service commissions:

3 years' service £1,500 tax free

5 years' service £3,000 tax free

Those officers accepted for Permanent Commissions receive £1,500 (Taxable).

Service becomes pensionable after 16 years.

For further details apply to:

The Medical Director-General of the Navy,
Medical Department (Admiralty),
Queen Anne's Mansions, St. James's Park,

GASTRIC ANALYSIS 1 Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer

GASTRIC ANALYSIS 2 Same patients as in first graph, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

"Nulacin has revolutionized the treatment of duodenal ulcer"

Proc. R. Soc. Med., 1958, 51, 1063.

Nulacin tablets, dissolved slowly in the mouth, provide intragastric milk-alkali drip therapy, obviating the necessity for a tube. Treatment is easy and convenient for the ambulant as well as the bedridden patient. Nulacin may be relied on to provide an effective treatment for peptic ulcer as well as other conditions associated with gastric hyperacidity. No undesirable

side effects occur and no cases of alkalosis or acid rebound due to Nulacin have ever been reported. The safety and effectiveness of Nulacin therapy has been proven by *in vivo* clinical work carried out in many countries.

Nulacin tablets have no B.P. equivalent. The basic N.H.S. price of the 25-tablet tube is 2/-.

NULACIN is a Horlicks pharmaceutical product

'HALDRATE'
Trade Mark Brand

PARAMETHASONE ACETATE

Lilly

predictable anti-inflammatory effect

'Haldrate' is a potent synthetic corticosteroid with marked 'anti-inflammatory' activity. In steroid-responsive conditions, it provides predictable anti-inflammatory effects with a minimum of untoward reactions. Gratifying response has been observed in patients transferred from other corticosteroids to 'Haldrate'. There is relatively little adverse effect on electrolyte metabolism, sodium retention is unlikely and psychic effects are minimal. In addition, 'Haldrate' treatment appears to be free from muscle weakness and cramping.

'Haldrate' 2 mg. is approximately equivalent to:

Cortisone	25 mg.
Hydrocortisone	20 mg.
Prednisone or Prednisolone...	5 mg.
Triamcinolone or Methylprednisolone	4 mg.
Dexamethasone	0.75 mg.

Although the incidence of significant side-effects is low, the usual contra-indications to corticosteroid therapy apply to 'Haldrate'.

Availability:

'Haldrate', 1 mg., scored (yellow) and 2 mg., scored (orange), in bottles of 30 and 100 tablets.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent* testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

* SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades. Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than one year after full registration as a medical practitioner and held normally for two years: £1,250 in the first year; £1,400 in the second and any subsequent years. Deduction of £215 per annum for compulsory residence; £255 per annum for voluntary residence.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than three years after full registration and held normally for four years: £1,500 by £100 to £1,800 in the fourth year; thereafter, £1,900 in the fifth and sixth years; £2,000 in the seventh and eighth years; £2,100 in the ninth and any subsequent years. Deduction of £250 per annum for compulsory residence; £275 per annum for voluntary residence.

Other Grades. Whole-time

(a) **HOUSE OFFICERS**: Each post in this grade shall be tenable for six months. £675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £195 per annum for voluntary residence;

£750 per annum for the second post held; deduction of £160 per annum for compulsory residence or £195 per annum for voluntary residence;

£825 per annum for the third and any subsequent posts held; deduction of £165 per annum for compulsory residence or £195 per annum for voluntary residence;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £750 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff; provided further that where a House Officer has previously held two such outside posts the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the appropriate rate to the second or third post held in accordance with the above provision shall be paid at the third post rate for any subsequent appointments in this grade.

(b) **SENIOR HOUSE OFFICERS**: Posts obtained by fully registered medical practitioners and held normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28 or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary residence.

(c) **JUNIOR HOSPITAL MEDICAL OFFICERS**: Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals.

MIDDLESEX EXECUTIVE COUNCIL

VACANCY—FINCHLEY

Applications invited for vacancy occasioned by death of male practitioner. List at present approximately 1,930. "Intermediate" area. Premises will be available. Apply, on Form E.C.16A, before November 11, 1961, to the Clerk, Middlesex Executive Council, North West House, 119/127 Marylebone Road, London N.W.1. (7489)

LANCASHIRE EXECUTIVE COUNCIL (National Health Service)

VACANCY—HOUSING ESTATE, Heywood, Lancashire

Applications invited for vacancy on new housing estate. There is no list, but successful applicant will be granted an Initial Practice Allowance if eligible. It is anticipated that the first houses will be ready about the end of this year, and that the temporary tenancy of a house will be granted to the successful applicant. He will be expected within a period of two years to lease land from the Housing Authority upon which to build a permanent house and surgery. Apply on Form E.C.16A, not later than November 18, 1961, to the Clerk, Lancashire Executive Council, 42 West Cliff, Preston, Lancs. (7430)

LANCASHIRE EXECUTIVE COUNCIL (National Health Service)

VACANCY—HOUSING ESTATE, Little Hulton, Worsley, Lancashire

Applications invited for vacancy on new housing estate. There is no list, but successful applicant will be granted an Initial Practice Allowance if eligible. There are approximately 1,600 houses to be erected, more than half of which have already been completed. It is the intention of the Housing Authority to erect a surgery without a residence on the estate. In the meantime the successful applicant will be granted a temporary tenancy of a house on the estate for the purpose of his practice and will be expected to find his own accommodation on the completion of the surgery. Apply, on Form E.C.16A, not later than November 18, 1961, to the Clerk, Lancashire Executive Council, 42 West Cliff, Preston. (7514)

MIDDLESEX EXECUTIVE COUNCIL

VACANCY—UXBRIDGE

Applications invited for vacancy occasioned by death of male practitioner. List at present approximately 2,920. "Intermediate" area. Premises will be available. Apply, on Form E.C.16A, before November 11, 1961, to the Clerk, Middlesex Executive Council, North West House, 119/127 Marylebone Road, London N.W.1. (7491)

MIDDLESEX EXECUTIVE COUNCIL

VACANCY—WOOD GREEN

Applications invited for vacancy occasioned by death of male practitioner. List at present approximately 2,020. "Intermediate" area. Premises may be available. Apply, on Form E.C.16A, before November 11, 1961, to the Clerk, Middlesex Executive Council, North West House, 119/127 Marylebone Road, London N.W.1. (7490)

NEWCASTLE UPON TYNE

Applications invited for vacancy caused by resignation of doctor. List at present approximately 2,166. Surgery available. Apply on E.C.16A to undersigned, to be received not later than first post November 14, 1961.—Newcastle Executive Council, Kensington House, 4-6 Osborne Road, Newcastle upon Tyne 2. (7431)

STEPNEY (Bancroft Road Area)

"Intermediate" area. Resigning practitioner, female. List at present approximately 1,560 patients. Surgery premises may be available. Forms E.C.16A obtainable from the Clerk, London Executive Council, Insurance House, Insurance Street, W.C.1. Completed applications to be received by the Council not later than 12 noon on Monday, November 13, 1961. (7393)

COMMERCIAL APPOINTMENTS

WILLIAM R. WARNER & CO. LTD. EASTLEIGH, HAMPSHIRE

ASSISTANT MEDICAL DIRECTOR

The doctor who wishes to continue a happy and successful career, but in a wider field and with very attractive financial prospects, will be interested in the appointment we are anxious to make.

On January 1, 1962, we look forward to being joined by an Assistant Medical Director.

He will be a man who, in addition to hospital experience, will preferably also have had experience in pharmacology.

Being between the age of 25 and 40, he will have a strong and pleasant personality, and if he has travelled abroad we shall regard this as additional valuable experience.

He will be constantly in touch with distinguished members of his profession and with many teaching and general hospitals. Through his efforts new drugs will be clinically tested and will eventually reach his medical colleagues' patients. He will be supported by a large team of highly-trained medical representatives.

The appointment offers a career with definite prospects of succeeding to the medical directorship of our company.

Hampshire is a very pleasant place to live, a first-class car is provided and we have an excellent pension scheme. Please write full details to Medical Director.

WILLIAM R. WARNER & CO, LTD., EASTLEIGH, HAMPSHIRE

(7509)

ASSISTANT TO MEDICAL ADVISER

Genatosan Ltd. invite applications from registered medical practitioners for the new position of Assistant to the Medical Adviser. Preferably applicants should have had hospital experience and a keen interest in pharmacology and therapeutics. A higher medical degree would be an advantage. Duties will include the organization and supervision of clinical trials, correspondence with members of the profession, and familiarity with current medical literature.

Commencing salary appropriate to age and experience.

Applications will be treated in confidence, and should be addressed to:

THE MEDICAL ADVISER,
GENATOSAN LIMITED,
LOUGHBOROUGH, LEICESTERSHIRE.

(7232)

PUBLIC HEALTH

BOROUGH OF CHESTERFIELD

Applications invited from registered medical practitioners holding a Diploma in Public Health, Sanitary Science, or State Medicine, for appointment of **DEPUTY MEDICAL OFFICER OF HEALTH AND DEPUTY BOROUGH SCHOOL MEDICAL OFFICER**.

Consideration will be given to applications from persons attending a D.P.H. course. This appointment offers an opportunity for a person to gain experience in public health administration, the School Health Service, Welfare and Mental Health. Salary £1,450 to £2,000 and the commencing salary will be fixed in accordance with qualifications and experience. Car allowance payable. A house to rent will be provided if required. Full particulars and condition of appointment and application forms obtainable from the Medical Officer of Health, Town Hall, Chesterfield, to whom applications should be submitted not later than November 13, 1961.

(7167)

"S." 3, 5 and 7 Old Queen Street, S.W.1, by November 13. (Quote H.665 B.M.)

(7368)

Public Health—contd.**LONDON COUNTY COUNCIL****VISITING MEDICAL OFFICER**

Woolwich, required for Hill Reach Home for Old People, opening shortly in Greenlaw Street, S.E.18. Applications are invited from medical practitioners practising locally under National Health Service. £40 a year, plus fees receivable from Executive Council in respect of residents and resident staff taken on N.H.S. list. Particulars and form from Medical Officer of Health (D1/B/2924/11), County Hall, S.E.1. Closing date November 20. (7475)

**MIDDLESEX COUNTY COUNCIL
County Health Department****ASSISTANT MEDICAL OFFICER**

(whole-time) required in Area 8 (Ruislip-Northwood, Uxbridge, Hayes/Harlington, Yiewsley and West Drayton). Duties concerned with supervision of health of mothers and young children and School Health Service. Diploma in Public Health or Child Health desirable. Previous Local Authority experience advantage. Salary within scale, according to experience, £1,295 to £1,845. Established. Particulars and two referees to Area Medical Officer, Local County Offices, High Street, Uxbridge, by November 13. (Canvassing disqualifies.) (Quote H.663, B.M.) (7367)

NOTTINGHAMSHIRE**APPOINTMENT OF DEPUTY COUNTY
MEDICAL OFFICER**

The County Council invite applications from suitably qualified persons for the appointment of Deputy County Medical Officer of Health, at a salary based on the appropriate scale prescribed by the Medical Whitley Council for Public Health Medical Officers. Full particulars of the appointment may be obtained from my office, and completed applications should reach me by November 20. Canvassing, directly or indirectly, will be a disqualification.—A. R. Davis, Clerk of the County Council, County Hall, West Bridgford, Nottingham. (6979)

GOVERNMENTAL**MERCHANT NAVY
ROYAL FLEET AUXILIARY SERVICE**

Two doctors, not over 65 years of age, are required in November to serve in Royal Fleet Auxiliary Vessels in the Far East. The appointments are for approximately 12 months in the first place, but continuous and pensionable employment can be offered to suitable applicants. The commencing salary is £112 or £116 monthly, depending on the class of ship, plus an allowance of from about 15% to about 30%, depending upon the ship's location. Both ships are air-conditioned. Food and accommodation is free, but uniform must be provided at the officer's own expense. Leave is earned at the rate of 75 days' pay per annum, and a cash bonus of 60 days' pay per annum is also given. It is pointed out that service in the Merchant Navy away from U.K. for a complete fiscal year entitles an officer to reclaim all income tax paid in the previous year. Apply to Director of Stores (3B), Admiralty, Whitehall, London S.W.1, or 'phone WHI 9000, Ext. 683. (7378)

TREASURY MEDICAL SERVICE

Applications are invited from medical practitioners, practising in the districts detailed below, for appointment, in a part-time and mainly advisory capacity, as

LOCAL TREASURY MEDICAL OFFICER

for each of the places or groups of places shown. The town shown in brackets after the place-names indicates the Head Post Office Area in which the place, or group of places, is situated. Applicants must have a surgery in the area stated. Successful applicants will be required to examine and report on the condition of certain Government Officers, teachers, candidates for appointment, etc., who may be referred to them from time to time; and to attend when summoned to an emergency case of accident or sudden illness occurring in a Government office in the neighbourhood of his surgery. Fees for this work, and mileage allowance where journeys in excess of a certain distance are necessary, will be paid on a scale agreed with the British Medical Association. Intending applicants should write, within 14 days, to Treasury Medical Adviser, Treasury Chambers, Whitehall, London S.W.1, for a form on which application may be made. Applicants should be not more than 60 years of age.

The places for which applications are invited are as follows:

England and Scotland
Farnborough (Aldershot)
Prestwick (Ayr)
Cumnock (Cumnock)
Sible Hedingham (Halstead)

(7379)

THE WAR DEPARTMENT

invites applications from registered medical practitioners for appointment as temporary full-time **CIVILIAN MEDICAL PRACTITIONERS**

for service with the R.A.M.C. at home and overseas. Appointment, in the first instance, will be for one year at home or two years overseas. Duties will cover the general medical care of troops and their families. Previous military medical experience will be an advantage. Salary will be £1,776 at age 28, rising to £2,250 at age 35 or over. For staff serving overseas, foreign service allowance, overseas family allowance, outfit allowance and trunk allowance payable in addition. Foreign service allowances are substantial and non-taxable. Details will be given to candidates interviewed. Five weeks' holiday a year will be allowed without the responsibility of providing locum tenens.

Vacancies in the United Kingdom arise immediately at:

Beachley (Mon)	Larkhill (Wilts)
Bicester (Oxon)	Plymouth (Devon)
Bramley (Hants)	Taunton (Somerset)
	Warminster (Wilts)

Overseas vacancies exist now in Cyprus, and will arise shortly in other theatres.

Application forms and conditions of service may be obtained from the Under-Secretary of State, The War Office (C.5(A)), Northumberland House, Northumberland Avenue, London W.C.2. (7343)

SUNNY CLIMATE, good sporting facilities.

EXCELLENT CAREER PROSPECTS on obtaining full registration. Appointments as general duties Government Medical Officers—starting gross emoluments of £2,000 per annum, rising to £2,800 per annum—are usually available for suitable ex-Junior Resident Medical Officers wishing to remain in the Government service on a permanent pensionable basis.

There are also vacancies for **SENIOR RESIDENT MEDICAL OFFICERS** and **SENIOR HOUSE SURGEONS** for doctors who have completed their pre-registration year.

Application forms and further details from:

The Secretary (R), Rhodesia House, 429 Strand, London W.C.2.

Closing date: November 25, 1961.

(7488)

Oversea (Vacant)—contd.**IMMIGRATING TO THE U.S.A.?
OUR AREA NEEDS WELL-QUALIFIED
GENERAL PRACTITIONERS**

We will give you one, two or three years of training and then give you a place on our Courtesy Staff. Those finishing our three-year course will be given liberal hospital privileges in surgery and obstetrics. We will lend you sufficient money to set up your own private office in Chicago or its suburbs, if you so desire. Partnerships or associations with our attending staff doctors await those finishing only one or two years of our training. First year, Rotating Internship, stipend \$300 per month; second year, Medicine and Paediatrics, stipend \$400 per month; third year, Surgery and Obstetrics, stipend \$500 per month. In addition to stipends, we furnish meals, living quarters, laundry of uniforms, and other benefits free of charge. Two- or three-room furnished apartments are free to married men. We pay cost of transportation to Chicago for yourself (and wife). Our Rotating Internship has been continuously approved by the A.M.A. for 36 years. The teaching programme gives you an individual instructor at all times, in addition to the usual seminars, clinical conferences, journal clubs, etc. We are a 300-bed, non-Sectarian teaching hospital, with an attending staff consisting of many general practitioners, as well as qualified Specialists in all fields. The hospital is located in an outlying residential area, but only eight miles from Chicago's famous medical school centre. You may now practise medicine in Illinois before becoming a citizen. Our next course starts July 1, 1962. Inquiries solicited from final-year students or from recent graduates of schools in Great Britain, Eire, Canada, Australia and New Zealand. Please address Director of Graduate Medical Education, Ravenswood Hospital, 1931 W Wilson Avenue, Chicago 40, Illinois, U.S.A. (7105)

STATE OF CONNECTICUT

Fairfield State Hospital, Newtown, Conn, U.S.A.

RESIDENTS IN PSYCHIATRY

Applications are invited for residency training in psychiatry for men and women physicians, subject to successful completion of the American medical qualification examinations in September or April. Large modern hospital with active and varied teaching programme in affiliation with Yale University. Fully accredited for three years of training and approved for training leading to the D.P.M. Participant in Exchange-Visitor Programme. Close to metropolitan areas. Maintenance at nominal cost immediately available to single applicants, waiting list for family accommodations. Beginning stipend \$455 per month. Write, giving particulars, to Jane E. Oldham, M.D., Director of Training.

**UNIVERSITY OF UTAH COLLEGE OF
MEDICINE, Salt Lake City, Utah, U.S.A.****PATHOLOGY RESIDENCIES**

Residency training in pathological anatomy and clinical pathology leading to certification by the American Board of Pathology. Salaries \$3,300 to \$5,000 per annum. For information and application forms write W. H. Carnes, M.D., Department of Pathology. (6795)

**THE NORTH BRISBANE HOSPITALS BOARD
Brisbane, Queensland, Australia
Department of Pathology**

Applications are invited from registered medical practitioners for appointment to the following Senior Staff positions at the Department of Pathology:

**MORBID ANATOMIST
BACTERIOLOGIST****PATHOLOGIST TO WOMEN'S HOSPITAL**

The appointees will be responsible to the Director of Pathology for the control of the appropriate sections of the laboratories, and will be encouraged to develop some aspect of investigational work. They will be expected to assist in the training of Registrar Pathologists and Technicians, and to undertake certain lectures and demonstrations. The department serves the Brisbane Hospital, the Women's Hospital, the Children's Hospital, and the Queensland Radium Institute, all of which are situated on the one site. The hospitals are the major teaching hospitals in the University of Queensland. The salary offered is £A.4,125 per annum, plus basic wage adjustments, at present £A.34 per annum, and the posts are superannuated. Further particulars may be obtained from the Director of Pathology, the North Brisbane Hospitals Board. Applications, stating in detail personal particulars, qualifications and experience, with the names of three referees, and a recent photograph, should be forwarded, not later than December 15, 1961, to the Manager, the North Brisbane Hospitals Board, Herston Road, Brisbane, Queensland, Australia. (6794)

**THE PITTSFIELD AFFILIATED HOSPITALS
MEDICAL EDUCATION PROGRAMME
(400 beds)**

offers completely approved rotating internships. Residencies in internal medicine, surgery, ob.-gyn., and pathology. Salaries range from \$250 to \$375 per month, with allowances for married personnel. Affiliated with the Albany Medical College of Union University.

Address inquiries to Director of Medical Education, Pittsfield Affiliated Hospitals, 379 East Street, Pittsfield, Massachusetts. (6860)

UGANDA**MINISTRY OF HEALTH**

Vacancies exist for Medical Officers with qualifications registrable in the United Kingdom, who are normally domiciled in India, Pakistan or Goa.

Uganda is in particular need of young men who wish to develop their knowledge and experience of medicine rapidly. An excellent opportunity for those wishing to work in East Africa, on the following attractive terms of service:

Three-year Contracts, with assisted passages from the United Kingdom to Uganda on first appointment and, thereafter, 1st class sea passages to Bombay, Karachi or Marmagao, on the satisfactory completion of contract.

Salary in the scale £1,128 to £1,989 per annum. Initial salary according to qualifications and experience.

Gratuity, 25% of total salary earned. Leave. Vacation leave three days per month. Generous local leave, on full salary, within East Africa.

Quarters. Partly furnished housing at low rental is provided.

Uganda offers a good climate, adequate sporting facilities, and excellent roads, which facilitate travel.

Apply to Crown Agents, 4, Millbank, London S.W.1, for application form and further particulars, stating age, name, brief details of qualifications and experience, and quoting Reference M3C/53665/BG. Closing date for applications, December 2, 1961. (7483)

(7360)

THE NUFFIELD FOUNDATION**Nuffield Institute for Medical Research****RESEARCH FELLOWSHIPS**

The Nuffield Foundation, as an experiment, is prepared to offer one Research Fellowship in 1962, tenable at the Nuffield Institute for Medical Research at Oxford, to enable a suitably qualified person who intends to follow an academic career in obstetrics or paediatrics in the United Kingdom to concentrate for a year on animal experiments directly related to basic physiology or pharmacology in the foetus or the newborn. The Fellowship will be tenable for one year and is limited to a graduate in medicine of a University within the British Commonwealth, who should either have completed an appointment as Registrar (or its equivalent) in an approved department of obstetrics or paediatrics, or be seconded for one year from such an appointment. He should also have obtained the higher qualification appropriate to his chosen specialty. The stipend will be within the approved range of salaries for Senior Registrars under the National Health Service. Applications for the award, beginning in 1962, must be received before February 15, 1962, by the Director, the Nuffield Foundation, Nuffield Lodge, Regent's Park, N.W.1, from whom full particulars and application forms can be obtained.—L. Farrer-Brown, Director of the Nuffield Foundation. (7361)

UNIVERSITY OF DURHAM
THE MEDICAL SCHOOL, KING'S COLLEGE
Newcastle upon Tyne**THE UNITED NEWCASTLE UPON TYNE HOSPITALS**
MENTAL HEALTH OF CHILDREN

Applications are invited from registered medical practitioners for the post of **RESEARCH ASSOCIATE IN CHILD HEALTH**. The successful candidate will be expected to develop inquiries into the psychiatric aspects of stammering in collaboration with investigators from the Department of Child Health and the Department of Speech. The work will be under the joint direction of the Heads of the Departments of Child Health, Speech, and Psychological Medicine. Candidates should have had training and experience in psychiatry, preferably to senior registrar level. The appointed candidate will be able to devote part of his time to clinical work in the Department of Psychological Medicine. The commencing salary will be £1,300 to £1,600, according to qualifications and experience, and the work involved will probably spread over a period of two years. Applications, together with the names of three referees, should be submitted to the Professor of Psychological Medicine, from whom further particulars about the appointment may be obtained. (7426)

UNIVERSITY OF GLASGOW**LECTURESHIP IN HISTOLOGY**

Applications are invited for a Lectureship in Histology in the Department of Physiology. Experience in pathology will be an advantage. Salary scale: £1,050 to £1,900 per annum for those medically qualified; £1,050 to £1,850 per annum for those not medically qualified. Initial salary according to experience and qualifications. F.S.S.U. and family allowance benefits. Applications (eight copies) should be lodged, not later than November 15, 1961, with the undersigned, from whom further particulars may be obtained.—Robt. T. Hutcheson, Secretary of University Court. (7111)

EDUCATIONAL AND LECTURES

CORRESPONDENCE COACHING FOR THE London and Edinburgh M.R.C.P. We help with the clinical too.—Write J. Arnold, 189 Regent Street, W.1.

EDINBURGH POSTGRADUATE BOARD FOR MEDICINE**POSTGRADUATE COURSE IN GASTROENTEROLOGY**

A Postgraduate Course in Gastroenterology will be held in the Western General Hospital, Edinburgh. It will be conducted by the physicians and surgeons of the Gastrointestinal Unit. The course is not designed to cover all diseases of the alimentary tract but will concentrate on those conditions which are presently being subject to special investigation and research, and which are of particular importance. The course will include formal lectures and discussions, and each afternoon there will be a demonstration of cases. The course is designed for both physicians and surgeons, preferably those who already hold a higher diploma, and who are interested in advancing their knowledge of this branch of medicine. No attempt will be made to cover the requirements of any examination. The class will be limited and the course will occupy a week from March 26 to 31, 1962, inclusive. The fee is £15, payable to "The University of Edinburgh." All meetings will be held in the Teaching Unit, Western General Hospital. Lunch and tea will be available at the hospital. Applications should be made to the Director of Studies, Edinburgh Postgraduate Board for Medicine, Surgeons' Hall, Edinburgh 8. (7444)

FULL AMERICAN BOARD-APPROVED TRAINING programme is available at University Teaching Hospital. Applicants must have E.C.F.M.G. certificate. Apply to Director of Pathology, Western Reserve University, at Cleveland Metropolitan General Hospital, 3395 Scranton Road, Cleveland 9, Ohio. (9335)

GLASGOW POSTGRADUATE MEDICAL BOARD**COURSE IN PSYCHOLOGICAL MEDICINE**

A two-term, part-time course has been organized to run during the Candlemas and Whitsun Terms (January-June), 1962. The course is designed to supply formal training for graduates who intend to specialize in psychiatry and is suitable for candidates preparing for the examination for the Diploma in Psychological Medicine of the Scottish or English Conjoint Examining Boards, but is open to all registered medical practitioners. The instruction will amount to ten hours per week given on Monday, Tuesday and Thursday afternoons and Saturday mornings. During the Candlemas Term, instruction will be provided in disciplines basic to psychiatry. During the Whitsun Term, instruction will be on clinical subjects and students will attend various psychiatric hospitals. The fee for the course is £35. For further details application should be made to the Director of Postgraduate Medical Education, the University, Glasgow W.2. (7362)

GLASGOW POSTGRADUATE MEDICAL BOARD**ONE-DAY REFRESHER COURSE IN PSYCHOLOGICAL MEDICINE**

9.30 a.m. to 5 p.m., Friday, November 24, 1961
The programme will include papers on recent advances in Mental Deficiency, in Child Psychiatry, and in the investigation of psychiatric cases; on Psychiatric Services at home and abroad; and on the Phenomenological Approach (guest speaker Professor Anderson, Manchester). There will be opportunities for discussion through the day. The course will be held in the Rooms of the Royal Faculty of Physicians and Surgeons, 242 St. Vincent Street, Glasgow C.2. It will be open to all registered medical practitioners without fee. Those wishing to attend should inform Dr. G. C. Timbry, Department of Psychological Medicine, Southern General Hospital, Glasgow S.W.1. (7401)

GRESHAM COLLEGE, BASINGHALL STREET, London E.C.2. Tel. MONARCH 2433. Four Lectures by Professor J. L. D'Silva, D.Sc., M.R.C.P. (Gresham Professor in Physics), on "The Living Cell" on Monday to Thursday, November 6 to 9. The lectures are free and begin at 5.45 p.m. (7392)

UNIVERSITY OF LONDON

A course of two lectures entitled (1) "Advances in Respiration: Diving, High Altitude, and Space"; (2) "Normal and Abnormal Ventilation-Perfusion Relationships in the Lung," will be delivered by Professor H. Rahn (Buffalo, N.Y.) at 5.30 p.m. on November 8 and 10 at the School of Pharmacy, Brunswick Square, W.C.1. Admission free, without ticket.—James Henderson, Academic Registrar. (7463)

UNIVERSITY OF LONDON

A lecture entitled "Scrapie: A Transmissible Disease of Sheep" will be delivered by Dr. J. T. Stamp (Edinburgh) at 4 p.m. on November 14 at the Royal Veterinary College, Royal College Street, N.W.1. Admission free, without ticket.—James Henderson, Academic Registrar. (7464)

UNIVERSITY OF LONDON

Institute of Obstetrics and Gynaecology (Incorporating the teaching facilities of Queen Charlotte's Maternity Hospital; Chelsea Hospital for Women; and the Department of Obstetrics and Gynaecology at Hammersmith Hospital)

Applications are invited from graduates with a registrable qualification for enrolment for the Spring Term (February 26 to May 26, 1962). Graduates attend each of the constituent hospitals in turn for clinical work, and attend lectures and special demonstrations in all three hospitals. Enrolment fee £3. Tuition fee £52 10s. a term. General practitioners wishing further experience in Obstetrics may be accepted to attend the course at Queen Charlotte's Maternity Hospital for shorter periods—i.e., two to four weeks. They will have the opportunity of attending the Labour Ward in addition to combined classes of lectures and demonstrations at the three hospitals of the Institute. Ministry of Health grants are payable to approved general practitioners attending for a period of one or two weeks. An Intensive Course for those preparing for M.D. and M.R.C.O.G. will be held from May 28 to June 9, 1962. During the winter vacation, a limited number of graduates may attend the practice of the hospital. Hostel accommodation is available at Queen Charlotte's Hospital and at Hammersmith Hospital. Further particulars can be obtained from the Secretary, Institute of Obstetrics and Gynaecology, Chelsea Hospital for Women, Dovehouse Street, London S.W.3. (7428)

FOR CONSULTING ROOMS AND HOUSES IN Harley Street, etc., apply C. E. Bedford & Co., 10 Wigmore Street, W.1. Langham 0531.

Readers frequently desire to refer to advertisements concerning appliances, preparations, etc., which have appeared in earlier issues of the *Journal*.

The Advertisement Manager can supply particulars at any time.

In dealing with written inquiries, especially from overseas, correspondents are, wherever possible, put in direct contact with the advertisers in whose products they are interested.

Write: Advertisement Manager,
British Medical Journal,
B.M.A. House,
Tavistock Square,
London W.C.1.

Plays now showing in London for a special season which should be seen by all medical men and their patients

MURIEL SMITH

ANN BUCKLES PHYLLIS KONSTAM PAUL CAMPBELL

in a double bill

THE HURRICANE

BY PETER HOWARD AND ALAN THORNHILL

There is an answer coming out of the clash of passions and ideas which is Africa today. "*The Hurricane* is the greatest short play I have ever seen," says Lloyd Nolan, the Hollywood actor-producer.

THE LADDER

BY PETER HOWARD

A play whose stagecraft is as unexpected as its action. Here is the basic struggle for power that takes a man up the ladder. Through it moves the man with a different idea—and another use for the ladder.

PRESENTED BY MORAL RE-ARMAMENT

"The most intelligent plays in the world today. They are the theatre of tomorrow."

ELISABETH BERGNER, speaking of the MRA plays.

WESTMINSTER THEATRE

Evenings : 8 o'clock ; matinees : Wed. and Sat. 3 o'clock

Box Office : Westminster Theatre, Palace Street, S.W.1 (VICtoria 0283).

Stalls : 20/-, 12/6, 7/6 : Dress Circle : 15/-, 10/6, 6/-.

**Cut down the
bronchitis peak**

Orisulf[®]
(sulphaphenazole)

**for long-term prophylaxis
in chronic bronchitis**

Daily prophylaxis with Orisulf can reduce the incidence of exacerbations by almost a half. Treatment is simple—one prescription gives several months of protection; the more expensive broad spectrum antibiotics can be reserved for acute exacerbations.

*Practitioner (1960), 185

**Costs only 10/- per month for 2 tablets daily
at basic N.H.S. prices**
