The hardest thing to prescribe for your patients is—PATIENCE

But when you prescribe Plaquenil for your rheumatoid arthritic patients, you must warn them that a saturation period is necessary before beneficial results can be expected. Nevertheless, there is probably no other drug which offers a better hope of improvement for the arthritic. Used in combination with analgesics, Plaquenil is a safe, long-term treatment which rewards patience with major improvement.

ANNOUNCING

Synadrin*

HOECHST 12512

new compound for the treatment
of patients with angina pectoris,
now available to hospitals

*"... long-acting vasodilators at present in use are
disappointing and probably of little value."*

EDITORIAL *Brit. med. J.*, 1960, 1, 257

This opinion has been supported in recent months by blind clinical trials of new coronary vasodilators. Nevertheless the literature recently published in the German medical journals on Synadrin (Hoechst 12512) is very impressive (1-15) and clinical trials under way in this country are producing promising results. Synadrin is now available to hospitals in tablets each containing 15 mg. of prenylamine lactate.

EXTRACT: "Constipation presents a considerable institutional problem in geriatric care.

"In a forty-two-day therapeutic evaluation of a standardized senna preparation in tablet and granule forms (Senokot) given to 40 chronically constipated patients ranging in age from 55 to 93 years, constipation was corrected in 29 and improved in 11 patients. In the last three weeks of the study, normal stools were maintained in 27 patients with intermittent doses every two or three days. The need for enemas was eliminated in 10 of the 20 patients and sharply reduced in 9 of the remaining 10. Recurrent faecal impactions in 11 patients were prevented during the course of therapy."

"Bowel Motility", *Geriatrics* (1961), 16, 189.

GRANULES: 56 g. (2 oz), 170 g. (6 oz), 900 g. (21 lb). **TABLETS:** 50, 100, 200, 1000.

**for
Lucofen**

Nottinghamshire in the Lawrence-Sillitoe era has gained a certain reputation for adultery; but the simple folk-tale of Robin Hood and Maid Marion allows of no such interpretation. Gluttony, however, is another carnal sin that has been immortalised in the person of Friar Tuck, of whom little is known save that he ate too much and too often, but was a loyal friend.

Overweight modern clergy desiring to reduce have another loyal friend—Lucofen. A new drug for the limitation of appetite, Lucofen acts without interfering with normal meal anticipation. It thus helps to gain the active co-operation of the patient, so essential in the treatment of obesity. Eating sensibly, and taking Lucofen, the co-operative patient is more ready to help the doctor and himself.

Lucofen, (chlorphentermine) acts without the frustration and irritability caused by many weight-reducing programmes.

The resultant weight loss is gradual, safe and dependable. Lucofen is free from the disadvantages of the usual amphetamine-like drugs, and thus causes no restlessness, sleeplessness or addiction. It is especially useful in combating the evening hunger felt by many patients. There is evidence of fat mobilization.

Dosage: The recommended dose is one tablet (25 mg.) three times a day before meals. This dosage normally results in an average loss of 1 lb. to 1½ lb. per week.

Presentation: Bottles of 50 and 500 tablets.

* There are 36 extant individual ballads of the Robin Hood story, dating back to the 16th century; but 300 years before that, the "Whitsun pastoral" or "May game", in which the same characters appear, was being denounced by the Church. The Robin Hood—Friar Tuck story that we know refers to the Anglo-Norman century 1150-1250.

Variations on a Theme

Music Teacher, 48. Frequent visitor to surgery with minor symptoms. Now admits depression over a considerable period. Teaches the violin to 'increasingly few' pupils, but was once a promising soloist. Guilt feelings? Complains of waking early and feeling at worst in mornings. Some loss of appetite.

Diagnosis: Endogenous Depression Treatment: Nardil

NARDIL is a monoamine oxidase inhibitor which acts selectively on the brain to resolve the depression.

NARDIL is safe and is effective at low dosage levels. Toxic effects on blood or liver are extremely rare.

NARDIL acts quickly. Response is usually seen within the first weeks or even days of treatment.

NARDIL provides reliable treatment for depressives—often the problem patients of a busy practice.

NARDIL has a simple and convenient dosage schedule, one tablet three times a day.

Available in bottles of 100 and 500 sugar-coated tablets each containing 15 mg. phenelzine.

Nardil is known in some countries as "Nardelzine" (trade mark)

a fresh start in
TOPICAL
steroid therapy

βetnesol

one name
one strength
one maker

GLAXO LABORATORIES LIMITED

GLAXO

Betnesol is the name given to a new range of topical steroid preparations developed by Glaxo. They are complementary to Betnelan (betamethasone alcohol), the anti-inflammatory steroid recently introduced for systemic use. Betnesol (betamethasone phosphate) preparations are soluble, effective in low concentrations and have low basic NHS Costs. Here are the details:

BETNESOL EYE and EAR DROPS 5 ml vial

Clear solution — no particles to cause irritation

BETNESOL EYE OINTMENT 3 gram tube

Bland ointment with more prolonged effect than eye drops

BETNESOL OINTMENT 5 and 15 gram tubes

Greasy base — often preferred for dry lesions

BETNESOL CREAM 5 and 15 gram tubes

Non-greasy base for wet lesions

BETNESOL LOTION 20 ml bottle

Economical for applying to large areas

BETNESOL SPRAY 30 ml aerosol

For 'no-touch' treatment

There is an equivalent range of **Betnesol-N** preparations each containing neomycin.

Also available: β -Corlan pellets, a palatable treatment for mouth ulcers.

The Betnesol range offers the simplest answer to the topical steroid dilemma of which steroid, which name, which strength, which maker. Now only one name need be remembered — Betnesol — and each preparation has only one strength, usually 0.1%.

There is only one maker—Glaxo, a British company making Betnesol by a British process which uses sisal from the sterling area as starting material.

The name Betnesol is a Glaxo trade mark.

trail blazers in British corticosteroid development

BUFFERIN RELIEVES RHEUMATIC AND ARTHRITIC PAINS WITHOUT CAUSING GASTRIC UPSET

BUFFERIN contains the exclusive combination of anti-acids called Di-Aluminate. This prevents gastric distress even when taken in massive doses as for rheumatism and arthritis.

A clinical investigation carried out at the Robert Breck Brigham Hospital in Boston showed that 70% of arthritics who had a proved intolerance to straight aspirin were able to take BUFFERIN without gastric distress. *Bufferin in the Management of Rheumatic Arthritis, J.A.M.A. 158; 386, June 4, 1955.*

SPEED OF ACTION—BUFFERIN works twice as fast as plain, non-soluble aspirin. *The Lancet, Feb. 6, 1960.*

BUFFERIN has no equivalent in the B.P. or National Formulary and is prescribable on E.C. 10's.

Formula: Acetylsalicylic Acid, 5 gr.; Aluminium Glycinate, $\frac{1}{4}$ gr.; Magnesium Carbonate, $1\frac{1}{4}$ gr.

DESIGNED FOR ONE PURPOSE

**only one sulphonamide is
designed specifically for the
treatment of B. coli infections
of the urinary tract.**

SELECTIVE

The action of Urolucosil is mainly on the urinary tract. It is very soluble and is rapidly excreted, largely unchanged, in the urine.

LOW DOSAGE

Urolucosil is effective in about one-fifth of the dosage used for most sulphonamides.

NO CRYSTALLURIA

With Urolucosil, obstruction due to crystalluria does not occur. Extra fluids are not required.

LOW COST

Twenty-five tablets taken over 5-7 days usually suffice to control an acute infection.

NON-TOXIC AND FREE FROM SIDE EFFECTS

DOSAGE: *Adults—one or two tablets five or six times a day.*

Children—half to one tablet five or six times a day.

In most cases, five tablets daily for five days will render the urine sterile.

* When pain is a problem in chronic urinary tract conditions Pyridium is the specific urinary tract analgesic. Dose of Pyridium: two tablets three times a day.

Trade Mark Brand

PARAMETHASONE ACETATE

Lilly

predictable anti-inflammatory effect

'Haldrate' is a potent synthetic corticosteroid with marked anti-inflammatory activity. In steroid-responsive conditions; it provides predictable anti-inflammatory effects with a minimum of untoward reactions. Gratifying response has been observed in patients transferred from other corticosteroids to 'Haldrate'. There is relatively little adverse effect on electrolyte metabolism, sodium retention is unlikely and psychic effects are minimal. In addition, 'Haldrate' treatment appears to be free from muscle weakness and cramping.

'Haldrate' 2 mg. is approximately equivalent to:

Cortisone	25 mg.
Hydrocortisone	20 mg.
Prednisone or Prednisolone...	5 mg.
Triamcinolone or Methylprednisolone	4 mg.
Dexamethasone	0.75 mg.

Although the incidence of significant side-effects is low, the usual contra-indications to corticosteroid therapy apply to 'Haldrate'.

Availability:

'Haldrate', 1 mg., scored (yellow) and 2 mg., scored (orange), in bottles of 30 and 100 tablets.

ELI LILLY AND COMPANY LIMITED
BASINGSTOKE ENGLAND

a new, better-retained form of B₁₂
from GLAXO, the B₁₂ people

In 1948 a Glaxo research team achieved independently the isolation of the active principle of liver now known as vitamin B₁₂

Neo-Cytamen

injection of hydroxocobalamin (vitamin B_{12b})

Hydroxocobalamin, (vitamin B_{12b}) and cyanocobalamin have approximately equal haemopoietic effect in pernicious anaemia, but hydroxocobalamin (Neo-Cytamen) is believed to be closer to the form in which vitamin B₁₂ is normally utilised in physiological processes. Following a substantial dose, it is much more effectively retained by the body than cyanocobalamin, giving consistently higher levels in the blood; dispersal from the injection site is slower, accumulation in the liver is as good or better, and urinary loss of vitamin is considerably less. This more efficient retention may be explained by the increased binding to serum protein characteristic of hydroxocobalamin.

Neo-Cytamen offers particular clinical advantage when a 'depot' preparation is needed to give prolonged B₁₂ serum levels from a high dose. In such cases, the greater retention of hydroxocobalamin may permit the interval between doses to be extended—a convenience for both patient and doctor. For this purpose, Neo-Cytamen is to be preferred to depot preparations of cyanocobalamin which contain substances not found in nature.

Neo-Cytamen is issued in strengths containing 250 and 1,000 micrograms hydroxocobalamin per ml in boxes of 6 one ml ampoules.

LOSS IN URINE

following a single 1,000 microgram intramuscular injection of hydroxocobalamin, only 27% is lost in the urine during the first seventy-two hours compared with 69% cyanocobalamin when given in the same dosage.

LEVELS IN THE BLOOD

A 1,000 microgram injection can produce within five hours a 96-fold rise in the B₁₂ serum level; by the second to fourth week this level may be 2.5 times higher than after administration of an identical dose of cyanocobalamin.

RELEASE FROM

Biomydrin

**The COMPLETE
nasal spray**

which contains
thonzonium—
the outstandingly
effective mucolytic.

FORMULA: Neomycin Sulphate 0.1%,
Gramicidin 0.005%, Thonzylamine Hydro-
chloride 1.0%, Phenylephrine Hydrochloride
0.25%, Thonzonium Bromide 0.05%. Pre-
served with Thiomersal 0.002%.

In nasal congestion arising from colds,
influenza, sinusitis, hay fever, or any
other source, Biomydrin provides rapid,
safe, soothing release . . . and a
comprehensive treatment that does
more than decongestants alone can do.

All nasal sprays have a DECONGESTANT

Most nasal sprays have an ANTIBIOTIC

Some nasal sprays have an ANTIHISTAMINIC

BUT ONLY BIOMYDRIN contains
all these and thonzonium—the effective
mucolytic. The inclusion of thonzonium
makes Biomydrin the only complete
nasal spray. Thonzonium ensures
adequate penetration by liquefying thick
nasal mucus to enable the spray to
reach affected tissue.

Does your penicillin treatment meet with unanimous approval? Such simple things as the taste and acceptability of the medicine you prescribe may make all the difference, for regular repetition of dosage is essential to ensure your patients' swift, uneventful recovery. Taste oral Penidural for yourself and you will soon see why this stable, fruit-flavoured suspension of benzathine penicillin has become so widely accepted as the ideal children's antibiotic. Penidural* assures you of reliable patient acceptance and reliable blood levels with 6 to 8 hourly teaspoonful dosage. * trade mark

oral Penidural

proved in over 10 million patients. Bottles of 60 ml. (300,000 units benzathine penicillin B.P. per 5 ml.). **Wyeth** London.

**COUGH
RELIEF**

**at the
right time
for hours at a time**

PHOLTEx

**up to ten hours relief
from one teaspoonful
through ion-exchange release**

hours of relief from one dose

because Pholtex contains *pholcodine* and *phenyltoloxamine* as ion-exchange resin complexes to give smooth and prolonged effect — up to ten hours in many cases.

more complete relief of unproductive cough

because the cough depressant action of *pholcodine* is potentiated and reinforced by the antihistaminic and anti-spasmodic activity of *phenyltoloxamine*.

economy of treatment

because a 2 oz. bottle of Pholtex contains sixteen doses — enough for one week's treatment for as little as 8d a day (basic NHS cost).

dosage

One teaspoonful (4 ml.) at minimum intervals of eight hours.

composition

One teaspoonful (4 ml.) contains *pholcodine* 15 mg. and *phenyltoloxamine* 10 mg. as resin complexes in a pleasantly flavoured thixotropic vehicle.

basic NHS prices

2 fl. oz. 5/4
20 fl. oz. 49/4 (dispensing pack)

'HYDRODERM' continues to be the most widely prescribed steroid-antibiotic ointment in general practice. In the treatment of inflammatory skin lesions, complicated by the threat, or presence, of bacterial infection, 'HYDRODERM' combines hydrocortisone with two topically effective antibiotics, neomycin and bacitracin. 'HYDRODERM' has been reduced in price and is more economical in use than other preparations.

The United Kingdom N.H.S. basic costs are:—

4s. 3d. per 5 G. tube; 10s. 6d. per 15 G. tube.

DECA-DURABOLIN

3 weeks
anabolic
activity

WITH ONE INJECTION

Deca-Durabolin induces a positive nitrogen balance quickly and lasting for three weeks, even in the face of intensive catabolic situations. The disadvantages inherent in anabolic steroids of androgenic origin have been reduced beyond all expectations; Deca-Durabolin can therefore be used in all cases where prolonged intensive anabolic treatment is indicated.

FORM AND PACKS

Nandrolone decanoate, 25 mg and 50 mg per ml,
for intramuscular injection.

Boxes of 1 × 1 ml and 3 × 1 ml.

Gluten-free Diets

Coeliac disease in children and certain cases of idiopathic steatorrhoea in adults have been found amenable to treatment with a gluten-free diet. As patients suffering from the coeliac syndrome remain intolerant to gluten for long periods, wheat and rye flour, which contain gluten, may have to be excluded from the diet for an indefinite time. The withdrawal of all sources of wheat and rye flour results in a severely restricted diet, and special care must be taken to ensure an adequate intake of essential nutrients.

Marmite is recommended for inclusion in the diet of coeliac patients. It supplies all known factors of the vitamin B complex which, in the absence of flour, may be in short supply. Moreover, the appetite-stimulating properties of Marmite are of importance to patients on a restricted dietary regime.

MARMITE

yeast extract

RIBOFLAVIN (vitamin B₂) 1.5 mg. per oz.
NIACIN (nicotinic acid) 16.5 mg. per oz.

A new advance in antitussive therapy

THORAGOL^{REGD.} S Y R U P

LONG ACTING

NON-TOXIC • NON-CUMULATIVE

THORAGOL Syrup is an entirely new antitussive compound which effectively suppresses the unproductive cough through its action on the 'cough centre' of the brain.

THORAGOL has a novel chemical structure for an antitussive being unique as a quaternary ammonium compound. *2-(1,2-diphenylethoxy)-ethyltrimethylammonium bromide.*

Clinical trials have shown that THORAGOL effectively suppresses a cough for long periods, thus relieving the nervous irritability associated with persistent coughing. It is especially useful in providing the patient with a good night's sleep free from coughs. No toxic, cumulative or other side effects have been noted even when administration is prolonged. THORAGOL Syrup is pleasant in taste and readily accepted by children and patients of all ages.

INDICATIONS

acute and chronic bronchitis	tuberculous cough
colds and influenza	chronic smoker's
tracheitis	cough
nasopharyngitis	"nervous cough"

EFFICIENCY ECONOMY IN OXYGEN THERAPY

WITH AN ENTIRELY
NEW TYPE OF
DISPOSABLE MASK

Rate of flow of oxygen 2 litres/minute. This oxygenates the blood in all cases except where shunt is present.

No accumulation of carbon dioxide. Due to its size, shape and position of oxygen inflow pipe, there is an organized movement of gases. **Controlled percentage of inspired oxygen.** This is of extreme importance in respiratory failure, where CO₂ narcosis must be avoided. The MC Mask can oxygenate the blood without increasing the level of CO₂.

Transparent—lips can be seen.

Oxygen economy. The rate of flow of 2 litres/minute results in more than 60% longer duration of oxygen cylinders and saving in hire and refill cost. The MC Mask can be used quickly and effectively by the ambulatory patient.

Fully descriptive literature on request.

When treatment demands
bland fluid—

ROBINSON'S makes it easy

Barley water has long been recognised as the ideal treatment in cases where a large amount of liquid is prescribed. With its high solids content, smooth demulcent barley water is especially suitable where the internal membranes are inflamed and tender.

Robinson's Lemon Barley and Orange Barley provide a convenient form of natural, wholesome barley water freshened with lemon and orange and perfectly balanced for rapid absorption. Home brewed barley water is quickly made with Robinson's 'Patent' Barley.

It may be mixed with milk or flavoured with fruit juice.

A half pound pack
makes 96 glassfuls.

THE MEDICAL SERVICE OF THE ROYAL NAVY

VACANCIES FOR MEDICAL OFFICERS

The Royal Navy offers Short Service Commissions of 3 or 5 years' duration to registered medical practitioners. Opportunity exists for transfer to Permanent Commission, by selection, after one year's service. There are facilities for postgraduate study and training for higher degrees with a view to specialization, in the case of officers entered on 5-year short service and on Permanent Commissions. Specialities include Underwater Physiology, Nuclear and Aviation Medicine, as well as the usual clinical subjects.

Pay: On entry a Surgeon Lieutenant married and over the age of 25 years will receive £1,195, with annual pay increments thereafter and a tax-free ration allowance of £112 p.a. if unaccommodated. Additional allowances are paid for children's education, disturbances involving essential moves of family, and for service overseas.

Gratuities and Pensions:

Gratuities are payable on completion of short service commissions:

3 years' service £1,500 tax free

5 years' service £3,000 tax free

Those officers accepted for Permanent Commissions receive £1,500 (Taxable).

Service becomes pensionable after 16 years.

REFRESHER COURSE FOR GENERAL PRACTITIONERS

Third Collection with classified contents list to volumes 1, 2 and 3

Price 25s. (by post 26s. 9d.)

Each book contains a collection of sixty Refresher Course articles from the *British Medical Journal*. Each article, written by an acknowledged expert, has been revised by its author. The articles cover a wide range. Their object is to refresh the reader's memory of what is old and well-established and to tell him about new developments. They are invaluable to general practitioners and residents as practical reference books, to specialists as a means of keeping in touch with developments outside their own field, and to final-year students as up-to-date and reliable text-books.

The Third Collection has a cumulative classified contents list to the three volumes of "Refresher Course for General Practitioners."

A Sunday Times Inquiry

BRITAIN'S BACKWARD HOSPITALS

Doctors' Battle in the Slums of Medicine

Britain today is a welfare state with one of the highest living standards in the world. But many of our hospital buildings are the *worst* in the world. Two-thirds of them were built before the Boer War and in 1961 still present a picture of the squalor and bleak charity of the Victorian workhouse. Understaffed, overcrowded, many of them lacking even the basic amenities for the care and comfort of the sick, they have been described by bitter medical men as the "Cinderella of the social services."

SUSAN COOPER recently inspected inadequate and makeshift hospital buildings throughout Britain, where doctors and nurses struggle to maintain the highest standards of medicine in the world. She found nurses resigned to the ineradicable dirt of archaic wards: doctors bitterly angry at conditions which lead to growing waiting-lists and dwindling staffs: hospital administrators highly critical of the complexities of Government planning.

All very different from "Emergency Ward Ten." But unhappily, Susan Cooper's report is more representative of many hospitals than is the television image. The first article in this startling survey of Britain's shamefully sub-standard hospitals appears exclusively in THE SUNDAY TIMES—THIS SUNDAY.

THE SUNDAY TIMES

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

★ SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than one year after full registration as a medical practitioner and held normally for two years: £1,250 in the first year; £1,400 in the second and any subsequent years. Deduction of £215 per annum for compulsory residence; £255 per annum for voluntary residence.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than three years after full registration and held normally for four years: £1,500 by £100 to £1,800 in the fourth year; thereafter, £1,900 in the fifth and sixth years; £2,000 in the seventh and eighth years; £2,100 in the ninth and any subsequent years. Deduction of £250 per annum for compulsory residence; £275 per annum for voluntary residence.

Other Grades, Whole-time

(a) **HOUSE OFFICERS**: Each post in this grade shall be tenable for six months.

£675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £195 per annum for voluntary residence;

£750 per annum for the second post held; deduction of £160 per annum for compulsory residence or £195 per annum for voluntary residence;

£825 per annum for the third and any subsequent posts held; deduction of £165 per annum for compulsory residence or £195 per annum for voluntary residence;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £750 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff; provided further that where a House Officer has previously held two such outside posts the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the appropriate rate to the second or third post held in accordance with the above provision shall be paid at the third post rate for any subsequent appointments in this grade.

(b) **SENIOR HOUSE OFFICERS**: Posts obtained by fully registered medical practitioners and held normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28 or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary residence.

(c) **JUNIOR HOSPITAL MEDICAL OFFICERS**: Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals.

MEMBERS ABROAD. Copies of vacancies advertised in the "Journal" can be sent by AIR MAIL. The minimum cost is 3s. per week, which covers up to three separate headings: additional headings 1s. each.

Please state type of vacancy and remit to the Advertisement Manager, B.M.J.

"BRITISH MEDICAL JOURNAL"

ASSISTANT EDITOR

The Council of the British Medical Association invites applications from registered practitioners for the appointment of a Medical Assistant Editor to the *British Medical Journal*. In the first instance the appointment will be for six months on a probationary basis at a salary of £2,075 a year, rising by annual increments of £125 to £3,200 a year. In exceptional circumstances the initial salary may be above the minimum of the scale. The Association superannuation scheme will apply on substantive appointment. Candidates must present evidence of literary ability and/or journalistic experience. A knowledge of one or more foreign languages is desirable. Applicants should not be older than 45 years and should send full particulars of qualifications and experience, together with the names and addresses of three persons to whom reference may be made, to the Editor of the *British Medical Journal*, B.M.A. House, Tavistock Square, London W.C.1, not later than December 16, 1961. Envelopes should be marked "*British Medical Journal*—Assistant Editor."

INDUSTRIAL APPOINTMENTS

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers (as revised in the light of the Report of the Royal Commission on Doctors' and Dentists' Remuneration, 1960, and approved by the Representative Body, 1961), which is available on request from the Secretary.

IMPERIAL CHEMICAL INDUSTRIES LIMITED. Dyestuffs Division, has a vacancy for a Medical Officer at the Division Headquarters. As well as the routine duties of an Industrial Medical Officer, this post will involve close liaison with the Division Research Department and with the I.C.I. Industrial Hygiene Research Laboratories in studying the potential toxicity of new compounds. Previous experience of industrial medical work is not essential and it is felt that the post will appeal particularly to those with a background of chemical pathology or pharmacology but who are also interested in clinical work. Remuneration will depend upon qualifications and experience, but will not be less than the B.M.A. scale for Industrial Medical Officers. Applications, with brief details of qualifications and experience, should be addressed to the Staff Manager, Imperial Chemical Industries Limited, Dyestuffs Division, Hexagon House, Blackley, Manchester 9, quoting Reference I/32. (7782)

NAVY, ARMY AND AIR FORCE INSTITUTES**ASSISTANT MEDICAL OFFICERS**

Applications are invited from women for the full-time appointment of Assistant Medical Officer at the London Headquarters of this Corporation. The duties of the appointment will include the health supervision of the employees, the practice of preventive medicine, and assistance with the general administration of the Health Service of the Corporation. A certain amount of travelling in the United Kingdom will be necessary.

Candidates should have experience in general medicine, including general practice. Preference will be given to those candidates holding postgraduate qualifications.

The conditions of work and employment are excellent. A contributory pension fund is in operation. Remuneration will be in accordance with the B.M.A. scale for Industrial Medical Officers.

Applications, giving detailed information on qualifications and experience, together with the names of three referees, should be sent to the Chief Medical Officer (J), N.A.A.F.I., Imperial Court, London S.E.11, not later than November 25, 1961. (7408)

Industrial Appointments—contd.**APPOINTED FACTORY DOCTORS**

FACTORIES ACTS, 1937 to 1959
The following appointments as Appointed Factory Doctors are vacant: Ironbridge, in the County of Shropshire; Clacton-on-Sea, in the County of Essex; Aylsham, in the County of Norfolk. Applications, which should be received not later than November 25, 1961, should be sent to H.M. Chief Inspector of Factories, 19 St. James's Square, London, S.W.1. (7665)

APPOINTED FACTORY DOCTORS

FACTORIES ACTS, 1937 to 1959
The following appointment as Appointed Factory Doctor is vacant: Usk, in the County of Monmouthshire. Applications, which should be received not later than November 25, 1961, should be sent to H.M. Chief Inspector of Factories, 19 St. James's Square, London S.W.1. (7712)

APPOINTMENTS**ANAESTHETICS****JERSEY GENERAL HOSPITAL****CONSULTANT ANAESTHETIST**

OPENING FOR GENERAL PRACTITIONER AT Lashburn, Sask., Canada. Well-equipped hospital in town, no opposition. Last year's net income over \$20,000. Situated in excellent farming area on hard-surfaced highway. New modern house available at reasonable rent or may be purchased on low payments. Modern office with equipment available at low rent or purchase. For further information write Dr. J. H. Beardsworth, or Secretary of Hospital Board, at Lashburn, Sask., Canada.

A TWENTY-TWO MEMBER CLINIC GROUP of Specialists and General Practitioners wishes to announce openings in the following departments: Paediatrics, Ophthalmology, Radiology, Paediatrics and Ophthalmology to commence duties as soon as available. Radiologist to start early in 1963. Ophthalmology and Radiology new departments. Applicants must be fully qualified with equivalent to Certification or Fellowship by the Royal College of Canada. Applicants should give name, address, age, marital status, nationality, and a short statement of experience and appointments held, and also three references. These positions hold a guaranteed salary and possible partnership if mutually satisfactory. Applications should be sent to the Business Manager, the Port Arthur Clinic, Port Arthur, Ontario, Canada.

MEDICAL OFFICER

required by

**WILLIAMSON DIAMONDS LIMITED
Tanganyika**

A Third Medical Officer is required to serve a mine community of 5,500 people (comprising 600 Europeans, 150 Asians, and 4,750 Africans), and work in a fully equipped modern hospital.

The commencing basic salary will be £2,100 per annum, plus an allowance of £360 per annum for a married man and £180 per annum for a single man.

Williamson Diamonds Limited is a substantial producer of gem and industrial diamonds. It is situated 4,000 feet above sea level in Mwadui, about 650 miles west of Dar-es-Salaam. The climate is healthy and congenial.

Preference will be given to applicants who have had some surgical experience. Experience in anaesthesia, pathology, radiology or public health would also be an advantage.

A rent-free house will be provided, with free water and electricity.

The cost of transportation of the successful applicant and his family will be borne by the Company.

Benefits include long leave every 2½ years, with paid passages back to the U.K., a non-contributory retirement bonus scheme, free medical attention, and good social and recreational amenities.

Applications in writing, giving qualifications, experience, age, and marital status, should be addressed to:

J. A. Pateman, Esq.,
Williamson Diamonds Limited,
40 Holborn Viaduct,
London E.C.1. (7669)

SHIP'S SURGEON

Required in November for cables based on Singapore. Commission 18 months, with option extension. Previous sea experience not essential, but qualifications should have been obtained in Great Britain or Eire. Commencing salary £1,375 per annum, rising per commission to £1,600 per annum, plus overseas allowance £180 per annum. Free victualling whilst on board and allowance in lieu when on paid leave, which accrues at rate of approximately 90 days per annum served overseas. Opportunities to join permanent pensionable staff. Apply, in writing, to Staff Manager, Cable and Wireless Limited, Mercury House, Theobalds Road, London W.C.1. (7425)

CHIEF RESIDENT AND ASSISTANT RESIDENT in Paediatrics required by Canadian Teaching Hospital for July 1, 1962. Regina General Hospital is university approved, has 806 beds, of which 200 are Paediatric. Active undergraduate and postgraduate teaching programme approved for credit towards specialty certification. Stipend at the rate of \$250 and \$200 per month, plus full maintenance. Apply to Dr. A. C. Pickles, Medical Director, Regina General Hospital, Regina, Saskatchewan. (7492)

PATHOLOGY RESIDENCY, JULY 1, 1962. Four-year approved programme, pathologic anatomy and clinical pathology. Affiliated Western Reserve University. Internship, but no previous training in pathology necessary. Apply Director of Laboratories, Mount Sinai Hospital, University Circle, Cleveland 6, Ohio. (6765)

Oversea (Vacant)—contd.

APPLICATIONS AND ENQUIRIES ARE INVITED for the position of Senior Intern and Assistant Resident in Anaesthesia at Sunnybrook Hospital, Toronto. The appointment is for six months to one year. Credit for training is given by the Royal College of Physicians and Surgeons of Canada for those proceeding to Certification and Fellowship in the specialty. Applicants may also be enrolled in the Diploma Course in Anaesthesia given by the University of Toronto. The salary range is between \$2,700 and \$3,300 per annum, depending upon previous experience. Address all replies to the Superintendent, Sunnybrook Hospital, Toronto. (6193)

AUCKLAND HOSPITAL BOARD
New Zealand

(7685)

DEPARTMENT OF HEALTH SERVICES
Tasmania

RADIOLOGIST, N.W. Coast

Applications are invited from medical practitioners holding primary qualifications registrable in Tasmania for the post of Radiologist.

The appointment is whole-time, with no private practice, and the duties are to provide radiologist services mainly to the Mersey and Burnie Groups of hospitals, with occasional services to the Ulverstone and Queenstown District Hospitals.

Modern comprehensive equipment is installed at the general hospitals.

Housing and heavy furnishings available on a rental basis.

Specialist Medical Officer, Class I

Salary £A.3,518-£A.3,726 by two annual increments of £A.104.

Qualifications: Applicants must possess a higher qualification in diagnostic radiology and have had at least six years' experience in the field of radiology, at least four years of which must have been subsequent to obtaining the higher qualification.

Specialist Medical Officer, Class II

Salary £A.2,816-£A.3,440 by seven annual increments of £A.104.

Qualifications: Applicants must possess a higher qualification in diagnostic radiology and have had at least two years' experience in the field of radiology. Experience prior to obtaining the post-graduate qualification may count.

Further details of the positions and conditions of service may be obtained from the Agent-General for Tasmania, 457 Strand, London W.C.2, to which applications, in duplicate, accompanied by a curriculum vitae, also in duplicate, should be addressed. (7240)

PRINCE HENRY HOSPITAL
and
UNIVERSITY OF NEW SOUTH WALES

VIROLOGIST

Applications are invited for appointment as Virologist at Prince Henry Hospital, which is a teaching hospital in the new Medical School of the University of New South Wales. Salary scale: Medical graduates, £A.3,204 to £A.4,164; Science graduates, £A.2,787; the initial salary depending on qualifications and experience. Furthermore, the successful candidate will be eligible for conjoint University appointment at the level of Senior Lecturer or Associate Professor, such appointment carrying an additional remuneration of £A.500 or £A.750 respectively. First-class fares by sea to Sydney will be paid for the appointee and his family; and the successful candidate will be eligible, subject to satisfactory medical examination, to contribute to superannuation after 12 months' service. The appointee will be expected to establish virological laboratories for the diagnostic facilities of the hospital, to establish research work and to collaborate in teaching clinical microbiology in the Medical School. The appointee will be in charge of a suite of new virological laboratories about to be erected in a new wing for the Department of Pathology. The Prince Henry Hospital contains a special building housing 100 beds for cases of infectious diseases; and will increase its total in-patients from 400 to some 650 during the next three years. Further information can be obtained from Professor D. L. Wilhelm, Director of Pathology. Applications should include details of experience and qualifications, research interests, publications, the names of three referees, and a recent photograph. Two copies of applications should be lodged with the Agent-General for New South Wales, 56-57 Strand, London W.C.2, and a further copy forwarded by airmail to the undersigned by January 8, 1962.—H. H. Dickinson, Chief Executive Officer, Prince Henry Hospital, Sydney, New South Wales. (7118)

IMMIGRATING TO THE U.S.A. ?
OUR AREA NEEDS WELL-QUALIFIED GENERAL PRACTITIONERS

We will give you one, two or three years of training and then give you a place on our Courtesy Staff. Those finishing our three-year course will be given liberal hospital privileges in surgery and obstetrics. We will lend you sufficient money to set up your own private office in Chicago or its suburbs, if you so desire. Partnerships or associations with our attending staff doctors await those finishing only one or two years of our training. First year, Rotating Internship, stipend \$300 per month; second year, Medicine and Paediatrics, stipend \$400 per month; third year, Surgery and Obstetrics, stipend \$500 per month. In addition to stipends, we furnish meals, living quarters, laundry of uniforms, and other benefits free of charge. Two- or three-room furnished apartments are free to married men. We pay cost of transportation to Chicago for yourself (and wife). Our Rotating Internship has been continuously approved by the A.M.A. for 36 years. The teaching programme gives you an individual instructor at all times, in addition to the usual seminars, clinical conferences, journal clubs, etc. We are a 300-bed, non-Sectarian teaching hospital, with an attending staff consisting of many general practitioners, as well as qualified Specialists in all fields. The hospital is located in an outlying residential area, but only eight miles from Chicago's famous medical school centre. You may now practise medicine in Illinois before becoming a citizen. Our next course starts July 1, 1962. Inquiries solicited from final-year students or from recent graduates of schools in Great Britain, Eire, Canada, Australia and New Zealand. Please address Director of Graduate Medical Education, Ravenswood Hospital, 1931 W. Wilson Avenue, Chicago 40, Illinois, U.S.A. (7105)

NORTHLAND HOSPITAL BOARD
Whangarei, New Zealand

PART-TIME GYNAECOLOGIST
Whangarei Base Hospital, Whangarei

Applications, closing with the undersigned on January 20, 1962, are invited from qualified medical practitioners of the British Empire for the position of part-time Gynaecologist at the Whangarei Base Hospital, Whangarei, New Zealand. A higher qualification is required, preferably a Membership of the Royal College of Obstetricians and Gynaecologists. Salary is payable according to qualifications for service which will initially consist of 10½ to 14 hours a week; i.e., 4/10ths of the nominal full-time salary of £2,450, £2,800 or £3,100, which would be £980, £1,120 or £1,240. The appointee will be required to carry out a Gynaecological Service for the Northland Hospital Area, based at the Whangarei Base Hospital, with the right of private practice. Full details are contained in the conditions of appointment, which may be obtained from the undersigned or the High Commissioner for New Zealand, New Zealand House, London.—A. G. Wilson, Secretary, Northland Hospital Board, P.O. Box 742, Whangarei, New Zealand. (7705)

ROTATING INTERNSHIPS: ENGLEWOOD Hospital, Englewood, New Jersey, U.S.A. Englewood Hospital is a 300-bed community hospital located just ten minutes from New York City. An excellent programme of bedside rounds, clinical conferences and lectures is offered, utilizing teachers from nearby New York medical colleges. The salary is \$245 monthly. Living quarters provided for single interns as well as married interns with family. Uniforms and laundry service provided. Applicants must have passed the American Medical Qualification Examination. Interested English applicants please contact Dr. M. R. Sheridan, 62, Queen Anne Street, Cavendish Square, London W.1. Tel. Welbeck 8626. Interested Scottish applicants please contact Dr. A. M. Sutherland, 22 Boclair Road, Bearsden, Dunbartonshire, Scotland. Tel. Bearsden 4229. (6160)

NURSING HOMES

THE GREENWAY NURSING HOME

Hampstead, N.W.3

Centrally situated for in-patient and out-patient treatment of the Psychiatric Disorders. Visiting consultants specialize in the treatment of Psychoses, Neuroses, and Chronic Alcoholism. All modern treatments carried out. For details apply to the Matron.

HOMES

BOWDEN HOUSE

HARROW-ON-THE-HILL, MIDDLESEX

Established in 1911. Tel.: BYRon 1011 and 4772 (Incorporated Association not carried on for profit). A private clinic for the treatment of patients suffering from early nervous disorders, alcoholism, and drug addiction. The clinic is situated in six acres of grounds within half an hour of Central London, and can accommodate 25 in-patients and an additional number of day patients. It is staffed by a resident medical officer and fully trained State Registered nurses. Specialist services are fully available when required. Apply Medical Director.

HITCHAM PLACE, BURNHAM, BUCKS

(Late Fenstanton, Christchurch Road, S.W.) A Private Home for the treatment of LADIES with Mental and Nervous Disorders. Psychotherapy, Physiotherapy, etc. A large Country Mansion with 20 acres in Green Belt. Apply to Dr. Madeline R. Lockwood, Resident Physician Superintendent. Tel.: Burnham 624. Station: Taplow.

HOLYROOD, SOUTH LEIGH, WITNEY

Oxon (Witney 325) Anglican Medical Centre for nervous illness. Psychotherapy, studio for painting and modelling, dance movement. Chapel and Chaplain available. Non-institutional family life in country near Oxford. Apply Medical Director, Joan E. Mackworth, M.B., Ch.B., D.P.M.

ST. ANDREW'S HOSPITAL FOR NERVOUS AND MENTAL DISORDERS, NORTHAMPTON

President: The Earl Spencer
Medical Superintendent: Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This private hospital receives patients, both male and female, suffering from nervous and mental disorders, including alcoholism and senile illnesses. The fees range from fourteen guineas per week. Private rooms with special nurses can be provided, either in the hospital or in one of the villas in the grounds. The hospital is situated in 130 acres of pleasant grounds, which provide all recreational facilities. These include a nine-hole golf course, sports ground, tennis courts, etc.

WANTAGE HOUSE

This is a separate reception unit to which patients may be admitted. It is equipped for the complete investigation of nervous and mental disorders by the most modern methods. All forms of treatment are available. It contains laboratories for biochemical, bacteriological and pathological research.

MOULTON PARK

Some two miles from the main hospital is the farm of approximately 600 acres. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening, fruit growing, etc.

BRYN-Y-NEUADD HALL

The seaside home of the hospital is beautifully situated in a park of 330 acres at Llanfairfechan, amidst the finest scenery in North Wales. On the north-west side of the estate a mile of sea coast forms the boundary. Patients may visit this home for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore.

For terms and further particulars apply to the Medical Superintendent (Telephone No. 34354, Northampton), who can be seen in London by appointment.

OXYGEN THERAPY

With the Normalair C570 pocket-size set, on-the-spot oxygen first-aid is put into the hands of the doctor, ambulance attendant, police officer, fire and rescue teams, for the first time. The C570 can be taken anywhere. It weighs only 5 lb. and gives oxygen flow rates of 1, 2, 4, 6 or 10 litres a minute, a range to meet all requirements. The Normalair C990 light-weight set is carried comfortably by shoulder strap or in coat pocket. This personal set gives an accurately-metered oxygen flow of 2 or 4 litres a minute from 120 or 200 litres capacity cylinders.

VISIBLE SAFE ACCESSIBLE

Packed in glass, London Hospital catgut is visibly secure, easily recognised and accessible.

Sutures remain completely safe and sterile, because glass tubes cannot be slit or punctured accidentally. Glass cannot become permeable or otherwise deteriorate. Glass is not affected by chemical sterilising agents.

London Hospital 'spot' glass tubes do not splinter. Under slight pressure they break cleanly at the centre groove without filing.

L·H·C

LONDON HOSPITAL CATGUT

the more f-l-e-x-i-b-l-e suture in the non-splinter 'spot' glass tube.
