

When a patient asks you about family planning . . .

Over 70% of your married patients believe some form of contraception to be essential to the harmony of their married lives—yet few are fully aware of the necessary facts. More and more they turn to you, the family doctor, for advice.

To assist you with these enquiries a number of special booklets and leaflets has recently been published. They are: *A Married Woman's Views on Contraception*; *Fertility Control in General*

Practice; *The Condom as a Contraceptive*; *Diaphragm or Protective?*; *The Case against Coitus Interruptus*; and *Modern Contraceptive Technique*. Also available for patients themselves is the new *Modern Family Planning* booklet.

If you would like copies of any of these, please write stating titles and quantities required to Medical Division (Dept. 101), London Rubber (Industries) Ltd., Hall Lane, London, E.4.

Rinurel controls the symptoms of the common cold

Rinurel relieves sinus headache and the symptoms of the common cold, thus enabling the patient to continue normal activity with a minimum of discomfort to himself and others. Rinurel provides analgesic, antipyretic, antihistaminic and decongestant effects. It will control symptoms whether they arise from infection, allergy, or both. Rinurel gives prompt, lasting relief from pain and discomfort without rebound congestion, gastric disturbance or constipation.

Rinurel

DECA-DURABOLIN

3 weeks
anabolic
activity

WITH ONE INJECTION

Deca-Durabolin induces a positive nitrogen balance quickly and lasting for three weeks, even in the face of intensive catabolic situations. The disadvantages inherent in anabolic steroids of androgenic origin have been reduced beyond all expectations; Deca-Durabolin can therefore be used in all cases where prolonged intensive anabolic treatment is indicated.

FORM AND PACKS

Nandrolone decanoate, 25 mg and 50 mg per ml.,
for intramuscular injection.

Boxes of 1 × 1 ml and 3 × 1 ml.

A NEW

PRODUCT

Shorten the road to recovery with **Anabolex**

the protein anabolic compound

ANABOLEX promotes return of appetite, increased weight and a sense of well-being

Convalescence following serious and debilitating disease or major surgery can be shortened by the administration of Anabolex (androstanolone).

Anabolex stimulates protein anabolism and increases the body's capacity to replace lost protein. Patients feel better, eat better and gain weight.

Anabolex is non-virilizing in therapeutic doses and is safe for patients of all ages and both sexes.

INDICATIONS: Middle aged or elderly debilitated patients. Convalescence following major surgery, serious disease, or severe burns and traumata. Pre-surgical preparation. Senile, post-menopausal and corticosteroid-induced osteoporosis. Wasting diseases. Malnutrition and emaciation.

PRESENTATION: Tablets each containing 25 mg. androstanolone in vials of 25, 100 and 250 at a basic NHS cost of 20/-, 70/- and 160/-.

Samples and literature will gladly be sent on request

TO TREAT THE PATIENT AS WELL AS HIS ANGINA

PERIFENIL

for the patient with Angina

FOR THE ANGINA

Peritrate is an established coronary vasodilator, increasing coronary blood flow and maintaining its effect for 4 to 5 hours. Nardil, perhaps by virtue of its MAO inhibitory action, also increases coronary blood flow and cardiac output.

FOR THE PATIENT

Nardil, the exemplar of the newer anti-depressants, relieves the depressive or psychosomatic element seen in many anginal patients.

(Note: Patients receiving Perifenil should be warned against strenuous exercise.)

Both the constituents of Perifenil have just received the cachet of official approval, for it is proposed to include monographs on both substances in the 1963 British Pharmacopoeia.

Each Perifenil tablet contains:—

Peritrate (pentaerythritol tetranitrate) 20 mg.

Nardil (phenelzine) 7.5 mg.

DOSAGE

One tablet four times a day before meals.

PERIFENIL

ICIPEN in Chronic Bronchitis

Especially suitable for prophylaxis. Each Icipen tablet contains 300 mg. (0.5 m.u.) penicillin V as potassium salt, the most efficient oral penicillin available. The basic N.H.S. cost of one day's prophylaxis, namely, one tablet twice daily is 1/6½d. This represents a substantial saving in cost compared with other antibiotics.

Icipen Tablets

In packs of 2, 100 and 500.

Icipen Syrup

Each teaspoonful (5 ml.) contains
150 mg. penicillin V as potassium salt.
Available in bottles of 30 and 60 ml.

Icipen is easily remembered, easily written and only one strength of tablet is supplied.

tiglyssin

tiglyssin

brand tigloidine hydrobromide
for relief of spasticity and spasms
non-toxic
free from side-effects

Tigloidine is related to atropine: it has, however, almost no anticholinergic activity, but has the atropine-like action on muscle described as 'delayed recovery'—characterised by quick fatigue.

A 'double-blind' trial showed relief of spasticity and spasms associated with paraplegia due to spinal cord injury. The patients were more cheerful and easier to manage.

A similar trial in Disseminated Sclerosis was of benefit to about half the patients though the full therapeutic effect may take up to three weeks to develop. Good results are reported in other degenerative Upper Motor Neurone Diseases.

The effect of 'Tiglyssin' is palliative. Apart from relieving spasticity and spasms, which helps rehabilitation and reveals any useful remaining function, patients become more cheerful and comfortable—most important, nursing is made easier.

INDICATIONS :

Spasticity and spasms associated with :

- partial or complete rupture of the cord.
- disseminated sclerosis.
- transverse myelitis.
- cerebro-vascular accidents.
- subacute combined degeneration of the cord.

The therapeutic daily dose for adults is 1-2 gm. divided into three, with meals. An initial daily dose of 0.75 to 1.0 G. is suggested, and this should be slowly increased until no further improvement occurs or until mild atropine-like effects appear.

DUNCAN FLOCKHART OF EDINBURGH

The Doctors' House

Duncan Flockhart & Co Ltd, Wheatfield Road, Edinburgh 11

**Is there a
DROXALIN
in the
house?**

Medical Conference, crowded agenda, pleasant re-unions. Exhausting perhaps, but worth the effort. A testing time, nevertheless, even for a Doctor's digestion.

Late afternoon lectures often are the scene of gastric "moments of truth" which can produce a diminution of interest in the proceedings. It is then the whispered question passes, "Is there a Droxalin in the House?"

From a hidden pocket *someone* will usually produce "2 tabs., Droxalin". Whether the trouble be hyperacidity or gastric ulcer, relief is speedy.

Apart from their efficacy, Droxalin tablets are easy to chew and have so pleasant a taste that Doctors are using them increasingly both in practice and in their homes. They even write to tell us about them and opposite are some typical extracts from their letters:

**IN THE LETTERS WE RECEIVE, DOCTORS
SPEAK HIGHLY OF DROXALIN AS:**

Giving instant relief from abdominal discomfort in Duodenal Ulcer.

Bringing rapid relief to abdominal pain and discomfort due to Hyperchlorhydria and Peptic Ulcer.

Being an excellent tablet for Indigestion and, in particular, for the Indigestion of Pregnancy.

Being an excellent remedy for Acute Dyspepsia.

ACTIVE INGREDIENTS

Dried Aluminium Hydroxide Gel. B.P. 2.5 grains. Magnesium Trisilicate B.P. 2.5. grains.

PACKING AND PRICE

Droxalin Tablets are hygienically packed in film strips of 6, in cartons of 30 and dispensing packs of 500. Prescribable on E.C.10. N.H.S. cost 2/2d. for 50 tablets.

Hypopotassaemia?

Why physicians prescribe
'HydroSALURIC'-K

REGD.

the diuretic **WITH** potassium

'HydroSALURIC'-K (tablets: hydrochlorothiazide, 25 mg.; potassium chloride, 572 mg.) can be prescribed with confidence in the treatment of debilitated oedematous or hypertensive patients with poor appetite, where the possibility of hypopotassaemia is always present. It is invaluable in patients also undergoing digitalis therapy to whom an adequate potassium intake is particularly essential.

IN ONE PRESCRIPTION, 'HydroSALURIC'-K offers *the dependable diuretic hydrochlorothiazide together with potassium chloride*, the latter enclosed in a special type of enteric coating to avoid nausea and vomiting.

STAMPING OUT DISEASE

A ritual dance of tribesmen to drive out evil spirits believed to cause affliction and disease.

For amoebiasis
the choice today is

Furamide

Treatment is simple. One tablet 3 times a day for 10 days is all that is required, and cure rates of 70—80% in the acute stage and 90—100% in the chronic condition may be expected. Symptoms are relieved within a few days.

'Furamide is the most promising of the new synthetic amœbicides'.*

Furamide is completely non-toxic. Side-effects apart from occasional flatulence have not been reported and it is eminently suitable for the ambulant patient as no injections, special diet or enemas are required. Furamide provides the most effective, trouble-free treatment of intestinal amœbiasis available at the present time.

*(*Postgraduate Medical Journal*, 1960, 36, 638.)

Furamide tablets each contain 0.5G Entamide (diloxanide) furoate and are supplied in containers of 15 and 250. Furamide is a product of Boots Research.

The Control of Poliomyelitis by Live Poliovirus Vaccine

Papers presented at the 9th Hungarian-Soviet Medical Conference, Budapest, 1960, with introductory address by A. B. SABIN, U.S.A.

Edited by J. Weissenfeiler. In English, 156 pp.; 37 figures; 37 tables. Full Cloth.

Publishing House of the Hungarian Academy of Sciences, Budapest, 1961.

Price: £1 17s. 6d.

During a severe epidemic of poliomyelitis in Hungary the Government decided to use A. B. Sabin's live attenuated poliovirus vaccine.

The above volume makes available the results of the epidemiological, virological and serological studies carried out throughout the period of the vaccination campaign. Results of similar measures taken in the U.S.S.R., Czechoslovakia and East Germany are also included.

Conovid 'The Pill'

oral contraceptive

the responsible answer to a universal problem

Safety and effectiveness

The vital question of safety has been thoroughly investigated and clinical trials during the last six years have shown that: (a) subsequent pregnancies have been normal and the children born have been healthy;

(b) the course of pregnancy where conception has already occurred has not been affected by Conovid;

(c) there has been no evidence of any dangerous long

'CONOVID' (Brand of Norethynodrel) is a registered Trade Mark.

Full information on 'CONOVID' in a Physicians' Reference Manual is available on request.

term side effects with Conovid; (d) there is no tendency to abortion nor to androgenic side effects as reported with some progestins.

The effectiveness of Conovid is indisputable. Studies over the last six years involving 30,000 cycles of experience have shown that 'The Pill' provides a degree of contraception never previously achieved.

Conovid is more acceptable.

Conovid has obvious aesthetic advantages over the older contraceptive methods.

Conovid is free from the psychological disadvantages often associated with conventional techniques.

Packs and Prices

Conovid is available in packs of 20. Price of Conovid to the patient (one month's supply) 17/-.

to
be
chewed

Cafergot Suppositories are available for the treatment of patients who have nausea or vomiting early in the attack and cannot retain — or absorb — anything taken by mouth.

2 mg. Ergotamine Tartrate B.P., 100 mg. Caffeine B.P., 0.25 mg. total alkaloids of belladonna leaf, 100 mg. isobutylallyl barbituric acid

Patient M. Adult male. Alphosyl treatment initiated 7/6/58. Definite improvement observed with complete cessation of scaling by 4/8/58. Treatment continued until lesions cleared 6/12/58.

dramatic clinical results in psoriasis

followed by medical successes
throughout the United Kingdom

Though modern medicaments have brought almost dramatic relief to many forms of skin affection, Psoriasis has so far remained intractable. Its aetiology continues to baffle investigation and many forms of tried therapy have yielded only partial or temporary results.

Now ALPHOSYL—after extensive clinical trials and medical successes throughout the United Kingdom—shows promise of bringing total clearances in many cases of Psoriasis.

In ALPHOSYL, for the first time, are presented in combination two agents: allantoin and a specially refined coal tar extract. The synergistic effects of these medicaments result in rapid clearance of the condition itself and positive stimulation of the healing process.

ALPHOSYL LOTION combines these two valuable agents in one preparation and has had impressive results where other medications have failed.

The successes obtained with ALPHOSYL indicate that it deserves a trial in all cases of Psoriasis—no matter how extensive the area of infection, how long the duration of the condition, or whatever the therapy previously used. References: "Clinical Medicine," Vol. 5, No. 4, April, 1958; and "Ohio State Medical Journal," Vol. 55, No. 6, June, 1959.

TARCORTIN

CREAM

have pronounced advantages over
either medicament alone.

The established germicidal, stimulating and anti-pruritic properties of tar in the treatment of sub-acute and refractory skin affections, can now be considerably enhanced by its incorporation with hydrocortisone.

*Clinical trials have shown that the two medicaments together exert a powerful synergistic action that is far more rapid, more pronounced and complete than the action of either alone. These two valuable therapeutic agents are presented in a non-greasy, stainless hydrophilic cream, known as TARCORTIN.

TARCORTIN CREAM is supplied in 7 gm. and 15 gm. tubes, containing 0.5% hydrocortisone in a special coal-tar extract.

*Literature available on request.

TWO NEW PRODUCTS

romotal

romorphal

Tetrahydroaminacrine (Tacrine) Hydrochloride, Romotal is an adjuvant to morphine and produces morphine analgesia without side-effects.

A 1:1 mixture of morphine tartrate and 'Romotal'.

Tacrine has two groups of properties :

Central : stimulant to the central nervous system and respiratory centre.

Peripheral : anticholinesterase and anticholineacetylase actions, making Tacrine (1) a curare antagonist and (2) able to potentiate and prolong succinylcholine neuromuscular block.

In advanced malignant disease, Morphine + Tacrine ('Romorphal') provides freedom from pain without mental sluggishness or respiratory depression; and morphine habituation and addiction develop more slowly, withdrawal symptoms are absent.

INDICATIONS :

1. 'Romorphal' for protracted administration of a potent analgesic, e.g. painful malignant disease, painful advanced arthritis.
2. 'Romorphal' when respiratory depression or suppression of the cough reflex are undesirable, e.g. post-operative pain, especially after thoracotomy and upper abdominal operations.
3. 'Romotal' as a respiratory stimulant in cases of poisoning by barbiturates or narcotics.
4. 'Romotal' as a decurarising agent and succinylcholine potentiator.

The initial dose of 'Romorphal' is 0.75 to 1.0 ml., the aim being to produce complete relief from pain for about six hours ; increments of 0.25 to 0.5 ml. are suggested.

Alternatively, 'Romotal' and morphine may be mixed from their separate solutions into one syringe to obtain a proportion of the two drugs different from the ratio in 'Romorphal' 1 : 1.

A sudden cold spell or fog so often means equally sudden outbreaks of bronchitis. For the prompt treatment of acute exacerbations there is Biotexin (novobiocin Glaxo), an oral antibiotic which combines time-saving convenience with effective action.

BIOTEXIN for these reasons

- PROMPT** *Is swift acting, producing high blood levels promptly.*
- PERSISTENT** *In 1 gram doses, gives effective blood levels for up to 24 hours.*
- BACTERICIDAL** *Can produce bactericidal levels, providing positive and rapid response.*
- EFFECTIVE** *Is effective against organisms usually associated with an acute bronchitic attack.*
- DOSAGE** *Two 500 mg tablets provide convenient daily dosage.*

WHEN **PAIN** IS DUE TO MUSCULAR SPASM

P.R. Spray gives Prompt Relief

The pain associated with lumbago, fibrositis, renal colic, dysmenorrhoea, and sprains can now be quickly dispelled. P.R. Spray is entirely suitable for use at home by the patient as, unlike ethyl chloride, it is non-toxic and non-inflammable. Its vapour has no general anaesthetic effect and there is no risk of 'cold burn' when used as directed.

P.R. Spray
contains fluorochloromethanes and is supplied in pressurised containers, each holding approximately 5 fl. oz.

Basic N.H.S. Price—4/8d.

ROTER

has particular
advantages

ROTER achieves a high cure rate and often gives effective control of even refractory chronic cases which have resisted other treatments.

ROTER in many cases obviates the need for hospitalization or surgical intervention.

ROTER helps patients to keep ambulant and symptom-free with a minimum of medication and with few, if any, dietary restrictions.

ROTER in general practice enables the physician to take adequate care of his gastric cases without frequent or prolonged supervision.

ROTER has no known side effects.

ROTER requires no supplementary medication such as sedatives or anti-spasmodics.

ROTER shows a saving in cost when compared with conventional methods of treatment.

Tedral

for asthmatics
chronic bronchitics
asthmatic children

What it is. Tedral is composed of theophylline (2 gr.), ephedrine hydrochloride ($\frac{1}{2}$ gr.) and phenobarbitone ($\frac{1}{2}$ gr.).
What it does These three constituents respectively relieve constriction, reduce congestion, and counteract the central stimulation of ephedrine. This effective combination of drugs ensures prompt and lasting relief.

How it is presented. Tedral is available in the form of *tablets: plain* for daytime use (1 tablet every 4 hours), and *enteric-coated* to ensure night-long protection against attacks (1 tablet together with 1 plain tablet, on retiring); and as *suspension*, which is specially suitable for children, and in which each teaspoonful contains the equivalent of $\frac{1}{2}$ Tedral tablet.

For obstetrics and prevention of cross infection

Dettol Antiseptic Cream is a new and highly germicidal preparation for routine use in obstetrics, including disinfection of the hands and gloved hands, preparation of patients, and as an antiseptic lubricant for instruments and in examinations. It is well tolerated by the skin and tissues and may be applied repeatedly. It is bland and pleasant to use.

Dettol Antiseptic Cream is particularly suitable for general use in the prevention of cross infection. It has rapid bactericidal effect against a wide range of micro-organisms. For instance, the following are destroyed in vitro in less than one minute at skin temperature:

Staph. aureus; Staph. aureus phage type 80; Ps. pyocyanea; Strept. pyogenes; Strept. anaerobicus; Sh. sonnei; E. coli.

HAND DISINFECTION

Should be applied after washing. Quickly absorbed by light friction, it leaves the skin non-oily, non-tacky, and replaces fats removed by constant washing.

The Cream also helps to prevent bedsores.

'HALDRATE'
Trade Mark Brand

PARAMETHASONE ACETATE

Lilly

predictable anti-inflammatory effect

'Haldrate' is a potent synthetic corticosteroid with marked anti-inflammatory activity. In steroid-responsive conditions; it provides predictable anti-inflammatory effects with a minimum of untoward reactions. Gratifying response has been observed in patients transferred from other corticosteroids to 'Haldrate'. There is relatively little adverse effect on electrolyte metabolism, sodium retention is unlikely and psychic effects are minimal. In addition, 'Haldrate' treatment appears to be free from muscle weakness and cramping.

'Haldrate' 2 mg. is approximately equivalent to:

Cortisone	25 mg.
Hydrocortisone	20 mg.
Prednisone or Prednisolone...	5 mg.
Triamcinolone or Methylprednisolone	4 mg.
Dexamethasone	0.75 mg.

Although the incidence of significant side-effects is low, the usual contra-indications to corticosteroid therapy apply to 'Haldrate'.

Availability:

'Haldrate', 1 mg., scored (yellow) and 2 mg., scored (orange), in bottles of 30 and 100 tablets.

This is ELASTOPLAST

SUPERIOR REGAIN Elastoplast bandage has exceptional regain power after stretching—the true criterion of elasticity. Yet it is all cotton and has no rubber threads

EVEN POROSITY—minute holes all over its surface allow sweat and exudates to escape, even through more than one layer

EDGES FREE FROM ADHESIVE—prevent sticking to clothing. Fluffed edges avoid cutting the skin

POSITIVE ADHESION—Elastoplast has always been noted for its thick, tacky spread, which adheres immediately on contact

FIRM BUT YIELDING SUPPORT for pressure bandaging, for securing dressings, and for immobilisation without rigidity

No other bandage has all these advantages

GASTRIC ANALYSIS 1 Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer

GASTRIC ANALYSIS 2 Same patients as in first graph, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

"Nulacin has revolutionized the treatment of duodenal ulcer"

Proc. R. Soc. Med., 1958, 51, 1063.

Nulacin tablets, dissolved slowly in the mouth, provide intragastric milk-alkali drip therapy, obviating the necessity for a tube. Treatment is easy and convenient for the ambulant as well as the bedridden patient. Nulacin may be relied on to provide an effective treatment for peptic ulcer as well as other conditions associated with gastric hyperacidity. No undesirable

side effects occur and no cases of alkalosis or acid rebound due to Nulacin have ever been reported. The safety and effectiveness of Nulacin therapy has been proven by *in vivo* clinical work carried out in many countries.

Nulacin tablets have no B.P. equivalent. The basic N.H.S. price of the 25-tablet tube is 2/-.

NULACIN is a Horlicks pharmaceutical product

A new advance in antitussive therapy

THORAGOL^{REGD.} S Y R U P

LONG ACTING

NON-TOXIC • NON-CUMULATIVE

THORAGOL Syrup is an entirely new antitussive compound which effectively suppresses the unproductive cough through its action on the 'cough centre' of the brain.

THORAGOL has a novel chemical structure for an antitussive being unique as a quaternary ammonium compound, 2-(1,2-diphenylethoxy)-ethyltrimethylammonium bromide.

Clinical trials have shown that THORAGOL effectively suppresses a cough for long periods, thus relieving the nervous irritability associated with persistent coughing. It is especially useful in providing the patient with a good night's sleep free from coughs. No toxic, cumulative or other side effects have been noted even when administration is prolonged. THORAGOL Syrup is pleasant in taste and readily accepted by children and patients of all ages.

INDICATIONS

acute and chronic bronchitis	tuberculous cough
colds and Influenza	chronic smoker's
tracheitis	cough
nasopharyngitis	"nervous cough"

TOMORROW he'll be
back at work—and loving it

'Men who take responsibility must take a second holiday'— *medical opinion agrees*

■ **Hard work won't kill you.** Men of a certain calibre actually thrive on it. But these are the very men who *must* take a second holiday. They need more than one break a year – and if they take it, they enjoy their work more. They do more of it and do it better. They enjoy living and do it better. They live longer.

This is a summary of the conclusion reached by medical men* concerned with the health of the nation's top management. Their work has convinced them that for men in important positions a second holiday is no luxury. It is an absolute necessity.

■ **In these days of rapid air travel** it is an unexpected pleasure too. A few precious days off at this time of year can now accomplish much more. For a busy man with only a long weekend to spare, Amsterdam, Paris, Madrid are possible destinations. Sun warm enough for swimming and lying in is shining now in North Africa, Greece, and the Middle East. A winter sports holiday by air is less trouble than a country weekend. And nowhere you fly by BEA is too far to return from in a few hours if work calls you back. Ask your travel agent how quickly and simply a trip can be arranged.

BEA

*The Health of Business Executives—Transactions of a One-Day Conference held by the Chest and Heart Association in the Royal Festival Hall, London on 20th Nov, 1959.

BEA have published a special new brochure to give you ideas about where to go, what to see, what the temperature is at this time of year. Ask your travel agent for it.

YOU NEED A SECOND HOLIDAY · ENJOY IT—FLYING **BEA**

THREADWORMS AND ROUNDWORMS

SINGLE-DOSE TREATMENT

1. A single dose of Pripsen is effective for both threadworms and roundworms.
2. The palatable granules are readily accepted by children.
3. For threadworms, Pripsen in a single dose replaces the usual seven-day treatment.
4. The dose can be given under supervision, thus avoiding any risk of treatment not being carried out.
5. No extra laxative is required.
6. Pripsen is not a dye, and therefore is non-staining.

"With its high cure-rate, lack of toxicity, ease of administration, and simplicity of dosage, we regard Pripsen as, at present, the remedy of choice for enterobiasis."—*Lancet*, 1960, 1, 256.

PUTTING YOUR FOOT IN IT PROPERLY

TO guard against toothache in Sussex it used to be believed that you had always to put on your right stocking, and the right leg of your breeches, before the left. In Shropshire, however, exactly the opposite was believed.

We are not bound by such beliefs. Now we use more rational and uniform methods of keeping our teeth, and keeping them healthy. We know, for one thing, that the earlier we start our children in good dental habits—by teaching them the C D E F rule for good teeth—the more promise we give them of healthy teeth both now and in adult life.

C **CLEANING** Often and thorough, to remove food particles that can cause decay. After each meal if possible.

D **DENTIST** Regular visits to catch any trouble early.

E **EXERCISE** Lots of chewing—apples, celery, chewing gum, raw vegetables. Helps to clean teeth, promotes flow of saliva (nature's mouth-wash); stimulates gums, aids proper jaw development.

F **FOOD** Plenty of milk, butter, cheese and eggs: rich in minerals and vitamins for strong teeth and healthy gums.

Lastonet

SPECIALISTS IN SURGICAL HOSIERY

THE MEDICAL SERVICE OF THE ROYAL NAVY

VACANCIES FOR MEDICAL OFFICERS

The Royal Navy offers Short Service Commissions of 3 or 5 years' duration to registered medical practitioners. Opportunity exists for transfer to Permanent Commission, by selection, after one year's service. There are facilities for postgraduate study and training for higher degrees with a view to specialization, in the case of officers entered on 5-year short service and on Permanent Commissions. Specialities include Underwater Physiology, Nuclear and Aviation Medicine, as well as the usual clinical subjects.

Pay: On entry a Surgeon Lieutenant married and over the age of 25 years will receive £1,195, with annual pay increments thereafter and a tax-free ration allowance of £112 p.a. if unaccommodated. Additional allowances are paid for children's education, disturbances involving essential moves of family, and for service overseas.

Gratuities and Pensions:

Gratuities are payable on completion of short service commissions:

3 years' service £1,500 tax free
5 years' service £3,000 tax free
Those officers accepted for Permanent Commissions receive £1,500 (Taxable).

Service becomes pensionable after 16 years.

For further details apply to:

RYBRONSOL

COMPLEMENTARY TREATMENT FOR ASTHMA

Soothes the general nervous system

In the fight against asthma RYBRONSOL has proved itself to be an ideal sedative powder. It calms the general nervous system, helps to relax bronchial spasm and relieves congestion in the bronchial tree. Taken at bedtime, it promotes sleep; after meals, it alleviates the congestion and excitability of the bronchial tubes.

RYBRONSOL can be recommended to all sufferers of asthma as complementary to Rybarvin and/or Rybarex, the well-known inhalation treatments produced by Rybar Laboratories Ltd.

Formula:

Phenazone	0.47 gm.
Iodoantipyrine	0.03 gm.
Antipyrine Acetylsalicylate	0.40 gm.
Caffeine	0.075 gm.

Telephone: LEYTONSTONE 6234

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent* testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

* SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than one year after full registration as a medical practitioner and held normally for two years: £1,250 in the first year; £1,400 in the second and any subsequent years. Deduction of £215 per annum for compulsory residence; £255 per annum for voluntary residence.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than three years after full registration and held normally for four years: £1,500 by £100 to £1,800 in the fourth year; thereafter, £1,900 in the fifth and sixth years; £2,000 in the seventh and eighth years; £2,100 in the ninth and any subsequent years. Deduction of £250 per annum for compulsory residence; £275 per annum for voluntary residence.

Other Grades, Whole-time

(a) **HOUSE OFFICERS**: Each post in this grade shall be tenable for six months.

£675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £195 per annum for voluntary residence;

£750 per annum for the second post held; deduction of £160 per annum for compulsory residence or £195 per annum for voluntary residence;

£825 per annum for the third and any subsequent posts held; deduction of £165 per annum for compulsory residence or £195 per annum for voluntary residence;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £750 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff; provided further that where a House Officer has previously held two such outside posts the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the appropriate rate to the second or third post held in accordance with the above provision shall be paid at the third post rate for any subsequent appointments in this grade.

(b) **SENIOR HOUSE OFFICERS**: Posts obtained by fully registered medical practitioners and held normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28 or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary residence.

(c) **JUNIOR HOSPITAL MEDICAL OFFICERS**: Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals.

MEMBERS ABROAD. Copies of vacancies advertised in the "Journal" can be sent by AIR MAIL. The minimum cost is 3s. per week, which covers up to three separate headings; additional headings 1s. each.

Please state type of vacancy and remit to the Advertisement Manager, B.M.J.

"BRITISH MEDICAL JOURNAL"

ASSISTANT EDITOR

The Council of the British Medical Association invites applications from registered practitioners for the appointment of a Medical Assistant Editor to the *British Medical Journal*. In the first instance the appointment will be for six months on a probationary basis at a salary of £2,075 a year, rising by annual increments of £125 to £3,200 a year. In exceptional circumstances the initial salary may be above the minimum of the scale. The Association superannuation scheme will apply on substantive appointment. Candidates must present evidence of literary ability and/or journalistic experience. A knowledge of one or more foreign languages is desirable. Applicants should not be older than 45 years and should send full particulars of qualifications and experience, together with the names and addresses of three persons to whom reference may be made, to the Editor of the *British Medical Journal*, B.M.A. House, Tavistock Square, London W.C.1, not later than December 16, 1961. Envelopes should be marked "*British Medical Journal*—Assistant Editor."

SITUATIONS (Vacant)**Civilian Medical Practitioners with the Royal Air Force**

Applications are invited from registered medical practitioners below 65 years of age for employment for varying periods as full-time civilian Medical Practitioners with the Royal Air Force. Vacancies exist in many parts of England, and duties are similar to those of general practice, involving, in most cases, the care of Service families, as well as R.A.F. personnel. Salary varies with age from £1,776 at 28 years to £2,250 at 35 years and over. Applicants should apply to Air Ministry, C.E.2m, Princes House, Kingsway, London W.C.2, for application form and further particulars. (8071)

Family Planning Association requires doctor (man or woman), preferably with F.P.A. training, or willing to train, for regular relief work in Darlington, Co. Durham, and Richmond, Yorks, also adjacent branches.—Apply Hon. Secretary, 2 Harewood Terrace, Darlington. (7686)

Middlesbrough Family Planning Association urgently requires woman doctor with, or willing to take, F.P.A. training for sessional work. Mondays 2 to 3.30 p.m., Wednesdays 6.30 to 7.30 p.m. Apply Mrs. F. McKechnie, 6 Oxford Road, Linthorpe, Middlesbrough, Yorks. (7792)

INDUSTRIAL APPOINTMENTS

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers (as revised in the light of the Report of the Royal Commission on Doctors' and Dentists' Remuneration, 1960, and approved by the Representative Body, 1961), which is available on request from the Secretary.

**IMPERIAL CHEMICAL INDUSTRIES LIMITED
WILTON WORKS**

Invite applications for the post of full-time

WORKS MEDICAL OFFICER

The successful applicant will be responsible to the Senior Medical Officer and will undertake the normal duties of an industrial medical officer. He will work in a large, recently opened, Medical Centre which contains the latest equipment for basic and ancillary services.

Salary will be commensurate with age and experience, but not less than the B.M.A. recommended rate.

Experience in any of the following:—general practice; casualty work; the Services; Industrial Medicine and/or D.P.H., D.I.H., or other postgraduate qualifications, would be an advantage.

An application form, together with further particulars, may be obtained from the Staff Manager, Imperial Chemical Industries Limited, Wilton Works, Middlesbrough, Yorkshire, quoting reference No. 624b. (8163)

Industrial Appointments—contd.

IMPERIAL CHEMICAL INDUSTRIES LIMITED. Dyestuffs Division, has a vacancy for a Medical Officer at the Division Headquarters. As well as the routine duties of an Industrial Medical Officer, this post will involve close liaison with the Division Research Department and with the I.C.I. Industrial Hygiene Research Laboratories in studying the potential toxicity of new compounds. Previous experience of industrial medical work is not essential and it is felt that the post will appeal particularly to those with a background of chemical pathology or pharmacology but who are also interested in clinical work. Remuneration will depend upon qualifications and experience, but will not be less than the B.M.A. scale for Industrial Medical Officers. Applications, with brief details of qualifications and experience, should be addressed to the Staff Manager, Imperial Chemical Industries Limited, Dyestuffs Division, Hexagon House, Blackley, Manchester 9, quoting Reference I732. (7782)

APPOINTED FACTORY DOCTORS**FACTORIES ACTS, 1937 to 1959**

The following appointments as Appointed Factory Doctors are vacant: Sandbach, in the County of Cheshire; Toddington, in the County of Bedfordshire. Applications, which should be received not later than December 2, 1961, should be sent to H.M. Chief Inspector of Factories, 19, St. James's Square, London S.W.1. (8023)

APPOINTMENTS**ANAESTHETICS****JERSEY GENERAL HOSPITAL****CONSULTANT ANAESTHETIST**

Applications are invited for the post of second Consultant Anaesthetist at the above hospital. The appointment will be vacant on January 1, 1962, and will be on a part-time sessional basis commencing with four sessions a week. Further particulars of sessions, salary, etc., may be obtained on application to the Hospital Administrator, Public Health Committee, General Hospital, Jersey. Applications should reach the above address by December 1, 1961. (7835)

NORTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD**ANAESTHETISTS**

required temporarily to cover a total of four half-days a week in consultant vacancies at Hounslow Hospital (75 acute beds). Appointment for one year in first instance, after which developments in Group might require appointment of whole-time (or maximum sessions part-time) consultant. Remuneration at appropriate locum rate. Hospital may be visited by direct appointment (Tel. HOUNSLOW 4448). Application forms obtainable from the Secretary, North-West Metropolitan Regional Hospital Board, 40 Eastbourne Terrace, W.2. Returnable before December 9, 1961. (8168)

BOARD OF MANAGEMENT FOR THE ABERDEEN GENERAL HOSPITALS

Applications are invited for the full-time post of REGISTRAR

in the Department of Anaesthetics in the above hospitals. The successful candidate will be based at the Aberdeen Royal Infirmary, Foresterhill, and may have periods of training at other teaching hospitals in Aberdeen. Applications, giving details of qualifications and experience, with the names of two referees, should be lodged with the Group Secretary, Aberdeen General Hospitals, P.O. Box No. 92, Foresterhill House, Ashgrove Road West, Aberdeen, by November 28, 1961. (8029)

BOURNEMOUTH AND EAST DORSET HOSPITAL MANAGEMENT COMMITTEE**Poole General Hospital, Poole, Dorset**

Applications are invited for the appointment of RESIDENT ANAESTHETIC REGISTRAR. The post, which becomes vacant on January 1, is tenable for one year in the first instance and is recognized for the D.A. and F.F.A.R.C.S. An unfurnished flat is available. Arrangements could be made for the successful applicant to attend the Regional course for the primary F.F.A.R.C.S. at Southampton. Forms of application, obtainable from the Group Secretary, H.M.C. Office, Royal Victoria Hospital, Shelley Road, Boscombe, Bournemouth, Hants, should be returned to him, duly completed, by not later than December 2, 1961. (7901)

EASTMAN DENTAL HOSPITAL (associated with the Institute of Dental Surgery, University of London), Gray's Inn Road, London W.C.1

Applications are invited for the full-time non-resident post of

ANAESTHETIST

in the grade of Registrar. Remuneration and conditions of service in accordance with national scales for hospital dental staff. Application forms obtainable from Jack R. Taylor, Secretary to the Board, to whom they should be returned within one month from the date of the appearance of this advertisement. (8160)

IMPORTANT NOTICE**APPOINTMENTS**

Medical practitioners are requested not to apply

for any appointment specified in this notice or for any appointment under an authority referred to in this notice without first communicating with the Secretary of the British Medical Association, B.M.A. House, Tavistock Square, London W.C.1, to learn the views of the Association regarding the terms and conditions of service pertaining to the appointments. Medical practitioners are requested not to apply for, accept, or sit on Interview Boards for any of the Irish appointments without first communicating with the Medical Secretary of the Irish Medical Association, 10 Fitzwilliam Place, Dublin.

Applications, stating age, qualifications, experience, and names of three referees, to the Clerk of the County Council, County Hall, Kingston-upon-Thames, by November 24, 1961. (7879)

**MIDDLESEX COUNTY COUNCIL
County Health Department****ASSISTANT MEDICAL OFFICER**

(whole-time) required in Area 4 (Hendon and Finchley). Duties concerned with supervision of health of mothers and young children and School Health Service. Diploma in Public Health or Child Health desirable. Previous Local Authority experience advantage. Salary within scale, according to experience, £1,295-£1,845. Established. Prescribed conditions. Particulars and two references to Area Medical Officer, Town Hall, Hendon, N.W.4, by December 4, 1961. Canvassing disqualifies. (Quote H.799.) (8036)

GOVERNMENTAL**THE WAR DEPARTMENT**

invites applications from registered medical practitioners for appointment as temporary full-time

CIVILIAN MEDICAL PRACTITIONERS

for service with the R.A.M.C. at home and overseas. Appointment, in the first instance, will be for one year at home or two years overseas. Duties will cover the general medical care of troops and their families. Previous military medical experience will be an advantage. Salary will be £1,776 at age 28, rising to £2,250 at age 35 or over. For staff serving overseas, foreign service allowance, overseas family allowance, outfit allowance and trunk allowance payable in addition. Foreign service allowances are substantial and non-taxable. Details will be given to candidates interviewed. Five weeks' holiday a year will be allowed without the responsibility of providing locum tenens.

Vacancies in the United Kingdom arise immediately at:

Beachley (Mon)	Larkhill (Wilts)
Bicester (Oxon)	Plymouth (Devon)
Bramley (Hants)	Taunton (Somerset)
Warminster (Wilts)	

Overseas vacancies exist now in Cyprus, and will arise shortly in other theatres.

Application forms and conditions of service may be obtained from the Under-Secretary of State, The War Office (C.5(A)), Northumberland House, Northumberland Avenue, London W.C.2. (7343)

COMMERCIAL APPOINTMENTS**MEDICAL DIRECTOR**

Important pharmaceutical company which has made a number of fundamental research contributions seeks Medical Director to take charge of clinical research activities in Britain and the Continent. The Medical Director will be required to have his domicile in Copenhagen. A knowledge of languages would be an advantage but is less important than a genuine interest in clinical research and in the evaluation of new compounds. Doctors interested in this appointment are invited to write, in confidence, to Box 1316, B.M.J.

REPUBLIC OF IRELAND**COMHAIRLE CONDAE NA GAILLIMHE**

Galway Regional Hospital (700 beds)

**AUCKLAND HOSPITAL BOARD
New Zealand**

Applications are invited from qualified medical practitioners of the British Commonwealth for the position of

**JUNIOR MEDICAL SPECIALIST IN PHYSICAL
MEDICINE, Department of Physical Medicine,
Auckland Hospital**

Preference would be given to applicants who are Members of one of the Royal Colleges of Physicians or are holders of Diploma in Physical Medicine, preferably in a teaching hospital. The appointment is a full-time one for a period of two years from the date of taking up duties. If during that period the appointee has satisfactorily carried out the duties of the position, and if so desired, an extension of the term for a further limited period would be considered by the Board. The position is non-residential. The salary prescribed by the Hospital Employment (Medical Officers) Regulations, 1957, is: Junior Specialist £(N.Z.)1,900 to £(N.Z.)2,300 per annum, by annual increments of £(N.Z.)125, £(N.Z.)125, £(N.Z.)150. The commencing salary within this scale will be determined by the Medical Officers' Salaries Grading Committee in accordance with the qualifications and experience of the appointee. Conditions of appointment, which give details of assistance towards the payment of the appointee's travelling expenses and those of his family, together with form of application, are obtainable from the office of the High Commissioner for New Zealand, 415 The Strand, London W.C.2. Applications close with the Secretary, Auckland Hospital Board, P.O. Box 5546, Auckland, N.Z., at noon on Friday, December 15, 1961.—R. F. Galbraith, Secretary. (8025)

AUSTRALIA**THE UNIVERSITY OF NEW SOUTH WALES****ASSOCIATE PROFESSOR OF PATHOLOGY**

The University of New South Wales invites applications for appointment to the position of Associate Professor of Pathology in the newly established Faculty of Medicine. The School of Pathology will be accommodated in laboratories now being erected in the University grounds at Kensington. There will be facilities for experimental work in general and systematic pathology and immunology. The successful applicant will initiate and direct research in one of these fields, and will assist the Head of the School in undergraduate and postgraduate teaching. Duties will commence early in 1962. Salary will be £A.3,199, £A.3,349, or £A.3,499 per annum. The actual salary will be determined by qualifications and experience. An additional allowance of £A.300 per annum will be paid whatever the basic salary. First-class sea fares to Sydney will be paid for the successful applicant and his family. After passing a medical examination, the successful applicant will be eligible to join the State superannuation fund. With the approval of the University and its Bankers, married men may be assisted by loans to purchase a home. Associate Professors are eligible for six months' study leave, on full salary, after three years of service, or 12 months after six years. Subject to the consent of the Council of the University, an Associate Professor may engage in a limited amount of higher consultative work. The University reserves the right to fill the position by invitation. Four copies of applications, including names of three referees and a photograph, should be lodged with the Agent-General for New South Wales, 56-57 Strand, London W.C.2, and a copy forwarded to the Appointments Section, the University of New South Wales, Box 1, Post Office, Kensington, N.S.W., by airmail, to reach there before December 27, 1961. (8038)

**IMMIGRATING TO THE U.S.A.?
OUR AREA NEEDS WELL-QUALIFIED
GENERAL PRACTITIONERS**

We will give you one, two or three years of training and then give you a place on our Courtesy Staff. Those finishing our three-year course will be given liberal hospital privileges in surgery and obstetrics. We will lend you sufficient money to set up your own private office in Chicago or its suburbs, if you so desire. Partnerships or associatehips with our attending staff doctors await those finishing only one or two years of our training. First year, Rotating Internship, stipend \$300 per month; second year, Medicine and Paediatrics, stipend \$400 per month; third year, Surgery and Obstetrics, stipend \$500 per month. In addition to stipends, we furnish meals, living quarters, laundry of uniforms, and other benefits free of charge. Two- or three-room furnished apartments are free to married men. We pay cost of transportation to Chicago for yourself (and wife). Our Rotating Internship has been continuously approved by the A.M.A. for 36 years. The teaching programme gives you an individual instructor at all times, in addition to the usual seminars, clinical conferences, journal clubs, etc. We are a 300-bed non-Sectarian teaching hospital with an attending staff consisting of many general practitioners, as well as qualified Specialists in all fields. The hospital is located in an outlying residential area, but only eight miles from Chicago's famous medical school centre. You may now practise medicine in Illinois before becoming a citizen. Our next course starts July 1, 1962. Inquiries solicited from final-year students or from recent graduates of schools in Great Britain, Eire, Canada, Australia and New Zealand. Please address Director of Graduate Medical Education, Ravenswood Hospital, 1931 W. Wilson Avenue, Chicago 40, Illinois, U.S.A. (7105)

Oversea (Vacant)—contd.**ST. VINCENT'S HOSPITAL, Sydney****DIRECTOR OF PSYCHIATRY**

St. Vincent's Hospital, a Teaching Hospital associated with the University of Sydney, has acquired the Darlinghurst Admission Centre from the Department of Public Health of New South Wales. In its place will be established and developed a complete Psychiatric Unit within the administration of the hospital under the care of the Sisters of Charity. Extensive structural alterations and additions are being carried out to provide in-patient accommodation, an Out-patient Department and Day Hospital facilities. The completed Unit will fulfil the modern concept of a Therapeutic Community approach to the treatment of mental illness. The position of Director of this Psychiatric Unit will afford a unique opportunity for a Psychiatrist to be actively associated with the development of the first such Therapeutic Unit in New South Wales and with the modern facilities and equipment that are being made available in the reconstruction for undergraduate and post-graduate teaching. Applicants for this position must possess a Diploma in Psychological Medicine or its equivalent and have had some years' experience in the specialty. The position is full-time with salary range £A.3,202 to £A.4,162, an additional £A.200 per year may be paid for the performance of some clinical administrative duties associated with the position. A self-contained residence with three bedrooms, adjacent to the Unit, will be available. Further information will be given on request. Applications, with relevant details of training and experience, and indicating approximate date of availability for duty, should be forwarded before January 12, 1962, to Dr M. P. Cleary, General Medical Superintendent, St. Vincent's Hospital, Sydney, N.S.W., Australia. (8120)

SUTHERLAND DISTRICT HOSPITAL
Carlingbah, Sydney, Australia**PATHOLOGIST**

Applications are invited for the position of Pathologist (full-time) to the above hospital. This is a new hospital of 240 acute general beds and 52 obstetrical beds, situated in an outer Sydney suburb in beautiful surroundings of ocean and Botany Bay. The laboratory is well-equipped and has a full staff of senior technologists and trainees. Salary range £2,928 to £3,528 (Australian), according to qualifications and experience. Further information may be obtained from the advertiser, a member of the hon. medical staff, who may be interviewed in London, and with whom applications are to be lodged.—Box 1332, B.M.J.

THE PITTSFIELD AFFILIATED HOSPITALS
MEDICAL EDUCATION PROGRAMME
(400 beds)

offers completely approved rotating internships. Residencies in internal medicine, surgery, ob.-gyn., and pathology. Salaries range from \$250 to \$375 per month, with allowances for married personnel. Affiliated with the Albany Medical College of Union University.

Address inquiries to Director of Medical Education, Pittsfield Affiliated Hospitals, 379 East Street, Pittsfield, Massachusetts. (6860)

THE ROYAL MELBOURNE HOSPITAL

Applications invited from suitably qualified medical practitioners for appointment as

ALLERGIST

This is an honorary appointment and carries full membership of the medical staff. Appointment is for a period of five years from January 1, 1962, and the appointee will be eligible for reappointment for further periods of five years, until he has completed 20 years' service or reached the retiring age of 60 years. Further details available from Medical Superintendent. Applications, on the prescribed form obtainable from the undersigned, close on December 20, 1961.—Afton Morcom, Manager. (8064)

THE STAMFORD HOSPITAL
Stamford, Connecticut, U.S.A.**ROTATING INTERNSHIPS**

available July, 1962. Modern 310-bed general hospital on Atlantic seaboard, 45 minutes from New York City. Provides rotation through Departments of Surgery, Medicine, Obstetrics, and Paediatrics. Fully approved by American Medical Association and U.S. Exchange-Visitor Programme. Stipend \$1,800 per year, plus full maintenance for single physicians. Married physicians receive \$1,200 maintenance grant in lieu of maintenance. Additional travel allowance of \$300. Two-week vacation during year. Completely furnished apartments on hospital grounds available at low cost. U.S. Immigration officials have permitted limited travel in U.S. following completion of internship. Candidates should be recent graduates and must meet requirements of Educational Council for Foreign Medical Graduates. Information will be provided by the Administrator of the Stamford Hospital, Stamford, Connecticut; also inquiries may be directed to Mr. Arthur Shaw, Medical Agent, 61 Rodney Street, Liverpool 1 (8121)

THE ROYAL MELBOURNE HOSPITAL
Grattan Street, Parkville, N.2, Victoria, Australia

Applications invited from suitably qualified medical practitioners for appointment as
SURGEON TO OUT-PATIENTS

This is an honorary appointment and carries full membership of the medical staff. Appointment is for a period of five years from February 19, 1962, and the appointee will be eligible for reappointment for further periods of five years until he has completed 16 years' service or reached the retiring age of 60 years. Further details available from Medical Superintendent. Applications, on the prescribed form obtainable from the undersigned, close on December 20, 1961.—Afton Morcom, Manager. (8065)

UGANDA**MINISTRY OF HEALTH**

Vacancies exist for Medical Officers with qualifications registrable in the United Kingdom, who are normally domiciled in India, Pakistan or Goa.

Uganda is in particular need of young men who wish to develop their knowledge and experience of medicine rapidly. An excellent opportunity for those wishing to work in East Africa, on the following attractive terms of service:

Three-year Contracts, with assisted passages from the United Kingdom to Uganda on first appointment and, thereafter, 1st class sea passages to Bombay, Karachi or Marmagao, on the satisfactory completion of contract.

Salary in the scale £1,128 to £1,989 per annum. Initial salary according to qualifications and experience.

Gratuity, 25% of total salary earned. Leave. Vacation leave three days per month. Generous local leave, on full salary, within East Africa.

Quarters. Partly furnished housing at low rental is provided.

Uganda offers a good climate, adequate sporting facilities, and excellent roads, which facilitate travel.

Apply to Crown Agents, 4, Millbank, London S.W.1, for application form and further particulars, stating age, name, brief details of qualifications and experience, and quoting Reference M3C/53665/BG. Closing date for applications, December 2, 1961. (7483)

UNIVERSITY OF MELBOURNE**ENDOCRINOLOGIST**

Applications are invited for a position of First Assistant in the Professorial Unit at the Royal Women's Hospital. The Royal Women's Hospital is a teaching hospital in obstetrics and gynaecology. There are approximately 8,000 deliveries per annum and 160 gynaecological beds in the hospital. A new endocrine clinic is to be formed at the hospital and it will be the duty of the appointee to assist substantially in the development of this clinic. Facilities are available in the new professorial unit in research. The salary range is £A.3,400 to £A.4,250 per annum. Superannuation similar to F.S.S.U. will be provided. Conditions of appointment may be obtained from the Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London S.W.1. Applications close in Australia and London on January 15, 1962. (8155)

UNIVERSITY OF SYDNEY**SENIOR LECTURESHIP IN CLINICAL PSYCHOLOGY**

Applications are invited for the above-mentioned position in the Department of Psychiatry. It is anticipated that the appointee will work in the Department of Psychiatry. Preference will be given to candidates with experience as clinical psychologists in a psychiatric unit. Previous clinical research experience is essential and some previous teaching experience is desirable. The salary for a Senior Lecturer is within the range £A.2,550 by £A.95 to £A.3,000 per annum, plus cost of living adjustments (at present £A.47 per annum), and will be subject to deductions under the State Superannuation Act. The commencing salary will be fixed according to the qualifications and experience of the successful applicant. Under the Staff Members' Housing Scheme in cases approved by the University and its bankers, married men may be assisted by loans to purchase a house. Further particulars, and information as to the method of application, may be obtained from the Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London S.W.1. Applications close in Australia and London on December 31, 1961. (8156)

UNIVERSITY OF OTAGO, Dunedin, New Zealand**MARY GLENDING CHAIR OF MEDICINE**

Following the appointment of Professor Sir Horace Smirk as Research Professor of Medicine, the Council wishes to appoint a successor to Sir Horace as the Mary Glending Professor of Medicine and Head of the Department of Medicine. The salary is £3,650 per annum. Further particulars may be obtained from the Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London S.W.1. Applications close in New Zealand and London on January 15, 1962. (8154)

VIRGINIA. PROGRESSIVE PSYCHIATRIC HOSPITAL. Fully approved for two years' training programme, psychodynamically oriented, emphasizes individual supervision and provides broad experience in psychotherapy of in-patients and out-patients. Multidiscipline, active affiliation with Medical College of Virginia. Residents participate in teaching and research. Exchange programme. Salary \$8,044. Send full résumé in first letter to Theodore G. Denton, M.D., Superintendent, Central State Hospital, Petersburg, Virginia.

WAIKATO HOSPITAL BOARD
Hamilton, New Zealand**RADIOLOGIST**

Applications are invited from qualified medical practitioners, possessing a Diploma in Diagnostic Radiology, for the position of Radiologist, Waikato Hospital, Hamilton. The salary will be that applicable to a Junior Specialist, scale (c) £1,900/£2,300, or Senior Specialist, scale (b) £2,450/£2,800, and the actual scale applicable to the appointee and the commencing and maximum rate within such scale will be determined by the Medical Officers' Salaries Grading Committee as constituted under the Regulations in accordance with the experience, qualifications, status and ability of the successful applicant. Conditions of appointment and official application form are obtainable from the office of the Secretary, Waikato Hospital Board, P.O. Box 934, Hamilton, New Zealand. (8058)

WANTED. FULL-TIME HOUSE PHYSICIANS. Acute care 345-bed general hospital. Start December, 1961. Graduate of approved English school, with at least one year's approved internship. Salary \$8,000 to \$10,000, depending on postgraduate training. E.C.F.M.G. and immigrant visa necessary. Further information from Director of House Staff, Kentucky Baptist Hospital, Louisville 4, Kentucky. (5579)

WANTED, PSYCHIATRIST TO HEAD A community mental health centre in Sydney, Nova Scotia, Canada. Salary \$11,000, with four annual increments of \$500 each. Opportunity for private practice. Other information promptly supplied upon request.—Lewis MacMillan, Chairman, Mental Health Board, Provincial Building, Sydney, Nova Scotia, Canada. (6392)

President's concluding remarks.—Kenneth Robson, Registrar, Pall Mall East, S.W.1.

ROYAL COLLEGE OF PHYSICIANS
OF LONDON

John Alexander Fraser Roberts, M.D., F.R.C.P., will deliver the Charles West Lecture on Tuesday, November 28, 1961, at 5 p.m., at the College, Pall Mall East, S.W.1. Subject: "Genetic Prognosis." Any member of the medical profession admitted on presentation of doctor's card. By order of the President.—Kenneth Robson, Registrar. (8066)

ST. BARTHOLOMEW'S HOSPITAL MEDICAL COLLEGE**FINAL F.R.C.S.—MAY, 1962**

A course will be held for the above examination on Tuesday and Thursday evenings at 6.30 p.m., starting on Tuesday, February 27, 1962, and ending on Thursday, April 19, 1962. The course will consist of 16 clinical tutorial classes with short cases, followed by lecture-demonstrations on selected subjects. The course is not comprehensive. The class will be limited to 24 members. Fee twenty guineas, or to Bart's men fifteen guineas. Entry forms must be obtained from the Sub-Dean, St. Bartholomew's Hospital Medical College, West Smithfield, E.C.1. The closing date for applications is January 1, 1962. (8192)

SHEFFIELD REGIONAL HOSPITAL BOARD**SIR ERNEST FINCH RESEARCH PRIZES**

The Sheffield Regional Hospital Board offer three research prizes of £50 each for the best written reports or reviews which make a contribution to medical knowledge, to Senior Registrars and Registrars who are or have been employed wholly or partly by the Board. Further particulars of the conditions for the awards may be obtained from the Secretary to the Board, Fulwood House, Old Fulwood Road, Sheffield 10, to whom all persons who are interested are invited to apply. The closing date for entries is October 1, 1962. (8784)

THE SOCIETY FOR MEDICAL AND DENTAL HYPNOSIS

**THE UNIVERSITY OF SHEFFIELD
COURSE IN DERMATOLOGY**

A course in Dermatology for general practitioners will be held from Monday to Friday, April 9 to 13, 1962, at the Rupert Hallam Department of Dermatology, Sheffield Royal Infirmary. The course will have special reference to common skin ailments encountered in general practice. The fee is five guineas, and accommodation at one of the University's Halls of Residence will probably be available at a moderate additional charge. N.H.S. practitioners are (subject to certain conditions) eligible to have the course fee paid on their behalf and to receive also certain allowances (travelling expenses, subsistence, locum fees). As the number who can be accepted is limited, enquiries and applications (stating whether or not the latter are made under the Scheme for N.H.S. practitioners, and whether residential accommodation is desired) should be addressed as soon as possible to the Dean of the Faculty of Medicine, The University, Sheffield 10. (8177)

**THE WRIGHT-FLEMING INSTITUTE OF
MICROBIOLOGY
St. Mary's Hospital Medical School, London W.2
SIR ALMROTH WRIGHT**
