'Mysoline' can open the window to a new world

"... 'Mysoline' in general showed itself to be more active than phenytoin and phenobarbitone in controlling epileptic syndromes in children and returning them to normal."

Lattante (1958), 29, 522

- * *Wide range of activity*... strikingly successful in most forms of epilepsy.
- * *Well tolerated*... no sedative or other side effects to interfere with normal schooling and recreation.

- * *Beneficial effect* on condition and outlook... brings new-found confidence and increased sociability.

Available in tablets of 0.25 G. and as a palatable oral suspension. Basic N.H.S. cost: 3/6d. for 30 tablets dispensed from packs of 1,000, and 4/6d. for 100 ml. of suspension.

COLOMYCIN

A MOST ACTIVE ANTIBIOTIC AGAINST PATHOGENIC GRAM- NEGATIVE ORGANISMS

Resistant strains of Gram-negative organisms such as *Pseudomonas pyocyanea*, *Klebsiella aerogenes* and *Escherichia coli* now represent a major problem in therapeutics.

Clinical reports on COLOMYCIN clearly show that it fills a gap in the treatment of infections due to Gram-negative organisms. It is of outstanding value in the treatment of gastroenteritis and urinary infections, particularly those cases which have been found resistant to antibiotics in conventional use.

COLOMYCIN is notable for lack of toxic side-effects and in particular the absence of renal damage allows an exceptionally high degree of therapeutic safety.

"It is clinically effective in the treatment of infections due to *Ps. pyocyanea* and is thought to be the best antibiotic so far available for this purpose. The development of resistance to colomycin and toxic side-effects were insignificant."

THE FASTEST-ACTING ANTACID TABLET WITH THE UNIQUE MILK-LIKE ACTION

Titralac

one tablet provides
the action of $\frac{1}{4}$ pint fresh milk

Titralac tablets contain calcium carbonate, a rapidly effective, non-systemic antacid, and glycine which acts as a buffer to provide a prolonged and more controlled neutralising action similar to that of milk.

fastest-acting antacid tablet

'an excellent antacid . . . it acts more rapidly than other compounds, generally exerting its full neutralising effect before it is discharged from the stomach.'

The Medical Letter (1960) 2: 94

exceptionally palatable

Titralac tablets are notable for their exceptional palatability and are readily accepted by the patient. They dissolve easily and quickly to a smooth consistency, do not cling to the mouth, throat or oesophagus and leave no chalky or gritty sensation in the mouth after they are swallowed.

Gastroenterology (1956)

composition

Each tablet contains Calcium Carbonate B.P. 420 mg. and glycine 180 mg.

dosage

One or two tablets as required.

sevana

Trade Mark

(soap-free washing tablet)

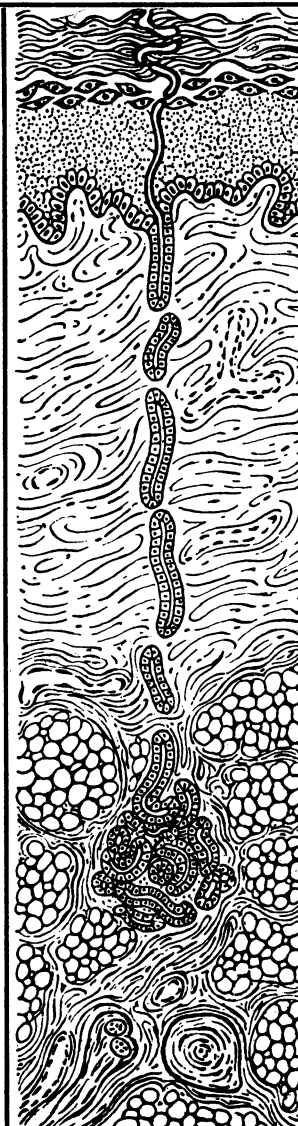

An entirely new and soap-free way to cleanse and care for skin in health or disease.

Used with hard or soft, cold or warm water, it will efficiently cleanse the skin without upsetting its normal, slightly acid, pH.

Sevana is proving a valuable help in the management of eczematous skin conditions or other dermatoses when soap cannot be tolerated.

Sevana owes its cleansing properties to sulphated fatty alcohols, the low molecular weight fractions of which have been excluded to avoid possible irritancy.

Patients should be recommended to buy it from retail pharmacists.

PROGRESS WITH BETAMETHASONE

TWO NEW INJECTIONS

Betnesol injection

Betnesol Injection is a ready-prepared solution containing soluble betamethasone phosphate for intravenous or intramuscular injection when a rapid, intensive response is required. Each 1 ml ampoule provides 4 mg of the very potent steroid, so that the volume to be injected may be comparatively small. Betnesol Injection is economical compared with other steroid injections.

LIFE-SUSTAINING MEASURE FOR MANY EMERGENCIES

Traumatic Shock When replacement of the blood volume and administration of a pressor drug fail to restore blood pressure to an acceptable level,

Betnesol Injection can provide a dramatic complementary effect.

Overwhelming Infection If large doses of a corticosteroid are given at the same time as antibiotics, the chance of survival can be greatly improved.

Status Asthmaticus Corticosteroids are highly effective in the treatment of asthma, and can complement the effect of adrenaline.

Allergic Emergencies In anaphylaxis, corticosteroids are often of value when given with adrenaline.

BETNESOL INJECTION

1 ml ampoules singly and in boxes of six.

Betnelan ^{intra-articular} injection

This newly-developed injection contains 4 mg sparingly soluble betamethasone alcohol and 1 mg betamethasone as soluble phosphate per ml. Betnelan Intra-articular Injection is indicated for inflammatory conditions of the joints and for soft tissue lesions.

SWIFT AND SUSTAINED EFFECT FROM A SINGLE INJECTION

Injections of corticosteroids for intra-articular use commonly contain the steroid in a sparingly-soluble form which gives a relatively prolonged effect. Commencement of relief may be a little

delayed, however, and sometimes an exacerbation occurs in the first day or so following injection. This tendency can be lessened by using a soluble corticosteroid, which gives benefit in a matter of a few hours.

Because Intra-articular Injection of Betnelan contains both soluble *and* sparingly-soluble corticosteroids, it has the advantage both of swift action and of sustained effect.

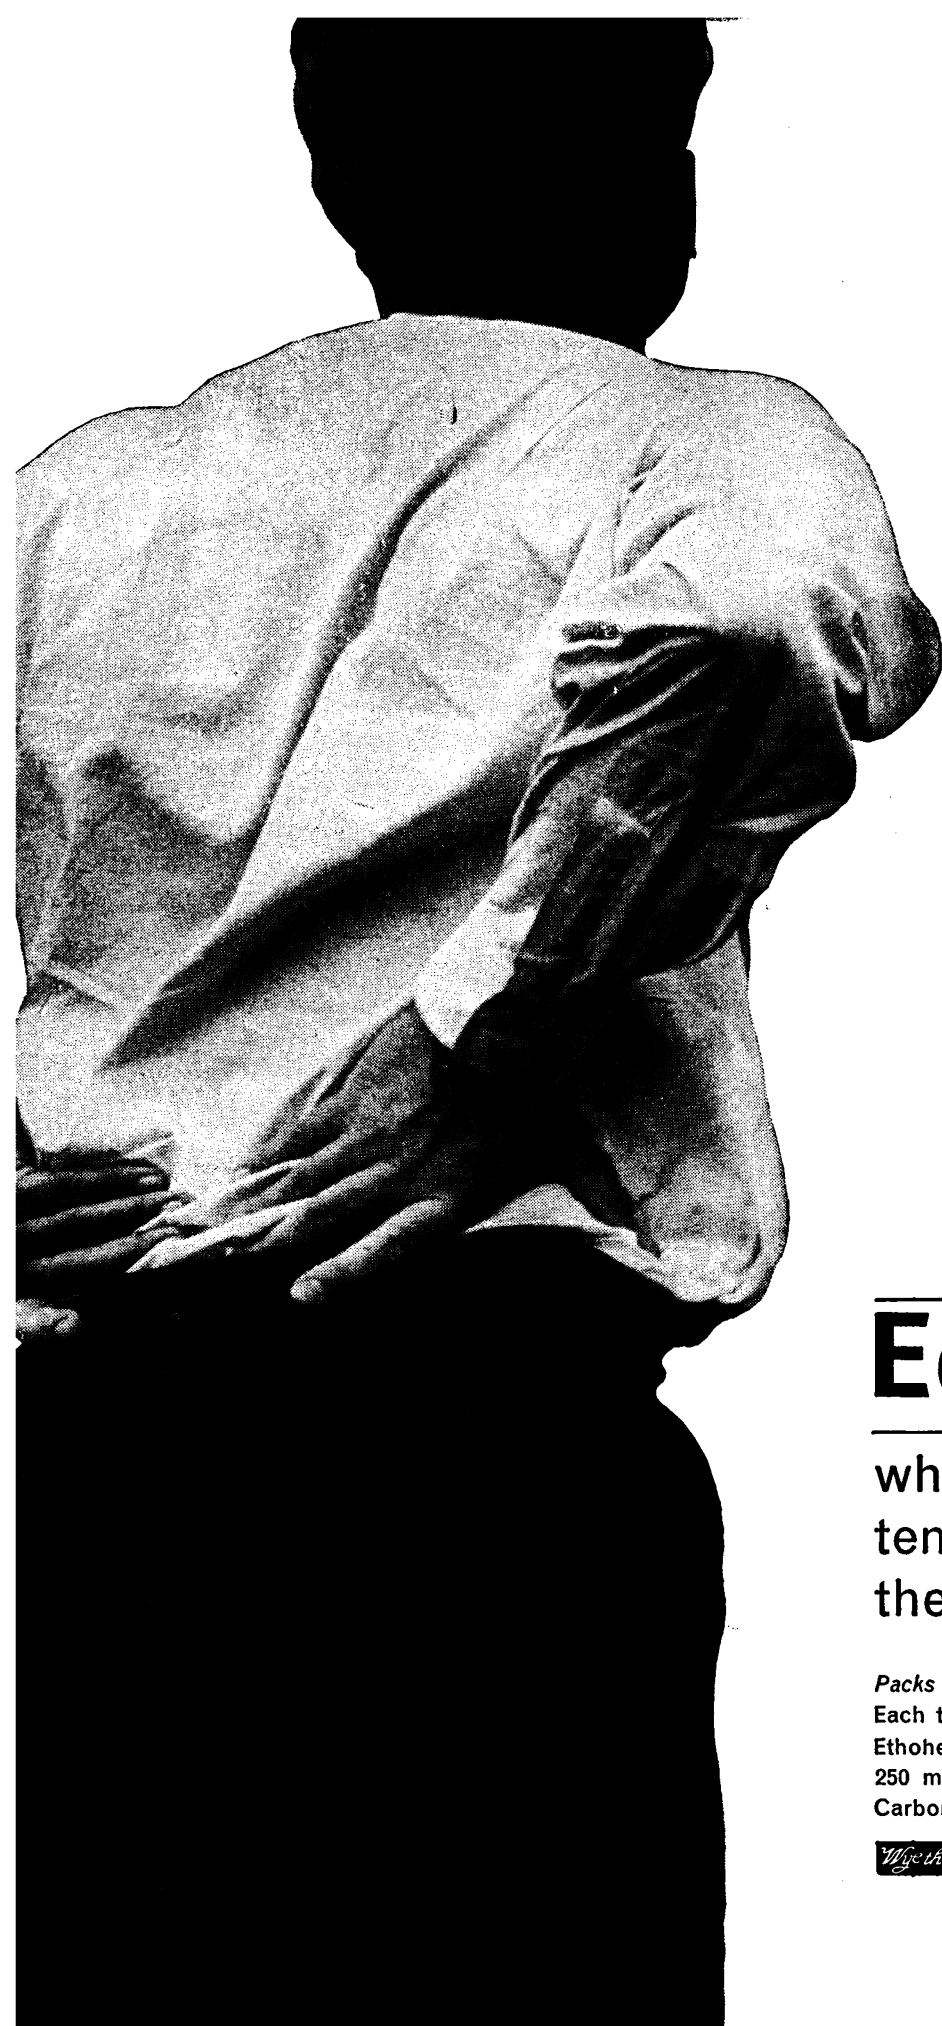

BETNELAN ^{intra-articular} INJECTION

In 5 ml vials and in boxes of 6 x 1 ml ampoules.

Aids to Clinical Practice

A series of cards dealing with common skin diseases is being sent to general practitioners. If you are not receiving these, the set will be supplied on request.

Terra-Cortril^{*} Spray

brand of oxytetracycline and hydrocortisone

...the new non-touch technique for

burns

infected dermatoses

leg ulcers

Spray treatment applies the full potency of Terra-Cortril directly on to the inflamed area. Its effect is immediate because the action is not retarded by a base.

Infection is prevented, inflammation and pain reduced, scar tissue development decisively checked and the healing process accelerated. Spray treatment prevents softening of surrounding tissue sometimes caused by dressings or ointments. The spray has a soothing effect much welcomed by patients.

Patients and nurses will find it easy and simple to use. Any part of the body can be sprayed in a few seconds.

Dressings may not be required. Spray treatment can be used with modern exposure techniques.

*How
do
you
tackle*

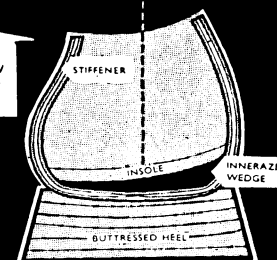

**FLAT
FOOT?**

WRONG METHOD

"ANY SHOE with external wedge. Any external wedge to heel disturbs plane of forepart and heel."

RIGHT METHOD

INNERAZE keeps sole and heel in perfect alignment.

...do you recommend an external wedge on the shoes?

But the wedges soon wear away; and very often the child is made to feel self-conscious because his shoes look different from other children's. As the diagram on the left clearly shows, any external wedge to heel disturbs the plane of forepart and heel. Surely it's more logical to have a wedge built-in between the inner and the outer sole—where it can correctly corset the foot, remain invisible, and completely unaffected by wear or repair of the shoe. That is how Start-rite INNERAZE shoes are made—on remedial lasts specially adapted to accommodate the internal wedge. That is why they are the only practical and thoroughly effective solution to this problem.

Information from Mr. W. J. Peake,
James Southall & Co. Ltd., Crome Road, Norwich. NOR 60A

SHOES BY START-RITE**

(who make the finest children's shoes of all types)

'BEWARE THE GREEKS.'

MAKING toothpaste—to the Greeks, was quite a culinary art. Pliny created a dentifrice out of ashes of hooves of oxen mixed with myrrh, burnt eggshells and pumice. Hippocrates recommended using a ball of wool dipped in honey, and then rinsing the mouth with a mixture of dill, aniseed, myrrh and white wine—nice for the sweet tooth. A 1st century B.C. cure for a pain in the gum perhaps induced by Greek toothpaste, was agreed upon by Pliny and Apollonius. They considered a sovereign remedy was to scratch the gum with the tooth of a man who had suffered a violent death. Perhaps that's why Greeks took to walking home in twos and threes on dark nights . . .

Nowadays we don't have to spend hours in the kitchen preparing our toothpaste—and a pain in the gum is easily cured by our dentist. But we can help *prevent* toothache if every day we follow the C D E F rule for healthy teeth.

- C** **CLEANING** Often and thorough to remove food particles that can cause decay. After each meal if possible, and always with a brush at bedtime.
- D** **DENTIST** Regular visits to catch any trouble early.
- E** **EXERCISE** Lots of chewing exercise—apples, celery, chewing gum, raw vegetables. Chewing helps to clean teeth, promotes flow of saliva (nature's mouthwash); stimulates gums, aids proper jaw development.
- F** **FOOD** Plenty of milk, butter, cheese and eggs: rich in minerals and vitamins for strong teeth and healthy gums.

Opportunities for

ANAESTHETISTS RADIOLOGISTS MEDICAL PRACTITIONERS

Come to **NATAL**

*The Garden Province of
South Africa*

Appointments can be offered to Immigrants or persons can be employed on a contract basis.

Whether you come as an Immigrant or only for a minimum contract period of two years, boat or air passage to Natal is paid in respect of yourself and your family, while salary commences from the date of your departure for Natal.

Salaries are paid according to experience and qualifications, and Immigrants who satisfy appointment requirements are eligible to permanent appointment with full pension rights.

The Salary Scale is as follows:

Chief Anaesthetist	£2,900
Medical Officer Special Grade (Anaesthetist)	£2,600
Senior Radiologist	£2,800
Radiologist	£2,600
Physician	£2,600
Medical Officer, Grade I	£1,980 × 60–2,100
Medical Officer, Grade II	on the scale £1,560–1,620–1,740 × 60–1,860
(The notch will depend on the experience gained.)	

Full details may be obtained from the Personnel Officer of the Natal Hospitals Service, Mr. G. K. Powdrell, who will be in London at South Africa House, Trafalgar Square, from July 30, 1962, and with whom appointments should be made.

THE GET-A- NEW-GRIP TYRE

DUNLOP ROAD-HUG RUBBER**

Dunlop pioneered high-adhesion rubber in tyres for motor racing, tyres for fast cars, tyres for luxury motoring. The road-hug rubber and safety tread in this new 'Gold Seal' give you totally new road-grip. You can feel the extra security as you corner or brake in wet or greasy conditions.

THE NEW

DUNLOP

GOLD SEAL C41

for TOP safety - TOP mileage

TWO MORE SAFEGUARDS

The new **safety tread** has been developed from the famous Dunlop 'Road Speed R.S.5' tyre to give you the full gripping benefit of the new rubber, while the new **safety shoulder** gives true, straight-line running over road-joints, built-up white lines, cat's eyes, etc., which often snatch sensitive steering at speed.

This new tyre is offered at no extra cost. In most sizes for popular modern cars.

Just ready. A Monumental and Long-Awaited Volume

Huffman's GYNECOLOGY AND OBSTETRICS

A superb exposition of sequential development of the structure and function of the female genitalia

A new, authoritative and scholarly work that integrates gynaecology and obstetrics into a unified discipline—examining carefully the peculiar problems of women from birth to death. The author sets out to answer the two most important questions about normal and abnormal changes that occur in the female generative organs during life; *what* happens to these organs and *why* do the changes occur.

Special chapters are devoted to paediatric and adolescent gynaecology, examination of the newborn, urinary incontinence, and geriatric gynaecology.

By JOHN WILLIAM HUFFMAN, *Professor of Gynecology and Obstetrics, Northwestern University Medical School.* 1,190 pages, with 536 illustrations, some in colour. **£9 16s. 0d.**

GYNECOLOGY

By Langdon Parsons, *Professor of Obstetrics and Gynecology, Boston University School of Medicine*; and Sheldon C. Sommers, *Pathologist*
1,250 pages, illustrated. **£7**

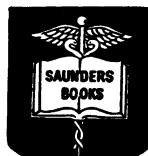

A gynaecologist and a pathologist combine to produce this remarkably useful new guide to diagnosis and management of gynaecologic disease. It covers all the disorders that accompany each stage of the life cycle. Strong emphasis is placed on the problem of cancer.

OBSTETRICS

By Duncan E. Reid, *Professor and Head of Department of Obstetrics, Harvard University Medical School*
1,087 pages, illustrated. **£6 9s. 6d.**

This is obstetrics illuminated in a true biological framework. It gives not only a clear picture of normal pregnancy and labour, but sound insight as well into the medical problems and complications that may arise at any time. It tells what to expect, when, and how to cope with it immediately.

W. B. SAUNDERS COMPANY

7 Grape Street, London, W.C.2.

Cortitrane

(Penotrane/prednisolone)
for monilial and bacterial infection of the skin.

Monilial Infections

The frequency of monilial infections has increased markedly in recent years. The present widespread use of antibiotics may be partly responsible for this.

In dermatology Monilia is commonly found in association with intertrigo and napkin rash.

Clinical response to Cortitrane is usually rapid. Any concurrent or secondary bacterial infection responds at the same time.

Bacterial Infections

Cortitrane clears superficial bacterial infections both gram-negative and gram-positive. Any concurrent or secondary monilial infection responds at the same time. The sensitivity reactions which sometimes occur with topical antibiotics are very seldom seen with Cortitrane. Resistant bacteria have not been encountered.

Cortitrane contains 0.1% Penotrane (hydragraphen), a penetrating antiseptic, the activity of which is not impaired by the presence of serum or pus, and 0.25% Prednisolone, a well-tried and effective corticosteroid.

£675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £195 per annum for voluntary residence;

£750 per annum for the second post held; deduction of £160 per annum for compulsory residence or £195 per annum for voluntary residence;

£825 per annum for the third and any subsequent posts held; deduction of £165 per annum for compulsory residence or £195 per annum for voluntary residence; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £750 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff; provided further that where a House Officer has previously held two such outside posts the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the appropriate rate to the second or third post held in accordance with the above provision shall be paid at the third post rate for any subsequent appointments in this grade.

(b) **SENIOR HOUSE OFFICERS.** Posts obtained by fully registered medical practitioners and held normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28 or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary residence.

(c) **JUNIOR HOSPITAL MEDICAL OFFICERS.** Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff (19/2/62)

SERVICES

You can earn £2000 a year on entry in the Royal Air Force

New Conditions for Registered Practitioners

Under a new scheme announced by the Air Ministry, if you are a qualified doctor you can enter the Royal Air Force immediately after full registration and be commissioned as a Flight Lieutenant, earning, with full allowances, £2,000 a year. If you have post-graduate experience you can be granted up to seven years back-dated seniority; a doctor with six years' civilian experience will be appointed Squadron Leader on entry, earning, with full allowances, £2,300 a year.

Tax free gratuities are payable on completion of short service commissions. These are £1,500 after three years or £3,000 after five years.

You can be offered a permanent commission and guaranteed pensionable employment to the age of 65 with excellent prospects of promotion to Group Captain rank and a salary of well over £3,000 a year. If you are married and serving at a Station you may be allocated an official married quarter. This will be a comfortably furnished house near your surgery.

You will have full clinical freedom and your practice will normally include the families of serving members of the Royal Air Force. You will have opportunities for specialising, and study leave is granted on full pay and allowances to permanent officers who wish to read for further qualifications.

'Pre-Registration Year' Scheme

If you are a medical graduate you may be commissioned in the Royal Air Force immediately in the rank of Flying Officer. You may then spend your pre-registration year seconded to a civilian hospital. This means that during your year as house physician or surgeon you may earn,

with full pay and allowances, up to £1,339 a year. On registration, you will become a Flight Lieutenant with possible earnings of £2,000 a year. To qualify for this scheme you must undertake to serve for at least three years after full registration. Your pre-registration year counts towards your gratuity following a short service commission and towards retired pay on a permanent commission. The gratuity on completion of a three year commission is £1,500 plus £200 for the full pre-registration year; on completing a five year commission the gratuity is £3,000 plus £200 for the full pre-registration year. These gratuities are tax free.

'Medical Cadetship' Scheme

If you are a medical student and have passed your second M.B. examination or the equivalent you may be commissioned now in the Royal Air Force. During the remainder of your medical training your fees will be paid and you will receive the full pay and allowances of a Pilot Officer which can amount to £1,090 a year.

To qualify for this scheme, you must undertake to serve for at least five years in the Medical Branch of the Royal Air Force after full registration.

At the end of the five years you may enter civilian practice with a tax free gratuity of between £1,400 and £2,600, or you may be selected for a permanent commission which guarantees pensionable employment to the age of 65 and which may take you to the most senior ranks in the Service.

For full information on the new conditions for doctors, specialists, graduates and cadets in the Royal Air Force, write to the Director-General of Medical Services, Air Ministry (M.A.1), (HN 893 J), 1 Tavistock Square, London, W.C.1.

Applications are invited for a post as

MEDICAL OFFICER

which will occur at the hospital of a mining company on the Copperbelt of Northern Rhodesia.

Applicants, who preferably should be married, must hold qualifications registrable in the United Kingdom and should be experienced in medicine, surgery, anaesthetics, and obstetrics.

The successful candidate will work with one other doctor in a modern well equipped hospital providing medical services for 6,000 Africans and 1,200 Europeans.

The starting salary will depend on qualifications and experience but will not be less than £2,000 per annum. There is also a variable bonus, at present 35% on salary. A car allowance is paid, and married accommodation with basic furniture is provided at a sub-economic rent. There are also a contributory pension and life assurance scheme and an employees' share purchase plan which operates on generous terms.

Leave at 51 days per annum may be accumulated over three years' service. The company bears the outward passage expenses for the employee and his family.

Applications should be sent to:

**The Appointments Officer,
Mine Employment Department,
Selection Trust Limited,
Mason's Avenue, Coleman Street,
London E.C.2,**

quoting C.10/62A

and should include details of qualifications and experience, copies of three recent testimonials, and the names of two further persons willing to act as references. A recent photograph of the applicant (and, if applicable, of his wife) should also be enclosed. (9791)

MONASH UNIVERSITY
Melbourne, Australia
Department of Physiology

Applications are invited for the following appointments in the Department of Physiology:

LECTURER OR SENIOR LECTURER TEACHING FELLOW OR SENIOR TEACHING FELLOW

Applicants should have a degree in Science or Medicine. Previous experience in teaching physiology and/or in research is essential for the more senior posts.

The Department of Physiology is responsible for the teaching of Physiology to medical students, and in addition will be offering Science degree courses in Physiology up to and including the degree of Ph.D.

The department's principal research interests at present are: the physiology and pharmacology of synaptic and neuromuscular junctions, including those of smooth muscle, and the physiology of sensory mechanisms. The early development of another major field, such as circulatory physiology, is planned.

Salary scales:

Senior Lecturer, £A.2,480/£A.100/£A.3,000 :
If medically qualified, £A.2,600/£A.100/£A.3,300 :

Lecturer £A.1,660/£A.100/£A.2,450 :
with provision for superannuation on the F.S.S.U. basis :

Senior Teaching Fellow, £A.1,400/£A.50/£A.1,600
superannuation optional ;

Teaching Fellow, £A.1,120/£A.45/£A.1,300.

Detailed conditions of the appointments may be had from the Registrar of the University or from the Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London S.W.1. Information in regard to research facilities, etc., may be obtained directly from Professor A. K. McIntyre, Department of Physiology, Monash University.

Applications, in duplicate, and giving the information listed in the conditions of appointment, **should be lodged with the Registrar of the University, P.O. Box 92, Clayton, Victoria, Australia, not later than August 31, 1962.** (9797)

RESIDENCES, INTERNAL MEDICINE. DEAN'S Committee VA Hospital, Baylor University College of Medicine. Applicants with teaching and research interests desired. U.S. citizenship or graduation from a United States or Canadian medical school required.—H. G. Boren, M.D., Chief of Medicine, VA Hospital, Houston 31, Texas. (6959)

SOUTH PACIFIC COMMISSION

APPOINTMENT OF HEALTH EDUCATION OFFICER

Applications are invited for a position as Health Education Officer in the South Pacific Commission. The appointee's principal duties will be, under the direction of the Executive Officer for Health and in collaboration with the Commission's other Health Education Officer, to act as a technical adviser to territorial governments in the South Pacific area, to organize field demonstrations and training courses, and to prepare health education material.

Applicants should have had special experience in health education, preferably in under-developed territories, and should possess a special diploma or graduate qualification in this subject.

The official working languages of the Commission are English and French.

The successful applicant will be stationed in Nouméa, New Caledonia, but will be expected to travel extensively in the Pacific, involving long periods away from headquarters, working in a relatively independent capacity, possibly under primitive conditions.

Salary: On the scale £Stg.2,100 to £Stg.2,436, according to qualifications and experience, plus expatriation allowance of £Stg.336 single or £Stg.492 married, and child allowance of £Stg.100 for each dependent child. Subsistence allowances are payable when away from headquarters.

Appointment is by contract, usually for three years.

Housing, with heavy furniture, is provided at a rental based on salary.

Further details may be obtained from the Secretary-General, South Pacific Commission, P.B. No. 9 Nouméa, New Caledonia, to whom applications should be sent, together with the names of three referees, not later than October 31, 1962. (9725)

Oversea (Vacant)—contd.**NORTHLAND HOSPITAL BOARD
New Zealand**

Applications are invited from qualified medical practitioners for the appointment of

**ANAESTHETIST SPECIALIST
Whangarei Base Hospital, Whangarei**

This is a new post and the appointee will be required to commence on January 1, 1963.

The successful applicant will be responsible to the Medical Superintendent-in-Chief for the efficient organization and direction of the anaesthetic service at the Whangarei Base Hospital, and he may be required to give advice about the anaesthetic service in peripheral hospitals. He will be required to arrange and provide instruction in anaesthesia for House Surgeons and Registrars and lay down a policy in regard to the scope and limitation of their work in this field. He may be required to lecture to nurses. He will be available to consult upon medical and surgical cases presenting respiratory problems, and shall co-operate with the panel of specialists appointed by the Board. A higher qualification is required.

Salary for a Junior Specialist is in the range £1,930/£2,045/£2,160/£2,300. Senior Specialist £2,450/£2,600/£2,700/£2,800 or £2,800/£2,900/£3,000/£3,100. The salary is subject to the determination of the Medical Officers' Salaries Grading Committee.

Further details and conditions of appointment may be obtained from the undersigned, with whom applications close on August 17, 1962.—A. G. Wilson, Secretary, Northland Hospital Board, P.O. Box 742, Whangarei, New Zealand. (9374)

**NORTHLAND HOSPITAL BOARD
New Zealand**

Applications are invited from qualified medical practitioners for the whole-time position of

MEDICAL SUPERINTENDENT**Kawakawa Hospital, Kawakawa, Bay of Islands**

The Kawakawa Hospital is situated in a rural area, the available beds being 60 general and 18 maternity.

The Medical Superintendent will be responsible to the Medical Superintendent-in-Chief for the provision of hospital treatment for patients in the Bay of Islands Hospital district, and for the efficient management of the hospital services pertaining to the care and treatment of patients. He will be responsible for carrying out all medical and surgical work at the hospital. He will be required to co-operate with the panel of Specialists appointed by the Board, and expected to seek their advice in more difficult cases pertaining to their specialty. A higher qualification is desirable but not essential.

Salary in the range £2,450/£2,600/£2,700/£2,800. This is subject to determination by the Medical Officers' Salaries Grading Committee according to qualifications and experience. An unfurnished house is available at an annual rental.

Further details and conditions of appointment may be obtained from the undersigned, with whom applications close on August 31, 1962.—A. G. Wilson, Secretary, Northland Hospital Board, P.O. Box 742, Whangarei, New Zealand. (9690)

SOUTH PACIFIC COMMISSION**APPOINTMENT OF MEDICAL OFFICER**

Applications are invited for the post of Medical Officer with the South Pacific Commission. Essential qualifications include special knowledge and experience of public health work, preferably in tropical areas. The possession of a Diploma in Public Health or Tropical Medicine (or similar postgraduate qualification) will normally be necessary. The official working languages of the Commission are English and French.

The officer will work under the direction of the Executive Officer for Health, who is in overall charge of the Commission's health programme. The work includes giving expert advice to territorial governments on public health matters, organizing field epidemiological work, conducting training courses for local staff and preparing and editing technical information for publication by the Commission. The officer will be stationed in Nouméa, New Caledonia, but must be prepared to spend lengthy periods away from headquarters.

Salary: £Stg.2,724 by £Stg.96 to £Stg.3,204, with starting point according to qualifications, age and experience. Expatriation allowance of £Stg.336 single and £Stg.492 married, child allowance of £Stg.100 for each dependent child, and subsistence allowances when away from headquarters are also payable. Appointment will be by contract for a period of three years. Housing with heavy furniture is provided at a rental based on salary.

The successful candidate will be expected to assume duty as soon as possible after January 1, 1963. Further particulars may be obtained from the Secretary-General, South Pacific Commission, Post Box No. 9, Nouméa, New Caledonia, to whom applications should be sent, together with the names of three referees, by October 31, 1962. (9724)

APPOINTMENTS****THE MEDICAL COLLEGE OF
ST. BARTHOLOMEW'S HOSPITAL
West Smithfield, E.C.1**

Applications are invited from medically qualified gentlemen for the post of

**DEMONSTRATOR (Junior Lecturer) IN
ANATOMY**

tenable as from October 1, 1962. Salary on the scale £1,050 by £50 to £1,250, plus £60 London allowance, together with children's allowance and membership of the F.S.S.U.

Application forms, which should be returned not later than September 1, 1962, may be obtained from the Secretary of the Medical College. (9705)

University and Research Appointments—contd.

THE UNITED OXFORD HOSPITALS

Applications are invited for the post of
REGISTRAR
in the Medical Research Council Blood Coagulation Research Unit at the Churchill Hospital. Duties will be the clinical care of haemophilic patients and research in blood coagulation. The post will be tenable for one year in the first instance, eligible for an extension for a second year, and will be paid by the United Oxford Hospitals (six sessions) and by the M.R.C. (five sessions). Applications, on forms obtainable from the Administrator, Radcliffe Infirmary, Oxford, should be received not later than August 4, 1962. (9288)

THE UNIVERSITY OF MANCHESTER

Applications are invited for the post of
TUTOR IN MEDICINE
Salary scale £1,200 to £1,650 per annum. Membership of F.S.S.U. and children's allowance scheme. The Tutor will be required to give instruction in clinical medicine and to take part in the clinical and research activities of the Department of Medicine. There will be an opportunity for attachment to a non-clinical department in the Medical School. A higher qualification in medicine will be considered an advantage. Duties to commence on October 1, 1962. Applications should be sent, not later than August 15, 1962, to the Registrar, the University, Manchester 13, from whom further particulars and forms of application may be obtained. (9351)

UNIVERSITY OF ABERDEEN Department of Medicine

Applications are invited for the post of
LECTURER IN MEDICINE
Experience in haematology essential. Duties include participation in a routine haematological service, clinical responsibility, teaching and research. Appropriate clinical status will be accorded by the N.E. Regional Hospital Board. Salary on scale £1,150 to £2,350, with placing according to qualifications and experience. F.S.S.U., child allowance, and removal allowance. Further particulars may be obtained from the Secretary, the University, Aberdeen, with whom applications (10 copies) should be lodged not later than August 25, 1962. (9687)

UNIVERSITY OF EDINBURGH Department of Therapeutics

LECTURESHIP
Applications are invited for a Lectureship in the Department of Therapeutics. Salary scale £1,150 by £100 to £1,550, bar, £1,650 by £100 to £2,350 per annum, with placement according to qualifications and experience, and with superannuation benefit and family allowance where applicable. The post will carry an appropriate honorary contract with the South-Eastern Regional Hospital Board. The successful candidate will be expected to take up duty on October 1, 1962, or as soon as possible thereafter. Further particulars may be obtained from the undersigned, with whom applications (12 copies), giving the names of three referees, should be lodged not later than August 31, 1962.—Charles H. Stewart, Secretary to the University. (9788)

UNIVERSITY OF LONDON CENTRAL INSTITUTIONS Student Health Service

Applications are invited for the post of
ASSISTANT PHYSICIAN
(Part-time). Salary will be in the range of Lecturer or Senior Lecturer in Clinical Medicine. A formal training in psychiatry is not required but a wide interest in the psychological basis of medical practice is essential. There are opportunities for research in medical and sociological aspects of adolescence. For further details apply to Dr. N. Malleon, Director, 2 Woburn Square, W.C.1. Tel.: Museum 7949. (9814)

COMMERCIAL APPOINTMENTS

CLINICAL OFFICER

A medical practitioner, of suitable experience since qualifying, is sought to fill an interesting appointment as Clinical Officer in a pharmaceutical house of international standing.

The Clinical Officer will be responsible for appraisal of new drugs and compounds from research, the establishment of clinical projects and evaluation of their progress, and the interpretation of data prior to preparation for market.

The appointment will be commensurately remunerated, and offers an unusual opportunity to the suitable candidate. Some travel will be involved.

Applications, in writing in the first instance, should provide sufficiently full details of personal and professional history upon which a decision regarding selection interviews may be reached. Replies should be marked "confidential" and addressed to the Managing Director, Ortho Pharmaceutical Limited, Saunderton, High Wycombe, Buckinghamshire. (9738)

PARKE-DAVIS

Parke, Davis & Company seek to extend their

CLINICAL INVESTIGATION DEPARTMENT

and applications are invited from medically qualified men. The work involved includes the initiation and direction of clinical trials of new drugs in Britain and Europe, and candidates must be willing to travel. Applicants must be well qualified, aged 30–25, of Medical Registrar or equivalent status, and with a wide range of medical interests.

Previous research experience would be advantageous, and preference would be given to applicants with ability to speak European languages. Salary paid would depend upon qualifications and experience.

Applications with full particulars, including details of education and experience, should be addressed to:

**The Director of Clinical Investigation,
PARKE, DAVIS & COMPANY,
Staines Road, Hounslow, Middlesex.**

(9767)

EDUCATIONAL AND LECTURES

KEEP UP WITH THE JONES'S AND GET your coronary first. It's easier if you have the Membership.—Write J. Arnold, 189 Regent Street, W.1.

IMPERIAL COLLEGE. TWO SENIOR BURSARIES, at a value appropriate to the status of the selected candidates, available to applicants engaged in medical and biological research for a 10-month, full-time postgraduate course in Applications of Engineering in Medicine and Biology, commencing in the Electrical Engineering Department on October 1, 1962. Applications and enquiries to the Registrar, Imperial College, London S.W.7. (9795)
