This is the Vi-Daylin moment. It comes once a day and there is absolutely no mistaking how children feel about it. It is a treat that becomes a habit. A habit that assures accepted dosage. Yes children of all ages love Vi-Daylin.

VI-DAYLIN Vitamin Tonic

Each daily 5 c.c. teaspoonful of Vi-Daylin contains Vitamin A, 3,000 I.U., Vitamin D B.P., 400 I.U., Aneurine Hydrochloride B.P., 1.5 mg., Riboflavine B.P., 1.2 mg., Ascorbic Acid B.P., 50 mg., Nicotinamide 10 mg., Pyridoxine Hydrochloride 1.0 mg.

ABBOTT LABORATORIES LTD · QUEENBOROUGH · KENT

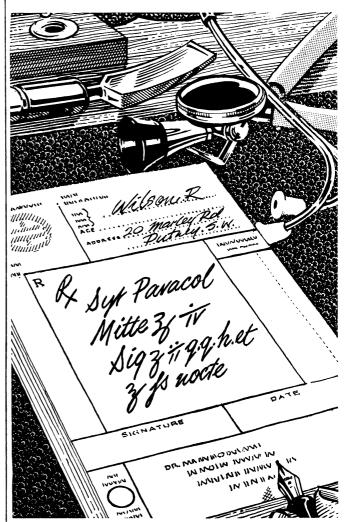

...do you recommend an external wedge on the shoes?

But the wedges soon wear away; and very often the child is made to feel self-conscious because his shoes look different from other children's. As the diagram on the left clearly shows, any external wedge to heel disturbs the plane of forepart and heel. Surely it's more logical to have a wedge built-in between the inner and the outer sole—where it can correctly corset the foot, remain invisible, and completely unaffected by wear or repair of the shoe. That is how Start-rite INNERAZE shoes are made—on remedial lasts specially adapted to accommodate the internal wedge. That is why they are the only practical and thoroughly effective solution to this problem.

Information from Mr. W. J. Peake, James Southall & Co. Ltd., Crome Road, Norwich. NOR 60A

(who make the finest children's shoes of all types)

PAVACOL

an economical prescription for effective treatment of Coughs and Bronchitis

ECONOMY: The cost of Pavacol at the dispensing pack rate to chemists is only 7d. per fluid ounce.

DUAL ACTIVITY: Pavacol relieves Cough by acting in two ways:—
 1 The pholocodine content exhibits a cough suppressant effect comparable with that of Heroin but without the latter's dis-

advantages in being addictive and constipating;
The Papaverine content relaxes plain muscle by direct action and the resultant bronchodilatation makes it easier for the patient to cough up sputum.

DIABETIC SYRUP ALSO AVAILABLE—Pavacol Diabetic contains the same ingredients as ordinary Pavacol Syrup but carbohydrates are omitted: Indications, dosage and price are identical.

Literature and professional samples available on request.

Discord Into Harmony...

"The sympathetic is like the loud and soft pedals, modulating all the keys together; the cranial and sacral innervations are like the separate keys."

CANNON, W. B., The Wisdom of the Body.

Mental and emotional stress may set the keys a-jangling and throw the autonomic system into discord—
a discord which reverberates through every function of the body and shows itself as one or other form of psychosometre disorder.

Elimination of the cause if possible,
reassurance of course and psychotherapy if need of
are the essentials of treatment—
but the first aid the distressed patient needs

Bellergal acts by controlling the exaggerated responses of the autonomic nervous system—
ergotamine and belladonna block the passage of impulses at the sympathetic and parasympathetic nerve-endings and phenobarbitone renders the higher centres less reactive

Bellergal acts at different levels—central and peripheral—
to control the somatic manifestations of mental and emotional stress,
Bellergal restores the harmony of autonomic functions
and once again the body becomes a well-tuned

and well-tempered—instrument.

to mental and emotional stimuli.

Bellergal

BY SANDOZ

Each tablet contains
0.1 mg. total alkaloids of belladonna
0.3 mg. Ergotamine Tartrate B.P.
20 mg. Phenobarbitone B.P.
1 or 2 tablets three times daily.

ORBENIN (BRL) SODIUM CLOXAGILLIN

ORAL PENICILLIN ACTIVE AGAINST RESISTANT STAPHYLOCOCCI

ORBENIN is indicated for immediate use in known or suspected resistant staphylococcal infections, and in mixed Gram-positive infections (e.g. infected burns) where resistant staphylococci may be present.

- Orbenin is stable to staphylococcal penicillinase and highly effective against 'resistant' staphylococci. Its activity is four times that of methicillin.
- Orbenin is also highly effective against other Gram-positive organisms, including streptococci, pneumococci and penicillin-sensitive staphylococci.
- Orbenin is bactericidal; it is acid-stable and well absorbed by either the oral or intramuscular routes.

Dosage by mouth is 500 mg. 6 hourly. Dosage by intramuscular injection is 250 mg. four to six hourly

ORBENIN is a product of British research at BEECHAM RESEARCH LABORATORIES LIMITED

Brentford · England · Telephone ISLeworth 4111

CRYSTAPEN

INJECTION · TABLETS · SYRUP

There is no swifter, more effective or more economical treatment for the majority of patients with acute otitis media than Crystapen (soluble penicillin G). Preferably it is given by injection, at least to commence treatment, or if one of the oral preparations is used large initial doses are recommended.

Crystapen is a Glaxo trade mark

Penbritin is more active than either the tetracyclines or chloramphenicol against Haemophilus influenzae and Diplococcus pneumoniae, the organisms most commonly associated with chronic bronchitis. Penbritin is now the antibiotic indicated for the treatment of chronic bronchitis.

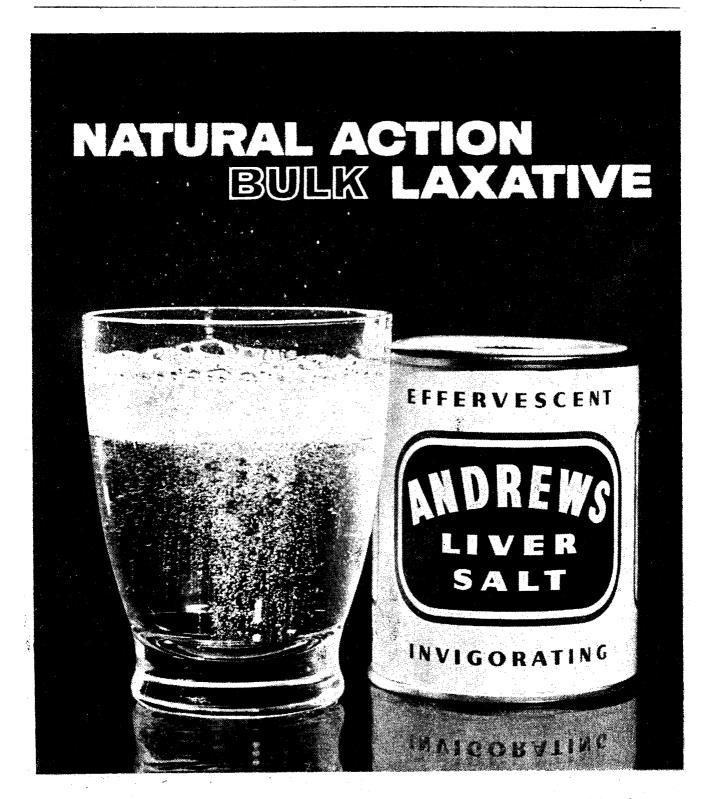

PENBRITIN IS

- More active than either the tetracyclines or chloramphenicol against a wide range of organisms
- Bactericidal
- Orally administered

Dosage 1 capsule 6 hrly. (for prophylaxis 1 capsule 12 hourly). Each capsule contains 250 mg. of Ampicillin.

Penbritin is a product of British research at **BEECHAM RESEARCH LABORATORIES LIMITED** Brentford England Telephone: ISLeworth 4111

DEFICIENT intestinal bulk is one of the main causes of constipation. In such cases Andrews is particularly useful. It swells the bowel content by osmosis and stimulates peristalsis. In this perfectly natural way, Andrews induces a mild aperient action that does not irritate the intestine.

Andrews relieves constipation arising from decreased food intake during illness or restricted diet. It is also mildly antacid and relieves gastric discomfort; it helps to check biliousness and sick headaches. Andrews is readily acceptable because of its pleasant taste and refreshing effervescence.

$the \, standard \, or al \, treatment \, of \, diabetes$

Rastinon is indicated in the oral treatment of diabetes, and especially in cases where the patient is middle-aged and the diabetes has recently been discovered. Rastinon is the standard oral treatment of diabetes, and has been used in nearly 2 million patients. Rastinon tablets are remarkable for their effectiveness, simplicity, safety and economy.

ALDOMET

METHYLDOPA'

a significant advance in the treatment of hypertension

Evidence as to the clinical efficacy of ALDOMET continues to appear in the medical press. To date, eight publications have appeared in British journals. (The complete bibliography on ALDOMET numbers over sixty papers.)

These reports give independent confirmation of the advantages of ALDOMET—in brief, reduction of lying as well as standing blood pressure, with less exertional hypotension and less diurnal fluctuation than hitherto, simplicity of administration and general lack of severe side effects.

for the simpler management of hypertension

ALDOMET is supplied as yellow, film-coated tablets containing 250 mg. methyldopa. Detailed information on dosage, administration, indications, precautions and bibliography is available on request.

ALDOMET is a product of Merck Sharp & Dohme research and is made in England by

"ANTI-FUNGAL PROPHYLAXIS DURING BROAD-SPECTRUM ANTIBIOTIC THERAPY"

Therapeutic
spectrum of
MYSTECLIN-V
compared to other
antimicrobial
agents

"The danger of superinfection with monilia and other fungi occurring during oral broad-spectrum antibiotic therapy is a real one, especially if dosage is heavy and treatment prolonged.*

For this reason it is a wise precaution to administer an antifungal compound with the broad spectrum antibiotic and both nystatin and amphotericin B have been used for this purpose.

Preparations are available in which one of these anti-fungal drugs is combined with a broad-spectrum antibiotic in a single tablet [capsule] and have much to recommend them."

Quoted from: CURRENT THERAPEUTICS—ANTI-FUNGAL ANTIBIOTICS Reference: PRACTITIONER 189, 364, September, 1962.

THE ROYAL NAVY offers you MORE

YOU CAN SERVE almost anywhere in almost any field of Naval activity, combining your calling as a doctor with the stimulus of a life as a commissioned officer in the Royal Navy. You could serve in almost any vessel from a frigate to an aircraft carrier, sail with the fleet to the Far East or work with a squadron in the West Indies. You could apply your care to Royal Marines Commandos, among parachutists, frogmen or rock climbers. You could fly with the Fleet Air Arm as a specialist in aviation medicine or investigate the problems of deep diving and advanced submarine development. You could work in a laboratory, hospital or medical school; serve at home or abroad, on shore or afloat; or study any one of a variety of subjects ranging from radio-biology to tropical diseases. And throughout your service as a Naval Medical Officer you would be working with the finest equipment in complete clinical freedom -and perhaps a greater opportunity to exercise your versatility than would ever be possible in civilian life.

YOU CAN ENTER BY ONE OF THREE METHODS All schemes lead to Short Service Commissions of 3-5 years' duration. Holders of such commissions can apply for permanent commissions after one year following appointment as Surgeon Lieutenant.

		PAY ON ENTRY		RMANENT IMISSION GRANTS

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

* SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying. SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) REGISTRAR. Posts obtainable normally not less than one year after full registration as a medical practitioner and held normally for two years: £1,250 in the first year; £1,400 in the second and any subsequent years. Deduction of £215 per annum for compulsory residence; £255 per annum for voluntary

subsequent years. Deduction of £215 per annum for compulsory residence.

(b) SENIOR REGISTRAR. Posts obtained normally not less than three years after full registration and held normally for four years; £1,500 by £100 to £1,800 in the fourth year; thereafter, £1,900 in the fifth and sixth years; £2,000 in the seventh and eighth years; £2,100 in the ninth and any subsequent years. Deduction of £250 per annum for compulsory residence; £275 per annum for voluntary residence.

Other Grades, Whole-time

(a) HOUSE OFFICERS. Each post in this grade shall be tenable for six months. £675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £195 per annum for voluntary residence; £750 per annum for the second post held; deduction of £160 per annum for compulsory residence or

erannum for voluntary residence;

4750 per annum for the second post held; deduction of £160 per annum for compulsory residence or
£195 per annum for the third and any subsequent posts held; deduction of £165 per annum for
compulsory residence or £195 per annum for voluntary residence;
provided that the employing authority (subject in the case of a Hospital Management Committee to the
consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any
officer holding his first post in the National Health Service as a House Officer shall be £750 per annum
if they are satisfied that the officer has held at least one hospital post outside, of not less than six months'
duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service
and supervised by appropriate specialist staff; provided further that where a House Officer has previously
held two such outside posts the employing authority (subject in the case of a Hospital Management
Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his
remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the
appropriate rate to the second or third post held in accordance with the above provision shall be paid at
the third post rate for any subsequent appointments in this grade.

(b) SENIOR HOUSE OFFICERS. Posts obtained by fully registered medical practitioners and held
normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28
or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary
residence.

(c) JUNIOR HOSPITAL MEDICAL OFFICERS. Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence

or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff (19/2/62)

SERVICES

You can earn £2000 a year on entry in the Royal Air Force

New Conditions for Registered Practitioners

Under a new scheme announced by the Air Ministry, if you are a qualified doctor you can enter the Royal Air Force immediately after full registration and be commissioned as a Flight Lieutenant, earning, with full allowances, £2,000 a year. If you have post-graduate experience you can be granted up to seven years back-dated seniority; a doctor with six years' civilian experience will be appointed Squadron Leader on entry, earning, with full allowances, £2,300 a year.

Tax free gratuities are payable on completion of short service commissions. These are £1,500 after three years or £3,000 after five years.

You can be offered a permanent commission and guaranteed pensionable employment to the age of 65 with excellent prospects of promotion to Group Captain rank and a salary of well over £3,000 a year. If you are married and serving at a Station you may be allocated an official married quarter. This will be a comfortably furnished house near your surgery.

You will have full clinical freedom and your practice will normally include the families of serving members of the Royal Air Force. You will have opportunities for specialising, and study leave is granted on full pay and allowances to permanent officers who wish to read for further qualifications.

'Pre-Registration Year' Scheme

If you are a medical graduate you may be commissioned in the Royal Air Force immediately in the rank of Flying Officer. You may then spend your pre-registration year seconded to a civilian hospital. This means that during your year as house physician or surgeon you may earn,

with full pay and allowances, up to £1,339 a year. On registration, you will become a Flight Lieutenant with possible earnings of £2,000 a year. To qualify for this scheme you must undertake to serve for at least three years after full registration. Your pre-registration year counts towards your gratuity following a short service commission and towards retired pay on a permanent commission. The gratuity on completion of a three year commission is £1,500 plus £200 for the full pre-registration year; on completing a five year commission the gratuity is £3,000 plus £200 for the full pre-registration year. These gratuities are tax free.

'Medical Cadetship' Scheme

If you are a medical student and have passed your second M.B. examination or the equivalent you may be commissioned now in the Royal Air Force. During the remainder of your medical training your fees will be paid and you will receive the full pay and allowances of a Pilot Officer which can amount to £1,090 a year.

To qualify for this scheme, you must undertake to serve for at least five years in the Medical Branch of the Royal Air Force after full registration.

At the end of the five years you may enter civilian practice with a tax free gratuity of between £1,400 and £2,600, or you may be selected for a permanent commission which guarantees pensionable employment to the age of 65 and which may take you to the most senior ranks in the Service.

For full information on the new conditions for doctors, specialists, graduates and cadets in the Royal Air Force, write to the Director-General of Medical Services, Air Ministry (M.A.1), (HN 893 R), 1 Tavistock Square, London, W.C.1.

in the treatment of peptic ulcer

has particular advantages

ROTER achieves a high cure rate and often gives effective control of even refractory chronic cases which have resisted other treatments.

ROTER in many cases obviates the need for hospitalization or surgical intervention.

ROTER helps patients to keep ambulant and symptom-free with a minimum of medication and with few, if any, dietary restrictions.

ROTER in general practice enables the physician to take adequate care of his gastric cases without frequent or prolonged supervision.

ROTER has no known side effects.

ROTER requires no supplementary medication such as sedatives or antispasmodics.

ROTER shows a saving in cost when compared with conventional methods of treatment.

GDSearle & Co Ltd information on oral contraception

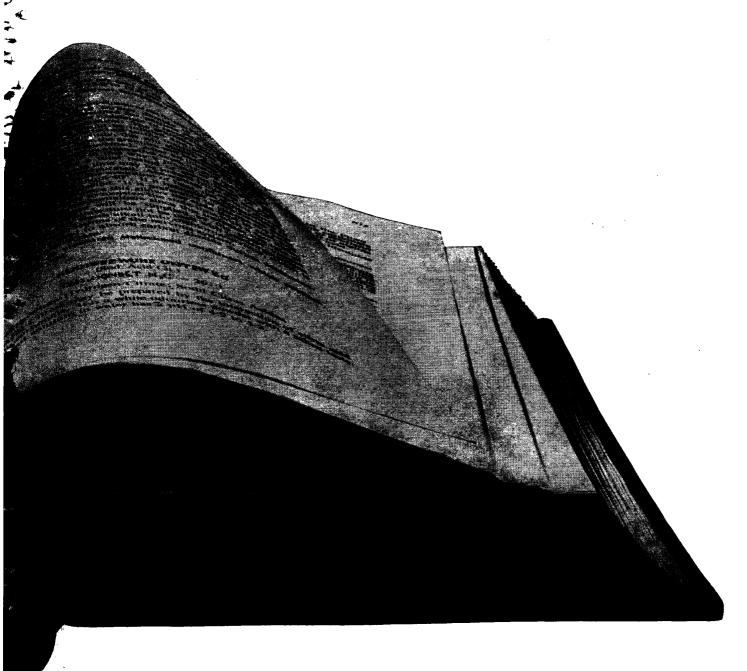

The research carried out by Searle during the last eight years into oral contraception has led to a considerable number of publications in the world medical press.

Many of these publications deal specifically with the two Searle oral contraceptive products, conovid* and conovid-e† and are the basis of an information service available to the medical profession on request. This consists of fully documented reference manuals on conovid and conovid-e, a booklet in question and answer form dealing with many of the inquiries received regarding the use of the two products, and a booklet for patients available in quantity to the medical profession for distribution to their patients.

BOWDEN HOUSE CLINIC

BOWDEN HOUSE CLINIC
Harrow-on-the-Hill, Middlesex
Established in 1911. Tcl.: BYRon 1011 and 4772
(Incorporated Association not carried on for profit)
A private clinic, outside the National Health
Service, for the treatment of patients suffering
from the neuroses, psychosomatic and nervous disorders, also the specialized treatment of alcoholism
and drug addiction. All modern forms of physical
psychiatric treatment and intensive psycho-cherapy
are employed. A full physical examination and
pathological investigations are made in the first
week. All treatment by m.mbers of the staff is
inclusive. The clinic is a 30 minutes' journey by
train or road from Marble Arch, and is surrounded
by six acres of grounds, so that there are quiet
and tranquil surroundings within casy reach of
London.

Consulting Psychiatrist:

E. A. Bennet, M.C., M.D., D.P.M.
Medical Director:
Glyn Davies, B.A., M.R.C.S., D.P.M.
Assistant Medical Director:
Michael Davys, B.A., B.M., B.Ch., D.P.M.

HITCHAM PLACE, BURNHAM, BUCKS (L'ite Fens'anton, Christchurch Road, S.W.)
A Private Home for the treatment of LADIES with mental and nervous disorders. Psychotherapy, Physiotherapy, etc. A large country mansion with 20 acres in Green Belt. Apply to Dr. Madeline R. Lockwood, Resident Physician Superintendent. Tel.: Burnham 624. Station: Taplow.

ST. ANDREW'S HOSPITAL FOR NERVOUS AND MENTAL DISORDERS NORTHAMPTON

NORTHAMPTON

President: The Earl Spencer.
Medical Superintendent:
D. J. O'Connell, M.D., D.P.M.
This private hospital receives patients, both male and female, suffering from nervous and mental disorders, including alcoholism and senile illnesses. The fees range from fourteen guineas per week. Private rooms with special nurses can be provided either in the hospital or in one of the villas in the grounds. The hospital is situated in 130 acres of pleasant grounds, which provide all recreational facilities. These include a nine-hole golf course, sports ground, tennis courts, etc.

WANTAGE HOUSE

This is a separate reception unit to which patients

sports ground, tennis courts, etc.

WANTAGE HOUSE

This is a separate reception unit to which patients may be admitted. It is equipped for the complete investigation of nervous and mental disorders by the most modern methods. All forms of treatment are available. It contains laboratories for biochemical, bacteriological and puthological research.

MOULTON PARK

Some two miles from the main hospital is the farm of approximately 600 acres. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening, fruit growing, etc.

BRYN-Y-NEUADD HALL

The seaside home of the hospital is beautifully situated in a park of 330 acres in Llanfairfechan, amidst the finest scenery in North Wales. On the north-west side of the estate a mile of sea coast forms the boundary. Patients may visit this home for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. on the seashore.

on the seasonce.

For terms and further particulars apply to the Medical Superintendent (Telephone No. 34354, Northampton), who can be seen in London by appointment.

If you want a partner, assistant, locum, or new medical post, if there is anything you wish to sell or buy, the easiest, quickest and most economical way is to advertise in the classified section of this journal.

Rates are detailed at the top of this page

new improved treatment for painful muscular conditions

NORGESIC

in painful muscular conditions

Norgesic combines in a single tablet the properties of an orally effective skeletal muscle relaxant, orphenadrine citrate, and a well-tolerated analgesic, paracetamol. It relieves local pain and the pain of muscle spasm, relieves stiffness, restores mobility and speeds recovery.

Each tablet contains orphenadrine citrate 35 mg. and paracetamol 450 mg.

Dosage is two tablets three times daily.

Basic cost to N.H.S:

100 tablets 14/4+PT.

500 tablets 70/-+PT.
