DRUGS in the TREATMENT of DISEASE

An authoritative guide to the use and comparative efficacy of
many drugs developed in recent years. It assists the practising
doctor to compare the newer drugs with each other and with those
older remedies that are still the best of their kind. Information is
also given regarding toxic and side effects.

Compiled from the series of articles published in the *British
Medical Journal*, the book presents an up-to-date, indexed
authority on medicinal treatment—of considerable help to the
doctor in choosing the best drug for his patient.

Medium 8vo. 570 pages. 36s. 9d. by post (cover price 35s.)

ARREST

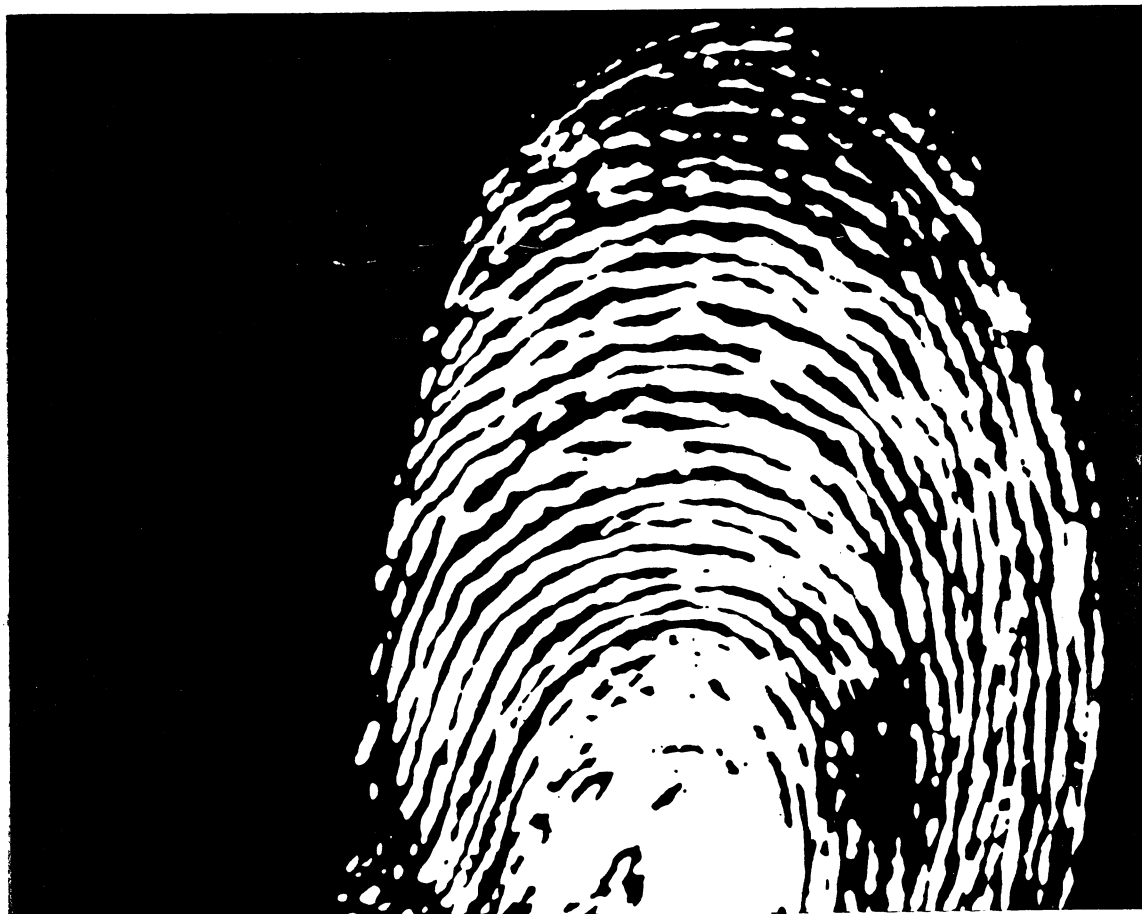

'Cremostrep' arrests diarrhoea swiftly and surely

'Cremostrep' is a palatable, flavoured suspension of 'Sulfasuxidine' (succinylsulphathiazole), streptomycin and kaolin, for the rapid control of diarrhoea. It will be found to give exceptionally quick relief in many cases of bacillary dysentery, paradysentery, neonatal diarrhoeas, diarrhoeas due to *Salmonella* and *E. coli*, and 'summer diarrhoea'.

'Cremostrep' contains, in each 5 ml, 0.5 G 'Sulfasuxidine', 0.05 G streptomycin and 0.5 G kaolin. 'Cremostrep' and 'Sulfasuxidine' are registered trademarks. Detailed information is available to physicians on request.

Manufacturer's Information

Infections

Brand Name

ORAL PENIDURAL

Active Ingredients

Each 5 ml. contains 250 mg. Benzathine Penicillin B.P. (equivalent to 300,000 units Penicillin G) in a palatable, fruit-flavoured suspension.

Indications

All penicillin-sensitive infections including acute tonsillitis, otitis media, bronchitis, secondary bacterial infection in measles, cellulitis and upper respiratory tract infections.

Dosage

The normal dosage in most infections is 1 teaspoonful every 6-8 hours.

Contraindications

Penidural should not be administered to patients with a known hypersensitivity to penicillin.

Side-effects

Side-effects with oral Penidural are very rare, and when they have occurred have consisted principally of gastrointestinal upsets.

Availability

Bottles of 60 ml.

New Product

Bronchospasm

Brand Name

MEDIHALER-BRON

Active Ingredients

Isoprenaline Sulphate B.P. 5 mg./ml. and Atropine Methonitrate 2 mg./ml.

Indications

Rapid and prolonged relief of persistent, chronic bronchospasm associated with asthma, bronchitis and emphysema.

Dosage

One inhalation. A further inhalation may be taken, if required, 3-5 minutes after the first.

Contraindications

Use with caution in the presence of hypertension, cardiac disease, tuberculosis, diabetes or hyperthyroidism.

Side-effects

Slight dryness of the mouth may be experienced by patients who are hypersensitive to the action of atropine.

Availability

Self-propelled aerosol inhaler containing 300 measured doses of pre-micronized dry particles. Complete and refill units are available.

'ILOSONE' the decisive move

when infection poses problems

'Ilosone', brand Erythromycin Estolate B.P., gives quicker, surer and more effective treatment of common bacterial infections than any other oral form of erythromycin.

'Ilosone' is more stable than either erythromycin base or erythromycin stearate, particularly in the presence of gastric acid. This results in consistently higher and more prolonged serum concentrations, and accounts for the quick response of most respiratory tract and other common bacterial infections, to the decisive control of 'Ilosone'.

Side-effects are rare; very occasionally a reversible jaundice occurs, but no residual toxic effects have been authenticated.

Average Adult Dose

250 mg. every six hours (1 G. daily), increased to 2 G. daily in severe infections.

Presentation

'Pulvules' 125 mg. and 250 mg.
Suspension 125 mg. per 5 ml. Bottles to make 60 ml.

SEARLE

Research in the Service of Medicine

G. D. Searle & Co. Ltd. are privileged to release to the medical profession a new, potent, oral progestin, ethynodiol diacetate. Widely known to clinical investigators throughout the world over the past several years by the research designation, sc-11800, this new compound has undergone thorough and extensive clinical testing over a wide range of dosage levels. Many leading authorities have confirmed the

merit of sc-11800, combined with the well established oestrogen, mestranol, in the fields of conception control and gynaecology. For the convenience of physician and patient, sc-11800 is now made available under different names to distinguish between its two areas of clinical application; OVULEN for conception control, and METRULEN for gynaecological disorders requiring progestational therapy.

In peptic ulcer
NULACIN—and only **NULACIN**—
provides intragastric milk-alkali drip therapy without a tube

Nulacin is the most convenient way of treating peptic ulcer because it provides continuous neutralization of gastric hyperacidity for the ambulant patient. The Nulacin tablet is merely placed between cheek and gum and allowed to dissolve. Nulacin offers an effective treatment for peptic ulcer to both the bed-ridden and the ambulant patient.

Nulacin tablets are prepared from whole milk combined with dextrans and maltose, together with magnesium trisilicate 3.5 grs.; magnesium oxide 2.0 grs.; calcium carbonate 2.0 grs.; magnesium carbonate 0.5 grs.; Ol. Menth. Pip. q.s.

after
unaccustomed exercise
Algipan
puts movement back
into muscle

Whether he's been decorating or indulging in some other form of unaccustomed exercise, your patient will find his muscular aches and pains are quickly relieved by Algipan*. Easy-to-use, non-staining Algipan gently massaged in to the affected area produces pleasant local warmth lasting for up to 1½ hours. The handy 40 G. tube (methyl nicotinate 1%, histamine dihydrochloride 0.1%, glycol salicylate 10% and capsaicin 0.1%) provides several weeks' treatment.

 John Wyeth and Brother Limited, Taplow, Maidenhead, Berks.

**trade marks*

The importance of simplicity in the treatment of diabetes

The diabetic is condemned to a life-time of medication to control his condition. In few other conditions is simplicity and ease of administration so important. The introduction of the sulphonylureas eight years ago relieved one group of diabetics from the burden of daily injections. The extensive use of Rastinon in oral antidiabetic therapy for over two million patients has shown that it is not only one of the safest drugs available, but also one of the most effective in controlling diabetes when the condition is first discovered at middle age. Rastinon is the standard oral treatment of diabetes, and it is remarkable for its

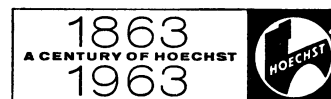

safety, simplicity, economy and effectiveness.

Abbott present a major new antihypertensive

Eutonyl (pargyline hydrochloride, Abbott) is a potent new antihypertensive agent. A large majority of patients with moderate to severe essential hypertension (even those resistant to other drugs) achieve significantly reduced systolic and diastolic pressure in the standing position, and often in the sitting and lying positions as well. The addition of Enduron (methyclothiazide, Abbott) permits a lower dosage, with fewer side effects. Eutonyl has a beneficial side effect in countering the depression which is often associated with hypertension, and in this respect alone offers a useful advance over other antihypertensive drugs, some of which themselves produce depression. Comprehensive literature is available on all aspects of this important new agent: dosage, side effects, precautions and the wide measure of agreement on its clinical efficacy even in the most difficult cases.

Eutonyl and Enduron are Registered Trade Marks.

Eutonyl tablets (25 mg pargyline hydrochloride) and Eutonyl-Ten tablets (10 mg pargyline hydrochloride) are supplied in bottles of 100.

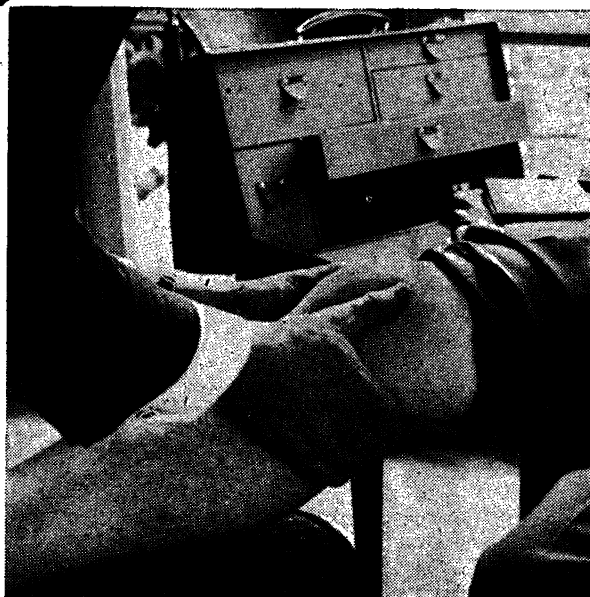

ABBOTT LABORATORIES LIMITED • QUEENBOROUGH • KENT

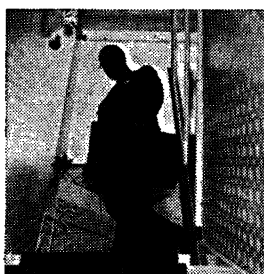

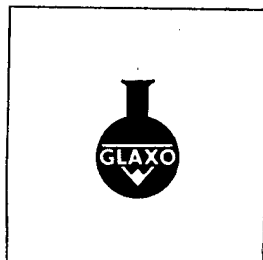

Betamethasone in General Practice

Betnelan (betamethasone) is particularly well suited for low or 'physiological' dose therapy of rheumatoid arthritis. It has high anti-rheumatic activity, but shows improved gastro-intestinal tolerance, has virtually no effect on electrolyte balance, and has no depressive action on mental function. A further development with betamethasone has been the introduction of Betnesol Tablets. They dissolve spontaneously in water to form a palatable, tinted, clear solution, offering rapid and consistent absorption. Betnesol is well tolerated because no solid steroid reaches the stomach. It is the most acceptable and advanced form of oral corticosteroid therapy that you can give your patients.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and
enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials
with short statement of experience and appointments held.
Applications should be sent at once if no closing date is given.
House Officers should submit a separate application for each post for which
they apply.Cavussing of members of the Board or Advisory Appointments Committee will
lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).★ **SERVICE MEMBERS** may have difficulty in supplying recent
testimonials, but this should not deter them from applying.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR.** Posts obtained normally not less than one year after full
registration as a medical practitioner and held normally for two years: £1,425 in
the first year; £1,595 in the second and any subsequent years. Deduction of
£255 per annum for compulsory residence, £300 per annum for voluntary residence.
(b) **SENIOR REGISTRAR.** Posts obtained normally not less than three years
after full registration and held normally for four years: £1,710 by £115 to £1,940
in the third year; by £110 to £2,050 in the fourth year; thereafter, £2,165 in the
fifth and sixth years; £2,280 in the seventh and eighth years; £2,395 in the ninth
and any subsequent years. Deduction of £295 per annum for compulsory resi-
dence; £325 per annum for voluntary residence.

Other Grades, Whole-time

(a) **HOUSE OFFICERS.** Each post in this grade shall be tenable for six
months.£170 per annum for the first post held; deduction of £175 per annum for
compulsory residence or £220 per annum for voluntary residence;£855 per annum for the second post held; deduction of £180 per annum for
compulsory residence or £220 for voluntary residence;£940 per annum for the third and any subsequent posts held; deduction of
£190 per annum for compulsory residence or £220 per annum for voluntary
residence;provided that the employing authority (subject in the case of a Hospital Manage-
ment Committee to the consent of the Regional Hospital Board) shall have discre-
tion to determine that the remuneration of any officer holding his first post in
this grade shall be £855 per annum if the officer shall be £855 per annum if they
are satisfied that the officer has held at least one hospital post outside, of not
less than six months' duration, involving clinical responsibilities equivalent to
those of house posts in the National Health Service and supervised by appropriate
specialist staff; provided further that where a House Officer has previously held
two such outside posts the employing authority (subject in the case of a Hospital
Management Committee to the consent of the Regional Hospital Board) shall have
discretion to determine that his remuneration shall be £940 per annum. Any
House Officer who on first appointment is paid at a rate appropriate to the
second or third post held in accordance with the above provisions shall be paid
at the third post rate for any subsequent appointments in this grade.(b) **SENIOR HOUSE OFFICERS.** Posts obtained by fully registered medical
practitioners and held normally for one year only: £1,195 on appointment at age
27 or under; £1,245 on appointment at age 28 or over. Deduction of £210 per
annum for compulsory residence or £255 per annum for voluntary residence.(c) **JUNIOR HOSPITAL MEDICAL OFFICERS.** Officers who have held
house appointments but who are not registrars and who have less responsibility
than other hospital officers of non-consultant status, and who have been appointed
for a limited or indefinite period, not less than one year after registration as
a medical practitioner: £1,255 by £65 (3) to £1,450 by £70 (5) to £1,800. Deduction
of £255 per annum for compulsory residence or £300 per annum for voluntary
residence.Allowances at rates of up to £115 per annum shall be payable to house
officers, senior house officers, junior hospital medical officers, and registrars
occupying posts approved for such allowances in peripheral hospitals.All National Health Service hospital appointments are in accordance with the
Terms and Conditions of Service of Hospital Medical Staff.The above revised rates of salary, payable as from April 1, 1963, were notified
to employing authorities on July 2, and advertisements quoting salaries at the old
rates are accepted on the assumption that the new rates will apply.**All National Health Service hospital appointments are in accordance with

Preference shown to candidates below the age of 40 years and in practice in the neighbourhood of St. Mary's Hospital. Applications, giving full details, together with the names and addresses of two referees, should reach the House Governor not later than January 14, 1964. (9020)

SOUTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD
Lambeth Hospital, Brook Drive, S.E.11

Applications are invited for the post of **MEDICAL REGISTRAR**

Vacant February 29, 1964. The appointment will be for one year in the first instance. Preference will be given to applicants having a higher qualification in medicine. Canvassing will disqualify, but candidates are invited to visit the hospital.

Form of application, naming two referees, to the Secretary, Lambeth Group H.M.C., Renfrew Road, S.E.11, to be returned not later than January 11, 1964. (8791)

HUDDESFIELD HOSPITAL
MANAGEMENT COMMITTEE
St. Luke's Hospital

Applications are invited for the post of **RESIDENT MEDICAL OFFICER** (Junior Hospital Medical Officer grade) at the above hospital, commencing end of January, 1964.

The hospital will shortly undergo major reconstruction and development, but in the immediate future will cater for general medical, surgical and maternity patients, with a Group Geriatric Unit situated in another local hospital.

Salary is in accordance with the Terms and Conditions of Service for Hospital Medical and Dental Staff.

Applications, together with copies of three recent testimonials, to be addressed to the undersigned as soon as possible.—H. J. Johnson, Group Secretary, Huddersfield Hospital Management Committee, The Royal Infirmary, Huddersfield. (8347)

BLACK NOTLEY HOSPITAL
Braintree, Essex (438 beds)

Applications invited for post of **SENIOR HOUSE OFFICER IN GENERAL MEDICINE**. Post tenable for six months or one year. Furnished house available if required.

Applications, with copies of three testimonials, to Group Secretary, Colchester Group H.M.C., 14 Pope's Lane, Colchester, Essex. (8821)

CROMER AND DISTRICT HOSPITAL

SENIOR HOUSE OFFICER (Resident) required. Post vacant late January, 1964. Tenable for six months or one year. This is one of two House Officer posts offering a unique range of experience. The two House Officers at the hospital work for alternating periods of three months under the Physician and Surgeon respectively.

They visit and assist at an active treatment unit for rheumatism and a children's hospital while working with the Physician, and at an active treatment geriatric unit while working with the Surgeon. Traveling allowance is paid to car owners or hospital transport provided.

The hospital is a busy one of 52 beds, holding out-patient clinics in all major specialties at which the House Officers attend. It is unusually well equipped.

The post is for a resident with all services if desired, but for married applicants there is completely self-contained spacious furnished accommodation of very superior standard.

The dual nature of the post ensures regular off-duty.

Applications, giving details of qualifications and experience, together with the names of two referees, should be forwarded to the Secretary, Cromer and District General Hospital, Cromer, Norfolk. (8872)

MID-GLAMORGAN HOSPITAL
MANAGEMENT COMMITTEE
Neath, Glam. (412 beds)

Applications are invited for the post of **SENIOR HOUSE OFFICER** (General Medicine)

CROMER AND DISTRICT HOSPITAL

SENIOR HOUSE OFFICER (Resident)
required. Post vacant late January, 1964. Tenable for six months or one year. This is one of two House Officer posts offering a unique range of experience. The two House Officers at the hospital work for alternating periods of three months under the Physician and Surgeon respectively. They visit and assist at an active treatment unit for rheumatism and a children's hospital while working with the Physician, and at an active treatment geriatric unit while working with the Surgeon. Traveling allowance is paid to car owners or hospital transport provided.

The hospital is a busy one of 52 beds, holding out-patient clinics in all major specialties at which the House Officers attend. It is unusually well equipped.

The posts are resident with all services if desired, but for married applicants there is completely self-contained spacious furnished accommodation of very superior standard.

The dual nature of the post ensures regular off-duty.

THE UNIVERSITY OF EXETER
Postgraduate Medical Institute

A full-time postgraduate course, lasting ten weeks, will begin on January 15, 1964. The course will include instruction in general medicine, paediatrics, preventive medicine, pathology, psychiatry, general surgery and orthopaedics. The programme will be planned so that students wishing to specialize in a particular clinical subject will be given facilities to do so, while other students will receive teaching in each of the main clinical departments in turn. The fee for the course is £40. Further particulars and application forms are obtainable from the Director, the Postgraduate Medical Institute, c/o the Academic Registrar, the University, Exeter.

Details and application forms from the Medical Secretary, Family Planning Association, 231 Tottenham Court Road, London W.1.

UNIVERSITY OF NEWCASTLE
UPON TYNE
The Medical School

POSTGRADUATE LECTURES IN GENERAL SURGERY

Specialist lectures in current practices and future trends in general surgery and the surgical specialties will be given in the New Lecture Theatre, Royal Victoria Infirmary, Newcastle upon Tyne on Wednesday evenings at 7.30 p.m. during each of the terms of the academic years 1963-65. The next lecture will be delivered on January 15, 1964.

These lectures will be suitable as a revision course for candidates preparing for the Final Fellowship examination of one of the Royal Colleges, or as a refresher course for surgeons.

There will be no charge for admission to these lectures. (8911)
