

When treatment demands  
bland fluid—

# ROBINSONS

makes it easy

Barley water has long been recognised as the ideal treatment in cases where a large amount of liquid is prescribed. With its high solids content, smooth demulcent barley water—hot or cold—is especially suitable where the internal membranes are inflamed and tender.

Robinson's Lemon Barley and Orange Barley provide a convenient form of natural, wholesome barley water freshened with lemon and orange and perfectly balanced for rapid absorption. Home brewed barley water is quickly made with Robinson's 'Patent' Barley. It may be mixed with milk or flavoured with fruit juice. A half pound pack makes 96 glassfuls.

**Glaxo  
brief**

### What's new in ante-natal care?

Fast becoming established is the routine prophylaxis of megaloblastic anaemia—using physiological dose levels of folic acid so as not to obscure the blood picture of Addisonian pernicious anaemia. The physiological dose of folic acid can be given very economically with the routine iron supplement in a compound tablet.

Glaxo have recently formulated such a tablet. It is called Pregamal. Small, film-coated and palatable, it combines 100 micrograms folic acid with 200 mg ferrous fumarate (65 mg ferrous iron). Ferrous fumarate has proved to be a very effective, well tolerated form of iron. As Fersamal Tablets and Syrup it is recom-

mended for prophylaxis and treatment of iron deficiency anaemias. But in pregnancy—for combined protection against both megaloblastic and iron deficiency anaemias—the new Pregamal formulation takes over.

### Simple answer to feeding problems

Complete and simple. That is Complan nutrition. Every essential constituent of the human diet is balanced and blended in this easily digested food. Easy to prepare as a pleasant tasting drink, Complan can serve as a complete planned diet or as a completely effective dietary supplement. Many feeding problems are solved for your patients when you recommend Complan.

## An improved method of giving a potassium supplement with bendrofluazide

During prolonged diuretic or antihypertensive treatment a potassium supplement is often advisable to offset the potassium depletion which may occur. But a potassium supplement brings its own problems in that it may cause gastric irritation—and possibly even small bowel ulceration—if it is released in high local concentrations. To avoid these dangers it must be made to pass the stomach almost entirely and then to be released very slowly in the small intestine. Glaxo have designed Neo-NaClex-K and Serplex Tablets with all this in mind. Each tablet has two tiers and the diuretic/antihypertensive dose is released from one tier soon after the tablet is swallowed. The potassium supplement is then released very slowly from the second tier so that no

great concentration of potassium is reached at one time. Neo-NaClex-K is intended for both diuretic and antihypertensive use: each tablet provides 630 mg potassium chloride with 2.5 mg bendrofluazide. Serplex is intended for antihypertensive use only: each tablet provides 630 mg potassium chloride with 2.5 mg bendrofluazide and 0.125 mg reserpine.

## High serum B<sub>12</sub> levels between injections—without resort to depot preparations

This is the intrinsic advantage of Neo-Cytamen, Glaxo's injection of hydroxocobalamin—it gives consistently high blood levels with a pure form of vitamin B<sub>12</sub>. Following a substantial dose, it is dispersed from the side of injection more slowly than cyanocobalamin. It also shows an increased binding to serum protein—which may explain its more efficient retention—and its loss in the urine is considerably lower. Thus Neo-

Cytamen is particularly useful in the maintenance treatment of pernicious anaemia where its greater retention maintains higher serum B<sub>12</sub> levels between injections.

## Oral corticosteroid therapy in its most efficient form

Betnesol Tablets (betamethasone phosphate) have enhanced the therapeutic usefulness of betamethasone. This soluble form of a highly active steroid offers maximum efficiency of absorption with consistent therapeutic effect. The tablets dissolve spontaneously in water and are easily administered as a drink—and as there are no solid steroid particles present, gastric irritation is unlikely.

### Presentation

## Crystapen and Ceporin: first-choice antibiotics

For the great mass of infections seen in general practice Crystapen (Penicillin G or V) remains unsurpassed. Here the degree of infection is usually mild to moderate and it is reasonably safe to assume that the causative organism is penicillin-sensitive. But when you cannot afford to make this assumption—and time demands immediate choice of the right antibiotic to control severe infection quickly—Ceporin (cephaloridine) offers the right additional advantages. Like penicillin it is bactericidal, giving a quick clinical response with little chance for resistance to develop. Again like penicillin, its marked safety allows a considerable increase in dosage when necessary. And in addition, Ceporin offers a

broad spectrum of activity, giving vital extra coverage against gram-negative organisms and penicillin-resistant staphylococci. Finally, Ceporin can safely be used in patients hypersensitive to penicillin.

# Start small.....

Sanborn's new Modular System adapts easily

At the bedside . . . . . Individual modules form intensive care systems which fit the specific requirements of critical patients. Any bedside module grouping may be easily extended in capability through the addition of other fully

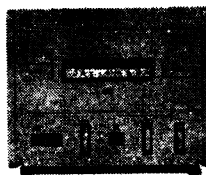

compatible units from Sanborn. Important patient variables, such as ECG, heart rate, temperature, respiration, systolic and diastolic pressures may be indicated and recorded. Units are also available for automatic pacing or synchro-

nized defibrillation. Remote alarms may be included to provide an immediate indication when a patient variable has exceeded individual limits established by the attending physician.

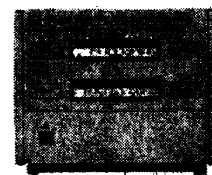

## Bedside Modules for Monitoring ECG and Cardiac Resuscitation

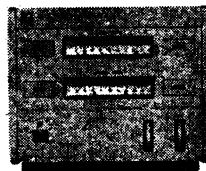

**780AX** (Viso-Monitor). Includes ECG, heart rate meter, and automatic pace-maker. £ 774

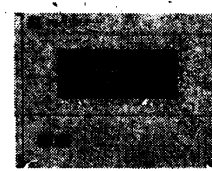

**780-7** ECG or Pulse Measurement, Heart Rate Display, Pacing. Heart rate derived from ECG or pulse. £ 315

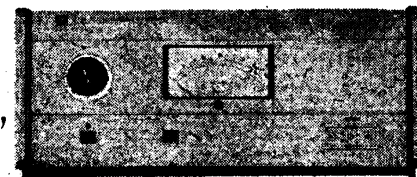

**780-8** Temperature, Respiration Rate. Temperature 36-41°C and respiration 0-80/minute. £ 260

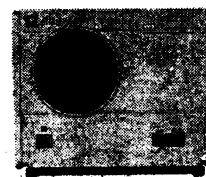

**780-9** Systolic and Diastolic Arterial Pressures. 0-300 mm/Hg pressures displayed. £ 336

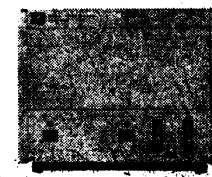

**780-5** Automatic, Continuous ECG Tape Recorder. Records conditions before and after cardiac distress. £ 175

**780-2A** Internal/External DC Defibrillator. In four versions depending on synchronisation and monitoring. £ 375

**780-3** 7.5 cm Viso-Scope Oscilloscope. For waveforms of ECG, pressure or pulse. £ 193

**780-4** Internal/External Pacemaker. Adjustable Rate: 50-150 PPM (external). £ 108

# and grow

to changing intensive-care needs

At the central station . . . . . Data displays and patient distress signals enable one nurse to give complete attention to as many as eight critical patients in an intensive care or recovery room. A group of parameters, such as temperature,

blood pressures, heart rate, and respiration can be simultaneously monitored while distress signals for any of a wide variety of patient parameters can be included at a central point. Also the recording of various physiological signals can

be accomplished without any disturbance to patients. All modules in the Sanborn 780 program have a high degree of built-in reliability which is assured through the use of all solid state components and careful circuit design.

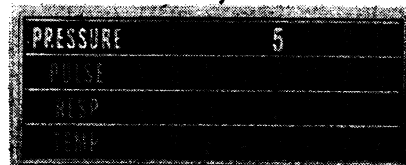

## Central Station Modules for Data Display, Audible Alarm, Signal Switching

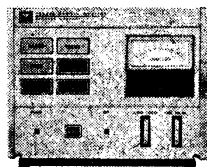

**5601A** Numerical Readout of Physiological Data. Gives readings of temperature, pulse rate, respiration etc. £ 805

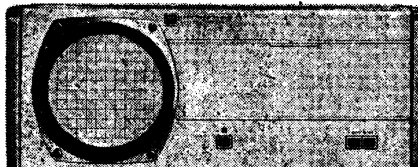

**780-11** 8 Patient Signal Selector-Visual/Audible Alarm. Push-button selection of patient channels. Price on request.

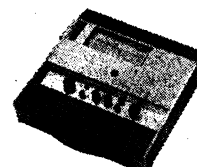

**780-12** Wall-Mounted 8 Patient Audible Alarm. Alerts nurse. Indicates bed and parameter involved. Price on request.

**780-800A** Visual Display/Audible Alarm. Monitors a 780AX Viso-Monitor. £ 105

**780-6** 12 cm Viso-Oscilloscope. Clearly displays ECG, pressure, pulse or other waveforms. Price on request.

**500X** Portable 2-Speed Electrocardiograph. Compact ECG unit provides full diagnostic capabilities. £ 278

Prices are subject to change without notice.

# An analysis of the nutritional properties of Mackeson

Of course, dark beers have long been regarded as a valuable aid in building up strength after illness. But Mackeson has the important advantage of being more acceptable to invalids and convalescents because of its taste.

Instead of having a bitter taste

it is smooth and mild in flavour and consequently

'goes down' much better with the patients.

Calorific Value: 276 calories per pint, essentially equal to three quarters of a pint of milk.

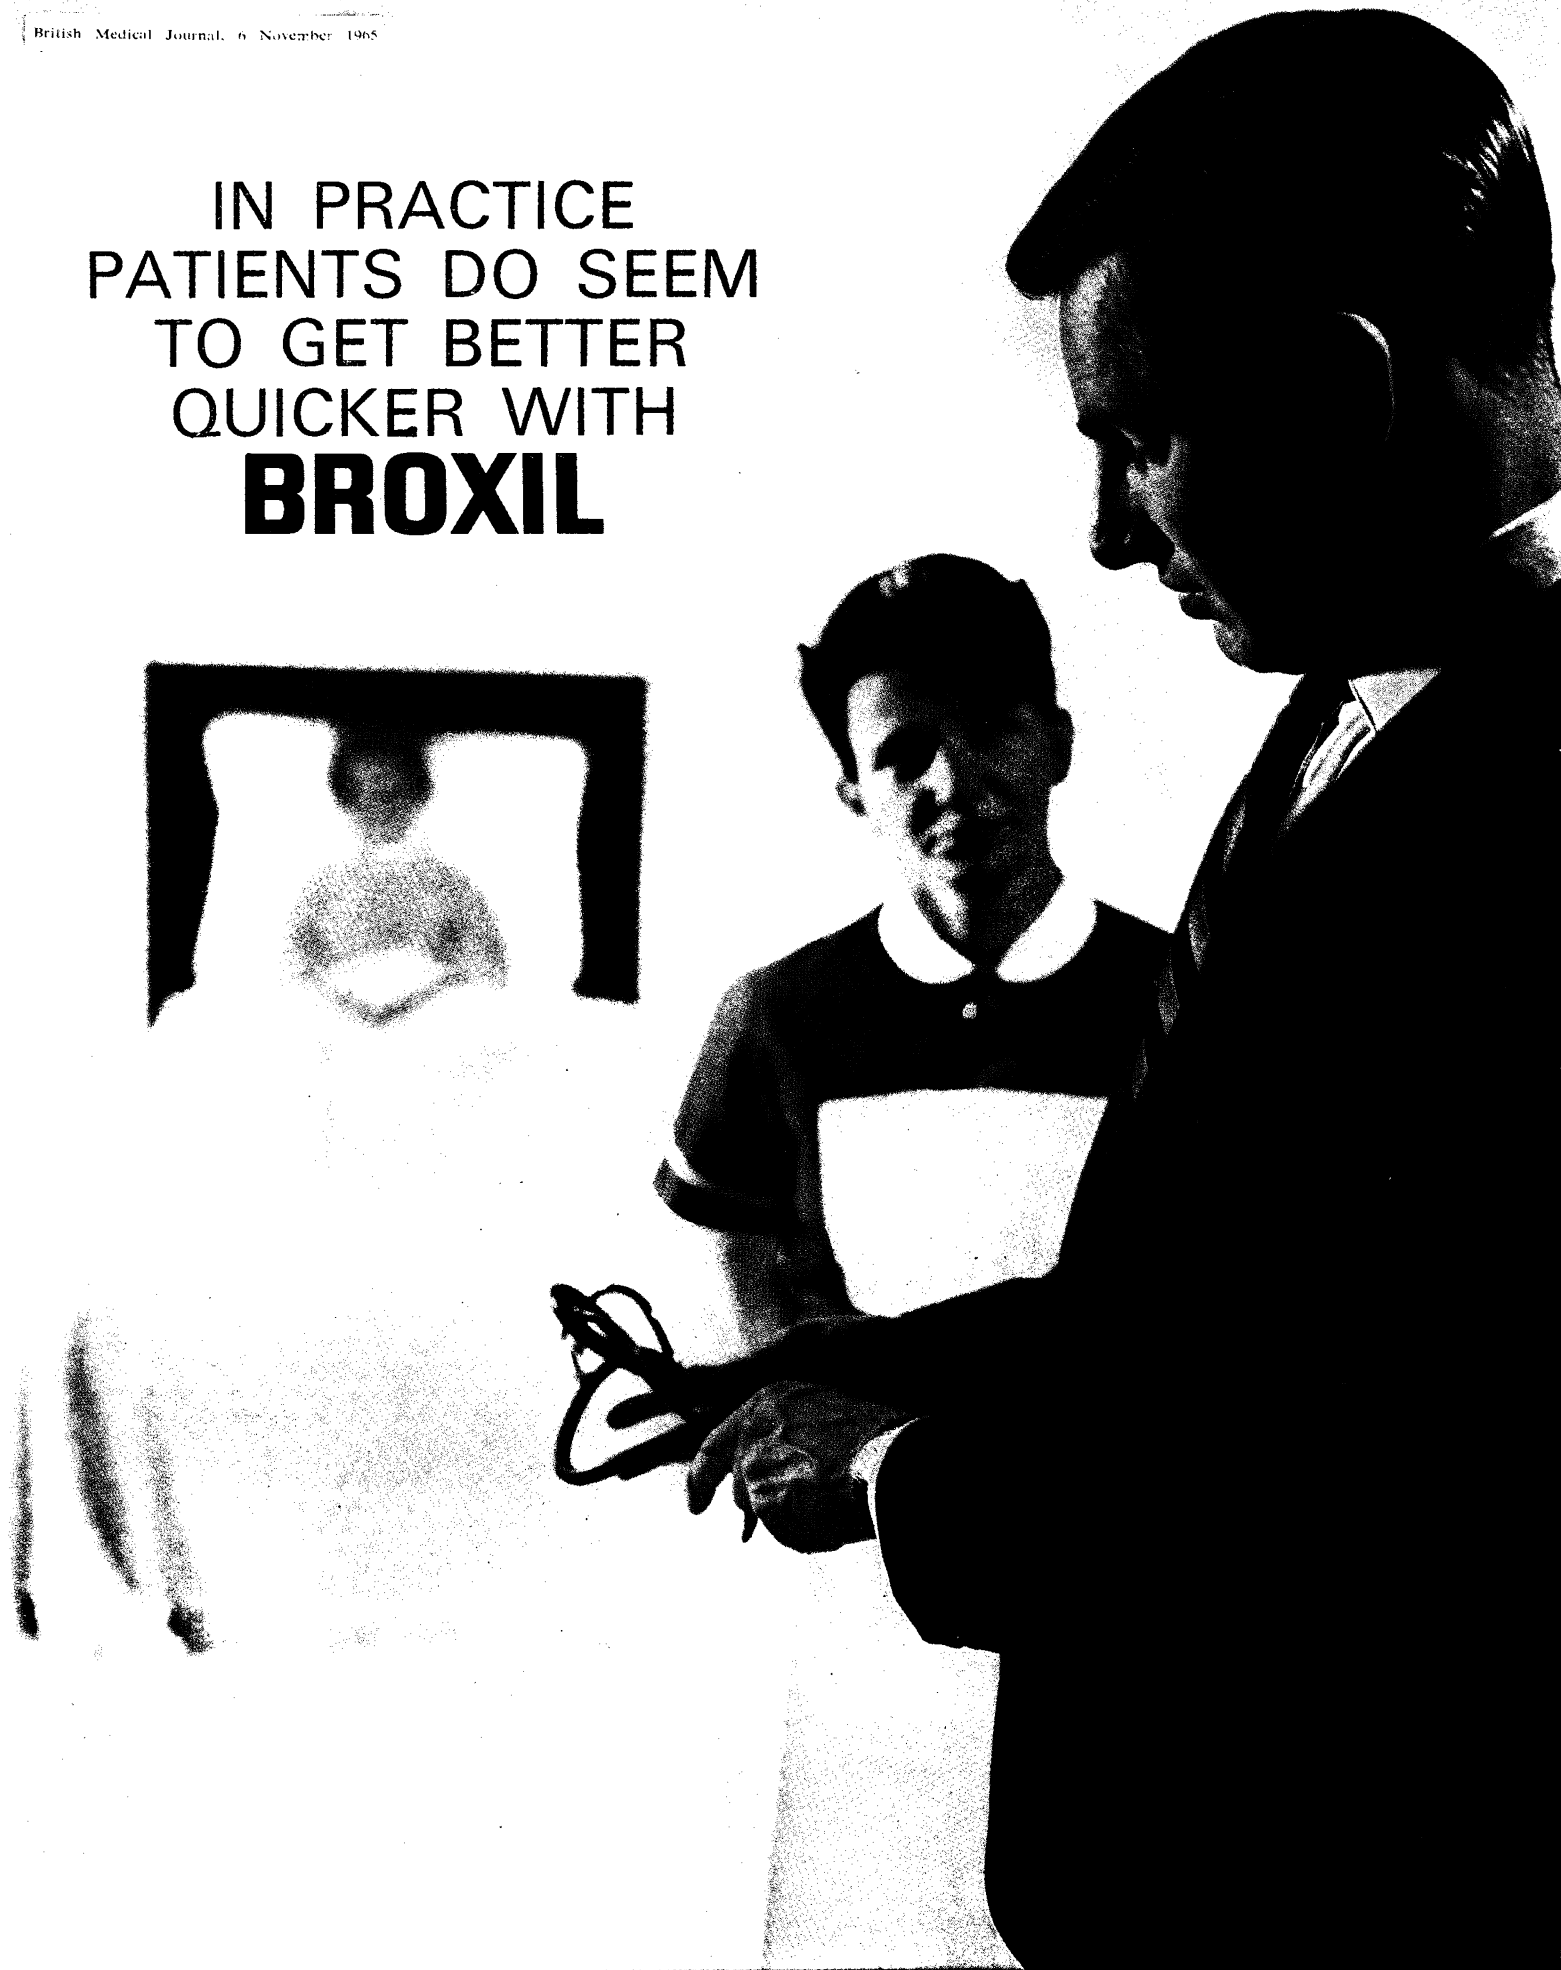

Lactose Sugar: One of the main ingredients, easily digested and quickly assimilated even by weakened digestive systems.

Nitrogenous Matter: as protein break-down products, e.g. peptides and amino acids.

B-Group Vitamins: contains valuable water-soluble members of this group of vitamins.

BROXIL (regd.) (phenethicillin potassium B.P.C.) is a product of British research at

# not only a potent diuretic but also highly convenient

The convenience of Lasix is best appreciated in the less severe conditions calling for diuretic therapy. If the patient is working, he can have daily treatment with Lasix, without affecting either his working hours or his sleeping hours. For this type of patient a teatime dose is recommended. Lasix is rapidly effective, and its action is usually over in four to five hours. When the patient goes to bed he can be sure of undisturbed sleep. Lasix lets the patient work all day and sleep all night.

## new Maalox® gives 3 outstanding benefits

### Greater, more lasting antacid effect

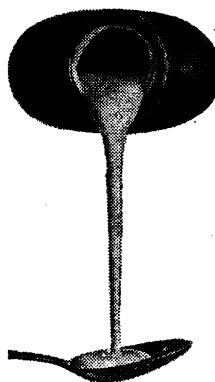

Maalox has a greater acid neutralising capacity than aluminium hydroxide gel, and its action is more prolonged.

### No constipation

Because of the presence of magnesium hydroxide in Maalox, there is no danger of constipation.

### More palatable—for longer

Maalox has a pleasant taste and smooth consistency. It remains acceptable long after other antacids have grown wearisome.

**These three benefits give Maalox a special value in patients who must take antacids frequently or for long periods.**

Maalox is a creamy white colloidal suspension of magnesium and aluminium hydroxide gels. It is presented in bottles of 16 fl. oz.

# MANAGEMENT OF THE PATIENT WITH CANCER

Edited by **Thomas F. Nealon, M.D.**, *Professor of Surgery, Jefferson Medical College.* With contributions by 67 distinguished authorities.

This major new reference book fills a particular need for an authoritative guide to the clinical management of the patient with cancer. It provides essential information concerning cancer of all sites so that the reader can select more easily the best approach to management of his own patient. More than 60 eminent contributors provide rational plans of management for particular types of malignancy with which they have had extensive experience. For today's best answer to almost any question about managing the patient with cancer, both physician and surgeon will find this new book to be a most authoritative and useful consultant and guide.

## WRIGHTS of BRISTOL

### EYE SURGERY 4th Edn.

**H. B. Stallard**

968 pp.

733 illustrations

126s.

The fourth edition of this book has been extensively revised. The chapters on reconstructive surgery, corneal grafts, cataract, retinal detachment, the treatment of intraocular neoplasms by irradiation, and orbital surgery have been rewritten. Descriptions of new operations, and new material on corneal transplants have been added.

### A SYNOPSIS OF OBSTETRICS AND GYNAECOLOGY 13th Edn.

**A. W. Bourne and J. M. Holmes**

688 pp.

174 illustrations

52s. 6d.

This thirteenth edition covers the subject in a concise form suitable for rapid reference or revision and important points for examination purposes have been emphasized.

**JOHN WRIGHT & SONS LIMITED**

The Stonebridge Press, Bristol, England

## Diseases of the Ear, Nose and Throat

Second Edition

Edited by W. G. SCOTT-BROWN,  
C.V.O., M.D., B.Ch., F.R.C.S.

JOHN BALLANTYNE, F.R.C.S., D.L.O., and  
JOHN GROVES, M.B., B.S., F.R.C.S.

*1,680 pages. Illus.  
In two volumes. Price on application*

A comprehensive textbook for undergraduate and post-graduate students, containing sufficient detail for those taking advanced examinations. For this new edition many sections have been extended and improved and new chapters on voice and speech have been introduced. An additional feature is the inclusion of a symptom index.

## Physical Medicine in Paediatrics

Edited by BASIL KIERNANDER,  
M.D., B.S., M.R.C.P., D.M.R.E., D.Phys., Med.

*239 pages. Illus. 65s.*

A reference book for paediatricians, general practitioners and all who are concerned with the physical welfare of children. The eleven contributions from eminent authorities cover the main principles involved in diagnostic and therapeutic work in this area of physical medicine.

## Principles of Electronics in Medical Research

By D. W. HILL,  
M.Sc., Ph.D., F.Inst.P., M.I.E.E.

*301 pages. Illus. 67s. 6d.*

This book is written specifically for doctors and others responsible for electronics staff and apparatus who, although they may not themselves require a detailed technical knowledge of medical electronics, need to have at least a general picture of what is involved and what the various technical terms mean. It is also of value to technicians responsible for operating and maintaining equipment in medical departments.

## Speech Disorders

Second Edition

By Lord BRAIN,  
D.M., F.R.C.P., F.R.S.

*201 pages. Illus. 47s. 6d.*

The second edition of a well-known book on three particular speech disorders—aphasia, apraxia and agnosia. The author has made many amendments to the original text, and references to results of recent research and advances in the field have been included throughout the book.

## Dreams and Dreaming

**NORMAN MacKENZIE**

A review of the development of dream theory from antiquity to the present day. Although Freud's theory of dreams was the foundation of psychoanalysis, during the last ten years there have been revolutionary discoveries about the nature of sleep and dreaming. Norman MacKenzie suggests that, as a result of this new knowledge, a unified theory of dreams and dreaming is at last emerging.

"The most thorough survey of dreams and dreaming ever made in one report".  
Chapman Pincher, *Daily Express*.

# NEW LYNDIOL 2.5

22 TABLETS

★  
LYNDIOL 2.5

*in the new 22 tablet pack*

## ★ LYNDIOL 2.5

Each tablet contains 2.5 mg. of lynestrenol and 0.075 mg. of mestranol.

### PACK

Wallet of 22 tablets  
(one month's supply),  
in packs of one and three.

### *A logical development in oral contraception:*

#### IMPROVED PATIENT ACCEPTANCE

The low doses employed significantly reduce patient problems without loss of reliability.

#### EASIEST-TO-REMEMBER DOSAGE SCHEME

The 'last' tablet is taken on the *same day of the week* as the first tablet three weeks before. The first tablet of the next course is taken on the *same day of the week* one week later. The chances of patient-error are therefore minimal.

# which hypertensive patients are best treated with 'Esbatal'?

All new patients requiring an adrenergic neurone-blocking agent

"Bethanidine sulphate is an important and potent hypotensive drug, and by its use the regime of many patients has been simplified and side-effects avoided". *J. Irish med. Ass.*, 1965, 56, 9.

"While expecting the symptoms of adrenergic neurone blockade, we have been pleasantly surprised by the lack of other side-effects, and especially by the absence of diarrhoea". *Lancet*, 1962, ii, 897.

Male hypertensives

'Esbatal' does not cause impotence, but as with other adrenergic neurone-blocking agents, failure of ejaculation may occur. When this causes concern, withdrawal of 'Esbatal' for 24 hours usually reverses this side-effect. Good control of blood pressure is regained rapidly on resuming treatment. (See *Lancet*, 1964, ii, 659.)

Patients in whom other forms of hypotensive therapy cause diarrhoea

"... a useful alternative to established means of therapy. It seldom causes diarrhoea, and the dose is easily manipulated. *Lancet*, 1964, ii, 659.

When rapid control of blood pressure is essential

"... it has the advantage of more rapid action and excretion so that its dose can be increased more rapidly and the blood pressure brought under control more quickly". *Brit. med. J.*, 1964, ii, 865.

"Bethanidine sulphate is of particular value for the rapid reduction of high blood pressure . . ."  
*J. Irish med. Ass.*, 1965, 56, 9.

# MOGADON\* AND NATURAL SLEEP

Striking advances have recently been made into the knowledge of sleep with the aid of the electroencephalogram, and it is now recognised that sleep does not consist of a quantitative reduction in cortical activity but of a qualitative change. Hypnotics, by their generalised depressant action on all the brain structures, greatly reduce cortical activity and sleep takes on an abnormal pattern. The development of Mogadon, however, has now made the treatment of insomnia possible without any significant lessening of cortical activity. The sleep induced closely resembles natural sleep; there is no disturbance of the normal rhythmical balance that exists between the sleep and wake processes and the patient will awake refreshed, without hangover and without mental confusion.

**Mogadon**  
the  
successor  
to the  
hypnotics

she thinks she needs a 'tonic' but her symptoms: anxiety, persistent fatigue, early morning awakening, loss of appetite, **strongly suggest depression**

a good night's sleep  
on one teaspoonful of  
**Pholtex**

## eight to ten hours' cough relief from one teaspoonful

Night coughing disturbs not only the cougher but also other members of the household. Each teaspoonful dose of *Pholtex* is effective for up to *ten hours*, long enough to ensure that sleep—for everyone—is undisturbed by troublesome cough.

The characteristic smooth and extended action of *Pholtex* results from ion-exchange release of the constituents—the cough depressant pholcodine and the antihistamine phenyltoloxamine. Because cough relief is prolonged, two or three doses daily are usually adequate and 2 fl. oz. can provide a week's treatment.

*Pholtex* is ideal for paediatric use. It tastes pleasant and is easy to administer—even to infants.

Dosage: one teaspoonful (4 ml.) two or three times daily. (Children half to full adult dosage, according to age.) Each teaspoonful contains pholcodine 15 mg. and phenyltoloxamine 10 mg. as ion-exchange resin complexes.

When  
pain  
prevents  
sleep

## HYDRATENE

"In domiciliary practice generally, almost half of those people who regularly require hypnotics, but who are not mentally or physically ill, can be satisfactorily sedated by means of a small dose of chloral given in some palatable form."  
*Practitioner*, 1963, 191, 353.

Each Hydratene tablet contains the equivalent of  
Chloral Hydrate 4 grains  
Paracetamol 6 grains

To ease pain and induce sleep Hydratene combines the well-known hypnotic Chloral Hydrate, with the modern analgesic Paracetamol, and has the fundamental merit of being both effective and mild. In this compound form Chloral Hydrate has little odour or taste and shares with the analgesic, Paracetamol, the advantage of being singularly free from side effects and habituation. Hydratene, in the appropriate dosage, is therefore safe for adults and children as well as senile patients who are intolerant to alcohol and barbiturates but not of Chloral Hydrate.

**Dosage:** 1-3 tablets as may be directed by the physician.

Available in packings of 25 and 250.  
Basic N.H.S. prices: 2/6 and 13/4.

**Bovril  
helps to  
put her  
on her feet  
again**

Savoury Bovril is more than just a delicious drink. It has a way of stimulating the jaded appetites of patients recuperating after sickness or surgery. Bovril's palate-tempting properties enable them to take more interest in mealtimes and so help speed recovery. Moreover, Bovril contains the extracted goodness of prime lean beef and B vitamins (riboflavin and niacin). Bovril is also a tasty addition to low-fat diets prescribed for liver ailments, and to the low-residue diets that some gastric disorders demand, as well as diabetic and slimming diets. Always enjoyable and easy to digest, Bovril on the menu can hasten convalescence.

## A new treatment for Angina Pectoris

# Inderal

(PROPRANOLOL)

TRADE MARK

Indicated in Angina Pectoris when conventional therapy has proved inadequate.

'INDERAL' specifically blocks the unnecessary oxygen wasting effects of excessive sympathetic nervous activity on the heart. Probably the most striking benefit has been seen in patients inadequately helped by conventional drugs.

**The results of 'INDERAL' therapy include less frequent anginal attacks, improved effort tolerance and decreased consumption of glyceryl trinitrate.**

In addition, 'INDERAL' will control cardiac arrhythmias, including those associated with digitalis intoxication and arrhythmias occurring during anaesthesia.

**Note.** Because the pharmacological action is quite new, it is advisable to study the detailed literature before using 'Inderal' (propranolol).

Basic N.H.S. costs: 100 tablets: 10 mg. 16/-; 40 mg. 36/-.

A pioneer achievement of I.C.I. Research.

## The PORTOGEN could make life more tolerable for some of your patients

Many patients suffering from chronic respiratory insufficiency are debarred from normal activities by their dependence on a supply of supplementary oxygen.

**THE PORTOGEN** has been designed to provide such a supply in extremely portable and handy form. It contains sufficient oxygen to last for 25 minutes at a continuous flow of 4 litres per minute, and yet the complete outfit, including 100 litre cylinder, regulator, control valve, gauge, and neat, ever-ready carrying case weighs little more than 3lbs.

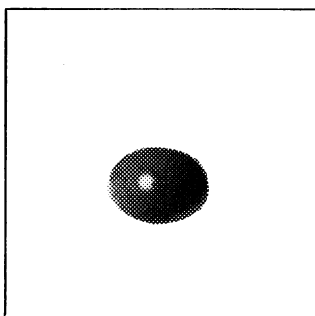

**THE PORTOGEN** also constitutes a readily available source of oxygen for use in all kinds of respiratory emergencies, and is therefore eminently suitable for your surgery and your car.

**THE PORTOGEN** is simple and safe. Very little instruction is needed in its use, and cylinders may either be exchanged through a chemist, or recharged by the patient from a standard 48 cu. ft. cylinder in his home.

For further information, get in touch with your nearest Branch of British Oxygen. Our representative will be glad to call on you by arrangement.

**THE BRITISH OXYGEN COMPANY LIMITED**  
MEDICAL DEPT., HAMMERSMITH HOUSE, LONDON, W.6.

## There's more in this tablet than tetracycline

for, it also contains a highly effective antifungal antibiotic nystatin, which can prevent the monilial superinfection often found when tetracycline alone is given

Thus, the patient receiving this Mysteclin tablet can be protected against monilial side-effects such as diarrhoea; ano-genital pruritus and thrush.<sup>1</sup>

# a higher degree of iron absorption

D. M. Oxon

## Ferrograd® C

**New presentation of 'Gradumet'® iron** The advantages of Ferro-Gradumet in providing ample amounts of iron in a single daily dose without gastric upset are now widely recognised by the medical profession. Ferrograd C is an extension of the 'Gradumet' presentation, consisting of ferrous sulphate in a slow-release matrix, *plus* enough vitamin C to produce improvement of absorption when this is a problem.

**Iron with enough C** Experimental and clinical investigation of the addition of vitamin C to oral iron therapy shows that there is an increase in absorption of iron providing *enough* vitamin C is given. Ferrograd C contains 500 mg of vitamin C and evidence shows that this amount is sufficient to make the addition worthwhile in terms of more effective absorption and possibly in utilization.

**Without gastric upset** Steps taken to improve absorption are of no practical value, however, unless the preparation

is well tolerated and taken regularly. The 'Gradumet' vehicle virtually eliminates the unpleasant side-effects experienced by many patients on ordinary iron therapy. Instead of exposing the stomach to large quantities of corrosive iron salts, the ferrous sulphate within the 'Gradumet' is slowly leached out, independent of body chemistry, as it passes through the gastro-intestinal tract. Ferrograd C combines the convenience and acceptability of this method of presentation together with an increased level of absorption. It is particularly recommended for those patients in whom absorption of iron is known to be poor, or where parenteral iron is being considered.

**PRESENTATION** Each red Filmtab® (film-coated tablet, Abbott) contains 525 mg ferrous sulphate BP (in exsiccated form), equivalent to 105 mg elemental iron and 500 mg of vitamin C as sodium ascorbate. **DOSAGE** One Ferrograd C daily before a meal.

® Ferrograd, Gradumet and Filmtab are registered trade marks of

# in the many facets of emotional distress

## **Triptafen**

### for concurrent depression and anxiety

As society becomes progressively more complex the problem of emotional disturbance grows steadily more acute. A wide variety of mental and emotional disorders, usually characterised by symptoms of both depression and anxiety, present the General Practitioner with an ever increasing volume of work. The development of psychotropic drugs has partially helped to alleviate this problem but it is now accepted that the treatment of one symptom alone may often lead to the

aggravation of the other<sup>1-5</sup>; this means that the use of an antidepressant together with a tranquilliser is often desirable.

*Triptafen is just such a combination in which both constituents are established and well-tried drugs.* The balanced formulation of antidepressant amitriptyline and tranquilliser perphenazine simplifies and facilitates the treatment of emotionally disturbed patients<sup>2-7</sup>. Triptafen offers efficacy, economy and simplicity of prescribing.

Each tablet contains amitriptyline hydrochloride 25 mg. and perphenazine B.P. 2 mg.

*'Triptafen'* is a registered trade mark.

# In Neonatal Infections, the answer is **AMPICLOX** regd.

This new product has been made available in response to three independent recommendations<sup>1,2,3</sup> that an ampicillin/cloxacillin formulation would fill a conspicuous gap in neonatal therapy. Ampiclox fulfils this need, providing a broad spectrum antibiotic which includes the hospital staphylococcus within its range of activity, yet is free from the serious or potentially serious side-effects associated with current forms of therapy.

Ampiclox is indicated for the prophylaxis or treatment of infection in premature babies or neonates.<sup>1,2,3</sup> Particularly:

- ☐ Suspected or confirmed infection in premature babies and neonates.
- ☐ Babies born of mothers with infected liquor.
- ☐ Babies born of mothers whose membranes ruptured more than 48 hours before delivery.
- ☐ Babies born with respiratory distress necessitating endotracheal intubation, mouth to mouth breathing or other resuscitation methods, when subsequent infection is a possible hazard.
- ☐ Babies following a difficult delivery, when inhalation of much liquor, mucus or meconium may have occurred.
- ☐ Babies requiring certain surgical procedures carrying risk of infection, such as replacement transfusion.

Ampiclox is available as Injection for intramuscular use or Neonatal Drops specially formulated for addition to the feeds of premature infants and neonates.

# For greater simplicity in oral contraception...

## Ovulen—the low dosage oral contraceptive—now comes in this 3week wallet

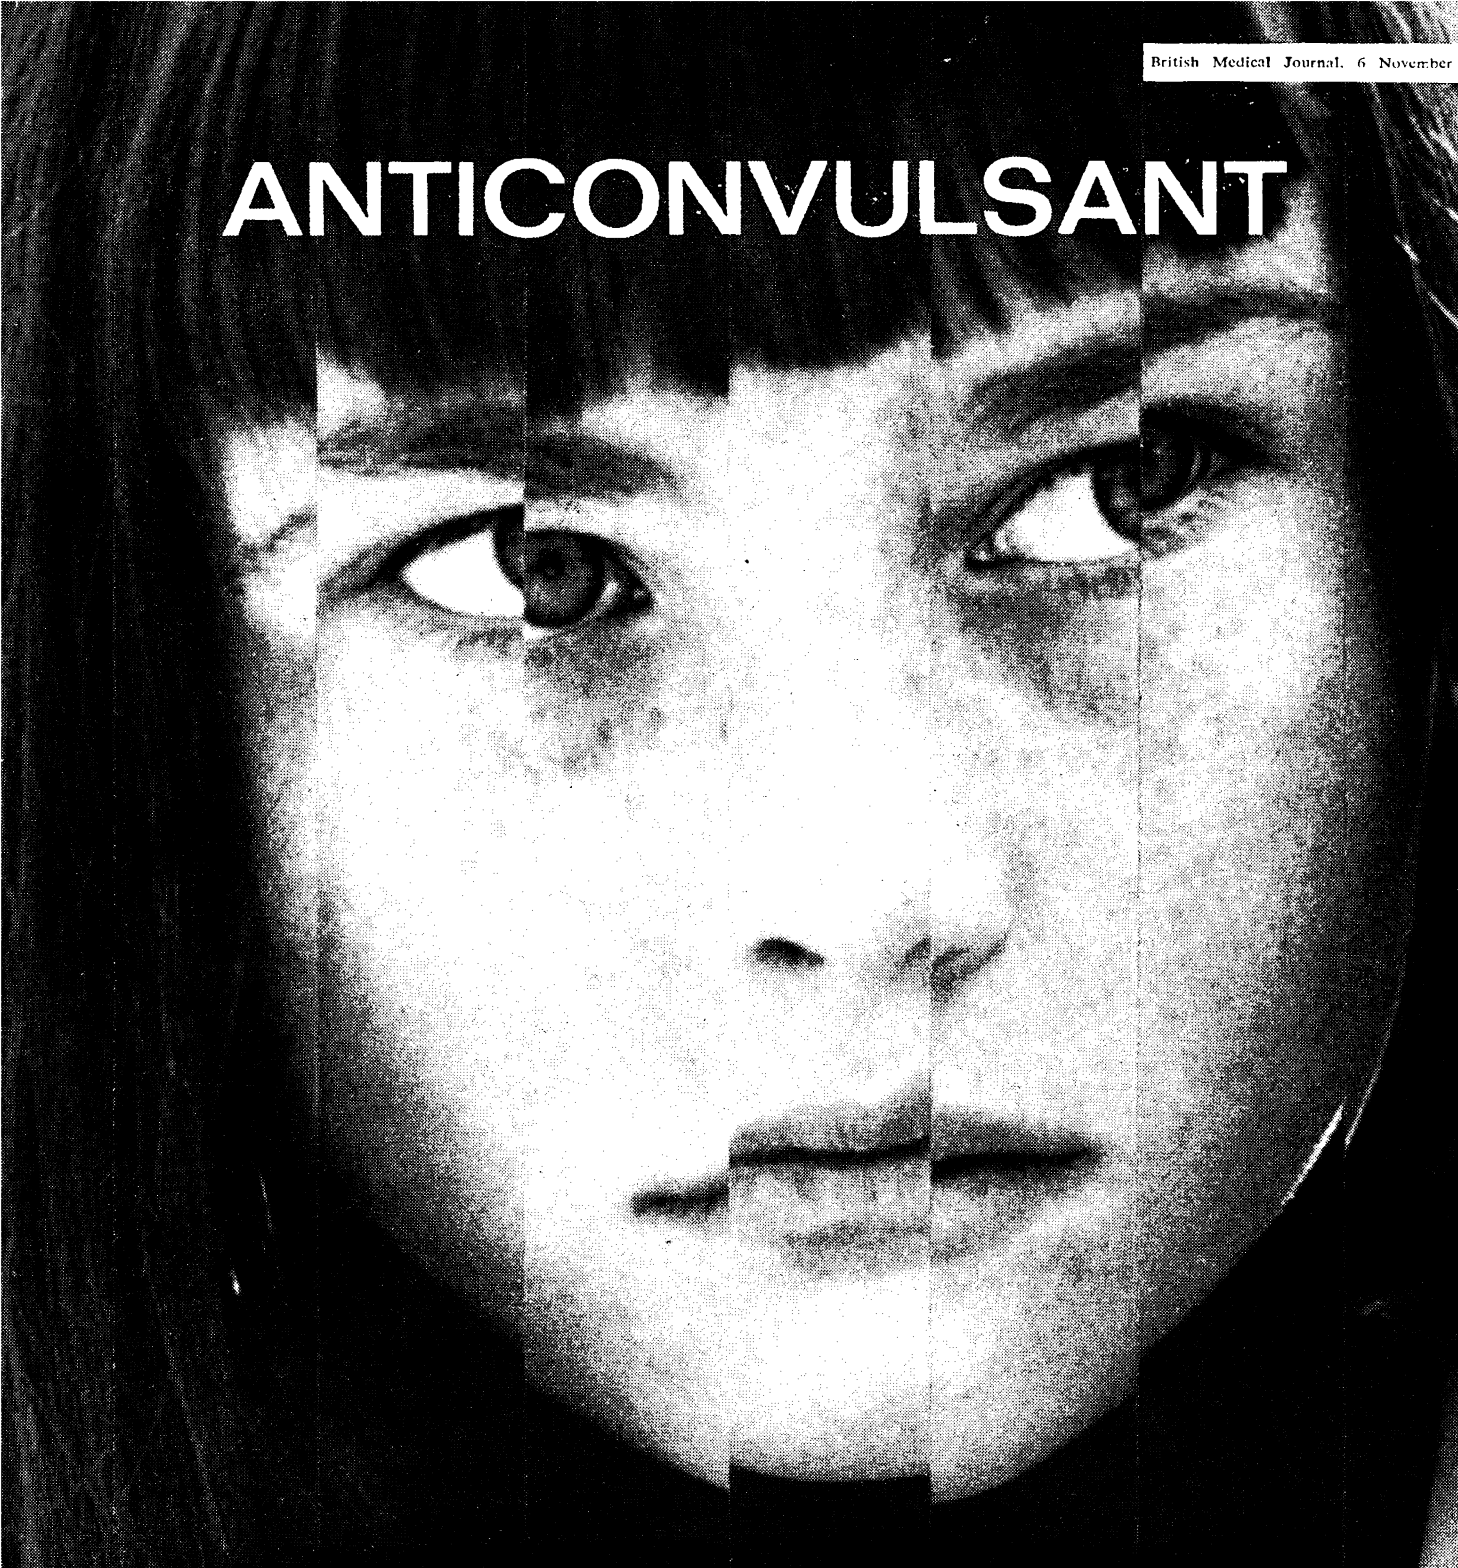

Ovulen (brand of ethynodiol diacetate with mestranol) is the oral contraceptive with a progestin content of only 1 mg. per tablet. The new 3-week wallet means that Ovulen now combines the benefits of low dosage with a simple 3-week administration schedule. *This routine can be easily explained to the patient in a few minutes.*

**SIMPLICITY** The patient takes one tablet a day for 3 weeks, waits one week, then starts her next course of tablets. The complete 4-week cycle makes it easier for her to remember her 'pill routine', because her *starting day* will always be the same day of the week. Ovulen's low progestin content is consistently associated with a very low incidence of side effects.

LOWEST DOSE • LONGEST EXPERIENCE **Ovulen** Searle 

# ANTICONVULSANT

Ospolot is the anticonvulsant different in chemical structure and in its field of action. Indicated in all forms of epilepsy especially in grand mal with behaviour disorders, temporal lobe epilepsy, Jacksonian seizures, myoclonic attacks and hyperkinetic behaviour. No sedation, no liver or blood toxicity.

Adults: 1 tablet (200 mg) three times daily. Children: 10-15 mg/kg body weight daily in three equal doses.

# Vasogen Silicone

## —for skin protection in cases of bedsores, napkin rash cracked skin, itching and other skin disorders

Vasogen Silicone has high water repellent properties and protects the skin from irritants induced or aggravated by contact with aqueous liquids, body fluids and exudations. It is effective also in the treatment of sore buttocks, excoriation, plaster sores, maceration, some conditions of eczema and can be used after colostomy. Vasogen Silicone is easy to apply and is almost invisible on the skin. It provides an acceptable protective barrier that is maintained effectively for lengthy periods.

## The SPENCERFLEX for Men

- ★ Co-relates back and abdominal support
- ★ Allows complete freedom of action
- ★ Protects scar following upper abdominal surgery

*Individually designed, cut and made for each patient*, this support provides pelvic control, abdominal uplift, freedom for muscular action. Thus, at work or play, or during convalescence, the Spencerflex favourably influences better posture and body mechanics.

*Safe* because it is made in non-elastic material that will not yield or slip under strain. *Comfortable* because it is individually designed according to the prescribed needs of each patient.

The extra width at back gives exceptional back support. It is light and flexible, with no pressure on prominent part of hip bones.

Designed as an adjunct to treatment following upper abdominal surgery. Especially helpful in early ambulation and where drainage has been maintained for a considerable period. Completely covers and protects the scar without "digging-in" at lower ribs. Relieves fatigue and strain—even that caused by deep breathing and coughing—on tissue and muscles of the wound area. *We know of no other abdominal support for men* which provides these benefits.

## ASSISTANT EDITOR

The Council of the British Medical Association invites applications from registered practitioners for the appointment of a Medical Assistant Editor to the *British Medical Journal*, starting on April 12, 1966, or possibly earlier. The initial salary will be £2,783 a year, rising by annual increments of £150 to £3,833 a year. In exceptional circumstances the initial salary may be above the minimum of the scale. The appointment will be for a probationary period of six months in the first place. The Association's superannuation scheme will apply on substantive appointment.

Candidates are expected to have a wide knowledge of medicine and must present evidence of literary ability and/or journalistic experience. A knowledge of one or more foreign languages is desirable. Applicants should send full particulars of qualifications and experience, together with the names and addresses of three persons to whom reference may be made, to the Editor of the *British Medical Journal*, B.M.A. House, Tavistock Square, London W.C.1, not later than December 31, 1965. Envelopes should be marked "British Medical Journal—Assistant Editor."

PRACTICES  
(Executive Councils)

## UNIVERSITY AND RESEARCH APPOINTMENTS

(See also under "Overseas")

**APPLICATIONS ARE INVITED FOR A** full-time research worker a

**RESPIRATORY PHYSIOLOGIST** in the Medical Research Council's Clinical Respiratory Physiology Research Unit. Candidates should either have an honours degree in Physiology, or a medical qualification and research experience. The position will provide opportunity to work for a higher degree, if desired, and both laboratory and clinical facilities are available. Salary in relation to seniority and research experience. Superannuation. Applications, stating age, experience, and the names of two referees, to the Director of the Unit, Dr. P. Hugh-Jones, F.R.C.P., King's College Hospital Medical School, Denmark Hill, S.E.5. (2106)

**BATH HOSPITAL MANAGEMENT COMMITTEE**

Applications are invited for the post of **CLINICAL RESEARCH REGISTRAR IN SURGERY**

at the newly formed Department of Clinical Measurement and Research at St. Martin's Hospital, Bath.

The successful candidate will be supported by the British Empire Cancer Campaign, and receive an honorary contract as a Registrar by the South-Western Regional Hospital Board.

The appointment will be for one year in the first instance, and the candidate will be expected to work for a higher degree during his tenure of the post.

Applications, with the names of two referees, should be forwarded to the Secretary, St. Martin's Hospital, Combe Down, Bath, by November 12, 1965. (1753)

## HOUGHTON POULTRY RESEARCH STATION

(Financed jointly by the Agricultural Research Council and the Animal Health Trust)

## HEAD OF PHYSIOLOGY AND BIOCHEMISTRY DEPARTMENT

A senior research worker, preferably holding a veterinary or life science qualification, is required to fill the new post of head of the Station's combined physiology and biochemistry department. The work of this expanding department will be linked to the main theme of the Station's programme—avian diseases. The successful applicant will have the opportunity of designing the future programme of the department.

The appointment will be made within the Senior Principal Scientific Officer scale (£3,300 per annum to £3,800 per annum). Superannuation under F.S.S.U.

Further information from the Station Secretary, Houghton, Huntingdon, to whom applications should be submitted by November 30. It is hoped to conduct interviews in London in mid-December. (H.3268)

## MEDICAL RESEARCH COUNCIL

### TRAVELLING FELLOWSHIPS IN MEDICINE AND MEDICAL SCIENCE

The Medical Research Council invite applications for the following Travelling Fellowship for the academic year 1966/67.

### DOROTHY TEMPLE CROSS RESEARCH FELLOWSHIP

The object of these Fellowships is to give special opportunities for study or research to suitably qualified United Kingdom subjects of either sex, possessing suitable medical or scientific qualifications, intending to devote themselves to the advancement by teaching or research of the curative or preventive treatment of tuberculosis in all or any of its forms or to increase knowledge of diseases of the lung. The Fellowships will, as a rule, be awarded to candidates who wish to make their studies or inquiries elsewhere than in the United Kingdom. There are no precise age limits but awards will be made to candidates under the age of 38 and over 40 only in exceptional circumstances.

Fellowships tenable in the United States will carry a stipend of \$6,000 per annum, and where appropriate allowance of \$500 per annum will be payable for the fellow's wife and dependent child. In addition, an allowance will be made for travelling and other approved expenses.

Further particulars of these awards and forms of application may be obtained from the Secretary, Medical Research Council, 20 Park Crescent, London W.1, to whom completed forms should be returned by no later than January 1, 1966. (2195)

## OXFORD REGIONAL HOSPITAL BOARD

Stoke Mandeville Hospital, Aylesbury

### REGISTRAR

to the Regional Rheumatism Research Centre. The post offers wide experience in the diagnosis and treatment of rheumatic disorders. The centre has an 18-bed inpatient unit and is engaged in a programme of clinical and laboratory research in which the successful candidate will be encouraged to participate. Postgraduate courses in internal medicine and excellent library facilities are available. The successful candidate may transfer to the Department of Rheumatism and Physical Medicine at Reading at the end of the first year. Applications (two copies), on forms obtainable from

the Secretary, Registrars' Committee, Old Road, Headington, Oxford, should be received by November 15, 1965, quoting reference 17/11/23/8. (1754)

**RESEARCH ASSISTANT (REGISTRAR** grade) for research project on encephalitis in haematological disorders. Training in isotope techniques and technical assistance provided. Appointment for one year in the first instance. Clinical attachment to medical unit. Further information from Dr. J. Fielding, Haematology Department, Apply: Secretary, Paddington General Hospital, Harrow Road, W.9. (CUN. 4884). (2396)

## THE NUFFIELD FOUNDATION Nuffield Institute for Medical Research

### RESEARCH FELLOWSHIP

The Foundation is prepared to offer one research fellowship tenable during 1966 at the Nuffield Institute for Medical Research at Oxford, to enable a suitably qualified person who intends to follow an academic career in obstetrics or paediatrics in the United Kingdom to concentrate for a year on animal experiments directly related to basic physiology or pharmacology in the fetus or the newborn.

The Fellowship will be tenable for one year and is limited to a graduate in medicine of a University within the British Commonwealth, who is normally resident in the United Kingdom, and who should either have completed an appointment as Registrar (or its equivalent) in an approved department of obstetrics or paediatrics, or be seconded for one year from such an appointment. He should also have obtained the higher qualification appropriate to his chosen speciality. The stipend will be within the approved range of salaries for Senior Registrars under the National Health Service. Applications for the award beginning in 1966 must be received before February 15, 1966, by the Director, The Nuffield Foundation, Nuffield Lodge, Regent's Park, London N.W.1, from whom full particulars, and application forms, can be obtained.—Brian Young, Director of the Nuffield Foundation. (H.3361)

## THE NUFFIELD FOUNDATION

### MEDICAL FELLOWSHIPS

As part of its programme for the advancement of health, the Nuffield Foundation is prepared to award a number of Fellowships to men and women of the United Kingdom highly qualified in medicine, wishing to train further for teaching and research appointments in any branch of medicine.

In 1966 the Foundation is again offering a special interest Fellowship and applications are invited from candidates of Senior Registrar status, who must be seconded from their own departments for a year, to study in the Departments of Medicine at one or other of the following University colleges: Ibadan, Nigeria; Makerere University College, Uganda; Christian Medical College, Vellore, India; University College of the West Indies, Jamaica. If such a fellowship were awarded, discussion as to the candidate's opportunities for work on return would be undertaken on his behalf with his teaching hospital.

Applications for awards in 1966, which must be endorsed by the executive authority of a university medical school in the United Kingdom, must be received by the Foundation not later than February 1, 1966.

The conditions for these Fellowships and the application forms are available from the Director, The Nuffield Foundation, Nuffield Lodge, Regent's Park, London, N.W.1, or Brian Young, Director of the Nuffield Foundation. (H.3362)

## UNIVERSITY OF BRISTOL

The University invites applications for the post of

### LECTURER IN PATHOLOGY

(Morbid Anatomy). During his tenure of the Lectureship the successful candidate will be given status in the United Bristol Hospitals either as Consultant or Senior Registrar, according to qualifications and experience. Salary scale £1,970 by £115 to £3,150 by £110 to £3,470 by £115 to £3,585 by £60 to £3,645 per annum, as appropriate, together with superannuation.

Applications, stating age, qualifications and experience, should include the names of three referees. Fifteen copies of the application (except in the case of Overseas applicants, from whom one will suffice) should reach the Registrar, from whom further particulars may be obtained, not later than Tuesday, November 30, 1965. (2445)

**THERE IS A VACANCY FOR APPROXI-** mately one year for the medical staff of the Epidemiological Research Laboratory, Central Public Health Laboratory, Colindale, London N.W.9. It is a full-time appointment, but a suitable part-time worker would be considered. Previous epidemiological experience is desirable but not essential. The position offers opportunities for work in many aspects of practical epidemiology, including participation in field investigations, trials and surveys. Salary will be according to age and experience on N.H.S. scale but not less than £1,425. Applications (two copies) to the Director, Central Public Health Laboratory, Colindale Avenue, London N.W.9. (2196)

## THE UNIVERSITY OF LEEDS

### Applications are invited for the post of LECTURER IN DIAGNOSTIC RADIOLOGY IN THE DEPARTMENT OF RADIOLOGY

at the General Infirmary, Leeds, at a salary on the scale £1,580 by £110 to £1,690 by £115 to £2,150 by £110 to £2,700 (efficiency bar £2,260).

Applications (three copies) stating age, qualifications and experience, together with the names of three referees, should reach the Registrar, The University, Leeds 2 (from whom further particulars can be obtained) not later than December 11, 1965. (2336)

## THE UNIVERSITY OF LEEDS

### in association with UNITED LEEDS HOSPITALS

Applications are invited for the post of **SENIOR REGISTRAR AND TUTOR IN ORTHOPAEDICS**

at a salary on the scale £1,710 to £2,050 a year.

Applications (three copies), stating age, qualifications, and details of present and previous appointments (with dates), and experience of teaching, together with the names of three referees, should reach the Registrar, The University, Leeds 2 (from whom further particulars can be obtained) not later than November 29, 1965. (2338)

## THE UNIVERSITY OF MANCHESTER

### Applications are invited for the post of LECTURER IN MEDICAL PHYSICS

Salary scale per annum: £1,400 to £2,505. Initial salary according to qualifications and experience. Membership of F.S.S.U.

Applications should be sent not later than November 13, 1965, to the Registrar, The University, Manchester 13, from whom further particulars and forms of application may be obtained on quoting reference 188/65/B.M.J. (1928)

## THE UNIVERSITY OF MANCHESTER

### Student Health Service

Applications are invited for the post of

### MEDICAL OFFICER

(full-time) in charge of the Student Health Service. Applicants should have had good clinical experience and should preferably hold a higher medical qualification; experience in industrial or public health, preferably with young people, would be an advantage. Salary in the range £3,195 to £3,990 per annum. Membership of F.S.S.U. Duties to commence as soon as possible.

Applications should be sent not later than November 25, 1965, to the Registrar, The University, Manchester 13, from whom further particulars and forms of application may be obtained on quoting reference 190/65/B.M.J. (2000)

## UNIVERSITY OF DURHAM

### UNIVERSITY MEDICAL OFFICER

Applications are invited from registered medical practitioners for the post of University Medical Officer. Salary according to qualifications and experience on the scale £2,800 by £80 to £3,700 by £100 to £3,500 per annum, with F.S.S.U. benefits. This scale will be reviewed if any general increase is granted to general practitioners in the National Health Service.

Further particulars are obtainable from the Registrar and Secretary of the Shire Hall, Durham, with whom applications (three copies), should be lodged, not later than December 1, 1965. (2390)

## UNIVERSITY OF GLASGOW

### CHAIR OF PHYSIOLOGY

Applications are invited for appointment to an additional Chair of Physiology for which an ordinance has been promoted. This is a new appointment.

Applications (20 copies) should be submitted not later than November 22, 1965, to the undersigned, from whom further particulars may be obtained.—Robt. T. Hutcheon, Secretary of the University Court. (1971)

## UNIVERSITY OF EDINBURGH

### NICHOLAS RESEARCH FELLOWSHIP IN ENDOCRINOLOGY

Applications are invited from medical graduates for the Nicholas Research Fellowship in Endocrinology. His or her primary duties would be to assist in a current research programme on the management of patients with thyrotoxicosis. Previous experience in endocrinology is desirable but not essential.

The post is available starting January 1, 1966, for one year in the first instance. Salary £1,200 to £1,800, according to qualifications. Applications, naming two referees, to Dr. W. J. Irvine, Department of Therapeutics, Royal Infirmary, Edinburgh (H.3267)

## UNIVERSITY OF GLASGOW

### CHAIR OF BIOCHEMISTRY

Applications are invited for appointment to an additional Chair of Biochemistry for which an ordinance has been promoted. This is a new appointment.

Applications (20 copies) should be submitted not later than November 26, 1965, to the undersigned, from whom further particulars may be obtained.—Robt. T. Hutcheon, Secretary of the University Court. (1972)

## EDUCATIONAL

**CORRESPONDENCE COURSE FOR THE** London and Edinburgh M.R.C.P. Completely up-to-date and includes help with the clinical.—Write J. Arnold, 189 Regent Street, W.1.

## EDINBURGH POSTGRADUATE BOARD FOR MEDICINE

### ADVANCED COURSE ON THE SURGERY OF ACCIDENTS

November 29 to December 11, 1965

The two-week course will be concerned with the orthopaedic neurosurgical, general and plastic surgical aspects of this problem at an advanced level.

The first week will be largely concerned with the orthopaedic problems in accident surgery including arterial injuries and the circulatory and metabolic problems of trauma. Two days will be devoted to the problems of head injury in its several aspects, on the third day injuries of spinal cord and cauda equina will be reviewed including a visit to Edinburgh Hospital Paralytic Unit.

In Plastic Surgery subjects covered will include burns, maxillo-facial injuries, hand injuries and the replacement of skin following trauma.

The lecturers will include members of the staffs of the University Departments of Orthopaedic Surgery, Neurosurgery, and Plastic Surgery, together with guest lecturers from other centres.

Fee—£20

Applications to the Director of Studies, Edinburgh Postgraduate Board for Medicine, Pfizer Foundation, Hill Square, Edinburgh 8. (2435)

## ELECTRONICS

### FOR THE PRACTITIONER

The increasing number of applications of electronics to present day medicine makes knowledge of the subject of great practical importance.

We have just produced a special "home-study" PRACTICAL course in Basic Electronics. No previous knowledge is assumed and no mathematics is used. The course starts with the building of a simple cathode ray oscilloscope and this is then used to carry out some 40 experiments on all the basic electronic circuits.

Full details without any obligation from: **BRITISH NATIONAL RADIO SCHOOL,** Dept. M1, Reading, Berks.

## UNIVERSITY OF MANCHESTER

### DIPLOMA IN AUDIOLOGY

The University offers a one-year advanced course of study and training in Audiology. Applications are invited from registered medical practitioners qualified and experienced teachers of the deaf, psychologists and speech therapists. The subjects of study are: anatomy and physiology of hearing and speech and the pathology of deafness; physical audiology; measurement of hearing; psychology of deafness; educational management of deafness.

Application forms, and further particulars, may be obtained from Professor I. G. Taylor, M.D., D.P.H., Department of Audiology and Education of the Deaf, The University, Manchester 13.

## INSTITUTE OF UROLOGY

Diploma of Industrial Health, January and July. Diploma in Medical Jurisprudence, October and April. January and July (Part II). For regulations apply Registrar, Apothecaries Hall, Black Friars Lane, London E.C.4.

## UNIVERSITY OF EXETER

## Postgraduate Medical Institute

A full-time postgraduate course lasting ten weeks will begin on January 12, 1966. These courses are held three times a year starting in October, January, and April. Each course includes instruction in general medicine, paediatrics, preventive medicine, pathology, psychiatry, orthopaedics, and general surgery. The programme is planned so that students wishing to specialize in a particular clinical subject are given the opportunity to do so, while other students receive teaching in each of the main clinical departments in turn. Unpaid clinical attachments can be arranged at the end of the course for students requiring a longer period of training.

Further particulars and application forms for these courses are obtainable from the Director, The Postgraduate Medical Institute, The University, Exeter, Devon. (2289)

## THE ROYAL MEDICO-PSYCHOLOGICAL ASSOCIATION

(MAUDSLEY BEQUEST)

The following two-day Lecture Course has been arranged for 16th and 17th November, 1965, at The Royal Society of Medicine, 1 Wimpole Street, London, W.1. The course is designed to help candidates taking Part I of the D.P.M., but all other members, and those promising to become members within the next eighteen months, will be welcome.

## TUESDAY, 16 NOVEMBER, 1965

10.00 a.m.—11.15 a.m.	Elementary Statistics	A. E. MAXWELL, M.A., Ph.D.
11.30 a.m.—12.45 p.m.	Mental Testing	H. GWYNNE JONES, B.Sc., Dip.Ed.
2.00 p.m.—3.15 p.m.	Personality	H. J. EYSENCK, B.A., Ph.D.
3.30 p.m.—4.45 p.m.	Memory and Learning	MOYRA WILLIAMS, D.Phil.Oxon.

## WEDNESDAY, 17 NOVEMBER, 1965

10.00 a.m.—11.15 a.m.	Ethology	E. I. M. BOWLEY, M.A., M.D., F.R.C.P.
11.30 a.m.—12.45 p.m.	Emotion	D. RUSSELL DAVIS, M.D., F.R.C.P., D.P.M.
2.00 p.m.—3.15 p.m.	Mental Mechanisms	E. STENGEL, M.D., F.R.C.P.
3.30 p.m.—4.45 p.m.	Perception	R. C. OLDFIELD, M.A.

Each lecture will be followed by questions from the audience. Admission is by ticket and is open to members of the Royal Medico-Psychological Association and to others who signify their intention of joining the Association before May, 1967. Applications for tickets should be made as soon as possible to The Registrar, Royal Medico-Psychological Association, Chandos House, 2 Queen Anne Street, London, W.1. (H.3388)

THE MEDICAL  
CORRESPONDENCE COLLEGE

Applications (three copies), stating age, qualifications, and details of present and previous appointments (with dates), and experience of teaching, together with the names of three referees, should reach the Registrar, The University, Leeds, by November 27, 1965. (2339)

### ALBERT DOCK HOSPITAL

Alawick Road, E.16

**LOCUM ORTHOPAEDIC REGISTRAR**  
required from November 29 for one month in first instance. Salary £28 10s. per week. Please apply by letter or by telephone (Albert Dock 2234) to the Hospital Secretary. (2428)

### NORTHERN REGIONAL HOSPITAL BOARD

(Scotland)

Applications are invited for two whole-time, non-resident posts of

### REGISTRAR IN ORTHOPAEDIC SURGERY

(one vacant now and the other on January 10, 1966). The main duties are at Raigmore Hospital, Inverness.

Schedules of application and further particulars are obtainable from the Senior Administrative Medical Officer, Northern Hospital Board, Reay House, 17 Old Edinburgh Road, Inverness, with whom applications should be lodged by November 26, 1965, quoting reference 17/4/1/T. (1778)

### OXFORD REGIONAL HOSPITAL BOARD

**LOCUM REGISTRAR IN TRAUMATIC AND ORTHOPAEDIC SURGERY**

required in the Swindon area.

Applications, giving details of age, experience, qualifications, and the names of two referees, to the Secretary, Oxford Regional Hospital Board, Old Road, Headington, Oxford, quoting reference 17/4/1/T. (1778)

### OXFORD REGIONAL HOSPITAL BOARD

**REGISTRAR**

required for the Swindon/Cirencester Area Department of Orthopaedic Surgery with duties mainly at the Princess Margaret Hospital, Swindon. The post is recognized (six months) for the F.R.C.S. This unit is associated with the Nuffield Orthopaedic Centre in Oxford and it is anticipated that the successful candidate will transfer to the Nuffield Orthopaedic Centre. The appointment will be for one year eligible for extension to a second year.

Applications (two copies), on forms available from the Secretary, Registrars Committee, Old Road, Headington, Oxford, should reach him by November 22, 1965, quoting reference 17/1/9/91. (2137)

## SHEFFIELD REGIONAL HOSPITAL BOARD

### LOCUM REGISTRAR (Orthopaedics)

required St. George's Hospital, Lincoln, immediately for four weeks in the first instance. Remuneration £28 10s. per week.

Apply Secretary, Sheffield Regional Hospital Board, Old Fulwood Road, Sheffield 10, naming two referees. (2246)

### WESSEX REGIONAL HOSPITAL BOARD

Applications are invited for the post of

### ORTHOPAEDIC REGISTRAR

to the orthopaedic and accident department at the Royal South Hants Hospital, to commence December 1. The post is recognized in the accident centre for a large industrial town and port, and thus provides excellent experience in the treatment of traumatic conditions; patients with other orthopaedic conditions are also drawn from a wide area.

Postgraduate education in accident and orthopaedic surgery is especially catered for. The post is recognized for the Fellowship. Forms of application may be experienced in both the Group Secretary, Southampton Group Hospital Management Committee, Tremona Road, Southampton, to whom they should be returned by November 24, 1965. (2346)

### BARNET GENERAL HOSPITAL

Wellhove Lane, Barnet, Herts.

### Accident and Orthopaedic Department

#### SENIOR HOUSE OFFICER

Applications are invited for the post of Senior House Officer for a period of six months. Two months will be spent as Orthopaedic House Officer and four months as Casualty Officer. The post is recognized for the F.R.C.S. Candidates will be welcome to visit the hospital by appointment. Applications to Hospital Secretary. (2443)

### BATH HOSPITAL MANAGEMENT COMMITTEE

#### HOUSE SURGEON (Orthopaedics)

S.H.O. grade, required at St. Martin's Hospital, Post offers valuable experience in both orthopaedic and traumatic surgery, and is recognized under F.R.C.S. Regulations. Applications, stating age, qualifications, and experience, with names of two referees, to the Group Secretary, Bath. (1779)

**ST. EDWARD'S HOSPITAL  
Cheddleton, Leek, N. Staffs**

Applications are invited for the post of **LOCUM TENENS JUNIOR HOSPITAL MEDICAL OFFICER (Psychiatry)** for six months in first instance. Facilities for D.P.M. and assistance with travelling expenses in attending course at Birmingham. Good opportunity for out-patient work at neighbouring General Hospitals and Local Authority Clinic. Single or married accommodation available. Applicants, stating age, qualifications and experience, together with the names and addresses of two referees, should be forwarded to Group Secretary by November 20, 1965. Candidates may visit hospital. (2147)

**SHELTON HOSPITAL  
(825 beds)**

Vacancy for **JUNIOR HOSPITAL MEDICAL OFFICER** (Locum—pending authorisation of appointment of Medical Assistant grade) in this modernized hospital run on full open door lines. Successful applicant will be a member of a clinical team and will be encouraged to accept much responsibility for treating patients. The hospital is on the outskirts of Shrewsbury, within easy reach of Birmingham. Attendance at the D.P.M. course there (if required) will be encouraged and the duty rota permits ample time for study and leisure. Regular clinical meetings and seminars are held within the hospital during the university term, sponsored by the Postgraduate Clinical Tutor in Psychiatry from the University of Birmingham. The hospital is run along progressive lines and the orientation is eclectic. All modern methods of treatment are employed. Integrated wards are being developed. There are excellent opportunities for participation in research. Single accommodation is available. Applications to the Group Secretary, Copthorne Hospital, Mytton Oak Road, Shrewsbury. (1742)

**GLENSIDE AND BARROW HOSPITAL  
MANAGEMENT COMMITTEE**  
Applications are invited for appointment of a **SENIOR HOUSE OFFICER**. The Group has modern Admission Units, Mixed Units, a Day Hospital, a large Industrial Training Unit, and Departments of Experimental and Applied Psychology, and Electro-encephalography. The appointment offers opportunities for experience in all aspects of acute and chronic psychiatric illness. Facilities available for studying and gaining experience for Diploma of Psychological Medicine. Board residence for single officer if required. Applications, with names of two referees, should be sent to Secretary, Glenside Hospital, Stapleton, Bristol. (2148)

**HERRISON (DORSET) GROUP H.M.C.  
DORCHESTER****REGISTRARS IN PSYCHIATRY**

Applications are invited for three new posts which have been created in the above Group, with duties at one or more of the following Units within the Group:

- Herrison Hospital, Dorchester (1210 beds).
- Blackdown Day Hospital, Weymouth.
- St. Ann's Hospital, Canford Cliffs, Poole (75 beds).
- Herbert Day Hospital, Bournemouth (to be opened in 1966).

These appointments are all recognized training posts under the Wessex Regional Hospital Board's Scheme for Postgraduate Education in Psychiatry.

Regular tutorial courses for Parts I and II of the D.P.M. are held in the Region, and the successful applicants will be encouraged to participate in the Regional Scheme for Postgraduate Education in Psychiatry, and at the appropriate stage will be regularly released for the tutorial courses. Single residential accommodation available. Candidates may visit the hospitals by arrangement with the Chairman of the Medical Advisory Committee.

Applications, in writing, giving details of age, qualifications and experience, and the names and addresses of three referees, to the Group Secretary, Herrison Hospital Management Committee. (2429)

## PUBLIC HEALTH

### CORPORATION OF DUNDEE

### ASSISTANT MEDICAL OFFICER OF HEALTH

Applications are invited from registered medical practitioners, preferably holding a D.P.H., for the above post in the Health and Welfare Department, Dundee.

Duties will be concerned predominantly with the Child Health Service of the City and opportunities will exist for gaining wider experience in every branch of public health. Salary £1,515 by £75 (5) by £80 (3) to £2,130 with placement according to qualifications and experience. Applicants will require to pass a medical examination for superannuation purposes.

Applications, stating age, qualifications, and experience, together with the names of two referees, should be sent to the Medical Officer of Health, 9 West Bell Street, Dundee, on or before November 10, 1965.—Robert Lyle, Town Clerk, City Chambers, Dundee. (H.3401)

### COUNTY BOROUGH OF BOOTLE

### APPOINTMENT OF ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER

Applications are invited from registered medical practitioners for the above appointment. The duties will include maternal and child health, school health, and opportunity to be given to the applicant in other branches of the public health field.

Salary scale £1,515 by £75 (5) by £80 (3) to £2,130 with placement according to experience.

The appointment is subject to the provisions of the Local Government Superannuation Acts, to the successful candidate passing a medical examination and to three months' notice on either side.

Application forms may be obtained from the Medical Officer of Health, Town Hall, Bootle 20, to whom they should be returned as soon as possible.—A. J. E. Taylor (L.L.M.), Town Clerk, Town Clerk's Office, Bootle 20. (1933)

### COUNTY BOROUGH OF DONCASTER Health Department

### ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER

Applications are invited from registered medical practitioners for the above post. A Diploma in Public Health or Child Health is desirable but not essential.

The duties cover the whole range of local health and education authority services, and will include opportunities to gain experience in administrative work.

Car allowance, Fifty per cent. of removal expenses will be paid, and housing accommodation will be provided where appropriate.

The salary will be on the scale £1,515 to £2,090 per annum, with a maximum in 1966 £2,130 per annum, commensurate with qualifications and experience. Whitley Medical Council conditions. Medical examination. Superannuable. This appointment is terminable by three months' notice in writing on either side.

Particulars and forms of application obtainable from the Medical Officer of Health, Health Office, Wood Street, Doncaster, to whom they should be returned as soon as possible.—D. Randall Martin, Medical Officer of Health. (H.3473)

### COUNTY BOROUGH OF LUTON

### ASSISTANT MEDICAL OFFICER

Applications are invited for this appointment. Salary scales: £1,515 by £75 (5) by £80 (3) to £2,130. Commensurate salary commensurate with qualifications and experience. Additional payment of £125 per annum for special duties. Car allowance, and car ban facilities. Preference will be given to applicants possessing Diploma in Public Health. Duties include work in connection with school health, hospital treatment of infectious diseases, and health and welfare services.

Full particulars, and application form, obtainable from Medical Officer of Health, 63-69 Guildford Street, Luton. (2082)

### COUNTY COUNCIL OF DURHAM

### PRINCIPAL SENIOR MEDICAL OFFICER

Applications are invited from registered medical practitioners holding the Diploma in Public Health and, preferably, a higher medical qualification, to the post of Principal Senior Medical Officer which will be principally concerned with the County Council's welfare services and the care of the elderly. Duties will include selection and advice regarding elderly residents in the County's hostels and maintaining liaison with the hospital and general practitioner services in this field but an opportunity will also be given for the successful candidate to engage in research projects and to become acquainted with other aspects of the County Council's health and welfare services. The salary will be on the scale £2,750 to £3,215 per annum, the commencing point being dependent on previous salary, experience, and additional qualifications. A motor car allowance will be paid.

Application forms, and further particulars, from the County Medical Officer, County Hall, Durham, (Closing date November 15, 1965.—J. T. Brockbank, Clerk of the County Council. (1752)

**WARWICKSHIRE COUNTY COUNCIL  
APPOINTMENT OF TWO ASSISTANT  
COUNTY MEDICAL OFFICERS OF  
HEALTH AND SCHOOL MEDICAL  
OFFICERS**

(male or female) combined with a Bursary Scheme for taking the Diploma in Public Health

For duties based on Leamington Spa and Stratford-upon-Avon

Applications are invited from young medical practitioners wishing to make a career in Public Health. A minimum of two years' medical experience is required. The selected candidate may elect to join the Bursary Scheme which provides for attendance on paid leave, in the third or fourth year of service, at London University, to take the Diploma in Public Health with assistance towards living, travelling and course expenses. The posts are kept open, and satisfactory candidates may return to the Council's service on the appropriate point in salary scale. A brochure explaining the scheme in full is supplied with the application form. Conditions of service and salary are in accordance with the Whitley Council scale—£1,515 to £2,050 and ultimately to £2,130—commencing salary according to experience. A Bursary candidate having certain deductions. Posts superannuable from date of appointment.

Applications will be considered from married women practitioners willing to work school terms only, for pro-rata salary. The successful candidates will be required to produce a satisfactory medical certificate. Car is essential for which Whitley Council scale allowance is payable. Consideration will be given to financial assistance towards removal expenses.

Forms of application can be obtained from the County Medical Officer of Health, County Health Department, Lakin Road, Warwick. Closing date for applications is November 16, 1965.—L. Edgar Stephens, Clerk of the Council, Shire Hall, Warwick. (1891)

**ST. ANDREW'S HOSPITAL,  
NORTHAMPTON**

**FOR NERVOUS AND MENTAL  
DISORDERS**  
President: The Earl Spencer  
Medical Superintendent:  
D. J. O'Connell, M.D., D.P.M.

This private hospital receives patients, both  
male and female, suffering from nervous and  
mental disorders including alcoholism and  
senile illnesses. The fees range from sixteen  
guineas per week. Private rooms with special  
nurses can be provided, either in the hospital  
or in one of the villas in the grounds. The  
hospital is situated in 130 acres of pleasant  
grounds which provide all recreational facili-  
ties. These include a nine-hole golf course,  
sports ground, tennis courts, etc. A Recre-  
ation and Occupation Centre, known as  
Gloucester House, has been opened recently  
which includes an occupational therapy de-  
partment, a swimming pool, a squash court,  
and a library with an adjoining reading  
room.

**WANTAGE HOUSE**  
This is a separate reception unit to which  
patients may be admitted. It is equipped  
for the complete investigation of nervous and  
mental disorders by the most modern  
methods. All forms of treatment are avail-  
able.

**MOULTON PARK**  
Some two miles from the main hospital is  
the farm of approximately 600 acres. Occu-  
pational therapy is a feature of this branch.  
For terms and further particulars apply to  
the Medical Superintendent (Telephone No.:  
34354 Northampton), who can be seen in  
London by appointment.

**ASCOT NURSING HOME**

Burleigh Road, Ascot. Tel. Ascot 715  
A nursing home with extensive gardens  
registered for medical and psychiatric  
patients. A limited number of geriatric  
patients accepted. Accommodation in single  
rooms, many with private bathrooms. Apply  
Medical Director.
