the simple answer is often the best

Bronchospasm? Theophylline gradually, consistently, predictably released from the Gradumet in the small intestine. Reliably absorbed to give 24 hour relief of bronchospasm from one 350 mg. tablet b.d. Theograd provides the simple answer.

Theograd[®]

bronchodilation night and day

Recommended dosage: 2 tablets initially, followed by 1 b.d. As with all theophylline preparations, some patients may experience gastrointestinal side effects; the Gradumet[®] presentation reduces these to a minimum. No clear contraindications; relatively non-toxic.

Full information is available on request. ABBOTT LABORATORIES LIMITED, QUEENBOROUGH, KENT

TG 152

The effective pain-killer that can't kill the patient

For many patients a spell in hospital is a very painful experience.

If they're admitted in pain, from injury, or a chest infection or a heart attack, they may have to stay in pain.

And if their treatment requires an operation they are liable to suffer more pain post-operatively.

Everyone knows the reason.

The typical depressant effect of the hard analgesic is contra-indicated in many conditions.

And when it is not, there is so often no one available who is qualified to administer it.

Yet there is no good reason why anyone should suffer. Because there is a solution. A very familiar one that exists in most hospitals in Britain.

Entonox. It has no conceivable contra-indications.

Its 50% nitrous oxide content makes it a highly effective pain-killer. And its 50% oxygen makes it better than safe: indeed, actually beneficial.

Much more to the point, Entonox can be self-administered without medical supervision.

The precedents are already established.

By the midwifery authorities.

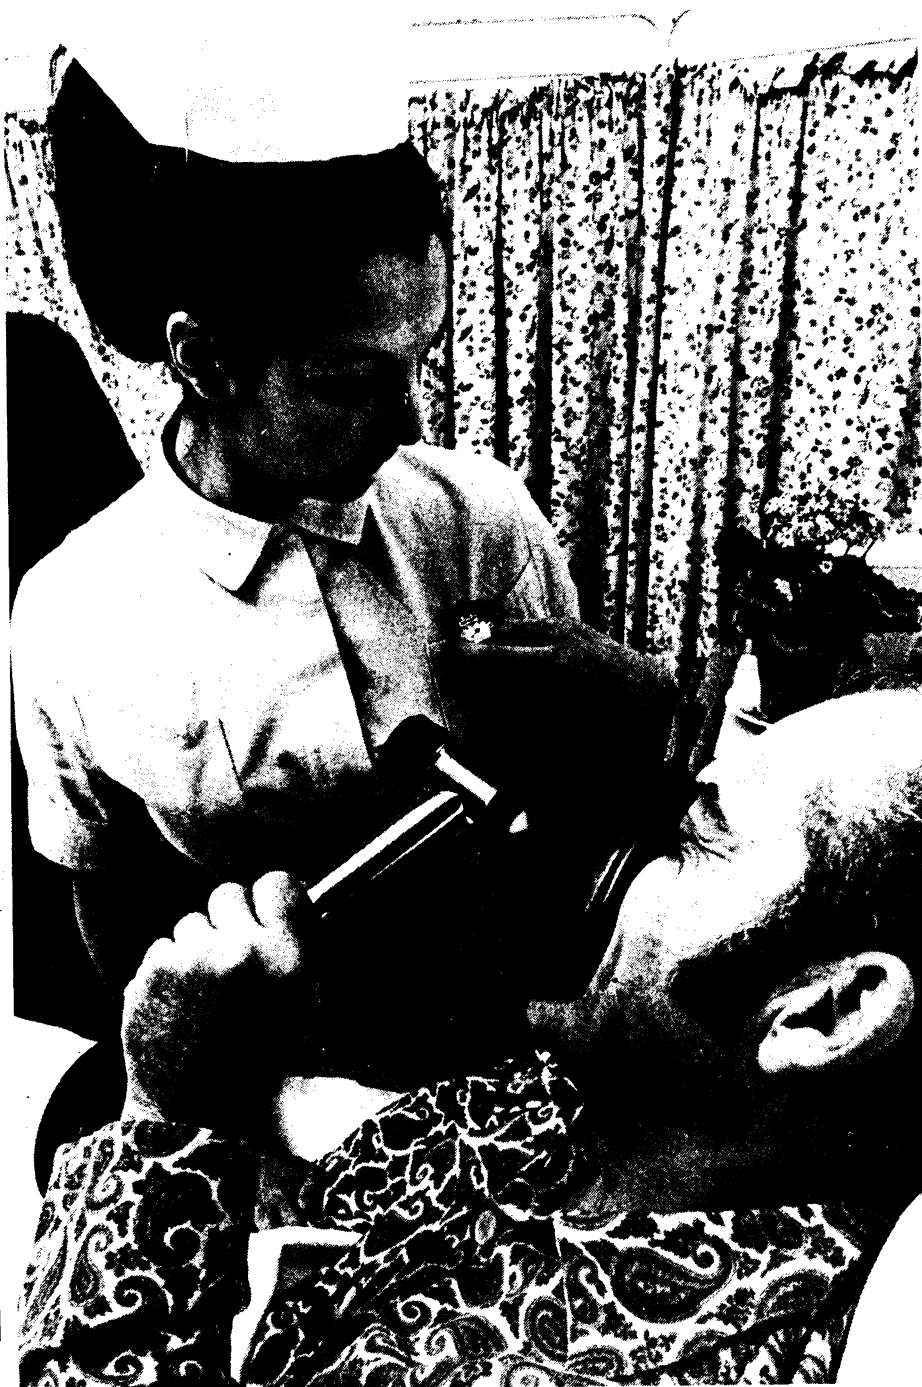

And in the last few months, by County Medical Officers of Health who have sanctioned the use of Entonox in ambulances.

So we ask simply: do hospital patients need to suffer any longer? Why shouldn't the nursing staff be allowed to offer them Entonox when they ask for something to stop the pain?

If you would like more details, write to BOC.

Entonox is BOC's registered trade mark for nitrous oxide/oxygen mixtures.

Roche Medical Information Service | **Larodopa**

We are pleased to announce that supplies of Larodopa*, our brand of L-Dopa, are now available - but only on a limited basis.

For the present, our total supply has been allocated to the Department of Health, who have themselves nominated through the Senior Administrative Medical Officer in each region, those consultants who should receive supplies of Larodopa. General practitioners wishing to refer patients for Larodopa treatment should contact the Senior Administrative Medical Officer of the Regional Hospital Board in their area, who will advise them as to the centres in their area where supplies of Larodopa are available.

At the present time supplies of Larodopa continue to be limited, but we are developing our production capacity as quickly as possible.

*Larodopa is the trade mark for Roche preparations containing L(-)- β (3,4-Dihydroxyphenyl)-alanine.

Roche Medical Information Service | **Larodopa**

Larodopa is the result of Roche's involvement in the investigation and development of L-Dopa from the very beginning. In order to expand the field of knowledge concerning the use of Larodopa in Parkinsonism, it is planned to maintain a special Roche Medical Information Service to help doctors on the subject.

We shall endeavour to keep you up-to-date with all developments concerning the use of Larodopa, since even at this stage patients in your practice may be started on treatment by a local consultant. If this happens and you require additional information, please do not hesitate to let us know.

You can write for information to the address below, or phone the Roche Medical Information Service/Larodopa direct on 01-935 5566.

Full information is available on request from:
Roche Products Limited, Medical Information Service/Larodopa,
15 Manchester Square, London W1M 6AP

ANTIBIOTICS AND THE INTESTINAL FLORA

Treatment with broad spectrum antibiotics suppresses the normal flora, which may be replaced by abnormal resistant organisms causing diarrhoea.

This change can be prevented or reversed by the implantation of *Lactobacillus acidophilus* which has been rendered antibiotic-resistant, and is thus able to multiply freely under these abnormal conditions. The products of growth of the organism are inimical to that of many other bacteria^{1,2} and thus contribute to its rapid preponderance over other species.

Oral treatment with antibiotic-resistant *L. acidophilus* in the form of ENPAC has been shown to eliminate *Candida* from the faeces of infants with antibiotic-induced diarrhoea, with relief of symptoms succeeded by rapid gain in weight^{3,4} and greatly to reduce the numbers of staphylococci in the faeces of patients treated with tetracyclines.⁵

RYBARVIN Inhalant **SAFE** EFFECTIVE TREATMENT FOR BRONCHIAL SPASM

**THE PROVEN
BLUE CHIP
INVESTMENT
FOR ASTHMATICS**

*No devaluation
after 29 years!*

SAFETY The very small amount of inhalant often necessary to relieve an attack is important. Therapeutically, this is of benefit to the patient in avoiding any side-effects which might be brought about by taking too frequently a full measured dose. Over-dosage with the Rybarvin inhaler is virtually impossible.

ECONOMY Economically the very low cost of treatment by Rybarvin, 1500 average doses (half-minute) per 28ml. bottle, i.e. about 1/15d. per dose, must be of interest to both patient and doctor.

RYBARVIN INHALANT Bottles containing 15ml. and 28ml.

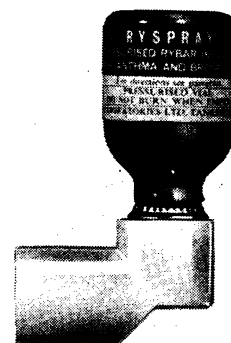

Extract of Pituitary (Posterior Lobe) B.P.C. 0.20% v/v Atropine Methonitrate B.P. 0.10% w/v, Papaverine Hydrochloride B.P. 0.08% w/v, Adrenaline B.P. 0.40% w/v, Benzocaine (Ethyl para-aminobenzoate) B.P. 0.20% w/v.

Note: THE RYBAR INHALER CAN NEVER HAVE A BLOCKED SYPHON TUBE. It is now fitted with a special filter (patent pending).

RYBAR LABORATORIES appreciate the convenience of the unobtrusive Pressured Pack particularly on social occasions and have produced Ry-spray for prescription where doctors feel this type of pack is more suitable.

RYSPRAY is a powerful bronchodilator giving rapid and sustained relief in asthma and bronchitis. Complete unit (300 doses).

It is a great convenience to the patient that the amount of inhalant in the bottle can be seen.

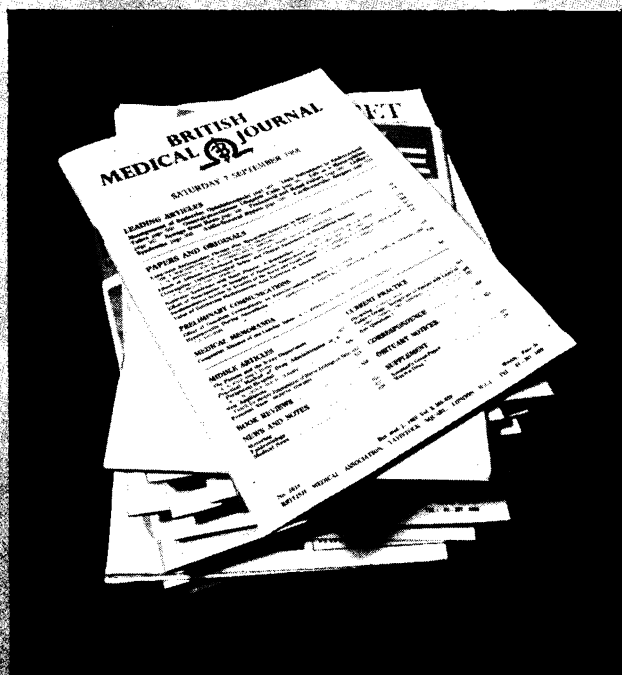

Samples and literature gladly sent on request

WHAT'S BEHIND THE MOUNTING CLINICAL EVIDENCE FOR INTAL CO?

...a happier life for the asthmatic

Reduced chest tightness, cough, sputum production, reduced incidence of acute asthmatic attacks, and improved exercise tolerance—all factors which make for a happier and more normal life—these are the benefits that INTAL COMPOUND brings to many asthmatic patients.

Essentially a prophylactic, INTAL COMPOUND is based on disodium cromoglycate—a drug that differs in mode of action from bronchodilators, corticosteroids, and antihistamines. As well as providing both objective and subjective improvement, INTAL COMPOUND often allows significant reduction in bronchodilator and steroid dosages.

INTAL COMPOUND — Supplied in SPINCAPS (each containing 20 mg disodium cromoglycate, and 0.1 mg Isoprenaline Sulphate BP in a powder form, together with an inert carrier). For use in a special insufflator — SPINHALER.

INTAL COMPOUND

Prophylaxis in bronchial asthma

in urinary infections 'clearly superior' to ampicillin and sulphadimidine

Higher cure rates

These comparative results were obtained in treating hospital in-patients with UTI¹, most of whom were infected with entrenched hospital pathogens.

85% cure rate	SEPTRIN*
70% cure rate	ampicillin
40% cure rate	sulphadimidine

(Cure criterion=eradication of original organism 1 week after treatment ended.)

SEPTRIN was "clearly superior to either of the other treatments" and this superior effect was "even more appreciable in the re-treatment of patients who had failed on another drug."²

SEPTRIN Tablets SEPTRIN Paediatric Suspension and SEPTRIN Paediatric Tablets contain trimethoprim and sulphamethoxazole. Full information is available on request.

References: 1. *Brit med J*, (1969) 1, 541.

2. *Leading Article, Brit med J*, (1969) 1, 525.

*Trade Mark

Clear reasons for using Septrin

Abstracted from a Leading Article in the *British Medical Journal*.²

- ☐ Trimethoprim not only attains therapeutic tissue levels, but is excreted unchanged in high concentration in the urine.
- ☐ All Gram-negative bacilli occurring in the urine, except *Pseudomonas aeruginosa*, are usually highly sensitive to it.
- ☐ Its minimum inhibitory concentration is extremely low.
- ☐ Trimethoprim and a sulphonamide, by blocking successive stages in the same bacterial metabolic process, exert a strong synergic effect, and this action is bactericidal.

Taking the wraps off...

Here's a story that deserves to be unfolded—the story of a home medication that acts effectively and safely as both an antacid and analgesic. This dual activity has an extremely interesting scientific rationale and is backed by authoritative reference material. You'll find the whole story in the Alka-Seltzer book, 'A Scientific Assessment of Alka-Seltzer'. We'll be happy to send you a copy of the book.

Miles Laboratories Limited,
Medical Dept. 1C, Stoke Court, Stoke Poges, Bucks.

Alka-Seltzer is a trade mark

At a glance. The doctor knows how much the patient has used: the patient is freed from attack—triggering anxiety about how much is left. Instantly visible contents, in a shatter-proof container, P.I.B.® provides immediate and sustained relief from bronchospasm, from precisely metered puffs. Isoprenaline content is low because P.I.B. fully utilises the pronounced enhancement of effect of this agent when it is used in combination with atropine methonitrate.

This enhancement was clearly shown in a trial¹ which compared this mixture with both drugs when used alone. The authors stated: "The combined inhalation of isoprenaline and atropine methonitrate showed substantial advantages over the other drugs."

P.I.B. Plus® may be prescribed when a higher isoprenaline content is required.

1. Brit. med. J., 1964, 1, 1018-1021.

Break the threadworm life-cycle with single-dose Pripsen

Threadworms often infect families, one child can infect the others.

A single dose of Pripsen, taken by each member of the family, can eradicate threadworm infection. Pripsen treats the affected child and protects others against infection. As a precaution against possible re-infection a second dose of Pripsen should be given after two weeks.

Pripsen (piperazine phosphate and standardized senna) is also effective against roundworms.

Tube of 10G (one full dose). Tins of 80G (dose measure enclosed).
Pripsen can be mixed with milk or water.

Serenid-D helps her to cope

Patients who can't cope with their worries certainly don't want to have to face the problems of over-sedation and drowsiness which some treatments cause. SERENID-D* (oxazepam, Wyeth) helps because it relieves anxiety, enabling them to come to terms with life quickly and without interference by 'tranquilliser dullness'. Further information is available on request.

John Wyeth & Brother Limited, Maidenhead, Berks.

Serenid-D the tranquilliser without added problems

Let the blood flow through

In the treatment of ischaemia due to intermittent claudication, cerebral arteriosclerosis and vasospastic disorders, Bradilan® has achieved excellent results. Because Bradilan employs tetranicotinoylfructose, the molecule of which is gradually hydrolysed in the intestine, release is smooth and even – with no peaks or troughs. Consequently, efficient and prolonged vasodilation is maintained, with less risk of over dilation in flush areas. For the same reason, headaches are a rare occurrence. Bradilan acts directly on vessel walls and is especially indicated when ischaemia is due to vasospasm. Ideally, treatment should be continued for at least 12 weeks so that progress can be realistically evaluated.

BRADILAN sustained vasodilation with minimal side effects

C I B A

Kelfizine W once a week

more convenient than the antibiotics

There can be no doubt of the reawakening of interest in the sulphonamides and in 'Kelfizine' as the most conveniently administered form.

At an international symposium in Milan last November, British doctors reported:

In bacteriuria during pregnancy

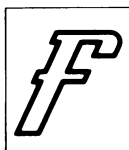

1 "...of the twenty patients whose organisms were sensitive to 50 micrograms per ml. of sulfametopyrazine* or less, 16 (80 per cent) were clear of their organisms at six weeks".

2 "Of the thirteen sensitive organisms treated with sulfametopyrazine* all but one responded".

In urological surgery

"Treatment of the five sulphonamide sensitive infections with 'Kelfizine' W 2 gram weekly was succesful".

*'Kelfizine'

Saluric[®]

**Discovered by MSD
— the first
and now standard
thiazide
diuretic**

Introduced in 1958, 'Saluric' (chlorothiazide MSD) was the first of the thiazides, and still today is unsurpassed in effectiveness and safety by the thiazides which have followed. 'Saluric' is often used as a standard reference drug by which other oral diuretics are measured. The documentation of course is vast.

'Saluric' is indicated in all types of oedema, including that which accompanies the premenstrual syndrome. In addition, 'Saluric' has an antihypertensive action and also potentiates the effect of other antihypertensive agents.

Each tablet of 'Saluric' contains 500 mg chlorothiazide MSD. Detailed information is available to physicians on request.

(R.C.P. and S. Eng.)

A non-resident course for this diploma
will be given in the Christie Hospital and
the Holt Radium Institute from October
1970 to July 1971. Students without previous
experience recognized by the Joint
Colleges must spend another 14 months
working in the Holt Radium Institute or
the Radiotherapy Department of some other
recognized hospital. Fee £37 10s. 0d. p.a.

Applicants must be registered medical
practitioners with the medical experience
required by the Examining Board in
England (D.M.R.T. regulations obtainable
from the London Conjoint Boards, 8/11
Queen Square, London, W.C.1.). U.K.
applicants may be eligible for S.H.O.
appointments, for which married and single
accommodation is available. Special consid-
eration given to candidates with higher
qualifications in medicine or surgery, for
whom Registrar appointments may be
available. Particulars from the Dean of
Postgraduate Medical Studies, The Royal
Infirmary, Manchester, M13 9PL. (18611) 2

UNIVERSITY AND RESEARCH APPOINTMENTS

(see also OVERSEA)

UNIVERSITY OF BIRMINGHAM
Department of Anatomy

Applications are invited for the post of LECTURER

tenable for one or two years from September 1, 1970. Opportunities for study for Primary Fellowship examinations and for research in variety of fields.

Salary: From £17.50 p.a. with superannuation.

Applications, curriculum vitae and names of two referees by June 20 to Assistant Registrar, Medical School, Birmingham 15, from whom further details may be obtained. (18088) 14-1

THE UNIVERSITY OF LEEDS

Applications are invited for a post in the following department:

DERMATOLOGY**LECTURER**

The work will be primarily in research and will include the teaching of medical students and postgraduates, also some clinical work. Laboratory and technical help is available.

CLOSING DATE 19th June.

Reference number 34/5/J.

SALARY SCALE £1,590-£3,605 (efficiency bar £2,725)

RESEARCH FELLOW

to be held jointly between the Department of Experimental Pathology and Cancer Research and the Department of Surgery.

It is intended that the appointment shall be held for eighteen months to two years and shall be concerned with some aspects of neoplasia of the gastrointestinal tract. It would be well suited to a young surgeon in training who is anxious to undertake a period of research possibly leading to the preparation of a Ch.M or M.D. thesis. He would have good support in the planning and conduct of his researches. Salary according to age and qualifications. It is hoped that the appointment would commence on 1st October 1970 or soon thereafter. Reference number 53/6/J.

Applications (two copies) stating age, qualifications and experience and naming three referees should be sent to The Registrar, The University, Leeds LS2 9JT not later than 20th July, 1970. (18470) 14-1

M R C DIRECTOR**Joint Medical Research Council—
Department of Health and Social
Security Epidemiology and Medical
Care Research Unit**

For a new Unit in Epidemiology and Medical Care Research to be formed jointly by the Medical Research Council and the Department of Health and Social Security. It will be situated at Northwick Park in close association with the MRC's Clinical Research Centre and the North West Metropolitan Regional Hospital Board's new District General Hospital.

The Director of the new Unit should be medically qualified and have the ability to organize and direct research into epidemiological and health service problems. There would be opportunities for independent epidemiological research and possibly for related clinical work in association with the Centre and Hospital. The Director's immediate task would be to establish contacts in the health services research field and to form a multidisciplinary research team which it is hoped might be operational in the course of the current year.

Salary will be in the range £3,490-£5,300. Prospective applicants can obtain further particulars of the post from Mrs. E. R. Fuller, Medical Research Council, 20 Park Crescent, London, W1N 4AL, Telephone 01-636 4522. Closing date for applications is 20 June 1970. (32428) 14-1

THE ROYAL AUSTRALASIAN
COLLEGE OF PHYSICIANS

ROCHE RESEARCH FELLOWSHIP

Applications are invited by The Royal Australasian College of Physicians for the Roche Research Fellowship (tenable in 1971). The Fellowship is made available by Roche Products Ltd., to investigate basic problems in the field of medical biology and will have a value in the range of \$5,400 to \$A7,500 according to qualifications and experience. Graduates in medicine of Universities of Australia and New Zealand are eligible. Work under the Fellowship must be carried out in Australia in a department of medical school of an Australian University or an institute approved by the College. The appointment will be for a period of one year in the first instance but may be renewed on application for a further period of one or two years. Detailed information may be obtained from the Honorary Secretary, The Royal Australasian College of Physicians, 145 Macquarie Street, Sydney, N.S.W. 2000. Applications (sixteen copies) should be lodged with the Honorary Secretary on or before Monday, August 3, 1970. (H8802) 14-1

ROYAL DENTAL HOSPITAL
OF LONDON
SCHOOL OF DENTAL SURGERY
Leicester Square, London W.C.2.

Applications are invited from registered Medical Practitioners with a dental qualification or dental interest for the post of **LECTURER IN DENTAL RADIOLOGY**. The applicants must have D.M.R.D. and F.F.A. or be prepared to train to obtain these qualifications. The grade of appointment and starting salary will be according to qualifications and experience. The appointment offers prospects of advancement to the right candidate.

Applications accompanied by the names of three referees should be submitted to the Dean not later than June 30, 1970. (H8677) 14-1

ST. BARTHOLOMEW'S HOSPITAL
London, E.C.1

Applications are invited for the post of **RESEARCH REGISTRAR** in the hospital infection unit of the Department of Bacteriology. Present work is concerned with the epidemiology and prevention of infections due to Gram negative organisms.

The Registrar will be expected to take some part in teaching and access to routine work will be available. Further details can be obtained from Professor Shooter - 01-606 7777, extension 471.

Applications (no forms provided), should state age, experience and the names of two referees, and should be returned to the undersigned by June 27, 1970. (H8605) 14-1

ST. GEORGE'S HOSPITAL
MEDICAL SCHOOL
(University of London, S.W.17)

Applications are invited for the post of **LECTURER** in the Department of Haematology. The department is recognized by the Royal College of Pathologists for training for the M.R.C.Path. examinations. Duties will include clinical haematology, teaching and research. Current salary scale £1,885-£3,045 together with superannuation; placement according to qualifications and experience.

Further particulars may be obtained from the Secretary, Department of Haematology, St. George's Hospital, Tooting Grove, London, S.W.17. Applications with names of two referees should be sent not later than July 18, 1970. (H8744) 14-1

THE ROYAL AUSTRALASIAN
COLLEGE OF PHYSICIANSADOLPH BASSER RESEARCH
FELLOWSHIP

Applications are invited by The Royal Australasian College of Physicians for an Adolph Basser Research Fellowship tenable in 1971.

The Fellowship will have a value in the range of \$A7,000 to \$A10,000 according to qualifications and experience. Graduates in medicine, preferably with research experience, are eligible. The research project should be in a field related to the problems of clinical medicine. Work under the Fellowship must be carried out in Australia or New Zealand in a university department or institute approved by the College. Appointment will be for one year in the first instance but may be renewed on application each year to a maximum of five years. Detailed information of the conditions of award and regarding application may be obtained from the Honorary Secretary, The Royal Australasian College of Physicians, 145 Macquarie Street, Sydney, Australia. Applications (sixteen copies) should be lodged with the Honorary Secretary on or before Monday, August 3, 1970. (H8801) 14-1

LECTURER IN
EXPERIMENTAL AUXOLOGY

Applications are invited from persons qualified in anatomy, physiology, biochemistry or medicine, for two research posts of Lecturer (Non-clinical) or, exceptionally, Senior Lecturer status. Should be interested in some aspects of growth in animals and man and its control by neuro-endocrine, nutritional and genetic factors. Five-year appointment initially.

Enquiries to Professor J. M. Tanner, Dept. of Growth and Development, INSTITUTE OF CHILD HEALTH, 30 Guilford Street, London, W.C.1.

(18402)

14-1

NUFFIELD FELLOWSHIPS

FOR GENERAL PRACTITIONERS
OF THE UNITED KINGDOM

Fellowships of from two to six months' duration will be awarded to general medical practitioners of outstanding ability to study subjects of importance to general practice. Preferred age: 35 to 45 years.

Applications must be submitted before 1 October 1970. For details and application forms apply to the Director, The Nuffield Foundation, Nuffield Lodge, Regent's Park, London, N.W.1. (H8121) 14-1

THE WELSH NATIONAL SCHOOL OF
MEDICINE

(University of Wales)

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Tenth Report of the Review Body, new salary scales have been approved. These came into force on January 1, 1969. The scales are set out below:

HOUSE OFFICERS: Each post in this grade shall be tenable for six months. £1,250 per annum for the posts held during the first year; £1,350 per annum for posts held during the second year; £1,450 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £165 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICERS: £1,570 per annum in the first year; £1,680 per annum in the second year; £1,790 per annum in the third or subsequent years.

Deductions of £195 per annum in respect of lodging only for voluntary residence.

REGISTRARS: £1,790 per annum, rising by three annual increments of £110 and a further increment of £100 to a maximum of £2,220.

Deductions of £195 per annum for those with remuneration at the first point on the scale, and £225 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £140 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRARS: £2,120 per annum rising by one increment of £100 and four further annual increments of £135 to £2,760.

Deductions of £250 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANTS: £2,100 per annum rising by one annual increment of £120, by another three annual increments of £130 and by a further ten annual increments of £120 to a maximum of £3,810.

Deductions of £250 per annum in respect of lodging only for voluntary residence.

CONSULTANTS: £3,470 per annum rising by eight annual increments of £200 and one further increment of £205 to a maximum of £5,275.

Deductions of £390 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff. Memoranda on the following subjects of particular interest have been issued by the Ministry of Health: Standard of Residential Accommodation, Telephone Charges, Removal Allowances, Study Leave.

Further details may be obtained from the Hospital Secretary, or B.M.A. members may obtain summaries of the Memoranda or explanatory handouts from the Secretary, British Medical Association. (August 1969)

THE ROBERT JONES AND AGNES HUNT ORTHOPAEDIC HOSPITAL
Oswestry, Shropshire

REGISTRAR
This post, which provides two years training in the science and practice of Orthopaedic Surgery, is particularly suitable for those about to embark upon a career in this speciality. Highest surgical qualification desirable. Vacant July.

Application forms from Secretary, Robert Jones and Agnes Hunt Orthopaedic Hospital Management Committee, to be returned by July 27, 1970. (324577) 38-6

THE LONDON HOSPITAL
Whitechapel, E1 1BB

Applications are invited for entry on September 1, 1970 to a four-year training programme in Orthopaedic and Traumatic Surgery at The London Hospital and Nottley Hospital, The North East Metropolitan Regional Orthopaedic Centre.

The first thirty months will be spent in the grade of Registrar. During this period the successful applicant will rotate through three separate posts in the Orthopaedic and Accident Department of The London Hospital. An interview will then be held before promotion to the grade of Senior Registrar. Subject to successful interview, the applicant will spend ten months at Nottley followed by ten months at The London Hospital. Upon completion of this clinical programme the applicant will be promoted to the grade of Consultant; he will have had access to eighty beds at The London Hospital and one hundred and ten beds at Nottley Hospital; he will have carried out some eight thousand major consultations; he will have personally performed approximately eight hundred major and minor operative orthopaedic procedures; and he will have had considerable responsibility in the service provided for the care of forty thousand newly injured patients.

Throughout the programme time will be available for research and postgraduate study in conformity with the recommendations of the Minister of Health and the British Medical Association (B.M.A.). Facilities are available for clinical and experimental research at The London Hospital, Nottley Hospital and The Biomechanics Unit. The Department of Mechanical Engineering, Imperial College.

The successful candidate will participate in the existing postgraduate instructional course in Orthopaedic and Traumatic Surgery at The London and Nottley Hospitals.

In the final ten month period, the training programme will include Medical Administration. Where appropriate to an individual's training requirements and if desired by the trainee, exchanges will be encouraged with other centres in the United Kingdom or abroad during the third ten-month period. Married accommodation will be provided at Nottley Hospital and for one ten-month period, at The London Hospital.

Applicants must have obtained a diploma of F.R.C.S. Preference will be given to applicants who have achieved academic distinction who are thought to be capable of obtaining a Mastership in Surgery, and who have completed a two year rotating Registrarship. Applications (10 copies, no forms provided), giving the names and addresses of three referees, should be received by the undersigned by June 27, 1970. J. L. Scarlett, House Governor. (18480) 38-6

HEAD OF PATHOLOGY

HUNTINGDON RESEARCH CENTRE

Applications are invited from registered medical practitioners or other suitably qualified persons to Head the department of Pathology. The work consists of evaluation of experimental procedures on a variety of animal species. The research is of both a pure and applied nature. This is a senior appointment with the company and would suit a young enthusiastic pathologist (age 30-35) with some experience in either the human or comparative field. Commencing salary to be negotiated but unlikely to be less than £4,500 p.a.

Applications and curriculum vitae to:

The Personnel Officer,
Huntingdon Research Centre,
Huntingdon,
England.

(18472) 41-1

NORTH EAST METROPOLITAN REGIONAL HOSPITAL BOARD Severalls Hospital, Colchester

REGISTRAR IN PSYCHIATRY required. Severalls Hospital is a progressive psychiatric hospital, 55 minutes from London, with departments of psychology and electroencephalography. There is an up-to-date medical and psychiatric library, regular seminars are held and facilities for attending lectures and courses are available. Accommodation available.

Application forms from Group Secretary, St. Helena Group H.M.C., 14 Pope's Lane, Colchester, Essex. (H8759) 44-6

NORTH EAST METROPOLITAN REGIONAL HOSPITAL BOARD Runwell Hospital, Wickford, Essex EXPERIMENTAL TRAINING PROGRAMME

RESIDENT REGISTRAR

Applications are invited for the above post, which will become vacant on July 1, 1970.

The successful applicant will be attached to a clinical division and seconded during the period of the post for one or two sessions per week to the departments of psychology, neuropsychology or clinical neurophysiology.

The training programme, which includes clinical conferences, seminars in the basic sciences and clinical psychiatry and an extended series of special lectures, is approved by the British Postgraduate Medical Federation. The secondment to the special department will provide practical experience in the field most closely related to the basic science instruction. The successful candidate may be required to participate in a rotation scheme between Runwell and the Psychiatric Unit at Rochford General Hospital. The appointment will be for one year, renewable. Out-patient and day-patient experience will also be provided. There is a comprehensive medical library. The hospital is recognized for the D.P.M. This post would also be of interest to those preparing for either higher qualifications or considering entry into general medical practice. Residential accommodation for a single applicant, a flat or house available for a married applicant.

Applications, with the names of two Referees, to the Group Secretary. (18582) 44-6

KINGSWOOD SCHOOLS

Applications are invited for the post of VISITING PSYCHIATRIST

at this group of three approved schools situated five miles from the centre of Bristol. A total of 9½ sessions per week is available. In addition a further 4 sessions per week are available at Sedbury Park School, Cheddar which is about ½ hour away by car. There may be further sessions available in the area at other girls' or boys' approved schools.

At Kingswood there are: a Classifying School where about 1,000 newly committed boys per year are observed and assessed before allocation to a training school; a Training School which can accommodate 100 boys in three house groups, one of which is being run as a boy/staff shared responsibility therapeutic community; and a Special Unit catering for up to 20 boys who have posed severe problems in other approved schools through persistent absconding, disruptive behaviour or other severe behaviour problems.

At Sedbury Park, which has accommodation for 120 boys, the school is organised on a 5 house basis in the charge of a teacher/housemaster supported by a child care officer and other members of the teaching staff. Two of the houses provide a special function; Monmouth being a house for 16 of the more disturbed boys and Meade house accommodating 20 boys during the last few months of their period of training. The services of a social worker are being sought and members of staff place great value on the advice of the psychiatrist.

The total professional staff at Kingswood is about 90, including four psychologists, a Research Officer, a P.S.W. and other social workers. At Kingswood Classifying School the psychiatrist appointed would help with the diagnostic process: he would be expected also to assist with staff support and counselling. In the Training School and the Special Unit, in addition to staff supportive roles he would be concerned with the setting up of treatment programmes and on-going reviews of these. His work would be co-ordinated with that of the present psychiatrist (4½ sessions p.w.) who teaches at Bristol University and who attends the United Bristol Hospitals and C.G.C. at Bristol.

At Sedbury Park the psychiatrist would be available for the individual treatment of boys who had been diagnosed as being in need of psychiatric help. He would also see boys referred by staff, both for treatment and for staff support. There is a large staff support and training role which is concerned with the initiation and maintenance of the small group living situations which are being created at Sedbury Park.

Further information from J. L. Burns, Principal, Kingswood Schools, Britannia Road, Kingswood, Bristol BS15 2DA. Tel: Bristol 674073, to whom applications should be addressed. (H8791) 44-1

LEAVESDEN HOSPITAL, ABBOTS LANGLEY, WATFORD, HERTS.

ADMINISTRATIVE

SHEFFIELD REGIONAL HOSPITAL BOARD

MEDICAL DEPARTMENT

ASSISTANT SENIOR MEDICAL OFFICER

Registered Medical Practitioners are invited to apply for appointment as

(salary scale—£3,000-£3,705)

At the Board's Headquarters the appointee will be required to assist the Senior Administrative Medical Officer in matters of medical administration generally and in the development of the hospital services in the Region.

At the Nottingham Planning Office, there is a particularly challenging post in view of its association with the development of the above Hospital and Medical School and with participation in the team responsible for the planning and organization of the hospital and specialist services in the Nottingham area.

Applicants should have had clinical administrative experience and preferably some knowledge of the planning of hospital specialist services and of current hospital design.

Application forms to be returned by June 22, 1970 and further particulars available from the Secretary, Sheffield Regional Hospital Board, Old Fulwood Road, Sheffield, S10 3TH.

(32255)

54

SOUTH WEST METROPOLITAN REGIONAL HOSPITAL BOARD

ASSISTANT SENIOR MEDICAL OFFICER required for the above-mentioned whole-time appointment on the staff of the Board's Senior Administrative Medical Officer, Dr. G. C. Taylor, M.B., Ch.B., D.P.H. This is an established post on the Headquarters staff.

Salary scale £3,000 x £115 (3) x £120 (3) - £3,705 per annum. This post offers the opportunity of participating in the full range of medical administrative work as a member of a fully staffed medical section of a Regional Board. Suitable candidates will have the opportunity of undertaking planning for a post-graduate teaching hospital as well as for regional hospitals.

Application forms from The Secretary (S2) 40, Eastbourne Terrace, W.2. Completed forms to be returned by June 19. Enquiries for further particulars should be made direct to the Board's Senior Administrative Medical Officer. (32291) 54

UNIVERSITY OF BIRMINGHAM AND BIRMINGHAM REGIONAL HOSPITAL BOARD

POSTGRADUATE ADVISER IN GENERAL PRACTICE

This appointment is designed to give assistance on all matters relating to vocational and graduate facilities for advanced education, to the Director, Board of Graduate Studies, University of Birmingham, and to advise the Senior Administrative Medical Officer of the Birmingham Regional Hospital Board and to participate, as appropriate, on all matters towards promoting a more intimate relationship between the general practitioner service and the hospital service, which is highly developed throughout the region.

Applicants must be in active general practice and will be expected to give the equivalent of four notional half-days per week to these duties. This is a new appointment and will, in the first instance, be for a period of three years.

The successful candidate will be granted appropriate university status and will be based at the offices of the Regional Hospital Board.

Salary, £1,680 per annum. Detailed application, naming three referees to Secretary, B.R.H.B., Harewood Road, Birmingham, 15, by July 13, 1970. (32491) 54

PUBLIC HEALTH

(b) **REGISTRAR**
(c) **SENIOR HOUSE OFFICER**
- The Faculty of Medicine of the Ahmadu Bello University, Zaria, was established in 1967, and now has 120 students under instruction, the first batch (approximately 30) now being in the first year of Clinical training. Clinical training is carried out in Hospitals situated in Zaria, Kaduna, Kano (Orthopaedic) and Malumfashi, comprising approximately 1000 beds in all, which were originally Government Hospitals, but which are now being modified to bring them up to teaching standards. In Northern Nigeria there is an immense amount of clinical work to be done, and likewise an immense amount of clinical experience to be obtained by anyone who is prepared to join in the pioneer work which is now being carried out. Facilities for Research are available.

Qualifications

(a) Senior Registrar. F.F.A.R.C.S. or equivalent.

(b) Registrar. 2 years experience in this specialty.

(c) Senior House Officer. Full registration as a Medical Practitioner.

Gratuity of N.£37/10s for each completed quarter of satisfactory service including earned leave. A supplementation varying with salary of approximately 30 per cent, generally free of income tax, may be payable by the British Government to British or Irish candidates. (N£1 equals £1 3s. 4d. sterling.)

Return passages and 42 days leave per annum. Appointments are for one tour of 12 months, renewable (except in the case of Senior House Officer) by mutual agreement. Successful candidates would be required to register with the Nigeria Medical Council.

Applications should be submitted on the appropriate forms which may be obtained from the London Representative, Ahmadu Bello University, 56/60 Hallam Street, London W.1, from whom further particulars may be obtained. (H8741) 61-1

Further details are available on request from Dr. Freda B. Bonner, General Medical Superintendent. (H8647) 61-1

MEDICAL OFFICER

for Rubber Estate Project in Nigeria

THE COMMONWEALTH DEVELOPMENT CORPORATION, which is a commercially organised statutory body concerned with the promotion and management of a wide range of economic projects in the developing areas of the world, now urgently requires to appoint a Medical Officer for an extensive rubber estate project in the South East State of Nigeria which is currently in the process of rehabilitation.

The Medical Officer's responsibilities will include control of the estate hospital (which provides accommodation for 53 beds, an X-ray Department and an operating theatre), together with the supervision of eight village dispensaries. The hospital premises are now being overhauled and complete re-equipment will be necessary. It is envisaged that the estates labour force will eventually reach a level of 2,500 and the resulting total population under the care of the Medical Officer will probably be in the region of 10,000.

Applicants must be appropriately qualified and have general surgery and maternity experience. Previous overseas experience, particularly in a developing country, would be desirable but not absolutely essential.

Salary will be subject to negotiation. Other benefits include good overseas allowances, pension fund with life cover, regular home leave, generous family passages, valuable education grants for children, furnished accommodation at nominal rental.

Applicants should write to Head of Personnel, Commonwealth Development Corporation, 33 Hill Street, London W1A 3AR quoting Serial No. 1550. (32372) 61-1

UNIVERSITY OF THE WITWATERSRAND, JOHANNESBURG AND THE TRANSVAAL PROVINCIAL ADMINISTRATION FULL-TIME PROFESSOR OF ANAESTHESIA AND CHIEF ANAESTHETIST JOHANNESBURG HOSPITAL AND ASSOCIATED TEACHING HOSPITALS

Applications are invited for appointment to the post of full-time Professor of Anaesthesia and Chief Anaesthetist on the joint staff of the University and the Johannesburg Hospital. The successful applicant will be required to assume duty on January 1, 1971, or on a date to be negotiated. The salary attached to the appointment is R10,800 per annum.

Intending applicants are requested to obtain a copy of the information sheet relating to the vacancy from the Secretary-General, Association of Commonwealth Universities (Appts), 36 Gordon Square, London, WC1H 0PF.

Applications should be lodged not later than **June 22, 1970.**

(18430)

61-1

UNIVERSITY OF OTAGO Dunedin, New Zealand

RALPH BARNETT CHAIR OF SURGERY

The University Council invites applications for appointment as Ralph Barnett Professor of Surgery, to succeed Professor G. J. Fraenkel who has accepted the position of Chairman of the School of Medicine in The Flinders University of South Australia.

Professorial salaries for medically qualified staff are fixed at various points within the range of \$NZ9,400 per annum to \$NZ10,800 per annum. (Note: \$NZ100 equals £46.13.4 stg; \$US112; \$A100). Negotiations for a new salary scale are proceeding and increases will be announced shortly. These will be applicable before the new professor takes up his duties.

Further particulars are available from the Secretary-General, Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H 0PF, or from the Registrar of the University.

Applications close in New Zealand and London on **July 31, 1970.**

MEDICAL OFFICERS

IN THE RAAF

The Royal Australian Air Force is seeking male medical practitioners under the age of 52 years for service in Australia as Medical Officers. Appointments will be effected in the United Kingdom with first class passages provided to Australia on full pay and allowances for the successful applicant and his family. Only UK citizens of European descent permanently residing in the UK can be considered.

EX-SERVICE MEDICAL OFFICERS

The RAAF is particularly interested in appointing medical practitioners who have served as general duties medical officers in a Commonwealth Air Force with experience in general staff appointments, aviation and preventive medicine.

Vacancies in this group exist at the Squadron Leader level.

For further details and an application form, please write to:—

RAAF CAREERS SELECTION OFFICER (DEPT. BMJ) AUSTRALIA HOUSE, STRAND, LONDON W.C.2. TELEPHONE: 01-836 2435 EXT. 433 or 419

MEDICAL PRACTITIONERS WITHOUT SERVICE EXPERIENCE

Vacancies also exist for medical officers without previous service experience at Flight Lieutenant and Squadron Leader levels as general duties medical officers or as clinical registrars in the fields of general medicine, general surgery and anaesthesia.

Medical Officer—Kenya

The Booker Group, which is involved in the management of sugar estates and the provision of agricultural and technical services to sugar projects in the West Indies, East and West Africa, requires a Medical Officer for a large, recently established estate in Kenya.

The Medical Officer, who should preferably have experience of tropical medicine and possess the D.T.M. & H., is required to provide an industrial medical service covering the general health of the company's 2,500 staff and employees. A well appointed clinic is being established for the treatment of out-patients and a local hospital is available for seriously ill cases.

The post carries an attractive basic salary according to qualifications and experience. Other conditions of service include a 10% gratuity on basic salary, an overseas allowance of 25% of basic salary, free passages, 18 months tour in Kenya followed by two months home leave, two weeks local leave, rent free housing with basic furniture, car allowance and educational allowances for children at school outside Kenya.

Please apply in writing, giving full career and personal details to:
E. C. Robinson, Bookers Agricultural and Technical Services Limited,
Bucklersbury House, 83, Cannon Street, London, E.C.4.

ST. ANDREW'S HOSPITAL NORTHAMPTON

Medical Director: James Harper M.B., F.R.C.P. (Edin.), D.P.M.
St. Andrew's Hospital is a private psychiatric hospital situated in 130 acres of parkland in the county town of Northampton. In general, patients are admitted to Wantage House, a reception unit in the grounds, which is equipped for the investigation and treatment of all forms of mental and nervous illness. In addition, there is accommodation mainly in private rooms, both in the main hospital and in various villas, for longer-stay patients and geriatric patients. The hospital's amenities include Gloucester House, which comprises an Occupational Therapy department, a swimming pool, a squash court and library, while in the grounds there are tennis courts, a nine-hole golf course, etc.
Fees range from £31 10s. per week, and subscribers to private medical insurance schemes, such as British United Provident Association and Private Patients Plan, may claim benefit in respect of these charges. Further particulars may be obtained from the Medical Director, St. Andrew's Hospital, Northampton (Tel. Northampton 34354), who can be seen in consultation by appointment, either at the hospital or at 55 Harley Street, London, W.1. 67-13

Erythroped – part of growing up

Every child has a bacterial infection at some time in his life. Upper respiratory infections, otitis media, acute bronchitis . . . come; and quickly go with Erythroped. Erythroped works. Decisively. Safely. Economically. Children take it; it tastes so good. With Erythroped as treatment, children's common bacterial infections assume their proper importance: just a passing part of the very busy business of growing up.

Erythroped (erythromycin ethyl succinate \equiv 200 mg/5 ml erythromycin activity). For infants and babies under 2 years old: Erythroped p.i. (pro. inf.) (erythromycin ethyl succinate \equiv 100 mg/5 ml erythromycin activity). In either case the 100 ml pack provides a full five-day course of treatment.

prescribe Erythroped®—kids love it.

euglucon[®]

glibenclamide

new single daily dosage

During the 15 years since tolbutamide was introduced, the search for improved oral anti-diabetic agents has continued. The investigation of more than 8,000 sulphonylurea compounds showed Euglucon to be the most potent yet best tolerated oral anti-diabetic agent so far available.

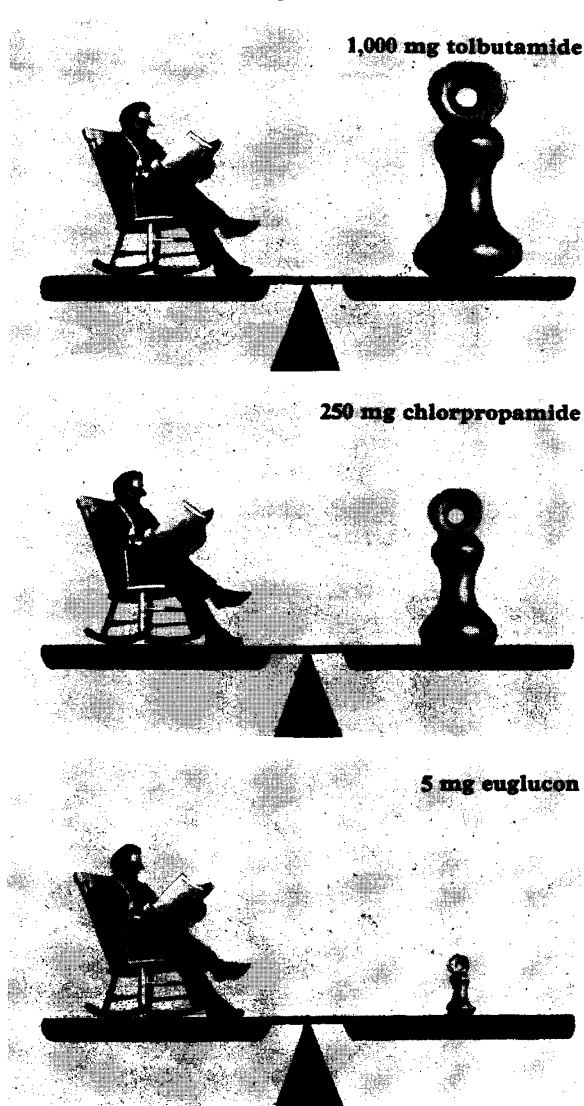

International clinical experience with more than 5,000 patients has shown that the majority of maturity-onset diabetics can be effectively controlled on a daily dosage of 10 mg or less of Euglucon, usually in a single administration. At the same time, Euglucon is well tolerated even in prolonged therapeutic dosage, being in this respect at least comparable to tolbutamide. Because of its potency, Euglucon may be suitable for the management of patients who have failed to respond to other oral anti-diabetic agents.

Detailed information on Euglucon available on request

1,000 mg of tolbutamide or 250 mg of chlorpropamide
is approximately equivalent to
5 mg of Euglucon's active principle **glibenclamide**.

new power in control of maturity

oral hypoglycaemic agent

Effect of an oral glucose load on mean blood-glucose in four healthy adults before and 15 hours after 5 mg. glibenclamide.

First British publication on Euglucon

Euglucon has been made the subject of extensive clinical trials in this country. The first published report* reviews full metabolic studies carried out with healthy adults and diabetic patients. It also describes the results of a clinical trial involving 135 patients with maturity-onset diabetes.

In their conclusions, the authors state:
'Glibenclamide was found to be an effective agent for the treatment of maturity-onset diabetes and compared favourably in this trial with other sulphonylureas. The potency of the drug was such that some patients could be maintained on as little as 2.5 mg glibenclamide compared with 500 mg chlorpropamide. No gastro-intestinal or other side-effects were observed ...'

Metabolic and clinical effects of glibenclamide, *Lancet* (1970) i, 57.

Prevention is better than migraine

'Migraine does not destroy life but can destroy the joy, value and rewards of living.'¹

Dihydroergotamine-Sandoz is a new tablet formulation that makes migraine prophylaxis simpler and more practicable than ever before. Dihydroergotamine modifies the vasomotor activity; side-effects are rare and there has been no evidence of ergotism

on prolonged administration. In one trial², Dihydroergotamine 2 mg. administered regularly 3 times a day was used to treat 80 patients with migraine. Improvement was recorded in 58 (72.5%); migraine disappeared in 32 patients and was greatly or partially reduced in the remaining 26.

Dihydroergotamine-Sandoz tablets

each tablet contains 1 mg. dihydroergotamine mesylate.
Further information is available on request.
