

Day after day of freedom from asthmatic attack

The unique mode of action of disodium cromoglycate offers the asthmatic patient outstanding benefits. A prophylactic treatment, it prevents the onset of asthmatic episodes - thus minimising long-term damage to lung tissue. Freedom from asthma attacks permits a happier, more normal life for the asthmatic patient.

Published clinical reports confirm that with INTAL COMPOUND, the incidence and severity of acute attacks is considerably reduced - even in patients on conventional therapy such as bronchodilators, antihistamines and corticosteroids. Less time is lost from work or school, exercise tolerance is improved and a consistent clinical comment on disodium cromoglycate has been the total absence of serious side effects.

INTAL COMPOUND - supplied in SPINCAPS (each containing 20 mg disodium cromoglycate, and 0.1 mg Isoprenaline Sulphate BP in powder form, together with an inert carrier). For use in a special insufflator - SPINHALER.

The Uncanny Scot

Thomsons hand-build T-Line Caravans in Scotland. And being canny Scots we build them very carefully, so that when you go touring in your T-Line you won't have a care in the world.

The end products of our meticulous approach are the uncanny attributes of the T-Line. The handling, for instance. Scientific weight distribution, independent suspension, automatic over-run brakes, and a rigid steel chassis make for impeccable road manners.

Just think how therapeutic getting away from the stress and strain of your practice would be, with a T-Line you could do just that at any time, with the minimum of pre-arrangement and a maximum of enjoyment—be it for weekends, holidays or just the occasional day away from it all!

So see your local dealer. He'll show you what value for money is. And you'll get real service from him, and from us.

Wherever you go, T-Line is right behind you.

the 'inside secret' of treating in-rolling feet

Prescribe an external shoe wedge, and you only do part of the job. The wedge wears away to become largely ineffective—and in any case it disturbs the proper balance of the shoe. On top of that you run the risk of introducing a psychological problem too—what child wants to wear shoes that make him look and feel abnormal?

The answer can be found in Start-rite INNERAZE, the shoes that are orthopaedically designed to correct in-rolling with an invisible built-in wedge that can't wear or change shape.

For further information about the shoes with an 'inside secret' or details of the explanatory 12-minute INNERAZE 16mm colour film available on loan, write to: C. James, Fitting Consultant, Start-rite Shoes Ltd., Crome Road, Norwich, NOR 60A.

Structures of the brain

Somatic and psychosomatic disorders of the body

Good to excellent symptom responses

The amygdala (a) in the limbic system plays the crucial part in the generation and transmission of anxiety

In excessive anxiety the hypothalamus (b) constantly produces excessive physical arousal, and a long list of anxiety symptoms and psychosomatic disorders

In 1937, it was suggested¹ that a group of structures, including the limbic system, was the anatomical source of the emotion which intensifies the individual's response to outside stimuli. Later work confirmed that view,² and has shown that anxiety and aggression are rooted in the amygdala.³ When that structure is removed or its activity suppressed, a tranquillizing effect is seen

When anxiety is excessive the amygdala stimulates the hypothalamus to produce an equally excessive level of physical arousal. In many instances such a state can serve no useful purpose: during academic examinations, for example,^{4,5} and even when watching films.⁶ It is now widely recognised that the whole process can '... trigger or otherwise promote psychosomatic and psychiatric disease'⁷

Nobrium acts mainly on the amygdala, and has a smaller, complementary action on the hypothalamus

Nobrium exerts its major effect on the amygdala, and has a smaller, complementary action on the hypothalamus.⁸ The value of this action has been explored in well over 50 published clinical trials, involving more than 5,000 patients. When the response of 3,443 individual symptoms and associated disorders was analysed, a good to excellent response was noted in 2,781 (80.8 per cent).

Nobrium: 13 Double-blind trials

Of the published clinical trials, 13 were double-blind studies in which Nobrium was compared with either placebo, phenothiazine, barbiturate or chlordiazepoxide^{9,21}

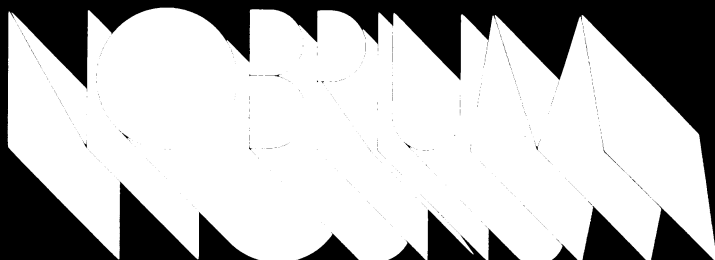

Nobrium was clearly superior to the placebo in every trial. It produced double the good to very good responses evoked by the phenothiazine,⁹ and a 76 per cent good to excellent response initially, compared with 29 per cent for phenobarbitone¹⁰

Practical Psychiatry

Most doctors who have been qualified for more than ten years received very little training in psychiatry as medical students. Yet psychiatric problems confront all those practising clinical medicine. The articles collected together in this book were written for the *B.M.J.* to give practical advice to general practitioners and others on how to recognize and cope with the more common forms of mental disorder. Many patients are anxious or depressed; when should the doctor try to do something about it? This is the sort of question the authors set out to answer. As far as possible they have avoided the use of psychiatric jargon, and case histories have been used freely to illustrate the points made. Any doctor who feels ignorant about psychological medicine will find here a readable introduction to the practical aspects of clinical psychiatry.

Diseases of the Joints

Arthritis and rheumatism are common complaints, even if patients are often vague about the exact meaning of the terms they use. In the last few years the diagnosis of joint disorders has become more exact, while the introduction of local and systemic steroid therapy and the powerful non-steroidal anti-inflammatory drugs has revolutionized treatment. In an attempt to bring doctors up to date in this field, the *B.M.J.* published in 1969 a series of short articles giving practical advice on the common disorders of the joints. The articles have now been revised by their authors and collected together to form this handbook on the management of arthritis.

SEPTRIN* Paediatric Suspension is really "SEPTRIN in miniature". It has the same distinctive mode of action but has been specially formulated for your young patients.

SEPTRIN differs fundamentally from conventional antibiotics in that it inhibits two successive stages of bacterial metabolism. Its decisive bactericidal action against a wide range of Gram-positive and Gram-negative pathogens produces an exceptionally rapid clinical improvement in bacterial infections including bronchitis and UTI.

SEPTRIN Paediatric Suspension is available in 100 ml bottles and each 5 ml contains 40 mg trimethoprim and 200 mg sulphamethoxazole. *Trade Mark

Also available: SEPTRIN Paediatric Tablets, SEPTRIN Tablets and SEPTRIN Adult Suspension, containing trimethoprim and sulphamethoxazole.

PROGNOSIS IN ELEVATED BLOOD PRESSURE

Implications of insurance statistics

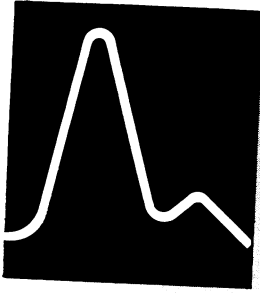

The charts on the opposite page are based on the accumulated experience of 26 insurance companies in America covering nearly 4,000,000 people who were accepted for life insurance. The statistics reveal that even modest elevations of blood pressure are associated with definite decreases in life expectancy.

For example, a male of 45 years with a blood pressure 150/100 mm Hg has his average life expectancy reduced from 32 to 20½ years—a loss of 11½ years.

Fortunately, substantial evidence has accumulated to show that effective treatment with modern antihypertensive drugs can considerably improve the depressing prognosis indicated by the insurance companies' statistics.

Prognosis in Elevated Blood Pressure

Reduction in Life Expectancy

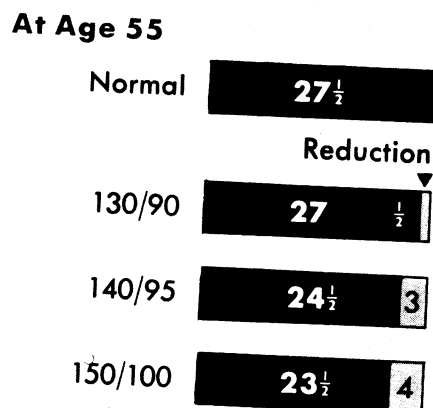

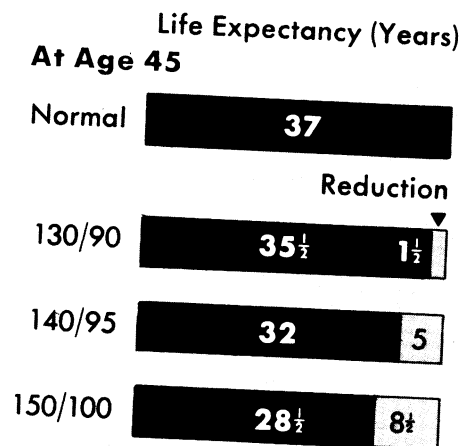

Life Expectancy in Elevated Blood Pressure Compared with Normal Expectancy

Reductions in expectation of life associated with elevated blood pressure are **not** proportionate to the degree of excess mortality. This holds even for very high blood pressures.

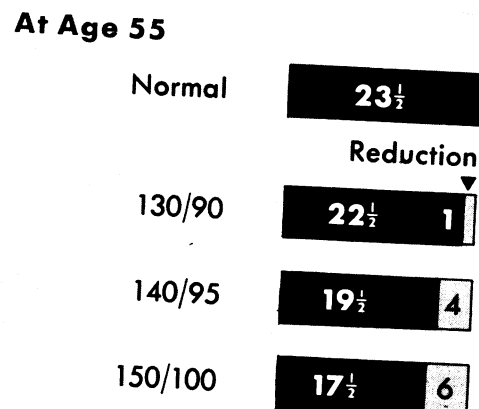

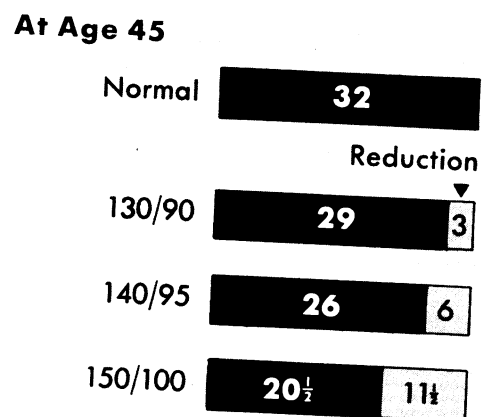

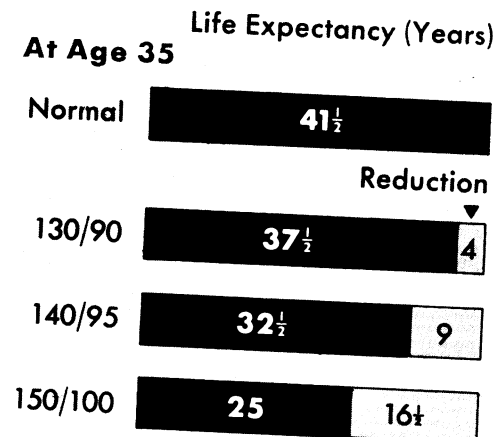

The magnitude of the reduction in life expectancy increases with elevation in blood pressure, but decreases with age.

The figures illustrate approximate reductions in life expectancy associated with indicated elevations in blood pressure.

K. F. G. Day, Clerk, Birmingham Executive Council, Sutton New Road, Erdington, Birmingham, B23 6TR. (Telephone: 021-373 2651). (H9809) 3

CARDIGANSHIRE EXECUTIVE COUNCIL NEWCASTLE EMLYN AND DISTRICT

Applications are invited for a single handed rural practice vacancy to the death of the practitioner. The area is classified as "Restricted" and is situated on the Cardiganshire - Carmarthenshire border. List at present approximately 1,850 patients all prescribing. Good mileage. Surgery premises are available.
Further particulars and application forms (E.C.16A) may be obtained from the Clerk, Cardiganshire Executive Council, Strydallfa, Sir. (County Office), Marine Terrace, Aberystwyth, Cardiganshire to whom completed applications should be submitted by the first post on Wednesday the 9th June 1971. (H9782) 3

COUNTY OF INVERNESS

MEDICAL PRACTICE VACANCY ARDERSIER

Applications are invited from Registered General Medical Practitioners for succession to a medical practice based upon the village of Ardersier. At 1st April, 1971 there were 2,533 patients on the list, including 385 patients residing in the neighbouring county of Nairn. The practice will become vacant on 31st August, 1971, was for many years regarded as a single handed practice employing an assistant. In recent years, the practice has operated as a partnership of two. The existing premises and residential accommodation will not be available for sale, but a temporary lease of the surgery premises and a special dwelling house might be arranged.
Further information and forms of application may be obtained from the Clerk to the County of Inverness Executive Council, 28 Southside Road, Inverness, with whom completed applications should be lodged not later than 11th June, 1971. (H9245) 3

ERSKINE, RENFREWSHIRE

Applications are invited from registered medical practitioners to start a new practice within the new community being developed by Renfrew County Council at Erskine.
Applicants should be prepared to start practice by 1st September, 1971. It is estimated that the population will be about 400/500 persons. The ultimate population of the new community is expected to be approximately 30,000 and the projected build-up is as follows: By December, 1971 - 1,000; By December, 1972 - 3,500; By December, 1973 - 6,500; By December, 1974 - 10,000; By December, 1975 - 13,500; By 1982 - 30,000.
Renfrew County Council will arrange for temporary consulting accommodation to be made available on rental and, if desired, consideration will be given to an application for the tenancy of residential accommodation in a public-sector housing area. Private housing for purchase will also be available from early 1972. Health centre development is planned and the appointed practitioner will be expected to move to health centre accommodation when it becomes available.
A Type 'D' initial practice allowance will be payable to a practitioner with the necessary qualifications and experience. The experience expected will normally be about ten years as a qualified doctor, of which two have been in hospital appointments and five in a busy general practice in this country. This allowance, regarding which further information will be given to applicants, may continue for three years and takes the form of a guarantee that the doctor's net annual professional income from all sources, after allowing for practice expenses actually incurred and accepted by the Scottish Home and Health Department, will be made up if necessary to an amount accepted by the Department as the amount of his previous net professional income from all sources, subject to a maximum of £5,290 net per annum.
It is anticipated that the successful applicant will lead in the development of general medical practice services in the community and as the need arises will assume partners. Further information and forms of application may be obtained from the Clerk, Renfrew County Executive Council, 64 Espedair Street, Paisley, with whom applications should be lodged by 14th June, 1971. (H9848) 3

HERTFORDSHIRE EXECUTIVE COUNCIL Revised Advertisement

VACANCY AT ST. NICHOLAS STEVENAGE NEW TOWN

Applications are invited from registered medical practitioners to succeed to a rapidly expanding partnership practice having a combined list of approximately 4,500 patients in the St. Nicholas area of Stevenage, which is at present classified as "Restricted". Joint applications will be considered.
The vacancy arises as a result of the resignation of the two existing partners, who have been building up a new practice in this development area. It is anticipated that the practice will expand to approximately 11,000 patients over the next two to three years.
A Health Centre is planned for the area within two years, from which the successful applicants would be invited to practise, with the prospect of developing a four or five doctor group.
The resigning practitioners are practising temporarily from premises provided by the Development Corporation.
Further information and Form E.C.16A, which must be returned by the first post on 14th June, 1971, can be obtained from The Clerk, Hertfordshire Executive Council, Crown Court, Pegg Lane, Hertford. Telephone Hertford 3195. (H9863) 3

THE MEDICAL PROTECTION SOCIETY A New Post

The Medical Protection Society is expanding as growth both at home and overseas indicates. Last year an office was opened in Leeds and this created a medical staff vacancy in London, which was recently filled. To meet the needs of the future and provide an even better service to members, a FURTHER ASSISTANT MEDICAL SECRETARY for the London office is to be appointed as from 1st January, 1972, and the Council of the Society invites applications for the post.

Experience of the National Health Service is important, and some experience of lecturing and interest in the Law or medical jurisprudence would be valuable. It is anticipated that the candidate appointed would be between the ages 35-50.

Salary will be on a scale which will be incremental and superannuated. The point of entry will have regard to experience and age and will lie between £4,500 and £5,325; thereafter there will be FIVE ANNUAL increments of £200.

The professional whole-time staff of the Society includes at present five doctors and two dental surgeons.

Further details of the post may be obtained either from the Secretary, Dr. H. A. Constable, 50 Hallam Street, London, W.1. or from Dr. P. G. T. Ford, 30 Park Square, Leeds, 1. Applications (Envelope marked "Assistant Secretary"), giving full particulars, together with the names of not more than 3 referees, should reach The Secretary, Medical Protection Society Ltd., 50 Hallam Street, London, W1N 6DE, not later than 16th June, 1971. COMMERCIAL APPOINTMENTS

Pharmacologists-Physiologists

for research on Anaesthetics

We are looking for an individual with post-doctoral research experience — preferably with a medical or veterinary qualification — to help us in our research for new anaesthetics.

The successful applicant will have a keen desire to work in a multi-disciplinary team concerned with the detection and evaluation of new anaesthetic/analgesic agents and will be familiar with the cardiovascular and CNS techniques required for the progression of new anaesthetics to clinical trial.

Reproduction

Applications giving brief details of age, qualifications and experience should be sent to:

P. M. J. Eyre,
Personnel Officer,
Imperial Chemical
Industries Limited,
Pharmaceuticals Division,
Mereside, Alderley Park,
Nr. Macclesfield, Cheshire.

We are looking for an individual to initiate research into the pharmacological control of reproduction in farm animals and man. Candidates may or may not have a veterinary or medical qualification. They must have extensive research experience, preferably at post-doctoral level, in the physiology and pharmacology of reproduction. Experience in the field of prostaglandins would be a distinct advantage. The successful candidate will become a member of an inter-disciplinary research project team engaged in studies of the physiological processes involved in reproduction as well as the laboratory evaluation of novel compounds.

The research staff at Alderley Park represents all scientific disciplines pertaining to research on medical and veterinary drugs. Original and fundamental research is encouraged, as is the publication of scientific papers.

Conditions of service, prospects, and the assistance given to married men in moving home are designed to attract and retain staff of high calibre, and would be discussed in detail at interview. (H9778) 15

Following the Twelfth Report of the Review Body, new salary scales have been approved. These came into force on April 1, 1970. The scales are set out below:

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,626 per annum for the posts held during the first year; £1,755 per annum for posts held during the second year; £1,884 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,040 per annum in the first year; £2,184 per annum in the second year; £2,328 per annum in the third or subsequent years.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,328 per annum x £144(3) x £126(1) — £2,886. Deductions of £210 per annum for those with remuneration at the first incremental point on the scale, and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £183 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £2,760 per annum x £126(1) x £174(1) x £177(1) x £174(1) x £177(1) — £3,588.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £2,520 per annum x £144(1) x £156(3) x £144(10) — £4,572.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £4,512 per annum x £201(8) x £210(1) — £6,330. Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters may be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association. November 1970

THE NEW GENERAL PRACTICE 2

from the British Medical Journal

What important developments are there in General Practice? Does the General Practice Team work successfully? What is the Family Doctor's future role in the Hospital Service? These and other questions are answered in *The New General Practice 2* which, published two years after the first volume in this series, also deals with topics such as the use of computers, plans for the new towns, and Scandinavian developments in general practice. This second volume contains 27 articles published in the *B.M.J.* in the last two years. The introduction has been written by Professor J. D. E. Knox, Professor of General Practice at Dundee University.

Field Medical Officer

TRIPOLI

The duties comprise rendering medical service to oil-field staff in two remote desert camps. It is not intended that the Field Medical Officer would handle illnesses of a major or long-lasting nature or surgical operations, other than in an emergency, since the Company has adequate medical facilities close to its Head Office, and there is a ready air communication between this and the desert bases.

This position is considered bachelor status, i.e. no Company provision is made for a family. The employee will follow a special work schedule of approximately 42 days followed by 21 days paid vacation, with transportation provided to the point of recruitment. The salary will be commensurate with experience and qualifications and whilst in the desert the Medical Officer will receive free board and lodging and laundry service.

Applicants are kindly requested to submit details of experience, training and qualifications to:

Personnel Relations Department,
Caltex Services Limited,
29/30, Old Burlington Street,
London, W1X 2AR.

The University of Otago has established at Christchurch a Clinical School of the Faculty of Medicine. Applications are invited for the following Chairs:

**CHAIR OF MEDICINE
CHAIR OF SURGERY
CHAIR OF PATHOLOGY**

Professional salaries for medically qualified staff are regularly reviewed. Rates are fixed at various points within the present range of \$NZ10,562 per annum to \$NZ12,136 per annum. Negotiations for a new scale are proceeding and increases will be applicable before the Professors take up their duties. (Note: \$NZ100 equals £46.67 stg; \$US112: \$A100).

Further particulars are available from the Secretary-General, Association of Commonwealth Universities (Apts), 36 Gordon Square, London WC1 0PF (Tel: 01-387 8572), or from the Registrar of the University.

Applications close in New Zealand and London on 30th June, 1971. (18797) 61-1

UNIVERSITY COLLEGE HOSPITAL
Ibadan, Nigeria**(a) SENIOR HOSPITAL
MEDICAL OFFICER
(b) SENIOR REGISTRAR
Obstetrics and Gynaecology
(c) Pre-Registration
HOUSE OFFICERS**

Applications are invited from suitably qualified and experienced Medical Practitioners for the above posts.

Senior Hospital Medical Officer: Candidate for this post in the General Out-Patients' Department (which includes the Hospital Staff Medical Service) should have had wide clinical experience as the duties include the supervision and training of junior medical staff and teaching medical students. Possession of the D.T.M. & H. and/or the D.C.H. or D.P.H. would be an advantage. Appointment is initially for two tours of 12-18 months each renewable by mutual agreement.

Senior Registrar, Department of Obstetrics and Gynaecology: Candidates must possess the M.R.C.O.G. qualification. Appointment is for one tour of 12 months in the first instance renewable by mutual agreement. The successful candidate for post (a) and (b) must register with the Nigeria Medical Council before assuming duty.

Pre-Registration House Officers: Candidates must either possess medical qualifications registrable with the Nigeria Medical Council or be final year medical students in approved Universities. The appointment is for 12 months rotating for 4 months each through the Departments of Medicine and Surgery and either Paediatrics or Obstetrics, and successful candidates will be required to assume duty on 1st August, 1971. Accommodation is normally provided in the House Officers' Residence and a deduction from salary at the rate of £222 per annum will be made to cover board, accommodation, water, electricity and laundry. Vacation leave is 28 days per annum. Appointees must be provisionally registered with the Nigeria Medical Council before assuming duty.

Salaries: Post (a) N£1,980-N£2,340 per annum plus N£300 per annum for an expatriate. Post (b) N£1,980-N£2,196 per annum. Post (c) N£1,128 per annum for the first six months, and N£1,176 per annum for the second six months. For posts (a) and (b): N£37.10s. per completed quarter of service. In appropriate cases, the British Government will supplement the salaries of successful U.K. and Irish applicants at an annual rate of between £350 and £625 payable in sterling. In addition, appointment grant of up to £200 and various educational allowances may also be payable.

Free passages, children's separate domicile allowance for expatriates, liberal leave. Arrangements can be made for an expatriate to continue his contributions to the N.H.S. Superannuation Scheme.

Applications should be submitted not later than 11th June 1971 on the appropriate forms which will be forwarded together with additional information on receipt of an addressed foolscap envelope by the Adviser on Staff Recruitment, London Office, (C.H.), Ibadan, 21 Egmont Street, (3rd Floor), London, W1R 7TB. Betnovate is better. So is she.

Discoid eczema: all the better for Betnovate

Eczema patients respond better to Betnovate than to other topical steroids. Two clinical trials, involving 916 patients and comparing Betnovate with five other leading topical steroids, proved this conclusively.

Their findings included:

"... whenever preferences were expressed, there were always more for betamethasone 17-valerate than for the other corticosteroids."¹

"Betamethasone 17-valerate was statistically superior to the other topical corticosteroids in fourteen of the twenty separate subdivisions of the trial; in no instance was it inferior."¹

"A better response is more likely with betamethasone 17-valerate than with any of the other corticosteroids tested."¹

"... response in psoriasis is a more stringent test of the efficacy of a corticosteroid than response in eczema. The superiority of betamethasone 17-valerate in this context is noteworthy."²

Betnovate gives rapid relief from itching and inflammation and thus achieves the best response. In discoid eczema it's the one thing to remember because Betnovate is the most effective steroid you can prescribe.
