

# A good friend in

Cystitis, or indeed any infection of the urinary tract, needs immediate attention. In all cases you can depend on Amoxil for routine treatment. Its broad spectrum activity and high urine concentrations deal decisively with the principal urinary pathogens while its outstanding oral absorption ensures that bactericidal serum levels are available to combat potential ascending infection into renal tissue.

Amoxil can be prescribed with confidence in women of child-bearing age – and especially in pregnancy where choice of treatments is limited. Having the safety of a penicillin, Amoxil is equally suitable for children, the elderly and those patients requiring long-term therapy.

In addition Amoxil has highly acceptable oral presentations, a convenient t.d.s. dosage and is one of the most economic treatments available in this indication.

Amoxil is indeed a good friend in urinary tract infections. To both you and your patients.

Further information on Amoxil (regd) is available from: Bencard, Freepost, Great West Road, Brentford, Middlesex.

# She'd like the answer to a burning problem

And you, doctor, can supply that answer. By prescribing Ceporex.

Ceporex swiftly and reliably puts out the fires of cystitis. Because Ceporex (cephalexin from Glaxo) destroys most of the gram-negative pathogens, particularly *E. coli* and *Klebsiella* spp, responsible for most urinary tract infections.

High urine levels are rapidly

reached by Ceporex, and between 80 and 100% of the dose can be recovered from the urine in 24 hours, most of it in the first six hours. This, coupled with high blood and tissue levels, helps promote swift remission of both symptoms and disease.

That's why Ceporex has achieved a 92% success rate in acute cystitis.\*

## Renal Biopsy

*Second Edition*

**D. B. BREWER**

This book is a very fully illustrated account of renal diseases as revealed by a study of renal biopsies. Although the main emphasis is on the structural changes as seen by light microscopy, clinical details and prognosis are extensively discussed and closely related to the structural changes by means of numerous detailed clinical histories. In many cases the progress of the disease is illustrated by successive biopsies sometimes taken over a period of many years. All the material has been collected personally by the author and his clinical colleagues.

# What can I do at my age, to help old people in need?

(Mrs. Williams, now 78, talks to  
Dr. Reed, her doctor)

**Mrs. W.** I know what it's like to be old and lonely, even though I have a kind family, a home and enough to eat. But I've read about old people with no proper homes, struggling along in damp, awful rooms, without heating or warm food, or even an inside toilet. Surely I can do something to help them?

**Doctor R.** Well, I know you're not strong enough to visit them and climb up dark, rickety stairs, which cut so many of these old people off from the world. But, Help the Aged is doing the sort of practical job you'd appreciate. Rehousing these old people in modern, self-contained flats of their own. Where they can be independent, and yet cared for if they need help. Of course, it's a big job and Help the Aged are dependent on the support of people like yourself to do it.

**Mrs. W.** Do you mean that a contribution from me could really make a difference?

**Doctor R.** Yes. The reason a lot of well-known people support Help the Aged is that a small gift can go quite a long way towards helping the 300,000 old people who are desperately in need of care and housing.

**Mrs. W.** But I can't afford to give a lot of money. Would £30 or £40 accomplish anything?

**Doctor R.** A lot. About £1,000 worth of new housing for old people in fact. That's because Help the Aged use official loans which multiply the value of each gift 25 times over. In my experience as a Doctor, I can't think of any better value from a gift; not only is your money multiplied, but it goes on giving happiness, perpetuating your generosity over many years. For £150, you can name a flat in memory of someone dear to you, and £250 names a double flat in a Help the Aged Housing Scheme.

If your patients would like to help distressed, helpless old people, and show that some goodness is at work in the world, please remember the value of covenants and legacies. An annual report will be gladly sent on request.

# When skin irritation is more than just an itch cool it with Ficoid.<sup>®</sup>

It burns. It itches. It won't go away. It makes the patient irritable. Maybe it gets under your skin a little, too. And it happens all the time.

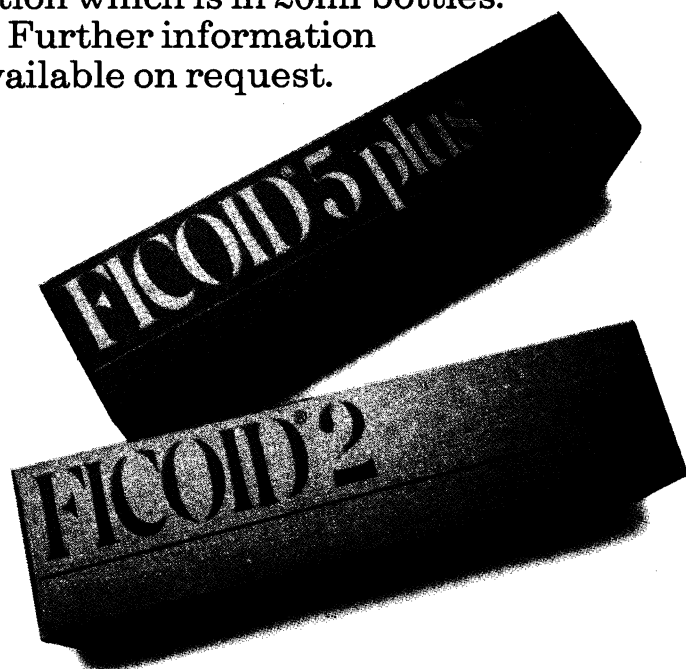

Ficoid is the way to sort it out. In the Ficoid range of topical preparations you'll find just the right formula for the occasion.

Basically, Ficoid is a topical steroid: fluocortolone. It comes in two strengths. It comes with clemizole hexachlorophenate as antibacterial cover; and it comes as cream or ointment.

Ficoid is cosmetically elegant and good value for money. The patient will like it for its cool, soothing texture; even more when it relieves the irritation and burning. To you, Ficoid offers a dermatologically sound product range designed to simplify the treatment of common skin conditions.

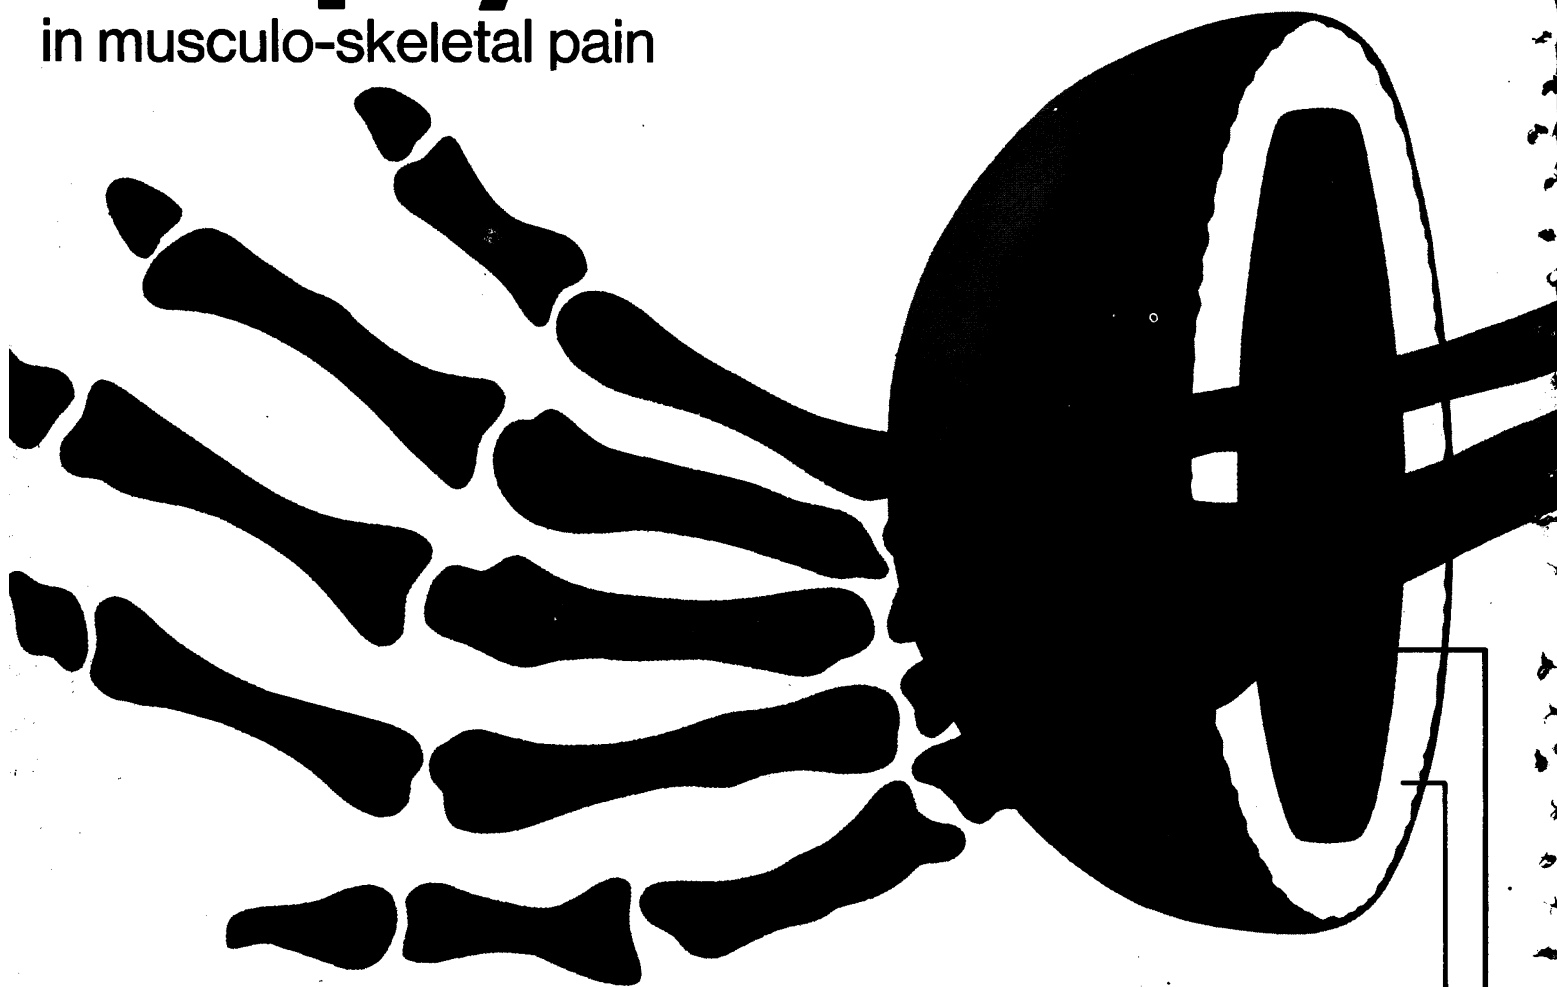

For ease of prescribing all the Ficoid range comes in 30g tubes, except the lotion which is in 20ml bottles.

# THE HISTAMINE CHALLENGE:

## Can any single antihistamine tablet fight off attacks for 24 hours?

In a study<sup>†</sup> designed to test the duration of protection afforded by PRO-ACTIDIL\*, human volunteers were given intradermal injections of histamine and the areas of flare and weal response were measured. After the responses had completely disappeared one PRO-ACTIDIL tablet was administered to each volunteer and the histamine challenge was repeated. By measuring the reduction in areas of flares and weals the protective effect of PRO-ACTIDIL could be plotted for the 24 hours following administration. After 24 hours the weals still showed a reduction of 65 per cent and the flares a reduction of 83 per cent. The authors concluded that the anti-histaminic effect of PRO-ACTIDIL lasts for 24 hours.

Some investments tie up your savings for a fixed period of years, whilst others offer prompt withdrawal facilities.

Some are designed to provide regular income; others offer capital growth. Either may or may not be taxable.

Both may incorporate life assurance and the income tax relief then obtainable can further improve the attractiveness of the investment.

It's all very confusing unless you are a financial expert. How else can you choose a plan to suit your own particular needs and be safe in the knowledge that the Company to which you are to entrust your savings is absolutely secure?

Whether you are interested in saving a monthly sum out of salary, or making a single investment, you would be wise to consult the experts at the M.I.A. They are there to help you, as they have helped thousands of your colleagues—their advice is free and entirely without obligation.

# OWN this incredible scientific brain.

**All this  
extra  
power!**

Compared with the HP-35, the ordinary 'four-function' pocket calculators you've seen up to now seem as primitive as

the tallstick. For, as well as simple arithmetic, this incredible miniature scientific brain tackles logs, trig, roots, exponents and other complex functions to ten significant figures in milliseconds.

## \* Many functions: many uses

Whatever your field, the impact of the  $3\frac{1}{4}'' \times 5\frac{3}{4}''$  HP-35 is shattering. Suddenly you find yourself able to solve complex problems with a fraction of the trouble in a fraction of the time.

When you like. Where you like. For HP-35 operates directly from ac mains supply or from its own rechargeable internal batteries. With little note-taking HP-35 has 5 data registers; it can store sub-totals and constants and automatically recall them when wanted.

HP-35 operates over a range of 200 decades ( $\pm 10^{-99}$  to  $10^{99}$ )—automatically keeps track of the decimal point. Shows answers in fixed or floating point on an ultra-reliable LED display.

## \* Ready for use: low cost

HP-35 comes to you complete with battery-charger, travel and carrying cases and 46 page operating manual. It is backed by a no-quibble warranty for a full year. Yet at £208\* its cost is astonishingly low for an instrument that will soon become indispensable both in your profession and in your private life. You can use it to check tax assessments, yields on stocks and shares—even to calculate the best course to fly or sail.

## \* 10 days trial: £10 saving

Join the over 50,000 delighted owners already saving time, trouble and money with HP-35. Cut out and return the order form with purchase order for £208—or cheque which secures cash discount of £10. If not completely satisfied, return HP-35 within ten days. Money refunded or order cancelled without question.

#### Boston Group Hospital Management Committee and Lincolnshire (Holland) Local Medical Committee

### Vocational Training for General Practice

Applications are invited for the annual intake of trainees on the established rotational scheme of training for General Practice based on Pilgrim Hospital, Boston, a new district general hospital.

The three year course provides the first and third years in substantive hospital posts (Senior House Officer Grade) offering Medicine, E.N.T./Ophthalmology with some Psychiatry, Paediatrics and Obstetrics with opportunities for Out-Patient experience in Physical Medicine, Dermatology and other specialties.

The second year consists of two six monthly appointments in different Teaching General Practices.

Planned weekly seminars and visits augment practical experience and cover major aspects of General Practice. The whole course is recognized by the Royal College of General Practitioners for the membership examination.

Trainees (single or married) will be offered modern accommodation in residences attached or adjacent to Pilgrim Hospital, Boston for the whole period of training.

Further information may be obtained from the Group Secretary, Boston Group Hospital Management Committee, Sibsey Road, Boston, Lincolnshire, to whom applications should be sent by 5th May, 1973. (48661) 22

#### SOUTH EAST KENT HOSPITAL MANAGEMENT COMMITTEE

##### CINQUE PORTS

##### VOCATIONAL TRAINING SCHEME

Applications are invited for the first two trainee posts in the scheme, which is based on the towns of Dover and Deal. Medical institutions include a District General Hospital, a General Practitioner Hospital and a new multi-group Health Centre.

The initial and closing periods of the three-year scheme will be spent in General Practice and there will be four six month Senior House Officer posts in the hospital — in Medicine/Geriatrics, Paediatrics/Dermatology, Obstetrics/Gynaecology, and Psychiatry. The last of these will include a good deal of work within the community.

A day release scheme will operate which will include participation in a continuing course at the Kent Postgraduate Medical Centre at Canterbury. This Centre, and the scheme itself, have close links with the Health Service Research Unit at the University of Kent.

Throughout the three year period each trainee will be in continuous touch with his own General Practitioner Trainer. Approval is being sought for the appropriate posts to be recognized for the D.R.C.O.G. and D.C.H. Fluidity within the organisation will allow an alternative post, such as Anaesthesia, and the opportunity to work for the D.A. Trainees will be encouraged to sit for the M.R.C.G.P.

#### VOCATIONAL TRAINING IN GENERAL PRACTICE AT PETERBOROUGH

This is a new three-year scheme planned with the enthusiastic co-operation of the staff of the Peterborough District Hospital. Applications for two places are invited from medical graduates who are fully registered.

The general practice portions of the scheme will be divided into two major parts — during the first year there will be an introductory course and a period of six months spent in a training practice, during the final year there will be a second period of six months spent in a training practice. Throughout the hospital attachments the trainees will be kept in contact with general practice by a half-day release scheme.

The hospital portion of the scheme will include clinical responsibility in the grade of Senior House Officer in general medicine, obstetrics and gynaecology, paediatrics and geriatrics. There will also be experience in physical medicine, accident and emergency, dermatology, E.N.T. and ophthalmology. Psychological medicine will be based on a study of family psychiatry and this will be centred on the half-day release scheme. A new Postgraduate Centre with excellent facilities will be opening in the autumn of 1973.

Hospital married accommodation will be available for trainees throughout the three years.

For one trainee the Course will commence on 1st September, 1973 and for the other on 1st October, 1973. Those wishing to be considered should apply to the Group Secretary, Peterborough District Hospital, Thorpe Road, Peterborough, PE3 6DA for details of the scheme and application form returnable by 5 May, 1973.

Any additional enquiries should be addressed to Dr. I. H. Redhead, Course Organizer, Peterborough District Hospital. (49044) 22

#### WATFORD GENERAL HOSPITAL

##### VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTITIONERS

Applications are invited for a place in the Vocational Training Scheme which will be available on 1 August, 1973.

The training programme includes Senior House Officer posts to be held for 6 months in general medicine - Geriatrics, Obstetrics and Gynaecology, Adult and Child Psychiatry and Paediatrics, together with a year in general practice divided into an initial two months before the hospital posts and a final ten months.

The scheme provides for a three year training period under the continuous supervision of a course tutor and in association with the Watford and West Herts Postgraduate Medical Centre. There will be teaching and seminar sessions throughout the three years. Clinical attachments in other specialties such as E.N.T. and physical medicine are available during the general practice periods.

The appointments are recognised for the D.H.C., D.R.C.O.G., D.P.M., M.R.C.Psych., and the M.R.C.G.P. Upon completion the doctor will be entitled to receive the Vocational Training Certificate.

Married accommodation may be made available.

Applications naming two names for reference (one of last employer) should be sent to the Hospital Secretary, Watford General Hospital, Snodells Wing, Vicarage Road, Watford, Herts. (22818) 22

## COMMERCIAL APPOINTMENTS

# Clinical Research Physicians

We have vacancies at Welwyn Garden City, Hertfordshire, some 20 miles north of London, for registered Medical Practitioners to join our Clinical Research Department. The main task of these positions is the organizing of clinical trials on chemical compounds with promising pharmacological activity.

The work will involve travel in the United Kingdom. Those appointed will be encouraged to keep their medical knowledge up to date in several ways, including part-time clinical hospital appointments.

Some previous experience in drug assessment work at an early stage, a higher degree, or specialist knowledge in the fields of cardiovascular or anti-inflammatory work, would be particular advantages but are not essential.

Please write in confidence, quoting reference RF, to the Director of Personnel, at the address below. You will be sent further information on these posts and on the Company, together with an application form.

## COMMERCIAL APPOINTMENTS

# Head of Clinical Pharmacology

## at the May & Baker Research Laboratories

Applications are invited for a senior post in this important aspect of drug development. The responsibilities will include directing and organising clinical pharmacological studies with new compounds emanating from the May & Baker Research Laboratories and collaborative research organisations.

Studies will include the demonstration of pharmacological activity of new compounds in man, drug interaction studies, and studies on the relationship between pharmacological activity and plasma levels. In addition, the successful applicant will be expected to spend an average of one day per week carrying out personal clinical pharmacological work in an academic department of clinical pharmacology.

He should be in his thirties and in addition to appropriate medical qualifications have relevant experience and preferably a Ph.D. degree. He will be expected to work in close collaboration with pre-clinical pharmacologists, biochemists, and medical colleagues supervising therapeutic trials. He will be encouraged to initiate new ideas at both the laboratory and clinical level. This is an important and challenging appointment with considerable potential for the right man.

Salary will be attractive and will be commensurate with D.H.S.S. scales for a consultant if qualifications are appropriate.

Applications will be considered in complete confidence and should be sent to the Personnel Manager, May & Baker Ltd, Dagenham, Essex, RM10 7XS, quoting reference number 51/BMJ/73.

Applications are invited for the post of **REGISTRAR IN ORTHOPAEDICS** to commence on 1st June, 1973, for two years, subject to review at the end of the first year. The successful candidate will spend one year at St. Thomas' Hospital, and the second at the Royal Surrey County Hospital, Guildford. Later, if wished he could apply for appointment to an approved St. Thomas' four-year rotation leading to specialist registration.  
Candidates must hold or be about to hold the Diploma of F.R.C.S. If the latter is the case, candidates must already have achieved the Primary F.R.C.S., and must have completed all general surgical requirements for the Diploma.

At St. Thomas' time will be made available for completion of studies, and there may also be access to the Final F.R.C.S. Course. On-call from home at night will be required one week in four. Other duties will be divided between the Casualty Department and the Orthopaedic Department. Weight will be given to preference. In Casualty the successful candidate will act as Senior Surgical Casualty Officer, supervising the activities of eight S.H.O. Casualty Officers, under the overall charge of an orthopaedic surgeon. In the Orthopaedic Department, he will be able to take full part in a comprehensive programme of orthopaedic and accident surgery.

At the Royal Surrey County Hospital, Guildford, the successful candidate will hold the post of Registrar in the Departments of Orthopaedic and Accident Surgery. When on-call he will be expected to be within reasonable distance of the Hospital but not necessarily resident. There will be a further wide experience in trauma and general orthopaedics. Access to the Biomechanics Department of the University of Surrey can be arranged if desired and regular combined meetings are held between the two Departments. If the appointee has no experience in Neurosurgery a short secondment to the Atkinson Morley Hospital will be obligatory.

Applications are invited for two posts of **SENIOR HOUSE OFFICER/REGISTRAR IN CLINICAL CHEMISTRY**, one at the Department of Clinical Chemistry, The Royal Infirmary of Edinburgh, and the other in the Department of Clinical Chemistry, Western General Hospital, Edinburgh. It is expected that the first two years will be spent in the respective laboratories obtaining training in a wide range of diagnostic service work in the field of general clinical chemistry; during this period there will be opportunities to engage in research and development. In the third year, if the holders of these posts wish, they will have opportunities to widen their experience by working in the laboratory at the Western General Hospital or Royal Infirmary of Edinburgh respectively and in other clinical chemistry laboratories in Edinburgh, e.g. the Royal Hospital for Sick Children, and at Victoria Hospital, Kew. During the three year period, if desired, training can be arranged in other branches of clinical pathology to assist in preparation for the Primary examination of the Royal College of Pathologists. There is a wide-ranging programme of postgraduate education in Edinburgh, which includes a course of lectures in clinical chemistry. The laboratories mentioned in this advertisement are all registered for training by the Royal College of Pathologists.

Applicants need not have had previous formal training to Honours Degree level in Biochemistry or Pathology, although such training would clearly be an advantage. Further information and arrangements to visit the departments may be made by contacting either Professor L. C. Whitby (Tel: 031-229 2477, Ext. 2319) or Dr. D. B. Horn (Tel: 031-332 1311, Ext. 152). Applications, giving particulars of age, qualifications and previous experience, together with the names and addresses of two referees, should be lodged with the Secretary of the South-Eastern Regional Hospital Board, 11 Drumsheugh Gardens, Edinburgh EH3 7QQ, by 5th May, 1973. ## GOVERNMENTAL

Department of Health and Social Security

## Headquarters Medical Officers (full or part-time)

A number of posts are to be filled in the Headquarters of the Department in London concerned with the general health of the population, changes in patterns of disease, developments in prevention, treatment, and remedial services, and with all medical aspects of planning and organization in the National Health Service.

Within the Department the work is organized in a number of sections, some with highly specialized functions and others with more general responsibilities, giving scope for the acquisition of expertise in particular fields e.g. medical management and finance; health services for children, the mentally disordered, and the socially handicapped; chemical contamination of food and the environment; epidemiology of communicable and non-communicable diseases; research into disease and handicap and into the planning, organization and evaluation of health services; planning of health service facilities and scientific and technical services (including use of computers in medicine); and international health.

Opportunities for special study, including attendance at university courses and travel abroad, may be available.

Candidates must be fully registered as medical practitioners in the U.K. and have good post-qualification clinical or administrative experience.

**STARTING SALARY:** Within the scale £4,488 — £6,220 according to qualifications and experience (pro rata for part-time appointments). Non-contributory pension scheme. Promotion prospects for full-time Medical Officers.

For full details and an application form (to be returned by 2nd May, 1973) write to Civil Service Commission, Alencon Link, Basingstoke, Hants. RG21 1JB, or telephone Basingstoke 29222, Ext. 500 or London 01-839 1992 (24 answering service), quoting S(L)/630/2. (22364) 112

## Opportunities for Experienced Doctors with emphasis on Psychiatry

As a Medical Officer in the Prison Medical Service you are responsible for the general medical care of the inmates of the establishment — borstal, prison or remand centre — to which you are attached. Current vacancies are at H.M. Prisons, Stafford, Maidstone and Bristol, and H.M. Borstal, Lowdham Grange.

A good proportion of the work at many establishments lies in making medical and psychiatric assessments for the Department and the Courts, and, at most establishments, assistance is available from psychologists, social workers and pharmacists. You will also be concerned with the general hygiene and dietary requirements of the establishment. Surgical and psycho-therapeutic units employing part-time specialists are established at selected centres and use is made of the facilities available in N.H.S. Hospitals for consultations and special investigations.

These posts provide a unique opportunity to research into mental and physical disorders.

Candidates must be fully registered as medical practitioners in the U.K. and possess good all-round medical and surgical experience. A knowledge of psychological medicine is desirable, and a Dip.P.M. an advantage.

Starting salary within the scale £4,313 — £6,045 (plus £111 environment allowance) according to qualifications and experience. Promotion prospects. Non-contributory pension scheme. Rented accommodation may be available.

For full details and an application form (to be returned by 2nd May, 1973) write to Civil Service Commission, Alencon Link, Basingstoke, Hants. RG21 1JB, or telephone Basingstoke 29222, Ext. 500 or London 01-839 1992 (24 hour answering service), quoting S(M)/630/2.

## SERVICES

# AS A NAVAL DOCTOR, YOU'D GET A WHOLE LOT MORE OUT OF LIFE.

(AND SO WOULD YOUR FAMILY)

Right from the start, you'd have a complete change of scene.

Serving either with the Navy at sea or among service personnel and their families at a naval establishment. Very likely in another part of the world.

Either way, you'd never find yourself short of assistance. (Every naval doctor is fully supported by medical staff).

Equally important, you'd never find yourself getting into a rut – for in two years or so you'd receive a new appointment.

In a new place. Doing a different job. Perhaps with the chance to learn something of the special problems of diving, aviation, or tropical medicine for example.

It's a stimulating life. Not only for yourself but for your family too.

For in most cases they'd accompany you. And wherever you go there are usually married quarters – fully furnished houses or flats, equipped with everything you need. And at very reasonable rents.

What's more, a generous education

allowance is made for your children if they are at boarding school. £363 p.a. for a first child, £432 p.a. for a second, £519 p.a. for a third. On top of this, removal and other allowances are also provided.

Add this to the salary and you'll see how well a naval doctor's pay compares with a civilian doctor's.

For instance, with five years' post registration experience you would join us as a Surgeon Lieutenant-Commander on £4,767 a year.

And any specialist qualifications/experience you have could increase your salary even more.

There are opportunities, too, to keep up with the latest developments in medicine. For the Navy fully recognises the need for such opportunities both in the interests of naval medicine and a doctor's professional advancement.

That's not all. You can join on a 3-year or 5-year commission (each carrying a tax-free terminal gratuity of £1,500 and £3,000 respectively) and you can transfer to a full 16-year pensionable commission if you wish.

To find out more, write to Surgeon Cdr. L. C. Banks, M.B., B.Ch., R.N. (724 ABF), Dept. of the Medical Director-General (Navy), Empress State Building, London S.W.6.

In infected eczema, the eczema  
you worry about

# Betnovate-N

stops the scratching that starts the  
infection that results in infected eczema.

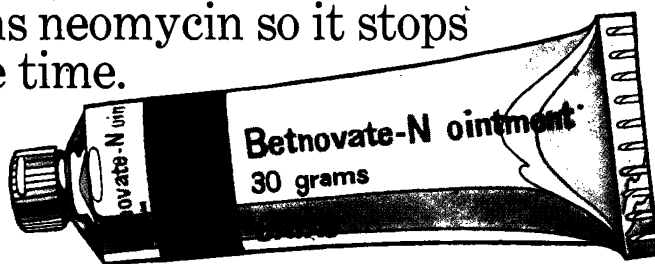

And does it quicker than other preparations designed  
to combat infected eczema, because it contains  
betamethasone as 17-valerate, a more effective steroid.

Betnovate-N also contains neomycin so it stops  
most infections at the same time.

And at a price others  
can't match.

# MEDICINE IN A TROPICAL ENVIRONMENT

**Edited by A.G. Shaper, J.W. Kibukamusoke, M.S.R. Hutt.**

*Medicine in a Tropical Environment* is intended for medical students and doctors working in tropical and developing countries. The essays bring together specific problems of the tropical environment which have been the subject of recent investigation, and the authors write on them from personal experience. Little of the material on which the essays are based was available more than five years ago. To doctors in temperate climates preparing themselves for medical work in developing parts of the world *Medicine in a Tropical Environment* is essential reading.

# Fight cancer with a will

When testators ask your advice, please remind them of the urgent work of the Imperial Cancer Research Fund. In the Fund's up-to-date laboratories trained minds are using every weapon of modern science to fight all forms of cancer, including leukaemia.

Now one of the world's great research centres, the I.C.R.F. relies entirely on public support. The cancer problem *must* be solved. Please help now.

Patron:  
H.M. THE QUEEN

President:  
The Honourable Angus Ogilvy

# When pollen returns

As surely as birds come back in spring your hay fever patients will be returning to the surgery with streaming eyes and running noses.

Rynacrom offers a completely new means of dealing with the problem.

It doesn't merely provide symptomatic

relief from hay fever but actually prevents the release of the spasmogens which trigger off this distressing condition.

Regular insufflation of Rynacrom means permanent protection—and your patients will be able to enjoy life to the full.

# RYNACROM<sup>®</sup>

Sodium Cromoglycate BP

## PROPHYLAXIS IN HAY FEVER

Full prescribing notes on this unique product appear in the new series of RYNACROM "Bird Life" mailings. Any further information required will be gladly sent on request.
