## PHENERGAN ELIXIR

In young patients with infections or allergic conditions of the upper respiratory tract – from winter colds to hay-fever – ‘Phenergan’ Elixir brings rapid relief of uncomfortable symptoms:

### **dries up secretions**

The anticholinergic action of ‘Phenergan’ Elixir effectively reduces secretion in the swollen upper respiratory passages. This helps end the misery of running eyes and nose and restores the comfort of easy breathing.

### **reduces irritation**

The drying and central sedative actions of ‘Phenergan’, together with the demulcent effect of the elixir, all combine to provide soothing relief of nose and throat irritation.

### **combats restlessness**

By relieving distressing symptoms ‘Phenergan’

Elixir does much to ease the irritability of the young patient during the day. And at night its well-known sedative properties are of particular value in ensuring undisturbed sleep – for both child and parents.

**‘Phenergan’ Elixir soon “makes it all better” again**

Chest infections. Sinusitis, tonsillitis and quinsy. Infected wounds and abscesses. In treating worrying or severe cases you can be more certain of first time success when you prescribe Magnapen.

Magnapen is effective against virtually all bacteria encountered in General Practice. So in severe infections you can rely on Magnapen even when there are no laboratory reports to guide you.

Magnapen's greater certainty means that the patient is more likely to respond quickly. And Magnapen can save you the time which you might otherwise have to spend on repeat visits, second consultations, or night calls to patients who may fail to respond to other antibiotics.

# London Nursing Homes

London Nursing Homes offer the medical profession a range of surgical facilities in the West End, and outer London, through four well equipped clinics. These are ideal for general surgery, and are now being widely used for plastic and dental surgery. Fully equipped private recovery rooms are available for the busy patient, allowing easy access to business or social contacts.

Department of Health licenses for termination of pregnancy are held at the London Private, Parkview Clinic, and New Cross Nursing Home. New techniques and equipment have allowed a series of second trimester terminations by saline induction to be successfully completed, and laparoscopic sterilisation for women is now available at the London Private.

Geriatric care is undertaken at Blackheath and Upminster Nursing Homes, which are both being rebuilt to the highest standards to accommodate over 200 residents.

London Nursing Homes will be pleased to answer doctors enquiries, or arrange for facility visits through their resident medical officers.

## PROPERTIES OVERSEAS...

The possession of property overseas was at one time regarded as a status symbol, a positive indication of financial success in one's profession or business. In some cases this is possibly still true, but it is safer to say that with the majority of people the main objective is to own a villa or flat as an investment, as a holiday centre plus investment, a place in the sun or peace and quiet for retirement.

There are many ways of achieving this end; one can buy direct from an owner, through a Property Development Company or through agents. The wisest course, especially to the uninitiated, is through organisations because they can give advice on Exchange Control Regulations, Legislation, guidance through legal technicalities and cover the financial aspects.

For those who only want holiday apartments there is a concept that is becoming quite popular—that of joint ownership. Such a plan is operated by the Multihotels Club who have a number of hotels in Switzerland, Sardinia and elsewhere. The idea is for a once only payment of for instance £550. For this sum a two-bedded studio in a Swiss hotel for two weeks in February, or any other month for that matter, is available for that period each year for 99 years. In addition, one can change to other resorts within the group, rent the apartment privately if not needed or Multihotels will let it for you. Other main advantages are the low capital outlay, lack of maintenance problems and finally one can sell it or leave it to one's heirs.

Another new idea is the purchasing of a shop, either freehold or on a lifelong lease and the International Property Club of Torremolinos offers this proposition as an investment. Inspection flights commence every week from 1st June at £35/40 return from London Airport to Malaga.

Although there are opportunities for buying properties in many countries and many islands, those that are within only a few hours flying time from England are naturally the most popular. The mainland of Spain, the Balearic Islands, Portugal (particularly the Algarve) and the South of France and Italy are still

## Retirement — Holidays — Investment

the most sought after and many new estates are being developed.

A new luxury estate is being built in the Algarve close to the 18-Hole Championship Penina Golf Course designed by Henry Cotton, who is the resident professional. Plots of land are approximately 1 acre and the price of a 3 bedrooom villa with 3 bathrooms costs from £25,000 upwards. The port and shopping centre of Portimao is 5 miles away. Faro airport 35 miles by road. (Agents are Nicholas Brimblecombe Overseas of The Station House, South Cave, Brough, E. Yorks.) Details of a wide range of villas, apartments and building land in the Algarve (and in Menorca) can be obtained from the Meon Villas (Overseas) who specialise in these areas and have some excellent properties available including farm-houses and cottages for conversion.

A very pleasant and practical way of looking at property in the Algarve is arranged by B.V.F. Goodacre and Company. It consists of 7 days at a 5 star hotel and air passage by scheduled B.E.A. flights for £59.80, refundable if a property is purchased through them as a result.

The popularity of the Spanish mainland seems to be untouched by the competition elsewhere and the Costa del Sol shows little sign of losing-out, either as an area for retirement or for investment/holiday. The number of first rate golf courses as well as the beautiful beaches and hinterland are the constant reasons for the continued development of this area.

In the Balearic Islands, Menorca is well worth consideration now that the airport has been completed. A number of attractive hillside sites are being developed, particularly at Playa de Binimel-la, Serra Morena and Calas Covas. They all face South West with magnificent views and are in easy reach of Mahon, the capital.

Prices range from about £5,000 to £10,000. Majorca is, of course, the principal and biggest island and a lot of building is still in progress and planned for the future. This is chiefly round established resorts on the coast and is largely concentrated more on apartments than villas.

To be near the sea is not everyone's choice and some prefer the beauty, charm and fascinating atmosphere of the continent. One outstanding region in France is the Dordogne, which is dominated by the river of that name and the glorious valley and rocky hills through which it flows. A variety of property is available ranging from small cottages in need of restoration from about £1,500 to medium or big houses from £8,000 to £20,000. Further south, particularly from Marseilles to Spain, there are many new developments, particularly at Port Camargue, La Grande Motte, Sete and the several Etangs.

# Prothiaden quickly breaks the web of depressive illness

Rarely does one encounter a depressed patient who does not also show definite signs of anxiety. A common problem for the prescriber. Tranquillizer? Anti-depressant? Or both? Prothiaden is the anti-depressant that not only treats depression, but also quickly relieves the anxiety so often a feature of depressive illness. Fast-acting, exceptionally well tolerated, with Prothiaden your depressed patient is soon having a lot more 'good' days than bad ones.

### Immediate full-time Board appointment

## A major business career for a qualified physician

with Market Investigations (P & A) Ltd., leading international market researchers for the ethical pharmaceutical industry.

### The type of work we do

We interview General Practitioners and Specialists in the U.K. and countries throughout the Americas, Europe and parts of Asia on problems relating to diseases and therapy.

We have been a leading company in this field since 1962 and our senior executives are supported by a substantial team of specialists in statistics, economics and market research techniques.

In the U.K., we maintain a panel of 180 qualified doctors to carry out the fieldwork, in addition to a panel of 800 trained interviewers for surveys where medical qualifications are not essential.

Our work is primarily concerned with major disease areas in the human pharmaceutical field but a proportion of our work is concerned with veterinary medicines.

### We seek

a qualified doctor, preferably a specialist physician, with several years' post-graduate and specialist experience to join the Board of Directors and to work as a full-time executive.

### We prefer

a doctor who has had commercial experience either in hospital or Government administration or with a pharmaceutical company. Our prime requirements are a lively mind and a basic desire to develop a business career by applying a real understanding of medicine to market research.

We shall give a very intensive training in market research and will in any case provide a close and harmonious working relationship with executives who are specialists in other disciplines.

Starting salary — a minimum of £4,000 p.a. but where suitable commercial experience exists, a salary of up to £6,000 p.a. would be considered. A car is provided.

We have an annual bonus scheme and after 6-12 months, the director would join a profit-sharing scheme ensuring a further income of between £500-£1,500 at present profit levels.

Write in confidence to the Chairman, Market Investigations (P & A) Ltd,

1-2 Berners St.,  
London W1P 2AG

**ADMINISTRATIVE**

## TWO TRAINING POSTS IN COMMUNITY MEDICINE North East Metropolitan Regional Hospital Board

A comprehensive training in community medicine is offered to  
two keen young doctors with sound basic clinical experience.  
These posts are advertised by agreement with the Regional Joint  
Liaison Committee and the Boards of Governors of St.  
Bartholomew's, The London, The Royal Free, and University  
College Hospitals. No previous administrative experience is  
required and the principal criteria will be a good general medical  
background and aptitude and enthusiasm for management,  
investigation, and the practice of medicine on a community scale.

The posts will be structured so that the successful applicants will  
rotate through appropriate departments in one or more of the  
Teaching Hospitals, together with the Regional Hospital Board,  
the Department of Health and, until 1974, 3 Local Authorities — 2  
London Boroughs and one County. The posts will normally be  
remunerated within the Registrar scale (£2,634, rising by four  
increments to £3,282). However, a higher salary where a doctor in  
moving from a higher grade for approved training will be allowed  
at the discretion of the Board. It will be possible for successful  
candidates either to attend the M.Sc. course at the London  
School of Hygiene and Tropical Medicine or to attend modular  
courses organised by the Universities of Birmingham, Oxford,  
Bristol, Southampton, Exeter, Reading and Wales. It is considered  
that this rotational training programme will fit successful  
applicants to apply for Membership of the Faculty of Community  
Medicine. Tenure of appointment will be guaranteed for a  
three-year period, subject to satisfactory report at the end of the  
first year and the individual grading will be reviewed after two  
years. Further particulars may be obtained from Dr. A. S.  
Mackenzie, Senior Administrative Medical Officer, North East  
Metropolitan Regional Hospital Board. Application form from  
Secretary (NE), 40 Eastbourne Terrace, London W2 3QR. Closing  
date 22nd June, 1973. Ref. 1086.

## SERVICES

# AS A NAVAL DOCTOR, YOU'D GET A WHOLE LOT MORE OUT OF LIFE.

(AND SO WOULD YOUR FAMILY)

Right from the start, you'd have a complete change of scene.

Serving either with the Navy at sea or among service personnel and their families at a naval establishment. Very likely in another part of the world.

Either way, you'd never find yourself short of assistance. (Every naval doctor is fully supported by medical staff).

Equally important, you'd never find yourself getting into a rut – for in two years or so you'd receive a new appointment.

In a new place. Doing a different job. Perhaps with the chance to learn something of the special problems of diving, aviation, or tropical medicine for example.

It's a stimulating life. Not only for yourself but for your family too.

For in most cases they'd accompany you. And wherever you go there are usually married quarters – fully furnished houses or flats, equipped with everything you need. And at very reasonable rents.

What's more, a generous education

allowance is made for your children if they are at boarding school. £363 p.a. for a first child, £432 p.a. for a second, £519 p.a. for a third. On top of this, removal and other allowances are also provided.

Add this to the salary and you'll see how well a naval doctor's pay compares with a civilian doctor's.

For instance, with five years' post registration experience you would join us as a Surgeon Lieutenant-Commander on £4,767 a year.

And any specialist qualifications/experience you have could increase your salary even more.

There are opportunities, too, to keep up with the latest developments in medicine. For the Navy fully recognises the need for such opportunities both in the interests of naval medicine and a doctor's professional advancement.

That's not all. You can join on a 3-year or 5-year commission (each carrying a tax-free terminal gratuity of £1,500 and £3,000 respectively) and you can transfer to a full 16-year pensionable commission if you wish.

To find out more, write to Surgeon Cdr. L. C. Banks, M.B., B.Ch., R.N. (724 ABG), Dept. of the Medical Director-General (Navy), Empress State Building, London S.W.6.

## OVERSEA

Attention is drawn to the importance of detailed careful consideration to the terms of any contract, especially as terms and conditions of service may differ markedly in different areas. 'Notes on Contracts Overseas' may be obtained on application to the Secretary.

Before any contract is signed it is advisable to obtain full details of remuneration and of terms and conditions of service and information about local conditions. These may often be obtained from the local B.M.A. Branch or affiliated Medical Association whose address may also be obtained on application to the Secretary.

#### THE DEPARTMENT OF PSYCHIATRY OF QUEEN'S UNIVERSITY

Dr. T. J. Boag, Head, offers a comprehensive training programme in the specialty of psychiatry. The course is a four-year one, meeting the training requirements of the Royal College of Canada, and leading to the Certification examination of the Royal College. The training facilities of the Department are fully accredited.

Final year medical students in most Canadian and American medical schools may now apply to enter the first year of this programme as Straight Interns in psychiatry. Applicants from outside Canada will generally be required to have completed an approved internship before entering the course as first year Assistant Residents.

The first two years of training are based on clinical experience in the settings of the general hospital, the mental hospital, and the child psychiatry units. The third and fourth years provide broader and deeper experience in general psychiatry with an emphasis on such fields as child and adolescent psychiatry, mental retardation, administrative psychiatry, community psychiatry, student mental health, alcoholism and addictions, forensics, research and teaching. Experience and instruction in individual and group psychotherapy and family therapy are central in the programme.

A comprehensive array of clinical and research facilities, conferences, seminars, and individual tutorships, together with a faculty actively interested in teaching and learning, make this dynamic and stimulating programme.

Residency stipends range from \$7,000 (straight intern) to \$13,000 (chief resident). The Ontario Department of Health offers supplementary training bursaries and a career plan for those residents in their 3rd and 4th year of training who wish to commit themselves to future work in community mental health facilities. Teaching, research, and travelling fellowships are available, stipends commensurate to the level of training involved.

Applications are presently invited for the academic year commencing 1st July, 1973. Trainees are registered as postgraduate students of Queen's University. There are no tuition fees.

Enquiries and applications should be directed to Dr. W. E. Powles, Director of Postgraduate Education, Department of Psychiatry, Queen's University, Kingston, Ontario, Canada. (H12400) 118

## HOSPITAL BODIES ADMINISTRATIVE BUREAU

The HospitalBodies Administrative Bureau is responsible for providing staff support for Comhairle na nOspidéal and the Dublin, Cork and Galway Regional Hospital Boards. To head its staff group, which will be of high calibre, the Bureau requires a

# CHIEF OFFICER

### THE JOB

The Chief Officer will be responsible for the direction and control of the staff of the Bureau and the co-ordination of the work of the officers who will be secretaries of the Regional Hospital Boards. His task will be to ensure that Comhairle na nOspidéal and the Regional Hospital Boards receive co-ordinated administrative and analytic support, and to communicate and gain commitment to the implementation of the decisions and recommendations of these bodies.

### THE PERSON

The person the Bureau is looking for must be able to create and lead a team of analysts, planners and administrators who will assist in the development of hospital services. Preferably he should have knowledge of health services. A medical qualification would be an advantage but is not essential.

### THE SALARY

The appointment may be made on a permanent basis, on secondment, or on the basis of a contract for a limited period. If made on a permanent basis, the salary scale — which is at present under review — will be in the range £5,000 to £6,000. A successful candidate with special qualifications or experience may be allowed to enter the scale at a point above the minimum. There will be a contributory pension scheme. Terms of secondment or contract are subject to negotiation.

If you think you have the necessary experience and personal qualities to fill this job, please write to

The Acting Secretary

## TASMANIA, Australia

Launceston General Hospital

## THREE SENIOR POSTS

**General Medical Superintendent  
Deputy Medical Superintendent  
Director of Diagnostic Radiology**

## General Information

The Launceston General Hospital is a 354 bed general hospital with 142 geriatric beds nearby, providing medical care for a population of approximately 120,000. The Hospital is an associated teaching unit of the University of Tasmania, and is actively concerned with medical student teaching. It is staffed by full-time and honorary visiting specialists, together with eight Registrars and fifteen Residential Medical Officers.

Launceston is a pleasant city situated on the banks of the Tamar River, Northern Tasmania — an hour's air flight from Melbourne. The Hospital contains most departments including an Intensive Care Unit with modern sophisticated equipment, a new Pathology Department, and new Theatre Block. There is an extensive modernization and expansion building programme under way.

## General Medical Superintendent

Salary \$A15,747

Applications for this position closing on 31st July are invited from duly qualified medical practitioners with at least ten years' postgraduate experience. Previous work in medical administration is desirable and an appropriate qualification in this field would be an advantage. The appointee will be the Chief Executive Officer and responsible to the Board of Management for the efficient functioning of the Hospital.

The present Superintendent is retiring at the end of the year and the appointee will be expected to commence no later than November, 1973. A furnished home away from the Hospital is available at a nominal rental.

## Deputy Medical Superintendent

Salary range \$A12,930 — \$A14,301

Applications are invited from qualified medical practitioners with a minimum of four years' postgraduate experience. The work involved will consist of both Hospital administrative work and duties in the casualty section of the Hospital. This would be an opportunity to take a Hospital Administration Course and eventually specialize in this field.

## Director of Diagnostic Radiology

Salary range \$A14,817 — \$A17,598 according to qualifications and years of experience. An appropriate higher qualification is necessary. Initial accommodation will be made available on a rental basis for a period of six months.

For all three positions passage assistance may be arranged and reasonable removal expenses are paid. Recreation, long service and sick leave are provided. The appointees will be required to contribute to the Retirement Benefits Scheme.

For application forms and further information, doctors in Britain should write to The Agent General for Tasmania, 458 Strand, London WC2R 0RJ.

In infected eczema  
is the eczema you worry about.

# Betnovate-N

stops the scratching that starts the  
infection that results in infected eczema.

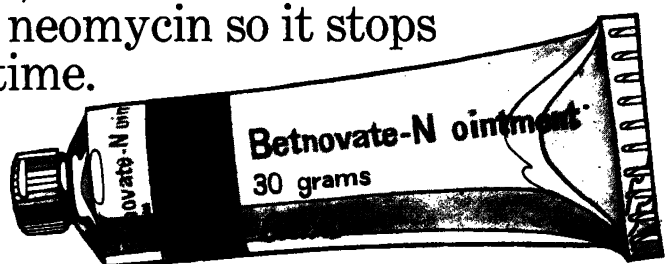

And does it quicker than other preparations designed to combat infected eczema, because it contains betamethasone as 17-valerate, a more effective steroid.

Betnovate-N also contains neomycin so it stops most infections at the same time.

And at a price others can't match.

# *A New Horizon in Asthma Therapy*

**Becotide INHALER**  
*steroid control without steroid side effects*

## Effective treatment the equal of oral steroids

"Beclomethasone dipropionate is a active topical steroid with weak systemic effects. By exerting a selective, topical, anti-inflammatory effect on the bronchial mucous membrane it is able, as this trial shows, to control asthma as well as prednisolone given by mouth."

(*Brit. med. J.*, 1972, 3, 314.)

## Freedom from steroid side effects including adrenal suppression

"Of the 31 steroid-dependent patients (transferred to Becotide Inhaler), 29 showed loss of weight and 10 of these lost their Cushingoid facies."

Biochemical evidence of adrenal suppression was not observed . . . "

(*Curr. med. Res. Opin.*, 1972, 1, 173.)

## Earlier treatment giving a less restricted life

"On the data presented here there seems to be no contra-indication to the use of this preparation (Becotide Inhaler) by mild asthmatics who would not normally be considered for the use of corticosteroids. As many of them had already failed to respond to disodium cromoglycate this new therapeutic approach may have much to offer, especially in paediatrics".

(*Brit. med. J.*, 1972, 1, 585.)

Becotide Inhaler is a metered aerosol delivering 50mcg beclomethasone dipropionate BP per inhalation.

## **‘Surmontil’**

provides complete treatment to make sleep easy again

In the many patients whose sleep problem stems from depression, ‘Surmontil’ offers significant advantages over other forms of therapy.

- **Causal as well as symptomatic relief**  
Unlike hypnotics, ‘Surmontil’ does more than just rapidly relieve sleeplessness. It gets to the root of the problem by acting on the underlying depression.
- **Preservation of normal sleep patterns**  
‘Surmontil’ acts without reducing REM sleep time. Because of this the sleep which it promotes is both sound and natural.
- **Reduced daytime anxiety**  
Besides its immediate sleep-inducing and gradual mood-elevating actions ‘Surmontil’ also has a rapid effect on the anxiety which invariably accompanies depression.
- **Conveniently taken in a single nightly dose**  
The good tolerance of ‘Surmontil’ means that the total daily requirement for effective relief of depression may be conveniently taken in a single night-time dose.
