

The first live

Prevention of mumps is now possible with only one subcutaneous injection of 'Mumpsvax'. And if the pattern of antibody response to 'Mumpsvax' seen over the last six years persists, this will provide a basis for expectation that immunity will be permanent...

Side effects are uncommon, and soreness is unlikely at the injection site.

- * 'Mumpsvax' is presented as a single-dose vial with a disposable syringe.
- * 'Mumpsvax' induces protective antibodies in practically all non-immune recipients.
- * No significant side effects reported in studies which included more than 200 adult males.
- * Adequate antibody levels, with continuing protection against mumps, have persisted for six years without substantial decline in children vaccinated with 'Mumpsvax'.
- * There have been no reports of the transmission of mumps from vaccinated patients to susceptible contacts.

mumps vaccine.

To help avoid the discomfort,
the inconvenience—and the
possibility of complications

MUMPSVAX[®]

Mumps Virus Vaccine, Live, MSD Jeryl Lynn Strain

'Mumpsvox' is supplied in a single-dose pack containing one 0.5 ml vial
of lyophilised vaccine and one disposable syringe containing diluent.

More detailed information is available to physicians on request.

DALMANE

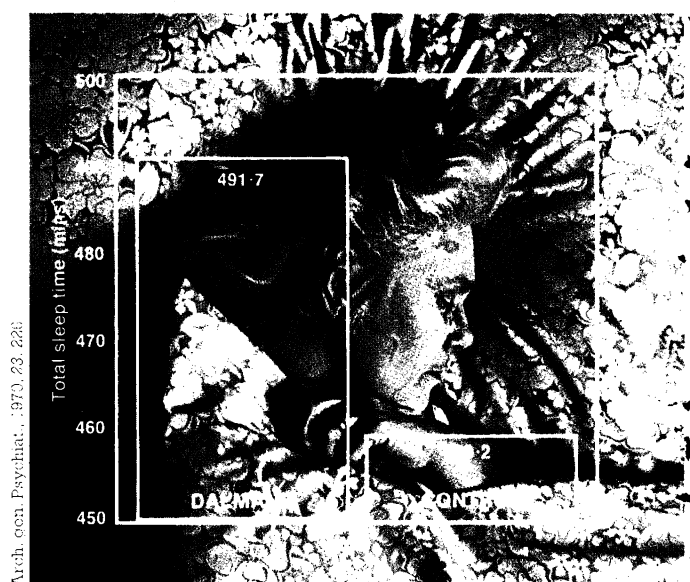

Getting to sleep

Patients asleep in less than half the time

Clinical trials¹⁻³ have shown that Dalmane cuts sleep latency – the time taken to get to sleep – by half. In one study³ Dalmane reduced the average sleep latency in a group of insomniacs from 36.2 minutes to 13.9 minutes.

Staying asleep

Average sleep of more than 8 hours

Dalmane increased the duration of sleep to – in one published study³ – an average of 8 hours 11.7 minutes in patients who had previously suffered from insomnia. Dalmane also reduces the number of nocturnal awakenings^{1,4} and the actual length of time spent awake during the night – from an average of 52.8 minutes to 24.3 minutes in one trial⁴.

References:

a new and powerful treatment for insomnia

Patient Preference

Preferred by a greater number of patients⁵ – low incidence of side-effects

In one trial in which Dalmane was compared with glutethimide, of those patients who expressed a preference 81 per cent did so in favour of Dalmane, whilst only 19 per cent preferred glutethimide. This high level of patient preference is due to the ability of Dalmane to produce sound sleep with a low incidence of side-effects. Dalmane has been shown to produce less hangover than glutethimide in another trial⁶, than a barbiturate⁷, and, in one trial even a placebo – 9 cases with Dalmane, 25 with placebo⁸.

Safety

A non-barbiturate treatment for insomnia with a wide margin of safety

Dalmane has an extremely high mean lethal dose in mice and rats⁹, thus suggesting that overdosage would be unlikely to present undue problems of management or threat to life. Human toxicity studies¹⁰ in which healthy men were given large doses of Dalmane for some time confirmed that it is well tolerated and produces no unwanted systemic effects.

Bread should have a place on every table

	Quantity per oz. of bread	Contribution of bread to average daily diet*
Protein	2.2 g	17.0%
Iron	0.51 mg	17.7%
Calcium	26.0 mg	13.4%
Niacin	0.48 mg	13.7%
Thiamine	0.05 mg	22.1%
Energy value	69 kcal	14.4%

*Figures from 1972 National Food Survey

Our daily bread is often underestimated as an essential source of goodness and nourishment.

In the average national diet (according to the 1972 National Food Survey), bread plays a key part, providing over one-sixth of a person's daily protein and iron intake; over one-fifth of the

daily thiamine; and around one-seventh of the daily calcium, niacin and energy value.

This means, of course, that the importance of including bread in one's diet should never be underestimated. To cut out bread, even when slimming, may produce an unsatisfactory diet. For health's

sake, it's worth recommending bread in *every* diet.

Penny for penny, bread provides nearly three times as much protein as white fish or beef, and significantly more protein than cheese. Which makes our daily bread one of the best food bargains in the world.

The Flour Advisory Bureau, 21 Arlington Street, London, SW1A 1RN

Brenda is and today she

For the first birthday in her life, Brenda can blow out her own candles. Because she has been treated with a new product called Migen – a short immunisation course that is simple and very effective. A fundamental treatment that for the first time gives you, the family doctor, real control over asthma.

It won't help all asthmatics but it will help those whose asthma is caused by, or complicated by, allergy. And that's no small number.

Migen is effective. Allergy has always been recognised as one of the most common causes of asthma. Recently it has been established that the most important

allergenic factor in house dust is the house dust mite: in fact, more than 90% of house dust sensitive patients are sensitive to house dust mite. And, "The rise in the mite content of dust from September to October has been shown to be directly related to an increase in asthma during this period."*

Migen immunises against the house dust mite. Immunisation against this powerful allergen raises the patients' overall level of tolerance. If he is multi-sensitive, he may well find that he no longer reacts to contact with other allergens which have previously provoked attacks. And the stress caused by fear of attack is reduced.

Migen is simple. Migen is a short course vaccine which contains pure extract of *Dermatophagoides pteronyssinus*, the most common British house dust mite. Just six injections form a complete course of treatment for asthma and perennial rhinitis. And each syringe is pre-filled to ensure accurate dosage.

Migen – minimal side effects. Migen's active material is released slowly but completely for maximum efficiency and minimum risk of adverse effects. Migen is adsorbed onto tyrosine, a naturally occurring amino acid, fully metabolisable in the human body.

Migen is a Bencard product. Prepared by Bencard, leaders in allergy research, Migen is the first short course asthma treatment to give *you* control over your asthma patients. Migen may usually be prescribed

Treatment pack consisting of six
prefilled syringes with sterilised needles.

 **Bencard**

*Asthma Research Council.

Asthmatic is very happy.

on the basis of a careful case history, no complicated testing techniques are necessary. However a simple confirmatory skin test kit is available on request, together with patient record cards and advice notes.

Migen. Many products have been advocated for use in the treatment of asthma. Most have drawbacks that you and your patients suffer for the sake of some relief. Now Migen offers an opportunity to treat asthma

simply and effectively.

Allergy has always had a strong hold on the asthmatic. From today a powerful and very common allergen can be controlled from your surgery, with Migen. It's asthma immunisation made easy.

Full information on Migen (regd.) is available on request from Bencard, Great West Road, Brentford, Middx.

MAJOR PROBLEMS IN DERMATOLOGY

Consulting Editor: Arthur Rook, MA, MD, FRCP

Urticaria

Volume One of Major Problems in Dermatology

This monograph brings together knowledge of the various types of Urticaria, covering the whole spectrum of the condition in such a way as to enable the clinical and research worker to gain a general understanding of all the disorders of which it is a manifestation as well as providing him with details of research and clinical reports on each syndrome.

CONTENTS

The Historical Background; Types and Incidence of Urticaria; Basic Mechanisms; Acute and Chronic Urticaria; Aetiology; Acute and Chronic Urticaria: Clinical Features; Acute and Chronic Urticaria: Treatment; Hereditary Angio-Oedema; The Physical Urticarias; Contact Urticaria.

By Robert P. Warin, MD, FRCP, Consultant Dermatologist, United Bristol Hospitals and Lecturer in Dermatology, University of Bristol; and Robert H. Champion, MB, FRCP, Consultant Dermatologist, Addenbrooke's Hospital, Cambridge and East Anglian Regional Hospital Board.

The penicillin strong enough for today's infections Floxapen

Boils, abscesses, cellulitis

Sinusitis, tonsillitis, otitis media

Floxapen is no ordinary penicillin. Following an oral dose of 250mg, Floxapen gives blood levels over five times as high as those achieved with an equivalent dose of penicillin V. So you can be more sure of obtaining effective levels at the site of infection.

And once there, Floxapen will destroy virtually all staphylococci, as well as all streptococci. With penicillin safety.

Reported success rates of 97% in skin infections¹ and 90% in E.N.T. infections² are proof that Floxapen works in practice. ¹ Practitioner (1970) 205, 801. ² Brit. J. Clin. Pract. (1970) 24, 419.

Oral Dosage Adults: 250mg q.i.d., a.c. Children under 10: ½ adult dose

Contra-indications: penicillin hypersensitivity, ocular administration

Side-effects: as with other penicillins.

Further information is available on request.

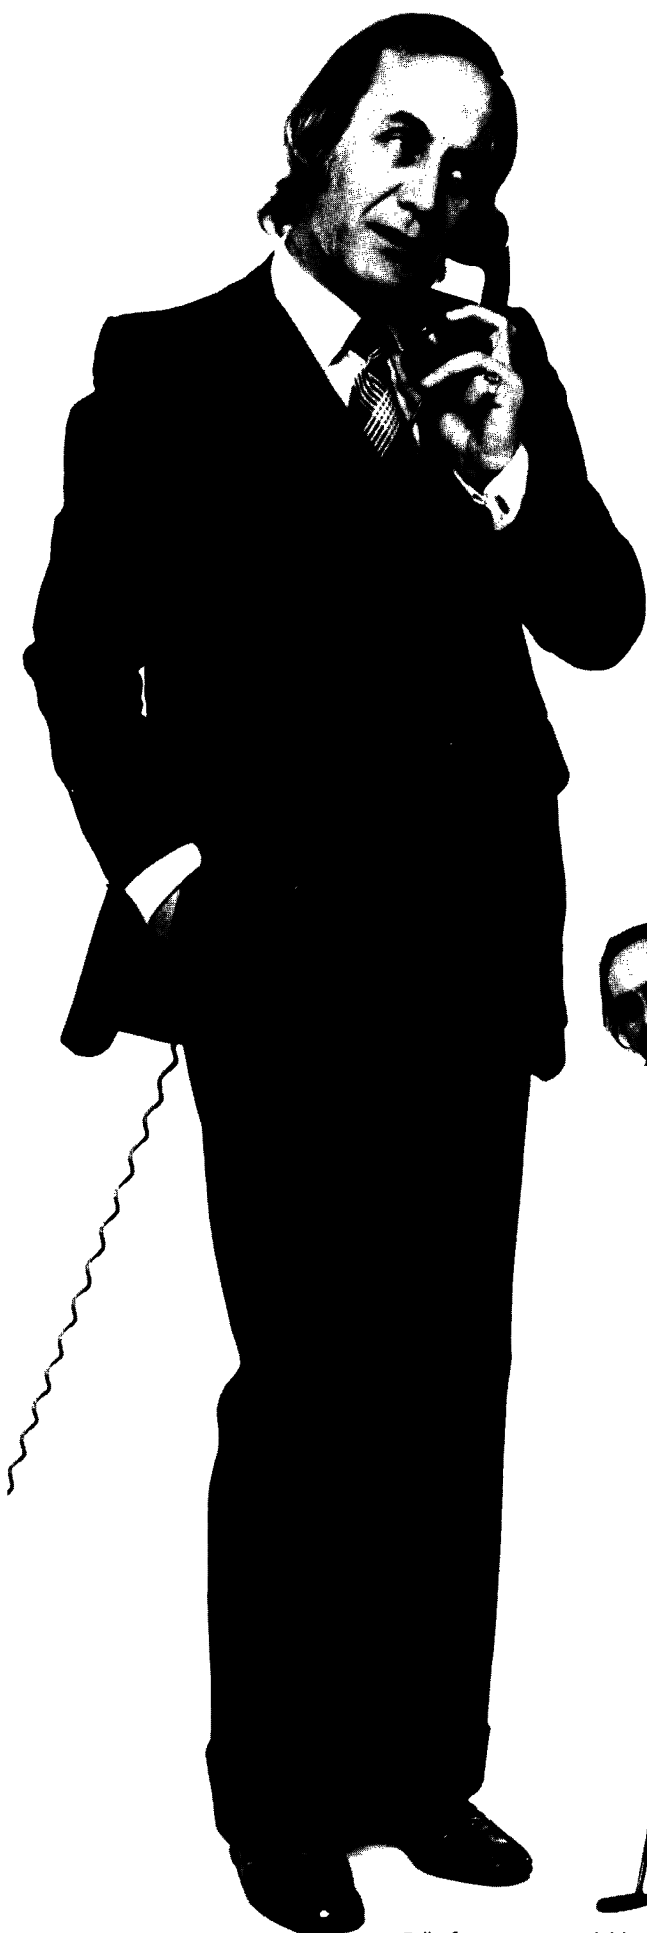

Floxapen* (flucloxacillin) is a British product originated by

Beecham Research Laboratories,
Brentford, England.

By the end of the day he'll know why you chose Nobrium.

Most people who need tranquillizers also need to work or run a home, so they should remain alert.

Nobrium can provide tranquillity without undue sedation. It has a specific, precise action on the amygdala which leaves most other parts of the brain virtually unaffected.

Nobrium "...is an anxiolytic agent to be given throughout the day,

particularly in the treatment of outpatients with duties in productive employment.... It is a medication with a strikingly low component of sedative action coming close to being the ideal anxiolytic for daytime use."¹

1. Int. Pharmacopsychiat., 1968, 1, 87.

Nobrium is the trade mark for pharmaceutical preparations containing medazepam.

In pituitary dwarfism

CRESCORMON[®]

human growth hormone

Crescormon is a highly purified preparation of human pituitary growth hormone thoroughly tested for homogeneity and potency.

Substitution therapy with Crescormon in patients suffering from GH deficiency leads to an acceleration of growth. The therapy is safe and no resistance to treatment has been reported.

Crescormon is standardized both by radio-immunological determination and by biological assay. Each vial contains 4 IU determined against IRP Growth Hormone (WHO).

Indications

Dwarfism due to decreased or failed incretion of pituitary growth hormone. The diagnosis should be verified before the preparation is administered by an investigation of the pituitary function.

Contraindication

Diabetes mellitus.

Precautions

In spite of rigorous requirements for the collection and careful control of the pituitary glands used in the preparation of Crescormon, the risk of transmitting hepatitis cannot be excluded. The risk may be considered extremely small, however, and no cases have as yet been reported.

Side Effects

In clinical trials Crescormon has elicited the formation of antibodies in low titre in a few patients, which, however, has not affected the growth rate. Otherwise no adverse reactions have been observed.

Dosage

The dosage is individual, but in general a dose of at least 0.5 IU per kg body weight per week, divided into two to three intramuscular injections, is recommended.

Administration

Crescormon should be injected intramuscularly. The solution for injection is prepared by adding 2 ml Sodium Chloride Injection to the lyophilized substance in the vial. A made-up solution should be used immediately after preparation.

Storage

Refrigerator (+5° C).

Pack

Crescormon combined package of lyophilized sterile HGH 4 IU (about 2 mg) and Sodium Chloride Injection in an ampoule of 2 ml.

Product Licence No. 0022/0020

Crescormon[®] is manufactured by AB Kabi, Stockholm, Sweden, and is available in the U.K. only from:

Kabi Pharmaceuticals Limited,
Bilton House, Uxbridge Road,
Ealing, London W5 2TH.

Now the heat's on
to lose weight...

...don't settle for
anything less than

Duromine

Clinical results with most anti-obesity agents may look good. But these results are often misleading. It is easy to demonstrate weight loss initially. What you need to know is whether the weight loss will continue, and without treatment problems.

This kind of evidence is available for *Duromine*.

A major clinical trial, involving two years of meticulous work, provides the latest comprehensive evaluation of *Duromine*. This, the second carefully controlled long-term study to be published in a leading British medical journal, has again demonstrated that with *Duromine* a weight loss of 20 lb. is well within reach in as little as three months.^{1,2} Further significant weight loss was achieved as the trials progressed.

Composition

Duromine capsules contain phentermine as an ion-exchange resin complex. Capsules are available in two strengths: grey/green 15 mg. and grey/maroon 30 mg.

Indications

Simple obesity. *Duromine* may also be used to re-establish appetite control in patients who have developed tolerance to other anorectic agents.

Dosage

One capsule at breakfast time. Capsules in two strengths (15 mg. and 30 mg.) allow for adjustment of dosage if necessary.

Side-effects

Slight dryness of the mouth or a tendency to early waking may be experienced from the higher dosage.

Contra-indications

Duromine is contra-indicated in patients under treatment with monoamine-oxidase (MAO) inhibitors.

Duromine: trade mark.

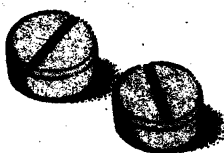

Further information is available on request.

Before you prescribe another bronchodilator, read this.

Asthmatic attacks in older patients can be serious.

They may damage lung tissue and affect the ability to expel pus and phlegm. This can lead to chronic infection.

Bronchodilator aerosols help, but usually only when much of the damage has been done.

Often they don't get through to the affected areas and succeed only in hyperventilating unaffected areas.

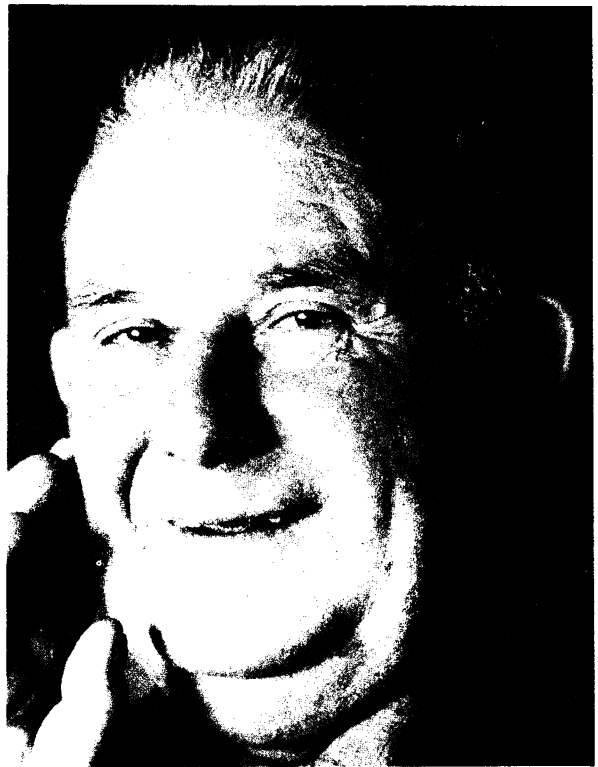

The patient may panic, overdose, and this may result in cardiac stimulation.

Only Intal prevents the attack and eliminates these problems.

With Intal, there is no danger of side effects, no risk of misuse and no diminution of therapeutic effect.

Put them on Intal.
Give them a fighting chance.

He's back with a

There's now considerable evidence to show that Amoxil is more effective than other broad spectrum antibiotics in the treatment of chest infections.^{1,2,3,4}

There are some good reasons for this:

Firstly, Amoxil is extremely well absorbed by the oral route,⁵ attaining high bactericidal concentrations.

And secondly, the overall absorption is unaffected by the presence of food⁵ which means your patient doesn't have to remember to take Amoxil half an hour or whatever before meals.

Couple this with Amoxil's apparently excellent ability to penetrate into bronchial secretions^{3,6}, and you've probably explained why Amoxil out-performs other broad spectrums.^{1,2,3,4}

MUCODYNE[®] IS MUCODYNAMIC

Electrophoretic pattern of mucus typical of chronic bronchitis—sialomucin content is low.

Same patient after 10 days' treatment with Mucodyne—proportion of sialomucins is greatly increased.

reverses pathological changes in mucus composition.

One of the reasons mucus becomes sticky is that under pathological conditions the relative proportions of such constituents as sialomucins are altered. One of the reasons MUCODYNE is so effective in clearing mucus congestion is that it can reverse these changes. By achieving this and also reducing inflammation in the respiratory mucosa, MUCODYNE is able to remove sticky mucus 4 days faster* than bromhexine. This mucodynamic approach to the problem of chest trouble thus brings your patient relief much earlier than would have otherwise been expected.

**reduces hyperplasia of the respiratory mucosa.
restores a bronchial secretion the cilia can cope with.**

MUCODYNE

Carboxymethylcysteine

**removes sticky mucus 4 days faster than
comparable treatment.**

*Current medical Research and Opinion. (1973). i. 219.
MUCODYNE is a flavoured syrup containing 5% w/v of S-Carboxymethylcysteine.

THE FACULTY OF RADIOLOGISTS FINAL FELLOWSHIP EXAMINATION

SINGAPORE — SEPTEMBER/OCTOBER 1975

A Final Fellowship Examination of the Faculty of Radiologists will be held in Singapore in September/October 1975. This examination will be held under the new Fellowship Regulations, and to be eligible to take the examination candidates must have held for at least two years a radiological qualification recognized by the Faculty of Radiologists, or, having obtained the First Examination for the Fellowship, have trained for three years in a recognized department.

The written papers will be held on 29th and 30th September, 1975 and the oral examinations shortly afterwards. The closing date for applications is 9th June, 1975, and applications received after this date cannot be accepted.

Further information and application forms can be obtained from
THE EXAMINATIONS SECRETARY,
THE FACULTY OF RADIOLOGISTS,
AT THE ROYAL COLLEGE OF SURGEONS,
LINCOLN'S INN FIELDS,
LONDON, WC2A 3PN.

INSTITUTE OF
CANCER RESEARCH
in association with the
Royal Marsden Hospital
Fulham Road, London SW3

Postgraduate courses in Clinical Oncology will be held at the Royal Marsden Hospital (Surrey and London branches) from 13th-25th May, 1974.

Applicants may wish to attend either or both of these courses, each of a week's duration, which are planned to be complementary.

RADIOTHERAPY
13th-17th May, 1974
This course will deal with advances in the radiotherapeutic management of malignant disease. It will also include some discussion of chemotherapeutic and other methods of cancer treatment.

MEDICAL ONCOLOGY
21st-25th May, 1974

This course will cover advances in the chemotherapy of cancer, present regimes of treatment, and an introduction to current research and development of cytotoxic agents in cancer chemotherapy. It will also include an outline of the place of radiotherapy in the management of malignant disease.
Application forms from the Dean, 26 Neville Street, London SW7 3AS. Fee: £12.50 for each course. (24574) 4

INSTITUTE OF
OBSTETRICS AND GYNAECOLOGY
University of London

AN ADVANCED COURSE ON
ULTRASOUND DIAGNOSIS
IN OBSTETRICS
will be held at the Institute of Obstetrics and Gynaecology, Queen Charlotte's Maternity Hospital, Goldhawk Road, London W6 from Monday 20th May to Friday 24th May, 1974.

The course is essentially of a practical nature and numbers will be limited to 12. Mornings will be devoted to lectures and afternoons to practical training. Although the emphasis will be on the use of ultrasound diagnosis in obstetrics, its application generally to other fields will be covered.

Fee: £40.
Applications to The Secretary, Institute of Obstetrics and Gynaecology, Chelsea Hospital for Women, Dovehouse Street, London SW3 6LT. Tel: 01 352 1476. (24571) 4

PRACTICES

(Family Practitioner Committees)

For vacancies (except those in Scotland) apply on Form F.P. 16A, obtainable from the Family Practitioner Committee. Mark envelopes "Vacancy."

MID GLAMORGAN FAMILY PRACTITIONER COMMITTEE (Mid Glamorgan Area Health Authority)

Vacant practice at Tondy, Nr. Bridgend, Glam. Applications invited from Medical Practitioners for a practice vacancy in Cannock, Staffs. The area is classified as Designated and the list on appointment is expected to be about 1,500.

Further particulars and Form of Application which must be submitted not later than the 28th April, 1974, may be obtained from the undersigned — P. D. White, Administrator of the Mid Glamorgan Family Practitioner Committee, 6th Floor, Churchill House, Churchill Way, Cardiff CF1 4TW. (H18772) 5

STAFFORDSHIRE FAMILY PRACTITIONER COMMITTEE

Applications are invited from registered medical practitioners for a practice vacancy in Cannock, Staffs. The area is classified as Designated and the list on appointment is expected to be about 1,500.

Application form EC16A and further information obtainable from the Administrator of the Staffordshire Family Practitioner Committee, Britannia House, 6/7 Eastgate Street, Stafford ST16 2NJ. (H18773) 5

BEDFORDSHIRE AREA HEALTH AUTHORITY
Family Practitioner Committee
65 de Parys Avenue, Bedford MK40 2TS
Tel: Bedford 58661
Please reply to the Administrator

BEDFORDSHIRE FAMILY PRACTITIONER COMMITTEE
MEDICAL PRACTICE VACANCY
LUTON

Applications are invited for the above practice due to death.

The area has been classified as Designated Type I. List approximately 2,500.

Residential and surgery accommodation not available.

Applications should be made to the undersigned, from whom further particulars may be obtained, by first post Wednesday, 24th April, 1974. F. W. Oaten, Administrator, Bedfordshire Family Practitioner Committee, 65 de Parys Avenue, Bedford. (H18732)

BIRMINGHAM FAMILY PRACTITIONER COMMITTEE
(Birmingham Area Health Authority (Teaching))

MEDICAL PRACTICE VACANCY
GRAVELLY HILL

Applications are invited for a vacancy in medical practice due to resignation on 30th June, 1974. List 2,500 approximately.

The area, which is urban, is at present classified as "Intermediate".

Practice premises will be available for purchase.

HERTFORD FAMILY PRACTITIONER COMMITTEE

VACANCY AT SYMONDS GREEN/FISHERS GREEN, STEVENAGE NEW TOWN

Applications are invited from registered medical practitioners to set up a new practice in the Symonds Green/Fishers Green neighbourhood of Stevenage. The area will be classified as "Restricted" except for on the day of appointment when it will be classified as "Designated". An initial practice allowance (Type A) will be available, subject to the usual conditions.

It is hoped to provide a health centre in due course, from which the successful applicant will have the opportunity of conducting the practice. There will be approximately 1,800 patients in the neighbourhood by the end of 1974 and 6,000 by the end of 1981 when the development will be complete. A successful applicant would be expected to introduce a partner to the practice as and when the number of patients permits.

As a temporary measure and until health centre or permanent practice accommodation is available, the committee has made arrangements with the urban district council to provide a house from which the new doctor may practice.

Further information and form EC16A which must be returned by the first post on Monday, 25th April, 1974, can be obtained from the Administrator, Hertford Family Practitioner Committee, Sovereign House, Hale Road, Hertford SG13 8EE. Tel: Hertford 3195. (H18781)

PARTNERSHIPS OFFERED

ADDITIONAL PARTNER East Lothian Group Practice 10 miles east of Edinburgh. Custom built surgeries. Ancillary staff etc. off duty rota. Graduate of a British University under 35 yrs. preferred. Phone Tranent 610697. 10

UNIVERSITY OF IFE — NIGERIA

Applications are invited for the following posts in the Faculty of Health Sciences:

Division of Community Care
Senior Lecturer with specialisation in either Public Health and Hygiene, or Preventive and Social Medicine or Community Health or Community Medicine.
Division of Pathology
Senior Lecturer in Haematology, Senior Lecturer in Histopathology, Lecturer in Medical Microbiology.
Division of Nursing Care
Lecturer
Division of Human Biology and Behaviour
Lecturer with specialisation in Anatomy or Physiology or any other aspects of Human Biology and Behaviour.

Candidates for the Senior Lectureships and the Lectureship in Medical Microbiology must be medically qualified, and this qualification must be able to qualify them for full registration as Medical Practitioners with the Nigerian Medical Council. For the Senior Lectureships, they must possess appropriate postgraduate qualifications, have had at least 5 years' teaching, research and service experience and possess evidence of published work. Candidates for the Lectureship in Medical Microbiology must also have appropriate postgraduate experience or hold a good honours degree in the subject. For the other Lectureships, candidates must have a good honours degree or equivalent in an appropriate field, a postgraduate research degree and research experience. Candidates for the posts in the Division of Nursing Care must hold nursing qualifications registrable in Nigeria and should have a minimum of 2 years' clinical nursing experience. Experience of teaching in a nursing programme will be an advantage.

Salary scales: Senior Lecturer N5,030 — N5,750 p.a. Lecturer N2,760 — N4,830 p.a. A clinical responsibility allowance is payable to appointees who are required to give clinical services. The scale for the medically qualified staff or N400 p.a. for non-medically qualified staff. The British Government may supplement salaries in range £750 — £1,150 p.a. (sterling) for married appointees or £250 — £850 p.a. (sterling) for single appointees (normally free of income tax). For those appointed to clinical duties this supplementation may be in range £900 — £1,250 p.a. (sterling — if married) or £375 — £750 p.a. (sterling — if single). There may also be provision of children's education allowances and holiday visit passages. Family passages; superannuation and medical schemes; various allowances; regular overseas leave. Detailed applications (2 copies), including a curriculum vitae and naming 3 referees, should be forwarded by air mail, not later than 8th May 1974 to the Registrar, University of Ife, Ile-Ife, Nigeria. Applicants resident in UK should also send 1 copy to Inter-University Council, 90/91 Tottenham Court Road, London, W1P 0DT. Further particulars may be obtained from either address. (24676) 25

UNIVERSITY OF LIVERPOOL

CHAIR OF HAEMATOLOGY

Applications are invited for the Chair of Haematology which will become vacant on 30th September, 1974, following the appointment of Professor D. J. Weatherall to the Nuffield Chair of Medicine at the University of Oxford.

The salary of the Professor will be within the range approved for full time Professorial salaries and initially will depend on the qualifications and experience of the successful candidate.

Applications (15 copies), together with the names of three referees, should be received not later than 4th May, 1974, by the undersigned, from whom further particulars may be obtained. (Candidates overseas may send one copy only, by airmail.) Quote ref. RV/BM/380755. H. H. Burchnell, Registrar, The University, P. O. Box 147, Liverpool L69 3BX. (24584) 25

COMMERCIAL APPOINTMENTS

Head of Medical Research

UK & Overseas

to £9000+

This is a senior and demanding appointment with a major international pharmaceutical organisation located to the West of London. The Company has an active research base in the UK, a wide range of established products, and a development programme that has necessitated a substantial increase in the size and scope of the medical function over the last year.

The successful candidate will manage a group of four physicians, together with a well-qualified paramedical support staff. His sphere of operations will embrace not only the UK, but also certain overseas countries, notably Scandinavia, Canada, South Africa, Australia and New Zealand.

The team he will lead is responsible for clinical trials on marketed products and those still under development; organisation of medical meetings and symposia; technical training of representatives; advice on medical matters relating to the Company's products; and active liaison with research, marketing and other groups within the company.

The successful candidate will be aged up to about 45 and will have a minimum of two years' experience in the pharmaceutical industry or an otherwise exceptionally relevant background. Other qualities we seek include broadly-based clinical trial experience covering a range of therapeutic fields, drive and enthusiasm coupled to proven managerial expertise or clear

leadership potential, a keen interest in marketing, finance and commerce, and a definite motivation for achievement.

The starting salary for this appointment will be up to about £9000 p.a. (or even more for an outstanding candidate). The Company also provides an above-average benefits programme which, in addition to a choice of car, includes free lunches, free BUPA membership, attractive personal insurance, income protection and pension schemes, and generous financial assistance with relocation.

Please write for an application form, or phone if you would like to discuss the position further:

Dr. A. E. F. Chandler, (Reference TMX),
Talentmark Limited, King House, 5/11 Westbourne Grove,
London W2 4UA. Tel: 01-229 2266.

All replies will be treated as strictly confidential, and no details will be disclosed to our clients without your prior permission.

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1969, No. 163).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,914 per annum for the posts held during the first year; £2,061 per annum for posts held during the second year; £2,208 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,475 per annum x £189(1) x £186(1) — £2,850.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,850 per annum x £171(3) x £168(1) — £3,531.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £3,363 per annum x £168(1) x £216(4) — £4,395.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,156 per annum x £183(2) x £180(2) x £168(10) £5,562.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £5,085 per annum x £279(8) x £282(1) — £7,599.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate. August, 1973

IN CASUALTY
1st May for an indefinite period.
Applications to Hospital Secretary, Ext. 498. (24631) 51-8

ROYAL GWENT HOSPITAL
Newport, Mon.
(442 beds)
Recognized F.R.C.S.

SENIOR HOUSE OFFICER

required for Accident and Emergency Department from April, 1974. Married accommodation available. Resident. The Department is in the charge of a full-time Consultant Surgeon, has five senior house officers and all emergency cases are admitted through the Department which is responsible for resuscitation. The Department is equipped with apparatus for cardiac monitoring, positive pressure ventilation, as well as X-Ray intensifiers and a Berman F.B. Locator.

The hospital is the base hospital for the Group and therefore has a large volume of acute cases in all specialties. It is being extensively redeveloped by a major capital building programme. An intensive care unit is situated at the hospital.

There is a close connection with the teaching hospital at Cardiff, 10 miles to the west and there is an extensive postgraduate education programme with a very good library. A postgraduate centre is situated at the hospital. The appointment gives ample opportunity to the holder to avail himself of these facilities.

The successful candidate will be expected to be resident on the nights on which he is on first call, which will on average be one night in five.

Apply quoting two referees to the Group Secretary, 64 Cardiff Road, Newport, Mon NPT 2UA. (24587) 51-8

QUEEN MARY'S HOSPITAL
Roehampton, SW15

SENIOR HOUSE OFFICER

to join three other Casualty Officers in the Accident and Emergency Department of this District General Hospital. The excellent duty arrangements with a long weekend off every other week make this an ideal post for people undertaking further studies. Post recognized for F.R.C.S. Residence is not compulsory but pleasant accommodation and study facilities are available. Post vacant from 12th May, 1974. Please apply to the Assistant Hospital Secretary or Tel: 01-789 6611, Ext. 202 for an application form. Closing date 16th April, 1974. (57122) 51-8

PRINCESS MARGARET HOSPITAL
SwindonSENIOR HOUSE OFFICER
IN ACCIDENT UNIT

Required for the New Accident Unit which has recently opened. This is a million pound project serving a population of 270,000 and a 40 mile stretch of the M4 Motorway between Bristol and Reading. The Unit comprises of an 80 bedded Orthopaedic and Accident Ward. Out-patient Services, two major and minor theatres, a superb Intensive Care Unit, Consultant supervision in the Reception Area and a ten bedded short stay Observation Ward.

There is a staff of four Consultants, two Registrars rotating in teaching hospital programmes and seven Senior House Officers who spend a period of their post working in the Wards and Theatres. There are also five General Practitioners working on a sessional basis.

Post recognized for F.R.C.S. Full teaching programme, with Postgraduate Centre. The post is residential and will be vacant 1st May.

PSYCHIATRY

NORTH WESTERN REGIONAL HEALTH AUTHORITY

Whole-time or maximum part-time

CONSULTANT PSYCHIATRIST
to the Blackburn District of the Lancashire Area Health Authority at Brockhall Hospital, Langho, Near Blackburn which has 1,772 beds for the mentally handicapped. The appointee will be required to liaise with Health Authorities in the Bolton and Bury areas and undertake out-patient clinics.

Wide experience and a higher qualification are essential and the appointee will be required to live within 10 road miles of Brockhall Hospital and convenient to Bury and Bolton.

Brockhall Hospital is situated in the beautiful Ribblesdale Valley within easy reach of main centres, the Lake District and the Lancashire coast.

Application forms and further particulars to the Regional Medical Officer, Gateway House, Piccadilly South to be returned by 29th April, 1974. (24984) 84-1

FIFE HEALTH BOARD

CONSULTANT IN PSYCHOLOGICAL MEDICINE

(Mental Deficiency)
Physician Superintendent, Fife
Applications are invited for the post of Consultant in Psychological Medicine (Whole-time or maximum part-time) specializing in Mental Deficiency.

The successful candidate will have duties covering the County of Fife and will be Physician Superintendent to Lynebank Hospital, Dunfermline and Glenomond Hospital, Kinross. He will have opportunity to develop special interests in an expanding mental health service and will be expected to co-operate with the local authorities especially in their development of day centres for the mentally handicapped. He will be available for duties in other parts of the Fife area and an appointment as honorary clinical teacher in the department of psychological medicine at the University of Edinburgh will be available to a suitable candidate.

The post qualifies for the special allowance payable to a physician superintendent of a mental institution.

The post is vacant on 1st October, 1974 and further particulars may be obtained on application.

Applications should be addressed to The Secretary, Fife Health Board, 7 Comely Park, Dunfermline, giving particulars of age, qualifications and previous experience together with the names and addresses of three referees within four weeks of the date of this advertisement. (H18671) 84-1

WEST MIDLANDS

REGIONAL HEALTH AUTHORITY

Rotational Training Scheme for SENIOR REGISTRAR

in MENTAL SUBNORMALITY
Applications are invited for the post of senior registrar in mental subnormality, with duties initially at Chelmsley Hospital, Marston Green, Birmingham (669 beds). The post is intended to run in parallel with a scheme already in existence for senior registrars in child psychiatry. It is intended that the successful applicant will spend nine months at each of either two or three hospitals for the mentally subnormal in the Birmingham area depending on the length of training required. During this period, there will be an opportunity to take part in the assessment and management of the multiple handicapped children and also to work in special units for the cerebral palsied, deaf/blind and rehabilitation units for adolescent and adult mentally handicapped. Three sessions per week will be spent over the whole training period in attending a child psychiatric out-patient clinic this placement to remain constant regardless of movement between subnormality hospitals, in order to maintain continuity. The facilities of the newly opened Institute of Mental Subnormality at Lea Castle Hospital is available to trainees. D.P.M. required. Accommodation, married or single, will be made available as conveniently as possible or successful candidates must reside within Birmingham area. Candidates invited to arrange to meet the Director of the Institute of Mental Subnormality (Tel: Wolverhampton 25) to discuss the appointment and at the same time they will be given an opportunity of viewing the various units in which they would be working and to visit the hospitals involved.

Application forms (to be returned by 29th April) from Regional Administrator, 146 Hagley Road, Birmingham B16 9PA. (57044) 84-5

NORTHLAND HOSPITAL BOARD
New Zealand

RADIOLOGIST

Whangarei Base Hospital
Applications, closing with the undersigned on 3rd May, 1974 are invited for the whole-time specialist position of Radiologist at the Whangarei Base Hospital from registered Medical Practitioners possessing a recognized Diploma in Diagnostic Radiology. Whangarei Base Hospital has 310 beds and provides a specialist service for a population of 100,000. One other radiologist, who is the Board's Director of Radiology, is employed in the Department. The Department has modern X-ray equipment, a full supporting staff and provides a good range of specialist radiological services. Occasional visits to periphery hospitals are necessary. There is an automatic salary scale for specialists ranging from \$11,595 to \$15,528 in ten yearly steps. Assistance with travelling expenses to New Zealand is available to the successful applicant and his family. Further details. Conditions of Appointment and application forms available from the Secretary, Northland Hospital Board, P.O. Box 742, Whangarei, New Zealand. A. G. Wilson, Secretary. (H18703) 118

OUTSTANDING Ophthalmological opportunity in Canada. Medium-sized town with good hospital facilities. Very large practice opportunity with a good deal of surgery from large surrounding territory. Representative will be available in England in May for personal discussion. Reply to Box 4739 BMJ, giving details of training, experience, etc. 118

PRINCESS MARGARET HOSPITAL
FOR CHILDREN
Perth, Western Australia

Department of Psychiatric Medicine
Applications are invited for appointment to the full-time position of

PSYCHIATRIST

Salary range \$14,500 to \$22,000. Commencing rate dependent upon qualifications and experience.

The Department of Psychiatry is chiefly concerned with the assessment, diagnosis and treatment of children and adolescents referred through the hospital's in-patient and out-patient clinics and thus provides a consultative service to the Princess Margaret Hospital. The orientation of the department is family centred and there are short and long term treatment programmes including family therapy. Undergraduate and postgraduate teaching is included in the departmental responsibility. Princess Margaret Hospital for Children is the sole paediatric teaching hospital in Western Australia and is integrated with the University Department of Child Health and the Princess Margaret Children's Medical Research Foundation. It maintains close links with the Government Department concerned with child health and preventive medicine and organisations involved in the care of handicapped children. There are at present 300 beds, with 14,000 admissions per annum, and approximately 100,000 out-patient attendances each year. An extensive rebuilding programme is in progress.

Assistance with travel costs available in return for guaranteed period of service.

Further information available from the undersigned, with whom applications close on 30th April, 1974. (H18779) 118

WESTERN AUSTRALIA. Assistant with view. Opportunities exist in a six man expanding Group of General Practitioners in Coastal Resort, 50 miles from Perth, capital of W.A., for Anaesthetist and Obstetrician willing to do General Practice. Practice personnel 2 Surgeons, Physician, Physical Medicine Physician, Anaesthetist, and Obstetrician. Paediatrician, 80 bed hospital, all ancillary services. Family accommodation available for rental. Remuneration A \$300 per week. Reply Box 4730 BMJ. 118

Chief of Physical Medicine
and Rehabilitation

Applications invited for Chief of Physical Medicine and Rehabilitation at St. Joseph's Hospital, London, Ontario, a 600-bed teaching hospital affiliated with The University of Western Ontario. Professorial appointment appropriate to qualifications. Duties and opportunities include administration of service, undergraduate and postgraduate teaching, and clinical investigation. Appointment effective on or after 1st July, 1974. Applications should be forwarded by 15th May, 1974 to:

Sister Mary, Executive Director
St. Joseph's Hospital
London, Ontario, Canada

(24969) 118

MEDICAL APPOINTMENT
Pfizer Africa, Nairobi

This position will be of prime interest to outstanding members of the medical profession who are seeking an international career with excellent advancement prospects.

Pfizer International is a world wide organization which is prominent in the pharmaceutical, agricultural, veterinary, fine chemical, consumer and cosmetic industries.

The African area for Pfizer operations extends throughout the continent of Africa and includes Pakistan, Iran, Lebanon, Syria, Iraq, and the Arabian States.

Owing to the transfer of the present Medical Director for the Africa region management center at Nairobi, we require a replacement. The incumbent will report to the President, Pfizer Africa, and will work closely with country Medical Directors in the Africa region.

The appointee will be involved in the supervision of all medical activities in Africa. In most cases the working relationship will be through country Medical Directors. Pfizer medical staff work closely with the marketing groups and considerable job interest is gained through medical service activities. The position requires travel both within the Africa region and on occasion to Europe and the U.S. The appointee must be able to move easily throughout the countries of the African region.

Following a period of successful service in this position the incumbent will be considered for career growth reassignments to other management centers in Brussels, Hong Kong, or Coral Gables, Florida or our New York

Headquarters.

Applicants should be medically qualified and possess an appropriate postgraduate degree. Initial preference will be shown towards those with experience in clinical research, drug trial methodology, or teaching. Final selection will place considerable emphasis on the applicant's managerial potential and ability to assimilate into a commercial enterprise.

CONDITIONS: Our expatriate compensation components provide a high level of net income after the deduction of housing and tax costs. Additional benefits include a company car, reimbursement of major education costs and annual home leave fares, plus a U.S. — based contribution free retirement and medical plan. Applications will be received in the strictest confidence. They should include personal details such as family status, age, nationality, educational record and work experience and current compensation.

We should also like to know your availability and details of exposure to internal medicine, clinical research, psychiatry, tropical medicine or teaching, and any prior experience within the industry.

Air mail letters to:

Vice President — Personnel
Pfizer International Inc.
235 East 42nd Street
New York, New York 10017
(56991) 118

THE CUNARD STEAM-SHIP CO LTD.
South-Western House,
Canute Road, Southampton.

SHIP'S SURGEON PORT LINE

The opportunity arises from time to time for doctors, fully registered in the UK to be appointed as Ship's Surgeons in Port Line cargo/passenger vessels travelling to Australia and New Zealand.

These appointments may be on a single or return voyage basis, of two to three months duration. Passages are provided free in exchange for the provision of medical services to passengers and crew during the voyage.

Such appointments would suit doctors on retirement wishing to see the world, or those returning to Australia on completion of postgraduate studies.

For further information, interested persons are asked to contact: Dr P. O. Oliver.

118

ROYAL PERTH HOSPITAL
Perth, Western Australia 6000

PHYSICIAN GERIATRIC SERVICE

The successful applicant will become the second Physician to a comprehensive Geriatric Service which is under progressive development by the hospital co-ordinated by the Senior Geriatric Physician, Professor R. B. Lefroy, who is also Director of the State Geriatric Service.

In-patient and Out-patient facilities at the main hospital are supplemented by the use of a 57 bed Restorative Unit and a Geriatric Day Hospital attached to the Mount Henry Hospital located in pleasant surroundings 5 miles away.

The present Physician is assisted by a Registrar and a Senior Resident Medical Officer.

Applicants should possess the M.R.A.C.P. or equivalent Postgraduate qualifications.

Salary range is \$12,970 — \$22,000 per annum.

Further information is available on request.

Applications to the Administrator, quoting Ref. No. 101, age, experience, qualifications, publications, together with the names and addresses of three professional referees, and accompanied by a recent photograph. Closing date 4th May, 1974. (24976)

118

SOUTH AUSTRALIA — General Practitioner with special interest in Skins, Geriatrics or Psychiatry required to join thriving 9-man country town group practice in the S.E. of South Australia. Partners' qualifications include F.R.C.S., F.R.A.C.S., F.R.A.C.P., F.R.C.O.G., D.L.O., D.A., D.Obst. and D.C.H. Newly-opened central clinic built for 12, with full ancillary help. Modern 200-bedded general hospital, full X-ray lab. and paramedical facilities; full access by all partners. An opportunity to join a group providing comprehensive medical care. Assisted sponsored passage arranged. Write for further particulars, or apply, to Hawkins Medical Centre, P.O. Box 183, Mount Gambier, S.A. 5290.

118

TARANAKI HOSPITAL BOARD
New Plymouth, New Zealand

MEDICAL SUPERINTENDENT

Taranaki Base Hospital
Applications are invited for the position of Medical Superintendent of the Taranaki Base Hospital (Incorporating the Barrett Street Hospital). The appointee will also be deputy to the Superintendent-in-Chief.

The new Base Hospital comprises a five storey ward block, 151 beds and a large Clinical Services Block. The slightly older buildings on the site include two general wards and a 51 bed maternity wing. The Barrett Street Hospital, formerly the main hospital, has become an institution catering for convalescent and geriatric patients plus a psychiatric unit of 17 beds.

This is a specialist position, therefore applicants should possess a higher qualification. The salary will be determined within the automatic 10-step scale of N.Z. \$11,595 — N.Z. \$15,528 p.a. The duties will be primarily administrative but the appointee may by arrangement undertake clinical activities.

The area has a temperate climate, attractive coastline and excellent educational facilities for the family. Sporting activities such as skiing, fishing, yachting, shooting, squash and golf etc. are all easily accessible and relatively inexpensive. The cultural environment centered on New Plymouth is vigorous and stimulating. The medical atmosphere is a happy one and there is a minimum of social ills found in many other countries.

Conditions of appointment, application forms and further particulars are available upon airmailed request from the Secretary, Taranaki Hospital Board, New Plymouth, New Zealand with whom applications close on 13 May, 1974. (24603)

118

SYDNEY CITY HOSPITAL
Sydney, Nova Scotia, Canada.

PATHOLOGIST

Additional pathologists required for new area laboratory. Experience in Bacteriology or Haematology desirable but not essential. For further particulars apply to Administrator. (H18613)

118

TARANAKI HOSPITAL BOARD
New Zealand

MEDICAL LABORATORY TECHNOLOGIST

Applications are invited for the position of Registered Medical Laboratory Technologist in the Hawera Hospital, at Hawera, New Zealand.

The appointee will be responsible to the Charge Technologist and the duties will involve general administration within the laboratory with special responsibilities in biochemistry or other specialty.

The commencing salary will be N.Z. \$6,088/ \$6,529 p.a. depending upon qualifications and experience and the decision of the Grading Committee.

The Hawera Hospital serves a closely settled prosperous farming area with a district population in excess of 22,000. The area has a temperate climate, attractive countryside and excellent educational facilities for the family. Sporting activities such as skiing, fishing, shooting, golf etc. are easily accessible and relatively inexpensive. There is a minimum of social ills such as may be found in more densely populated countries.

Considerable assistance towards transport and removal expenses can be given subject to a bond as to minimum service.

Application forms, conditions of appointment and schedule of duties are available on airmailed requests from the Secretary, Taranaki Hospital Board, Private Bag, New Plymouth, New Zealand with whom applications close on 9th May, 1974. (24934)

OVERSEA

UNIVERSITY OF NORTH CAROLINA SCHOOL OF MEDICINE Department of Family Medicine

Applications are invited from general practitioners who would like to spend a sabbatical period of 6 months in the School of Medicine (Department of Family Medicine) at the University of North Carolina at Chapel Hill. The successful applicant will begin in July next and would take part in the teaching of medical students and residents in the department, be encouraged to join in the primary care activities and develop his own project in family medicine with the support of the research staff of the department. The salary level payable by the university would be based on the qualifications and background of the successful candidate but would enable him to pay his expenses to rent accommodation, car, etc. Travelling expenses to and from North Carolina for the doctor and family would be met by the King Edward Hospital Fund for London.

Further details may be obtained from Dr. J. O. F. Davies, Secretary, Council for Postgraduate Medical Education in England and Wales, 9 Gloucester Gate, Regent's Park, London NW1 4HG, to whom applications should be addressed, to arrive not later than Saturday, 20th April, 1974. (H18625) 118

on top
of the world, feeling fine

The correctly balanced low-dose formula of OVRAN* provides her with near-perfect cycle control, unsurpassed contraceptive protection and freedom from discomfort.

OVRAN also offers her long term assurance because it contains Norgestrel, a unique progestogen discovered in Britain and developed by Wyeth. Norgestrel is not converted to oestrogen *in vivo* and has been shown¹ to reverse some of the changes in the blood induced by oestrogen. OVRAN holds out the hope therefore that the risk of thromboembolism may be lessened.

Ovran*
unsurpassed contraceptive
protection, greater comfort,
long term assurance

Wyeth

Now Ponderax PACAPS once daily

For ten years Ponderax
tablets have simplified
weight reduction

Now two Ponderax PACAPS
once daily
simplify Ponderax

Prescribing Information

Dosage: Ponderax PA CAPS 60 mg - Adults; 1 or 2 capsules once daily according to degree of overweight.

When a dosage of 2 capsules is required the dosage for the first week and last week of treatment should be 1 capsule daily.

Presentation: Ponderax PA CAPS - hard gelatine capsule, clear body and opaque blue cap printed Px PA 60 containing small yellow pellets. Each prolonged action capsule contains 60 mg fenfluramine hydrochloride BP.

Contra-indications, warnings, etc: Should not be used concomitantly with MAOI's. Care should be exercised when giving Ponderax to depressed patients or those receiving anti-depressant therapy. It is not recommended that Ponderax be administered during

the first trimester of pregnancy unless the physician considers that the benefits outweigh any possible risk. It is recommended that Ponderax is not given concomitantly with other appetite suppressants. Ponderax may potentiate the action of anti-hypertensive, anti-diabetic and sedative drugs. The dosage of these drugs should be reassessed when Ponderax is prescribed. In those patients who experience sedation with Ponderax, care should be taken when driving, working machinery or taking alcohol. The abrupt cessation of a 2 capsule dosage may give rise to transient depression. This can usually be avoided by reducing the dosage to 1 capsule daily for one week.

Side Effects: In some patients looseness of the bowels, mild sedation and giddiness may occur. Nausea and headache have been reported. These side effects may be avoided by using the initial build up dosage; or in other patients, temporarily reducing the 2 capsule dosage.

Note: Ponderax is not included in the Schedules to the Misuse of Drugs Act, 1971.

In pain, inflamed, immobile-

Indocid[®]

prescribed for its merits

In the active stages of
rheumatoid arthritis
osteoarthritis
ankylosing spondylitis
acute musculoskeletal disorders
gout

'Indocid' can be confidently prescribed for its merits as a day and night answer to both pain and inflammation in a variety of arthritic conditions.

'Drugs that work evenly through the night are therefore of great help, and indomethacin...on retiring, usually gives better nights and mornings more free from pain and stiffness than before.'

Practitioner, 1970, 205, 597 (Nov)

Indocid[®]

Indomethacin/MSD

'Indocid' is available as capsules containing 25 mg and 50 mg indomethacin, and as 100 mg suppositories.

'Indocid' is also available as a suspension containing 25 mg per 5 ml. Detailed information is available to physicians on request.

® denotes registered trademark.

Merck Sharp & Dohme Limited
Hoddesdon, Hertfordshire

Anafranil[®] restores colour to life

Anafranil[®]

Geigy

for the treatment of depression in general practice

Rapidly relieves depressed mood and restores well-being and drive

Allays hypochondriacal thoughts and somatic symptoms

Alleviates anxiety and tension

Anafranil is 3-Chloro-5-(3-dimethylaminopropyl)-10, 11-dihydro-5H-dibenz [b,f] azepine (clomipramine) hydrochloride.
