Prothiaden quickly breaks the web of depressive illness

Rarely does one encounter a depressed patient who does not also show definite signs of anxiety. A common problem for the prescriber. Tranquillizer? Anti-depressant? Or both?

Prothiaden is the anti-depressant that not only treats depression, **but also quickly relieves the anxiety so often a feature of depressive illness.**

Fast-acting, exceptionally well tolerated, with Prothiaden your depressed patient is soon having a lot more 'good' days than bad ones.

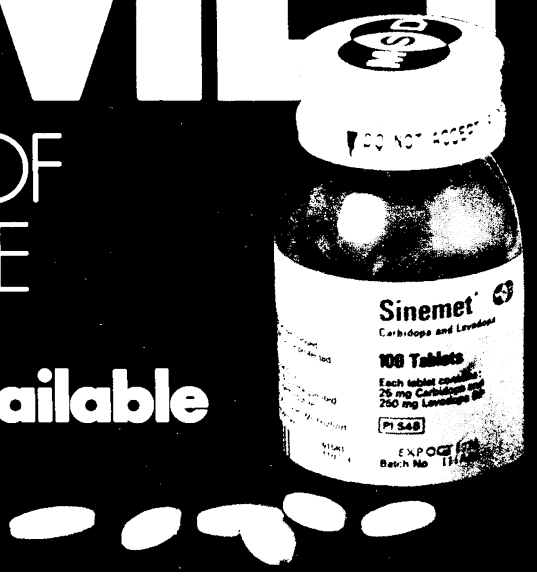
Prothiaden the better anti-depressant

Capsules containing dothiepin hydrocloride 25mg. Full information available on request from The Crookes Laboratories Ltd., Basingstoke, Hants.

THE MOST SIGNIFICANT ADVANCE IN THE TREATMENT OF PARKINSONISM SINCE LEVODOPA

SINEMET®

IN THE TREATMENT OF PARKINSON'S DISEASE



now available

SINEMET®

'Sinemet' contains levodopa, and carbidopa—a new agent discovered by the Merck Sharp & Dohme Research Laboratories. Carbidopa inhibits only the extracerebral decarboxylation of levodopa, making more levodopa available for transport to the brain and subsequent conversion to dopamine.

'Sinemet' reduces or eliminates many of the adverse reactions seen in treatment with plain levodopa. With 'Sinemet' quicker control can be achieved—usually within one week.

● HIGHLY EFFECTIVE

'Sinemet' is highly effective at doses approximately one quarter of those needed with plain levodopa.

● RAPID RESPONSE

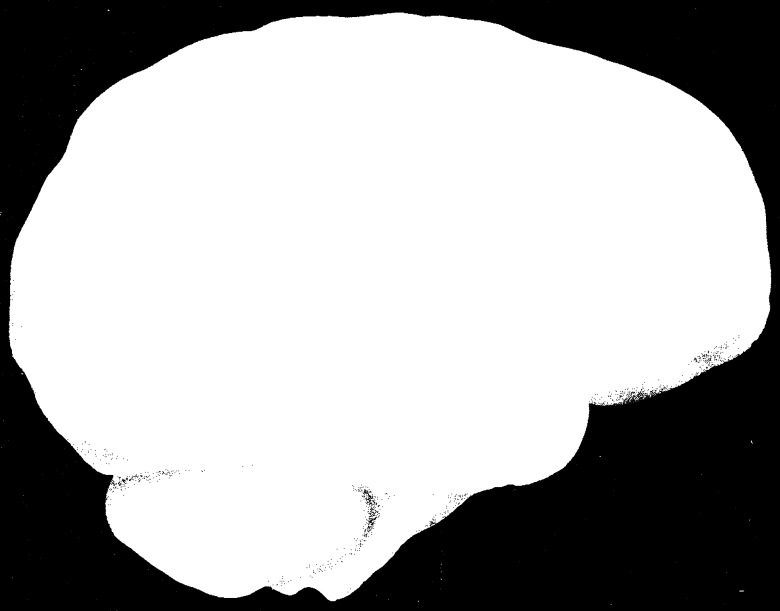
'Sinemet' offers prompt relief of many of the major symptoms of Parkinson's disease—fully effective doses are usually reached within seven days.

● FEWER SIDE EFFECTS

'Sinemet' usually reduces and in some patients completely avoids certain distressing side effects caused by plain levodopa.

● EASY TO TRANSFER

Patients maintained on levodopa can be easily and quickly transferred to 'Sinemet' with expectation of better results.



SINEMET®

Carbidopa and Levodopa

IN THE TREATMENT OF PARKINSON'S DISEASE

'... 90 per cent of patients responded with a degree of improvement above 50 per cent. This compares favorably with the results obtained from the administration of L-Dopa alone. In fact, these results obtained within the first week of treatment were similar to those which one finds after six months or a year of treatment with L-Dopa alone.'

Trans. Amer. neurol. Ass., 1971, 96, 55

'Rapid induction of therapy, better diurnal symptomatic control and a new capability to administer pyridoxine to patients receiving levodopa constituted advantages of adding inhibitor [carbidopa] to levodopa.'

New Engl. J. Med., 1972, 286, 8 (6 Jan)

'The advantages include rapid improvement in functional capacity, more stable responses through the day in many patients, reduction in maintenance L-DOPA dosage requirements, elimination of the need to restrict pyridoxine intake, and decrease in those side effects attributable to extracerebral dopamine, particularly nausea, vomiting, and cardiac irregularity.'

'... the response of nearly all patients, including some who had no measurable response to L-DOPA is improved; and certain adverse reactions are reduced.'

Advances in Neurology, Vol 2, Raven Press, New York, 1973, p 161

'Patients treated with the combined therapy improved more rapidly, had less nausea and vomiting, and required a much smaller dose of levodopa than patients treated with levodopa by itself.'

J. Neurol. Neurosurg. Psychiat., 1973, 36, 10 (Feb)

'In summary, the combination of levodopa with alpha-methyldopa hydrazine [carbidopa] is an effective, rapid, and efficient means of reversing the parkinsonian state.'

Trans. Amer. neurol. Ass., 1971, 96, 55

SINEMET®

Carbidopa and Levodopa

IN THE TREATMENT OF PARKINSON'S DISEASE

'Sinemet' is available as dapple-blue, half-scored, oval tablets, marked 'MSD 654', containing 25 mg carbidopa and 250 mg levodopa, in bottles of 100. Detailed information is available to physicians on request.

Herpid® for Zoster–

First effective topical antiviral developed for general practice

Herpid is 5% idoxuridine, an agent effective against DNA viruses, in dimethyl sulphoxide, a penetrating solvent.

Herpid, brushed on to the vesicles by the patient regularly for 4 days, rapidly reduces pain and resolves lesions.

Eradicates pain

Herpid halves the duration of pain (otherwise often severe and long lasting) in most zoster patients. In one series the median duration of pain was only 3 days.

Less postherpetic neuralgia

Herpid greatly reduces the incidence and severity of postherpetic neuralgia.

Resolves lesions quickly

Herpid cuts the average healing time of lesions by almost a third.

Herpid is most effective when used early in the course of the disease. So consider zoster in any patient presenting with unilateral root pain and prescribe Herpid.

Further information and dermatome maps are available on request. Please write or phone:

WB Pharmaceuticals Limited, P.O. Box No. 23, Bracknell, Berkshire, RG12 4YS.

NEW PRODUCT

WB

Alistair is an
he has only on

It's all around him, all the time yet, he's never seen it. Because at only 0.3mm in length, the common dust mite doesn't advertise itself.

Yet this minute creature is responsible for a disabling disease in an estimated 300,000 Britons. Now, at last, there is a new answer. A short immunisation course that is simple and very effective. A fundamental treatment that for the first time gives you, the family doctor, real control over this type of allergic asthma. And a new quality of life for your asthma patients.

Migen is effective. Allergy has always been recognised as one of the most common causes of asthma. Recently it has been established that the most important allergenic factor in house dust is the house dust mite; in fact, more than 90% of house dust sensitive patients are sensitive to house dust mite. And, "The rise in the mite content of dust from September to October has been shown to be directly related to an increase in asthma during this period."*

Migen immunises against the house dust mite. Immunisation against this powerful allergen raises the patients' overall level of tolerance. It he is multi-sensitive, he may well find that he no longer reacts to contact with other allergens which have previously provoked attacks. And the stress caused by fear of attack is reduced.

Migen is simple. Migen is a short course vaccine which contains pure extract of Dermatophagoides pteronyssinus, the most common British house dust mite. Just six injections form a complete course of treatment for asthma and perennial rhinitis. And each syringe is pre-filled to ensure accurate dosage.

Migen – minimal side effects. Migen's active material is released slowly but completely for maximum efficiency and minimum risk of adverse effects. Migen is adsorbed onto tyrosine, a naturally occurring amino acid, fully metabolisable in the human body.

Migen is a Bencard product. Prepared by Bencard, leaders in allergy research, Migen is the first asthma treatment to give *you* control over your asthma patients. Migen may usually be prescribed on the basis of a careful case history, no complicated testing techniques are necessary. However a simple confirmatory skin test kit is available on request, together with patient record cards and advice notes.

Migen. Many products have been advocated for use in the treatment of asthma. Most have drawbacks that you and your patients suffer for the sake of some relief. Now Migen offers an opportunity to treat asthma simply and effectively.

Allergy has always had a strong hold on the asthmatic. From today a powerful and very common

Treatment pack consisting of six prefilled syringes with sterilised needles.

MERCER'S ORTHOPAEDIC SURGERY

Seventh Edition

Robert B. Duthrie and Albert B. Ferguson Jr.

It is now over forty years since the first edition of this world famous textbook on Orthopaedic Surgery appeared. In this seventh edition the authors have taken the opportunity to completely revise the text.

Great care had been taken to select material of proven value to ensure that the book's reputation for providing essential, relevant knowledge for both postgraduates and undergraduates was always maintained and latterly the scope of the book has been widened to include the significant advances and important developments in orthopaedic surgery.

'Mercer's Orthopaedic Surgery has not aged with the passage of years, and the present edition has a vigour and freshness that will ensure its survival for a long time to come'.

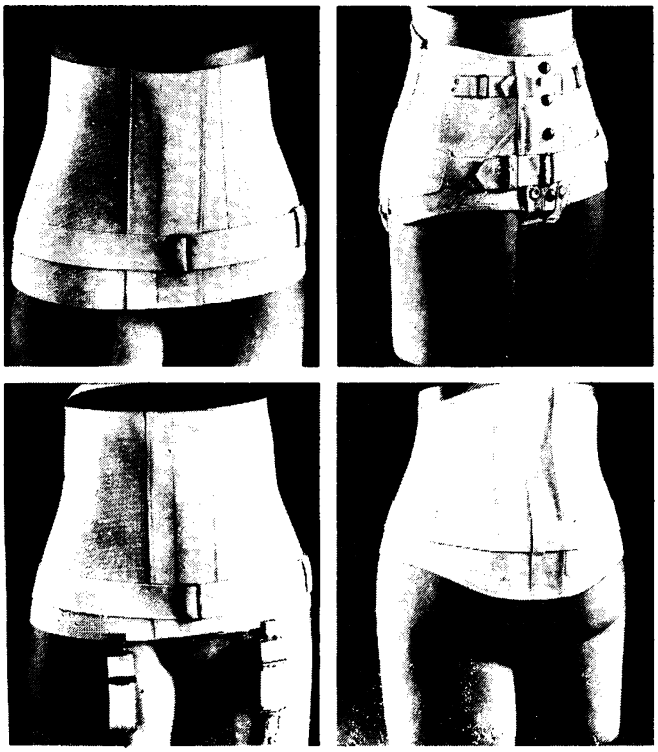
Remploy give you an exceptional range of standard spinal supports



Shown here, a selection from the range of spinal supports designed by Remploy to give immediate relief from pain in the lower lumbar region. Keep a complete stock in your department so that, following diagnosis, the patient can be given immediate treatment. This will reduce the number of outpatients visits and speed the patient's return to work.
Standard spinal supports are just part of a comprehensive range of orthopaedic equipment manufactured by Remploy, major contractors to the Department of Health and Social Security and world wide exporters. The full range includes surgical footwear, limb appliances in metal, leather and polythene, crutches, walking aids and rehabilitation equipment.
Remploy also provide a unique measuring and fitting service for all their appliances and footwear.
Remploy also produce two orthopaedic brochures which are an important aid to work in the field of Orthotics. Should you require this literature, write to the following address and Remploy will be pleased to send it to you.

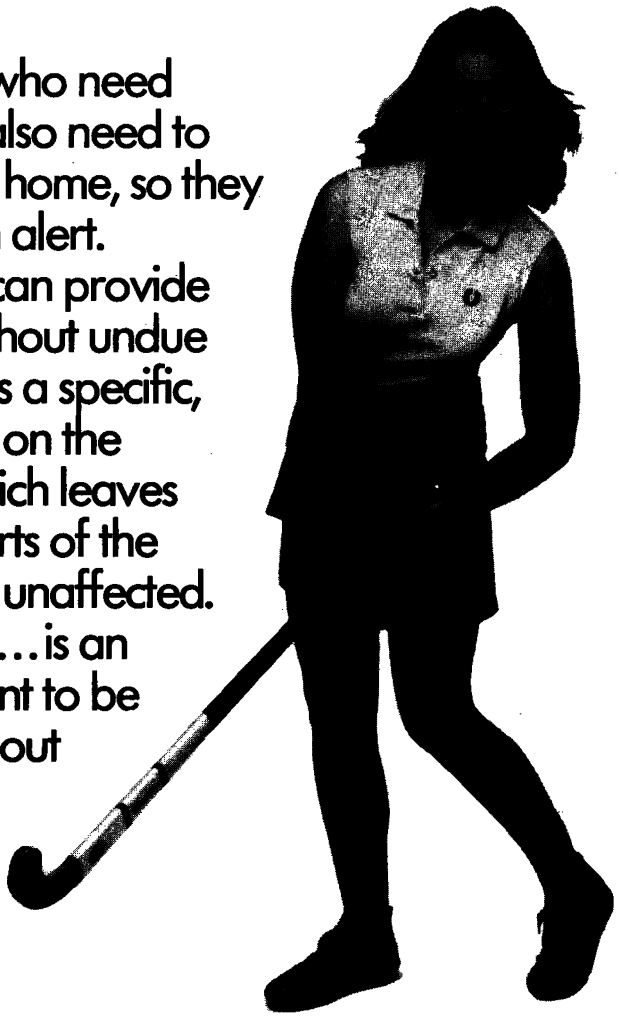
By the end of the day she'll know why you chose Nobrium.

Most people who need tranquillizers also need to work or run a home, so they should remain alert.

Nobrium can provide tranquillity without undue sedation. It has a specific, precise action on the amygdala which leaves most other parts of the brain virtually unaffected.

Nobrium "...is an anxiolytic agent to be given throughout the day,



particularly in the treatment of outpatients with duties in productive employment....It is a medication with a strikingly low component of sedative action coming close to being the ideal anxiolytic for daytime use."[1]

Before one bad thing leads to another

Bacterial throat infections in a child can be a cause for anxiety to everyone concerned.

And you'll want to make sure that the treatment you prescribe will prevent the condition turning into something worse . . . such as otitis media, with a possible legacy of impaired hearing; or a chest infection.

Ceporex is the ideal antibiotic in such cases, because it is rapidly bactericidal. This means that fever quickly subsides; so do irritation, discomfort and pain.

Ceporex, with recorded success rates of 97% in tonsillitis/pharyngitis, 94% in acute otitis media and 92% in unspecified ENT infections,* has minimal side effects and an excellent record of safety.

in children's U.R.T.I. Ceporex-Fast.

Duromine

is more likely to help in weight reduction than *any* other treatment

A major clinical trial, involving two years of meticulous work, provides the latest comprehensive evaluation of *Duromine*. This, the second carefully controlled long-term study to appear in a leading British medical journal, again demonstrates that with *Duromine* a weight loss of 20lb. is well within reach in as little as three months.[1,2] Further significant weight loss was achieved as the trials progressed.

Composition *Duromine* capsules contain phentermine as an ion-exchange resin complex. Capsules are available in two strengths: grey/green 15 mg. and grey/maroon 30 mg.

Indications Simple obesity. *Duromine* may also be used to re-establish appetite control in patients who have developed tolerance to other anorectic agents.

Dosage One capsule at breakfast time. Capsules in two strengths (15 mg. and 30 mg.) allow for adjustment of dosage if necessary.

Side-effects Slight dryness of the mouth or a tendency to early wakening may be experienced from the higher dosage.

Contra-indications *Duromine* is contra-indicated in patients under treatment with monoamine- oxidase (MAO) inhibitors.

Heartburn

If antacids were the complete answer, would she return to your surgery so often?

Antacids deal with excess acid. But, in many cases, dyspepsia involves more than this.

Unpleasant symptoms such as dyspepsia, heartburn and gastritis can frequently be traced back to disturbed gastric motility. Recent research has shown that in many patients food is retained for too long in the stomach, gastric contents enter the oesophagus, and bile refluxes from the duodenum.[1]

With Maxolon, you can resolve this underlying problem. Maxolon restores gastric motility to normal, so that symptoms of dyspepsia are prevented.

Prescribe Maxolon (tablets or syrup) for your dyspepsia patients. They–and you–will appreciate the difference.

Full information on Maxolon in gastroduodenal conditions is available on request.

1. Proceedings of Symposium on Maxolon *Postgrad. med. J.*, (1973), *49*, (Suppl.) 104.

Maxolon* (metoclopramide) is a product of **Beecham Research Laboratories,** Brentford, England. *reg'd

Maxolon *achieves what antacids can't*

Before you prescribe another bronchodilator, read this.

Asthmatic attacks in older patients can be serious.

They may damage lung tissue and affect the ability to expel pus and phlegm. This can lead to chronic infection.

Bronchodilator aerosols help, but usually only when much of the damage has been done.

Often they don't get through to the affected areas and succeed only in hyperventilating unaffected areas.

The patient may panic, overdose, and this may result in cardiac stimulation.

Only Intal prevents the attack and eliminates these problems.

With Intal, there is no danger of side effects, no risk of misuse and no diminution of therapeutic effect.

Put them on Intal.
Give them a fighting chance.

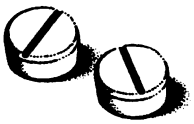
twice daily

NAPROSYN

naproxen 250 mg.



Powerful in arthritis

Kind to patients

Courtesy of Westminster Hospital

Naprosyn is a powerful non-steroidal anti-inflammatory agent with analgesic properties, for the treatment of rheumatoid arthritis, osteo-arthritis and ankylosing spondylitis. Naprosyn significantly reduces morning stiffness, relieves painful joints, increases mobility and improves grip strength. Naprosyn is well tolerated.

NAPROSYN round-the-clock action in rheumatoid and osteo-arthritis

Prescribing Information

Presentation: NAPROSYN (naproxen) is a new and unique non-steroidal anti-inflammatory agent, developed by Syntex Research. It is unrelated to salicylates, the corticosteroid hormones, or to other anti-inflammatory compounds now in use. It is presented as a yellow half-scored tablet containing 250mg of naproxen, inscribed NAPROSYN on one side, and SYNTEX on the other.

Indications: NAPROSYN is indicated for the treatment of rheumatoid arthritis, osteo-arthritis (degenerative arthritis) and ankylosing spondylitis.

NAPROSYN has been shown to have striking anti-inflammatory properties when tested in classical animal test systems. In addition, it has marked analgesic and anti-pyretic actions. It exhibits its anti-inflammatory effect even in adrenalectomised animals, indicating that its action is not mediated through the pituitary-adrenal axis. It inhibits prostaglandin synthetase, as do other non-steroidal anti-inflammatory agents. As with other agents, however, the exact mechanism of its anti-inflammatory action is not known.

Dosage and Administration: The recommended starting dose (and usual maintenance dose) of NAPROSYN is 250mg twice daily, usually given with the morning meal and about 12 hours later. Dosage adjustment within the range of 375mg to 750mg daily, maintaining twice-daily administration, may be required for long-term maintenance.

As safety and efficacy studies in children are not yet complete, the product is currently not recommended for use in children under 16 years of age.

Contra-indications: There are no known absolute contra-indications.

Special Precautions and Warnings: NAPROSYN has been found to be well tolerated by patients exhibiting dyspepsia with other similar agents. Nonetheless episodes of gastro-intestinal bleeding have been reported in patients with NAPROSYN therapy. NAPROSYN should be given under close supervision to patients with a history of gastro-intestinal disease.

Due to the high plasma protein binding of NAPROSYN patients simultaneously receiving hydantoins, anti-coagulants or a highly protein-bound sulphonamide should be observed for signs of overdosage.

Occasional skin rashes and angio-oedema have been reported. Patients who have exhibited aspirin hypersensitivity in the past (usually as the angio-oedema/asthma syndrome) may exhibit the same phenomenon on NAPROSYN. The following additional occurrences have been reported with NAPROSYN but a causal relationship to NAPROSYN has not been established: abdominal discomfort, epigastric distress, headache, inability to concentrate, insomnia, thrombocytopenia, tinnitus, vertigo.

Sporadic abnormalities in laboratory tests (e.g. liver function tests) have occurred in patients on NAPROSYN therapy but no definite trend was seen in any test indicating toxicity.

Teratology studies in rats and rabbits, at dose levels equivalent on a human multiple basis to those which have produced foetal abnormality with certain other non-steroidal anti-inflammatory agents, e.g. aspirin, have not produced evidence of foetal damage with NAPROSYN. As with other drugs of this type NAPROSYN produces delay in parturition in animals. The relevance of this finding to human patients is unknown. However, good medical practice indicates minimal drug usage in pregnancy, and use of this class of therapeutic agents requires cautious balancing of possible benefits against potential risks to the mother and foetus.

Overdosage: Should a patient ingest a large number of NAPROSYN tablets accidentally or purposefully, the stomach may be emptied and usual supportive measures employed. Animal studies indicate that the prompt administration of activated charcoal in adequate amounts would tend to reduce markedly the absorption of the drug.

Pharmaceutical Precautions: Protect from light.

Legal Category: To be supplied on prescription only.

Package Quantities: NAPROSYN is supplied in canisters of 250 tablets. (N.H.S. Price £17·50).

Further information. In addition to the excellent therapeutic efficacy demonstrated by NAPROSYN in comparative clinical trials, good tolerance has been demonstrated, even in patients exhibiting multiple intolerance to other commonly used non-steroidal anti-inflammatory agents.

Product Licence Number PL/0286/0031B (NAPROSYN is a registered trade mark).

Product Licence Holder: Syntex Pharmaceuticals Limited, St. Ives House, Maidenhead, Berkshire. Technical literature, symposia proceedings and full bibliography are available on request.

Q

How much Caved-S can an intractable duodenal ulcer patient take?

A

For a full year without relapse, 12 tablets a day for up to 16 weeks*

The Practitioner

June 1973 Vol. **210** pp. 820-823

* This dosage regimen was established in a recent trial of Caved-S on patients all with intractable duodenal ulcer and a history of more than six relapses in the year prior to the trial. Of twenty patients receiving 12 Caved-S tablets a day for 16 weeks, 12 had no relapse in a full year's follow-up, and the other 8 had two or one relapse in the follow-up year. All these patients had actually been referred for surgery, but surgery was avoided in all cases. Another similar group of 20 patients received 8 Caved-S tablets a day for 8 weeks – the condition of patients selected was too serious for controls with a placebo. Of this second group 3 had no relapse, 7 up to two relapses, and 10 up to 4 relapses in a year's follow-up.
No significant side effects occurred. Only one patient discontinued treatment, and he later resumed treatment successfully.
The authors conclude:
"Caved-S . . . should be given in high dosage before surgery is attempted in patients with duodenal ulcer who fail to respond to a low dose or other treatments."

Caved-S

You should consult us for the same reason.

Ask yourself these questions

Is the cost of living outpacing your family and personal cover?

Will your provision for retirement prove sufficient when you retire?

The value of property has increased enormously over recent years – is the insurance cover on your house adequate?

Do you pay too much for your motor insurance?

Are you getting the best return from your capital?

Have you made provision to protect your dependants from the ravages of estate duty?

Set your mind at rest on all these questions by making use of the practical knowledge of our experts, entirely without obligation.

Please return the coupon below.

The MEDICAL INSURANCE AGENCY was established over 60 years ago. We are independent Insurance Brokers owing no allegiance to any Insurance Company or other Financial House, but only to Members of the Medical and Dental professions for whose benefit we were formed.

The knowledge of our experts in Insurance and Financial fields is yours for the asking, and we shall be only too happy to offer practical advice on all your financial problems entirely free and without any obligation on your part.

Many of your colleagues have already enjoyed the benefit of this comprehensive service – why not you?

There are Branches of the M.I.A. throughout the Country and a list of Branch towns is given below. Full addresses and telephone numbers can be found in your local telephone directory.

Stand up all those not using Betnovate!

Betnovate—the most widely prescribed topical corticosteroid preparation for the treatment of dermatitis and eczema.

More patients with these conditions are successfully treated with Betnovate than any other therapy.

Betnovate acts rapidly and effectively, and usually gives dramatic relief from unpleasant itching.

And when infection is likely to complicate a condition, Betnovate with neomycin is available as Betnovate-N.

Presentation: Betnovate and Betnovate-N are presented as cream or ointment in 15, 30 and 100 gram tubes.

Full details on Betnovate (trade mark) are available on request from Glaxo Laboratories Ltd, Greenford, Middlesex, UB6 0HE *Glaxo*

Betnovate gets the results.
(betamethasone 17-valerate)

After three weeks' treatment with Betnovate

Relieves anginal pain. Extends active life.

In IHD, angina is only half the story. The need is for a complete treatment which not only will offer the benefit of the most effective anti-anginal therapy, but also will protect against myocardial infarction and death. 'Eramid' is a new single treatment system which will relieve anginal pain and extend the active life of your patient by helping to prevent further development of the underlying disease process. 'Eramid' is recommended for the treatment of angina pectoris where both practolol and clofibrate are indicated. Further information is available on request.

Eramid

The complete prescription for the anginal patient.

'Eramid' contains: Clofibrate B.P. 500 mg, Practolol B.P. 100 mg.

GENERAL PRACTICE TRAINING POSTS

HORTON GENERAL HOSPITAL
Oxford Road, Banbury, Oxon

Applications are invited for two
VOCATIONAL TRAINEESHIPS
IN GENERAL PRACTICE
starting on 1st August, 1974. The Scheme is based at Banbury which is a pleasant and expanding market town in North Oxfordshire. The Scheme currently embraces two years in hospital practice, including general medicine, geriatrics, paediatrics, obstetrics, and a six-month period in the accident/emergency department, with extensive secondments to specialist clinicians (in E.N.T., ophthalmology, neurology, etc.) and also includes a period of six weeks seconded to the distinguished dermatology department at the United Oxford Hospitals. One year is spent in General Practice. Local practices all have a mixture of rural and urban elements. It is hoped that married accommodation will be available.

Applications, or requests for further details and prospectus, should be sent to Mrs. V. Cracco, Secretary to the Area Clinical Tutor, Horton General Hospital, Banbury, Oxon OX16 9AL. (58053) 21

SOMERSET
AREA HEALTH AUTHORITY
East Somerset District
Yeovil District Hospital
Higher Kingston, Yeovil, Somerset

VOCATIONAL TRAINING
FOR GENERAL PRACTICE

Applications for a vacancy in this approved 3 year scheme are invited from medical graduates who wish to train for a career in General Practice commencing on 1st September, 1974.

The Trainee will spend the first two years in Hospital Service posts in the new Yeovil District Hospital at Senior House Officer grade. This post will rotate in General Medicine, Paediatrics, Geriatrics, Obstetrics and Gynaecology, Casualty and possibly E.N.T. and Psychiatry. The third year will be spent as an assistant in a local training practice. Throughout the three years a half-day a week release scheme will be operated so that the trainee may attend a course in General Practice at Bristol University.

Those wishing to be considered should be fully registered by the date of commencement of the course and should apply to the District Administrator, by 15th June, 1974. (25552) 21

HARROGATE DISTRICT
VOCATIONAL TRAINING

Applications are invited for two resident posts in this scheme vacant from 1st August, 1974. Six months are spent as S.H.O. in each of Rheumatology, Paediatrics, and Obstetrics and six months in an optional specialty or specialties together with two six month periods in general practice (one urban and one rural). Apart from the post in Rheumatology, which is at the Royal Bath Hospital, the S.H.O. posts are at the new District Hospital or nearby Harrogate General Hospital. Continuation in this Scheme will be subject to satisfactory progress during each of the posts held.

There is a new P.G. Medical Centre at the General Hospital and a good medical library and day release is granted for attending the vocational training course. The scheme has been recognized for M.R.C.G.P. S.H.O. salary scale. Married quarters available on rental or single accommodation.

Apply by 20th May with full details of qualifications, experience, etc., and the names and addresses of two referees to the Hospital Secretary, Harrogate General Hospital, Knaresborough Road, Harrogate, Yorkshire, HG2 7ND, from whom further details may be obtained. (H19054) 21

VOCATIONAL TRAINING FOR GENERAL PRACTICE

THE NORWICH SCHEME

Applications are invited for the above scheme which consists basically of two years in hospital posts and a year in general practice. The hospital posts will be within the United Norwich Hospitals and will consist of 6 months in General Medicine and Geriatrics, 6 months in Obstetrics and Gynaecology (approved for D.Obst.R.C.O.G.) and 3 month appointments in Accident and Emergency, Psychiatry and Paediatrics. There is also provision for 3 months locum/elective period in which for two months the successful candidate can gain experience in a wide variety of specialties. Some of the successful candidates will start in August with a three month period in General Practice prior to commencing their hospital jobs, completing a further nine months at the end of the 2 years.

Married accommodation will be available throughout the hospital period. The advertised rotation commences on 1st August, 1974.

Applications and enquiries for further information should be addressed to **Dr. P. Leney, N.A.N.I.M.E., Norfolk and Norwich Hospital, Norwich NOR 53A.** (H19072) 21

YORKSHIRE REGIONAL HEALTH AUTHORITY

Vocational Training Scheme for General Practice

in the Leeds Area Health Authority (Teaching)

A three year vocational training scheme in general practice is in operation and further entrants will be accepted to start on 1st August, 1974. The scheme in recognized by the Royal College of General Practitioners as suitable preparation for the M.R.C.G.P. examination and candidates completing the programme will qualify for the Vocational Training Allowance. It consists of one year as a trainee in training practices in Leeds and two years in hospital appointments at Senior House Officer level on hospitals in the Leeds Area Health Authority (Teaching). The four hospital posts each of which is for six months are acute Geriatric Medicine at St James's Hospital, Obstetrics at St Mary's Hospital and Infectious Diseases and Paediatrics at Seacroft Hospital, Leeds.

A study half day release scheme is in operation.

Applications stating age, qualifications and experience, together with the names and addresses of two referees to be forwarded to the

POSTGRADUATE DEAN,
SCHOOL OF MEDICINE,
Thoresby Place,
Leeds 2

not later than 28th May, 1974. (25748) 21

Vocational Training Scheme in General Practice

Applications are invited for four vacancies from 1st August, 1974 for a new three year Vocational Training Scheme for General Practice involving the following Senior House Officer posts in the St. Thomas' Hospital Group:

Casualty — including responsibility for the handling of medical (including Paediatric) emergencies and admissions to the Casualty Department of St. Thomas' Hospital.

Obstetrics with Gynaecology — at St. Thomas' Hospital. The posts are recognized for the D.Obst.C.O.G.

Geriatric Medicine — South Western Hospital branch of St. Thomas' Hospital where there is a new Unit concerned with assessment of acute geriatric patients and a Day Hospital.

Psychiatric Medicine — at the South Western Hospital branch of St. Thomas' Hospital, concerned with acute psychiatric assessments and with emphasis on Community Psychiatry.

All four doctors will subsequently spend a trainee year based on a teaching practice in the St. Thomas' Hospital district. Meetings for discussion and demonstration of general practice problems will be held throughout the three years and in addition trainees will be able to attend the half-day release course at the General Practice Teaching Unit of St. Thomas' Hospital during the trainee year. There will also be opportunities during the hospital appointment to attend out-patient clinics in E.N.T., Dermatology, Physical Medicine and Paediatrics and during the general practice year to attend relevant clinics and other practices.

Married accommodation will be available. The Scheme has been recognized by the British Postgraduate Medical Federation and by the Royal College of General Practitioners for its Membership Examinations. Applications on a form obtainable from The Medical Staffing Officer, St. Thomas' Hospital, London SE1 7EH, should be submitted as soon as possible.

St.Thomas' Hospital

Isle of Wight Area Health Authority

THE WESSEX VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

Applications are invited for a vacancy in the above Training Scheme with effect from the 29th July, 1974. Trainees are appointed to the Senior House Officer Grade and spend two years in Hospital posts with a final year in A General Practice. They will qualify for the Vocational Training Grant when they complete the Course.

The rotation of Hospital posts is as follows:—

Chest and Geriatric Medicine	6 months
Obstetrics and Gynaecology	6 months
Paediatrics	6 months
Psychiatry	6 months

The post is recognized for both the M.R.C.G.P. and the D.R.C.O.G. A Day Release Course directed to the M.R.C.G.P. constitutes an integral part of the General Practice year. Married accommodation is available.

The population of the Isle of Wight is approximately 110,000. Frequent passenger services to the Island run from Portsmouth, Southampton and Lymington.

Candidates are encouraged to visit the Island by appointment with the Clinical Tutor, Postgraduate Medical Centre, St. Mary's Hospital, Newport, I.W.

Applications giving full particulars and the names of two referees should be sent as quickly as possible to: **The Area Personnel Officer, Personnel Division, Area Headquarters, Whitecroft, Sandy Lane, Newport, I.W. PO30 3ED**(57893) 21

A half-day release study programme will be arranged.

Applications naming two referees, should be sent as soon as possible to the Hospital Secretary, C. & A. General Hospital, Bangor, Gwynedd LL57 2HW. (25918) 21

SITUATIONS WANTED

HOSPITAL CONSULTANT with anaesthetic and intensive care experience could offer practical advice to company manufacturing disposable goods for the hospital service. Box 5519 BMJ. 22

UNIVERSITY AND RESEARCH APPOINTMENTS

INSTITUTE OF CHILD CHEALTH
Hammersmith Hospital

Applications are invited for the post of
RESEARCH FELLOW
in the Department of Paediatrics and Neonatal Medicine at Hammersmith Hospital to undertake neurophysiological studies in infants and children and the development of techniques for the assessment of neuromuscular function in childhood.

This post is tenable for two years and will provide good opportunities for working towards an M.D. or Ph.D. degree and is suitable for persons interested in a training in paediatric neurology. Salary on the Clinical Lecturer Scale, within the range of £3,012 to £4,290. It is hoped that the successful candidate will be eligible for an honorary contract at Senior Registrar level.

Applications with curriculum vitae and the names of two referees should be sent to Professor V. Dubowitz, (BMJ) Department of Paediatrics and Neonatal Medicine, Hammersmith Hospital, London W12 by 24th May, 1974. (25818) 25

UNIVERSITY OF EDINBURGH

SENIOR LECTURER
Department of Obstetrics and Gynaecology
SENIOR LECTURER

The University Court invites applications for the whole-time appointment of Senior Lecturer in the Deparment of Obstetrics and Gynaecology which is tenable from 1st October, 1974. Candidates should possess a higher qualification in Obstetrics and Gynaecology and should have considerable experience in both academic and clinical work in the specialty. Applications from candidates with special research interests will be welcomed. The Medical Research Council Unit for Reproductive Biology is closely associated with the Department.

The initial salary will be at a suitable point on the scale £5,085—£7,599 per annum. The Senior Lecturer will retire at the end of the academic year in which the age of 65 is attained. Membership of the Federated Superannuation Scheme for Universities is required.

The successful applicant will be recommended for the award of an Honorary Consultant contract by the Lothian Health Board in respect of clinical commitments in the Simpson Memorial Maternity Pavilion and the Royal Infirmary of Edinburgh.

Further particulars may be obtained from the Secretary to the University, University of Edinburgh, Old College, South Bridge, Edinburgh EH8 9YL, to whom applications (12 copies) giving the names and addresses of three persons to whom reference may be made should be lodged not later than 31st May, 1974. Please quote reference number 501. (25675) 25

MANCHESTER
AREA HEALTH AUTHORITY
(Teaching)
South District

Applications are invited for the post of
NON RESIDENT
RESEARCH REGISTRAR
IN ENDOCRINOLOGY

The appointee will have the opportunity to become involved in a number of research projects concerning endocrine function in children with intercranial and other tumours, patients with pituitary and thyroid disease and patients with breast cancer. Training would be given in general clinical endocrinology by attendance at Out-patient clinics and participating in the care and investigation of In-patients. Ample laboratory facilities are available and the appointee would be encouraged to gain experience in the laboratory aspects of endocrinology. Membership of a college of physicians and some previous experience of endocrinology would be desirable but not essential. The appointment would be for one year in the first instance with the possibility of renewal. Further information may be obtained from Dr. C. G. Beardwell, Consultant Physician and candidates are encouraged to visit the Hospital. Detailed applications with the names of two referees should be sent to the District Administrator, Withington Hospital, Manchester M20 8LR, by 21st May, 1974. (57125) (25796) 25

RADCLIFF INFIRMARY
Oxford OX2 6HE

CLINICAL LECTURER
IN SOCIAL & COMMUNITY MEDICINE

The University proposes to appoint a medical graduate as a Clinical Lecturer in the Department of Social and Community Medicine from 1st October, 1974 on the scale £3,006—£4,323 per annum, the person appointed contributing to a prescribed superannuation scheme.

Applications (five copies) with curriculum vitae and the names of two referees should be sent to Professor M. P. Vessey, Department of the Regius, Professor of Medicine, not later than 31st May. (58327) 25

THE QUEEN'S UNIVERSITY
OF BELFAST

LECTURESHIP
IN PATHOLOGY

Applications are invited for an appointment as Lecturer in Pathology, tenable as a joint appointment between The Queen's University and the North of Ireland Eastern Health and Social Services Board. The salary range (under review) is £3,921 to £5,286 with customary provision for superannuation. The successful applicant (if suitably qualified) will be graded as Consultant and may be granted the University title of Senior Lecturer. In these circumstances the salary may rise to £7,599 (under review). An appointment will be made at a position on the scale depending on qualifications and experience.

Applications, with curriculum vitae and the names of three referees, to be received by 30th June, 1974, should be addressed to the Personnel Officer, The Queen's University of Belfast BT7 1NN, Northern Ireland, from whom further particulars may be obtained. (25906) 25

MEDICAL RESEARCH COUNCIL
CYCLOTRON UNIT
and Department of
Diagnostic Radiology
Hamersmith Hospital
RESEARCH APPOINTMENT
IN RADIOISOTOPE SCANNING
SENIOR REGISTRAR LEVEL

Applications are invited for the above post. The successful applicant will take part in research on the Diagnostic Applications of Cyclotron produced radioisotopes. This research will be organized jointly under the Department of Diagnostic Radiology and the Medical Research Council Cyclotron Unit at the Hammersmith Hospital. It will involve the experimental and clinical evaluation of new radiopharmaceuticals. The research could well involve the application of short lived gases to metabolic studies but the programme in general will mainly emphasise diagnostic organ scanning rather than purely physiological research.

Opportunity to study for an M.Sc. in Nuclear Medicine at London University and also for an F.F.R. in Diagnostic Radiology will be available. A knowledge of diagnostic procedures and a wide knowledge of general medicine allied to interest and enthusiasm is probably more essential than detailed familiarity with nuclear medicine and experimental techniques.

Applications naming two referees to Director, M.R.C. Cyclotron Unit, Hammersmith Hospital, London W12 OHS. (H19193) 25

THE UNIVERSITY OF MANCHESTER
Department of Anatomy
and
Manchester Royal Eye Hospital

COMMERCIAL APPOINTMENTS

Head of Human Pharmacology

This is an opportunity for a physician with good academic horizons and a strong practical interest in drug investigation to head up a human pharmacology unit backed by substantial resources and expertise.

The successful candidate will work at the Lilly Research Centre, near Windlesham in Surrey. It is one of the most modern and advanced establishments of its kind in Europe, and current areas of therapeutic interest include cardiology, endocrinology, dermatology, antibiotics, anti-inflammatories and psychotropics.

The man (or woman) appointed will be responsible for clinical studies on therapeutic agents in healthy human volunteers. These will mainly entail potential new medicines after extensive efficacy and safety studies in animals have indicated therapeutic promise, and have warranted further investigation in man.

The human pharmacology studies will embrace research into the absorption, distribution, metabolism and excretion characteristics of the compounds under assessment, and publication of new methodologies and important findings is encouraged.

The Head of Human Pharmacology will work in close conjunction with scientists of other disciplines at the Research Centre, and he will also have good opportunity for cooperation with local hospitals and major clinical pharmacology units elsewhere.

The person we seek for this key appointment will be a registered medical practitioner, probably in his 30's. Ideally, he will possess a higher qualification and currently be in an academic or hospital appointment at the research fellow, lecturer or registrar level. However, more important than formal qualifications or title is a keen research mind backed by a good knowledge of medicine and human therapeutics. Personal qualities should include drive, enthusiasm and the ability to plan and organise a substantial expansion programme.

The position carries a consultant-grade salary, which is highly progressive on merit. Other benefits include a Company car, a non-contributory pension, free life assurance, heavily subsidised membership of BUPA, an excellent income protection scheme, and generous relocation expenses.

Please write in complete confidence for further literature and an application form, or 'phone if you would like to discuss the position in more detail:

Dr. A. E. F. Chandler, (Reference MAE),
Talentmark Limited, King House, 5/11 Westbourne Grove,
London W2 4UA. Tel: 01-229 2266.

Talentmark
Biomedical and Scientific Consultants

(25836 - 23)

Medical Instrumentation Adviser

Ideal age 28-35

c.£6000-£7500+car

This is a new and unusual appointment: it offers considerable scope to a physician with particular interests in the field of medical equipment and instrumentation.

Our client is a major international organisation with extensive involvement in the fields of hospital and laboratory equipment, biomedical instrumentation, diagnostic agents and ethical pharmaceuticals. The successful candidate will work at the Group's modern headquarters, located in a pleasant part of the Home Counties.

He (or she) will act as Medical Adviser for a wide range of the Group's non-pharmaceutical products, with the major emphasis upon the biomedical instrumentation field.

The work will involve the maintenance of close liaison with development and marketing teams – providing them with medical advice and ensuring that no unjustified medical claims are made in relation to the Company's products. It will also entail the organisation of evaluative trials in hospitals and other centres, to investigate the safety, reliability and performance characteristics of products under development.

During the first three months the Medical Adviser will get to know the Company and its products, visit its major units in the UK, and learn about the theory and practice of clinical trials design.

The ideal candidate would be a registered medical practitioner who is within the age range 28-35 and whose work experience or hobbies have embraced mechanical, electrical or electronic equipment. Experience in anaesthetics, intensive care or other equipment-oriented hospital disciplines would be particularly advantageous.

The starting salary will be within the range £6000 to £7500 according to age, experience and personal qualities. Other benefits include a Company car, good pension and life assurance schemes, and generous assistance with location.

Please write in complete confidence for an application form, or 'phone if you would like to discuss the position further:

(25618) 23

UNIVERSITY OF EDINBURGH
Department of Radiotherapy

SENIOR LECTURER

Applications are invited for a post of Senior Lecturer in the Department of Radiotherapy. The appointment will be made for a period of five years in the first instance and has been made possible by a grant from the Medical Research Council. The Senior Lecturer will assist the Head of the Department, Professor W. Duncan, in the organisation and conduct of clinical trials and research in fast neutron therapy. Applicants should have at least five years experience in Radiotherapy and hold a higher qualification in Radiation Therapy. The person appointed would be expected to undertake research in a clinical subject of his own interest relevant to the use of high LET radiations in cancer therapy. The appointment will carry responsibilities for general clinical duties and also for teaching of undergraduate and postgraduate medical students.

The successful candidate will be required to spend a period of up to twelve months gaining experience of current techniques in fast neutron therapy at the M.R.C. Cyclotron Unit at the Hammersmith Hospital in London and in a centre in the U.S.A. The initial salary will be at a point on the scale £5,085—£7,599 with superannuation provision under F.S.S.U. or N.H.S.S.S. The Senior Lecturer will be considered for the award of Honorary Consultant status by the Lothian Health Board.

Prospective candidates may obtain further information from Professor W. Duncan, University of Edinburgh, Department of Radiotherapy, Western General Hospital, Edinburgh EH4 2XU. Further particulars may also be obtained from the Secretary to the University, University of Edinburgh, Old College, South Bridge, Edinburgh EH8 9YL, with whom applications (12 copies) giving the names of two or three referees should be lodged before 7th June, 1974. Please quote reference 502. (25856) 25

UNIVERSITY OF LONDON

CHAIR OF DERMATOLOGY
At Institute of Dermatology

The Senate invite applications for the above Chair. Salary within the range £6,480 to £7,599 a year.

Applications (10 copies) should be received not later than 7th June, 1974, by the Academic Registrar, (BMJ) University of London, Senate House, London WC1E 7HU, from whom further particulars may be obtained. (25708) 25

UNIVERSITY OF NOTTINGHAM
Medical School
Department of Community Health

Applications are invited from General Practitioners for two posts of

LECTURER
IN GENERAL PRACTICE

in the Department. These will be part-time teaching and research posts in Family Medicine, tenable for three years. Five General Practitioners, whose practices are in the Nottingham area, are already actively engaged in the teaching and research programme of the Department. The two new Lecturers will join this team, and work particularly with Dr. D.H.H. Metcalfe (the Senior Lecturer in Community Health responsible for the co-ordination of teaching in General Practice).

It is envisaged that the Lecturers will work for three half-days per week, although about two of these sessions will be teaching in the course of providing medical care in their own practices.

Salary will be pro-rata on the clinical lecturer scale (£2,535—£5,271) and the starting point on the scale will depend on qualifications, age and experience.

For further details and an application form, please write to the Senior Assistant Registrar, Medical School, University of Nottingham, University Park, Nottingham NG7 2ED, to whom applications should be returned by the 14th June, 1974. (25687) 25

UNIVERSITY OF OTAGO
Dunedin, New Zealand

LECTURER OR SENIOR LECTURER
IN CLINICAL BIOCHEMISTRY

Applications are invited from medical or science graduates for the position of Lecturer or Senior Lecturer in Clinical Biochemistry.

Salary, according to qualifications and experience, within the following scales:

Science Graduate: Lecturer $NZ6,753—$8,568 per annum. Senior Lecturer $NZ8,718— $11,139 with a bar at $10,232 per annum.

Medical Graduate: Lecturer $NZ9,172—$13,107 with a bar at $10,836 per annum. Senior Lecturer: $NZ13,485— $15,528 per annum.

Salary scales are subject to both triennial review and cost-of-living adjustments.

Further particulars are available from the Secretary General, Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H OPF, from the Registrar of the University.

Applications close in New Zealand and London on 30th June, 1974. (25706) 25

UNIVERSITY OF LIVERPOOL
Department of Pathology

Applications are invited for the post of

LECTURER

in the Department of Pathology.

Initial salary on the scale £2,535—£4,989 per annum, according to qualifications and experience.

Applications, together with the names of three referees should be received not later than 20th May, 1974 by the Registrar, The University, P.O. Box 147, Liverpool L69 3BX, from whom further particulars may be obtained. Quote ref RV/BMJ/80790. (25301) 25

UNIVERSITY OF LIVERPOOL
Department of Ophthalmology

Applications are invited for the post of

LECTURER

in the Department of Ophthalmology.

Cases in Out-patients Department from 10 a.m.

Discussion in Nurses' Lecture Room at 10.30 a.m. to 12.30 p.m.

Members of the London Jewish Hospital Medical Society, London General Practitioners, Senior Medical Students and any other Doctors who are interested are most cordially invited. (25749) 33

GROUP LEADER

BIOLOGICAL/BIOMEDICAL RESEARCH

A major consumer product manufacturer seeks a Group Leader for the Biology Group within its Research Centre. He will be responsible to the Research Manager for about fifteen people engaged in research project broadly in the fields of Cell Biology, Toxicology and Biochemistry. The group also devises predictive tests for the chemicals and materials involved.

The Group Leader will co-ordinate contract research projects in Europe for which a knowledge of French and/or German would be useful.

Applicants should be in the 30-40 age bracket, have at least a good honours degree in one of the biological sciences plus preferably a higher degree or a medical qualification, and bring substantial biological research experience. This should include the exercising of a supervisory role and a contribution to work content.

The Laboratories are very well equipped for the work and the Company offers quite excellent conditions of service. The initial salary is negotiable and will interest those already earning £3,500 or more.

Please write or telephone for our own form of application to be sent or send full personal and career details to Mr. D. G. Wright, quoting Ref. 338.
Confidential handling is assured.

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1969, No. 163).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,914 per annum for the posts held during the first year; £2,061 per annum for posts held during the second year; £2,208 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,475 per annum x £189(1) x £186(1) — £2,850.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,850 per annum x £171(3) x £168(1) — £3,531.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £3,363 per annum x £168(1) x £216(4) — £4,395.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,156 per annum x £183(2) x £180(2) x £168(10) £5,562.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £5,085 per annum x £279(8) x £282(1) — £7,599.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

> 173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate.

MEDICAL REGISTRAR IN NEUROLOGY

St. Finbarr's Hospital, Cork, Ireland. (Teaching Hospital)

Applications are invited for a post of Medical Registrar in the Neurology Unit of St. Finbarr's Hospital, Cork, a teaching hospital with an active postgraduate teaching programme.

The post, which becomes vacant in mid-June, is suitable for a candidate who wishes to take a membership or for a candidate with a higher degree who would like to obtain experience in neurology. As there is a special interest in the neurological complications of general medical disorders there is an opportunity to obtain experience in general medicine also.

Duties will include undergraduate teaching, and the successful candidate will have an opportunity to take part in a research project based on the application of clinical pharmacology to neurology.

Remuneration will be within the scale £3,900 per year to £4,850 per year depending on experience plus an allowance of £300 per year in respect of a recognised higher degree.

Further details may be obtained from the Consultant Neurologist. Tel. No. Cork 26721, ext.312. Application forms may be obtained from the **Personnel Officer, Southern Health Board, Room 610, County Hall, Cork, Ireland.** Completed application forms should be received at this address before 5.00 p.m. on Friday, 24th May, 1974. TRAINEE
REGISTRAR POSTS IN
DIAGNOSTIC RADIOLOGY

A joint training programme orientated towards the F.F.R. between the two Leeds teaching hospitals (The General Infirmary at Leeds and Leeds (St James's) University Hospital) has vacancies for trainee registrars for the course commencing on the 1st October, 1974. Instruction in the physics required for F.F.R. Part I is given in the Department of Medical Physics in the University of Leeds. Those wishing to take the D.M.R.D. Part II will be encouraged to do so. A comprehensive training programme is provided and facilities include a library and X-Ray film museum at both centres. A new Professorial Unit has been set up at the General Infirmary. Trainees may have the opportunity to do research at some time in their training.

Posts are non-resident. Candidates must hold a full registration and preference will be given to persons intending to practise radiology in the National Health Service. They should have had not less than two years hospital experience after qualification. Applicants are welcome to visit the departments concerned, but are advised to give prior notice: at the Infirmary (Leeds 32799) ask for Dr Simpkins and at St James's (Leeds 33144) ask for Dr Herlinger.

Application forms are obtainable from the Acting House Governor, the General Infirmary at Leeds, Great George Street, Leeds LS1 3EX. (25617) 85-6

ROTATION SCHEME FOR
SURGICAL REGISTRARS
(Non-resident)
The rotation scheme is designed for doctors who have passed the Primary F.R.C.S. Examination and will provide the required experience to enable them to take the Final F.R.C.S. Examination. In addition, Registrars on the rotation scheme are eligible to attend a part-time postgraduate course arranged by the Department of Surgery of the University of Liverpool to prepare them for the Final Examination.
The rotation scheme covers a period of two years; eighteen months in General Surgery and six months in a surgical specialty. The following table indicates the circuits in which the vacancies will occur. The initial number is the number of the circuit, the first two hospitals will provide experience in General Surgery. A year will be spent in the first hospital and six months in the second. The third hospital will provide six months experience in a surgical specialty.
Circuit 1: Liverpool Royal Infirmary; Birkenhead General Hospital; Royal Liverpool Children's Hospital (Paediatric Surgery) — 1 vacancy.
Circuit 2: Liverpool Royal Infirmary; Victoria Central Hospital; Alder Hey Children's Hospital (Paediatric Surgery) — 2 vacancies.
Circuit 6: Whiston Hospital; St. Helens Hospital; Whiston Hospital (Orthopaedic Surgery) — 1 vacancy.
Circuit 8: Sefton General Hospital; Clatterbridge Hospital; Birkenhead General Hospital; Whiston Hospital (Plastic Surgery) — 2 vacancies.
Applications are invited for these appointments which will become vacant, at the latest, on 1st October, 1974. Applicants should state clearly whether they are interested in all of the circuits or in only one or more of them. The successful candidates will be appointed for a two year period subject to satisfactory review at the end of the first twelve months.
Apply by 21st June, 1974 on application form available from the Medical Staffing Department, Liverpool Area Health Authority (Teaching), 80 Rodney Street, Liverpool L1 9AP. (H19214) 91-6

THAMES CONSORTIUM

Traineeship in Community Medicine

A two year programme of in-post training is planned to begin in October, 1974, to assist doctors to prepare for a career in Community Medicine, and for the membership examination of the Faculty of Community Medicine of the Royal Colleges of Physicians. It is being offered by the Thames Consortium, which consists of the following institutions:
Department of Community Medicine, Guy's Hospital Medical School. The Institute for Operational Research. Department of Social Medicine, St Thomas' Hospital Medical School. Department of Community Medicine, Middlesex Hospital Medical School. Department of Community Medicine, University College Hospital Medical School and Royal Free Hospital School of Medicine. The Royal Army Medical College, Millbank. Department of Biochemistry, University of Surrey.
The Consortium, in collaboration with the Regional Health Authorities (South West Thames, South East Thames, North East Thames, North West Thames, and East Anglia) will provide a co-ordinated series of modules of academic tuition, amounting to a total of 20 weeks over a period of two years. All teaching will be London based, and each academic unit will contribute instruction in the subjects of its special experience and interest. Between modules, each trainee will spend the equivalent of one day a week on studies supervised by the academic centre to which he is attached. During the two years, doctors will be expected to gain appropriate in-service experience in training posts which will be provided at various operationallevels within the Health Service. For this purpose, 21 Training Posts are offered in the five Regions mentioned above.
The training posts will be at the grade of Trainee Community Physician, equivalent to Registrar in the clinical specialties (salary £2,850 x£171 to £3,531). Where doctors currently earning higher salaries are appointed, it will be at the discretion of the Health Authorities to allow protection of salary.
Applications are invited from registered Medical Practitioners who have at least one year's post- registration experience. They should be addressed to the Co-ordinator of the Thames Consortium, indicating which Region is the candidate's first choice. He should also indicate any other Regions for which he would wish to be considered. Applications should be received not later than two weeks after advertisement appears.
Applicants should give details of age, qualifications and previous experience. A brief statement of future career intentions and names and addresses of three referees should be included. Further details of the course can be obtained from Professor J. Cassel, Co-ordinator, Secretary's Office, St Thomas' Hospital, London SE1 7EH.
Candidates for the traineeships may have option of applying for the M.Sc (Social Medicine) course of the London School of Hygiene and Tropical Medicine in lieu of the Consortium teaching. Those wishing to take up this option should indicate their preference at the time of application. (H19185) 110

Department of Health and Social Security

GOVERNMENTAL

SENIOR MEDICAL OFFICER

Edinburgh £7988

The doctor appointed to this senior post will be responsible for keeping a watching brief on the health of all civil servants in Scotland. The mandate includes assessing future work capacity in cases of prolonged sickness, and advising management both on health problems limiting work performance and on working conditions which may constitute health hazards. The post will afford opportunities for clinical practice and it is intended that epidemiological studies should be developed in association with academic and hospital departments.

Candidates must be fully registered as Medical Practitioners in the United Kingdom. They must have an extensive medical background, preferably including a higher qualification.

The current salary is £7988. Non-contributory pension scheme.

Further details of this appointment may be obtained by writing to the **Civil Service Commission, Alencon Link, Basingstoke, Hants., RG21 1JB,** or by telephoning BASINGSTOKE 29222, ext. 500 or LONDON 01-839 1992 (24-hour answering service), quoting S/8628/AM/2. Closing date 28 May 1974.

Medical Officers

£7,300

You are offered the prospect of a tour of duty – for as little as one year – in Zambia, one which will give you both a wide range of professional experience and early responsibility. It is with the nation's major mining organisation, Nchanga Consolidated Copper Mines Ltd, with an international staff of technical specialists.

The company is responsible for providing full medical care to its employees – over 30,000 – and their families; the total of persons to be looked after is about 150,000.

There is a senior doctor staff of over 40, together with a full complement of specialists and 150 fully qualified nurses. The modern facilities include 5 well-equipped hospitals (814 beds), 16 clinics and 8 main first aid dressing stations.

General Duty Medical Officers will be involved in preventive and curative medicine, surgery, anaesthetics, gynaecology/obstetrics, public health and nutrition; and although the mines have a strict safety code an amount of accident work can be expected.

Contracts may be negotiated for periods of one to three years. Locums can also often be arranged.

Salaries will depend on experience, but the minimum is K11,275 gross per annum (£7,320 based on an exchange rate of K1.=65p). In addition there is a tax free settling-in allowance; subsidised Company private primary schools; a detached, furnished house with garden is provided for £2 per week; and children receiving secondary education overseas are granted up to £585 per child per year, tax free, towards school fees and two free return passages to visit their parents during holidays; interest free car loan available. Study leave is available, and there are 60 days standard annual leave.

Up to 33⅓% of gross income can be sent home each month.

Please send for details to:
Anglo Charter International Services Limited,
Appointments Division, Dept. ABM 1105
7, Rolls Buildings, London, EC4A 1HX.

SOUTHLANDS HOSPITAL BOARD

MEDICAL SUPERINTENDENT

Southland Hospital, New Zealand

Vacancy No. 16/4 (A)

Applications are invited from Registered Medical Practitioners having adequate clinical and administrative experience to take responsibility for the management of the base hospital of 356 general beds in Invercargill, New Zealand. This is a new post and primarily an administrative one, and preference will be given to applicants with the Diploma of Public Health in Hospital Administration or an equivalent Postgraduate Diploma. The salary will be determined by the Director General of Health in accordance with the qualifications and experience of appointee within the scale of $11,595 to $15,528 per annum.

An attractive modern home will be available in the hospital grounds for the appointee at a modest rental and in the case of overseas applicants, substantial assistance with transfer expenses would be available.

Further details, conditions of appointment and application form may be obtained from the **Secretary, P.O. Box 39, Invercargill, New Zealand,** with whom applications close on 31st May, 1974. (25290) 118

SOUTHERN ALBERTA REGIONAL LABORATORY
Lethbridge, Alberta

PATHOLOGIST

To join three other pathologists who carry out morphological pathology and supervise wide scope of clinical pathology for two well staffed hospitals, closely situated and each with 200 beds. The two laboratories are co-ordinated to serve 13 smaller hospitals in the area. Preference will be given to someone with interest in radioactive immunoassays and eligible for certification in General Pathology (Anatomical and Clinical) by Royal College of Physicians and Surgeons of Canada. Salary negotiable.

Lethbridge population 45,000, 70 miles from Rocky Mountains, has University, other cultural recreational advantages, moderate climate. Enquiries to: Dr. A.R. Bainborough, Director of Laboratory, Lethbridge Municipal Hospital, Lethbridge, Alberta, Canada. (H19212) 118

STRATFORD GENERAL HOSPITAL
Stratford Ontario, Canada.

ROYAL TALBOT GENERAL REHABILITATION HOSPITAL
Yarra Boulevard, Kew, Melbourne, Victoria 3101, Australia

MEDICAL DIRECTOR

Applications are invited for the above full-time position at this modern rehabilitation hospital, with duties to commence early in 1975. The hospital at present operates a rehabilitation unit of 44 beds (plus day patients), a sheltered industrial division employing approximately 50 disabled persons, and an extended care and rehabilitation ward of 58 beds, the latter being for patients of The Royal Melbourne Hospital. The Royal Melbourne Hospital will create an appropriate staff position at that hospital for the successful appointee in order to maintain a working liaison between the two hospitals. Considerable further development of services and facilities is anticipated in the near future.

Applicants should preferably hold a formal qualification in rehabilitation or physical medicine and have had appropriate experience in this field.

Salary will be dependent on qualifications and experience and will be within the general terms of the Hospital Senior Medical Officers Determination. A modern house is available at the Hospital if required.

Applications should be addressed to the undersigned, from whom further specific information is available on request. S. K. Steele, Manager. (H19228) 118

WAIKATO HOSPITAL BOARD

MEDICAL SUPERINTENDENT
Tokoroa Hospital — Tokoroa
New Zealand

Applications are invited from suitably qualified medical practitioners registrable in New Zealand for the above position.

Applicants should have been qualified for a minimum period of eight years, have had five years experience in medicine or surgery and possess a higher qualification appropriate to their specialty.

Salary and conditions will be in accordance with the Hospital Employment (Medical Officers) Regulations. The salary which will be determined by the Director-General of Health according to previous experience and qualifications, will be in the scale $11.595/ $15.528.

Tokoroa is a 6 bed general hospital shortly to be increased to 90 beds and then to 120 beds. In addition there is a maternity unit of 30 beds.

The hospital serves a population of 30,000 which is forecast to increase to 48,000 by 1990/91. The city is based on the timber industry and is situated in a delightful rural area within easy access to many attractive beaches, fishing, shooting and skiing and climbing facilities.

A modern large four bedroom house is available at a very reasonable rental, and assistance with removal expenses and fares will be given.

Conditions of appointment and official application form may be obtained from the Chief Executive, Waikato Hospital Board, P.O. box 934, Hamilton, New Zealand with whom applications close on the 31st May 1974.

Further details of the position, if desired, may be obtained from the Superintendent-in-Chief, Waikato Hospital, Private Bag, Hamilton, New Zealand. (H19208) 118

WAIKATO HOSPITAL BOARD

SPECIALIST PHYSICIAN OR SPECIALIST GERIATRIC PHYSICIAN
Rotorua Hospitals and District
New Zealand

Applications are invited from suitably qualified medical officers for the position of Specialist Geriatric Physician at the Rotorua Hospitals and district or of Specialist Physician with a special interest in Geriatrics. This new position involves the responsibility for the care of geriatric patients in Rotorua (370 beds) and Queen Elizabeth (135 beds) Hospitals, Day Care Hospital (now being built) Gardenholm (at present) a residential home for men but currently being rebuilt to accommodate 30 men and 30 women, and for domiciliary advice and assessment as required.

Salary and conditions will be in accordance with the Hospital Employment (Medical Officers) Regulations. The salary which will be determined by the Director-General of Health according to previous experience and qualifications will be in the scale $11.595/ $15.528.

Rotorua is situated in the centre of New Zealand's thermal area and is a popular tourist resort being handy to hunting, mountaineering and surfing facilities.

Conditions of appointment and official application forms are available from the Chief Executive, Waikato Hospital Board, P.O. Box 934, Hamilton, New Zealand, with whom applications close on 21st June 1974.

Further details of the position, if desired, may be obtained from the Medical Superintendent, Rotorua Hospital, Private Bag, Rotorua, New Zealand. (H19209) 118

Applications are invited from suitably qualified and experienced Medical Practitioners for the above posts.

Senior Hospital Medical Officer.

Candidates should have had wide clinical experience as the duties include the supervision and training of junior medical staff and teaching medical students. The possession of the D.T.M. & H. and/or the D.C.H. or D.P.H., would be an advantage. Appointment is initially for two tours of 12 - 18 months each renewable by mutual agreement.

Senior Registrar

Applicants for Senior Registrarship in all the Departments must possess the appropriate postgraduate qualification and experience.

SHO/Registrar:-

Candidates for the posts of SHO/Registrars must be fully registered Medical Practitioners. The posts are recognized for postgraduate training and successful candidates will be graded according to experience.

Pre-Registration House Officers.

Candidates must possess qualification acceptable for the Provisional Register of the Nigeria Medical Council. The appointment will start on the 1st of July, 1975 and will be for 12 months rotating for 4 months each through three of the following Medicine and Surgery, and Paediatrics or Obstetrics. Successful candidates will normally be required to reside in the House Officers' Residence for which a charge of N12 per month will be made.

Salaries: S.H.M.O. — N5,065 - N6,240 per annum. Senior Registrar — N5,064 — N5,796 per annum. Registrar: — N4,200 — N4,800 per annum. S.H.O. — N3,904 per annum. Gratuity: N75.00 for every completed period of 3 months service. Pre-registration House Officer:- — N3,120 per annum for the 1st six months; and N3,280 per annum for 2nd six months.

Appointments into the posts of SHMO, Senior Registrar and Registrar are initially for one tour of 12 months renwable by mutual agreement. Appointment for the post of SHO and Pre-registration House Officer is for one tour of 12 months only.

Applications should be submitted not later than 24th May, 1974, on the appropriate forms which will be forwarded by the Adviser on Staff Recruitment, London Office, (U.C.H., Ibadan) 91, Regent Street, (3rd Floor), London, W1R 7TB, on receipt by him of a stamped self-addressed foolscap envelope. (H19210) 118

General Medical Practitioner

New Plymouth, New Zealand

The services of a General Practitioner are required by Shell-BP and Todd Oil Services to supervise the medical care of staff (and their dependants) employed by them and their associated consultants.

The company, with headquarters in New Plymouth, is producing oil and natural gas onshore, developing a major natural gas field offshore, and conducting further petroleum exploration in New Zealand, both on land and at sea.

The number of employees directly engaged in this work is likely to rise to about 300 during the next few years.

New Plymouth is a city port with a population of 38,000 on the west coast of the North Island of New Zealand. It has an equable climate, good housing, schooling and recreational facilities and adequate hospital and laboratory services.

For his work as Company Medical Adviser, Shell-BP and Todd Oil Services will pay a retainer to the doctor, plus appropriate fees for individual consultations for employees referred by the Company. Normal fees will be charged for all private consultations for company/consultant personnel and their families. Assistance can be given, if necessary, in the purchase of suitable rooms.

For about half of his time the doctor will also be free to engage in general practice and he will have an opportunity to join a group practice.

A generous contribution will be made towards removal expenses to New Plymouth including economy air fares from outside New Zealand for the applicant and his family and sea freight for personal effects. It is expected that he will reside permanently in New Plymouth. If not already of New Zealand nationality, the doctor appointed will be expected to emigrate under the terms laid down by the New Zealand Government.

Application setting out age, qualifications and experience should be addressed to:—

Miss P. D. Ford,
Recruitment Division,
Shell International Petroleum Company Limited (S), PNEL/41,
Shell Centre, London SE1 7NA.

with whom applications close on 31st May, 1974

WAIKATO HOSPITAL BOARD

WHOLE-TIME OR SUBSTANTIALLY WHOLE-TIME PSYCHIATRIST
ROTORUA Hospital, Rotorua
New Zealand

Applications are invited from suitably qualified medical officers for the position of whole-time or substantially whole-time Psychiatrist at Rotorua Hospital.

This is an additional appointment, as the Department is in the process of being enlarged and a Psychiatric Unit is in the process of being built. One other Psychiatrist is employed.

This is a position of specialist status and the salary will be in the scale $11.595/ $15.528. The commencing rate will be determined by the Director-General of Health according to the qualifications and experience of the appointee.

Rotorua Hospital, of 370 beds, is situated in the major tourist centre of New Zealand, with associated world-famous trout fishing and thermal activities. It is handy to hunting, mountaineering and beach facilities.

Conditions of appointment and application forms are available from the Chief Executive, Waikato Hospital Board, P.O. Box 934, Hamilton, with whom applications close on 21st June 1974.

Further details of the position, if desired, may be obtained from the Medical Superintendent, Rotorua Hospital, Private Bag, Rotorua New Zealand. (H19207) 118

ROYAL SOUTH SYDNEY HOSPITAL
Sydney, New South Wales 2017
Australia

DEPUTY DIRECTOR
OF MEDICAL SERVICES

The Board of the Royal South Sydney Hospital has accepted a new role to establish a Regional Rehabilitation Service for the Sydney Metropolitan Southern Region.

A modern building is now in the process of construction for this purpose. It will be the first service of its kind, specially designed for the care of injured workers as well as other adult physically handicapped persons.

This hospital is situated in a heavily industrialised area, three miles from the City centre. It is an associated hospital of the University of New South Wales Medical School.

There are 103 beds and out-patient attendances of 78,000 per year; 38 minimum care beds are also planned in the new building. The daily attendance in the Rehabilitation Unit will be 150.

Applications are invited from suitable qualified medical persons, registrable in New South Wales for the above mentioned position.

Qualifications: The applicant should have a suitable Postgraduate Medical Degree and have experience in Physical Medicine and Rehabilitation. Duties will include clinical, teaching, research and administrative duties.

Salary: Range: $13,574 — $17,062. Terms and conditions of service and right of private practice in accordance with the Medical Officers — Hospital Specialists (State) Award.

Closing date for applications: 31st May, 1974.

Further particulars with regard to the schedule of duties are obtainable from the Director of Medical Services, Dr. J. B. Baggott.

Application forms are available on request to the Chief Executive Officer, Royal South Sydney Hospital, Joynton Avenue, Zetland, N.S.W., 2017, Australia. (H18832) 118

THE THIRD EDITION of the booklet "Adverse Drug Interactions" is now available. First published in 1971 the booklet has been revised and enlarged and now provides an up to date list of those drug and other interactions which are believed to be of clinical significance. In all cases reference to reports of specific cases are provided, mechanisms and consequences of drug interactions are classified and an explanatory note given. It is presented in a loose leaf format so that it may easily be updated as knowledge of further interactions comes to light. Mention is made of the usefulness of this booklet in the BNF 1974-76, page 26. Available (price £3.00 post free) from the Guild of Hospital Pharmacists, 150 Southampton Row, London WC1B 5AL or through booksellers. 162

ZYLORIC

Now Ponderax PA CAPS once daily

For ten years Ponderax tablets have simplified weight reduction

Now two Ponderax PA CAPS once daily simplify Ponderax

Prescribing Information

Dosage: Ponderax PA CAPS 60 mg – **Adults**: 1 or 2 capsules once daily according to degree of overweight.

When a dosage of 2 capsules is required the dosage for the first week and last week of treatment should be 1 capsule daily.

Presentation: Ponderax PA CAPS – hard gelatine capsule, clear body and opaque blue cap printed Px PA 60 containing small yellow pellets. Each prolonged action capsule contains 60 mg fenfluramine hydrochloride BP.

Contra-indications, warnings, etc: Should not be used concomitantly with MAOI's. Care should be exercised when giving Ponderax to depressed patients or those receiving anti-depressant therapy. It is not recommended that Ponderax be administered during the first trimester of pregnancy unless the physician considers that the benefits outweigh any possible risk. It is recommended that Ponderax is not given concomitantly with other appetite suppressants. Ponderax may potentiate the action of anti-hypertensive, anti-diabetic and sedative drugs. The dosage of these drugs should be reassessed when Ponderax is prescribed. In those patients who experience sedation with Ponderax, care should be taken when driving, working machinery or taking alcohol. The abrupt cessation of a 2 capsule dosage may give rise to transient depression. This can usually be avoided by reducing the dosage to 1 capsule daily for one week.

Side Effects: In some patients looseness of the bowels, mild sedation and giddiness may occur. Nausea and headache have been reported. These side effects may be avoided by using the initial build up dosage; or in other patients, temporarily reducing the 2 capsule dosage.

Note: Ponderax is not included in the Schedules to the Misuse of Drugs Act, 1971.

PONDERAX is a registered trademark. S.743

Trasicor® 80mg
Effective without postural hypotension[1,2,3,4]
Cardioprotective[5]
Minimal side effects[2,3,4]
Simple non-critical dosage

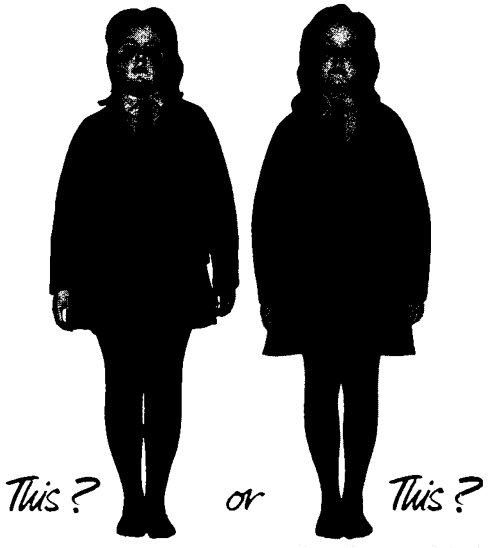
Becotide INHALER *is indicated for a wide range of patients with bronchial asthma*

Patients whose asthma is becoming worse and whose response to bronchodilators is consequently waning;

Patients who are not controlled or are inadequately controlled by sodium cromoglycate in addition to bronchodilators;

Children with severe asthma;

Severely asthmatic patients who are dependent on systemic steroids or ACTH for their well being.



The clinical evidence for Becotide Inhaler is extensive and convincing...

"Topical treatment with beclomethasone dipropionate by means of an aerosol (Becotide Inhaler) thus provides excellent control of patients with asthma.
(*Practitioner*, 1973, **211**, 86)

Clinically, the steroid aerosol (Becotide Inhaler) provided the expected benefits observed when oral corticosteroids are given to asthmatic patients."
(*Curr. med. Res. Opin.*, 1972, **1**, 173)

"For those who are poorly controlled on bronchodilators or DSCG, this treatment (Becotide Inhaler) can give complete or comparative freedom from airways obstruction without risk of adrenal suppression or other side effects.
(*Brit. med. J.*, 1973, **3**, 161)

Beclomethasone dipropionate (Becotide Inhaler) appears to be an effective drug in the treatment of severe childhood asthma in those patients who need corticosteroid therapy in addition to disodium cromoglycate."
(*Arch. Dis. Childh.*, 1973, **48**, 671)

"With the addition of this important drug (Becotide Inhaler) to our armamentarium, the long-term treatment of children with oral steroid is no longer desirable.
(*Arch. Dis. Childh.*, 1973, **48**, 663)

Patients 13, 16 and 17 were all controlled on prednisolone in excess of 10mg per day and were unable to reduce the dose of prednisolone below that level without clinical deterioration. They now remain as well, if not better, controlled on the steroid aerosol (Becotide Inhaler) in a dose of 100mcg four times a day and all have normal basal plasma-hydrocortisone levels."
