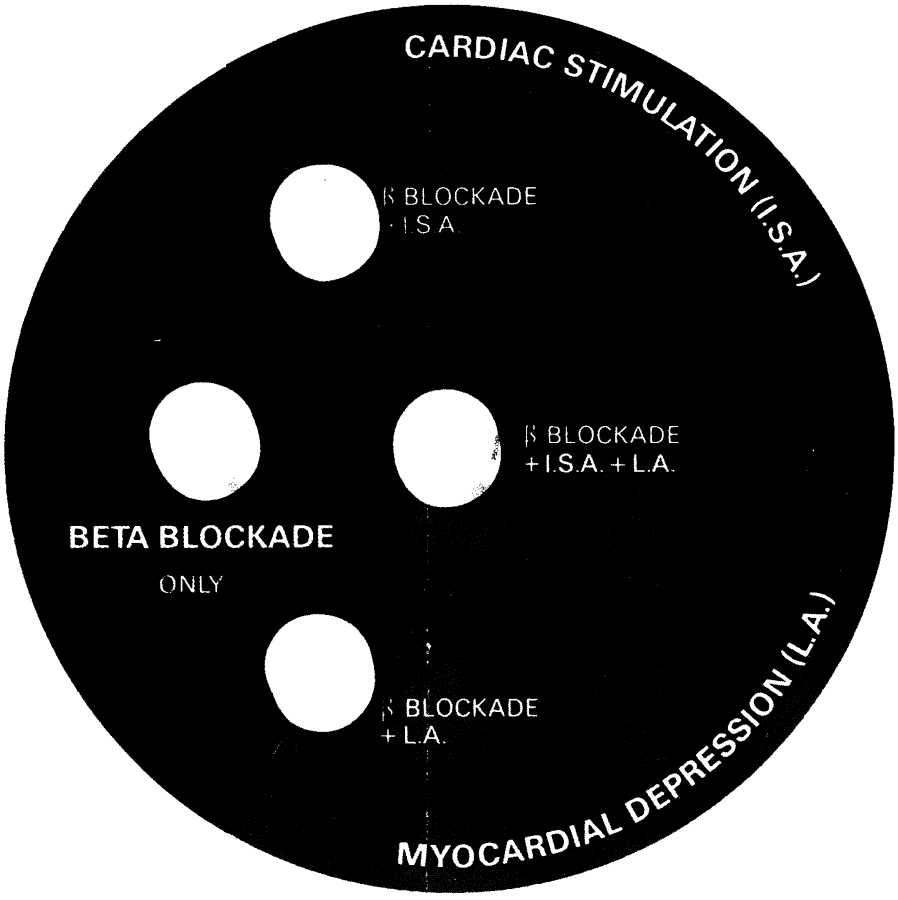
DF announce an entirely new beta blocker

Beta·Cardone



BETA BLOCKADE PURE AND SIMPLE, ...NO CARDIAC STIMULATION ...NO DIRECT MYOCARDIAL DEPRESSION

Now, beta blockade pure and simple

The efficacy of beta-blocking drugs in cardiac conditions depends, above all, on their ability to block beta-adrenoceptors and not on their other pharmacological actions. Beta-Cardone has only one effect - beta blockade, pure and simple. It produces no cardiac stimulation (ISA), and has no direct myocardial depressant effect (LA).

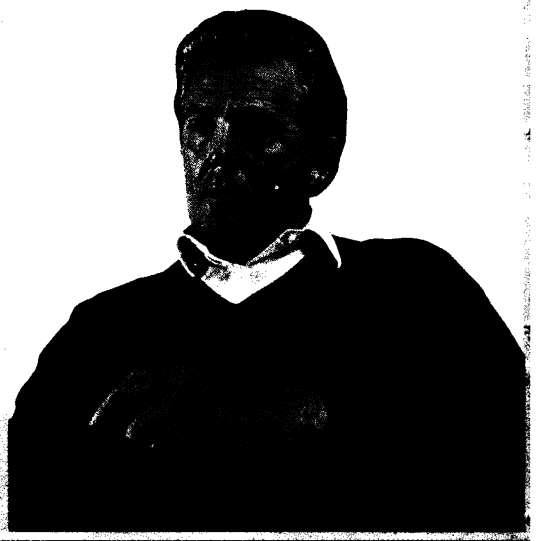
Becotide INHALER is indicated for a wide range of patients with bronchial asthma

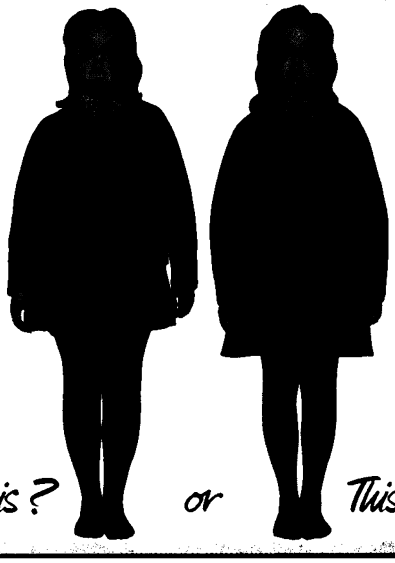
Patients whose asthma is becoming worse and whose response to bronchodilators is consequently waning;



Patients who are not controlled or are inadequately controlled by sodium cromoglycate in addition to bronchodilators;

Children with severe asthma;

Severely asthmatic patients who are dependent on systemic steroids or ACTH for their well being.



The clinical evidence for Becotide Inhaler is extensive and convincing...

"Topical treatment with beclomethasone dipropionate by means of an aerosol (Becotide Inhaler) thus provides excellent control of patients with asthma.
(*Practitioner*, 1973, 211, 86)

Clinically, the steroid aerosol (Becotide Inhaler) provided the expected benefits observed when oral corticosteroids are given to asthmatic patients."
(*Curr. med. Res. Opin.*, 1972, 1, 173)

"For those who are poorly controlled on bronchodilators or DSCG, this treatment (Becotide Inhaler) can give complete or comparative freedom from airways obstruction without risk of adrenal suppression or other side effects.
(*Brit. med. J.*, 1973, 3, 161)

Beclomethasone dipropionate (Becotide Inhaler) appears to be an effective drug in the treatment of severe childhood asthma in those patients who need corticosteroid therapy in addition to disodium cromoglycate."
(*Arch. Dis. Childh.*, 1973, 48, 671)

"With the addition of this important drug (Becotide Inhaler) to our armamentarium, the long-term treatment of children with oral steroid is no longer desirable.
(*Arch. Dis. Childh.*, 1973, 48, 663)

Patients 13, 16 and 17 were all controlled on prednisolone in excess of 10mg per day and were unable to reduce the dose of prednisolone below that level without clinical deterioration. They now remain as well, if not better, controlled on the steroid aerosol (Becotide Inhaler) in a dose of 100mcg four times a day and all have normal basal plasma-hydrocortisone levels."
(*Lancet*, 1972, 1, 1361)

THE MOST SIGNIFICANT ADVANCE IN THE TREATMENT OF PARKINSONISM SINCE LEVODOPA

SINEMET®

IN THE TREATMENT OF PARKINSON'S DISEASE

now available

'Sinemet' contains levodopa, and carbidopa—a new agent discovered by the Merck Sharp & Dohme Research Laboratories. Carbidopa inhibits only the extracerebral decarboxylation of levodopa, making more levodopa available for transport to the brain and subsequent conversion to dopamine.

'Sinemet' reduces or eliminates many of the adverse reactions seen in treatment with plain levodopa. With 'Sinemet' quicker control can be achieved-usually within one week.

'... the combination of levodopa with alpha-methyldopa hydrazine [carbidopa] is an effective, rapid, and efficient means of reversing the parkinsonian state.'

Trans. Amer. neurol. Ass., 1971, 96, 55

● HIGHLY EFFECTIVE

'Sinemet' is highly effective at doses approximately one quarter of those needed with plain levodopa.

● RAPID RESPONSE

'Sinemet' offers prompt relief of many of the major symptoms of Parkinson's disease—fully effective doses are usually reached within seven days.

● FEWER SIDE EFFECTS

'Sinemet' usually reduces and in some patients completely avoids certain distressing side effects caused by plain levodopa.

● EASY TO TRANSFER

Patients maintained on levodopa can be easily and quickly transferred to 'Sinemet' with expectation of better results.

SINEMET®

Carbidopa and levodopa

IN THE TREATMENT OF PARKINSON'S DISEASE

'Sinemet' is available as dapple-blue, half-scored, oval tablets, marked 'MSD 654', containing 25 mg carbidopa and 250 mg levodopa, in bottles of 100. Detailed information is available to physicians on request. ® denotes registered trademark.

A NEW PERSPECTIVE IN MODERN SURGERY

The 'URSK-7' ultrasonic apparatus

Designed in the Soviet Union, the "URSK-7" apparatus eliminates the need to introduce into bone and soft tissue any type of metal structure that necessitates further surgery for its removal.

It also enables welding of transplants to be carried out, reproduces bone tissue from bone fractions to fill up cavities in bone, and performs fine plastic surgery. The use of this apparatus ensures quick and efficient connection of bone fragments. When used for ultrasonic bone cutting there is also the added advantages of minimum traumatism and the ability to reach places difficult of access. The "URSK-7" has proven particularly invaluable for surgery on children.

WALL SHIELDS

Wall Shields (approximately 6" × 7") bearing the BMA Shield and Motto in colour are available for purchase by Members of the Association.

Profits from the sale of the Shields will be donated to Medical Charities.

Price £3·15, plus postage and packing 20p each.

Application forms are available and illustrations may be seen at all BMA Offices. Alternatively, applications with remittance may be sent to the Scottish Secretary, BMA, 7 Drumsheugh Gardens, Edinburgh EH3 7QP, stating whether the base should be in dark or light oak.

Myopia Medicorum

Symptoms: Persistent unwillingness to think seriously about the possibility of your being disabled by sickness or accident and the need to take out insurance against the consequent loss of income you would suffer.

The Treatment

Ask yourself one question. How long could you pay your bills if you couldn't work at all. A month? Three months? A year? If you haven't got round to safeguarding your income yet, act now.

Non-cancellable sickness and accident insurance from the Medical Sickness Society could replace a high proportion of your income if you were too ill to work. And it would go on paying you until you were back earning again. Even if the worst happened and you could never work again, it would pay you until you reached retirement age. Premiums are modest, and once you are accepted, the Society cannot cancel the insurance or increase your premium because of long or frequent claims.

The Medical Sickness Society is a mutual society providing protection for doctors and dentists only. All the directors are either doctors or dentists. This specialisation gives the Society a deep insight into the medical profession's financial needs, and helps to provide a personal and continuous service. The Society's premium rates are very competitive, even with policies that do not share in profits, and all our profits go to policyholders.

To find out more about how the Society can help you, please contact the address or telephone number below.

Medical Sickness Society

7/10 Chandos Street, Cavendish Square, London W1A 2LN.

Fybogel

the new therapeutic solution for the treatment of pressure diseases of the large bowel

DIVERTICULAR DISEASE
IRRITABLE/SPASTIC COLON
HAEMORRHOIDS
ANAL FISSURE

These are the pressure diseases of the large bowel—a wide range of conditions with a common aetiological factor: low level of fibre in the diet.

The pressure problem

Raised intra-colonic pressure due to excessive segmentation. This leads to the formation of diverticula when pressure builds up in an occluded segment.

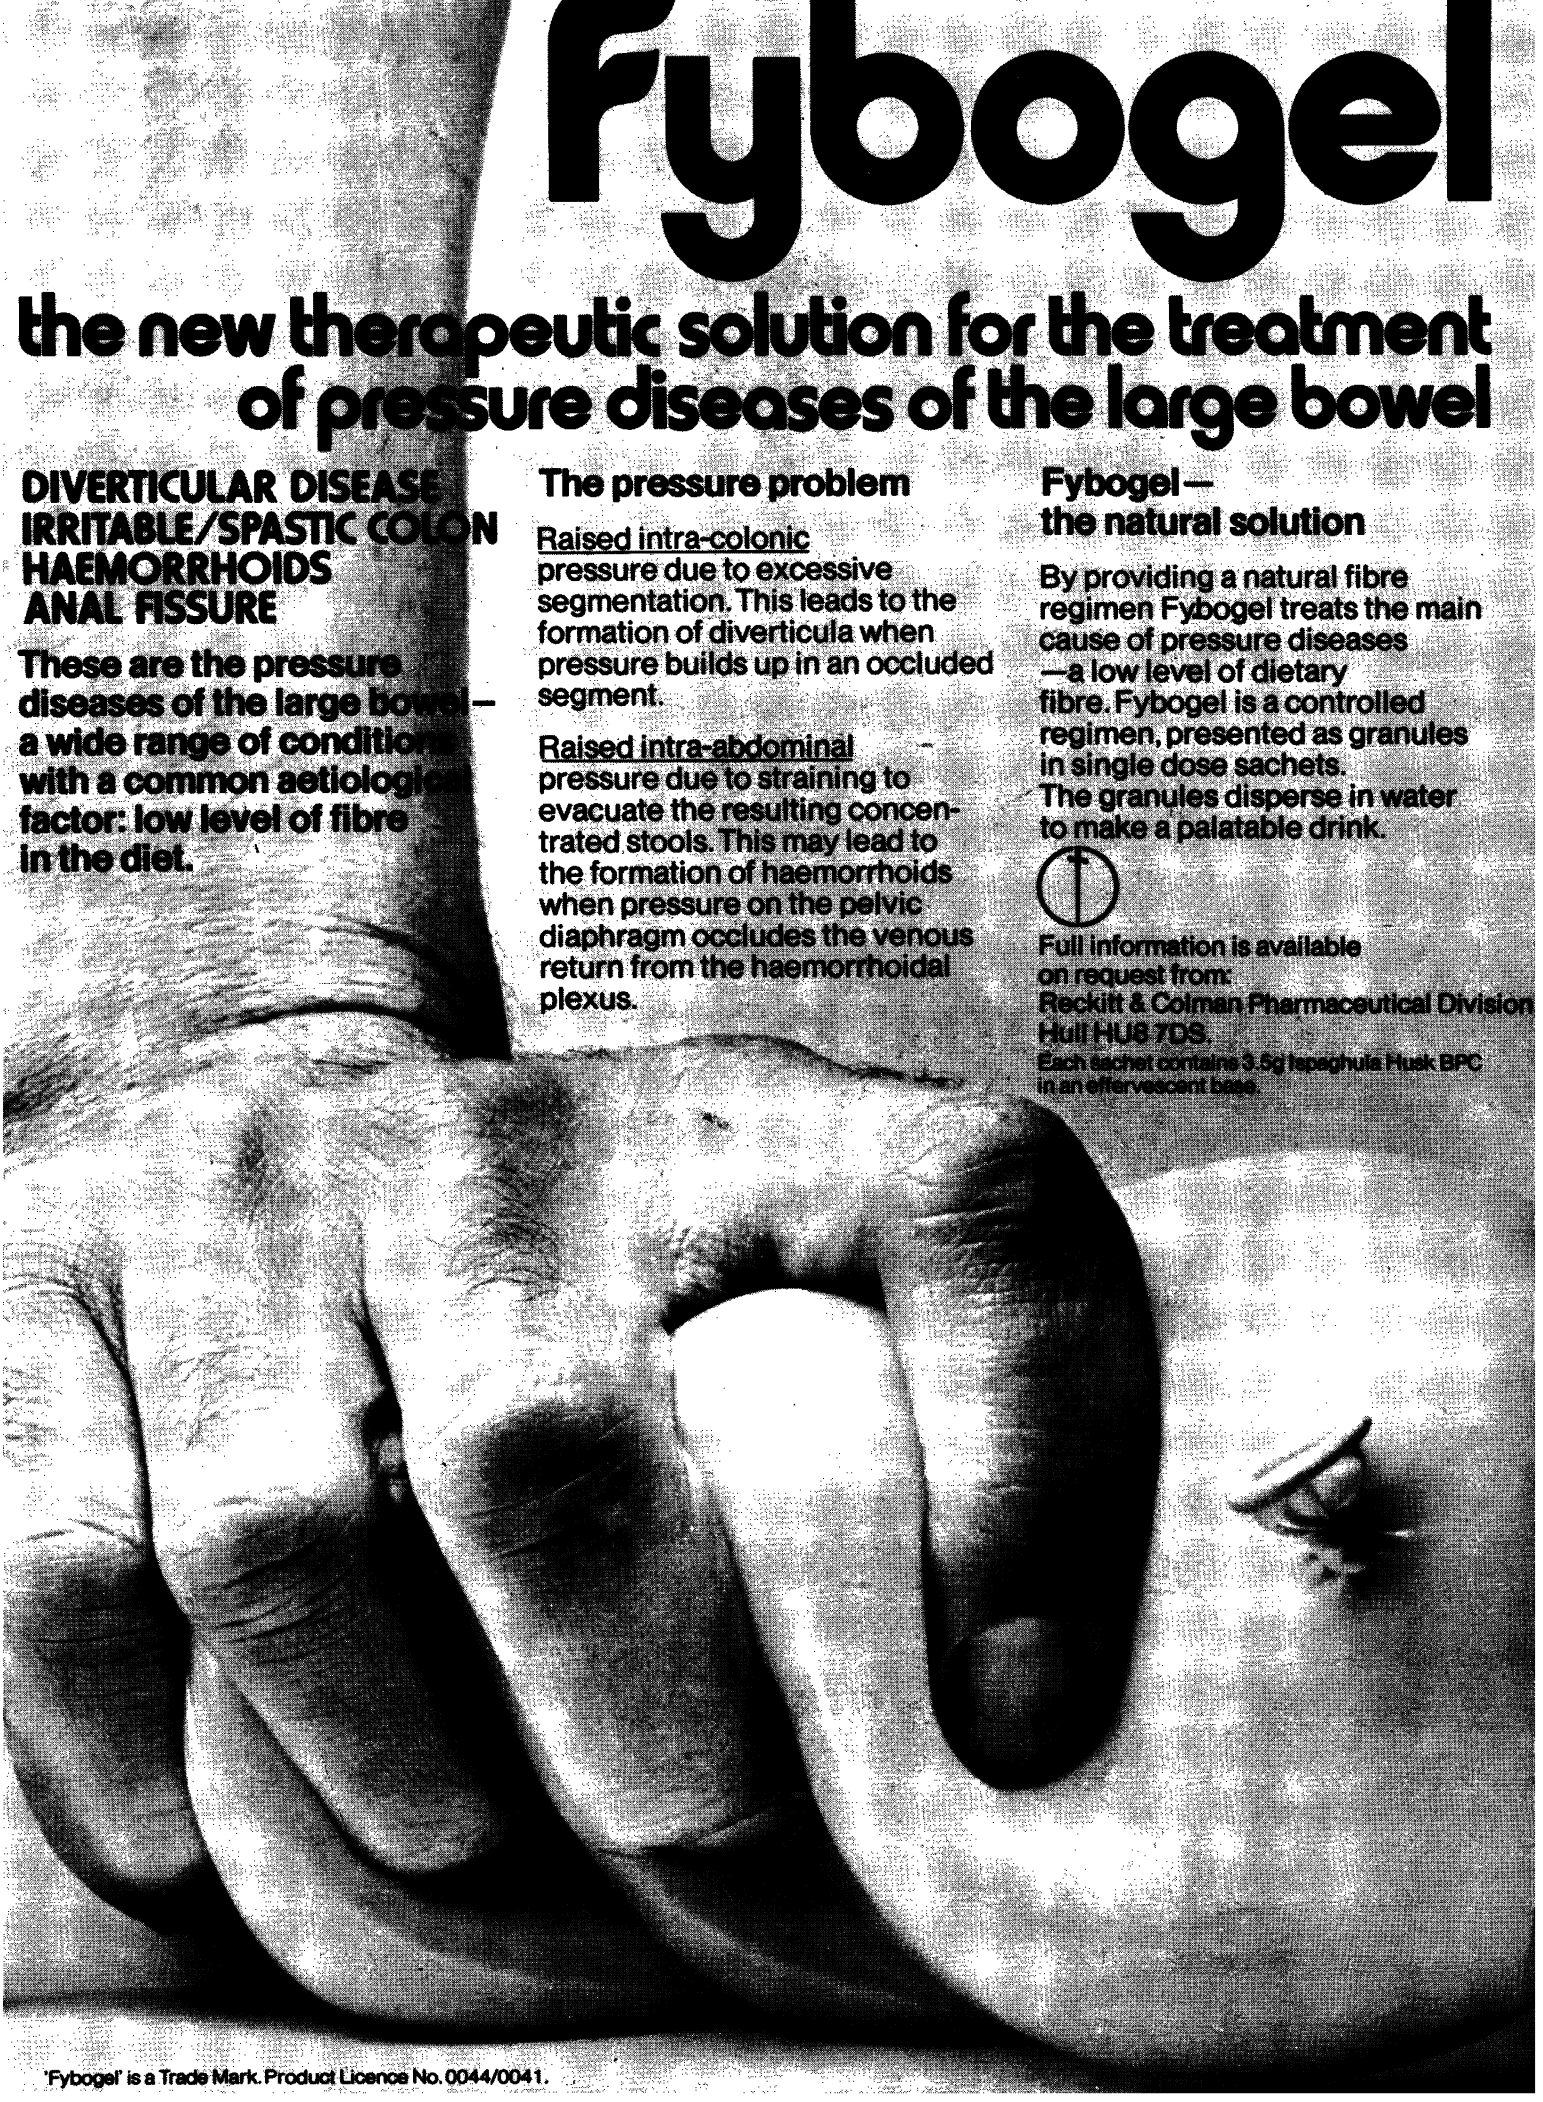
Raised intra-abdominal pressure due to straining to evacuate the resulting concentrated stools. This may lead to the formation of haemorrhoids when pressure on the pelvic diaphragm occludes the venous return from the haemorrhoidal plexus.

Fybogel—the natural solution

By providing a natural fibre regimen Fybogel treats the main cause of pressure diseases—a low level of dietary fibre. Fybogel is a controlled regimen, presented as granules in single dose sachets. The granules disperse in water to make a palatable drink.

Full information is available on request from:
Reckitt & Colman Pharmaceutical Division
Hull HU8 7DS.

Each sachet contains 3.5g Ispaghula Husk BPC in an effervescent base.



'Fybogel' is a Trade Mark. Product Licence No. 0044/0041.

FREE

Non-returnable ulcers with Caved-S

✳ Definitive healing effect on gastric mucosa obviates need for additional antacid back-up therapy.

✳ Economical cost means dosage regimen can be maintained over prolonged periods ensuring maximum possible recovery, without relapse problems.

✳ Marked absence of side effects means greater dosage flexibility to match the severity of your patient's condition.

✳ No contra indication problems. 4 unique advantages.

Full prescribing information is available on request.

Some patients stay on barbiturates until the day they die

Every day in Britain three patients die after deliberately taking overdoses of barbiturates – a total of over 1,000 every year[1]

Virtually all of these patients could have been transferred to Mogadon, which is much safer[2] but just as effective against insomnia[3]

The patients may still have tried to kill themselves. But with Mogadon few, if any, would have succeeded

Mogadon: far safer, far better

ROCHE

Mogadon is the trade mark for pharmaceutical preparations containing nitrazepam

What on earth's a tub of margarine doing in this Medical Journal?

We know that there's a significant link between saturated fats, serum cholesterol levels and coronary heart disease in man.[1,2]

There are a number of guidelines for reducing the risk of coronary heart disease. One of the most important is the recommendation to reduce the amount of saturated fat intake in the diet.[3]

The American Heart Association,[4] the combined Medical Boards of Norway, Sweden and Finland,[5] and the National Heart Foundations of Australia and New Zealand,[6,7] all recommend the reduction of saturated fat intake and an increase in the level of polyunsaturated fatty acids.

Many doctors are recommending a modified fat diet for patients at risk from a heart attack. The change is made easier with Flora.

Flora is an accepted component of a lipid lowering diet.[8,9] The value of such a diet is indicated by the findings from three first generation clinical trials of primary prevention, which suggested that dietary modifications would reduce the incidence of coronary heart disease.[10,11,12]

Flora is higher in polyunsaturated fats than any other leading margarine, and is low in saturated fats*. In addition, Flora is a highly acceptable food and so patients will use it if recommended to do so.

Give good advice - recommend Flora.

**At least 50% of Flora's fat content is lmoleic essential fatty acid. Flora has a fat content of not less than 80% of the total product and is sold in half pound tubs.*

Gastritis

If antacids were the complete answer, would he return to your surgery so often?

Antacids deal with excess acid. But, in many cases, dyspepsia involves more than this.

Unpleasant symptoms such as dyspepsia, heartburn and gastritis can frequently be traced back to disturbed gastric motility. Recent research has shown that in many patients food is retained for too long in the stomach, gastric contents enter the oesophagus, and bile refluxes from the duodenum.[1]

With Maxolon, you can resolve this underlying problem. Maxolon restores gastric motility to normal, so that symptoms of dyspepsia are prevented.

Prescribe Maxolon (tablets or syrup) for your dyspepsia patients. They–and you–will appreciate the difference.

Full information on Maxolon in gastroduodenal conditions is available on request.

Maxolon *achieves what antacids can't*

A MULTI-PURPOSE DIURETIC

'Moduretic' owes its versatility to the complementary actions of its active constituents:

Hydrochlorothiazide—the well-established thiazide diuretic.

Amiloride hydrochloride—a potassium-conserving agent.

Besides moderating the kaliuretic effect of hydrochlorothiazide, amiloride has an additive diuretic effect; the results of some studies reflect a synergistic effect on sodium excretion.

MODURETIC® DIURETIC

Amiloride hydrochloride and hydrochlorothiazide

MSD Merck Sharp & Dohme Limited, Hoddesdon, Hertfordshire

'Moduretic' is available as peach-coloured, diamond-shaped tablets containing 5 mg amiloride hydrochloride and 50 mg hydrochlorothiazide.
Detailed information is available to physicians on request. ® denotes registered trademark.

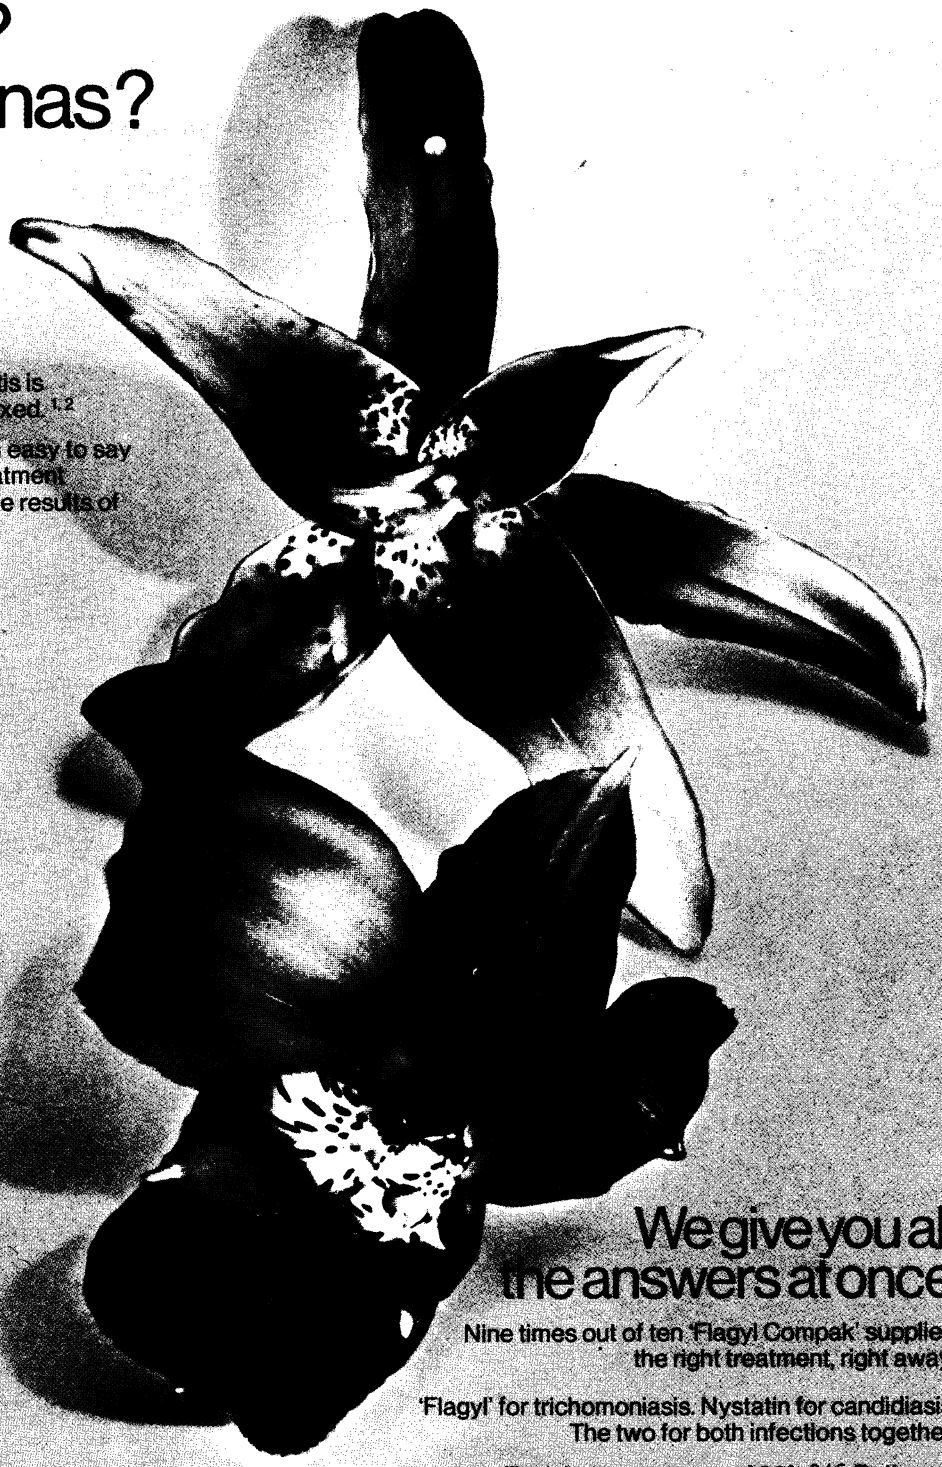
Candida? Trichomonas? or both?



Nine times out of ten vaginitis is trichomonal, candidial or mixed.[1,2]

Often, however, it's far from easy to say immediately which;[3] and treatment must be delayed pending the results of laboratory tests.

We give you all the answers at once

Nine times out of ten 'Flagyl Compak' supplies the right treatment, right away.

'Flagyl' for trichomoniasis. Nystatin for candidiasis. The two for both infections together.

Each has a cure-rate of 98%.[2,4,5] Both are effective in just one week.

For "full-cover", immediately prescribable medication, you could hardly do better.

Flagyl Compak

complete, immediate treatment for vaginitis

"...useful to the busy GP who is not sure whether he is dealing with TV or thrush..."[6]

She's back with a

Most therapeutic agents work well in urinary tract infections, and Amoxil is no exception.

But, quite apart from its effectiveness, Amoxil is a better routine because it has six other virtues with which no other treatment can fully compare.

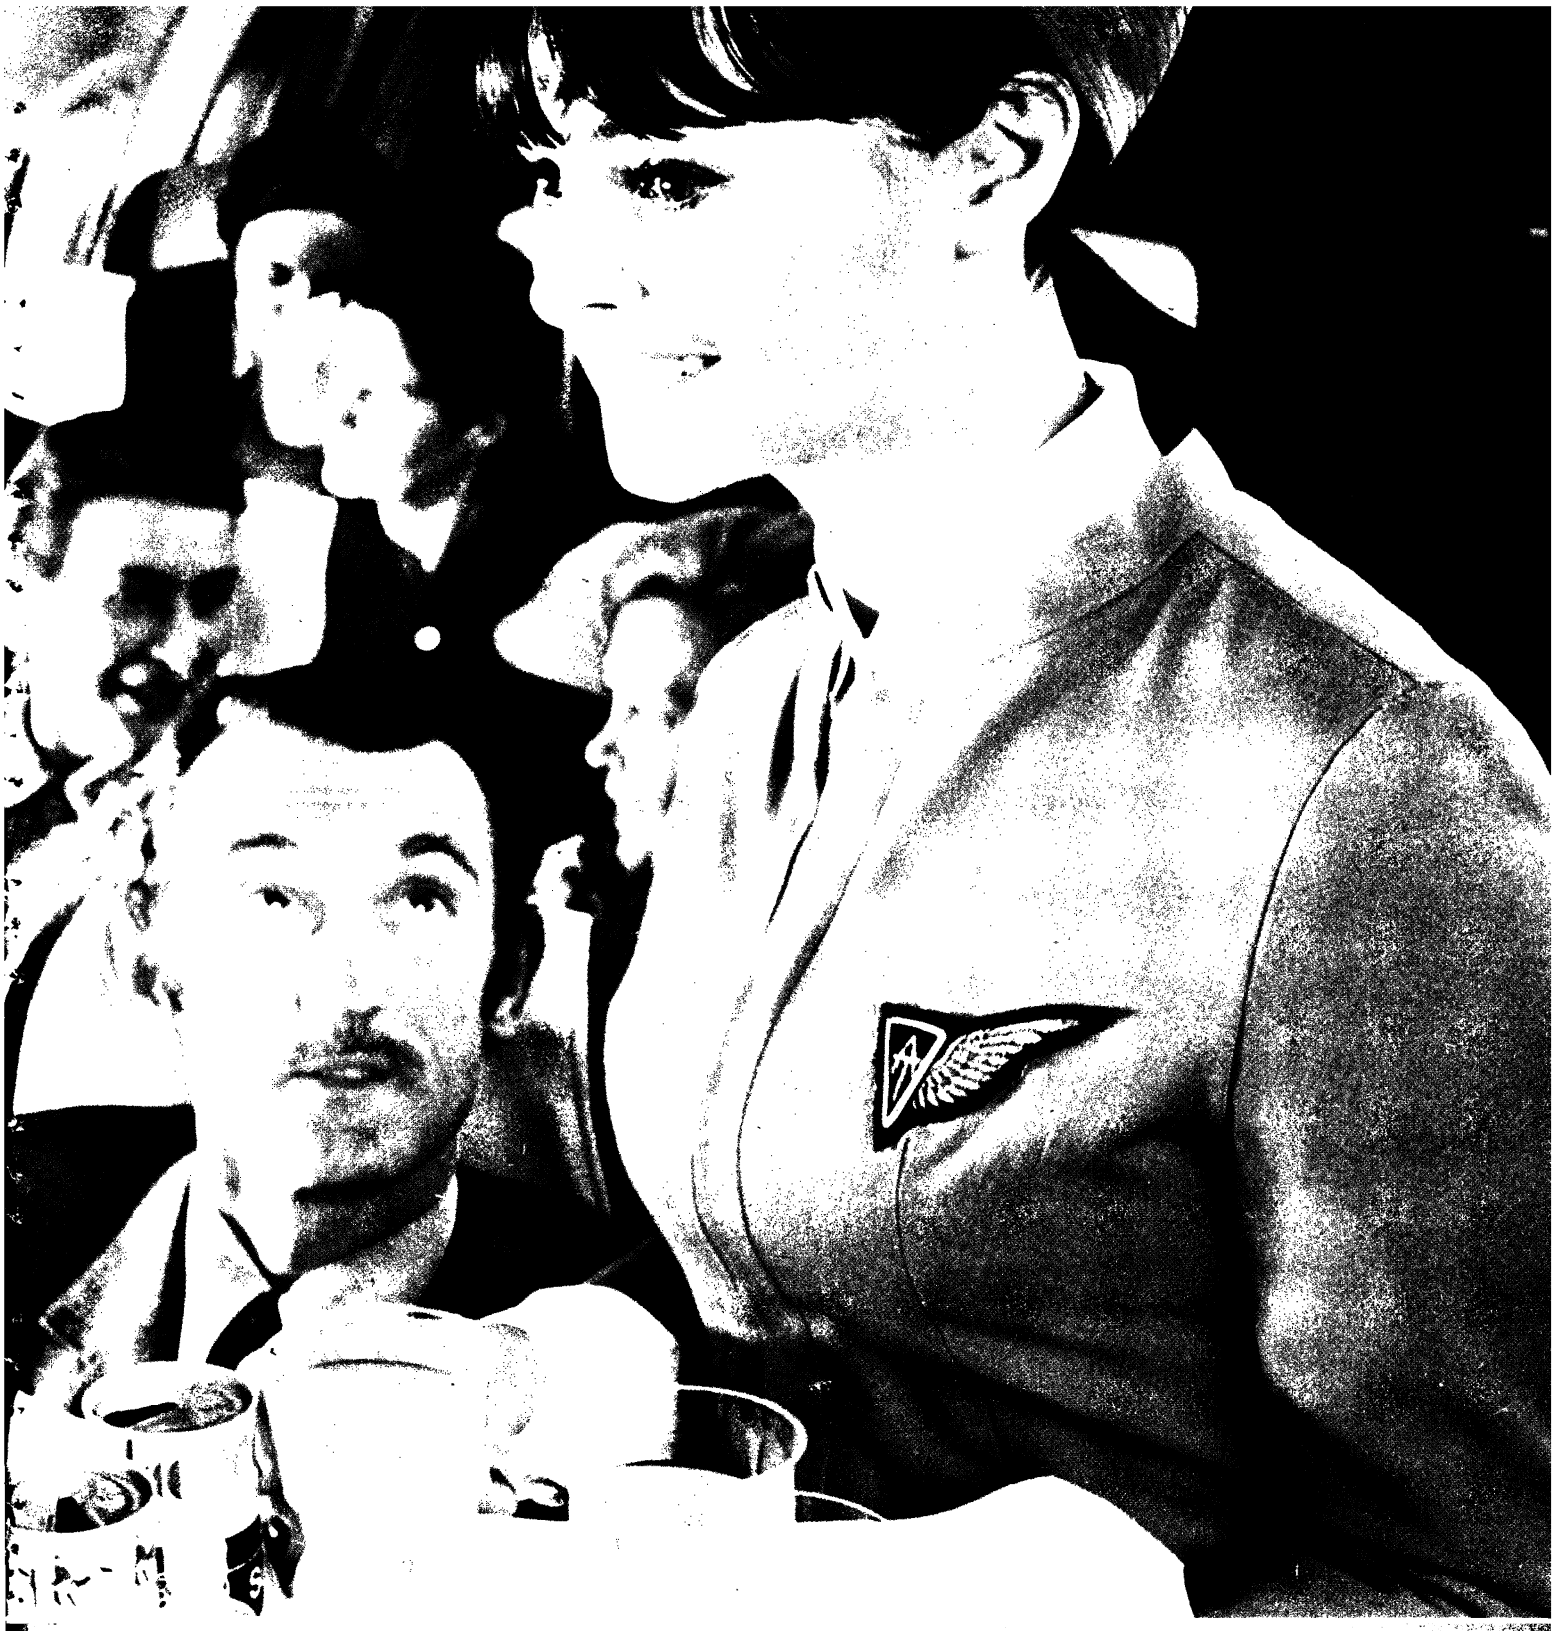
1. Patient-proof' Amoxil is taken t.d.s. – breakfast, teatime and bedtime – and the patient doesn't have to remember to take it on an empty stomach.

2. Economical Apart from the antibacterial sulphonamides, Amoxil is the cheapest antibiotic for urinary tract infections.

3. Safety Penicillin safety allows you to prescribe with confidence in pregnancy or where pregnancy would be a disquieting possibility (there are more than 10 million women of child-bearing age in the United Kingdom).

4. Better tolerated A remarkably low incidence of side-effects with less rash and diarrhoea than ampicillin.

AMOXIL



better routine

5. Bactericidal Amoxil eradicates bacteria, rather than merely inhibiting their growth.
6. Effective concentrations – in the blood, urine, kidney and tissue ensure rapid resolution of infection.

Full information on Amoxil (regd), amoxycillin, is available from: Bencard, Brentford, Middlesex.

Bencard

high flyer in urinary tract infections

SEPTRIN TACTICS

The Russians
prescribe Brufen as...

БРУФЕН

(ibuprofen)

●● ●● ●●

but in Russia – as in the ninety or more other countries now using Brufen in rheumatic diseases – the reasons for prescribing it are always the same. Eight years experience in over 5 million people has shown that, at the recommended dosage, Brufen brings the arthritic patient (regardless of nationality) these outstanding benefits.

Powerful action against the pain and inflammation

Less risk of side-effects

Exceptionally low incidence of gastric upset

Consistent effectiveness in long-term use

BRUFEN (ibuprofen)

a world of success in arthritis

Brufen is ibuprofen available as tablets containing 200 mg; also as a suspension. Full information about Brufen available from Marketing Division (Medical Products) The Boots Company Ltd., Nottingham.

Are your asthmatic patients still at risk?

Asthma may appear to be a fairly straightforward condition.

With several alternative treatments.

But what are the snags?

Bronchodilator aerosols are normally used only during the attack and may leave the lungs open to damage before they take effect.

Moreover, they don't always work and there is a possibility of misuse and overdosage.

Steroids always present the danger of side effects and should probably be reserved for those patients for whom there is no alternative.

Only Intal prevents the attack and eliminates these problems.

With Intal, there is no danger of side effects, no risk of misuse and no diminution of therapeutic effect.

Put them on Intal.
Give them a fighting chance.

"COMPREHENSIVE PREPARATORY" Programme for E.C.F.M.G., L.M.C.C., F.L.E.X., also counselling on physicians job opportunities to U.S. and Canada. Postal Coaching Associates, P.O. Box 65-H Scarsdale, N.Y. 10583 U.S. 4

THE BRITISH POSTGRADUATE MEDICAL FEDERATION

has now published its programme of Courses for General Practitioners for the period September to December, 1974. These programmes will be distributed automatically to General Practitioners in the National Health Service in the four Thames Regional Health Authorities through their local Family Practitioner Committees.

Any other General Practitioners wishing to receive a copy of this programme, should forward a stamped, addressed, foolscap envelope to:

The General Practitioner Department, British Postgraduate Medical Federation, 33, Millman Street, London WC1N 3EJ.

No applications will be accepted by telephone. (27787) 4

UNIVERSITY OF BRISTOL
Departments of Surgery and Anaesthetics

Day Release Course (Wednesdays) for Primary F.R.C.S. and F.F.A.R.C.S.

A day release course in Basic Medical Sciences for the Primary F.R.C.S., F.F.A.R.C.S. and M.R.C.O.G. (Pt.1) will be held each Wednesday for 24 weeks, commencing 2nd October.

The course will consist of lectures, demonstrations, laboratory practicals and tutorials, and will include instruction in Anatomy, Physiology, Pharmacology, Histology, Physics, Clinical Measurement, Biochemistry, Clinical Chemistry and General Pathology.

Emphasis will be given to those topics not readily available in textbooks, and some basic knowledge is therefore desirable.

Attendance on the course is limited, and candidates will need to obtain approval from a consultant for whom they have recently worked.

The course fee is £60; where permission to attend has been granted, course fees and expenses can be reimbursed from the applicant's employing authority.

Further information and application forms may be obtained from: Medical Postgraduate Dean, University of Bristol, 21, Woodland Road, Bristol, BS8 1TE. (27719) 4

FLINDERS UNIVERSITY
OF SOUTH AUSTRALIA
School of Medicine
Foundation Professors of Surgery
Obstetrics and Gynaecology
Paediatrics
Anaesthetics

Applications are invited for appointment to the foundation on

CHAIRS OF SURGERY

Obstetrics and Gynaecology, Paediatrics and Anaesthetics in the School of Medicine. The Flinders Medical Centre (an integrated School of Medicine and teaching hospital) is being developed on the University campus. The first buildings will open this year and will provide patient services at the end of 1975 with 310 beds, increasing to 710 beds by 1980. The undergraduate medical course started this year with 64 first-year students.

Each professor will be expected to take part in the development of an integrated undergraduate curriculum, and will be responsible for undergraduate and postgraduate education in his field. He will also be expected to encourage, and participate in, appropriate research. Each professor will be required to take up his duties in the second half of 1975 and, in the meantime, to be available to advise on the development of policy in relevant matters.

In addition to general responsibilities for teaching and research, each professor will also be expected to assume clinical responsibility in his particular field in the Flinders Medical Centre. Specifically, the Professors of Surgery, Obstetrics and Gynaecology and Paediatrics will assume general administrative responsibility for all clinical services in their respective fields in the Centre; and the Professor of Anaesthetics will be required to take responsibility for the anaesthetics services of the Centre and the administration of the recovery room and the intensive therapy unit.

The salary for each Chair is $A19,614 a year. Each professor will also be eligible for a clinical loading up to a maximum of $A3,000 a year. Superannuation is on the F.S.S.U. basis.

Further information about the positions, including conditions of appointment and details required of applicants, may be obtained from the Secretary-General, Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H 0PF. Applications should reach The Registrar, The Flinders University of South Australia, Bedford Park, South Australia, 5042, in duplicate, by 9th August, 1974. (27837) 25

KING'S COLLEGE HOSPITAL
MEDICAL SCHOOL
(University of London)
Denmark Hill, London SE5 8RX

A MEDICAL RESEARCH COUNCIL
RESEARCH ASSISTANT

is required to join a multi-discipline team investigating the pathogenesis, prophylaxis, treatment and sequelae of deep vein thrombosis. A medical qualification is preferable and experience in coagulation essential. The appointment will be for 2 years in the first instance, renewable for up to 5 years.

Commencing salary will be £3,474 per annum. There will be excellent opportunities to undertake research and to study for higher qualifications. Further information can be obtained from Mr. V. V. Kakkar, Department of Surgery (01-274 6222, Ext. 2444) with whom any arrangement to visit the Department should also be made.

Applications, with the names of two referees, to the Secretary of the Medical School, (BMJP) not later than 7th July, 1974. (27588) 25

LIVERPOOL
AREA HEALTH AUTHORITY
(TEACHING)

Applications are invited for the post of
RESEARCH FELLOW IN VASCULAR SURGERY
(Registrar Grade)

for a research project involving clinical and laboratory investigations into venous thrombosis and venous grafting. The successful applicant, who should preferably have obtained the F.R.C.S., will be involved mainly in laboratory work, but will have the opportunity to obtain some experience in vascular and microvascular surgery. The appointment will be for one year, and further information can be obtained from Mrs. A.O. Mansfield, Royal Southern Hospital, Caryl Street, Liverpool, 8. National Health Service terms and conditions of service, salary, etc., are applicable to this post.

Application forms obtainable from the Medical Staffing Department, Liverpool Area Health Authority (Teaching), 80 Rodney Street, Liverpool, L1 9AP, to be returned by 11th July, 1974. (H10018) 25

B.M.A. DEPUTISING SERVICES

Applications are invited from Doctors interested in becoming full-time or part-time Deputies in the Blackpool area. Full-time or part-time positions are offered on either a short or long term basis and subject to a suitable probationary period. Successful applicants will have security, both financially and in terms of tenure. The pay structure is complex and takes into account the area, the efficiency of the Deputy, and the nature of the hours he works. The average full-time Deputy at the present time earns well over £4,500 per annum. Deputies who opt to work less hours than this are paid on a pro rata basis.

Applications to be sent to:
The B.M.A. Deputising Services,
89 Abingdon Street, Blackpool.

There are B.M.A. Services in Edinburgh, Glasgow, Newcastle, Sunderland, Sheffield, Rotherham, Nottingham, Leicester, Coventry, Bristol, Cardiff and Southampton.

Full employed and attached staff, plus appointments system. Good access to GP and maternity beds. Financial help with house purchase. Salaried partnership for 6 months at £5500 per annum. Parity (approximately £8500 pa.) after 2 years.

Ref. P704. Semi rural practice in North Hampshire require young, married graduate of British University as 6th partner. Practice conducted from surgeries in three villages (2 partners in each). Large ancillary staff and L.H.A. attachments. Access maternity, paediatric and medical beds. Share worth about £5,000 p.a. after 6 months rising by stages to parity (£8,750 p.a. approximately) after 3 years.

Ref. P708. Urban and semi rural practice in Doncaster, Yorks, requires male or female graduate of British University as third partner. New health centre being built. Access to G.P. Maternity beds in new District General Hospital. Share worth about £7,200 p.a., after 3 months rising annually to parity (over £9,500 p.a.) in 3 years. No capital required.

Ref. P.709 Non dispensing rural practice run from new health centre in Puckeridge, Herts., seeks replacement for retiring senior of 3 partners. Married graduate of British University with obstetric experience preferred. Free accommodation available initially. Parity in 3 years.

Ref. P696. Group in small market town of Wantage, 15 miles from Oxford require replacement for 4th partner leaving to specialise. Access to G.P. beds in Cottage Hospital where adjoining Health Centre nearing completion. Large ancillary staff includes two dispensers. Own E.C.G. machine, audiometer, 2 way radiolink between hospital, surgery and cars. Share worth about £5,000 p.a., after 6 months probation increasing by stages to parity 3 years later.

Ref. P697. Twickenham, Middx. Graduate of British University required to replace partner in 2 man practice. Modern premises. Ancillary staff. Access to G.P. and Maternity beds. Immediate partnership with parity in 2 years, or alternative terms offered to candidate wanting only part time commitment.

Ref. P693. Berkhamsted. Graduate of British University required to replace retiring 3rd partner about 1st January, 1975. Purpose built premises in small country town in attractive part of Chiltern Hills. Appointment system, ancillary staff and L.H.A. attachments. No capital required for practice assets. Share worth approximately £5,250 p.a. after short probationary period rising to parity after 12 month.

Ref. P694. West Byfleet, Surrey. Graduate of British University with a sense of humour required to replace 4th partner in group moving to health centre. Access hospital beds. Good professional facilities. Convenient for schools, golf, etc. Share worth over £6,000 p.a. after 6 months; parity (worth about £8,500 p.a.) 2 years later. No capital required.

Ref. P699. Dispensing practice in pleasant market town of Leighton Buzzard, Bedfordshire, seeks fifth partner (male or female). Access G.P. maternity unit. Central surgery fully staffed with practice manager, nurse, dispenser etc. Share worth around £6,500 to £7,000 p.a., after 6 months increasing yearly to parity 3 years later. No capital required for practice premises.

Ref. P700. Two vacancies occur following retirement of two senior partners in 3 man, full list, practice in St. Helens, Lancs. Preference given to intelligent, responsible candidates (male or female) who are under 35 years and of amiable disposition. Centrally heated premises with full staff and L.H.A. attachments. Immediate partnership leading to parity in 2 years. Incoming partners not required to purchase share in any partnership assets.

Ref. P701. Berkeley, Glos. Graduate of British University required soon as possible to replace retired partner in 2 man, old established, rural practice. Good schools, housing relatively easy. Health centre to be built in local hospital grounds. Access to General and Maternity beds. Share worth about £6,500 p.a. after 3 months rising to parity (around £10,000 p.a.) after 3 years. No capital required for practice premises.

Ref. P702. Health Centre Practice in Cambridgeshire. Enthusiastic graduate of British University with obstetric experience to replace retiring senior partner in 3 man group in Market Town. Access maternity beds. E.C.G., haemoglobinometer, microscope, etc. at centre as well as nursing assistance and other ancillary staff. Full parity (£8,000—£8,500 p.a.) in 2 years.

Ref. P706. Sidcup, Kent. Replacement required for third partner. Ample free time, excellent postgraduate facilities. Relief service available. Good schools. Easy access to country. Initial share worth £5,500 after short probationary period rising by 6 monthly increments to 30% in 3 years. No capital required.

Ref. P707. Hoddesdon, Herts. Group of three (2 female, 1 male) require male graduate of British University as fourth partner in expanding market town with pleasant, unspoiled surrounding countryside. Access G.P. obstetric beds. Professional accommodation rented. Good hospital facilities. Parity 3 years.

Ref. P.651 Eastbourne, Sussex. Mixed N.H.S. and private practice seeks a male graduate of a British University, under 30 years of age and eligible for Obstetric list, to replace 3rd partner. Central surgery with ample staff including S.R.N. Access to maternity beds and expected access to G.P. beds when new district hospital completed. Share worth about £5,250 p.a. after 3 months assistantship, increasing by stages to parity in 3 years.

NATIONAL INSTITUTE FOR BIOLOGICAL STANDARDS & CONTROL

IMMUNOLOGIST

Applications are invited for the post of immunologist in the Division of Bacterial Products. The successful applicant will be responsible for various aspects of the quality control of BCG vaccine and will, in addition, be expected to undertake a research project related to the control function. Salary according to age, qualifications and experience, plus London Weighting and Superannuation benefits.

Applications, with a curriculum vitae and the names of two referees, should be addressed to the Director, National Institute for Biological Standards & Control, Holly Hill, Hampstead, N.W.3. (30318) 25

OXFORD HAEMOPHILIA CENTRE
Churchill Hospital, Headington, Oxford, OX3 7LJ

RESEARCH POST
At the Oxford Haemophilia Centre

Applications are invited from medically qualified graduate scientists with some experience of research in some aspect of haemostasis for appointment as a member of a small team of Medical Research Council staff working at the Oxford Haemophilia Centre under the direction of Dr Rosemary Biggs. The successful candidate will be expected to co-operate with other members of staff on projects already progressing at the Centre and to initiate a research project or projects in the general field of interest of the work at the Centre. The work of the MRC staff is integrated with that of the NHS Clinical Unit, many projects being undertaken jointly, and an Honorary Clinical contract with the United Oxford Hospitals may be sought at a level appropriate for the successful candidate. The MRC and NHS staff also work in close co-operation with the staff of the Lister Institute Plasma Fractionation Laboratory and joint research projects may be planned. The appointment will be to the MRC staff on the appropriate scientific grade and will initially be for a period of five years with the possibility of renewal at the end of this period. Superannuation provision.

Applications should be addressed to Dr Rosemary Biggs, Director. (30283) 25

PORTSMOUTH POLYTECHNIC
SCHOOL OF PHARMACY

RESEARCH ASSISTANTSHIP

Applications are invited from gradutes with a good honours degree in Pharmacy or a subject which includes bacteriology. Applicants about to graduate will be considered. The successful applicant, who will be expected to register for a higher degree, will work in the general area of competitive growth in mixed cultures of interest to medical microbiology.

Salary scale: £1,320 - £1,420 per annum.

Application forms and further particulars may be obtained from the Staff Officer, Portsmouth Polytechnic, Alexandra House, Museum Road, Portsmouth, PO1 2QQ, to whom completed applications should be returned by 15th July 1974. Please quote reference R72. (30284) 25

THE UNIVERSITY OF ADELAIDE

invites applications for appointment as soon as possible as

READER IN PAEDIATRICS
(NEONATOLOGY)

from candidates with substantial experience in Neonatal and Perinatal medicine as well as general paediatrics, and holding relevant specialist medical qualifications. An appropriate research record and experience in teaching are also required.

The successful candidate will have responsibilities for teaching neonatology to undergraduates at several hospitals and will be accommodated in a modern well-equipped maternity hospital (3,400 deliveries/year) with subtantial research areas. Further information is obtainable from the Head of the Department (Professor G.M. Maxwell).

Salary: $A16,389 a year, plus an allowance of $A3,000 a year for clinical responsibilities in a clinical department, with superannuation on the F.S.S.U. basis.

Further information, including list of particulars required in an application, is available from the Registrar of the University or from the Secretary-General, Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H 0PF.

Applications should reach the Registrar, G.P.O. Box 498, Adelaide South Australia 5001, not later than 26th July 1974. (27792) 25

GENERAL PRACTICE TRAINING POSTS

BURY ST. EDMUNDS HEALTH DISTRICT

West Suffolk Vocational Training Scheme for General Practice

Applications are invited for this 3 year Scheme which will commence on the 1st October, 1974. The Scheme is recognized by the Royal College of General Practitioners. This will be the second year of the Scheme. 2 Trainees are appointed to the Scheme annually. The initial 3 months and final 9 months General Practice attachments are split by four specially created hospital in service Senior House Officer appointments:

6 months Obstetrics and Gynaecology (Recognized for D.Obst.R.C.O.G.)
6 months Paediatrics (Recognized for D.C.H.)
6 months General Medicine and Geriatrics
6 months Psychiatry with sessional commitments to Casualty.

The Scheme is centred on a New District General Hospital and will operate in an Urban and Rural area in which there is a good General Practitioner/Consultant liaison.

There will be weekly half day elective periods which will provide a comprehensive Course on all aspects of General Practice throughout the Scheme.

The Suffolk Area Health Authority will make salary payments and the District Management Team will provide accommodation in Bury St. Edmunds for the 3 year period.

Further information and application forms are available from the Hospital Secretary, West Suffolk Hospital, Bury St. Edmunds, Suffolk IP33 2QZ. Tel: Bury St. Edmunds 63131, Ext. 538. Closing date 2nd July, 1974. 30281-21

OCCUPATIONAL HEALTH

NATIONAL COAL BOARD
MEDICAL SERVICES
SOUTH WALES AREA

DEPUTY AREA MEDICAL OFFICER

The Board invite applications for a vacancy for the above post in South Wales. In view of the wide range of occupational hazards in the industry and the Board's firm policy of progressively improving the working environment, the doctor's role in the Medical Service is unusually challenging, requiring competence, both in clinical and preventative medicine.

The Service is closely associated with the Institute of Occupational Medicine in Edinburgh.

The Deputy Area Medical Officer will be given full training in occupational medicine and an opportunity of acquiring a specialist qualification in this subject. The post carries prospects of promotion and is embodied in the Board's long term staffing plan.

Salary in accordance with special range agreed with the BMA.

Preference will be given to applicants in their mid-30's who have some previous experience in industry. In such cases it is expected that the starting salary offered would not be less than £4,500 and could be higher.

Applications, quoting reference SV.39/42, should be returned to the **Area Staff Manager, National Coal Board, Ty Glas Avenue, Llanishen, Cardiff.** 27697-24

GENERAL PRACTICE TRAINING POSTS

Redgridge and Waltham Forest
Area Health Authority

Vocational Training Scheme for General Practice

WHIPPS CROSS, CONNAUGHT AND CHINGFORD HOSPITALS

Applications are invited for 2 posts for fully registered doctors in this 3-year scheme, starting on 1st November, 1974.

Both posts begin with an introductory month in General Practice, which is followed by 2 years spent in hospital posts, based mainly at Whipps Cross Hospital, London E.11. The posts cover general medicine, accident and emergency, obstetrics and gynaecology and paediatrics. The final year will be spent in a recognized general practice. There is a six months elective period during which there will be opportunity for gaining experience in other specialties.

These schemes are recognized for the M.R.C.G.P. (the D.Obst. R.C.O.G. and the D.C.H. as appropriate) and on completion of the appointment the holder qualifies for the Vocational Training Allowance paid to junior principals in the National Health Service.

Included in the trainee year for all schemes is a half day release course. Trainees are encouraged to attend meetings held at the Medical Education Centre, Whipps Cross Hospital.

Arrangements can be made to visit the Hospital and practices in the area involved in the schemes, through Dr. J. L. Hardman, Course Organiser, Vocational Training Medical Education Centre, Whipps Cross Hospital, London E11, Telephone 01-529 5522, Ext. 310. Rented accommodation will be available.

Forms of application and full details from the Administrative Assistant, Langthorne Hospital, London E11. Applications should be returned by the 12th July, 1974.

(59968) 21

COMMERCIAL APPOINTMENTS

Medical Management

UK & Overseas

from £6000+car

We seek two physicians with broad clinical experience and a strong sense of medical purpose—to take up a new challenge contributing directly to medical progress on an international scale.

The work will entail the medical management of a range of therapeutic products researched and developed by a well-known and respected ethical pharmaceutical company. The scope is far-ranging and varied, and includes:

- liaison with research scientists to plan the medical development of potential new therapeutic agents.
- organisation and critical assessment of medical trials conducted mainly in the UK, but also overseas (notably in Canada, South Africa, Australia, New Zealand and Scandinavia).
- careful evaluation of published papers and other reports on specific groups of medicines.
- supplying data to the department's information bank on these products, including details of any adverse reactions or side-effects.
- exercising medical judgement in relation to marketing and promotional activities.
- attendance at conferences and symposia to keep at the forefront of medical knowledge in the relevant product fields.
- lecturing to non-medical personnel on the medical aspects of the products.

Applicants should be within the age range 28–45 and possess a broad clinical and therapeutic knowledge, an alert mind, a positive attitude towards responsibility, challenge and hard work, and a successful career record to date. Knowledge of another European language, previous involvement in medical trials, or management experience in a group practice would be advantageous, but by no means essential.

The starting salary is likely to be around £6000 but could be substantially more for candidates of outstanding merit. Other major benefits include a car, free BUPA membership, free life, accident and disability insurances, contributory superannuation scheme, and generous financial assistance with relocation.

The successful candidates will work in pleasant offices at the Company's modern headquarters in outer London.

Please write in complete confidence for an application form, or 'phone if you would like to discuss the positions further:

Dr A. E. F. Chandler, (Reference TMR)

Medical Adviser -International

The head of the Medical Department of the International Division of Beecham Pharmaceuticals is seeking a Medical Adviser. Based in the U.K. he will be expected to service some of the overseas countries where no local doctor is employed as well as supporting markets where they do exist. An important part of the duties of the medical department is to co-ordinate the assessment of new products internationally.

Previous experience in the pharmaceutical industry is not essential, although it and some language facility – as well as knowledge in the antibiotic field – would be helpful. It is essential that the person appointed should welcome working outside the U.K. for up to 25% of his time. Most of this will involve being away for a few nights at a time but occasional trips of a week or two's duration will also be required.

Candidates should be in their thirties and feel able to mix easily with people of all levels. An attractive salary will be paid together with other fringe benefits, including a car.

Please write giving particulars of age, qualifications, experience and current salary to:–

The Personnel Director,
International Division, Beecham Pharmaceuticals,
Beecham House, Great West Road,
Brentford, Middx.

(27688) 23

Clinical Pharmacologist

Registrar Grade

Studies in several fields of clinical pharmacology, in particular absorption from the gastro-intestinal tract, are centred in a new purpose-built six-bed unit at West Middlesex Hospital where this man, as Beecham Research Fellow, will become a key member of the small energetic medical team. There are excellent ancillary and laboratory facilities available both at the hospital and at the Beecham fundamental research unit near Dorking in Surrey.

Candidates need not have research experience but should already have gained the M.R.C.P. The job offers an intensive training in research methods in the human pharmacology of new drugs and an opportunity for the Fellow to pursue an original line of study.

For further information and an arrangement to visit please contact:

Dr. I. McLean Baird, West Middlesex Hospital, Isleworth, Middlesex.

(27684) 23

Head of Clinical Research

We are seeking a physician to take charge of the clinical investigation of new pharmaceutical products in the United Kingdom, Scandinavia, and parts of Europe.

He will join a small but highly active medical department based at Loughborough and have full responsibility for human pharmacological and clinical studies of novel compounds in a variety of therapeutic areas. Most of these new molecules will emanate from our own research laboratories in the United States of America.

We require someone with a British qualification who has had some experience of clinical research techniques. A willingness to work in a commercial environment and undertake a moderate amount of travel is essential. Salary will be negotiated at interview and will be supplemented by a car and other generous benefits.

This is an opportunity to attain a responsible position and to become established in a research-orientated international pharmaceutical company with excellent prospects for growth.

Write in confidence, giving brief personal details, to Dr H E Lewis, Head of Medical Department.

There are teaching commitments and research facilities. Further information from Professor Wetherley-Mein or Dr McGibbon (Tel: 01-928 9292 ext. 2201).

Salary on the appropriate University scale. Assistant Lecturer £2,571 — £2,787; Lecturer £3,012 — £4,668. per annum, plus superannuation.

Applications giving details of age, qualifications and experience with names of three referees, to the Secretary by 13th July, 1974. (h19988) 25

THE MIDDLESEX HOSPITAL
MEDICAL SCHOOL
(University of London)
Academic Department of Obstetrics & Gynaecology

Applications are invited for the post of
LECTURER
in the above department which involves clinical duties in Obstetrics and Gynaecology at The Middlesex Hospital and the Hospital for Women, Soho Square. The holder of this post will participate in undergraduate teaching and in research for which excellent facilities are available in the new Sir Joules Thorn Institute of Clinical Science. Salary on the Scale £3,012 — £4,668 per annum. Applications including curriculum vitae and the names and addresses of two referees to Mr. S.J. Steele, Academic Department of Obstetrics and Gynaecology, The Middlesex Hospital Medical School, London W1N 8AA, by 12th July 1974. The Department may be visited by appointment. (27766) 25

THE MIDDLESEX HOSPITAL MEDICAL SCHOOL
(University of London)
Department of Anatomy

Applications are invited for a vacant post of SENIOR LECTURER OR LECTURER in the above Department. Applicants should be medically qualified. Applicants for the more senior status must have a higher degree in a relevant field of study. The Department is responsible for teaching topographical anatomy, neuro-anatomy, embryology and histology within a newly integrated Basic Medical Sciences Course and teaching course units for the intercalated B.Sc. Excellent teaching and research facilities are available in modern laboratories. Salary according to age, qualifications and experience within the range (from October 1974) (£4,707-£5,844 Senior Lecturer) (£2,118-£4,896 Lecturer) + London allowance and superannuation under F.S.S.U.

Applications including a curriculum vitae and the names and addresses of two referees to Professor P.H.S. Silver, (BMJ) The Middlesex Hospital Medical School, London W1P 6DB, by 19th July 1974. (27767) 25

THE UNIVERSITY OF MANCHESTER

SENIOR LECTURER IN SURGERY
CONSULTANT SURGEON

Applications are invited for this post in the Department of Surgery at Hope Hospital, Salford. This is a rapidly developing teaching hospital associated with the University Medical School and the department of surgery is one of the first of several academic departments to be set up during the next two years. The successful applicant, who must hold a higher surgical qualification, will be granted honorary consultant status by the Salford Area Health Authority (Teaching) and will be responsible for the care of patients in the academic department. He will also act as clinical deputy to the Professor elect of Surgery (Professor Miles Irving). The applicant should be trained as a General Surgeon, but have a special interest in vascular surgery. The Department of Surgery is represented in the new Medical School building thereby ensuring excellent research facilities. Salary range per annum: £5,085 - £7,599 p.a. F.S.S.U. Further particulars and application forms (returnable by 16th July) from the Registrar, The University, Manchester, M13 9PL. Quote ref: 137/74/JMB. (27780) 25

UNIVERSITY OF NOTTINGHAM

LECTURER/SENIOR LECTURER
IN COMMUNITY MEDICINE

Applications are invited for the post of Lecturer/Senior Lecturer in Community Medicine in the Department of Community Health in the University of Nottingham. The post, which is funded from outside sources, and will be for three years in the first instance, will be concerned mainly with the development of the Masters Degree Course in Community Medicine (M.Med.Sci) and particularly with that part of the course which involves research and teaching in the field of behaviour change in relation to health. For this reason, applications would be welcomed from social scientists and human biologists as well as from those medically qualified. Salary will be on the appropriate Lecture/Senior Lecturer scale according to qualifications and experience. The appointment will carry membership of F.S.S.U.

For further details and an application form, please write to the Senior Assistant Registrar, Medical School, University of Nottingham, University Park, Nottingham NG7 2RD, to whom applications should be returned by the 15th July, 1974. (27876) 25

UNIVERSITY OF WESTERN AUSTRALIA
Perth
Department of Medicine

FELLOWSHIPS IN HEALTH SERVICES RESEARCH

Applications are invited for two Senior Research/Research Fellowships from graduates with degrees in Medicine, Social or Behavioural Sciences, Social Administration, Economics or related disciplines, with experience or interest in research into Planning and Evaluation of Health Services. The posts are in the recently created Unit of Clinical Epidemiology which will constitute part of a Health Service Research and Planning Unit to be formed in conjunction with sections of the Public Health and Medical Departments. The Unit will develop a broadly based programme of studies to evaluate existing services and to assist in the planning and evaluation of new services. Particular emphasis will be placed on studies to promote greater liaison and co-ordination between institutions and agencies providing health services. To this end the Unit has already made considerable progress with the development of a comprehensive medical information system which may be used for both Epidemiological Research and Health Services Planning.

The appointments will be temporary in the first instance but may become permanent. Further details of them and intended research programmes can be obtained from the Director, Associate Professor M.S.T. Hobbs.

The salary range for a Senior Research Fellow is $A12643 — 14742 p.a. and for a Research Fellow $A9002 — 12352 p.a. The level of appointment will depend on postgraduate qualifications and relevant research experience in the fields of Epidemiology or Health Servies Planning and Evaluation. An allowance will be available towards travel expenses.

Applications in duplicate stating full personal particulars, qualifications and experience should reach the Staffing Officer, University of Western Australia, Nedlands, Western Australia 6009 by 27th July 1974. Candidates should request three referees to write immediately to the Staffing Officer. (27728) 25

UNIVERSITY OF ADELAIDE

CHAIR OF SURGERY

Applications are invited for appointment to the above mentioned additional chair.

The new Professor, who must hold a medical qualification registrable in South Australia, will be located at The Queen Elizabeth Hospital. The Department of Surgery is responsible for a 32-bed unit at each of the Royal Adelaid and The Queen Elizabeth Hospitals and has office and laboratory space at both locations. The Dorothy Mortlock Chair at the Royal Adelaide Hospital is occupied by Professor John Ludbrook.

Teaching in Surgery is carried out in the third to sixth years of the medical curriculum. Present research interests in the Department are in the fields of peripheral vascular physiology and pathology, surgical immunology, and surgical gastroenterology and physiology.

Salary: $A19,614 a year with superannuation on the F.S.S.U. basis and, for an eligible candidate, supplementary superannuation and pension schemes. In addition to basic salary the Professor will receive on account of his registrable qualification a clinical allowance at the rate of $A3,000 a year.

Further information: Potential candidates are invited to obtain from the Secretary General, Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H 0PF or from the Registrar a statement of general information about the University, the Medical School, the Department of Surgery and The Queen Elizabeth Hospital, and formal terms of appointment. Any further information desired should be sought from the Registrar in the University.

Applications (in duplicate) giving the particulars listed in paragraph 8 of the Statement should reach the Registrar of the University, G.P.O. Box 498, Adelaide, South Australia 5001, not later than 16th August, 1974. (27838) 25

UNIVERSITY OF GLASGOW

SENIOR LECTURESHIP
IN MEDICAL CARDIOLOGY

Applications are invited for a Senior Lectureship in Medical Cardiology at the Royal Infirmary, Glasgow. The person appointed will be required to undertake clinical, teaching and research duties in the field of cardiology. Salary will be according to placement on the University scale for clinical teachers. The final maximum on the Senior Lecturers' scale is £6,213 per annum or in the case of those holding honorary consultantships in the National Health Service £7,599 per annum. F.S.S.U.

The appointment will take effect from 1st October, 1974.

Applications (12 copies) should be lodged not later than 16th July, 1974, with the undersigned, from whom further particulars may be obtained.

In reply please quote Ref. No. 3495 J. (27873) 25

UNIVERSITY OF MANCHESTER

LECTURER IN MEDICINE

Applications are invited for this post in the University Department of Medicine at Hope Hospital. This is a rapidly developing teaching hospital associated with the expanded Manchester Medical School. The successful applicant who should have a wide clinical experience and hold a higher medical qualification, will participate in the clinical and teaching duties of the department. The major research interests of the department are in gastroenterology and the Lecturer will be expected to become involved in this research. He will be granted an honorary senior registrar contract with the Salford Area Health Authority (T).

Salary range p.a. £2,535 — £5,361. F.S.S.U.

Further particulars and application forms (returnable by July 20th) from the Registrar, The University, Manchester M13 9PL. Quote ref: 133/74/JMB. (27568) 25

UNIVERSITY OF NOTTINGHAM
Health Service

Applications are invited for the appointment of a

DENTAL SURGEON

to undertake the treatment of students and staff in the University Health Centre. The successful candidate will work with the Senior Dental Surgeon and a colleague, and will have the assistance of supporting staff. Applicants should have considerable general clinical experience and a higher dental qualification is desirable, but not essential. The salary will be on the Clinical Lecturer Scale (£2,535 to £5,271 - under review). The experience and qualifications of the successful candidate will determine the commencing salary. Further particulars and forms of application may be obtained from the Staff Appointments Officer, University of Nottingham, University Park, Nottingham NG7 2RD, to whom applications should be returned not later than 15th July 1974. Ref. No. 369. (27713) 25

WESTMINSTER MEDICAL SCHOOL
University of London

Applications invited for
SENIOR LECTURER IN IMMUNOLOGY

The post (with Honorary Consultant status) would in the first instance be attached to Professor J.R. Hobbs. Duties include teaching undergraduates and postgraduates, research and some clinical responsibility for patients.

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1969, No. 163).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,914 per annum for the posts held during the first year; £2,061 per annum for posts held during the second year; £2,208 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,475 per annum x £189(1) x £186(1) — £2,850.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,850 per annum x £171(3) x £168(1) — £3,531.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £3,363 per annum x £168(1) x £216(4) — £4,395.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,156 per annum x £183(2) x £180(2) x £168(10) £5,562.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £5,085 per annum x £279(8) x £282(1) — £7,599.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

> 173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate.

Next week may be too late

An illness or an accident can be costly.
Fortunately, most of us recover and the setback to family finance is only temporary.
But can the same be said of permanent incapacity?
Adequate insurance is the answer for the majority of doctors.

SENIOR HOUSE OFFICERS
(2 vacancies)

Applications are invited from Medical Practitioners (men and women) for the above resident posts.

The Psychiatric Division forms part of the General Hospital complex. One unit is situated on the General Hospital site, one unit on the periphery of the General Hospital site, and one unit at Woodbridge. Extensive psychiatric experience and Postgraduate facilities in Psychiatry and General Medicine are available; the Department is accredited for D.P.M. and M.R.C.Psych. Study leave and participation in training are encouraged. There is an excellent library and good social facilities.

The successful applicant would have an opportunity to engage in community psychiatry, group therapy, behaviour therapy and a wide range of therapeutic techniques in addition to receiving a sound training in basic psychiatry. Psychogeriatric experience is also possible.

The post qualified for maximum peripheral allowance. Appointments are made on a unit basis with a specified base hospital, but there is provision for rotation to increase experience. Single accommodation is available, and there is some married accommodation.

Applications should be forwarded to the Asssistant Group Secretary, Psychiatric Division, St. Audry's Hospital, Melton, Woodbridge, Suffolk, and further information may be obtained by telephoning Woodbridge 2111. (30527) 84-8

COMMUNITY MEDICINE

Scottish Health Service

Specialists in Community Medicine

(£5,085 — £7,599)

Applications are invited from registered medical practitioners serving in Scotland on 15th June, 1974, for posts of Specialists in Community Medicine with Scottish Health Boards and the Common Services Agency.

Further particulars and forms of application may be obtained by writing to the Scottish Health Service Appointments Unit, Woodburn House, Canaan Lane, Edinburgh EH10 4SG.

Closing date for applications is Monday, 15th July, 1974.

(H19987) 110

BARNSLEY AREA HEALTH AUTHORITY

Specialist in Community Medicine

(CHILD HEALTH)

Applications for this post are invited from registered medical practitioners (including General Practitioners) in England and Wales.

Experience in medical administration with a local health or education authority, or in the hospital service is essential.

Duties of the post include the provision of services to the local education authority, for which accountability lies to that authority.

Salary scale £5,085 x £279(8) — £7,317 x £282(1) — £7,599.

For further details and an application form, please write to Dr. M. W. Beaver, Area Medical Officer, Hillder House, 49/51 Gawber Road, Barnsley. Closing date for receipt of application is 15th July, 1974.

30282-110

NORTHAMPTONSHIRE AREA HEALTH AUTHORITY

DISTRICT COMMUNITY PHYSICIAN

Applications are invited from registered medical practitioners in England and Wales for the above post in one of the two Health Districts of the Northamptonshire Area Health Authority which has the most rapidly expanding population in the United Kingdom. Hospital Staff, general practitioners and the Staff of the former Local Health Authority have long enjoyed a sound working and personal relationship which will provide the District Community Physician with a secure base for advancement. He will not find his colleagues unwilling to consider new ideas or lacking in motivation in facing up to the opportunities and problems of the reorganised service. House prices in the district are reasonable, educational facilities good, and London within easy reach by rail or by car.

Salary scale: £5,085 x £279(8) — £7,317 x £282(1) — £7,599. Please note that the closing date for these applications is being held open until the 19th July, 1974.

Those interested in joining a progressive Health District are invited to visit Kettering and judge the situation for themselves.

For further details and application forms please apply to **Area Personnel Officer, Northamptonshire Area Health Authority, 39 Billing Road, Northampton NN1 5BD.** (59970) 110

CLEVELAND AREA HEALTH AUTHORITY

Applications are invited from Medical Officers who are wholly or mainly employed in the National Health Service in England and Wales for the post of:

District Community Physician

— NORTH TEES DISTRICT

Salary Scale £5,085—£7,599

Comprehensive range of facilities including new D.G.H. (1,000 beds), prototype Harness Geriatric Unit nearing completion, major health centres operational and planned. Professional opportunities and recreational amenities within the District and immediate vicinity make this a most attractive appointment.

Further particulars and application forms (returnable by 10th July, 1974) may be obtained from the Area Medical Officer, **Dr. H. Hugh John, P.O. Box 92, Marton House, Borough Road, Middlesbrough, Cleveland.**
Tel: Middlesbrough 49141 Ext. 200 (59951) 110

CHESHIRE AREA HEALTH AUTHORITY

CHILD HEALTH SERVICE
(including School Health Service)

Medical Officer Chester District

Applications are invited from registered medical practitioners for the above full-time or part-time post in the health district indicated.

The post involves community and clinic work with children, and may cover the whole age range up to school leaving.

A knowledge of developmental paediatrics and experience of work in a school health service, including handicapped children, is desirable, but not essential, provided that the successful applicant is willing to undertake suitable further in-service training as arranged by the authority.

The specialist in community medicine (child health) is responsible for the organisation of work and training of medical officers in this field.

Salary for the full-time appointment will be within the scale £3,189–£4,176 per annum, starting point being fixed according to experience and qualifications.

Car user allowances are payable in accordance with National Health Service Conditions.

Application forms, obtainable from **the Area Administrator, Pepper House, Pepper Row, Chester.**

Closing date 4th July.

(27727) 110

ADMINISTRATIVE

CAMDEN AND ISLINGTON
AREA HEALTH AUTHORITY
(Teaching)

GENERAL ADMINISTRATIVE
ASSISTANT
(Salary Scale £2,121 — £2,802)

To assist the Administrator of Environmental Services by managing the supply of equipment and certain services to all departments in the Whittington Hospital, a large district general hospital of 900 beds. The post involves a share in the Management of the General Office of the Hospital Secretary's Department.

Further particulars and application forms available from the Hospital Personnel Officer, Whittington Hospital, Highgate Hill, N19 5NF. (Tel: 01-272 3070, Ext. 449). Closing date for applications 9th July, 1974. (30362) 111

COMMUNITY MEDICINE

CANTERBURY & THANET
HEALTH DISTRICT
Kent and Canterbury Hospital
Canterbury, Kent
(407 beds)

SENIOR HOUSE OFFICER
COMBINED POST IN
GENERAL AND COMMUNITY MEDICINE

Applications are invited from those interested in the possibility of a career in community medicine (administrative medicine or epidemiology) for a resident post as Senior House Officer in General Medicine on the Medical Unit, (Dr. D. J. E. Taylor), vacant in July.

In addition to the part-time clinical duties the successful candidate will be involved in research in epidemiology and administrative medicine in the Health Services Research Unit (Director-Professor M. D. Warren) at the University of Kent at Canterbury. The candidate will be given the status of honorary research associate in the University.

This post is intended to provide an introduction to community medicine whilst enabling the successful candidate to gain further experience and training in general medicine. At the end of the period of appointment, further training may be arranged in community medicine over a three to four year period which would include an opportunity to study for the M.Sc. (Social Medicine) at the London School of Hygiene and Tropical Medicine.

Applications giving full particulars of age, qualifications and experience together with names and addresses of two referees to be addressed to the Postgraduate Administrator at the above Hospital as soon as possible. (27794) 110

(Teaching)

MEDICAL OFFICER
— CHILD HEALTH (2 posts)

Salary scale — £3,189-£4,176

Applications are invited for the above posts.

One Officer appointed will be employed mainly in Maternal and Child Health Work, including Family Planning sessions, but will also undertake such general medical duties as may be assigned from time to time. Suitable experience in developmental paediatrics and child health clinical work is desirable.

The Second Officer will be mainly employed in School Health Work. Again experience in developmental screening will be an advantage.

Experience in other fields of medical work will be taken into account when assessing the commencing salary.

Application forms obtainable from Dr. A. M. Brown, Area Specialist in Community Medicine (Child Health), School Health Service, Municipal Annexe, Dale Street, Liverpool L1 6BJ, to be returned by 13th July, 1974. (27785) 113

MEDICAL OFFICER
(Child Health Service)

Applications are invited from Registered Medical Practitioners for this full-time or part-time post.

The post involves Community and Clinic Work with children and may cover the whole range up to school leaving age.

A knowledge of developmental paediatrics and experience of work in the School Health Service, including handicapped children is desirable but not essential provided the successful applicant is prepared to undertake suitable further training as arranged by the Authority.

The Specialist in Community Medicine, Child Health, is responsible for the organisation of work and training of Medical Officers in this field.

The salary for a full-time appointment is within scale £3,189-£4,176, according to experience and qualifications.

Applicants should be car drivers. Car mileage allowance is paid.

Application forms and further details from:— Area Administrator, 20 Princess Road, Leicester LE1 6TP. Tel: 51281, Ext. 224.

ADMINISTRATIVE

The British Council
invites applications from medically qualified men or women for a post in its

Medical Department
London Headquarters

The officer appointed will assist with the planning of professional programmes for overseas medical graduates, in both clinical and research fields, who are in Britain on postgraduate awards or as short-term visitors. The Officer will also be expected to assist with some of the general work of the Department.

Non-contributory superannuation scheme with transfer arrangements.

Write quoting MO/2/C10 to Staff Recruitment Department, 65, Davies Street, London W1Y 2AA for further particulars and application form to be submitted by 16th July, 1974.

(27724)

NORTHUMBERLAND
AREA HEALTH AUTHORITY

CLINICAL MEDICAL OFFICER
(Child Health)

Applications are invited for the above post which will involve Clinical duties in the Community Health Services particularly in relation to School Health Work.

The main activities of the post will be centred in the western part of the Area Health Authority and will involve a good deal of travelling hence applicants must be car drivers — mileage allowances are payable for the use of one's own car.

There will be opportunity for training and advancement for applicants with energy and initiative.

Experience in this type of work is desirable but in no way essential.

The salary scale is £3,189 — £4,176 — the point of assimilation will depend on qualifications and previous experience.

Application forms are obtainable from the Area Personnel Officer, Northumberland Area Health Authority, East Cottingwood, Morpeth, Northumberland BE61 2NU. (H10016) 113

OVERSEA

Attention is drawn to the importance of detailed careful consideration to the terms of any contract, especially as terms and conditions of service may differ markedly in different areas. 'Notes on Contracts Overseas' may be obtained on application to the Secretary.

Before any contract is signed it is advisable to obtain full details of remuneration and of terms and conditions of service and information about local conditions. These may often be obtained from the local B.M.A. Branch or affiliated Medical Association whose address may also be obtained on application to the Secretary.

ALBANY MEDICAL CENTER HOSPITAL

NEW BRUNSWICK, CANADA

RADIOTHERAPIST

required. A vacancy exists on the Radiotherapy staff of the Saint John General Hospital. The Department serves the whole of New Brunswick and conducts peripheral clinics in the other main population centres. A very active chemotherapy programme and a complete Diagnostic Nuclear Medicine Unit are incorporated.

The General Hospital will move to a new 780 bed hospital which will be commenced this autumn, and a new Radiotherapy Department will be built. It is planned to install a Linear Accelerator in addition to the present range of Cobalt Teletherapy units, Orthovoltage and Superficial voltage X-ray machines. A complete stock of Caesium tubes and needles has replaced radium. The Department has 29 beds of its own. The staff consists of 4 Radiotherapists, and 2 Physicists.

The Hospital is affiliated with Dalhousie University and members of the Department hold teaching appointments in the Medical School.

Saint John is a sea-port on the shores of the Bay of Fundy and the residential environs are most attractive. A full range of recreational facilities is available within minutes — golf, tennis, curling, skiing, sailing etc.

This vacancy offers a suitable candidate the opportunity of partaking in the planning of completely new facilities. Experience in Nuclear Medicine will be an asset but is not required. Salary approximately £18,000 (pounds) per annum. Usual fringe benefits including pension scheme and life insurance.

Please direct applications or inquiries to Dr J. A. Caskey, Director, Radiotherapy Department, General Hospital, Saint John, New Brunswick, Canada. (H10049) 118

Start precisely as you mean to go on.

1 Ideal dual diuretic action gives more precise control and greater long-term reliability.

2 Predictable and effective loss of water and sodium undiminished with time.

3 Highly effective control of plasma-potassium levels during long-term therapy.

4 Simple dosage; avoids the need for potassium supplements.

Aldactide

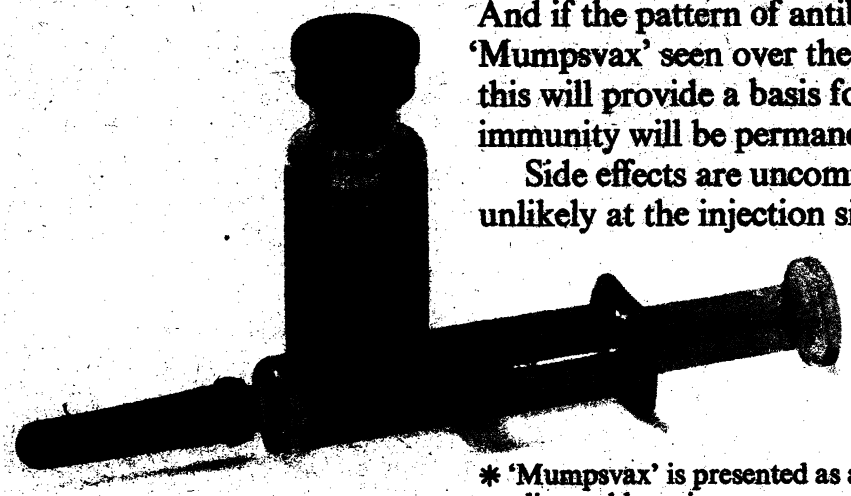
the precise start to long-term diuretic therapy.

further information is available from SEARLE **Searle Laboratories** Division of G. D. Searle & Co. Ltd. P.O. Box 53, Lane End Road, High Wycombe, Bucks. HP12 4HL

Aldactide and Searle are registered trade marks

Aldactide contains spironolactone 25mg., hydroflumethiazide 25mg.

The first live mumps vaccine.



Prevention of mumps is now possible with only one subcutaneous injection of 'Mumpsvax'. And if the pattern of antibody response to 'Mumpsvax' seen over the last six years persists, this will provide a basis for expectation that immunity will be permanent.

Side effects are uncommon, and soreness is unlikely at the injection site.

* 'Mumpsvax' is presented as a single-dose vial with a disposable syringe.
* 'Mumpsvax' induces protective antibodies in practically all non-immune recipients.
* No significant side effects reported in studies which included more than 200 adult males.
* Adequate antibody levels, with continuing protection against mumps, have persisted for six years without substantial decline in children vaccinated with 'Mumpsvax'.
* There have been no reports of the transmission of mumps from vaccinated patients to susceptible contacts.

To help avoid the discomfort, the inconvenience–and the possibility of complications

MUMPSVAX®

Mumps Virus Vaccine, Live, MSD Jeryl Lynn Strain

'Mumpsvax' is supplied in a single-dose pack containing one 0.5 ml vial of lyophilised vaccine and one disposable syringe containing diluent. More detailed information is available to physicians on request.
® denotes registered trademark.

Merck Sharp & Dohme Limited, Hoddesdon, Hertfordshire

'Orudis' in arthritis

Optimal efficacy and tolerance now further confirmed by two new studies

Activity equal to that of phenylbutazone

"... in 47 patients with osteoarthrosis of the hip, it has been shown that there is little to choose in efficacy between ketoprofen ['Orudis'] 200mg daily and phenylbutazone 300mg daily ... Side-effects were mild..."[1]

Comparative clinical studies with indomethacin[3] and ibuprofen[4] have already shown that 'Orudis' affords both significant therapeutic effect and low toxicity in the treatment of arthritis.

Tolerance markedly superior to that of aspirin

"... a trial with gastroscopic examinations has allowed the adoption of the hypothesis that the new anti-inflammatory product ketoprofen ['Orudis'] is better tolerated by the gastric mucosa than acetylsalicylic acid."[2]

The latest comparisons with two further widely prescribed agents provide additional cogent evidence of its ability to meet the criteria for optimal drug management.

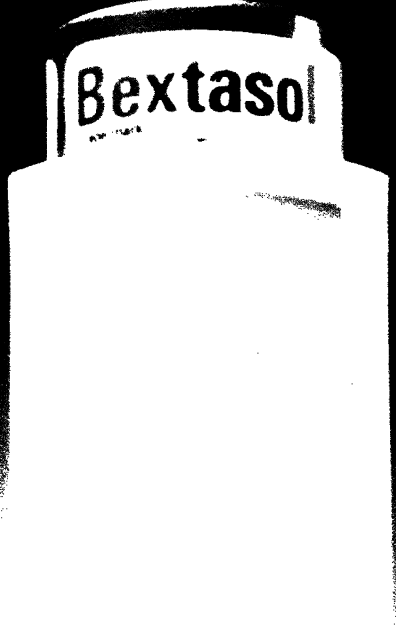
MA 2381

One of them is a chronic asthmatic...

...maintained on new Bextasol inhaler.

Results with Bextasol inhaler in a double-blind, cross-over clinical trial involving children who ". . . all had fairly severe asthma interfering with their daily lives . . . indicate a good clinical response in terms of daily assessment of symptoms, improvement in lung function, and reduction in additional drug usage in all 20 children in the trial."*

**Archives of Disease in Childhood*, 1973, 48, 862



Bextasol can establish effective prophylactic control of frequently recurring extrinsic and intrinsic asthma in patients of all ages.

Moreover, many of your patients will enjoy greater, better-sustained breathing capacity than on previous therapy. And it is often the only maintenance therapy they will require.

Bextasol inhaler delivers metered micro-doses of betamethasone valerate, a corticosteroid known for its high topical and relatively low [illegible] activity, direct to the [illegible] side

Consequently, Bextasol inhaler offers the unique benefits of corticosteroid control to a much wider range of asthma sufferers.

Presentation
Bextasol inhaler is a pressurised aerosol containing a suspension of micronised Betamethasone Valerate BP with propellants. The container supplies 200 metered inhalations, each providing 100 micrograms of betamethasone valerate.

Glaxo
