

Now, for all your patients with angina

Sectral

acebutolol

major new **cardioselective** beta-blocker

New from May & Baker

Sectral

protects ...comprehensively

Sectral for angina alone

'Sectral' protects the heart against effort/emotion-induced sympathetic increases in rate and force of contraction, so preventing excessive rises in myocardial oxygen demand and reducing the frequency and severity of acute anginal episodes.

Sectral for angina with cardiac arrhythmia

Disturbances of heart rhythm may seriously impair prognosis in the angina patient by predisposing to cardiac failure or arrest. 'Sectral' by decreasing the excitability and conductivity of cardiac muscle and prolonging the refractory period, effectively corrects most supra-ventricular and ventricular arrhythmias.

Sectral for angina with asthma/bronchitis

'Sectral' is cardioselective, limiting sympathetic activity of the heart but leaving sympathetic bronchomotor activity relatively unimpaired. The risk of severe bronchospasm in patients with obstructive airway disease is therefore diminished.

Sectral for angina with heart failure or post-infarction

'Sectral' does not unduly depress cardiac rate and contractility. It may therefore be used subject to the usual caution, both in angina following myocardial infarction and in angina with heart failure adequately controlled by digitalis.

and as a further help to your patients

a specially produced booklet "Living with Angina," 12 pages of simply worded information, reassurance and advice on what angina means in terms of day-to-day life.

Copies for distribution to your patients obtainable on request from your medical representative or write direct to Medical Information Division

VENTOLIN IN CHRONIC BRONCHITIS

THE MOST EXTENSIVELY PRESCRIBED BRONCHODILATOR

Ventolin (salbutamol BP) is currently the most extensively prescribed bronchodilator in chronic bronchitis. Ventolin has a high degree of selectivity for β_2 -receptors. This means lack of adverse cardiovascular effects — an important consideration in middle-aged and elderly chronic bronchitics. Whenever reversible bronchospasm can be demonstrated, for example, by measuring Peak Expiratory Flow, then the patient is likely to benefit from the routine administration of Ventolin; likely to be able to continue working; likely to suffer fewer disabling bouts of breathlessness.

VENTOLIN IS THE THERAPY OF CHOICE

Ventolin Inhaler — provides a selective route of administration using minimal doses of salbutamol delivered direct to the site of action and, having a long duration of action, is suitable for routine use.

Ventolin Tablets 2mg and 4mg — may be prescribed whenever oral therapy is preferred.

Ventolin Syrup — is a useful alternative for elderly patients.

Ventolin Spandets — offer a sustained duration of action.

Ventolin Inhaler contains salbutamol BP. All oral preparations of Ventolin contain salbutamol sulphate BP.

Ventolin — Primary Therapy in Reversible Airways Obstruction

Full prescribing information is available on request.

Ventolin and Spandet are trade marks of ALLEN & HANBURYS LTD LONDON E2 6LA

A value-for-money quiz to test your expertise

Q. Penny for penny, which is the best protein buy?

Cheddar Cheese.....☐ Standard Eggs.....☐
 Stewing Beef.....☐ Dairy Milk.....☐
 Bread.....☐ Fresh Cod.....☐
 (Answers below)*

*Answers

1st Bread
2nd Cheese
3rd Milk
4th Eggs
5th Beef
6th Cod

Yes, your 28 oz. loaf of bread is still the best protein buy on your shopping list. Does this surprise you? Perhaps you never actually considered bread as a very important source of protein in a balanced diet?

Protein, of course, is your prime body builder. But bread contributes other essentials, too. Like Calcium, for stronger bones. And Iron, vital to the blood stream. And the B Vitamins, essential for vitality.

To quote the National Food Survey (1972), bread's contribution to the average daily diet amounts to: Protein, 17%; Calcium, 13.4%; Iron, 17.7%; Niacin, 13.7%; Thiamine (Vitamin B1), 22.1%; Energy value, 14.4%.

And in comparative terms, bread and flour supply your daily diet with more thiamine and energy than any other food; only meat is higher as a source of protein, iron and niacin; only milk as a source of calcium.

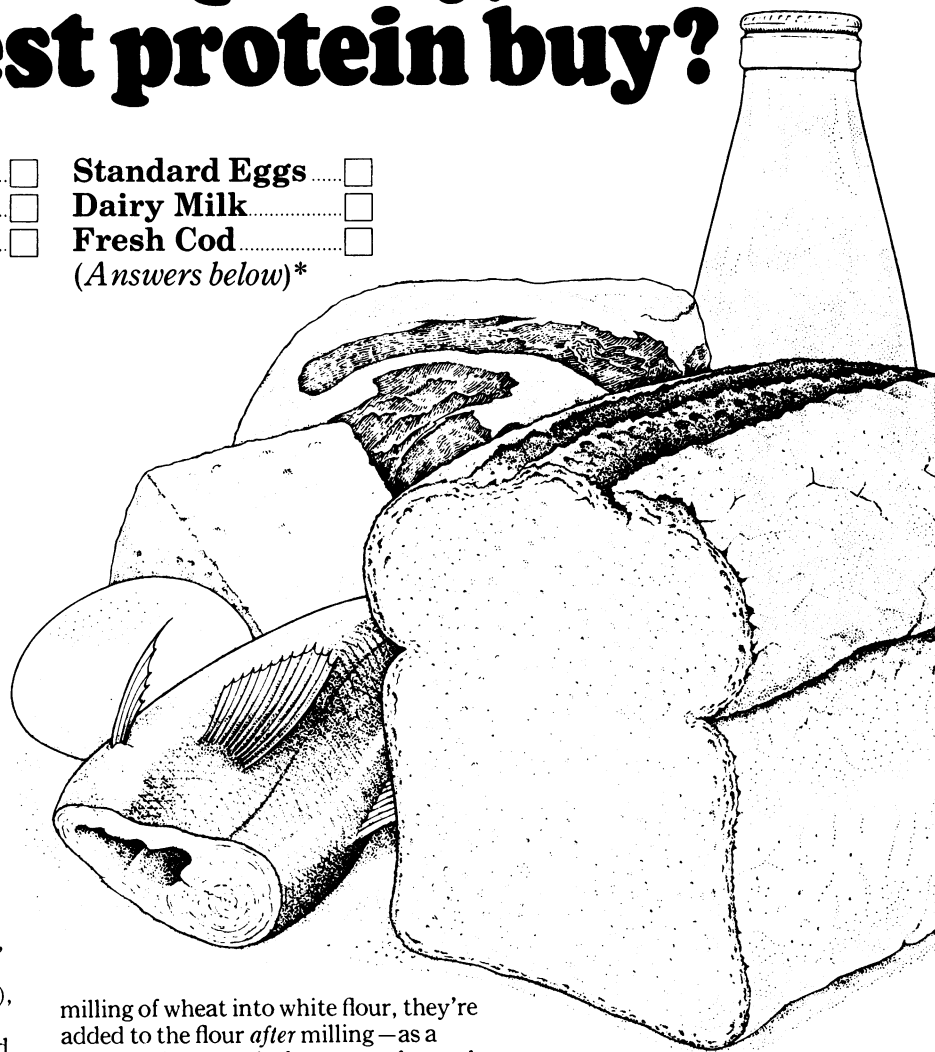

How bread compares with other foods nutritionally

The table right, illustrates in detail bread's comparative nutritional values when placed—for the same amount of money spent—against other typical food items on your shopping list.

All bread is good for you

But it's surprising how many people you meet who are almost entirely ignorant of these plain facts. To them, bread is something to be taken for granted.

And the white loaf (which represents over 80% of the bread bought in Britain), hardly ever gets a good word said for it. Yet, though certain minerals and vitamins have to be reduced in the

milling of wheat into white flour, they're added to the flour *after* milling—as a legal requirement, in fact—to safeguard the nutrient level of your bread. (Brown and wholemeal, of course, are extremely good nutritionally, and may be chosen by people requiring extra roughage).

Whichever bread you choose, you're still getting one of the best protein and nutritional bargains on the market. Enjoy your loaf!

COMPARATIVE NUTRITIONAL VALUES						
16p will buy the following:	Protein (grams)	Calories	Calcium (mg.)	Iron (mg.)	Niacin (mg.)	Thiamine (mg.)
28 oz. white bread (wrapped and sliced)	61.6	1932	728.0	14.3	13.5	1.4

Bread: still the best food value in Britain

ISSUED BY THE FLOUR ADVISORY BUREAU.

In a few minutes his antacid will stop working. What then?

Antacids and stomach coatings work. Very well. But not always for long, and only against hyperacidity. That's why you need 'Stelabid'.

Given twice daily 'Stelabid' provides protection against hypersecretion, hypermotility and painful spasm.

Its calming action alleviates the anxiety and stress so often associated with gastro-intestinal disturbances.

'Stelabid' prescribed with antacids, can provide a persistent and effective

symptomatic control of many gastro-intestinal conditions including functional disorders and peptic ulcer.

'Stelabid' Tablets can give continuous relief during the day. For patients with night pain 'Stelabid' Forte provides an extra measure of protection, and 'Stelabid' Elixir is recommended for patients who prefer a liquid preparation.

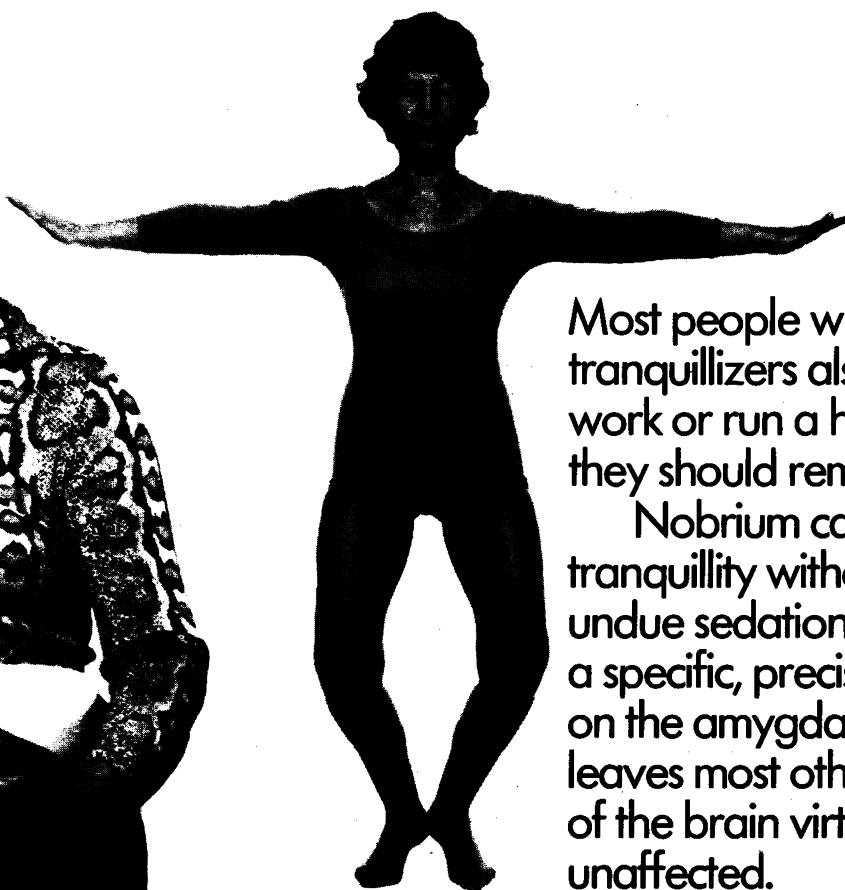

Stelabid

'Stelabid' contains isopropamide as the iodide and trifluoperazine as the hydrochloride. 'Stelabid' is a trade mark.

Full information is available on request from Smith Kline and French Laboratories Limited, Welwyn Garden City, Hertfordshire AL7 1EY.

By the end of the day she'll know why you chose Nobrium

Most people who need tranquillizers also need to work or run a home, so they should remain alert.

Nobrium can provide tranquillity without undue sedation. It has a specific, precise action on the amygdala which leaves most other parts of the brain virtually unaffected.

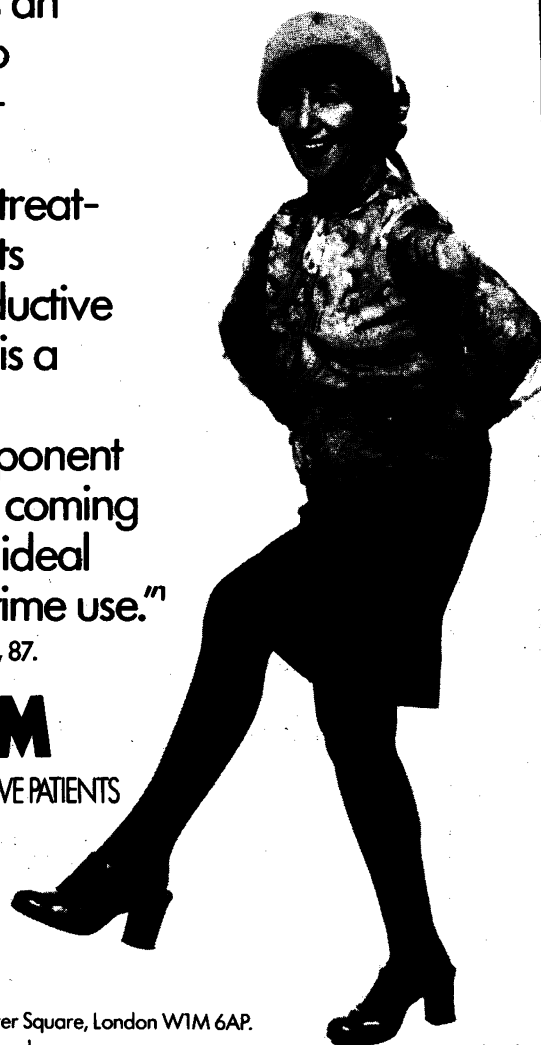

Nobrium "...is an anxiolytic agent to be given throughout the day, particularly in the treatment of outpatients with duties in productive employment.... It is a medication with a strikingly low component of sedative action coming close to being the ideal anxiolytic for daytime use."

VIVALAN

IN THE TREATMENT OF DEPRESSION

The unique antidepressant from ICI.

Non-sedative.

'Vivalan' has little or no sedative effect¹. This means that patients remain alert and active and can continue with their normal daily activities.

Rapid acting.

Controlled studies² have demonstrated that patients can show a marked improvement in as little as 3 days from the start of 'Vivalan' therapy.

Widely effective.

'Vivalan' is effective in all types of depression including mixed anxiety - depressive states³.

Clinical trials have shown that as many as 70% of patients respond favourably to 'Vivalan' therapy^{2,4}.

'Vivalan' is chemically unrelated to any anti-depressant currently available, and is a product of original ICI research.

VIVALAN

'Vivalan' is a trade mark for viloxazine.

1. *Current Therapeutic Research*, (1974), **16**, 821.
2. International Symposium on 'Vivalan', London, 12/13 November, 1974.
3. *Journal of International Medical Research*, (1974), **2**, 260.
4. *Current Medical Research and Opinion*, (1974), **2**, 455.

Further information is available on request.

VIVALAN

Prescribing Information

Presentation

'Vivalan' tablets, each containing viloxazine hydrochloride equivalent to 50 mg of viloxazine, are round, biconvex, yellow, film-coated and imprinted with the name 'Vivalan'.

Use

Antidepressant.

Depression

'Vivalan' is effective in all types and severities of depression, including those cases with a marked anxiety component, and may be used concurrently with ECT. It is able to control all the symptoms of depression. As 'Vivalan' has no sedative properties, patients remain alert during the daytime. 'Vivalan' has no hypnotic effect.

Depression in Epileptics

'Vivalan', unlike the tricyclic antidepressants, has anti-convulsant properties, and is, therefore, of value in the treatment of depression in epileptic patients.

Depression in the Elderly

Because of its lack of sedative and anticholinergic effects, 'Vivalan' is well tolerated in the elderly.

Dosage and Administration

Adults

Most patients respond to between 150–300 mg/day. Therapy may be started with either one tablet three times a day, or two tablets twice a day with meals. The onset of antidepressive effect is usually seen in the first 5–10 days of treatment, and, if no effect has been seen in a fortnight, the dose should be increased. The maximum daily dose should not exceed eight tablets.

Children

Due to absence of clinical experience in children under the age of 14 years, 'Vivalan' is not recommended in such patients.

Contraindications, Warnings, etc.

There are no specific contraindications to the use of 'Vivalan'. Epileptic patients established on phenytoin may become liable to develop phenytoin toxicity if 'Vivalan' is added, and caution is, therefore, advised in their co-administration. Patients being treated with antihypertensive agents such as debrisoquine,

guanethidine and bethanidine may require restabilising when 'Vivalan' is introduced into the therapeutic regimen. No marked interaction with alcohol occurs.

Pregnancy

No adverse effects have been seen in teratogenic studies in animals. There is no clinical experience of using 'Vivalan' in pregnancy. On basic principles, its use in the first trimester is to be avoided.

Side Effects

'Vivalan' is generally well tolerated and side effects are mild and transient. An upper gastrointestinal disturbance with, e.g. nausea, loss of appetite, may be seen, but this usually disappears in a few days. As 'Vivalan' is not a tricyclic antidepressant, it does not produce the anticholinergic, sedative and hypnotic side effects of those drugs, neither does it produce excessive weight gain. 'Vivalan' is not a monoamine oxidase inhibitor and dietary restrictions are not required.

Overdosage

Overdosage should be treated on general principles; there is no specific antidote. An unsuccessful suicidal attempt with 5g viloxazine together with a quantity of oxazepam and trimeprazine produced 24 hour coma. Cardiovascular system and respiration were unaffected. Treatment-lavage.

Pharmaceutical Precautions

Nil.

PL/0029/0074

Legal Category

There is no legal restriction on sale or supply. It is available only on the prescription of a medical practitioner.

Package Quantities

50 mg 'Vivalan' tablets are presented in blister strips each containing 10 tablets packed in cartons of 100 or 500 tablets.

THE INTELLIGENT WAY TO GET AROUND THESE DAYS.

A new car today has to justify itself in so many ways. Will it be reliable? Is it well engineered? Is fuel consumption low? Are servicing costs reasonable? Does it hold its resale value?

The DAF can answer *yes* to all these questions—and has one special virtue in addition. A unique form of automatic transmission that is both simple and highly efficient. It makes crowded roads more enjoyable. Even those irritating stop-start conditions we seem to find ourselves in more and more these days.

You see, DAF gives you 100% automatic drive. Its Variomatic transmission keeps the car in the right gear at *all* times. This helps keep fuel consumption to a minimum (at a steady 50 you can expect 40mpg according to Autocar*). DAF also gives you the most effortless driving you've ever experienced. Just push the lever forward to go forward. Back to go back. What could be more natural.

But this is only the beginning. Take the DAF66 Super Luxe for instance.

It's a remarkably roomy and well equipped car. It has fully-reclining cloth seats that are still comfortable after a day's journey. It has a heated rear window, Michelin ZX radials, two-speed wipers, an alternator, and De Dion rear suspension for superb roadholding and safety.

It's also designed for the British climate. Built to last. With stainless steel bumpers and the latest deep dip electrostatic bodywork protection. (Remember how DAF cars were praised in the AA's VISAR survey on rusting).

In short, a sensible car for sensible people, and obviously the intelligent way to get around these days. There are fourteen DAF models to choose from. See your DAF dealer now. He's listed in Yellow Pages.

The Retreat, York

For the Treatment of Psychiatric Illnesses

This long established Private Registered Nursing Home of 275 beds is a non-profit making Quaker charity.

It has separate departments for the admission of all types of acute and short stay patients and for long-stay and psycho-geriatric disorders. The Hospital is able to offer a combination of psychological and physical methods of treatment for most types of psychiatric illness, including alcohol dependence in a sympathetic and friendly atmosphere where religious convictions are understood and problems can be given individual specialist consideration.

The Hospital stands within its own grounds on the outskirts of the City of York and is able to offer a wide range of occupational activities.

The Hospital is recognised by the main private patient schemes and fees which are inclusive start from £9.30 per day.

For further particulars apply to:- The Medical Director, The Retreat, York YO1 5BN (Tel. No. 54551).

A NEW JOURNAL TO BE PUBLISHED APRIL 1975

Journal of medical ethics

The Journal of the Society for the Study of Medical Ethics

Editor: A. V. Campbell Consulting Editors: A. S. Duncan and C. M. Fletcher

Editorial Board: R. B. Welbourn (Chairman) J. C. Blackie Patrick Byrne R. Y. Calne R. D. Catterall J. Dominian G. R. Dunstan Roger Higgs Lord Kilbrandon Gordon Horobin W. S. Peart Raymond Plant Dame Muriel Powell Anthony Thorley Sir Martin Roth Cicely Saunders Edward Shotton

The practice of medicine today raises many complex problems of general concern to society. Rapid advances in, for example, genetics, organ transplantation, techniques for fertilization and termination of pregnancy, let alone the prolongation of life and growing public concern about death, dying and terminal care, have all produced both clinical and moral dilemmas. "Almost imperceptibly, medical progress has posed the community with problems that will need all the skill of lawyers, moralists, and theologians if the dignity of life is to be maintained" as 'The Times' medical correspondent has observed.

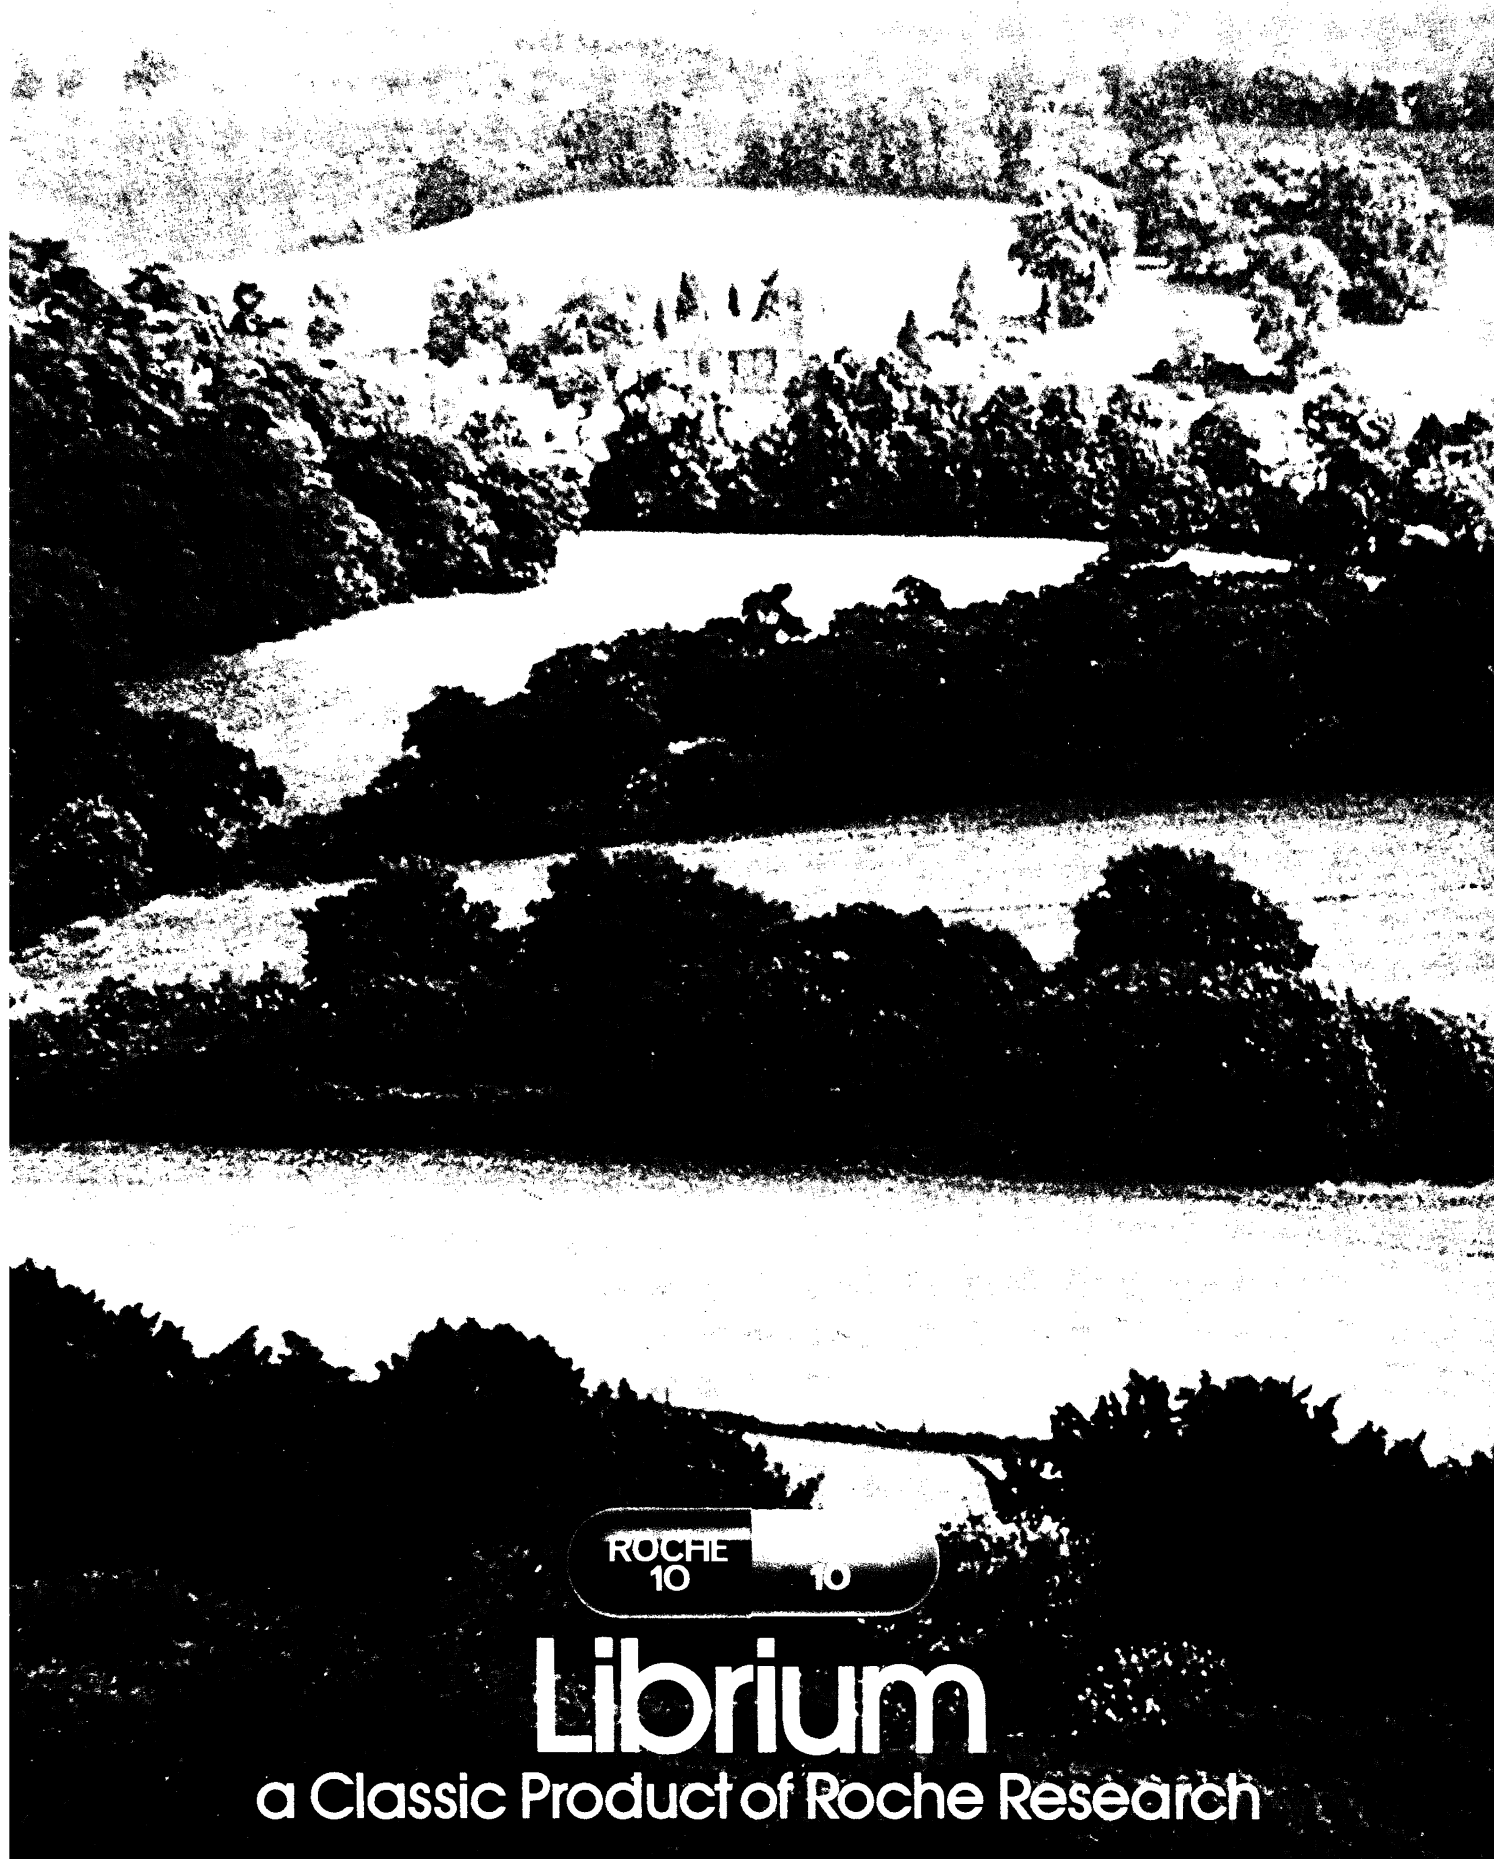

The Journal of Medical Ethics has thus been established, with a multidisciplinary Editorial Board, to promote the study of medico-moral problems. Through the Journal, it is aimed to encourage a high academic standard for this developing subject and to influence the quality of both professional and public discussion.

Published quarterly, the Journal includes papers on all aspects of medical ethics; analyses ethical concepts and theories; and features case conferences and comment on clinical practice.

A new way of life...

for today's hypertensive patient

Hypertensive patients who have few or no symptoms won't want to put up with therapy that may produce unpleasant or disturbing side effects. They need to carry on with their normal life, with as little interference or complication as possible. They need 'Blocadren' — a beta-blocker which can provide simple and straightforward control of their elevated blood pressure.

BLOCADREN®
Timolol maleate/MSD

- In most patients with essential hypertension, 'Blocadren' reduces blood pressure smoothly, and without acute hypotensive episodes.
- 'Blocadren' is usually effective within a narrow dose range, and patients find treatment simple and convenient.
- Side effects such as postural hypotension, drowsiness, or depression are infrequently observed, so patients find few restrictions on their activities.
- 'Blocadren' may be used alone, or concomitantly with other antihypertensive therapy, such as a thiazide, 'Moduretic' (amiloride hydrochloride and hydrochlorothiazide), hydralazine, or 'Aldomet' (methyldopa/MSD).

'Blocadren' makes antihypertensive therapy more acceptable

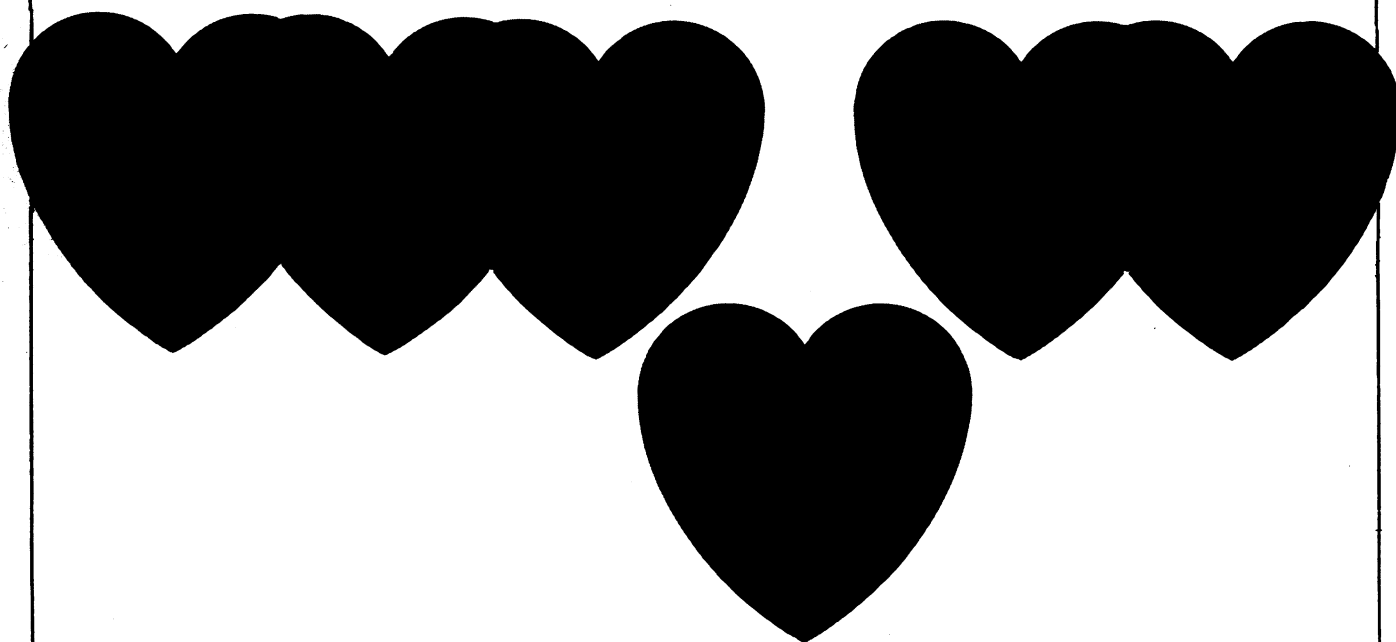

'Blocadren' is supplied as half-scored 10 mg tablets. ® denotes registered trademark; 'Aldomet' and 'Moduretic' are registered trademarks.

NOTE: There are important contra-indications to the use of 'Blocadren', particularly congestive heart failure, allergic rhinitis, bronchospasm, and asthma. Detailed information is available to physicians on request.

Merck Sharp & Dohme Limited
Hoddesdon, Hertfordshire, EN11 9BU

Heart Attacks—can they be predicted?

"The conclusion seems inescapable that the occurrence of a cardiovascular catastrophe in the hypertensive patient constitutes a medical failure rather than the first indication for treatment. Apparent medical trivia such as asymptomatic hypertension when accompanied by hypercholesterolaemia, impaired glucose tolerance, the cigarette habit or ECG abnormalities are responsible for the bulk of cardiovascular mortality. We must learn to diagnose cardiovascular disease on its way to happening, to recognise the hallmarks of increased vulnerability and to synthesize them into a composite risk estimate, and also how to deal with the cardiovascular disease precursors effectively."¹

"With a casual blood test for cholesterol and sugar, blood pressure determination, cigarette history and ECG examination, it is possible to identify a tenth of the asymptomatic population from which 25% of the coronary heart disease, 40% of the occlusive peripheral arterial disease, and 50% of the strokes and congestive failure will evolve."¹

"The Tell-Tale Heart", the title of Edgar Allan Poe's story has a second meaning for the general practitioner. The patient at risk to heart disease will often reveal this unwittingly by "Tell-Tale" signs.

First suspicions may be aroused by tobacco stained fingers, obesity, dyspnoea, raised blood pressure or a family history of heart disease. Glucose intolerance or an ECG abnormality may show at closer examination. Furthermore, a raised serum cholesterol level may also be found.

Each of the above factors significantly increases likelihood of C.H.D., the risk rising with the number of factors present.^{1,2}

A recent study proved the predictive use of these risk factors in a group of 5000 men. C.H.D. was twenty-nine times more common in the high risk group than in controls—smoking, raised cholesterol and raised blood pressure being the best predictors of C.H.D.²

Since medical opinion at present recommends reduction of these risk factors, moderation of smoking and eating habits may be advantageous. However, reduction of a major risk factor—raised serum cholesterol—is of prime importance and here therapy may be indicated with Secholex, a new palatable ion exchange gel. Taken alone, or with clofibrate, marked reductions in serum cholesterol are obtained.^{3,4,5}

Secholex

(polidexide) is available as boxes of 50 x 3g. sachets.

Listen to the difference between Amoxil and other

The difference which has given significantly longer periods of relief from acute exacerbations of chronic bronchitis than tetracyclines, ampicillin and cephalosporin.¹ The difference that makes Amoxil more effective than ampicillin in the treatment of chest infections.^{1,2,3,4}

The difference which takes over where the tetracyclines have done all you can

expect of them in bronchitis—

so that significantly greater relief of all clinical symptoms can be demonstrated.⁵

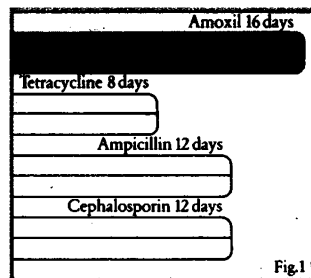

The difference that allows Amoxil to penetrate bronchial membrane barriers regardless of the degree of inflammation.⁴

The difference in absorption that means Amoxil can be taken t.d.s. with or without food—which means it is simpler for patients to take properly. To these differences must be added Amoxil's safety and the fact that it is one of the least expensive therapies for respiratory infections. No wonder doctors everywhere are recognising that Amoxil makes all the difference.

er antibiotics

‘In the cases of our severely sick in-patients, which of course cannot be compared with milder cases of out-patient practice, we found with amoxycillin [Amoxil] a clearly longer relapse rate than with other preparations.¹⁹ (These included various tetracyclines, ampicillin, chloramphenicol and cephalosporin).

‘Amoxycillin [Amoxil] was more effective than oxytetracycline when all the patients treated were considered together. Its superiority, however, was most marked in the case of the less severely affected patients, in whom the differences were highly significant.⁵⁹

‘The demonstration that amoxycillin [Amoxil] penetrates into bronchial secretions as efficiently when the mucosa is uninflamed as when it is inflamed, suggests that clearance of bacteria from the lower respiratory tract should be more easily accomplished with this drug than ampicillin. Further, there is the implication that organisms may be more readily cleared from the upper respiratory tract, which frequently acts as a reservoir of potential pathogens from which relapse of lower respiratory infection may stem.⁴⁹

Amoxil

Makes all the difference in respiratory infections.

**We do
as much as
you
can afford.**

The irony of being a charity is that you depend on charity to survive. Barnardo's is Britain's largest child care charity. That means our 7000 children rely on the charity of people just like you. Out of every £1 donated, at least 82p is spent entirely on helping these children.

There are all kinds of Barnardo's children. Some are handicapped, some are deprived. A few are orphaned, many simply deserted. The one thing they all have in common when they come to us is a desperate need for somebody to do something for them.

Unfortunately, we find ourselves in much the same position. Without continuous charitable acts by you, and people like you, we cannot go on feeding, clothing and educating our children. We cannot go on running Dr. Barnardo's schools, homes and Day Care centres. Or finding foster homes. Or struggling to keep families together.

We desperately need a donation from you. Even better is a Deed of Covenant because we can recover tax already paid. Or maybe you'd prefer to join a local fund raising group?

Only if you help can we go on giving hope to our children. However much, or little, you can afford, surely 7000 young lives are worth something?

We can't give unless you do.

Barnardo's

YX2331

Britain's largest child care charity.

I enclose a donation of £1 ☐ £2 ☐ £5 ☐ £10 ☐ £20 ☐ £.....
I would like to know more about Wills/Covenants. ☐
I would like to know how I can help Barnardo's. ☐ (tick box)
(Make cheque/PO payable to Dr. Barnardo's).

**Is your
asthmatic patient
living and breathing
to the full?**

Or is he settling for second best?

His asthma may possibly be controlled by sodium cromoglycate or bronchodilators; or both.

But if his breathing capacity still falls short of normal, he may not be free to live as fully as he would like.

He may be settling for second best.

By adding Bextasol to his regime you could offer the chronic asthmatic a fuller enjoyment of life.

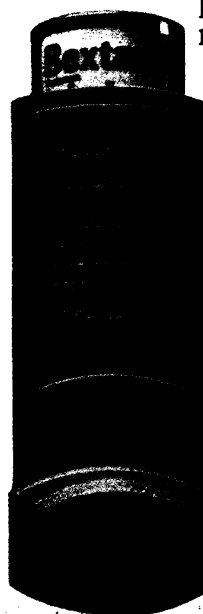

Bextasol inhaler has been shown to increase lung function significantly.¹

And because of its particular corticosteroid action,* Bextasol can establish effective prophylactic control of many types of asthma; without the attendant problems of systemic steroid side effects.

So he *may* find that Bextasol is the only maintenance therapy he needs.

1. Supplement to *Postgraduate Medical Journal* (1974) 50, 53

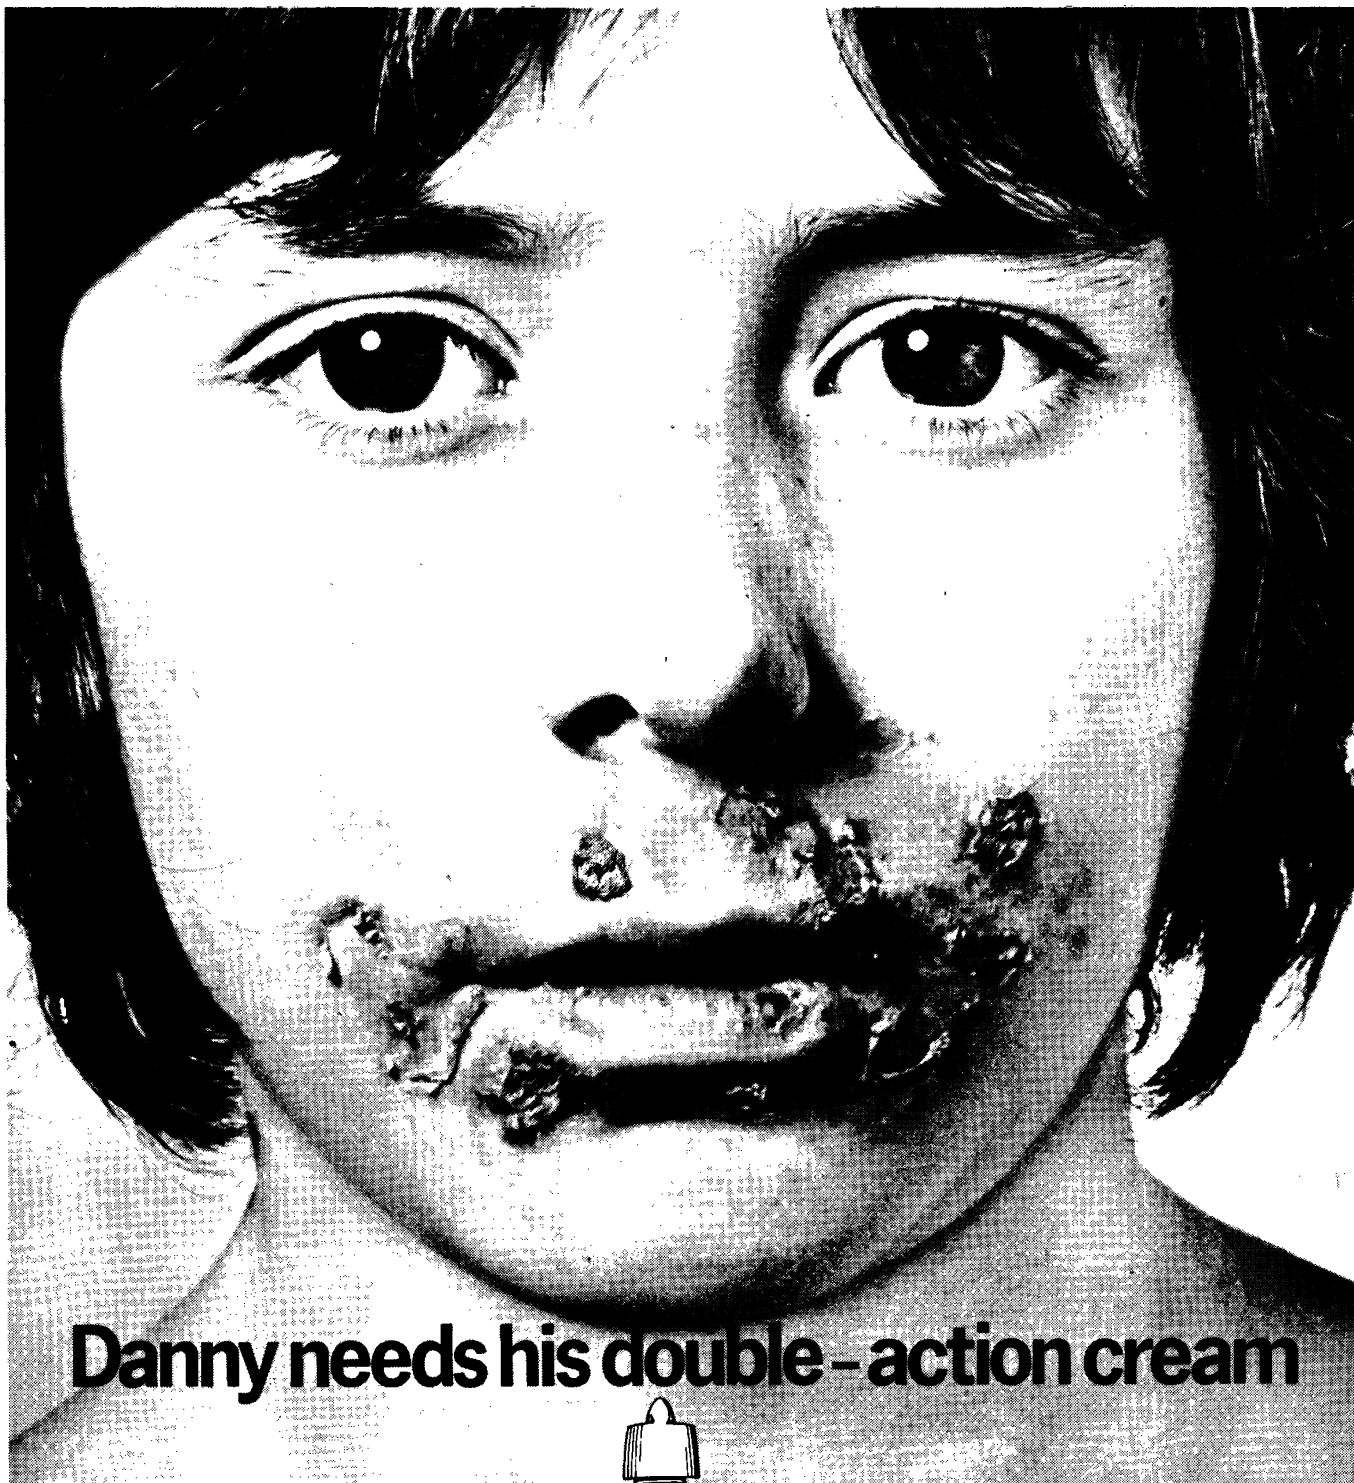

Bextasol inhaler is available as a pressurised aerosol containing a suspension of micronised betamethasone valerate BP* (a corticosteroid known for its high topical, and low systemic, activity) with propellants. Each container supplies 200 metered inhalations, each providing 100 micrograms of betamethasone valerate.

Bextasol Inhaler
helps prevent asthma
improves lung function.

For detailed information on Bextasol (trade mark) write to Glaxo Laboratories Ltd Greenford, Middlesex UB6 0HE

GENERAL PRACTICE TRAINING POSTS (See also p.xvi)

DEVON AREA HEALTH AUTHORITY Torbay Health District Torbay Hospital VOCATIONAL TRAINING FOR GENERAL PRACTITIONER

Applications are invited from recently qualified medical graduates for a three year course of training starting (1) 1st June, 1975, and (2) 1st December, 1975.

The programme comprises:
a) A two month's introductory appointment in a teaching General Practice.
b) Four six months appointments of S.H.O. Grade in General Medicine, Paediatrics, Psychiatry and a special appointment with

Out-patient teaching in Gynaecology, Ophthalmology, Ear, Nose and Throat, and Dermatology.

c) A final ten months in a teaching General Practice.

Study programmes with the General Practice Group and the University of Exeter will run throughout the appointment.

The Scheme is recognized by the Royal College of G.P.'s for the M.R.C.G.P.

Resident when on-call for General Medicine and Paediatric commitment. (22191) 21

LINCOLNSHIRE AREA HEALTH AUTHORITY North District LINCOLN VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTITIONERS

Applications are invited from Post-Registration Graduates for two places in the Vocational Training Scheme which will be available on August 1st, 1974.

This training programme commences with an initial period of three months in a teaching practice, followed by two years rotational S.H.O. posts at Lincoln County Hospital and St. George's Hospital, and a final nine months in the teaching practice. The hospital posts (six months in each) will be spent in General Medicine, Obstetrics with Gynaecology, Paediatrics and Geriatrics with Infectious Diseases. All of which offer a wide range of clinical experience in busy and interesting jobs under experienced Consultants, all of whom are good teachers. The posts are recognized for the M.R.C.G.P., the D.C.H. and the D.R.C.O.G. The scheme will be based on the new and well equipped Postgraduate medical Centre at Lincoln County Hospital where an excellent library is available. The emphasis on this scheme will be upon training for Rural Practice.

Opportunities for out-patients attendances during weekly half-day study periods will be available in various other specialties such as E.N.T. Ophthalmology, Psychiatry etc. Seminars arranged by the General Practitioner Organiser will cover a wide variety of important subjects such as the Social Services, Industrial Medicine, Public Health, Practice Organisation and a variety of clinical subjects important in practice.

Married accommodation may be available throughout the three year period.

Applications, enclosing curriculum vitae and naming two referees, should be sent as soon as possible to District Personnel Officer, 1, St. Anne's Road, Lincoln. LN2 5RA. (39892) 21

WESEX VOCATIONAL TRAINING FOR GENERAL PRACTICE West Dorset Health District

Applications are invited for a three year rotating post as an S.H.O. and as a Trainee in General Practice in the Dorchester and Weymouth Hospitals, and in an associated General Practice from the 23rd July, 1975.

This post will qualify the holder for the Vocational Training Allowance and to sit the M.R.C.G.P. and the D.Obst. R.C.O.G. The hospital posts include six months each in Obstetrics and Gynaecology, Paediatrics and General Medicine, with a further six months in elective subjects, including Psychiatry and Geriatrics. There will be a short introduction to General Practice prior to the commencement of the rotation from about the 9th to 22nd July.

There is a modern progressive Postgraduate Medical Centre with good library facilities at Dorset County Hospital, Dorchester and weekly day release postgraduate courses are available at Southampton. During the final long attachment to a practice, the holder of the post will be encouraged to attend the day release course for General Practice.

Application forms and further particulars from the Assistant District Personnel Officer, West Dorset Health District, Herrison House, Herrison Hospital, Dorchester, Dorset, to whom they should be returned without delay. (40091) 21

UNIVERSITY OF BRISTOL

RESEARCH ASSISTANT
required to participate in a project financed by the Medical Research Council to determine the role of mechanical and electrical influences on osteogenesis, bone remodelling and repair. The project involves in vivo and in vitro studies on the relationship between the mechanical deformation of bone and its associated electrical polarisation during locomotion.

The post is tenable at pre and post doctoral level and salary will be according to experience. Applicants should be graduates with either medical, veterinary or science degrees.

Applications, together with a curriculum vitae and the names of two referees, should be sent to The Secretary, Department of Anatomy, Park Row, Bristol BS1 5LS by 30th April, (22271) 25

GENERAL PRACTICE TRAINING POSTS

Maidstone Vocational Scheme for General Practice

Recognized for: M.R.C.G.P., D.C.H. & D.R.C.O.G. and Obstetrics list

Applications are invited from fully registered doctors for two vacancies in this Scheme starting on 1st July, 1975. They will be joining four doctors already in the Scheme.

The Scheme consists of a three year training period centred in Maidstone, Kent. Rented married/single accommodation will be available to the successful applicants continuously for the three years.

The Course consists of a year in General Practice and four Senior House Officer appointments chosen from the following—

Six months in Casualty; six months in Psychiatry; six months in Paediatrics; six months in Obstetrics; six months in Geriatrics; twelve months in Medicine.

A half day Release Course will be held throughout the three years (3 x 10 half days each year).

Enquiries about the Scheme and applications should be sent to: Dr. H. C. H. Bird, 3 Stockett Lane, Coxheath, Maidstone, ME17 4PS, before Monday, 21st April, 1975. (H14465) 21

VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE - BOURNEMOUTH

WESSEX REGIONAL HEALTH AUTHORITY
DORSET AREA HEALTH AUTHORITY
(EAST DORSET HEALTH CARE DISTRICT)

Applications are invited from post-registration graduates for a Senior House Officer grade post in a three-year Vocational Training Scheme commencing on the 1st June, 1975. This Scheme commences with an initial month and concludes with a final 11 months in General Practice with an approved trainer.

The hospital posts will be for six months each in Chest Medicine, Obstetrics and Gynaecology and Geriatrics (in an active short-stay unit). There is a six-months elective period during which there will be opportunities for gaining experience in other specialties. The Scheme is recognized for the M.R.C.G.P. and the D.(Obst.)R.C.O.G. and on completion of the appointment the holder qualifies for the Vocational Training Allowance paid to principals in the National Health Service.

Included in the Scheme is a Day Release Course at Southampton or Winchester and arrangements can be made for interested candidates to visit the hospitals and the Practice involved in the Scheme.

The hospital posts are resident and single accommodation is available.

Married accommodation may be available according to supply and demand, which will vary from time to time.

Forms of Application and full details of the appointment may be obtained from the Administrative Assistant (Medical Staffing), Central Administrative Offices, Royal Victoria Hospital, Shelley Road, Boscombe, Bournemouth, to whom completed forms should be returned by Saturday, the 26th APRIL, 1975. Telephone enquiries to Miss Stark — Bournemouth 35201, Extension 234.

GENERAL PRACTICE TRAINING POSTS

Bury St. Edmunds
Health District

(SUFFOLK AREA HEALTH AUTHORITY)

West Suffolk Vocational Training Scheme for General Practice

Applications are invited for the third intake of this three year scheme, commencing on the 1st October, 1975. The scheme is recognized by the Royal College of General Practitioners. The initial three months and final nine months general practice attachment are split by four specially created Hospitals in service Senior House Officer appointments:

6-months Obstetrics and Gynaecology (Recognized for D.Obs.R.C.O.G.)

6-months Paediatrics (Recognized for D.C.H.)

6-months General Medicine with Geriatrics

6-months Psychiatry with sessional commitments to Accident and Emergency.

The Scheme is centred on a New District General Hospital and operates in an Urban and Rural area in which there is a good General Practitioner/Consultant liaison.

Throughout the Scheme, there are weekly half day elective periods which provide a comprehensive course on all aspects of General Practice.

The Suffolk Area Health Authority will be responsible for all salary payments, and the Bury St. Edmunds Health District will provide accommodation for the three year period.

Further information and application forms are available from the Hospital Secretary, West Suffolk Hospital, Bury St. Edmunds, Suffolk, IP33 2QZ telephone Bury St. Edmunds 63131 Extension 538. Closing date 30th April, 1975. (39904) 21

COMMERCIAL APPOINTMENTS

Medical Adviser

May & Baker Ltd., require a physician with an interest in marketing.

This is a senior post and the person appointed will be responsible for:

- (1) the conduct of clinical trials on established products
- (2) the continuous medical education of an exceptionally well-qualified force of medical representatives
- (3) the maintenance of the highest ethical standards in all aspects of marketing and advice on the preparation of promotional and education material
- (4) the provision of technical information and advice concerning the Company's pharmaceutical products

UNIVERSITY OF DUNDEE Department of Dermatology

Applications are invited from registered medical practitioners for the post of

RESEARCH FELLOW

in the Department of Dermatology. The successful applicant for this post, which is supported by the Medical Research Council, will be appointed with lecturer status in the University of Dundee and will have an honorary grading from the Tayside Health Board of either Senior Registrar or Registrar depending on experience and qualifications.

The fellowship is concerned with the study of certain aspects of photobiology of the skin but the appointee will have an opportunity to share in all aspects of the work of the Department.

Initial salary will be within the University Clinical Lecturer scale with an approximate maximum of £4700 per annum, according to qualifications and experience, and the appointment will be for a maximum of three years.

Applications, containing the names of three referees and quoting Reference Est/14/75N should be sent by 16th May, 1975 to The Secretary, The University, Dundee, DD1 4HN. (22317) 25

UNIVERSITY OF DUNDEE

CHAIR OF SURGERY

The University Court invites applications for the Chair of Surgery which will fall vacant on 30th September, 1975 on the retirement of Professor Sir Donald Douglas. The Department of Surgery is now based in the Ninewells Hospital and Medical School. The successful candidate will be granted an Honorary Consultant appointment by the Tayside Health Board.

Applications (16 copies — overseas applicants 1 copy) including the names of three referees and quoting Ref. Est/25/75N should be lodged not later than 10th May, 1975 with The Secretary, The University, Dundee, DD1 4HN, from whom further particulars may be obtained. (22315) 25

OCCUPATIONAL HEALTH (see also p.xviii)

Director of Medical Affairs Pharmaceuticals

A major British international company requires an experienced leader of drug development programmes to join its headquarters in England. The company has a well established range of ethical and consumer products marketed throughout the world. Development programmes are in hand for a number of new drugs which are expected to add to the company's reputation for important advances in the treatment of non-infectious diseases.

The post of Director of Medical Affairs controls projects which are directly integrated with all the other Research disciplines in the company. He has scientific responsibility for determining the safety and clinical activity of ethical products. The Director of Medical Affairs advises the Board on all aspects of policy relating to professional medicine. He provides central services for the management of clinical trial programmes, guiding the establishment of new products through overseas management and medical teams.

The Director should have sufficient reputation to represent the company at the highest levels in the Profession, Industry and Government Health Authorities throughout the world. He should also be qualified to manage both laboratory and clinical programmes of drug assessment in most areas of therapy. There is a budget in excess of £1m and 140 biological and clinical staff are involved.

A substantial starting salary will be offered with usual large company benefits.

Please apply in strict confidence, quoting reference number 1626, to John Stokes, Clive & Stokes, 14 Bolton Street, London W1Y 8JL.

Applications invited for 2 joint posts of TEMPORARY LECTURER IN PHYSIOLOGY

SENIOR HOUSE OFFICER IN ANAESTHETICS

Duties will include teaching medical and science students in the Department of Physiology and clinical responsibilities in the Department of Anaesthetics at M.R.I. Applicants should be medically qualified, preferably with experience in anaesthetics. These posts are suitable for study for a further qualification. Salary range £2,823 — £5,198 p.a. Further particulars and application forms (returnable by 23rd April) from the Registrar, The University, Manchester M13 9PL. Quote ref: 65/75/JMB. (22363) 25

UNIVERSITY OF DUNDEE LECTURER IN MEDICAL SOCIOLOGY (Medical or non-medical)

Applications are invited for the above post. Although within the Department of Community and Occupational Medicine, the successful applicant will also hold a secondary appointment in the School of Social Administration in the Faculty of Arts and Social Sciences.

He/she will be responsible for the teaching of the medical sociology component of the undergraduate course in behavioural sciences, and to an increasing extent in postgraduate medical and dental education. Close and effective collaboration exists with the Department of General Practice.

The Department offers good opportunities and facilities for research. The qualifications of the successful applicant will determine whether the appointment is made on the Clinical Scale (£2853-£5232) or on the Non-Clinical Scale (£2118-£4896). Threshold supplements of £229.68 in each case. Superannuation under U.S.S. or continuation of F.S.S.U. or N.H.S. Superannuation Scheme membership.

Applications (8 copies) containing the names of three referees and quoting Reference Est/38/75N, should be lodged by 2nd May, 1975, with the Secretary, The University, Dundee DD1 4HN, from whom further particulars may be obtained. (22316) 25

THE UNIVERSITY OF SHEFFIELD RESEARCH DIRECTOR

Services for the Mentally Handicapped The hospital and social services authorities in Sheffield, supported by the Department of Health and Social Security, are setting up a comprehensive integrated care service for the mentally handicapped.

The Department of Health and Social Security has asked the University of Sheffield to develop a research programme of evaluation and research in connection with this development; it is also sponsoring the setting up of a mental handicap case register in Sheffield. The composition, the size of the research team, and the precise scope and content of evaluation will depend very largely on the abilities and experience of the person appointed as Research Director. Applications for this post are now invited.

The appointment will be initially for 5 years, from the commencement of the next academic year or from some other date to be agreed. Salary, commensurate with age and experience, will be on a range £4,707 to £5,976. Threshold payment in addition, but could be higher for an applicant of considerable experience. Previous research experience need not necessarily be in the field of mental handicap. The research team will be in one of the Departments of Community Medicine, Psychology or Sociological Studies, depending on the particular interests of the Director.

Further particulars from the Registrar and Secretary, the University, Sheffield S10 2TN, to whom applications (5 copies) should be sent by 25th April, 1975. Quote ref. R 190/P. (22226) 25

(21372)

25

MEDICAL RESEARCH COUNCIL UNIT AND UNIVERSITY DEPARTMENT OF CLINICAL ONCOLOGY AND RADIOTHERAPEUTICS

CLINICAL SCIENTIST

Applications are invited for this post, which will involve participation in clinical and laboratory studies in a new M.R.C. Unit and the University Department of Oncology and Radiotherapeutics, under the direction of Professor M. M. Bleehen.

Candidates must be in possession of the F.F.R. (Part I or II) and a higher medical or surgical diploma.

The successful candidate will be appointed to the staff of the Medical Research Council and application will be made on his behalf to the Area Health Authority for the award of an honorary clinical contract at the appropriate level.

Starting date 1st August, 1975. Closing date for applications 26th April.

Application forms from Miss F. M. Taylor, M.R.C. Clinical Oncology and Radiotherapeutics Unit, University Postgraduate Medical School, Hills Road, Cambridge CB2 2QH. (H15515) 25

UNIVERSITY OF AUCKLAND

New Zealand
School of Medicine

Applications are invited for the following newly-established Chairs:

CHAIR IN ORTHOPAEDIC SURGERY

within the Department of Surgery. The establishment of the Chair has been made possible by a generous endowment from Sir William Stevenson of Auckland for the development of Orthopaedic Surgery within the School of Medicine.

The Chair in Orthopaedic Surgery will be a second Chair in the Department of Surgery.

Candidates should hold a medical qualification registrable in New Zealand, together with a recognized postgraduate qualification. The Professor will be expected to organize the teaching of Orthopaedic Surgery to both undergraduate and postgraduate students; to encourage, supervise and actively pursue research in the Departmental laboratories; to assist with the general administration of the Department. From time to time the Professor may be asked to undertake the duties of an Acting Head of Department in the School of Medicine. It is expected the successful candidate would take up a maximum of 5/10ths service with either Auckland Hospital or Middlemore Hospital. In Auckland Hospital there are 230. All of these are available for teaching purposes.

CHAIR IN RADIOLOGY
tenable in one of the existing Departments of the School of Medicine. Although it is anticipated the Professor will be attached to the Department of Surgery, an alternative Department could be chosen according to the clinical interests of the successful candidate. It is envisaged that at some future date Radiology may become a separate Department. The establishment of the Chair has been made possible by a generous grant from the Auckland Savings Bank.

Candidates should hold a medical qualification registrable in New Zealand, together with a recognized postgraduate qualification. In particular duties would include: (a) the planning, co-ordinating and assisting with both undergraduate and postgraduate teaching of Radiology in the School of Medicine and Auckland Hospital; (b) the control of the radiological laboratory within the clinical sciences building of the School of Medicine including oversight of the activities performed within the X-ray experimental area of the Animal Laboratories. From time to time the Professor may be asked to undertake the duties of an Acting Head of Department in the School of Medicine. It is expected the Professor would take up a maximum of 5/10ths service with Auckland Hospital.

Conditions of Appointment and Method of Application are available from the Association of Commonwealth Universities (Apts.), 36 Gordon Square, London WC1H 0PF.

Salaries for medically qualified Professors are established within the range NZ\$20,522 to NZ\$22,660 per annum, having regard to the qualifications of the candidate concerned.

Applications will be accepted at any time up to 7th May, 1975. It is hoped the successful candidates will be able to take up duties during 1975. (22309) 25

THE UNIVERSITY OF MANCHESTER

TEMPORARY LECTURES

IN ANATOMY

Applications invited for these posts, formerly termed Demonstratorships, Assistant Lectureships and temporary initially for one year from 1st September or as soon thereafter as possible. Candidates should have medical qualifications registrable in this country.

Persons working for F.R.C.S. considered. Salary range £18,425-£25,500 per annum. Further particulars and application forms (returnable by 28th April) from the Registrar, The University, Manchester, M13 9PL. Quote ref: 51/75/JMB. (22269) 25

UNIVERSITY OF NEW SOUTH WALES

School of Anatomy

SENIOR TUTORS

Good honours degree in medicine or science required together with extensive teaching experience. Applicants with experience in teaching human gross anatomy and neuroanatomy or human histology and embryology preferred.

LECTURERS/SENIOR LECTURERS
High academic qualifications in medicine or science required together with research and/or teaching experience in such fields as topographical anatomy, neuroanatomy, mammalian histology and histochemistry, and embryology. In addition to salary, a clinical loading of \$A1,111 per annum is payable to medical graduates.

The School is responsible for the teaching of all branches of human anatomy, including topographical human anatomy, neuroanatomy, histology and embryology, to students of medicine and science. For medical students, the anatomical studies are synchronised and in part integrated with physiology, biochemistry and other subjects. Clinical relevance of all aspects of the course is emphasised. Facilities are provided for a wide range of research including electron microscopy, quantitative cytology, tissue culture and histochemistry.

Salaries: \$A15,400-\$A17,900 per annum (senior lecturer); \$A11,250-\$A15,100 per annum (lecturer); between \$A9,750 and \$A11,250 per annum (senior tutor).

Commencing salary according to qualifications and experience. Initial appointment as senior tutor is until end of January, 1976 with prospects of annual renewal for a further two years.

Details of appointment, including superannuation, study leave and housing scheme, may be obtained from the Association of Commonwealth Universities (Apts.), 36 Gordon Square, London WC1H 0PF. Forward applications as soon as possible, but no later than 23rd May, 1975 (22310) 25

UNIVERSITY OF AUCKLAND

New Zealand
School of Medicine

Applications are invited for the following positions. Conditions of Appointment and Method of Application are available from the Association of Commonwealth Universities (Apts.), 36 Gordon Square, London WC1H 0PF. Applications will be accepted at any time up to 7th May, 1975.

Commencing salaries within the appropriate recently announced scales will be established according to qualifications and experience.

(a) Medically qualified staff: Senior Lecturer — NZ\$15,394 x 4 increments — \$17,703 per annum; Lecturer — NZ\$10,520 x 4 increments to a bar at \$12,440 per annum. In exceptional cases the Council may extend this scale up to \$14,967 per annum.

(b) Non-medical staff: Senior Lecturer — NZ\$10,007 x 5 increments to a bar at \$11,718 per annum. In exceptional cases the Council may extend this scale up to \$12,743 per annum. Lecturer — NZ\$7,787 x 6 increments — \$9,838 per annum.

PATHOLOGY

SENIOR LECTURESHIP/LECTURESHIP

Candidates should hold a medical qualification registrable in New Zealand, together with a recognized postgraduate qualification in Pathology (for example F.R.C.P.A. or M.R.C.Path.). It is envisaged that the successful applicant will have or will develop a special interest in a particular field of Histopathology. The successful applicant will be expected to devote up to half his time to Histopathology within one of the major histopathological laboratories of the Auckland Hospital Board's Hospitals. The successful applicant will be expected to assist in the undergraduate and postgraduate teaching courses in Pathology, and actively to pursue research projects relevant to his interests.

PHYSIOLOGY

SENIOR LECTURESHIP/LECTURESHIP

A highly qualified applicant may be appointed at the level of Associate-Professor. The successful applicant will be expected to take part in undergraduate and postgraduate teaching in the Department with special emphasis on the teaching of Pharmacology, and actively to pursue research projects in the field of his choice. (22308) 25

UNIVERSITY OF QUEENSLAND

Australia

RESEARCH FELLOW

IN CLINICAL PHARMACOLOGY

Applications are invited from medically qualified graduates for the above-mentioned post in the Department of Medicine at the Princess Alexandra Hospital. The appointment, which will be for an initial period of 2 years, is being supported by Merck Sharp and Dohme (Australia) Pty. Ltd., and will be supervised by Professor B. T. Emmerson. The appointee will be expected to work on problems of clinical pharmacology and evaluation of drugs and to undergo link undergraduate and postgraduate teaching. The special, though not exclusive, interest of the unit is in renal handling of drugs and the effects of drugs on discrete renal functions. 30th June, 1975.

Salary: Within the range of \$A11,250-\$A14,000 per annum with a supplement for undergraduate teaching, plus superannuation similar to F.S.S.U.

Applicants are asked to request three referees to submit confidential reports (to arrive within one week of closing date) to the Staff Officer, University of Queensland, St. Lucia, Q. 4067, Australia.

Additional information and application forms are available from the Association of Commonwealth Universities (Apts.), 36 Gordon Square, London WC1H 0PF. (22263) 25

UNIVERSITY OF SOUTHAMPTON

Faculty of Medicine

Applications are invited from registered medical practitioners for the post of

LECTURER IN CHILD HEALTH

This is a new post and the Lecturer will have clinical, teaching and research duties in community child health including developmental paediatrics, handicap and school health. There is already a strong link between the community and hospital paediatric services in this Area and the establishment of this post is seen as a further step in this direction. Applicants should have considerable experience in clinical paediatrics and previous experience in developmental paediatrics is desirable. It is intended that the Lecturer will be offered honorary Senior Registrar status by the Hampshire Area Health Authority (Teaching). Salary £3,936 — £5,439 by 9 increments. Superannuation. Initial salary will depend on qualifications and experience. Further particulars may be obtained from the Administrative Secretary (Ext. 2804), The University, Southampton SO9 5NH to whom applications (7 copies from applicants resident in the U.K. and 1 from others) should be sent not later than 3rd May, 1975 quoting ref JMB/32/75/A. SOUTH EAST THAMES REGIONAL HEALTH AUTHORITY

King's (Teaching)
and Brighton Health Districts
Lambeth/Southwark/Lewisham
(Teaching)
and East Sussex
Area Health Authorities

JOINT SENIOR REGISTRAR IN ANAESTHETICS

Applications are invited for this post which
rotates between the King's Health District
(Teaching) and Brighton Health District. The
post is tenable immediately commencing at
Brighton. Normally two years are spent at
each centre.

Application forms available from the
Personnel Office, King's College Hospital,
Denmark Hill, S.E.5. Tel: 01-274 6222 Ext. 2726
(Mrs. Waite) should be completed and
returned by 26th April, 1975. (22270) 52-5

APPOINTMENTS

Applicants for medical appointments are advised to check whether the post
advertised is included in the Important Notice and to scrutinize carefully the
remuneration and terms of service offered. Any member who is in doubt about
these terms in relation to B.M.A. agreements should consult the Secretary of the
Association.

Advertisers are reminded that the Race Relations Board insists that no
descriptive term implying racial, national, or ethnic characteristics may be used
in any advertisement. Further, readers are advised not to apply for any ap-
pointment which discriminates between applicants on grounds of creed or sex.

Applicants should state name, address, age, nationality, and qualifications, and
enclose (unless otherwise specified) one copy of each of three recent testimonials,
with a short statement of experience and appointments held. Applications should
be sent at once if no closing date is given: Canvassing disqualifies (Statutory
Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with
the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation,
telephone charges, removal allowances, study leave and other matters should be
obtained from the Hospital Secretary; or by B.M.A. members from the Secretary,
British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in
the United Kingdom in the current edition of the *Hospital Gazetteer*. If such
details are not included members are advised to consult the Secretary of the
B.M.A.

Applicants requiring hospital married accommodation are strongly advised to
obtain, prior to interview, clarification in writing from the employing authority as
to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles
from a hospital. Advertisements for post-registration house officers, senior house
officers and registrars should state clearly whether the post is resident, i.e.
compulsorily resident.

In all advertisements grade should be clearly indicated. Normally a consultant
vacancy must be advertised as (a) part-time with the number of sessions clearly
stated, or (b) whole-time with the option of maximum part-time.

In the view of the BMA, an advertiser should not insist on possession of English
higher qualifications in preference to Scottish or Irish qualifications (or vice
versa).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months.
£2,202 per annum for the posts held during the first year; £2,370 per annum for
posts held during the second year; £2,538 per annum for posts held during the
third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary
residence.

SENIOR HOUSE OFFICER: £2,823 per annum x £189(1) x £186(1) — £3,198.

Deductions of £210 per annum in respect of lodging only for voluntary
residence.

REGISTRAR: £3,198 per annum x £171(3) x £168(1) — £3,879.

Deductions of £210 per annum for those with remuneration at the first in-
cremental point on the scale and £243 per annum for those on the second and
subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall
be given for any year or part of a year in excess of two spent previously in the
senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers,
senior house officers and registrars occupying posts approved for such allowances
in peripheral hospitals.

SENIOR REGISTRAR: £3,711 per annum x £168(1) x £216(4) — £4,743.

Deductions of £270 per annum in respect of lodging only for voluntary
residence.

On assimilation to the salary scale for senior registrars, increments to a
maximum of two shall be given for each year or part of a year in excess of three
spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,504 per annum x £183(2) x £180(2) x £168(10) —
£5,910.

Deductions of £270 per annum in respect of lodging only for voluntary
residence.

CONSULTANT: £5,433 per annum x £279(8) x £282(1) — £7,947.

Deductions of £420 per annum in respect of lodging only for voluntary
residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of
Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to
reside in a hospital shall be provided with lodging without charge, except
where the practitioner elects to occupy a house, flat or apartment for which a
rent is appropriate.

COMMUNITY MEDICINE

**National Scale. Specialist in Community Medicine/District Community
Physician/District Medical Officers: £5,433 x £279(8) x £282(1) — £7,947 p.a.**

**National scales for Regional and Area Medical Officers/Chief Administrative
Medical Officers vary according to authority. Information available from the
Secretary of the BMA.**

PUBLIC APPOINTMENTS ON WHITLEY SCALES

New appointments on these scales are intended solely in respect of clinical posts.
The national scales are —

Clinical Medical Officer: £3,624-£5,040 p.a.

Senior Clinical Medical Officer: £5,187-£6,660 p.a.

WOMEN DOCTORS

Women doctors in the United Kingdom intending to take on N.H.S. work when
circumstances allow may be eligible for the Women Doctors' Retainer Scheme.
Details are available from the Medical Women's Federation, Tavistock House
North, Tavistock Square, London WC1 9HX.

BLOOD TRANSFUSION

NORTHERN REGIONAL HEALTH AUTHORITY Regional Blood Transfusion Centre

DEPUTY DIRECTOR (Consultant)

(Whole-time or maximum part-time) Applicants should hold a higher medical qualification and preference will be given to those with clinical and/or laboratory experience in blood transfusion work, blood group serology, or immunology. Experience in other appropriate specialties may be acceptable.

The post will involve some routine duties in the organisation of the Service and will include responsibility for blood collection, donor immunisation, plasmapheresis immunohaematology but within the general functioning of the Centre there would be full scope for research and development work depending to some extent on the previous interests and experience of the individual appointed.

Application forms, returnable by 3rd May, 1975, from Regional Medical Officer, Northern Regional Health Authority, Benfield Road, Newcastle upon Tyne NE6 4PY.

Applicants wishing to view the Centre, which is at present located on the site of Newcastle General Hospital, may do so by appointment with the Director (Dr. S. Murray) Tel: Newcastle (0632) 37804. (40224) 53-1

CARDIOLOGY

NEWCASTLE

AREA HEALTH AUTHORITY (Teaching)

Northern Regional Health Authority

Applications are invited for the appointment of a

CONSULTANT CARDIOLOGIST (Whole-time or maximum part-time)

in the Regional Cardiological Service, based in the Newcastle Area Teaching Hospitals, associated with the University of Newcastle upon Tyne.

The Regional Cardiac Centre is at present situated in the Newcastle General Hospital but the cardiological and cardiothoracic surgical service for a population of 3 million will be integrated in a new District General Hospital due for completion in 1976. There will be a 190-bed Cardiothoracic block, in which the newly-formed academic department under the Professor of Cardiology will be located. Full facilities for cardiac investigation, surgery, and research will be available. Coronary care and paediatric cardiology will be provided for in the main hospital.

The successful candidate will be accorded appropriate honorary status in the University of Newcastle upon Tyne. Residence will be within 10 road miles of the new district general hospital.

Requests for further particulars and applications to be sent to: Area Personnel Officer, Personnel Division (Medical Staffing Section), Newcastle General Hospital, Westgate Road, Newcastle upon Tyne, NE4 6RE.

Closing date for applications: 30th April, 1975. (22182) 54-1

Street, London W1N 8AA. Tel: 01-636 8333, Ext.
7224. By 30th April, 1975. (22379) 63-5

**SOUTH EAST THAMES
REGIONAL HEALTH AUTHORITY**
(East Kent Area)
and St. Thomas' Health District
(Teaching) (London)

**TWO SENIOR REGISTRARS
IN GERIATRIC MEDICINE**

Applications are invited for the above posts which are designed to provide a comprehensive training programme for potential consultant physicians in geriatric medicine. The posts are tenable up to a maximum of 4 years and the successful applicants would rotate between St. Thomas' Hospital and East Kent Hospitals based at Canterbury, at intervals between 1 and 2 years.

The Geriatric Department of St. Thomas' Hospital situated at the South Western Hospital, Landor Road, SW9, consists of purpose built mixed sex admission wards, rehabilitation and long stay facilities, modern day hospital and day care house. A psychogeriatric assessment unit will be opened in the near future. In East Kent experience will be gained in a comprehensive geriatric service with attachments to the Department of Psychiatry and the Health Service Research unit at the University of Kent. There is a major sub-regional Postgraduate Centre in Canterbury with abundant research facilities.

Possession of a higher qualification is desirable and candidates should have had good experience in general medicine and would be expected to participate in undergraduate and postgraduate teaching and research.

Hospitals may be visited by arrangement with the Consultant Physicians in Geriatric Medicine as follows: East Kent Hospitals Dr. J. G. Pritchard, M.D., at Nunery Fields Hospital, Canterbury (0227-66877) and St. Thomas' Hospital, Dr. P. Meisner, M.R.C.P., South Western Hospital, (01-928 9292 (Ext. 4145 or 450).

Full curriculum vitae together with the names and addresses of two referees should be sent to the Medical Staffing Officer, St. Thomas' Hospital, London, SE1 by 3rd May, 1975. (40264) 63-5

**WEST MIDLANDS
REGIONAL HEALTH AUTHORITY**
(Wolverhampton Area)
Area Health Authority

**WHOLE-TIME SENIOR REGISTRAR
IN GERIATRIC MEDICINE**

based initially at New Cross Hospital, Wolverhampton. The post provides a comprehensive training in this specialty. A Chair of Geriatric Medicine has recently been established in the University of Birmingham and the successful candidate will be offered the opportunity of participating in the teaching and research activities of the University Department. In addition to the opportunities for teaching and research afforded at the hospital there may also be the possibility of rotation at a later stage in training. If required an attachment to a psychiatric unit can be arranged. Previous experience in general medicine and M.R.C.P. required. Excellent postgraduate facilities at close proximity to teaching centre.

Application forms (to be returned by 28th April) from Regional Administrator, 146 Hagley Road, Birmingham B16 9PA. (40303) 63-5

**CROYDON
AREA HEALTH AUTHORITY**
Queens Hospital (352 beds)

REGISTRAR/GERIATRICS
required immediately. Resident post. Progressive Geriatric Unit. Medical Centre with tutorial and library facilities.

Application form from Area Personnel Officer, General Hospital, Croydon, CR9 2RH, returnable by 26th April, 1975. (40097) 63-6

**ESSEX
AREA HEALTH AUTHORITY**
Southend District
Southend Hospital (450 beds)
Rochford Hospital (630 beds)

REGISTRAR IN GERIATRICS
required shortly to work in the Geriatric Unit at Rochford Hospital with some clinics at Southend. A small amount of general medical work will also be involved.

The post is resident and married or single accommodation will be available.
Applications, stating age, qualifications and previous experience, giving telephone number, together with the names and addresses of two referees, to be sent to the District Personnel Officer (Medical Staffing), Southend Hospital, Pritwell Chase, Westcliff-on-Sea, Essex SS0 0RY. (40315) 63-6

**NOTTINGHAMSHIRE
AREA HEALTH AUTHORITY**
(Teaching)

**LOCUM REGISTRAR

**SUNDERLAND
AREA HEALTH AUTHORITY**
Rhyhope General Hospital

**LOCUM REGISTRAR
IN GERIATRIC MEDICINE**

The unit contains 280 beds and out-patient clinics and the post offers extensive opportunities for dealing with acute geriatric cases. Single accommodation only is available.

Applications detailing age, experience, qualifications and the names and addresses of two referees to the Hospital Secretary, Rhyhope General Hospital, Rhyhope, Sunderland SR4 7TP. (40265) 63-6

**NOTTINGHAMSHIRE
AREA HEALTH AUTHORITY**
(Teaching)
**RESIDENT REGISTRAR
IN GERIATRIC MEDICINE**

required for the Nottingham Geriatric Unit from 1st June 1975.
The Unit, based on Sherwood Hospital, provides a service for the new North and South Nottingham Districts; and comprises approximately 450 beds for acute admissions, rehabilitation and continuing care, together with out-patients. A Day Hospital and Psychogeriatric Assessment Unit. The training will include experience in all these departments.

Sherwood Hospital is on the campus of the City Hospital, a large District General Hospital. Undergraduate teaching is carried out in the Geriatric unit and there is an extensive range of postgraduate education in association with the City Hospital, the Nottingham General Hospital and the Nottingham University Medical School. There is a modern Postgraduate Medical Centre which includes an excellent library. The post is one of two Registrar posts and the staffing of the Unit includes four Consultants and the appropriate number of junior medical staff.

Single or married quarters available. Candidates are invited to visit the Unit by arrangement with the Geriatric Department and further details can be obtained from the Department.

Applications (preferably typewritten) to Medical Personnel Department, Nottinghamshire Area Health Authority (Teaching), Lichfield Lane, Berry Hill, Mansfield, Notts, NG18 4RG by 21st April, 1975 giving age, qualifications, present and previous appointments (with dates) naming three referees. (40155) 63-6

GLASGOW HOMOEOPATHIC HOSPITAL
1000, Great Western Road
Glasgow G12 0NR

**SENIOR HOUSE OFFICER
OR REGISTRAR**
(resident or non-resident)
required from 1st May, 1975.

This small acute hospital offers experience in general medicine and surgery under the supervision of Consultant Physicians. This post gives an opportunity to a doctor wishing to learn something of the homoeopathic approach and method of prescribing in the wards and Out-patient clinics. An interest in homoeopathy is essential. A knowledge of some homoeopathic remedies would be helpful but is not essential. Full range of orthodox investigations and treatment is also used.

Two Clinics dealing with Allergy and Rheumatoid Arthritis have been set up and research is currently being carried out on these problems.

There is an opportunity for study leading to an M.D. degree in both these specialties. (Good library and postgraduate facilities).

Single resident accommodation only available. Terms and conditions of Service for Hospital Medical and Dental Staff (Scotland).

Applications with names and addresses of two referees to The Medical Superintendent, Glasgow Homoeopathic Hospital, 1000 Great Western Road, Glasgow G12 0NR. (22162) 67-8

CONSULTANT ORTHOPAEDIC SURGEON
(Whole-time or maximum part-time)
to the Hospitals constituting the North District of the Manchester Area Health Authority (Teaching). The successful candidate should hold a higher qualification in Surgery and have considerable experience, both in cold Orthopaedic Surgery and the treatment of trauma. He will join a team of three other Consultant Orthopaedic Surgeons, all of whom have special interests, and he will have beds at both Crumpsall Hospital and Ancoats Hospital for the treatment of adult cold Orthopaedic Surgery and adult trauma. He will have an out-patient responsibility for trauma at Booth Hall Children's Hospital with access to the beds and operating theatres there.

This group of hospitals is one of those authorised to teach in the Manchester Senior Registrar Training Scheme, and the successful candidate will be expected to take part in the teaching of both Postgraduates and Undergraduates, as the occasion arises.
Intending applicants will be welcome to view the hospitals and discuss the work to be undertaken with one or all of the other Consultant Orthopaedic Surgeons in post. Arrangements should be made through the District Administrator, North District Manchester Area Health Authority (Teaching), Crumpsall Hospital, Manchester M8 6RB. Tel: 061-740 1444.

Further particulars available from: The Area Medical Officer, Manchester Area Health Authority (Teaching), Mauldeth House, Mauldeth Road West, Manchester M21 2RL to whom applications with the names of three referees should be sent by 26th April, 1975. (39981) 77-1

THE ROYAL NATIONAL THROAT NOSE AND EAR HOSPITAL

Gray's Inn Road, London WC1X 8DA
and Golden Square, W1R 4EX
Associated with the Institute
of Laryngology and Otolaryngology

Applications are invited for two non-resident
posts of

REGISTRAR
On the 1st February and 1st August in each
year two posts become available in the grade
of Registrar. They will be tenable for two
years in this grade, followed by one year in the
grade of Senior Registrar. Promotion to the
Senior Registrar grade will, however, be
subject to obtaining Fellowship of the Royal
College of Surgeons of England and to
satisfactory service. Successful applicants
will be expected to complete the full three
years' training programme, which will provide
attachment for a period of six months to each
of five of the surgical divisions of the Hospital,
including the Professional Unit, giving a broad
training in all aspects of Otorhinolaryngology.
A period will also be spent in the supporting
departments and clinics of the Hospital, such
as Pathology, Radiology, Audiology, General
Medicine, Neurology, Allergy and Plastic
Surgery. Candidates will normally be
expected to have passed the Primary
Examination for Fellowship of a Royal College
of Surgeons but consideration will also be
given to previous experience in the Specialty.
The next two posts will become available on
1st August, 1975 and application forms,
obtainable from the Medical Staffing Officer,
should be returned by 26th April, 1975. (22399) 78-6

GREATER GLASGOW HEALTH BOARD

The Greater Glasgow Health Board offer a
**SENIOR REGISTRARSHIP
IN PAEDIATRICS**

based initially at Stobhill General Hospital.
This appointment will be for one year in the
first instance. Subsequent movement to other
hospitals in the interest of the Senior
Registrar's training and experience will be
arranged by the West of Scotland Committee
for Postgraduate Medical Education. The
successful applicant should be prepared to
undergo a programme of training designed for
a Consultant Paediatrician with a special
interest in practice within the community as
well as in the hospital. Research facilities in
the area of social paediatrics will be available.
Further details can be obtained from the
Secretary, Greater Glasgow Health Board, 351
Sauchiehall Street, Glasgow G2 3HT to whom
applications (1 copy) should be sent with
details of age, qualifications, experience,
present appointment and the names of two
referees not later than 14 days after the
publication of this advertisement. (H15591) 79-5

GUY'S HOSPITAL

Applications are invited for the post of
**SENIOR REGISTRAR
IN PAEDIATRICS**

to Guy's Hospital commencing 1st June, 1975.

This post offers experience in general
paediatrics including surgery, management of
severe burns, developmental medicine
including dialysis and transplantation and
paediatric neurology, paediatric cardiology,
nephrology, endocrinology and neo-natal
work on a rotational basis. Duties include the
supervision and instruction of clinical
students and there are excellent opportunities
for research.

In 1975 the department is moving to new
accommodation at Guy's with 120 children's
beds and a separate children's emergency
department.

The post is resident when on duty about one
night in four.

Application forms are obtainable from, and
should be returned to, The Clinical
Superintendent, Guy's Hospital, London SE1
9RT, not later than 21st April, 1975. (22136) 79-5

GUY'S HOSPITAL and BEXLEY HOSPITAL

Applications are invited for the post of **SENIOR REGISTRAR**

IN PSYCHIATRY

to the Guy's Group of Hospitals and to Bexley Hospital. The post offers a comprehensive training in General psychiatry at Senior Registrar level. The successful applicant will be expected to spend not less than one year each at Bexley Hospital, at St. Olave's Hospital where the District Service for the Guy's Health District is based, and at Guy's Hospital. The appointee will be expected to participate in the teaching of undergraduates and postgraduates and in research. There are special opportunities for training in various aspects of psychotherapy, in emergency and general hospital psychiatry, and in alcoholism. The post is vacant from 1st July, 1975, is whole-time and is non-resident.

Application forms are obtainable from and should be returned to the Clinical Superintendent, Guy's Hospital, London SE1 9RT not later than 30th April, 1975. Informal enquiries may be directed to Professor J. P. Watson. 01-407 7600 Ext. 425. (22141) 84-5

BROADMOOR HOSPITAL

Crowthorne, Berks
(one hour from London)

SENIOR REGISTRAR IN FORENSIC PSYCHIATRY
This full-time post offers unique clinical experience in a Special Hospital. Broadmoor Hospital admits 130 patients annually from the country as a whole. At present there are 750 patients in residence. The majority of patients are received on treatment orders from the Courts but some are transferred from ordinary psychiatric hospitals and a few from prisons. While the majority of patients suffer from mental illness, there is also opportunity for the treatment of personality disorders. The consultant staff is seven in number and in addition four half-time consultant psychotherapists are involved in individual and group therapy, and take part in training programmes. There is an active Psychology Department and an E.E.G. unit. Opportunities for research are good.

The successful applicant will be able to make use of various postgraduate training opportunities which can be arranged by the Clinical Tutor at the hospital. A weekly day release programme can include attachment to prisons with experience of writing Court reports, Forensic Out-Patient Clinics, Guild Guidance and Adolescent Psychiatric Services in Oxford and London. A weekly Journal Club exists and there is a programme of formal lectures by visiting speakers. Housing is available.

Minimum qualifications are D.P.M. or M.R.C.Psych. Doctors interested are welcome to visit the hospital by appointments. (Tel: Crowthorne, S.T.D. 03446 3111).

Applications, naming three referees to The Secretary, Broadmoor Hospital, Crowthorne, Berks. RG11 7EG by 25th April, 1975. (22169) 84-5

HAMPSHIRE AREA HEALTH AUTHORITY

HEALTH BOARD
 and West of Scotland Committee
 for Postgraduate Medical Education

JOINT ROTATIONAL TRAINING
SCHEME IN SURGERY
 Applications are invited from registered
 medical practitioners for the vacancies which
 will be available from 1st August, 1975 on the
 Joint Rotational Training Scheme in Surgery.
 The Scheme comprises 3 years training in
 general surgery and the specialties, the first
 year in a Glasgow Teaching Hospital, the 2nd
 year in a designated district hospital and the 3rd
 year in a teaching hospital but with rotation
 through the specialties. Applicants must have
 passed the Primary F.R.C.S. examination
 before commencing training.

Trainees who successfully complete the 3
 years basic training will then be able to apply
 for advanced or specialist training posts in
 their chosen specialty.
 It is anticipated that there will be an intake
 this year of 17 trainees and appointments will
 be reviewed annually.
 Applications, giving details of age,
 qualifications, experience, present
 appointment and the names of two referees
 should be sent to the Secretary, Greater
 Glasgow Health Board, 351 Sauchiehall Street,
 Glasgow G2 3HT no later than 14 days after the
 publication of this advertisement.
 Full details of the Training Scheme are
 available from the Office of the Dean of
 Postgraduate Medical Education, The
 University of Glasgow, Glasgow G12 8QQ.

Interested applicants may in the first instance wish to contact the Area Medical Officer, Dr. Wilfrid G. Harding, 278 4444. Closing date for applications is 2nd May, 1975. (Ref. APO 051.) (40217) 110

NORTH WESTERN REGIONAL
HEALTH AUTHORITY
Training in Community Medicine

These posts are suitable for doctors with at least two years post-registration clinical experience who are interested in a career in community medicine. The post will be rotating and will offer practical experience in the work of the specialty by attachment to health districts and areas in Greater Manchester. They will normally be held for about two years and during this period the holders will be expected to undertake the course offered by Manchester University Department of Community Medicine. This is a part-time course, involving attendance at the University for 2½ days weekly in term time, over two years. Both formal instruction and preparation of a thesis are involved, and the course will prepare participants for an M.Sc., as well as enabling them to sit for the membership of the Faculty of Community Medicine.

The training posts established are equivalent to registrar in the clinical specialties and carry the same salary scale (£2,850 x £171 (3 x £168(1) £3,531); where doctors currently earning higher salaries are appointed it will be at the discretion of Boards to allow protection of salary.

Application forms and further particulars may be obtained from the Regional Medical Officer, North Western Regional Health Authority, Gateway House, Piccadilly South, Manchester, M60 7LP. Applications should be received not later than 30th April, 1975. (22344) 110

PUBLIC APPOINTMENTS (Whitley Scales)

CAMBRIDGESHIRE
AREA HEALTH AUTHORITY
(Teaching)

PRINCIPAL PHYSICIAN
IN COMMUNITY CHILD HEALTH
Cambridge Health District

This post is a senior clinical appointment in the Child and School Health Service and entails particular responsibility for identifying and assessing handicapped children, initiating appropriate action and giving advice to the Education and Social Services Authorities under the direction of the Area Specialist in Community Medicine (Child Health).

The doctor appointed will have a key role to play in the integrated child health services in the Health Districts and will be expected to exercise and develop a high level of appropriate experience in the context of assessment teams for multiple handicapped children.

The possession of post-graduate qualifications would be an advantage, but training and experience in developmental paediatrics in the assessment of ESN children is essential. Salary £5088-£5859.

Applications (no forms provided) stating age, qualifications, experience and the names of THREE referees should be submitted to the Area Medical Officer, Cambridgeshire Area Health Authority (Teaching), Purbeck House, Purbeck Road, Cambridge (Telephone 42841) from whom further details can be obtained. Closing date for receipt of applications is 25th April, 1975. (39931) 113

**NORTHERN IRELAND HEALTH
AND SOCIAL SERVICES**

**DISTRICT ADMINISTRATIVE
MEDICAL OFFICER**

(District Community Physician)

**EASTERN HEALTH AND SOCIAL SERVICES BOARD
(TEACHING)**

The Central Services Agency on behalf of the Eastern Health and Social Services Board invites applications for posts of District Administrative Medical Officer.

The vacancies exist in two major districts in the Belfast area.

The Board which administers an area with a population of approximately 700,000 is responsible for the major teaching hospitals and provides clinical teaching facilities for the Queen's University of Belfast Medical School. The regional specialties for Northern Ireland are based on hospitals within the Board's area.

Candidates must be registered medical practitioners with wide experience in medical administration and a good clinical background. They should also have specialised knowledge of the organisation and management of medical services in the hospital or community context.

The salary is £5,433 rising by nine increments to £7,947 per annum. The starting point on the scale will be determined in the light of qualifications and experience.

Application forms and further particulars are available from:

**The Chief Administrative Officer
Central Services Agency
27 Adelaide Street, Belfast BT2 8FH**

Latest date for receipt of applications is 12th May, 1975.

Midlands and South Western
Inter-Regional Scheme**

A two-year programme of in-post training is planned to begin in September 1975 to assist doctors to prepare for a career in community medicine and for the Membership examination of the Faculty of Community Medicine of the Royal Colleges of Physicians. It is being offered jointly by the Universities of Birmingham, Bristol, Exeter, Oxford, Reading, Southampton and the Welsh National School of Medicine in collaboration with health service authorities. Each University will contribute instruction in the subjects of its special experience and knowledge.

The Universities will provide a co-ordinated series of two or three-week modules of academic tuition, amounting to a total of 20 weeks over the period of two years; studies between modules will be supervised by university staff. During the two years doctors will be given appropriate in-service experience in training posts in health service authorities. For this purpose training posts will be offered in the five Regions with which the universities are associated (West Midlands, Oxford, South Western, Wales and Wessex). Although trainees will be in contract with Regional Health Authorities, the in-service training experience may be provided at various levels within the health service.

The training posts established will be equivalent to registrar in the clinical specialties (salary £3,198-£3,879).

Applications are invited from registered Medical Practitioners who have had at least one year's post-registration experience, they should be addressed to the **Regional Administrator of the Regional Health Authority*** which is the applicant's first choice (in the case of the Welsh Office to the Chief Medical Officer) but should also indicate any other Regions for which he would wish to be considered. Applications should be received not later than 31st May, 1975.

Applicants should send brief details of age, qualifications, and previous experience, a brief statement of future career intentions, and names and addresses of three referees.

Further details of the course can be obtained from **Professor A. G. W. Whitfield, The Medical School, Birmingham B15 2TJ**, who is the co-ordinator of the scheme.

* The addresses of the Regional Health Authorities participating in the scheme are:

West Midlands Regional Health Authority, Arthur Thomson House, 146 Hagley Road, Birmingham, B16 9PA.

Oxford Regional Health Authority, Old Road, Headington, Oxford.

South Western Regional Health Authority, 27, Tyndalls Park Road, Bristol, BS8 1PJ.

Wessex Regional Health Authority, Highcroft, Romsey Road, Winchester, Hants.

Applicants for posts in Wales should write to: The Welsh Office, Health Department, Pearl House, Greyfriars Road, Cardiff.
(H15516)

ADMINISTRATIVE

**Medical Graduate
interested in the
Administration of
Research in Tropical
Medicine**

There will shortly be an administrative appointment available with the Medical Research Council in London for a registered medical graduate to be in charge of the Tropical Medicine Section.

The Council, in collaboration with the Ministry of Overseas Development, sponsors a diverse programme of research in tropical diseases, both in the U.K. and in many countries overseas. The work involves maintaining close liaison with scientific staff and others in the medical research field working in the Council's own establishments, in universities, hospitals and other institutions. Regular visits overseas would be necessary. Candidates should have had recent experience in research, or clinical or administrative work in a university or research institute in developing countries.

Salary will be £9,260 per annum plus threshold payments, with superannuation provision. Appointment will be made to the Council's established staff, subject to satisfactory completion of a probationary period of two years.

Please write or telephone Miss M. Gale, Medical Research Council, 20 Park Crescent, London W1N 4AL, Tel: 01-636 5422, Ext. 35 for an application form quoting Ref. P.32/3(NEW). Closing date for applications is 10th May, 1975.

111

GOVERNMENTAL

Civilian Medical Practitioners

for full-time employment with the armed forces in a variety of interesting roles. The duties will normally fall under one of the following headings, although opportunities of specialized work may occur from time to time:—

GENERAL SERVICE: Work similar to that of a general practitioner, covering the comprehensive medical care of service personnel and civilian employees.

SERVICE HOSPITALS: Specific duties as in a civilian hospital, e.g. casualty officers.

SCHOOLS MEDICAL OFFICER: (Army in Germany only) Carrying out medical examination of pupils on entry to and departure from service schools, special examinations and investigations as necessary.

CAREERS INFORMATION OFFICES: Physical examination of potential recruits and of personnel going overseas.

MEDICAL BOARDS: Physical examinations for specific reasons, e.g. medical discharges, pensions, disabilities.

Current vacancies: with the Royal Navy in the Portsmouth area; the Army in the Aldershot, Dover and Basingbourne areas; and with the Royal Air Force in the Manchester area. Vacancies may arise at other locations in the U.K. and in West Germany.

Further details may be obtained by telephoning 01-242 0222, Ext. 421 for the Royal Navy and Royal Air Force posts and Ext. 619 for the Army posts.

Candidates must be fully registered as medical practitioners in the UK. Preference will be given to candidates with experience in general practice or equivalent experience with the armed forces.

Salary in the range £4,600 (aged 28) to £5,650 (aged 33 or over). Foreign Service Allowance payable for overseas appointments.

For an application form (to be returned by 25th April, 1975) write to Civil Service Commission, Alencon Link, Basingstoke, Hants. RG21 1JB or telephone Basingstoke 29222, Ext. 500 (or, for 24 hour answering service London 01-839 1992). Please quote ref: S/399/1. (22027) 112

MINISTRY OF DEFENCE

Department of Health
and Social Security

Senior Medical Officer

Mental Health

£9490

To work in the Medical Division concerned with the formulation of policy and development of services relating to all aspects of mental health, including the four Special Hospitals administered by the Department. The wide range of responsibilities for the psychiatric services carried by this division gives considerable scope to develop and pursue special interests.

Further details of this London post may be obtained by telephoning Dr. J. E. McA. Glancy on 01-407 5522 ext. 7574.

Candidates must be fully registered as medical practitioners in the United Kingdom. Clinical experience and post graduate training in psychiatry are essential.

Non-contributory pension scheme and prospects of promotion.

For an application form (to be returned by 25 April 1975), write to Civil Service Commission, Alencon Link, Basingstoke, Hants RG21 1JB, or telephone BASINGSTOKE 29222 ext. 500 (or, for 24 hour answering service, LONDON 01-839 1992). Please quote reference S/8956. (22025-112)

PUBLIC APPOINTMENTS (Whitley Scales)

BRENT AND HARROW HEALTH AUTHORITY

Harrow Health District

Clinical Medical Officer

Applications are invited for the above post, involving clinical work in the community Child and School Health Service. The post entails developmental assessment of children from birth to school leaving age and offers opportunities in the clinical management of handicapped children, obesity control and audiology work. The work entails close collaboration with family doctors, Paediatricians, Child Psychological Service and Teachers, and a close link exists with the Paediatric Department and Assessment Unit at Northwick Park Hospital. There will be opportunities to participate in Health Education, Family Planning, Cytology and Geriatrics. The successful candidate will be offered an induction course and while in service will be encouraged to attend Postgraduate Courses in Child Health and Development, Education and related disciplines.

The Area offers a wide variety of clinical experience with opportunities for participation in the development of an integrated child health service.

Salary scale £3,189 - £4,176

plus £105 London Weighting.

Application forms from the Area Personnel Officer, Brent & Harrow Area Health Authority, Signal House, Lyon Road, Harrow HA1 2EL.

Further information from

Dr. Peggy Snow, Area Specialist in Community Medicine (Child Health). Tel: 01-863 9111.

QUEENSLAND PUBLIC SERVICE

Senior Psychiatrist (Forensic)

Division of Psychiatric Services, Department of Health
(Ref No 217 V 75)

Applicants should be registrable in Queensland, hold the D.P.M. or
equivalent postgraduate qualification in psychiatry, and have had five
years, subsequent experience in the specialty. Experience in the
forensic or related fields an advantage.

In addition to forensic work at the Psychiatry Clinic, Mary Street,
Brisbane, the successful applicant will be responsible for the in-
vestigation and treatment of patients at the Wacol Security Patients'
Hospital situated 15 miles from Brisbane city.

The salary will be \$21,472 per annum. Housing is not available.

If applicable, economy class air travel will be provided for the
successful applicant, spouse and dependent children and some
assistance will be given with the transport of effects.

Medical Officer

Division of Psychiatric Services, Department of Health
Challinor Centre, Ipswich
(Ref No 216 V 75)

Applications are invited from suitable qualified medical practitioners
to fill the abovementioned position.

Challinor Centre is a training centre for intellectually retarded
children and adults, and a competent medical practitioner, who is
prepared to develop an interest in the specialty, is required for
general practitioner duties in association with various visiting
specialists.

Salary is payable at the rate of \$18,472 per annum. Further par-
ticulars may be obtained from the Deputy Director, Division of
Psychiatric Services, Administration Building, George Street,
Brisbane, Queensland, 4000, Australia.

Applications quoting position, reference number and containing full
particulars of name, address, telephone number, date of birth, marital
status, qualifications, experience, present employment and fur-
nishing copies of testimonials and the names of two (2) referees
should be forwarded to the Chief Administration Officer, Department
of Public Service Board, Box 59, Post Office, North Quay, Brisbane,
Queensland, 4000, Australia by 6th May 1975. (1280)

118

NORTHLAND HOSPITAL BOARD New Zealand

WHOLE-TIME SPECIALIST ANAESTHETIST

Applications are invited from practitioners holding an appropriate qualification for the above position at the Northland Base Hospital, Whangarei, which has 310 beds, shortly to be increased to 400, and which provides a comprehensive range of Specialist Services. Whangarei is in the Northern peninsula of New Zealand and has a favourable climate and recreational opportunities.

In addition to general anaesthetic duties, there will be some involvement for the appointee in intensive care and resuscitation. Conditions of Service in accordance with Hospital Employment Regulations for Medical Officers. The current salary is: Specialist Automatic Scale \$13,102-\$17,547 with higher merit rates under certain conditions. In addition, supplements of up to 10% of basic salary may be awarded for above average work commitments.

Assistance with the cost of transport expenses for the appointee and family from outside New Zealand is available. Closing date 16th May, 1975.

A Schedule of Conditions of Appointment and an application form should be obtained from the Chief Executive, Northland Hospital Board, P.O. Box 742, Whangarei, New Zealand. (H15550) 118

ROYAL PERTH HOSPITAL Western Australia

MICROBIOLOGIST (MEDICAL)

(1050 bed major teaching hospital associated with the medical school of the University of Western Australia).

Salary \$A16,418 — \$A24,680 per annum plus generous conditions of service including travel assistance to the successful applicant as detailed in a memorandum of information available on request.

The Microbiology Department undertakes all microbiology diagnostic work for the hospital, with the exception of virology and some serology and an extensive clinical consultative service is provided within the hospital.

The appointee will be expected to accept responsibility for limited areas of patient care, particularly in respect to spinal injuries patients.

(Annual admissions 29,000 and CP attendances 260,000 approx.)

Applications to the Administrator, quoting ref. no 1618, age, experience, qualifications, list of publications, together with the names and addresses of two professional referees and accompanied by a recent photograph close on 5th May, 1975. (22343) 118

(H14549) 118

AUSTRALIA

MERSEY GENERAL HOSPITAL

LATROBE — TASMANIA

RESIDENT MEDICAL OFFICERS

Applications are invited from first, second and third year medical graduates, possessing Australian or British qualifications, for positions in medicine and surgery which become vacant immediately and in July and September 1975 and in January 1976.

Initial appointments are for one year from the time of commencement but this may be extended by agreement. It may be possible to offer experience in obstetrics and gynaecology in the Women's Division of the Hospital.

This is a modern base hospital of 230 beds with a full-time specialist staff. The General Division is in Latrobe and the Women's Division is five miles away in Devonport on the North West Coast in Tasmania. Service at the hospital is recognized for registration.

SALARY: 1st year after qualification — \$A11,281 per annum
2nd year after qualification — \$A12,046 per annum
3rd year after qualification — \$A12,456 per annum

These rates include a regional allowance of \$900 per annum which is subject to reduction and total withdrawal if salary rates are increased above Mainland Resident Medical Officers' salaries.

ANNUAL LEAVE: 28 days

Single R.M.O's receive board, accommodation and laundry. Attractive modern, self-contained fully furnished and equipped married quarters are available for which an annual rental of \$780.00 is charged (this includes light and fuel).

The financial terms quoted are those pertaining at the time of advertising and are subject to variation by the controlling authority.

Applications and enquiries, accompanied by the names of two professional referees, should be airmailed to the **Medical Superintendent, Mersey General Hospital, Latrobe, Tasmania, Australia 7307**, from whom further particulars and the hospital brochure may be obtained.

Further information may be obtained from the Agent General for Tasmania, 458/9 Strand, London WC2 0RJ, who may arrange passages for selected personnel and where approved an allowance towards removal expenses.

QUEENSLAND PUBLIC SERVICE

PSYCHIATRIST

Division of Psychiatric Services
Department of Health
Wolston Park Hospital, Brisbane

Qualifications: Basic medical qualification registrable in Queensland and a postgraduate qualification in psychiatry, together with at least five years experience in medicine, including at least three years experience in psychiatry, entitling the applicant to registration as a specialist psychiatrist.

General: The main hospital has 1170 beds mainly devoted to rehabilitation and to the initial treatment of patients from country areas. There is a separate unit of 100 beds for short and medium stay alcoholic patients and a separate residential unit of 160 beds for the training of intellectually handicapped children. The hospital is divided into six clinical units.

The staff establishment of the hospital complex, includes a medical superintendent, three senior psychiatrists, seven psychiatrists, eleven registrars or medical officers in training, eighteen psychologists, twelve social workers, eleven occupational therapists, four physiotherapists, thirteen teachers and six recreation officers. There are the usual ancillary services including E.E.G., a well equipped laboratory and video facilities.

An out-patient service is provided to the general hospital at Ipswich.

Should the successful applicant be from overseas he will be given assistance with travel and transport of effects.

Further information about the position may be obtained from the Deputy Director of Psychiatric Services, Administration Building, Cnr George and Elizabeth Sts., Brisbane, 4000 Queensland, Australia.

Salary: Is dependent on qualifications and experience and will be within the range of \$19,677 to \$20,882 per annum.

Applications quoting position reference number 230 V 75 and containing full particulars of name, address, telephone number, date of birth, marital status, qualifications, experience and present employment and furnishing copies of testimonials and the names of two referees should be forwarded to the **Chief Administration Officer, Department of the Public Service Board, Box 59, Post Office, Brisbane, North Quay, Queensland, Australia, 4000, by 12th May, 1975.** (14110)

Maple Jewellery

Best value in Hatton Garden

Full Retail Price **£119.00**
Less discount **48.00**
Actual cost **£71.00**

Did you know that MAPLE JEWELLERY have the biggest, most varied selection of Diamond Rings and Jewellery, at 30% to 50% below normal retail prices? (40-50% off Diamond Jewellery - 30-35% off Gold Jewellery). How can we genuinely do that? Simply by manufacturing Jewellery in our own Workshop on the Premises, and selling DIRECT to YOU, saving wholesale retail mark-ups that usually get passed on to the Customer! VISIT OUR SHOWROOM, and see for yourself why such a large number of our Customers come back, and recommend us to others.

Free colour catalogue on request.
10, Hatton Garden, London EC1. Tel: 01-405 6596

The main laboratories at Lincoln's Inn Fields

The Imperial Cancer Research Fund deserves your support

because

- It is entirely financed from voluntary contributions and devotes more than 95p of every pound donated to cancer research.
- Its laboratories at Lincoln's Inn Fields offer unrivalled facilities and are the largest independent centre for cancer research in Europe.
- It is committed to an expanding research programme and its hopes for the future depend on **YOUR SUPPORT NOW.**

For everyone's sake support I.C.R.F. now with an offer of help or a donation.
It makes sense.

Donations may be sent to: I.C.R.F., Dept. 101,
P.O. Box 123, Lincoln's Inn Fields, London, WC2A 3PX.

A Brighter Outlook in Allergic Rhinitis

Beconase NASAL SPRAY

IS BOTH HIGHLY EFFECTIVE

-in prophylaxis and in relieving distressing symptoms

AND ELIMINATES THE PROBLEMS OF THERAPY

- the problem of rebound congestion
- the inconvenience of drowsiness
- restrictions on driving or operating machinery
- the need to avoid alcohol
- the worry of adverse systemic steroid effects

Beconase Nasal Spray is a metered-dose aerosol with a specially designed nasal applicator providing beclomethasone dipropionate BP, a selective steroid which controls the inflammatory processes at the allergic mucous membrane in dosages which do not cause systemic side effects or adrenal suppression. This effect, already established in the management of bronchial asthma (with Becotide Inhaler), has now been conclusively demonstrated in clinical trials in both seasonal and perennial allergic rhinitis.

"It is concluded that beclomethasone dipropionate aerosol intranasally is an effective and apparently harmless way of controlling the nasal symptoms in hay fever."

(*Brit. med. J.*, 1973, 4, 464)

Beconase NASAL SPRAY

*Improves the quality of life
for the Allergic Rhinitis Patient*

Full prescribing information is available on request.

N.B. In seasonal rhinitis treatment with Beconase should ideally be started before exposure to the allergen.
Beconase is the trademark of ALLERGIC MANAGEMENT LTD, LONDON E2 8LA

BUTACOTE®

Butacote® today's way to rheumatic pain release

**Butacote® antirheumatic
therapy offers**

- prompt and sustained relief from pain
- powerful anti-inflammatory activity
- reduction in the severity and duration of morning stiffness
- consistent and reliable therapeutic blood levels

**In addition, clinical trials highlight
the enhanced gastric tolerability of
Butacote over many other antirheumatics.**
