BRITISH MEDICAL JOURNAL 3 MAY 1975 ADVERTISEMENT

In Parkinson's disease EVEN MORE PATIENTS COULD BENEFIT FROM SINEMET'

Although levodopa is a significant advance on anticholinergic therapy...

"...levo-dopa produced an average improvement of 71 per cent compared with about 21 per cent from anticholinergics." Unfortunately not all patients are able to tolerate high doses to produce such spectacular benefit."

Teach-In, 1973, 473 (Jul)

... it is denied to many patients

'The severe side effects of levodopa have tempered the initial enthusiasm for this drug, despite dramatic therapeutic successes.'

Brit. J. Hosp. Med., 1973, 10, 284 (Sep)

SINEMET

UPDATES LEVODOPA THERAPY

With 'Sinemet', which combines carbidopa and levodopa, the therapeutic benefits of levodopa can be attained at a much reduced dosage level in Parkinson's disease and syndrome. More levodopa is made available for conversion into dopamine in the brain, and the distressing peripheral side effects of plain levodopa are minimised.

The standard strength tablet is known as 'Sinemet' (25 mg carbidopa and 250 mg levodopa).

Also available is 'Sinemet'-100 (10 mg carbidopa and 100 mg levodopa) Detailed information is available to physicians on request.

Slimming with Bread

Some typical slimmers' questions answered by

Derek Miller

Lecturer in Nutrition at London University

1. Should I give up bread completely?

"A slimming diet certainly may contain bread. In fact, it's a convenient method of ensuring that a diet contains an adequate supply of most nutrients, since bread provides an important quantity of protein, vitamins, and minerals. If you give up bread, you will need to get these from other more expensive foods. It's also good training for maintaining weight after your target weight is achieved; because one learns the calorie value of ordinary foods, rather than knowing only about so-called 'slimming' foods which you don't intend to use for the rest of your life."

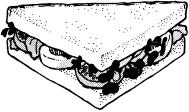

2. Must I cut out all high-calorie foods?

"It's necessary to reduce your total calorie intake. For many people, it's easier to cut down on high calorie foods like fat which, incidentally, contain more than 3 times the number of calories in bread on an ounce-for-ounce basis. Really low-calorie foods (e.g. lettuce and tomatoes) are clearly an advantage and can be used as sandwich fillings."

3. What's the best way to avoid an expensive slimming diet?

"Many slimming diets are expensive, some very expensive. There's no need for this. If you're going to eat less food, diets should be cheaper than normal. The easiest thing to do is to stick to ordinary foods and learn their calorie values. Generally it is more sensible to cut down on 'empty calories', i.e. foods which contain little or no nutrients, such as sugar confectionery; but for those with a sweet tooth, small indulgencies can be included, so long as they are calorie-counted."

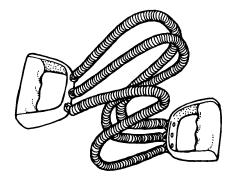

4. Are regular sandwich lunches a bad thing on their own?

"It's a common fallacy that hot meals are essential for good nutrition. But this is not so. Most sandwich lunches are highly nutritious, but slimmers should avoid high calorie *fillings*."

5. How much help is exercise, and what kinds help most?

"The energy cost of exercise is disappointingly small. To lose weight by exercise alone is almost impossible unless you change your occupation and become a coal miner or lumber jack.

A weekend game of golf helps very little. On the other hand, exercise may help the successful slimmer to improve her shape by increasing muscle tone and reducing flab. The exercise of particular muscle groups can improve measurements—but has little effect on the weight."

6. Is it true that you should avoid liquid, even water, during a meal?

"Some charlatan diets restrict fluid intake with the suggestion that obesity is due to too much body water rather than too much fat. This is nonsense. The body normally controls its fluid content very carefully and, if it does *not*, your problem is more serious than being overweight. Such cases are rare except in famine—and they require medical attention."

'Slim with Sense' tells you about the essential foods, the quantities to eat, the foods to avoid at all costs, and the foods which can be consumed in large quantities. It also tells how to diet sensibly without giving up bread.

If you would like a free copy of 'Slim with Sense' just send a stamped self-addressed envelope (measuring not less than 9" x 4") to Dept. I, The Flour Advisory Bureau, 21 Arlington Street, London, SW1A 1RN. (Enquiries from UK residents only).

Bread: still the best food value in Britain

A NEW JOURNAL—FIRST ISSUE JUST PUBLISHED

Journal of medical ethics

The Journal of the Society for the Study of Medical Ethics

Editor: A. V. Campbell Consulting Editors: A. S. Duncan and C. M. Fletcher Editorial Board: R. B. Welbourne (Chairman) J. C. Blackie Patrick Byrne R. Y. Calne R. D. Catterall J. Dominian G. R. Dunstan Roger Higgs Lord Kilbrandon Gordon Horobin W. S. Peart Raymond Plant Dame Muriel Powell Anthony Thorley Sir Martin Roth Cicely Saunders Edward Shotter

The practice of medicine today raises many complex problems of general concern to society. Rapid advances in, for example, genetics, organ transplantation, techniques for fertilization and termination of pregnancy, let alone the prolongation of life and growing public concern about death, dying and terminal care, have all produced both clinical and moral dilemmas. "Almost imperceptibly, medical progress has posed the community with problems that will need all the skill of lawyers, moralists, and theologians if the dignity of life is to be maintained" as 'The Times' medical correspondent has observed.

The Journal of Medical Ethics has thus been established, with a multidisciplinary Editorial Board, to promote the study of medico-moral problems. Through the Journal, it is aimed to encourage a high academic standard for this developing subject and to influence the quality of both professional and public discussion.

Published quarterly, the Journal includes papers on all aspects of medical ethics; analyses ethical concepts and theories; and features case conferences and comment on clinical practice.

New Aspects of Breast Cancer

Volume One

HOST DEFENCE IN BREAST CANCER

Edited by Basil A. Stoll

This book is intended for the specialist surgeons, radiotherapists, physicians and endocrinologists who have the daily responsibility for deciding on the treatment of the patient with breast cancer. It has become clear that the effect of surgery, radiotherapy and cytotoxic agents on the tumour/host balance will vary according to the patient's immunological state. Our knowledge is incomplete, but it is important to crystallise what we do know at this stage. This way we will ask the right questions, and scientifically planned clinical trials should provide clear answers.

Demy 8vo/limp £3:20 net

THE SWOLLEN LEG

Causes and treatment

H. Daintree Johnson, MD, MChir, FRCS Joseph Pflug, MD (Prague), PhD (London)

This book deals comprehensively with every aspect of diseases of the venous and lymphatic systems of the legs, with special emphasis on techniques of investigation and of treatment. These are described in great detail and extensively illustrated.

For specialists in this and related fields the book offers much food for thought and a host of new ideas and new approaches to old problems.

For the physician it eases diagnosis, tells him what he can do himself or get a surgeon to do for him; while warning both what to avoid and why.

For the student it will open his eyes to the significance of fluid mechanics, so much more everyday to his generation. 304 pages 80 illustrations £4:75 net

TRODUCTION TO MEDICAL PHYSICS

Edwin G. A. Aird, MSc

The number of people working in medical physics has increased enormously within the last two decades. This book is intended for those people entering this field.

It has been aimed at the new science graduate or qualified technician, but will be very useful to radiographers and of interest to doctors.

The application of modern science, and particularly physics, to medicine is opening up new fields of study and producing new diagnostic aids for the physician. The time is right for a book describing some of the well established applications of physics to medicine.

Sounds right for Septrin

In chest infections

Why run the risk of a bacterial chest infection becoming chronic? Experience increasingly indicates the need for prompt, vigorous treatment. Whenever chest sounds indicate infection, rely on SEPTRIN:

- more effective than ampicillin or tetracycline 12
- over 30 million treatment courses prescribed worldwide.

IN THE TREATMENT OF DEPRESSION

The unique antidepressant from ICI.

Non-sedative.

'Vivalan' has little or no sedative effect! This means that patients remain alert and active and can continue with their normal daily activities.

Rapid acting.

Controlled studies² have demonstrated that patients can show a marked improvement in as little as 3 days from the start of 'Vivalan' therapy.

Widely effective.

'Vivalan' is effective in all types of depression including mixed anxiety – depressive states.³·

Clinical trials have shown that as many as 70% of patients respond favourably to 'Vivalan' therapy.^{2.4.}

'Vivalan' is chemically unrelated to any antidepressant currently available, and is a product of original ICI research.

'Vivalan' is a trade mark for viloxazine.

1. Current Therapeutic Research, (1974), 16, 821.
2. International Symposium on 'Vivalan', London, 12/13 November, 1974.
3. Journal of International Medical Research, (1974), 2, 260.
4. Current Medical Research and Opinion, (1974), 2, 455.

Further information is available on request.

Presentation

'Vivalan' tablets, each containing viloxazine hydrochloride equivalent to 50 mg of viloxazine, are round, biconvex, yellow, film-coated and imprinted with the name 'Vivalan'.

Use

Antidepressant.

Depression

'Vivalan' is effective in all types and severities of depression, including those cases with a marked anxiety component, and may be used concurrently with ECT. It is able to control all the symptons of depression. As 'Vivalan' has no sedative properties, patients remain alert during the daytime. 'Vivalan' has no hypnotic effect.

Depression in Epileptics

'Vivalan', unlike the tricyclic antidepressants, has anti-convulsant properties, and is, therefore, of value in the treatment of depression in epileptic patients.

Depression in the Elderly

Because of its lack of sedative and anticholinergic effects, 'Vivalan' is well tolerated in the elderly.

Dosage and Administration

Adults

Most patients respond to between 150-300 mg/day. Therapy may be started with either one tablet three times a day, or two tablets twice a day with meals. The onset of antidepressive effect is usually seen in the first 5-10 days of treatment, and, if no effect has been seen in a fortnight, the dose should be increased. The maximum daily dose should not exceed eight tablets.

Children

Due to absence of clinical experience in children under the age of 14 years, 'Vivalan' is not recommended in such patients.

Contraindications, Warnings, etc.

There are no specific contraindications to the use of 'Vivalan'. Epileptic patients established on phenytoin may become liable to develop phenytoin toxicity if 'Vivalan' is added, and caution is, therefore, advised in their co-administration. Patients being treated with antihypertensive agents such as debrisoquine,

guanethidine and bethanidine may require restabilising when 'Vivalan' is introduced into the therapeutic regimen. No marked interaction with alcohol occurs.

Pregnancy

No adverse effects have been seen in teratogenic studies in animals. There is no clinical experience of using 'Vivalan' in pregnancy. On basic principles, its use in the first trimester is to be avoided.

Side Effects

'Vivalan' is generally well tolerated and side effects are mild and transient. An upper gastrointestinal disturbance with, e.g. nausea, loss of appetite, may be seen, but this usually disappears in a few days. As 'Vivalan' is not a tricyclic antidepressant, it does not produce the anticholinergic, sedative and hypnotic side effects of those drugs, neither does it produce excessive weight gain. 'Vivalan' is not a monoamine oxidase inhibitor and dietary restrictions are not required.

Overdosage

Overdosage should be treated on general principles; there is no specific antidote. An unsuccessful suicidal attempt with 5g viloxazine together with a quantity of oxazepam and trimeprazine produced 24 hour coma. Cardiovascular system and respiration were unaffected. Treatment-lavage.

Pharmaceutical Precautions

Nil.

PL/0029/0074

Legal Category

There is no legal restriction on sale or supply. It is available only on the prescription of a medical practitioner.

Package Quantities

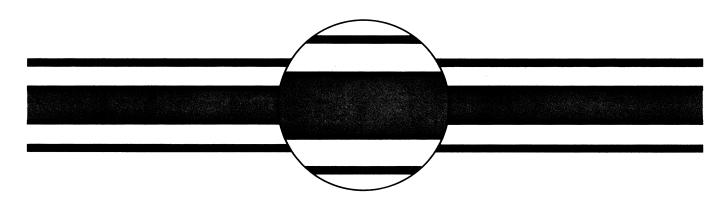

50 mg 'Vivalan' tablets are presented in blister strips each containing 10 tablets packed in cartons of 100 or 500 tablets.

Sinetens in hypertension:

a new mode of action, a more logical control

SINETENS acts through the cellular metabolism, relaxing arteriolar smooth muscle without significant impairment of sympathetic function!

There is no increase in cardiac output or heart rate; SINETENS may actually benefit the heart.^{1,2}

SINETENS is effective in all grades of hypertension, smoothly and gradually reducing both supine and standing blood pressure.^{3,4}

Side-effects at the recommended dose are usually mild and transient.^{1,3,4}

NORTHERN IRELAND HEALTH AND SOCIAL SERVICES

General Medical Practitioner

NORTHERN HEALTH AND SOCIAL SERVICES BOARD

The Central Services Agency on behalf of the Northern Health and Social Services Board invite applications for a vacancy in general practice in the town of Antrim, which will become effective on 1st August, 1975. The practice has a list size of approximately 3,570 patients and operates from a modern health centre which accommodates two other practices.

Applicants should have adequate experience of general practice in the British Isles.

Further particulars may be obtained from The Chief Administrative Officer, Central Services Agency, 27 Adelaide Street, Belfast BT2 8FH, to whom applications should be made by letter giving the names and addresses of two referees.

The latest date for the receipt of applications is Monday, 12th May, 1975. (22820) 5

PRACTICES (Offered)

MALE GRADUATE of a British University required as third partner for expanding practice in pleasant market town of practice in pleasant market town of University to the proportion of the proportion o

WE ARE TWO ENERGETIC. experienced medical men in our early forties, sharing a Private Practice in the Island of Jersey, for which we are now seeking a third partner. He must be younger than us, married with not too which we are now seeking a third partner. He must be younger than us, married with not to many children. It is the essence of our partnership that our patients, whatever their social status, should be treated strictly according to their medical needs, and should be regarded as friends. We believe that a partner with some capital will be able to construct the some capital will be able to the properties of the social status, should be treated strictly appropriate the some capital will be able to the practically and personally if all three partners have some knowledge of accountancy and business methods. Jersey is basically a non-political community, conservation-minded in its social habits. We want a partner who is not fanatical about either politics or religion, is conformist (what some might now call old-fashioned) in physical appearance and dress, and is preferably of public school education. In our view the happiest and most successful practice is that in which all the partners share the rota equally, and establish a close and congenial relationship with each other, based on tolerance, and a sense of humour. Jersey is ideal for a man with an outdoor hobby as a relaxation. We work in excess of a forty hour week and are financially justly rewarded. Full Practice details sent to suitable applicants.

PARTNERSHIPS (Wanted)

WESSEX VOCATIONAL TRAINING FOR GENERAL PRACTICE Winchester and Central Hampshire Health District

ADVERTISEMENT BRITISH MEDICAL JOURNAL 3 MAY 1975 XIII

Nottinghamshire Area Health Authority (Teaching) NOTTINGHAM VOCATIONAL TRAINING SCHEME

Applications are invited from Registered Medical Practitioners for further posts in this Scheme commencing between July and November, 1975. Following an initial period of up to six months in General Practice, two years will be spent in hospital posts at S.H.O. level with a choice from General Medicine, Obstetrics and Gynaecology, Paediatrics, Geriatrics, Psychiatry and Accident and Emergency. There will be a further period in General Practice to complete a total of three years. Opportunities will be available to gain experience in the "minor specialties", both during the hospital posts and while in General Practice.

A three year integrated half-day release programme is run in conjunction with the Department of Community Health at Nottingham University, which is attended by both Trainers and Trainees

The course is primarily designed for those who have recently become Fully Registered. Applications will be welcomed from those who have suitable post-registration experience and who do not require a three year programme.

The Course is recognised for higher qualifications including M.R.C.G.P.

Married accommodation will be available during the initial period in General Practice and throughout the hospital component of the Scheme. It will probably also be available during the final period in General Practice.

Letters of application containing full details and Curriculum Vitae should be addressed to District Administrator, North Nottingham Health District, Administrative Headquarters, Sherwood Hospital, Hucknall Road, Nottingham NG5 1PD together with the names and addresses of two referees, by 7th May, 1975.

Full details of the Scheme will be issued on Application. (22896) 21

WESSEX VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTIONERS

PORTSMOUTH

Applications are invited from Registered Medical Practitioners for two posts in this Scheme. After an initial month in a selected general practice, 2 years will be spent on a rotation of hospital posts at S.H.O. level. There will then be a further 11 months in general practice.

Rotation I

Starts 1st July, 1975
Accident and Emergency
Obstetrics and Gynaecology
Paediatrics
Elective Period

Rotation II

Starts 1st September, 1975 Accident and Emergency Obstetrics and Gynaecology General Medicine and Geriatrics Elective Period

Rotation III Starts 1st July, 1975 Obstetrics and Gynaecology Paediatrics Psychiatry General Medicine

During the whole 3 years there are regular meetings of the Trainee/Trainer Group, and normal study day allowance. During the general practice year, trainees attend the Wessex Day Release programme. The posts are recognised for the D.C.H., D.Obst.R.C.O.G. and the M.R.C.G.P. examinations. Single accommodation available for the first 2 years. Married accommodation may be available.

Application forms and further particulars from the District Administrator, Saint Mary's General Hospital, Milton Road, Portsmouth PO3 6AD. Interviews 30th May, 1975. (23203) 21

DEVON AREA HEALTH AUTHORITY

PLYMOUTH HEALTH DISTRICT

VOCATIONAL TRAINING FOR GENERAL PRACTICE

Applications are invited from fully registered doctors for two posts in this three year scheme commencing on 1st September, 1975. There will be an introductory period of one month in general practice.

Two years will be spent in rotating hospital posts of six months each in: —

Accident and Emergency Geriatrics Obstetrics and Gynaecology Psychiatry

It is hoped to include Paediatrics in the near future.

The final year will be spent in an approved training practice. A half day release course will be held during academic terms during the three years. Trainees will be encouraged to attend their department meetings, and a full programme of meetings is available at the Plymouth Postgraduate Medical Centre.

The scheme is recognised for M.R.C.G.P. and D.Obst.R.C.O.G. Suitable accommodation will be available during the Hospital period.

Detailed applications, curriculum vitae together with the names of two referees should be sent to

The Hospital Secretary, North Friary House, Greenbank Terrace, Plymouth PL4 8QQ.

The closing date for the receipt of applications is 8th May, 1975. Shortlisted applicants will be interviewed on 16th May, 1975. Further details may be obtained from the Hospital Secretary, address as above. (22822) 21

BRITISH MEDICAL JOURNAL

COMMERCIAL APPOINTMENTS

Medical Director

up to £10,000

A steadily growing, medium sized ethical pharmaceutical company which manufactures an interesting range of drugs from natural sources has specialised in endocrinology and bone metabolism. It also markets an important range of pre-sterilised disposable hospital products. This organisation requires a Medical Director who will be responsible to the Managing Director for overall medical policy in Britain and certain overseas markets. His involvement will extend beyond the management of his professional team into matters of new product selection and development and indeed general company policy and performance. Candidates aged roughly 35 – 45 should be registered practitioners currently working in the pharmaceutial industry with experience relating to registration, clinical trials and the provision of medical advisory services. Salary is negotiable up to £10,000 plus car and BUPA. The post has an attractive South Coast location with a requirement for some travel both in Britain and overseas.

(Personnel Services: Ref. GM34/5296/BMJ)

The identity of candidates will not be revealed to our clients without prior permission given during a confidential discussion. Please send brief career details, quoting reference number to the address below, or write for an application form, and advise us if you have recently made any other applications.

GENERAL PRACTICE TRAINING POSTS

East Sussex Area Health Authority HASTINGS HEALTH DISTRICT

Vocational Training Scheme for General Practice

Applications are invited from Registered Medical Practitioners for further appointments which it is intended to make to the Hastings Health District Vocational Training Scheme with effect from 1st September, 1975.

This is a recently established scheme in which the trainees will spend an initial 6 months in selected general practice in either Bexhill, Hastings or Rye. There will then be a period of 2 years in hospital appointments during which the trainee may cover accidents and emergencies, geriatrics, rheumatology and general medicine, paediatrics and psychiatry. There will also be opportunity for those who are interested, to receive instruction in dermatology, ophthalmology, otorhinolaryngology and obstetrics. The final 6 months of the 3 year traineeship will again be spent in general practice.

Throughout the whole 3 year period there will be regular meetings of the trainer/trainee group, plus the usual half-day release course during which topics appropriate to general practice will be considered in depth. There will also be opportunity to attend courses at the Hastings Postgraduate Medical Centre and the University of Sussex.

This course is recognised for the D.C.H., and M.R.C.G.P. It is hoped that in due course some trainees will also be eligible to sit for the D.Obst. R.C.O.G.

Married Accommodation is available

For further details apply to Dr. J. A. Hopson, The Hastings Postgraduate Medical & Dental Centre, 7 Holmesdale Gardens, Hastings, TN34 1LY.

(40986)

APPOINTMENTS

Applicants for medical appointments are advised to check whether the post advertised is included in the Important Notice and to scrutinize carefully the remuneration and terms of service offered. Any member who is in doubt about these terms in relation to B.M.A. agreements should consult the Secretary of the Association.

Advertisers are reminded that the Race Relations Board insists that no descriptive term implying racial, national, or ethnic characteristics may be used in any advertisement. Further, readers are advised not to apply for any appointment which discriminates between applicants on grounds of creed or sex.

HOSPITAL APPOINTMENTS

Applicants should state names, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Interpretable 1974 No. 361 Instrument, 1974, No. 361.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Acceptation. Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles from a hospital. Advertisements for post-registration house officers, senior house officers and registrars should state clearly whether the post is resident, i.e. compulsorily resident.

In all advertisements grade should be clearly indicated. Normally a consultant vacancy must be advertised as (a) part-time with the number of sessions clearly stated, or (b) whole-time with the option of maximum part-time.

In the view of the BMA, an advertiser should not insist on possession of English higher qualifications in preference to Scottish or Irish qualifications (or vice versa).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £2,202 per annum for the posts held during the first year; £2,370 per annum for posts held during the second year; £2,538 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,823 per annum x £189(1) x £186(1) — £3,198.

Deductions of £210 per annum in respect of lodging only for voluntary residence

REGISTRAR: £3,198 per annum x £171(3) x £168(1) — £3,879.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale and £234 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary resi-

On assimiliation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers,

senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £3,711 per annum x £168(1) x £216(4) -Deductions of £270 per annum in respect of lodging only for voluntary

On assimiliation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,504 per annum x £183(2) x £180(2) x £168(10)

Deductions of £270 per annum in respect of lodging only for voluntary

CONSULTANT: £5,433 per annum x £279(8) x £282(1) — £7,947. Deductions of £420 per annum in respect of lodging only for voluntary

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate.

COMMUNITY MEDICINE
National Scale. Specialist in Community Medicine/District Community Physician/District Medical Officers: £5,433 x £279(8) x £282(1) — £7,947 p.a.

National scales for Regional and Area Medical Officers/Chief Administrative Medical Officers vary according to authority. Information available from the Secretary of the BMA.

PUBLIC APPOINTMENTS ON WHITLEY SCALES

New appointments on these scales are intended solely in respect of clinical posts The national scales are —
Clinical Medical Officer: £3,624-£5,040 p.a.
Senior Clinical Medical Officer: £5.187-£6,660 p.a.

NOTTINGHAMSHIRE AREA HEALTH AUTHORITY (Teaching)

TWO SEIOR REGISTRARS
IN GENERAL MEDICINE
These are new posts for which a rotational training programme has been planned between the Nottingham City and General Hospitals. Both these busy district general hospitals are the teaching hospitals for the Nottingham University Medical School where clinical teaching commenced in 1973. The successful candidates will be expected to participate in postgraduate teaching. There are good opportunities for developing a special interest and research.

Possession of a higher qualification essential. Appointment for one year in first instance and, subject to satisfactory work and progress, renewable annually therefalter.

Post and a subject to satisfactory work and progress, renewable annually therefalter.

Nottinghamshire Area Health Authority (Teaching). Lichfield Lane. Berry Hill, Mansfield NGI8 4RG. Forms to be returned by 21st May, 1975. (41168)

Registrar in Psychiatry

Warley Hospital (Havering District)

This is a community orientated hospital of 1,300 beds with annual admissions of 2,000, within easy reach of Central London. It is accredited by the Royal College of Psychiatrists in Category 1 for a full course of training in preparation for the Membership examination of the College and is also recognised for the D.P.M.

The hospital is organised in Firm systems and the successful applicant would work with one consultant, both in acute admission wards and with longstay wards and would gain outpatient experience at an associated general hospital.

There is a comprehensive Postgraduate teaching programme covering the requirements for the Membership examination and for the D.P.M. involving all the consultant staff and the senior clinical psychologist. Experience in modern forms of treatment including social and group therapy can be obtained.

The hospital is associated with St. Bartholomew's for residential undergraduate teaching and research activities.

From the New Year, a purpose-built Teaching Centre including a library, seminar rooms, T.V. studio, will be the centre of activity of our postgraduate programme.

Single accommodation is available.

Applicants, enclosing full personal details, experience and qualifications should be sent to the Chairman, Division of Psychiatry, Warley Hospital, Brentwood, Essex CM14 5HQ, from whom further details about the teaching programme and the Academic Centre can be obtained.

ADMINISTRATIVE

INFORMATION SERVICES DIVISION

ASSISTANT DIRECTOR

(STATISTICS AND RESEARCH)

Applications are invited from National Health Service Officers serving in Scotland and persons in Scotland outside the National Health Service for the above post.

The Information Services Division of the Common Services Agency are seeking an Assistant Director to control and co-ordinate the statistical and research work of the Division. This is an "open" post and suitably qualified medical and non-medical individuals are invited to apply.

This is an important senior post in the Scottish Health Service, based in Edinburgh, and the successful candidate will have a wide range of responsibilities including the general co-ordination of statistical work in the Scottish Health Service. He will also be responsible for the initial development of new schemes for the collection of statistical data

The person appointed shall of necessity be an individual of considerable experience. He will either have a medical qualification with considerable experience in epidemiological and statistical research or will have a good degree in statistics or other relevant subject with extensive experience in health service statistics or research. Experience in health service administration is highly desirable.

Salary £6426 — £7854 plus threshold. (Presently under review). National Health Service Whitley Council terms and conditions of service apply. If a medically qualified individual is appointed to the post this will not affect his eligibility to receive a distinction award or affect any award already held.

Further particulars and application forms can be obtained from:

Common Services Agency 17 Rothesay Terrace, Edinburgh EH3

with whom applications must be lodged not later than 23 May, 1975.

BRITISH MEDICAL JOURNAL 3 MAY 1975 ADVERTISEMENT

VISITING PSYCHOTHERAPIST required at HM Borstal, Bullwood Hall, High Road, Hockley, Essex for up to four sessions, per week. The fee for 2½ to 3½ hour session is £13.35 plus certain travelling expenses.

хl

Application forms obtainable from Home Office, Prison Department (R 10/10 VDC), Portland House, Stag Place, London, SW1.

NATURAL ENVIRONMENT RESEARCH COUNCIL

Antarctic Expedition MEDICAL OFFICERS

Applications are invited from registered doctors to work at British Antarctic stations which are normally manned by 12 to 24 men. The tour is for one year, which entails an absence from the United Kingdom of about 18 to 21 months.

All stations are equipped to meet most medical emergencies. Doctors may also undertake relevant research. Ample time is allowed for working up and publication on return to Britain. In the past, a high proportion of our Medical Officers have gained higher degrees.

Salary: £2,739 - £4,235 per annum. Low income tax, polar clothing and messing free, bonus for satisfactory service.

If you are interested in seeing a largely unknown, remote and fascinating part of the world please write to:

The Establishments Officer, British Antarctic Survey, 2, All Saints' Passage, Cambridge CB2 3LS.

Tel: Cambridge (0223) 61188

Ministry of Agriculture, Fisheries and Food

MEDICAL OFFICERS

FOR

SUPPORT SHIPS OFF ICELAND Salary: £6250 p.a. plus Allowances

Medical Officers are required for service in ships provided by the United Kingdom Government for support of the British fishing f'eet off !celand. The duties will involve dealing with illness and injuries sustained by trawlermen. The ships are fitted with a hospital fully equipped to Naval standards and a Sick Berth Attendant is on board. Applicants should be prepared to undertake small boat work.

Vacancies exist in ships sailing from Hull on 4 June 1975 (returning on or about 9 July) and on 5 August 1975 (returning on or about 15 September). Applications will be considered for either one or both patrols.

Applicants should be fully registered. The post is likely to appeal to Doctors who are fit and have at least two years experience in hospital or General Practice.

In addition to the basic salary a Distant Water Allowance of £676 p.a. is paid. Leave with pay is granted based on service and Sundays and Public Holidays passed at sea. Meals and accommodation on board are free. Uniform is not worn and foul weather clothing will be supplied.

Applications or requests for further information should be made to: Deputy Chief Inspector of Fisheries, Sea Fisheries Inspectorate, Room 244, Great Westminster House, Horseferry Road, London SW1P 2AE, Tel: 01-216 6581.

(22815)

Greenwich & Bexley Area Health Authority

Clinical Medical Officer

£3958 to £5374 per annum inclusive

The post will be in clinics and schools in the Bexley district and duties are connected with the School Health and Maternity and Child Welfare Services and similar work provided in the Community Health Service.

Applicants should preferably have experience of developmental paediatrics and a good knowledge of clinical paediatrics but inservice training will be provided.

The post is subject to Whitley Medical and Dental Council Committee 'C' conditions and is superannuable. Owing to the widespread nature of the district it would be advisable for applicants to be car drivers. Car allowance is payable.

Application forms from Area Personnel Officer, Devonport Annexe, King William Walk, Greenwich SE10 9JH. Closing date (two weeks after insertion).

Doctors interested in this sphere of community medicine but unable to undertake full-time duties are invited to make enquiries regarding sessional appointments in the same field. (40974) 113

Durham Area Health Authority

Clinical Medical Officers

to work in various parts of the Area.

Applications are invited from fully registered medical practitioners for clinic work mainly in the field of child health.

The post offers a variety of experience in pre-school and school health services, including developmental assessment and the detecting of handicapping conditions.

Salary within the scale £3,624 — £5,040 per annum. Starting point according to qualifications and experience. Whitley Council conditions apply.

Senior Medical Officers

(Full-time or Part-time) - to work in the southern part of the County.

Applications are invited from fully registered medical practitioners, for the above posts, the work of which will mainly be in the field of child health.

Duties will include the provision of assistance in the day to day management of a decentralised child health service; responsibility for the identification and assessment of handicaps in children; the provision of support to other clinicians in the field and the development of closer links with hospital paediatric departments.

Salary within scale £5,187 — £6,660 per annum. Starting point according to qualifications and experience. Whitley Council conditions apply.

Application forms for any of the above posts, which must be returned by 9th May, 1975 and further particulars from the Area Personnel Officer, Durham Area Health Authority, County Hall, Durham. (40970)

Medical Officers

£7,300

You are offered the prospect of a tour of duty for as little as one year – in Zambia, one which will give you both a wide range of professional experience and early responsibility. It is with the nation's major mining organisation, Nchanga Consolidated Copper Mines Ltd, with an international staff of technical specialists.

The company is responsible for providing full medical care to its employees – over 30,000 – and their families; the total of persons to be looked after is

There is a senior doctor staff of over 40, together with a full complement of specialists and 150 fully qualified nurses. The modern facilities include 5 well-equipped hospitals (847 beds), 18 clinics and 9 main first aid dressing stations.

General Duty Medical Officers will be involved in preventive and curative medicine, surgery, anaesthetics, gynaecology/obstetrics, public health and nutrition; and although the mines have a strict safety code an amount of accident work can be expected.

Contracts may be negotiated for periods of one to three years. Locums can also often be arranged.

Salaries will depend on experience, but the minimum is K11,275 gross per annum (£7,320 based on an exchange rate of K1.=65p). In addition there is a tax free settling-in allowance; subsidised Company private primary schools; a detached, furnished house with garden is provided for £3 per week; and children receiving secondary education overseas are granted up to £780 per child per year, tax free, towards school fees and three free return passages to visit their parents during holidays; interest free car loan available. Study leave is available, and there are 60 days standard annual leave.

Up to 33 % of gross income can be sent home each month.

Please send for details to: Anglo Charter International Services Limited, Appointments Division, Dept. ABM **0305** 7, Rolls Buildings, London, EC4A 1HX.

paediatrics and physical medicine

two skills urgently needed in saudi arabia

In a fast-developing country like Saudi Arabia the need for health care is of paramount importance. The Whittaker Corporation in establishing and staffing three new hospitals is making a major contribution and this is where you come in.

General Practitioners are required to join multinational teams working in the new hospitals which have the very latest and best equipment money can buy.

Your contribution can be immense but at the same time you would be gaining valuable experience and enhancing your career in a totally new environment.

High tax free salaries are negotiable and benefits include free housing and recreational facilities.

If you have at least three years' experience, send full educational and career details to Alan Holt, Recruitment Manager, alternatively ring 01-637 4685 for an appointment. Previous applicants need not re-apply.

Whittaker Corporation, Queen's House, 180 Tottenham Court Road, London W1P9LE.

OVERSEAS

Middle East, Africa & Europe

Arabic-speaking Adviser UK-based

This is a challenging appointment offering real scope for intellectual satisfaction and international travel. The successful candidate will act as Medical Adviser to the Overseas Group of Smith Kline & French Laboratories, and will be based at the Company's UK headquarters in Welwyn Garden City, Hertfordshire.

The Group has over 200 staff, and is fast expanding its operations in the Middle East, Africa and Europe. The post is a new one, and the physician appointed will provide guidance on medical affairs to the Senior Management team.

After any necessary training, his specific responsibilities will include:

- Medical advice regarding new and established therapeutic agents.
- Planning and organisation of clinical evaluation studies.
- Liaison with health and drug registration authorities.
- Arrangement of local medical meetings and symposia.
- Medical control of proposed promotional literature.
- Supervision of part-time physicians in Greece, Iran and Yugoslavia.

The man we seek for this important appointment will be a fully qualified medical practitioner aged 30–45, with a good knowledge of the Middle East and/or Africa. He should be prepared to travel for some 25% of his time, and he should speak fluent English, Arabic and possibly also French.

The position carries an attractive salary, a company car, excellent health assurance and pension schemes, generous relocation assistance and good opportunities for personal and career advancement.

Please write for an application form, or 'phone if you would like to discuss the position further:

Dr. A.E.F. Chandler, (Reference ACG), Talentmark Limited, King House, 5–11 Westbourne Grove, London W2 4UA. 01-229 2266.

No information will be disclosed to our clients without your prior permission.

ALCOHOL, DRUGS AND DRIVING

A Supplement to 'The Drinking Driver' *

The Association's report 'The Drinking Driver' (1965) led to important amendments in the law, as a result of which certain changes are necessary in the sections of the report which dealt with legal and medical procedures. This Supplement revises those sections of the report concerned with procedure and takes into account at the same time the procedure for dealing with drivers suspected of being impaired by drugs other than alcohol.

Price 30p

*Copies of 'The Drinking Driver' are still available at Price 12½p

Both publications can be ordered together at the combined price of 40p (All prices include the cost of postage)

Payment must be enclosed with order or a surcharge of 20p will be made for rendering invoices and statements.
