**“Inderal: Britain’s  
most tried and trusted  
Beta Blocker.”**

**How can ICI  
support a claim like that?**

# With ten years of unequalled clinical experience supported by a mass of documented evidence.

Ten years of widespread clinical use and over 5,000 papers published on the many different aspects of the drug indicate that 'Inderal' is the most tried and trusted beta blocker. 'Inderal' has withstood the test of long-term worldwide use and is currently prescribed more often than all other beta blockers put together. Let some of the evidence during the past ten years speak for itself.

“

With the introduction of propranolol ['Inderal'], . . . a new dimension in antianginal, anti-ischemic therapy has been made available.

*American Journal Cardiology*, 1968, 21, 44.

“

Numerous trials have confirmed its effect, and it is the drug of choice for patients who do not respond to conventional methods of treatment.

*British Medical Journal*, 1966, 2, 1311.

”

”

“

. . . propranolol ['Inderal'] counteracts in part an undesirable effect of nitroglycerin, namely tachycardia. This drug combination is easily the most effective and reliable pharmacological means available for increasing exercise capacity in anginal patients.

*Cardiovascular Beta Adrenergic Responses*, 1970, ed. Katins, Ross & Hall, Los Angeles: University of California Press, p. 200.

“

We conclude that propranolol ['Inderal'] produces objective and subjective improvement in unselected angina pectoris patients without inducing cardiac failure . . .

*Clinical Pharmacology and Therapeutics*, 1974, 15, 203.

”

“

Of all the beta-blocking drugs which are available, most experience has been gained with propranolol ['Inderal'] . . .

*Update*, 1975, 10, 403.

”

”

# In the treatment of Angina Pectoris there is no better beta blocker than Inderal.

## **5,000 published papers.**

There are over 5,000 published papers on the many different aspects of 'Inderal' including several hundred clinical trials dealing with its use in angina, hypertension, dysrhythmias, anxiety, thyrotoxicosis and essential tremor. *More papers have been published on 'Inderal' than on all the other beta blockers put together.*

## **1,000,000 patients a day.**

'Inderal' is available in almost every country in the world. It is estimated that worldwide, over 1,000,000 patients a day are being treated with 'Inderal' and that the cumulative clinical experience amounts to the equivalent of 5,000,000 patient years. *There is more clinical experience with 'Inderal' than with all other beta blockers put together.*

## **10 years' worldwide experience.**

'Inderal' was first introduced in the United Kingdom five years ahead of any similar drug. 'Inderal' has withstood the test of long-term worldwide use and is still being prescribed more often than any other beta blocker.

# SURGERY OF VIOLENCE

ISBN 0 7279 0004 8

Injuries caused by explosive weapons may suddenly present a doctor with urgent, unfamiliar problems in the treatment of the victims. The recent experience of surgeons and physicians at the Royal Victoria Hospital, Belfast, has been drawn upon to provide advice on some important aspects of the surgery of violence.

First published as a series of articles in the *British Medical Journal* during February and March this year, they are now collated into a book. Among the subjects the authors discuss are wounds of trunk and limbs, blast injuries of the ear, intensive care, and disaster planning. In addition the book includes a bibliography of 30 recent papers on traumatic surgery written by members of the staff of the Royal Victoria Hospital.

Area Health Authority

# **SOUTH EAST KENT HEALTH DISTRICT** (Kent Area Health Authority)

**CINQUE PORTS  
VOCATIONAL TRAINING SCHEME**  
Applications are invited for one trainee post in this scheme which is based on the towns of Dover and Deal. Medical institutions include a District General Hospital, a General Practitioner Hospital and a new multi-group Health Centre.

The initial and closing periods of the three-year scheme will be spent in General Practice and there will be four six-month Senior House Officer posts in the hospital — in Medicine/Geriatrics, Paediatrics/Dermatology, Obstetrics & Gynaecology and Psychiatry. The last of these will include a good deal of work within the Community.

A day release scheme operates which includes participation in a continuing course at the Kent Postgraduate Medical Centre at Canterbury. The Centre, and the scheme itself, have close links with the Health Service Research Unit at the University of Kent.

Throughout the three year period each trainee will be in continuous touch with his own General Practitioner. The post in Obstetrics/Gynaecology and Paediatrics are recognised for the Membership and Diploma of the Royal College of Obstetricians and Gynaecologists and Diploma in Child Health respectively. Fluidity within the organisation will allow an alternative post such as Anaesthesia. Trainees will be encouraged to sit for the Membership of the Royal College of General Practitioners.

NEW GUINEA  
(Port Moresby)

Applications are invited for the post of  
**PROFESSOR OF PATHOLOGY**  
The Faculty of Medicine was established in 1971 with four Departments: Human Biology, Pathology, Clinical Sciences, and Community Medicine. A fifth Department of Dentistry is to be established on 1st January, 1976. The Professor is required to take part in the integrated programme of teaching for the undergraduate medical course of five years duration. He will also be expected to assume responsibility for postgraduate education in his field and encourage and participate in appropriate research. The Chairman of the Department is elected annually by full-time academic staff. In addition to his responsibility for teaching and research, the Professor will assume some clinical responsibility in the Port Moresby General Hospital, and possibly as a Consultant to other medical centres in Papua New Guinea.

Salary: K19,009 p.a. plus a clinical allowance of K2,000 p.a. (£1 sterling K1.74). In addition, an allowance of K1,300 p.a. (single) is payable. An extra £1,000 Marriage Allowance and K156 per child Child Allowance may also be payable. Conditions include provision of housing, study leave, annual leave fares, F.S.S.U. type superannuation. In some cases it may be possible to make an appointment on secondment.

Applications should be in duplicate and include a curriculum vitae, the names and addresses of three referees, a recent small photograph and an indication of estimated starting date. Further details and the conditions of appointment are available from The Secretary, P.O. Box 4820, University, Papua New Guinea. Applications close on 30th June, 1975. (24177) 25

# APPOINTMENTS

Applicants for medical appointments are advised to check whether the post advertised is included in the Important Notice and to scrutinize carefully the remuneration and terms of service offered. Any member who is in doubt about these terms in relation to B.M.A. agreements should consult the Secretary of the Association.

Advertisers are reminded that the Race Relations Board insists that no descriptive term implying racial, national, or ethnic characteristics may be used in any advertisement. Further, readers are advised not to apply for any appointment which discriminates between applicants on grounds of creed or sex.

## HOSPITAL APPOINTMENTS

Applicants should state names, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles from a hospital. Advertisements for post-registration house officers, senior house officers and registrars should state clearly whether the post is resident, i.e. compulsorily resident.

In all advertisements grade should be clearly indicated. Normally a consultant vacancy must be advertised as (a) part-time with the number of sessions clearly stated, or (b) whole-time with the option of maximum part-time.

In the view of the BMA, an advertiser should not insist on possession of English higher qualifications in preference to Scottish or Irish qualifications (or vice versa).

## SALARY SCALES OF HOSPITAL MEDICAL STAFF

**HOUSE OFFICER:** Each post in this grade shall be tenable for six months. £2,859 per annum for the posts held during the first year; £3,075 per annum for posts held during the second year; £3,294 per annum for posts held during the third and subsequent years, subject to full registration.

**Rotation Scheme for SURGICAL REGISTRARS**  
This rotation scheme is designed for doctors who have passed the Primary F.R.C.S. Examination and will provide the required experience to enable them to take the Final F.R.C.S. Examination. In addition, registrars on this rotation scheme are eligible to attend a part-time postgraduate course arranged by the Department of Surgery of the University of Liverpool to prepare for the Final Examination. The posts are recognised as non-resident.

The rotation scheme covers a period of two years; eighteen months in general surgery and six months in a surgical specialty. The following table lists the vacancies in the various circuits. The initial number is the number of the circuit; the first two hospitals will provide experience in general surgery. A year will be spent in the first hospital and six months in the second. The third hospital will provide six months experience in a surgical specialty. (1) Liverpool Royal Infirmary/Birkenhead General/Royal Liverpool/Alder Hey Children's Hospitals (paediatric surgery), 1 vacancy; (2) Liverpool Royal Infirmary/Victoria & Central Hospital/Royal Liverpool/Alder Hey Children's Hospitals (paediatric surgery), 1 vacancy; (3) David Lewis Northern/Southport General Infirmary/Broadgreen/Aintree Hospitals (thoracic surgery), 1 vacancy; (4) Royal Southern/Hodkin & District General Hospital/Broadgreen/Aintree Hospitals (thoracic surgery), 2 vacancies; (5) Broadgreen/St. Catherine's/Walton Hospital (neurosurgery), 1 vacancy; (6) Whiston/St. Helens/Whiston Hospital (orthopaedic surgery), 3 vacancies; (7) Walton/Warrington General/Warrington Infirmary (orthopaedic surgery), 3 vacancies; (8) Sefton General/Birkenhead General/Whiston Hospital (plastic surgery), 2 vacancies.

Applications are invited for these fourteen appointments which will be vacant at the latest on 1st October, 1975. Applicants should state clearly whether they are interested in all of the circuits or only in one or more of them. The successful candidates will be appointed for a two-year period subject to satisfactory review at the end of the first twelve months.

Application forms may be obtained from the Area Personnel Department, Liverpool Area Health Authority (Teaching), Orleans House, Edmund Street, Liverpool L3 9NG, to be returned by 12th June, 1975. (H17100) 91-6

**SURGICAL REGISTRAR**  
with duties at Noble's Hospital, Douglas, Isle of Man.

This is an acute general hospital of 220 beds of which approximately 90 are surgical. The surgical work carried out is of a very general nature including gynaecology, orthopaedic and some E.N.T. and ophthalmic cases. Indeed this island, because of its geographical position, offers an unusually wide range of surgical experience.

The surgical establishment includes three Consultants and two Registrars resident on the island, and in addition there are visiting consultants in the specialties of orthopaedics, E.N.T., thoracic surgery, radiotherapy and paediatrics.

The appointment, which will become vacant on 18th August, 1975, is tenable for one year in the first instance.

Post recognised for F.R.C.S. However, preference will be given to candidates who already hold a Surgical Fellowship, and all candidates must at least hold a Primary Fellowship.

The Terms and Conditions of Service are essentially the same as in the United Kingdom. There is full reciprocity with the United Kingdom for superannuation. Low Manx Income Tax. Resident post. Single/Married accommodation is available.

Application forms and further information from the Area Personnel Officer, Liverpool Area Health Authority (Teaching), Orleans House, Edmund Street, Liverpool L3 9NG.
