

CARLSBAD & FRIEDRICHSHALL versus VALS & VICHY.Sir HENRY THOMPSON on "CALCULOUS DISEASE". See *The Lancet* of January 13th, 1872.

EXTRACT.—"Thus such patients are often better for a time after a visit to Vichy; but, as a rule, are not permanently benefited. I am satisfied, after observation on the spot, and on the effect of the waters (*Vichy* and *Vals*) here, that they only temporarily mitigate the complaint, and do not cure it. Now the principle on which the waters of Friedrichshall and Carlsbad are beneficial is, that they produce activity in all the digestive functions; and thus waste matters, which have been hitherto thrown out as uric acid by the kidneys, are eliminated in some other form. And thus it is that, if it be necessary to send these patients abroad, I prefer very much Carlsbad to Vichy, provided always that the subject of a Carlsbad course must not have become too weak, as for a time it makes a demand on the strength not well supported by a feeble person. Generally, however, this is not at all the condition of those who are passing uric-acid gravel. Happily, also, for most people, our purpose can be attained as well at home. I believe that a short course of Friedrichshall first, followed by Carlsbad, or a combination of the two, produces the best results in these cases. This method has at all events been more successful with me than any other. Such a course should be continued, according to circumstances, for six or eight weeks."

CARLSBAD and FRIEDRICHSHALL WATERS can be obtained of any respectable Chemist or Mineral Water Dealer, or direct from the undersigned.

Prices delivered in London, or free to country carriers in London

CARLSBAD	45s.	per case of 50 quarts, or 12s. per dozen quarts.

Diseases of the Skin; a Guide to their Treatment and Prevention, for the Use of the Student and General Practitioner. By THOMAS HUNT, F.R.C.S., Surgeon to the Western Dispensary for Diseases of the Skin. London: T. RICHARDS, 37, Great Queen Street, W.C.

MR. BERKELEY HILL'S WORKS.

On Syphilis and Local Contagious DISORDERS. By BERKELEY HILL, M.B., F.R.C.S., Surgeon to Out-Patients at the Lock Hospital, Assistant-Surgeon in University College Hospital. 8vo, 16s. "This book is marvellously complete.... The description of the eruptions is most excellent, at once the simplest and most complete we have read in any language.... Mr. Hill's practical experience at the Lock Hospital enables him to give some very valuable hints as to treatment."—*Edinburgh Medical Journal.*

Essentials of Bandaging, including the Management of Fractures and Dislocations. 122 Illustrations. Second Edition, thoroughly revised and much improved. Fcap. 8vo, 3s. 6d. "This is an almost perfect guide to the art of bandaging and the application of surgical apparatus—a subject with which all students are now required to be thoroughly acquainted, and on which they are specially examined at the College of Surgeons. To dressers and to students about to present themselves for examination, Mr. Hill's handbook (which is admirably illustrated) will be henceforth indispensable."—*British Medical Journal.* London: JAMES WALTON, 137, Gower Street.

This day, price 4s. 6d.

Syphilis: its Nature and TREATMENT. By CHARLES R. DRYSDALE, M.D., F.R.C.S., Physician to the Metropolitan Free Hospital, late Secretary, Harveian Medical Society's Committee for the Prevention of Venereal Diseases. "We bespeak a cordial welcome to this new work."—*Medical Press and Circular.* London: BAILLIÈRE, TINDALL, and Cox, King William Street, Strand.

Out of Print.—Full price given for clean copies of the **BRITISH MEDICAL JOURNAL** for January 6th, March and 9th, 16th, 23rd, 30th.—FRANCIS FOWKE, General Secretary and Manager of Journal Office, 37, Great Queen Street, London, W.C.

This day is published, demy 8vo, price 4s.
