TODAY'S TREATMENT

Faced with a succession of new drugs, doctors need authoritative advice on the selection of the most effective remedies for common disorders; and that is the aim of *Today's Treatment*. This first volume contains articles published in the *BMJ* in 1974-75 on disorders of the skin and blood and on psychiatric and neurological diseases. These simple clear accounts of assessment and management provide all the information needed for a rational choice of the best treatment for each individual patient.

The Principles and Practice of Diagnostic Enzymology

J. Henry Wilkinson

A critical and comprehensive review of the whole field of diagnostic enzymology, including an outline of the properties of enzymes and methods for their determination.

The summary of clinical applications will enable clinicians to select the most appropriate tests for use in specific contexts. Recent work at the Charing Cross laboratories on the factors leading to the release of enzymes from damaged tissues and on the mechanisms concerned in the disappearance of enzymes from the circulation is discussed. Contains an extensive bibliography.

Uticillin (carfecillin sodium) is indicated for the treatment of acute and chronic urinary tract infections caused by sensitive organisms including *E. coli*, *Proteus* spp., *Strep. faecalis*, and particularly *Pseudomonas*. Following oral administration, Uticillin is rapidly absorbed and hydrolysed to carbenicillin, achieving high concentrations in the urine.

From the pioneers of levodopa

Madopar

improves the management of Parkinsonism

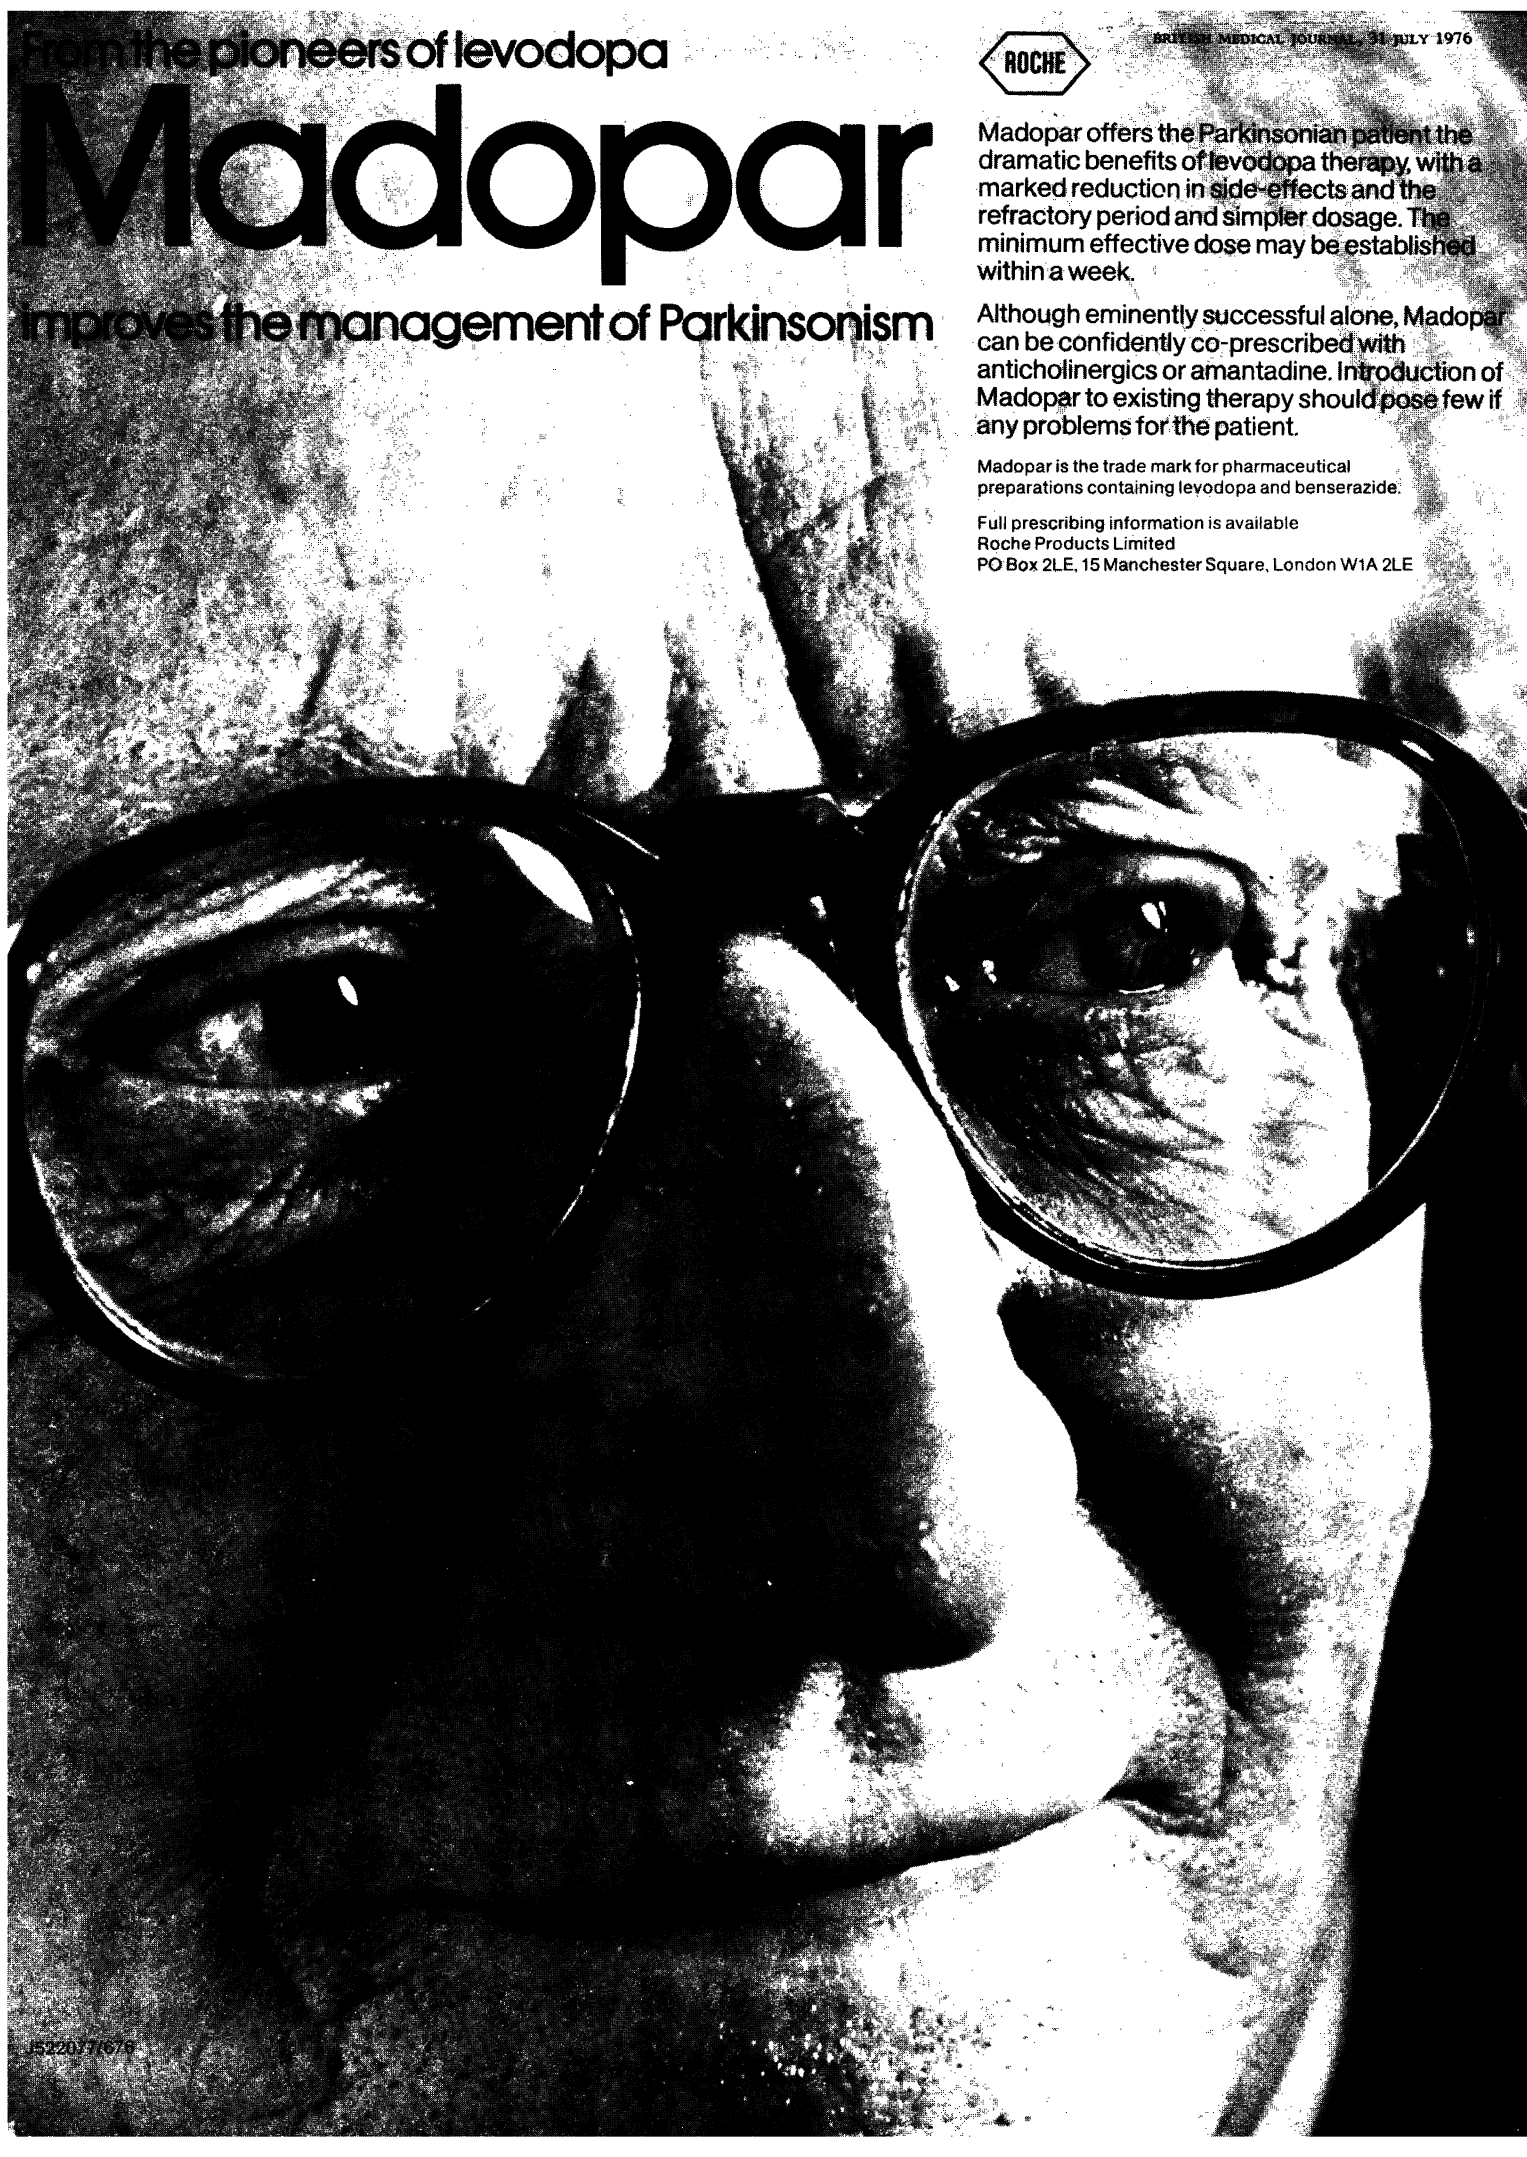

BRITISH MEDICAL JOURNAL, 31 JULY 1976

Madopar offers the Parkinsonian patient the dramatic benefits of levodopa therapy, with a marked reduction in side-effects and the refractory period and simpler dosage. The minimum effective dose may be established within a week.

Although eminently successful alone, Madopar can be confidently co-prescribed with anticholinergics or amantadine. Introduction of Madopar to existing therapy should pose few if any problems for the patient.

Madopar is the trade mark for pharmaceutical preparations containing levodopa and benserazide.

ALCOHOLISM

**Interdisciplinary Approaches
to an Enduring Problem**

Edited by Ralph E Tarter and
A Arthur Sugerman

Man has been using alcohol as a social stimulant since the earliest periods of recorded history. It is only comparatively recently that our society has become concerned about the psychological impairment, social ostracism, crime, family disintegration and absenteeism that so often accompany this ever-increasing problem. Even now, it is being projected that in this country the number of known alcoholics will increase threefold over the next few years.

Drs Tarter and Sugerman have gathered together twenty-two essays by eminent researchers in the field to give the reader as wide a perspective on the question as possible, so that a critical appreciation of techniques and current directions in research can be achieved.

A word in your ear!

Too often the elderly accept deafness as part of growing old – too often their deafness is simply excessive ear wax. Ear wax is still the commonest cause of deafness.¹

A course of Cerumol will quickly loosen the wax, allowing it to be syringed away, if necessary, easily and safely.²

After 25 years of use in general practice, Cerumol is still the most widely prescribed ear wax preparation in the UK.

There is a six-months elective period during which there will be opportunities for gaining experience in other specialties. The Scheme is recognised for the M.R.C.G.P. and the D.(Obst.)R.C.O.G. and on completion of the appointment, the holder qualifies for the Vocational Training Allowance paid to principals in the National Health Service. Included in the Scheme is a Day Release Course at Bournemouth, and arrangements can be made for interested candidates to visit the hospitals and the Practice involved in the Scheme.

The hospital posts are resident and single accommodation is available. Maternity accommodation may be available according to supply and demand, which will vary from time to time.

Forms of Application and full details of the appointment may be obtained from the Administrative Assistant (Medical Staffing), Central Administrative Offices, Royal Victoria Hospital, Shelley Road, Boscombe, Bournemouth, to whom completed forms should be returned by not later than 21st August, 1976. Enquiries to Dr. J. L. Loakes, Winton Health Centre, Bournemouth (Tel: Bournemouth 519311) or Miss L. Stark (Tel: Bournemouth 35201, Ext. 234). (22203) 21

APPOINTMENTS

Applicants for medical appointments are advised to check whether the post advertised is included in the Important Notice and to scrutinize carefully the remuneration and terms of service offered. Any member who is in doubt about these terms in relation to B.M.A. agreements should consult the Secretary of the Association.
Advertisers are reminded that the Race Relations Board insists that no descriptive term implying racial, national, or ethnic characteristics may be used in any advertisement. Further, readers are advised not to apply for any appointment which discriminates between applicants on grounds of creed or unreasonably on grounds of sex.

HOSPITAL APPOINTMENTS

Applicants should state names, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.
Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the Hospital Gazetteer. If such details are not included members are advised to consult the Secretary of the B.M.A.
Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the appointing authority as to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles from a hospital. Advertisements for post-registration house officers, senior house officers and registrars should state clearly whether the post is resident, i.e. compulsorily resident.

In all advertisements grade should be clearly indicated. Normally a consultant vacancy must be advertised as (a) part-time with the number of sessions clearly stated, or (b) whole-time with the option of maximum part-time.

In the view of the B.M.A. an advertiser should not insist on possession of English higher qualifications in preference to Scottish or Irish qualifications (or vice versa).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

+ HOUSE OFFICER: Each post in this grade shall be tenable for six months. £2,859 per annum for the posts held during the first year; £3,075 per annum for posts held during the second year; £3,294 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

WESTERN AUSTRALIA MEDICAL PRACTICE

A private medical practice in a country town in Western Australia has become vacant and applications are invited from interested Medical Practitioners. Kondinin, a wheatbelt town situated 174 miles east of the capital Perth, has a modern well-equipped and staffed 24-bed hospital with well-appointed consulting rooms and dispensary area.

The practice is grossing \$30,000 (Australian) annually and is capable of increasing. While this is a private practice, the Kondinin Shire Council will guarantee an income of \$30,000 per annum. Additionally, the council may assist a doctor financially in establishing himself in the town.

A modern brick and tile home is available at a moderate rental.

The Kondinin Medical Region embraces the towns of Kondinin, Karlgarin, Hyden and Kulin with an area population of approximately 2,500 people. Kondinin has all sporting facilities, an ambulance centre, a kindergarten and primary school (a junior high school is situated at Kulin, a 15 mile journey by daily school bus), two banks, sundry businesses, an hotel, a drive-in theatre and TV reception. All public utilities are provided and there is an aircraft landing strip in the town.

Persons interested in the position may obtain further information from the Shire Clerk, to whom applications should be addressed as follows:-

Medical Director

Merck Sharp and Dohme – Holland

16 staff

This is a senior appointment with a leading and highly-respected international pharmaceutical company. It is one of the most prestigious medical positions within the Dutch pharmaceutical industry, and should prove of particular interest to physicians with existing experience of Holland or of the pharmaceutical industry.

The Medical Director will be a member of the Senior Management Team of Merck Sharp & Dohme b.v., and take overall charge of the company's medical operations – both pre- and post-marketing – throughout Holland. He or she will head up a department of 16 staff organised into four sections and led respectively by an Associate Medical Director, an Associate in Basic Clinical Research, a Registration and Literature Control Manager, and a Medical Education Manager.

Suitable candidates will already hold responsible and broadly-based medical positions, and have proven managerial expertise

or clear leadership potential. Experience of the pharmaceutical industry is not an absolute requirement, but would clearly be highly advantageous. Knowledge of Dutch *will* be necessary for the post in addition to a knowledge of English, but appropriate tuition facilities will be provided if required.

The post commands an exceptionally attractive salary, together with a luxury car and substantial other benefits, reflecting the senior status of the appointment.

The successful candidate will be based at the company's spacious modern headquarters on the outskirts of Haarlem, about twenty minutes' drive from Amsterdam airport.

Please write for further information and an application form, quoting reference ED8, or 'phone if you would like to discuss the position further. All enquiries will be treated in the strictest confidence and no information will be disclosed to our clients without your prior authorisation.
