REVIEWS:—The Tablets "now so thoroughly recognised as the most useful analyses of classified study" (*Land Med. Record*). "A mass of condensed information" (*Brit. Med. Jour.*). "Present a co-ordinate analysis of all the important points in as few words as possible" (*Med. Times and Gaz.*) "In the plainest language they contain in about one-tenth the space the matter which is found in the most accredited standard works; the Author is evidently a sound teacher" (*The Lancet*). "They place the essentials before the learner in the clearest and most concise manner" (*Student's Jour. and Hosp. Gaz.*). "They deserve to rank among the best books of their kind" (*Aberdeen Medical Student*). TABLETS ON SURGERY are in course of preparation.
