## *Bucknill and Tuke's Manual*

of PSYCHOLOGICAL MEDICINE, containing the Lunacy Laws, the Nosology, Etiology, Statistics, Description, Diagnosis, Pathology, and Treatment of Insanity, with Cases.

"So much experience, learning, literary skill, and judgment have been brought into use, that in the 200 pages of this book we have what one wishing to study insanity most needs to know. We have read no book in any language, and certainly none in English, which ought to be preferred for a text-book by those who wish to make a thorough study of the subject."—*Edin. Med. Jour.*

J. & A. CHURCHILL, New Burlington Street.
