OPINIONS OF THE PRESS.
Extract from a Review by Sir Joseph Fayrer, K.S.I., in *Brain: a Quarterly Journal of Neurology*; edited by Drs. Bucknill, Crichton-Browne, Ferrier, and Hughlings-Jackson.
"This volume is the result of the investigations of a special commission. . . It has brought together, in a clear, lucid, and succinct manner, all that past and present knowledge has to say in regard to this obscure disease. . . A very complete and interesting monograph. . . The report is altogether a valuable one and will form a *point d'appui* for future workers."
Extract from *The Veterinary Journal and Annals of Comparative Pathology*, February 1878.
"The literature of this malady is advancing, and is almost daily receiving additions: the most valuable and complete treatise is to be found in a series of articles which are now appearing in *The Medical Press and Circular*."
Extract from the *Doctor*, February 1878.
"This laborious work is a credit alike to the writer and the journal which published it."
London: BAILLIÈRE, TINDALL, & COX.

Now ready, 3s. 6d.
Dr. Blakiston's Clinical REMINISCENCES.
London: J. & A. CHURCHILL.

Just published, price 7s. 6d., cloth, pp. 307.
The Antidotal Treatment of DISEASE.
