Just published, with over 100 Illustrations, 8vo, 5s.

A Practical Introduction to MEDICAL ELECTRICITY. By A. DE WATTEVILLE, M.A., B.Sc., M.R.C.S., Assistant-Physician to the Hospital for Epilepsy and Paralysis; late Electro-Therapeutical Assistant to University College Hospital.

"We heartily commend the book to the careful study of those who are interested in electro-therapeutics."—Dr. RUSSELL REYNOLDS, F.R.S., in *Brain*.

"We can honestly recommend the book to our readers as an admirable practical guide to electro-therapeutics."—*Pub. Med. Jour.*

"On the question of treatment, the directions are reduced to something like scientific precision."—*Med. Examiner*.

"We give the author a sincere welcome, and look forward to his doing great service in the department of medicine in which he has fortunately engaged."—*Westminster Review*.

"It is an exceedingly able *exposé* of the physical questions involved in applying electricity medically; and it contains also a number of practical hints which will be found of great advantage to those who intend occupying themselves with the various applications of electricity in general practice... and who wish a short, clear, and accurate summary of what is known on the subject."—*Practitioner*.

London: H. K. LEWIS, 136, Gower Street.

Now ready, Fifth Edition, Enlarged, with numerous additional Engravings, 8vo, 10s. 6d.

Clinical Lectures on Diseases of the URINARY ORGANS.

By Sir HENRY THOMPSON, Surgeon-Extraordinary to H.M. the King of the Belgians, Emeritus Professor of Clinical Surgery, and Consulting Surgeon to University College Hospital.

J. and A. CHURCHILL, New Burlington Street.

Now ready, royal 8vo, 18s., Ten Coloured Plates,

The Throat and its Diseases, with 100 Typical Illustrations in Colour, and 50 Wood Engravings, designed and executed by the Author,

LENNOX BROWNE, F.R.C.S.Ed., Senior Surgeon Central Throat and Ear Hospital, etc.

"Eminently suited to meet the wants of the class for whom it is designed—viz., those engaged in the active practice of their profession."—*Amer. Jour. Med. Sciences*.

"Essentially clinical and practical."—*Brit. Med. Jour.*

BAILLIÈRE, TINDALL, & COX, King William St., Strand.

Crown 8vo, price 6s.

Diseases of Women. By LAWSON TAIT, F.R.C.S., Surgeon to the Birmingham Hospital for Women, etc.

"The distinguished merit of this book is its originality and practical character."—*Med. Times & Gazette*.

"It abounds in valuable hints as to diagnosis and treatment, which cannot but prove most useful to the general practitioner, while in it the gynaecologist will find the most recent theories as to the etiology and pathology of these affections, many of the views put forward being striking and original."—*Dub. Med. Jour.*

WILLIAMS & NORGATE, London and Edinburgh.

Now ready, with illustrations, crown 8vo, cloth, 2s. 6d.

Eye-ball Tension: its Effects on the SIGHT, and its TREATMENT. By W. SPENCER WATSON, F.R.C.S.Eng., B.M. Lond., Senior Surgeon to the Royal South London Ophthalmic Hospital, etc.

London: H. K. LEWIS, 136, Gower Street, W.C.
