MARITAL PATHOLOGY

Divorce is becoming increasingly common: at current rates about six million people in Britain will divorce before the end of the century. Every doctor and health worker will have to deal with the diverse effects of marital unhappiness. This book discusses clearly and concisely reasons for marital misery, its effects on the health of the family, and how counsellors can help. This book will benefit all who have to deal with these problems.

Price: Inland £1.75
Abroad US\$5.00

Payment must be enclosed with order or a surcharge of 50p will be made for rendering invoices and statements.

NATRILIX[®]

indapamide

a primary antihypertensive agent

Natrilix offers a simple, effective means of controlling blood pressure both in newly diagnosed and in poorly controlled patients with mild to moderate hypertension

Prescribing information

Presentation

Pink biconvex sugar-coated tablets each containing 2.5 mg indapamide hemihydrate.

Uses

For the treatment of hypertension.

Dosage and administration

Adults

The dosage is one tablet daily to be taken in the morning.

Children

There is no experience of the use of this drug in children.

Contra-indications, warning, etc.

There are no absolute contra-indications to the use of Natrilix but caution should be exercised when prescribing it in cases of severe renal or hepatic impairment. As with all new drugs, the administration of Natrilix should be avoided during pregnancy although no teratological effects have been seen in animals. At doses higher than that recommended, Natrilix has a diuretic effect, therefore it is not recommended to prescribe it with a diuretic agent which may cause hypokalaemia. Also, slight weight loss has been reported in some patients taking Natrilix. Reported side effects have included nausea and headache,

but they are generally uncommon and mild in nature.

Serum urate levels may rise slightly but there is no evidence that glucose tolerance is adversely affected.

Box of 30 tablets.

Product licence number 0093/0022.

NATRILIX is available as: FLUDEX[®] in Africa, Belgium, France, Holland, Portugal, Switzerland.

NATRILIX[®] in English speaking Countries of Africa, Brazil, Central America, Germany, Ireland, Italy, Middle East, South East Asia, United Kingdom.

TERTENSIF[®] in Spain.

NATRIX[®] in Korea.
