HISTORY OF THE BRITISH MEDICAL ASSOCIATION

Volume II 1932-1981

by

ELSTON GREY-TURNER
CBE, MC, TD, MD, MRCS, LRCP
(Secretary, BMA, 1976-79)

and

F M SUTHERLAND
MA, FLA
(Librarian, BMA, 1961-81)

A companion volume to the history of the BMA's first hundred years published in 1932, *The History of the BMA Volume II* covers the next 50 years. The authors, Dr E Grey-Turner, former secretary of the BMA, and Mr F Sutherland, former librarian of the BMA, describe the change in the BMA's role overseas, the baffling new ethical problems, and the expansion of the BMA's publishing activities. Their book is packed with fascinating information. Why did the BMA threaten the *Sunday Pictorial* at the beginning of the second world war? What did the presidents of the royal colleges say in their famous letter to Aneurin Bevan? What was the biggest award ever made to doctors by a Review Body? All these questions, and many more, are answered in this book.

Price: Hardback — £12.25 (US\$30.60) Paperback — £10.00 (US\$25.00)

Volumes I & II in slip case — £19.25 (US\$48.10)

Reduced price for BMA members only

Hardback — £11.00 (US\$27.50) Paperback — £9.00 (US\$22.50)

Volumes I & II in slip case — £17.25 (US\$43.15)

Septrin Assurance

Prescribing Information

Indications Sensitive bacterial infections of the lower respiratory, urinary and genital tracts, sinusitis, otitis media, skin infections, septicaemia, typhoid and paratyphoid fevers, and other infections caused by sensitive organisms.

Dosage Septrin Forte Tablets. Adults and children over 12 years: 1 forte tablet twice daily. Maximum dosage for particularly severe infections 1½ forte tablets twice daily. In acute infections Septrin should be given for a minimum of five days or until the patient has been symptom-free for two days.

Contra-indications Septrin is contra-indicated in

patients with marked liver parenchymal damage, blood dyscrasias or severe renal insufficiency.

Septrin should not be given to patients hypersensitive to sulphonamides, trimethoprim or co-trimoxazole; should not be given during pregnancy or to neonates.

Precautions In renal impairment a reduced dosage is indicated and an adequate urinary output should be maintained. Regular blood counts are necessary whenever long-term therapy is used. Caution is advised in patients with folate deficiency. Care should be taken when giving Septrin to patients receiving oral anticoagulants of the coumarin group, pyrimethamine or sulphonylureas.

Adverse Reactions Occasionally, nausea, vomiting, glossitis and skin rashes may occur with normal doses and, very rarely, haematological reactions.

Presentation Septrin Forte Tablets each contain 160mg Trimethoprim BP and 800mg Sulphamethoxazole BP. PL3/0121.

Septrin* Forte 1b.d. co-trimoxazole

EMERGENCIES IN THE HOME

General practitioners are often the first doctors to see acutely ill patients, and often in difficult circumstances. This book tells general practitioners straightforwardly what they need to know to deal with such emergencies—both the common and the less common. A specialist and a general practitioner have co-operated on each chapter, making each both authoritative and practical.

SEX PROBLEMS IN PRACTICE

Patients increasingly are bringing their sex problems to doctors, many of whom have had no training in managing such problems. This book provides straightforward advice on what general practitioners and other front-line health workers can and cannot do. Most problems can be managed with simple advice and counselling, but some need referral.

Price: Inland £4.00
Overseas US\$13.25*
