

Treatment of common skin diseases

Published July 1967

Patients with skin diseases take up a large part of the time of busy general practitioners and the number of preparations available for the treatment of these disorders is rising each year. *Treatment of Common Skin Diseases* is a collection of articles, specially written for the *British Medical Journal*, designed to give practical advice on the management of these diseases and the selection of remedies. The articles are easy to read and give full details of dosage and administration of drugs, advice on diet, and answers to the questions asked by patients and their relatives.

cost

is Broxil expensive?

Broxil is not expensive. Recent price reductions mean that if you use Broxil routinely at a dosage of 250mg., q.i.d., the average daily cost works out at 1/8 per day. Penicillin V at the same dosage costs 1/1 per day.

When you take into account Broxil's higher blood levels (double those of oral penicillin V) and greater range of activity (it is active against mildly resistant staphylococci, penicillin V is not), would you not agree that at only 7d. a day more, Broxil is worth the extra cost?

AVAILABILITY: Broxil (phenethicillin as phenethicillin potassium B.P.) Tablets, 125 and 250mg.; Capsules, 125 and 250mg.

For children, adults with sore throats, or patients who find difficulty in swallowing tablets or capsules, there is Syrup, fruit-flavoured, in 60ml. bottles. When dispensed, each 5ml. teaspoonful contains 125mg.

DOSAGE: Children 62.5–125mg. and Adults 125–250mg., four times a day.

Prophylactic: Children 62.5–125mg. and Adults 125mg., twice a day.

CONTRA-INDICATION: Penicillin allergy.

SIDE EFFECTS: Mild nausea or diarrhoea may occasionally be encountered.

Additional information is available on request.

Neulactil

"Pericyazine is the most active neuroleptic for personality and behaviour disorders."

"Pericyazine gives the best results in the patients showing explosiveness, temper, tantrums, destructiveness...."

"Most remarkable is its often surprising effect on the patients' subjective condition, an effect which is most unusual in drugs of the phenothiazine group."

"The side-effects were rare and slight, and its acute toxicity seems to be low."

Extracts from *Proceedings of the Leeds Symposium on Behavioural Disorders*, March 1965, p.69, 66, 25.

'Neulactil'* is available as tablets, syrups and injection solution.

Opens
airways
in seconds...

From the moment the asthmatic patient begins to fight for breath, only seconds need elapse before the onset of relief – with *Medihaler*.

Reports repeatedly confirm the *Medihaler* places rapid profound relief within easy reach of the patient. In one trial *Medihaler-iso* Forte improved the mean expiratory flow rate of 24 patients by 47 per cent three to five minutes after inhalation – 18 per cent higher than the next best preparation¹. In another trial, *Medihaler-iso* Forte was the fastest-

acting of six pocket aerosols – and *Medihaler-iso* was next in rapidity of action².

In yet another trial³, a single inhalation (0.4 mg.) from *Medihaler-iso* Forte had significantly greater effect than 5 gm. of isoprenaline inhaled continuously over three minutes from an oxygen-powered nebuliser.

Simple to operate, compact to carry, giving profound relief from a minute dose, *Medihaler* opens airways in seconds when the fight for breath is on.

1. *Brit. Med. J.* (1966) **1**: 1014 2. *Rev. Inst. Hyg. Mines (Belgium)* (1965) **20** (3): 170

3. *Brit. J. Dis. Chest* (1964) **57**: 140

Medihaler-iso Forte contains a suspension of Isoprenaline Sulphate B.P. 20 mg./ml. and delivers 0.4 mg. per dose.

Medihaler-iso contains a suspension of Isoprenaline Sulphate B.P. 4 mg./ml. and delivers 0.08 mg. per dose.

Dosage: *Medihaler* delivers a full strength dose which should be sufficient to provide relief in most cases.

Caution: Isoprenaline is well tolerated by most patients. However, it

should be used with caution in the presence of impaired cardiac function, hyperthyroidism and severe hypertension. Isoprenaline is a potent agent. The smallest dosage of it which provides relief should not be exceeded.

Basic NHS prices: 400-dose complete unit. *Medihaler-iso* 14/4 *Medihaler-iso* Forte 17/-. Additional information is available on request.

FENTAZIN

PERPHENAZINE BP

Trade Mark

the ideal tranquilliser in general practice

There is sometimes a tendency to regard Fentazin and related phenothiazine derivatives as powerful drugs, indicated principally for the treatment of frank psychosis. In general practice it has been more usual to treat patients suffering from anxiety or tension states with drugs thought to be less potent, the so-called minor tranquillisers or the barbiturates. Among their other actions, these drugs depress cortical function and may produce impairment of judgment and of ability to think. The effect of these drugs is apparently attractive to certain types of patients, for addiction to them is by no means uncommon. On the other hand, Fentazin and the group of potent phenothiazine tranquillisers to which it belongs are virtually without sedative effect and appear to reduce anxiety, agitation and restlessness in a much more specific way than do the general cortical depressants. These advantages indicate Fentazin as the preparation of first choice in the day-to-day management of many forms of functional psychiatric disturbances in preference to drugs that may impair judgment and co-ordination in such tasks as motor-driving and have a known tendency to cause addiction or dependence.¹

The low doses of Fentazin needed for the relief of non-psychotic anxiety and tension rarely give rise to side effects, or to potentiation of other drugs, including alcohol. With a low-dosage, potent phenothiazine derivative, such as Fentazin, there is a striking absence of drowsiness. "Side effects with perphenazine are remarkably infrequent . . . Perphenazine produced rapid improvement in many patients."²

A few years ago a psychiatrist³ reviewed his own experience and that of others with perphenazine (Fentazin), after 8 years clinical usage and he formed the opinion that Fentazin is most effective against tension, anxiety, agitation and psychomotor excitement. He concludes this review as follows:

"This re-appraisal of perphenazine after 8 years of extensive clinical experience, by thousands of physicians among an estimated 25 million patients, demonstrates that this drug belongs to the small

group of pharmaceuticals that have passed the test of time. Perphenazine has proved to be an effective and safe drug which seldom causes serious side effects."

More recently it has been said of perphenazine that it "is useful for relieving anxiety, tension and distress in psychosomatic disorders and in physical illness and disabilities."⁴

FENTAZIN controls all degrees of anxiety, psychomotor over-activity and agitation without depriving the patient of his mental acuity. FENTAZIN calms and tranquillises without drowsiness or interference with the ability to think.

Side effects. Fentazin administered in the recommended doses rarely gives rise to side effects. Any that occur may be regarded as due to individual sensitivity to phenothiazine tranquillisers and are quickly reversible by withdrawal of the drug.

Cautions. FENTAZIN is contra-indicated in patients known to be suffering from leucopenia or being treated with drugs liable to cause bone marrow depression. While FENTAZIN is effective in the treatment of hyperemesis gravidarum, morning sickness and anxiety states associated with early pregnancy, it should not be administered during the period without full consideration of recent suggestions that drug therapy during the first trimester is undesirable.

Dosage. Average adult dosage is 12 mg a day in divided doses. In severe cases the dosage may be increased but should not exceed 24 mg a day.

Presentation. DUOLETS contain 3 mg perphenazine in an outer layer for prompt action — an inner core contains a further 3 mg. enclosed in a special barrier for timed release. One FENTAZIN Duolet thus maintains therapy for 8–12 hours. Available in packs of 50 and 250 Duolets.

TABLETS contain 2 mg, 4 mg and 8 mg. Available in packs of 50 and 500 tablets.

SYRUP contains 3 mg in each 5 ml teaspoonful. Available in bottles of 142 ml (5 fluid ozs) and 2 litres.

INJECTION SOLUTION contains 5 mg in each ml. Available in boxes of 5 and 100 ampoules.

There's a very good
reason why this
IUD is being
well accepted

It's not rejected

The crucial word in any talk concerning IUD's is not efficacy, but *acceptance*. A small number of women spontaneously extrude the IUD or have to have it removed. But the unique shape of the SAF-T-COIL ensures maximum *in utero* retention. Once inserted, the SAF-T-COIL assumes its distinctive configuration, conforming closely to the shape of the uterine cavity. Rejection is extremely unlikely.

Because of its presentation the SAF-T-COIL is introduced more easily and more quickly than any other device; placement is smooth and non-irritating. No sterilisation or assembly is required. Each sterile, peel package contains the integral unit of coil and insertion plunger.

Single-dose Pripsen breaks the threadworm life cycle

Threadworms often infect families, one child can infect the others.

A single dose of Pripsen, taken by each member of the family, can eradicate threadworm infection. Pripsen treats the affected child and protects others against infection. As a precaution against possible re-infection a second dose of Pripsen should be repeated after two weeks.

Pripsen (piperazine phosphate and standardized senna) is also effective against roundworms.

Steroids in asthma?

Give your asthmatics 'breathing time' — provide the benefits of betamethasone . . .

The efficiency of betamethasone in breaking the vicious cycle of asthma and giving the patient 'breathing time' is well known. A short (usually six day) course produces a rapid and often prolonged remission of symptoms without causing

salt and water retention or affecting potassium balance. Studies have shown that such a course can safely be repeated as often as fifteen times a year*. There can't be many of your patients who would require steroids so frequently.

. . . enhanced by the advantages of solubility

Betnesol Tablets can be given dissolved in water as a drink—thus there are no solid steroid particles to irritate the stomach and absorption is more consistent. A popular daily dosage for a six day

* *Lancet* (1966) ii, 1354.

course is 6,5,4,3,2,1 tablets per day. Just as soluble aspirin is the modern way to prescribe aspirin, so Betnesol is the modern way to prescribe systemic steroids.

Now you can end the
intolerable irritation
of monilial vaginitis—
swiftly... decisively

CANDEPTIN specific therapy for vaginitis caused by *Candida albicans*.

Swift symptomatic relief¹ and decisive resolution of infection²—these are proven benefits of Candeptin in the treatment of monilial vaginitis. *Candida albicans*—the usual cause of infection—is particularly sensitive to this new fungicidal antibiotic.

Laboratory studies³ have shown that Candeptin inhibits *Candida albicans*—even after two days incubation—at the remarkably low concentration of 0.05 mcg/ml. Under the same circumstances nystatin had to be used at 5 mcg/ml to achieve inhibition.

Equally remarkable results have been achieved in clinical practice.^{1,2,3} Of 190 women, both pregnant and non-pregnant, 173 were cured after a single course of treatment. A further 14 responded to a second course.

PENBRITIN KS

3 way action stops Bacterial Diarrhoea

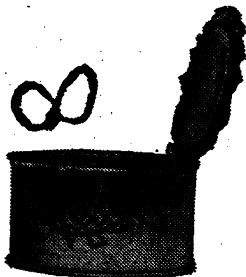

Penbritin KS contains Penbritin, Kaolin and Sulphadimidine, and has been specifically formulated to provide both symptomatic and bacterial treatment for gastro-intestinal infections.

PENBRITIN KS

eradicates infection in the wall of the intestine
kills organisms in the lumen
consolidates stools, adsorbs toxins and exerts a demulcent effect on inflamed mucosa.

Indications

Bacterial Diarrhoea
Bacterial Food Poisoning
Bacillary Dysentery
Intestinal infections due to sensitive organisms.

Wide Bacterial Cover

Penbritin KS is active against: Salmonellae, Shigellae, E.coli, Strep. faecalis (enterococci), Clostridia, Staphylococci (other than penicillinase-producing strains).

Accepted Antibacterial Agents

Penbritin and Sulphadimidine are well-established B.P. preparations. Both are well absorbed and provide antibacterial activity not only in the lumen but also in the gut wall, the most important site of infection.

Rapid Action

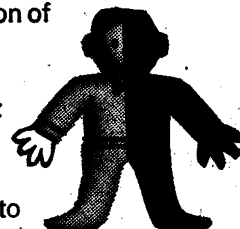

Clinical experience has shown that relief is given often within 24 hours.

Dosage: Adults 20 ml. 6-hourly;
Children 10 ml. 6-hourly.

Availability: Bottles of 60 ml.
(Basic N.H.S. cost 8/9 per bottle)

Side-Effects Unlikely

Penbritin KS combines ampicillin and sulphadimidine, two of the safest and most widely used antibacterials. Side effects are unlikely, due to the short duration of treatment. Contra-indications: Allergy to penicillin or intolerance to sulphonamides.

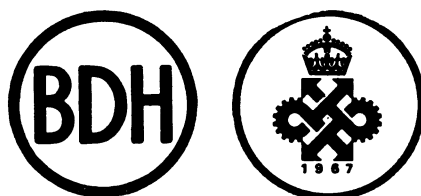

Penbritin KS (regd.) is a product of

Beecham Research Laboratories

Plus Alphosyl psoriasis curiae praescribitur quam quidquid aliud medicamentum.

It's the truth. Alphosyl is the most widely prescribed product used specifically for the treatment of psoriasis. Alphosyl Lubricating Cream is the newer form of Alphosyl, clinically proven for psoriasis — especially in the intertriginous areas.

In these areas where dry, scaly lesions cause constant friction and continuous

irritation, Alphosyl Lubricating Cream not only removes scales and crusts, but enhances lubrication of the skin folds to lessen irritation. It has proved effective even in resistant cases.

Alphosyl therapy (either Lotion or Cream) can now be adjusted to fit the patient's individual needs... or preference.

Psoriasis R Alphosyl

Beyond The Pill... Mixogen...

as dramatically successful in preventing menopausal distress as are the oral contraceptives in family planning

Dosage

1 - 2 tablets daily; more in severe cases.
Dosage should be reduced gradually as hormonal equilibrium is restored.

Formula and Packs

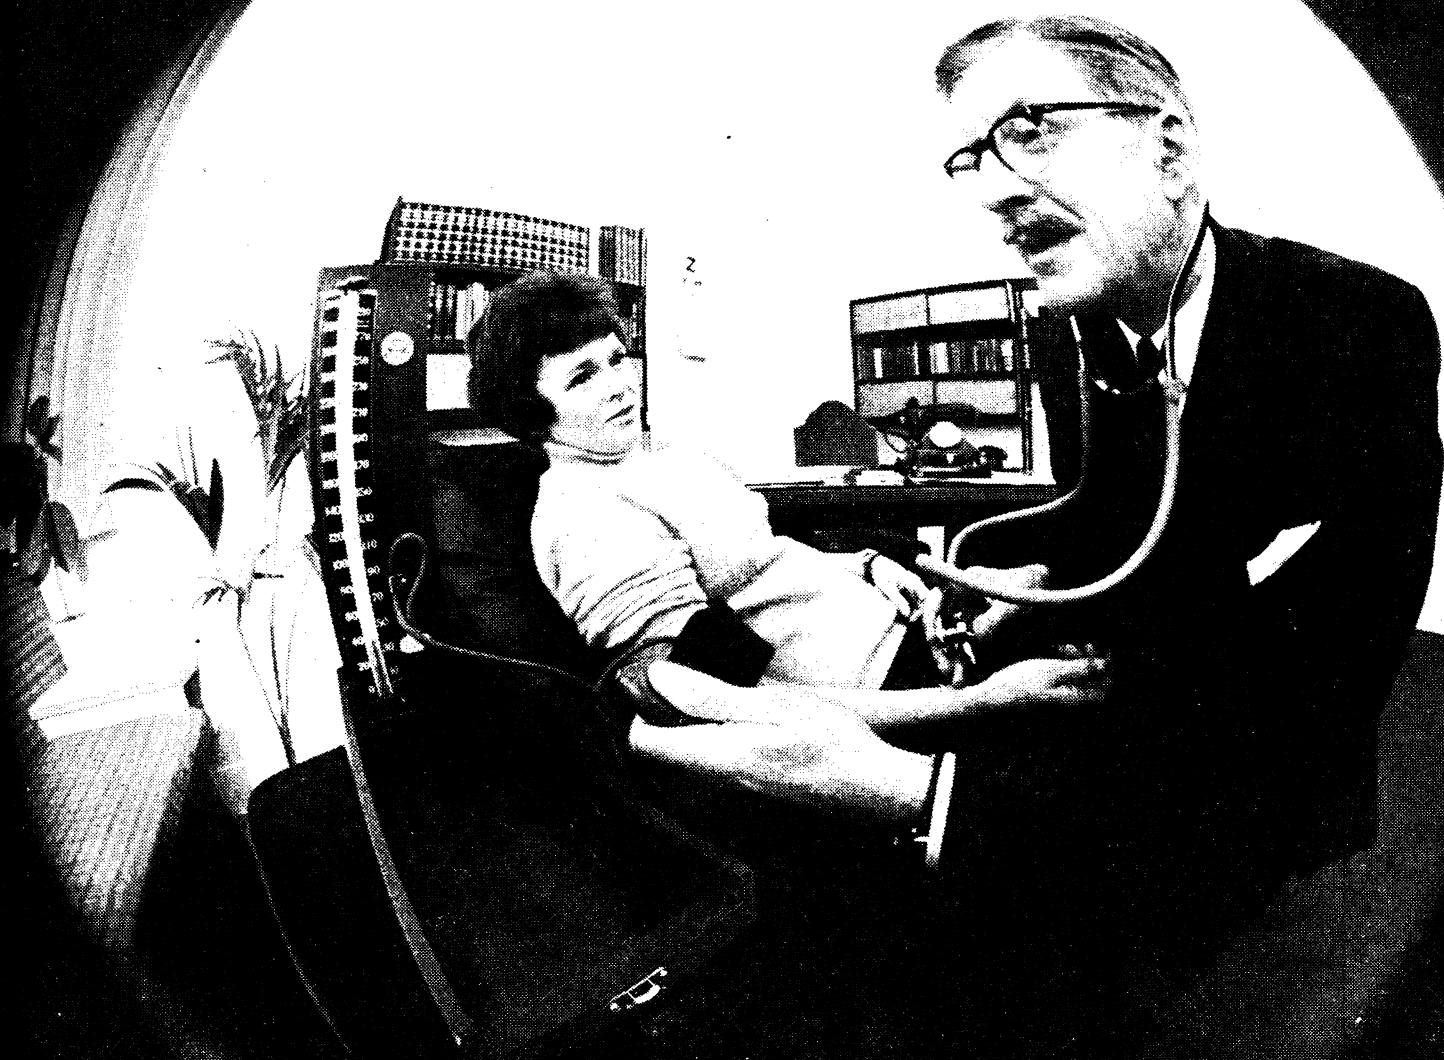

Each tablet contains: Ethinyloestradiol B.P. 0.0044 mg
Methyltestosterone B.P. 3.6 mg
in bottles of 25, 100 and 250 tablets.

The woman who uses an oral contraceptive during her later potential child-bearing years need not fear menopausal problems. But for those not 'on The Pill' when reaching the menopause, a hormone problem remains. *At the menopause three out of four women require hormone replacement.*

Mixogen fulfils their need. The preparation, a finely balanced combination of oestrogen and androgen, acts synergistically to ensure complete relief of all menopausal symptoms. And it does so without recourse to sedatives which—apart from other considerations—fail to deal with the underlying cause of the symptoms.

Organon Laboratories Ltd • Crown House • Morden • Surrey • England

It's not that I'm worried doctor...

●●● but I feel a bit giddy and I wonder if I have blood pressure.

You find only a mild hypertension but a deal of anxiety.

She'll do well on Capla—the central nervous system depressant designed for the anxious patient with mild hypertension.

Recent pharmacological work on the hypotensive action of mebutamate, using cross-circulation experiments in dogs, concluded that the hypotensive effect could be attributed both to a direct vasodilator effect and to inhibition of the sympathetic vasomotor outflow. The former is believed to be responsible for the initial transient fall in the blood pressure and the latter for

the sustained vasomotor depression, essentially at the spinal and ganglionic levels.

Capla is not cumulative and tolerance does not develop. The body's ability to detoxify Capla readily accounts for its unusually low toxicity both in humans and animals. Drowsiness can occur on high dosage.

Capla is available in bottles of 100 tablets. Each tablet contains 300 mg. mebutamate.

The recommended dosage is 1 tablet 3 times daily before meals.

There are no known contra-indications to Capla and it can be used concurrently with hypotensive agents and diuretics. It is suitable for elderly and debilitated patients.

For rheumatic disorders the solution is Solprin

When prolonged administration of aspirin is indicated, Solprin ensures a high degree of efficacy and safety.

Solprin, which provides aspirin in neutral soluble form, has all the analgesic and anti-inflammatory properties of aspirin but is more rapidly absorbed and better tolerated.

Solprin is especially valuable in the treatment of

rheumatic disorders where high dosage over long periods is necessary.

SOLPRIN tablets are stable for long periods and are presented in protective moisture-proof foil.

Basic N.H.S. price: 500 tablets 12/3d.

Reckitt & Sons Limited,
Pharmaceutical Department, Hull, Yorkshire.

Lyndiol 2-5

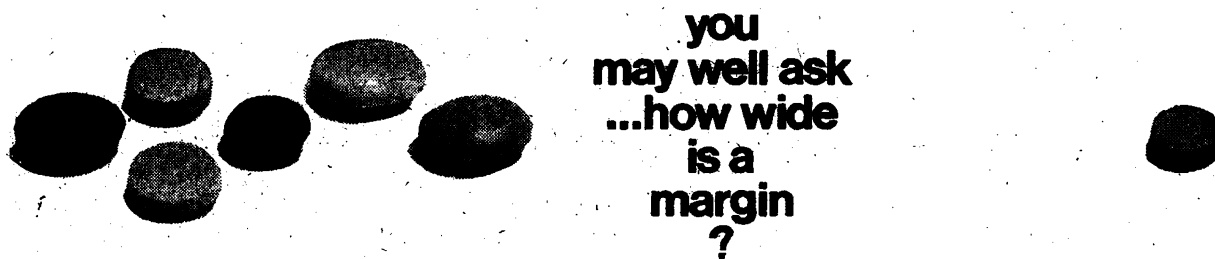

is only marginally better than other oral contraceptives...

The physician, trained to make rational choices, faces a problem when he comes to The Pill, for he knows that as far as the combined oral contraceptives are concerned all are virtually 100% effective.

He looks then for other significant differences. First of these is the incidence of side-effects. (*The latest data from the F.P.A. show that Lyndiol 2.5 is substantially free from side-effects*).

Price is another factor, especially as the acceptability of the oral contraceptive idea spreads down the socio-economic scale to those families who perhaps need contraception most and can afford it least. (*Lyndiol 2.5 offers the most reasonable price-to-patient*).

And he considers patient reliability – which dosage scheme will be easiest to follow? (*Lyndiol 2.5's 'fixed day' routine means simply that if a patient starts on, say, a Friday, she finishes three weeks later on a Friday and begins her new course on the following Friday*).

Pack: wallet of 22 tablets (one month's supply).

Formula: each tablet contains 2.5 mg lynestrenol,
0.075 mg of mestranol.

Even the wrapper typifies the convenience of Tampax tampons

Women dislike fumbling with cumbersome menstrual protection devices. At a time when nerves are already on edge, difficulties seem to magnify with the pin-pad-belt routine. The Tampax tampon, on the other hand, is immediately available for instant use—merely pull the handy tear-thread in the linen-paper wrapper and there it is, ready for simple, efficient insertion into the vagina.

This wrapper has hygienic importance, too. Not only does it assure complete cleanliness, but it enables the user to carry spares in her handbag, or special Tampax purse container, with assurance that they will remain hygienic right up to the moment of need.

Your patients will welcome the tidy convenience of this product and will soon recognize, as have millions of other women around the world, its many other advantages. With Tampax tampons, the problem of menstrual odour is virtually eliminated. They are disposable by flushing away, as are the container-applicator tubes, so necessary for correct and easy insertion. Bathing and showering are made aesthetically possible. Even sitting and walking are more comfortable.

If you have patients who are having psychological or emotional difficulties over menstruation, perhaps you can ease their problems by recommending the Tampax tampon. Its use, comfortable and practical as it is, can improve a woman's or girl's whole attitude toward the complex of menstruation.

Available in Regular and Super absorbencies to meet the varying needs during the menstrual period.

Obstetrics in General Practice

Published July 1966

This book is made up of a series of articles printed in the "Current Practice" section of the **BRITISH MEDICAL JOURNAL**. It is designed to give a lucid and practical account of obstetrics as it is carried out in the patient's home or in a maternity unit, with special emphasis on the role of the general practitioner and his relationship to the consultant obstetrician and the hospital. The principal authors are consultant obstetricians, but to ensure that the general practitioner's own view and special experience should be represented the consultant contributors were asked to prepare their articles in collaboration with general practitioners. The book as a whole is a product of such co-operative effort. It forms a useful guide to this important branch of medical practice.

CHILD CARE

Published 1 January, 1967

This book is the second to be published from a series of articles that have appeared in the "Current Practice" section of the *British Medical Journal*. It gives practical up-to-date advice on problems faced by general practitioners. The articles that make up the book cover the period from infancy to adolescence, and in their scope cover child-care in the broadest sense, with sections on normal development, adoption, puberty, and behaviour disorders as well as the diagnosis and management of childhood diseases. The authors are consultant paediatricians or leading authorities in their fields, but the emphasis throughout has been on a practical approach. It is hoped that the book will be a useful guide for all family doctors.

PRACTICES

(Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council. Mark envelopes "Vacancy."

GREATER LONDON BOROUGH OF BARKING

CHADWELL HEATH, ESSEX

Applications are invited for a medical practice vacancy in above urban area (classified as "designated") arising from death of practitioner. Total number on list 3,400 (approximately). Surgery premises will be available either for purchase or on a rental basis. Details of residential accommodation not yet available.

Form E.C.16A and further details obtainable from the Clerk, North-East London Executive Council, Ilford Lane Chambers, Ilford Lane, Ilford, Essex.

Applications to be received not later than August 11, 1967. (H.3836)

LANCASHIRE EXECUTIVE COUNCIL (NATIONAL HEALTH SERVICE) MEDICAL PRACTICE VACANCY

CROSTON, LANC.

Applications invited for vacancy (rural) due to resignation of 2,130. Residence and combined surgery available for sale to successor. Successful candidate will be required to take over on November 14, 1967, or as soon as possible thereafter.

Apply on form E.C.16A (available from the undersigned) not later than August 12, 1967, to: The Clerk, Lancashire Executive Council, 42 West Cliff, Preston, Lancs. (H.3837)

NATIONAL HEALTH SERVICE NOTTINGHAM COUNTY AND CITY EXECUTIVE COUNCIL PRACTICE VACANCY

MANSFIELD, NOTTINGHAMSHIRE

Applications invited for vacancy due to retirement and resignation of two partners on September 30, 1967. The area is classified as "open," and the combined list at present is approximately 1,900. An opportunity may be afforded for the successor to enter into partnership with a single-handed practitioner in the district. Premises are available on short-term lease. Accommodation at Mansfield Health Centre will be available in May, 1968.

Completed application forms to be received by the Clerk of the Nottingham County and City Executive Council, 11 The Rowewalk, Nottingham, not later than August 14, 1967. (H.3814)

NEWCASTLE UPON TYNE (WEST SUB-SECTION)

Applications are invited for a vacancy in an open area due to resignation. List approximately 2,663. Surgery accommodation expected to be available. Apply on Form E.C.16A to the undersigned, to be received not later than first post on August 10, 1967.—K. N. Ogden, Newcastle Executive Council, Kensington House, 4, 5 and 6 Osborne Road, Newcastle upon Tyne 2. (H.3835)

NORWICH EXECUTIVE COUNCIL Norfolk

Applications invited for a vacancy in medical practice in the City of Norwich due to retirement on December 31, 1967. List at present approximately 2,700 (all prescribing). "Open" area. Combined residence and surgery as well as a branch surgery will be available for purchase. Successor required to take over January 1, 1968. Further details on request. Applications, on form E.C.16A, to reach the undersigned not later than August 31, 1967.—C. J. Waring, Clerk of the Council, 74 St. Giles', Norwich, NOR. 23E. (H.3838)

STAFFORDSHIRE EXECUTIVE COUNCIL

VACANCY AT GREAT WYRLEY, STAFFS.

Applications are invited from registered medical practitioners to commence a new practice at Great Wyrley and Cheslyn Hay. Both areas are rapidly expanding and are in the Cannock Rural District. The area is "Designated" and the Initial Practice Allowance will be payable, providing the applicant is otherwise qualified.

The Staffordshire County Council is prepared to build a health centre at Great Wyrley in the near future and the successful applicant will be invited to take part in the negotiations in connection therewith. As a temporary measure accommodation will be arranged by the Cannock Rural District Council.

Further information and Form E.C.16(A), which must be returned by the first post on Monday, August 21, 1967, can be obtained from The Clerk, Staffordshire Executive Council, Britannia House, 6/7 Eastgate Street, Stafford. (H.3883)

RE-ADVERTISEMENT WOODFORD HALSE AREA Northamptonshire

Applications invited for vacancy arising from the resignation of a practitioner in Rural practice, no dispensing. List of 1,840. Surgery may be available on rental.

Apply on form E.C.16A, by August 16, 1967, to S. M. Edwardson, Clerk, Northamptonshire Executive Council, 39 Billing Road, Northampton. (H.3906)

Accommodation available.—Dr. Coope, The Waterhouse, Bollington, Cheshire, Bollington 2481.

**GENERAL PRACTICE
TRAINING POSTS**

WESSEX REGIONAL HOSPITAL BOARD offers the following appointment to a registered medical practitioner seeking additional experience before entering general practice:

In the Portsmouth group of hospitals. The post is vacant in August, 1967. The appointment is for two years. The first year in the hospital service in the Senior House Officer grade will provide, amongst other duties, an opportunity to qualify for the D.Obst.R.C.O.G. The second year will be in a selected general practice as a trainee practitioner. Application forms and further details may be obtained from the Senior Administrative Medical Officer, Highcroft, Romsey Road, Winchester. Closing date is August 12, 1967. (21639)

**UNIVERSITY AND
RESEARCH
APPOINTMENTS**

(see also under "Overseas")

**IMPERIAL CANCER RESEARCH
FUND**

The Council of the fund invites applications for the post of

**ASSISTANT TUMOUR
HISTOPATHOLOGIST**

The duties of the successful applicant will be to continue the development of the fund's tumour reference collection, to supervise the routine histology laboratory and to carry out ancillary experimental or other pathological work.

This full-time post offers a unique opportunity for obtaining experience and prosecuting research in human and comparative tumour pathology.

Salary within the range £1,905 to £2,630 plus £60 per annum London allowance, according to qualifications and experience, with F.S.S.U. benefits.

Further particulars can be obtained from the Secretary, Imperial Cancer Research Fund, Lincoln's Inn Fields, London W.C.2, to whom applications, giving the names of three referees, should be sent not later than Tuesday, August 29, 1967. (H.3825)

**LEEDS REGIONAL BOARD
HULL AND EAST RIDING HOSPITALS**

Applications are invited for the post of **RESEARCH ASSISTANT** in the cardiac department at the Kingston General Hospital and new Hull Royal Infirmary.

The department (60 beds and a 9-bedded coronary monitoring unit) is staffed by two Consultants, a Registrar and three House Officers.

The appointee will be expected to participate in local and regional research programmes on acute coronary c.v.c. but will also have the opportunity to gain experience in cardiac investigation techniques and to take part in postgraduate study courses.

Applications, with the names of three referees, to Dr. Clive P. Aber or Dr. R. W. Portal, Cardiac Department, Kingston General Hospital, Beverley Road, Hull, by August 12, 1967. (21777)

Salary £1,650 per annum (equivalent to Registrar grade), renewable after first year. The post is financed by the Leeds Regional Hospital Board, and offers an excellent opportunity to obtain an M.D.

Salary £4,885 (F.S.S.U.); grant towards removal of household effects.

Applications (15 copies—overseas applicants one copy) containing the names of three referees to be lodged not later than September 15, 1967, with the Secretary, Queen's College, Dundee, from whom further particulars may be obtained.

CHAIR OF CLINICAL CHEMISTRY The University Court of the University of St. Andrews and the Eastern Regional Hospital Board invite applications for the Chair of Clinical Chemistry. Associated with the Chair is an honorary appointment with the Eastern Regional Hospital Board as consultant Clinical Chemist. Salary £4,885 (F.S.S.U.); grant towards removal of household effects.

Applications (15 copies—overseas applicants one copy) containing the names of three referees to be lodged not later than September 15, 1967, with the Secretary, Queen's College, Dundee, from whom further particulars may be obtained.

A. N. Mitchell, Secretary of the University.

J. K. Johnston, Secretary of the Eastern Regional Hospital Board (11390)

University and Research Appointments—contd.

MEDICAL RESEARCH COUNCIL Require a medical officer, preferably with paediatric experience, at their infantile malnutrition research unit, Mulago Hospital, Kampala, Uganda (Director: Professor R. A. McCance) for an appointment to begin as soon as possible. Applicants should be of Registrar status, and preferably a member of one of the Royal Colleges of Physicians. The successful applicant will assist in the running of a small ward devoted entirely to research and will contribute towards the research programme of the unit, which aims at a comprehensive study of the effect of malnutrition on the development of the African child.

The appointment will be for a tour of 21-27 months, in the first instance. Salary, with contributory superannuation, according to age and experience. An overseas allowance of 26½% (single) or 40% (married) of salary will be payable. Both basic salary and overseas allowance subject to Uganda income tax. Passages and baggage allowance will be paid for the member of staff and his family. Basically furnished accommodation will be provided at a rent of 5% of basic salary. Children being educated in the U.K. eligible for education allowances and two paid passages each year. He will leave 5 days for each month served in Uganda.

For further particulars and application form please write to Miss J. Robertson, Medical Research Council, 20 Park Crescent, London W.1., quoting reference E240/162. (21718)

MEDICAL RESEARCH COUNCIL Radiobiological Research Unit, Harwell, Didcot, Berkshire

EXPERIMENTAL PATHOLOGIST

Applications are invited for a vacant post. Problems currently under investigation centre around the haemopoietic and lymphopoietic deficiencies which result from exposure to ionizing radiation and the long-term sequelae such as leukaemia and other neoplasms. Original investigations on personally chosen problems will be encouraged and these need not be exclusively radiobiological in nature, which depends on qualifications and experience, will be according to Medical Research Council scales. Starting date to be arranged. Further information and application forms may be obtained by writing to the Administrator, Radiobiological Research Unit, Medical Research Council, Harwell, Didcot, Berkshire, quoting RHM/2/17. (H.3203)

ROYAL COLLEGE OF SURGEONS OF ENGLAND Department of Physiology

Applications are invited for a **JOHNSON AND JOHNSON RESEARCH FELLOWSHIP**

for work on wound healing or transplantation. Salary up to £2,250 per annum according to qualifications and experience. Superannuation provision. Please write, giving full details, to Mr. H. Cooke, Personnel Officer, Royal College of Surgeons, Lincoln's Inn Fields, W.C.2. (11498)

ST. GEORGE'S HOSPITAL MEDICAL SCHOOL Hyde Park Corner, S.W.1

Applications are invited for the post of **SENIOR LECTURER (Honorary) IN PSYCHIATRY**

The post is in the professional department of psychiatry, St. George's Hospital Medical School, and the successful applicant would have some beds at Atkinson Morley Hospital and, if desired, additional beds at a psychiatric hospital. He would also be expected to conduct and supervise research and to involve himself in the teaching programme. The salary is on the university scale for Senior Lecturers, £2,765 to £4,380 with placing according to experience. The application, with the names of two referees, should reach the Secretary before August 31, 1967. (H.3884)

THE LONDON HOSPITAL MEDICAL COLLEGE (University of London)

LECTURER IN BACTERIOLOGY

Applications are invited for the post of Lecturer in the Department of Bacteriology. Candidates should have had a basic training in bacteriology and pathology. The post is designed for a medically qualified graduate who is interested in undergraduate teaching. Training will be given in the techniques of virology and research will be undertaken in this branch of microbiology.

Initial salary according to qualification and experience within the scale £1,745/£2,820 together with superannuation under the F.S.S.U. or N.H.S.

Applications (two copies), together with the names of two referees, to the Secretary, The London Hospital Medical College, Turner Street, London E.1, by September 1. (11447)

THE WELSH NATIONAL SCHOOL OF MEDICINE (University of Wales)

LECTURER IN SURGERY

Applications are invited for the appointment of Lecturer (whole-time) in the pre-fascial surgical unit.

The initial salary will be in the range of £1,530 by £135 to £2,205 by £125 to £2,705 by £115 to £3,050. This appointment is normally held for a period of two years but may be renewable thereafter annually for a further two or three years.

Further particulars of the appointment may be obtained from the undersigned, by whom applications should be received within three weeks of the appearance of this advertisement. F. Drenth, Decademy Registrar, 34 Newport Road, Cardiff. (11392)

UNIVERSITY OF BIRMINGHAM

RESEARCH FELLOWSHIP IN PSYCHIATRY

Applications are invited for a Research Fellowship in Psychiatry. Applicants, who should be medically qualified, should preferably be D.P.M. and might be expected to be of about Senior Registrar

status. The research fellow will be attached to the university department of psychiatry, though his research, which will deal with some aspect of clinical psychopharmacology, will be normally carried out at All Saint's Hospital. The appointment will be for two years in the first instance subject to review at the end of one year. Salary in the region of £1,920 per annum. F.S.S.U. Applications (two copies) by August 14, 1967, to Professor W. H. Trethowan, Department of Psychiatry, Queen Elizabeth Hospital, Birmingham 15. (11332)

THE UNIVERSITY OF LEEDS

DEPARTMENT OF PAEDIATRICS AND CHILD HEALTH AND THE DEPARTMENT OF CHEMICAL PATHOLOGY

Applications are invited for the post of Lecturer in the Metabolic Disorders of Childhood. Duties will include the clinical study and laboratory investigation of, and the instruction of undergraduates and postgraduates in metabolic disorders in children (including those newly born). Routine commitments will be limited in order that adequate time can be devoted to organised research conducted jointly by the departments of paediatrics and chemical pathology. Applicants should be clinicians who are Members of one of the Royal Colleges and who have a particular interest in biochemical aspects of paediatrics. Initial appointment will take effect as soon as possible at any point of the scale £1,745 to £2,995.

Applications (three copies), stating age, qualifications and experience, and naming three referees should reach the Registrar and Secretary, The University, Leeds 2, (from whom further particulars may be obtained), not later than September 11, 1967. (11445)

UNIVERSITY OF EDINBURGH DEPARTMENT OF MEDICINE

ASSISTANT LECTURESHIP

Applications are invited for the post of Assistant Lecturer in the Department of Medicine, Royal Infirmary. The appointment is for one year in the first instance. The post carries clinical responsibility and allows training in research in a number of fields. Opportunity to prepare for the M.R.C.P. will be given.

The salary scale is £1,105×£75—£1,180×£80—£1,340 per annum, with placement according to qualifications and experience, and with superannuation benefit.

Applications by letter (three copies), giving the names of two referees, should be sent to the Professor of Medicine, Department of Medicine, the Royal Infirmary, Edinburgh 3, not later than Friday, August 25, 1967. Further or preliminary enquiries are welcomed. (11287)

UNIVERSITY OF EDINBURGH DEPARTMENT OF CLINICAL CHEMISTRY—LECTURESHIP

Applications are invited from registered medical practitioners for the post of Lecturer in the Department of Clinical Chemistry. Candidates should preferably have some experience of hospital laboratory work, particularly in a biochemical department. Salary scale—Lower: £1,470 to £2,015 per annum; Higher: £2,150 to £2,995 per annum, with placement according to qualifications and experience, and with superannuation benefit. The South-Eastern Regional Hospital Board (Scotland) will be prepared to grant the appropriate honorary status to the successful candidate.

Further particulars may be obtained from The Secretary to the University, University of Edinburgh, Old College, South Bridge, Edinburgh, with whom applications (three copies), giving the names of two referees, should be lodged not later than September 2, 1967. (11497)

UNIVERSITY OF OXFORD

Applications are invited for the post of **LECTURER or JUNIOR LECTURER** in the Department of Bacteriology at the Radcliffe Infirmary. The successful applicant will have good opportunities for gaining further experience in the subject and for investigational work. The Lecturer will also be concerned with undergraduate and postgraduate teaching.

Salary on the scale £1,430 to £1,610 (Junior Lecturer) or £1,745 to £2,465 (Lecturer) with F.S.S.U.; commencing salary according to qualifications and experience.

Applications, together with the names of three referees, should be sent by August 31, 1967, to Dr. W. H. H. Jebb, Department of Bacteriology, Gibson Laboratories, Radcliffe Infirmary, Oxford, from whom further particulars may be obtained. (21845)

EDUCATIONAL

EDINBURGH POSTGRADUATE BOARD FOR MEDICINE

**ADVANCED COURSE ON THE
MANAGEMENT OF THE RHEUMATOID
HAND**

October 7 and 8, 1967
In conjunction with the department of orthopaedic surgery, a two-day week-end course will be held in Edinburgh on "The Management of the Rheumatoid Hand," on Saturday and Sunday, October 7 and 8, 1967.

This will be an intensive course to cover all aspects of the problem, including the anatomical and pathological changes in addition to those measures both medical and surgical which can be used to prevent or correct deformity and to prevent loss of function at all stages of the disease.

The course will be under the supervision of Mr. Douglas Savill, Consultant Orthopaedic Surgeon to the Rheumatoid Arthritis Unit, Princess Margaret Rose Orthopaedic Hospital, and he will be aided by:

Dr. John Ball, Senior Lecturer, Department of Pathology, Manchester University;
Dr. J. J. R. Duthie, Reader, Department of Medicine, University of Edinburgh;
Rheumatoid Arthritis Unit, Northern General Hospital, Edinburgh;

Mr. K. Kuczyński, Senior Lecturer, Department of Anatomy, University Medical School, Edinburgh;

Dr. Raoul Tubiana, Pavillon Ollier, Hôpital Cochin, Paris;

Mr. O. J. Vaughan-Jackson, Consultant Orthopaedic Surgeon, The London Hospital;

Dr. Kauko Vainio, Heinola, Finland.

The fee for the course will be £7.

Application should be made to the Director of Studies, Edinburgh Postgraduate Board for Medicine, Pfizer Foundation, Hill Square, Edinburgh 8. (11113)

DATA HANDLING IN MEDICINE

An intensive course on methods of recording and analysing medical data will be held in Newcastle on October 26 and 27, 1967. The course is designed for all members of the medical profession and the fee is 15 guineas. For further information or application for attendance: Mrs. Catherine Harvey (Course Organiser), J. L. Jolley and Partners Ltd., Westbourne House, Westbourne Street, High Wycombe, Bucks.

GLASGOW POSTGRADUATE MEDICAL BOARD

University of Glasgow and Royal College of Physicians and Surgeons of Glasgow

CLINICAL TEACHING WARD ROUNDS IN MEDICINE AND RADIOLOGY FOR HIGHER EXAMINATIONS

A course of clinical instruction in medicine for postgraduate students will be held in the teaching hospitals in Glasgow in the forthcoming session. The course comprises one ward round weekly for 10 weeks and additional tutorial supervision and advice. The course will be held on Thursday afternoons from 4.30 p.m. to 6 p.m.

The course commences on Thursday, October 5, 1967.

The fee for the course is £8 8s.

Radiology for Higher Examinations

A course of instruction in radiological interpretation for clinicians will be run in conjunction with the above ward round course. This may be taken as an optional extra course or without participation in the ward round course. The lecture demonstrations will be held once weekly for 10 weeks on Monday afternoons from 4.30 p.m. to 5.30 p.m. in the teaching hospitals in Glasgow.

The course commences on Monday, October 2, 1967.

The fee for the course is £5 5s.

Applications for both courses commence on August 10, 1967. Applications for both courses close on September 14, 1967.

Forms of application may be obtained from the Director of Postgraduate Medical Education, The University, Glasgow W.2, or from the Honorary Secretary, Royal College of Physicians and Surgeons, 242 St. Vincent Street, Glasgow C.2. (11395)

not to apply

for any appointment specified above or for any appointment under an authority referred to above without first communicating with the Secretary of the British Medical Association, B.M.A. House, Tavistock Square, London W.C.1, to learn the views of the Association regarding the terms and conditions of service pertaining to the appointments, or, in the case of the Australian appointment, with the Honorary Secretary, Queensland Branch, Australian Medical Association, 88 L'Estrange Terrace, Kelvin Grove, Brisbane, Queensland. Medical practitioners are requested not to apply for, accept, or sit on Interview Boards for any of the Irish appointments mentioned in this notice without first communicating with the Medical Secretary of the Irish Medical Association, 10 Fitzwilliam Place, Dublin.

By Order of the Council,

D. P. STEVENSON,
Secretary.

July 25, 1967.

**PUBLIC HEALTH LABORATORY
SERVICE BOARD**

ASSISTANT BACTERIOLOGIST
Applications are invited for an Assistant Bacteriologist (Senior Registrar) at the Area Public Health Laboratory, 21, Mary's General Hospital, East Wing, Milton Road, Portsmouth. This laboratory is a joint one in association with the Portsmouth and Isle of Wight Area Pathological Service, and clinical work is done in addition to public health work. The laboratory is recognized for the final examination for M.C.Path. and offers facilities for research and microbiology including virology. The salary scale is £1,950 to £2,550, with N.H.S. terms and conditions of service. Candidates may visit the public health laboratory by arrangement with the Director, Dr. D. J. H. Payne, Tel.: Portsmouth 22331, ext. 201. Applications, stating age, qualifications and experience and naming three referees, should be sent to the Secretary, P.H.L.S. Board, 24 Park Crescent, London W.1, not later than September 1, 1967. (H.3770)

SCOTTISH HOME AND HEALTH DEPARTMENT
RESEARCH AND INTELLIGENCE UNIT

STATISTICIAN

Applications are invited from men or women aged at least 28 for a post of Statistician in the Research and Intelligence Unit of the Scottish Home and Health Department. The Statistician will work under the general direction of the co-directors of the unit, which consists of doctors, administrators, and research workers.

The duties of the post include the provision of statistical advice on matters concerning the operation of the Scottish Health Services. The Statistician will be responsible for the organization, collection and analysis of statistical data used in the forming of administrative and managerial decisions on the running of the health service in Scotland. The successful candidate will also be responsible for the day-to-day control of the Department's Statistical Branch and will be required to work closely with medical and other research workers both inside and outside the Department. Opportunities will be given to develop his or her own lines of research.

Candidates for the post must hold a university degree or a diploma in technology in statistics; or in mathematics or economics or other appropriate main subject combined with statistics and will be expected to have had wide statistical experience. Normally they should have been awarded first- or second-class honours in their degree or diploma or hold a higher degree, but, if they are not so qualified they may be considered if their experience of statistical work makes them specially suitable for the Statistician class.

Salary scale £2,250 to £3,107.

Initially, the appointment will be on an unestablished (i.e., non-pensionable) basis but the successful candidate may have an early opportunity of applying for establishment through the Civil Service Commission.

Write Establishment Officer, Room 365A, St. Andrew's House, Edinburgh 1, for application form.

Closing date: August 18, 1967. (11385)

GOVERNMENTAL

HEALTH EDUCATION UNIT
SCOTTISH HOME AND HEALTH DEPARTMENT

MEDICAL OFFICER

Post in Edinburgh for registered medical practitioner (man or woman) aged at least 28, with special knowledge of and interest in health education.

The post is in the new Health Education Unit in the Scottish Office, which is being set up by the Secretary of State with staff from the medical, educational, and publicity fields. It will stimulate health education in Scotland, develop the most effective methods and techniques, assess priorities in this field, evaluate the results of particular campaigns or programmes, advise and assist local health and education authorities, and promote training in the subject. The successful candidate may also be appointed to the post of Director.

Starting salary: £2,260 at age 28, to £3,434 at age 40 or over (or possibly higher at 41 or over); scale maximum £3,895.

If appointed Director the salary will be £3,000 to £4,000, with placing on scale according to qualifications and experience. Minimum age of 35 for appointment as Director.

Non-contributory pension. Promotion prospects.

Write to the Secretary, Scottish Home and Health Department, Room 365A, St. Andrew's House, Edinburgh 1, for application form, quoting 6658/67. Closing date August 18, 1967. (11386)

SPECIAL
APPOINTMENTS

THE F.P.A. REQUIRE A F.P.A. TRAINED
doctor for sessional work at Cardigan, West Wales clinic. Sessions are held first and third Thursdays in the month 7 to 8 p.m. Application forms available from Branch Organizing Secretary, F.P.A., 70 Mansel Street, Swansea. (H.3833)

THE FAMILY PLANNING ASSOCIATION
Warwickshire Branch No. 28

Medical practitioners with F.P.A. training (or willing to take) required for sessional work in all areas of the branch. Applications to Mrs. K. N. Rowling, Family Planning Association, Warwick House, Cotton Road, Nuneaton. (H.3856)

THE FAMILY PLANNING ASSOCIATION
requires two doctors, F.P.A. trained, or willing to undertake training (male or female) for sessional work at Dartford, one for ordinary sessions on Wednesday evenings and the other for I.U.D. sessions on Monday evenings.—Apply to Branch Organizing Secretary, 4 Mansion Row, Brompton, Gillingham, Kent, by August 11. (H.3855)

APPLICANTS ARE ADVISED NOT TO
send original testimonials when replying to advertisements. Copies will serve the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

INDUSTRIAL APPOINTMENTS

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers as approved by the Representative Body, 1963, which is available on request from the Secretary.

NATIONAL COAL BOARD

MEDICAL SERVICE

There are several vacancies for doctors in the Board's Medical Service in the coalfields of England and Wales. The Medical Service is responsible in broad terms for ensuring that new entrants to the Coal Industry or its subsidiary industries are fit for their proposed employment, that the working environment is kept as healthy as possible and that employees suffering injury or illness at work are given effective primary treatment. Investigation of health problems is actively encouraged.

Experience in occupational medicine is desirable, but not essential; training will be given and facilities for taking the D.I.H. provided.

The starting salary will depend on experience, but will be in the range £2,050 to £3,750. Salary is reviewed annually. There are good prospects of promotion to posts carrying a higher salary. The superannuation scheme has flow-through arrangements with many other bodies.

If you wish to seek further details about these posts, please write to

Dr. J. M. Rogan,
Chief Medical Officer,
Medical Service,
National Coal Board,
Hobart House,
Grosvenor Place,
London S.W.1.

(11295)

COMMERCIAL APPOINTMENTS

MEDICAL
ADVISER

Our client is the U.K. subsidiary of a large American ethical pharmaceutical manufacturer. The products are strongly research-based and the Company has grown continuously. The Medical Adviser will be responsible to the Managing Director for all professional aspects, including clinical trials, literature, and guidance to the commercial Division. A younger doctor would be preferred, say around 33, with good qualifications, a broad professional background, and some previous commercial experience. (This does not necessarily exclude doctors who do not precisely meet these ideals). A genuine interest in the pharmaceutical industry is obviously important. A starting salary in the range of £3,500 to £4,500 is envisaged plus car and pension scheme. The successful candidate should expect a Directorship within two years. The location is Middlesex. (Ref: PE/23/2370/BM)

The identity of candidates will not be revealed to our client without prior permission. Applicants should forward brief details, quoting the reference number, to:

P. A. Management Consultants Ltd.,
Personnel Services Division,
60a Knightsbridge, London S.W.1.

(11496)

ADMINISTRATIVE

BIRMINGHAM REGIONAL HOSPITAL
BOARDPRINCIPAL ASSISTANT SENIOR
MEDICAL OFFICER (REF. M38)

To assist Senior Administrative Medical Officer in planning and organization of hospital and specialist services, including the design and planning of new hospitals and departments under the Minister's hospital plan. Also to carry out such other duties as may be assigned from time to time.

The area of the region consists of the counties of Hereford, Salop, Stafford, Warwick and Worcester, in which there are 26 hospital groups providing 41,802 beds serving a population of approximately 5,000,000. The officer appointed will be responsible to the Senior Administrative Medical Officer for about a quarter of the area of the region, and will have supporting staff consisting of Assistant Senior Medical Officers and administrative and clerical officers. Opportunities exist for participating in operational research.

Previous hospital administrative experience at a responsible level is desirable. Salary £2,985 by £120 (1) to £3,105 by £130 (5) to £3,755.

ASSISTANT SENIOR MEDICAL OFFICER
(REF. M36)

Duties assisting Senior Administrative Medical Officer in planning and organization of hospital and specialist services; facilities for studying organization and administration of National Health Service and participation in operational research. A short period of induction, as distinct from training, will be arranged. Opportunities for acquiring experience in medical administration and for advancement. Further particulars of the duties and responsibilities of this post can be obtained from the Senior Administrative Medical Officer.

Previous experience in public health or hospital administration an advantage. Salary £1,770 by £110 (6) to £3,430.

TRAINEE ADMINISTRATIVE MEDICAL
OFFICER (REF. M37)

Post offers three-year period of preparation for a career in medical administration. Successful candidate will spend two years on in-service training at board headquarters. During the third year he may be seconded to a university for an academic year and for a course leading to a postgraduate diploma appropriate to the field of medical administration.

On satisfactory completion of this three-year period the officer will be eligible for promotion to Assistant Senior Medical Officer. Opportunities exist for operational research. Salary £2,105 at age 29 or less, rising to £2,335 at age 33 by £70 (3) by £75 (3) to £2,770 per annum.

All posts superannuable. Applications, quoting appropriate reference, stating age, experience, qualifications, and naming three referees, to Secretary, 146 Hagley Road, Birmingham 16, by August 21. (11844)

-in gastro-enteritis
and infective
diarrhoeas

Lomotil

WITH **Neomycin**

Fast symptomatic relief
Broad-spectrum
bactericidal action
Simple tablet dosage

Prompt relief from the symptoms

Lomotil with Neomycin contains diphenoxylate hydrochloride, a rapid-acting, non-specific antidiarrhoeal agent. Symptomatic relief is quickly achieved: '... patients usually began to feel more comfortable and the desire to defecate was diminished after approximately one hour.'

(1961) *J. med. Ass. Ga.*, **50**, 485.

Rapid control of the cause

This new Searle preparation also contains neomycin, the well-established rapid-acting bactericidal antibiotic that is effective against the majority of bacterial pathogens associated with diarrhoea.

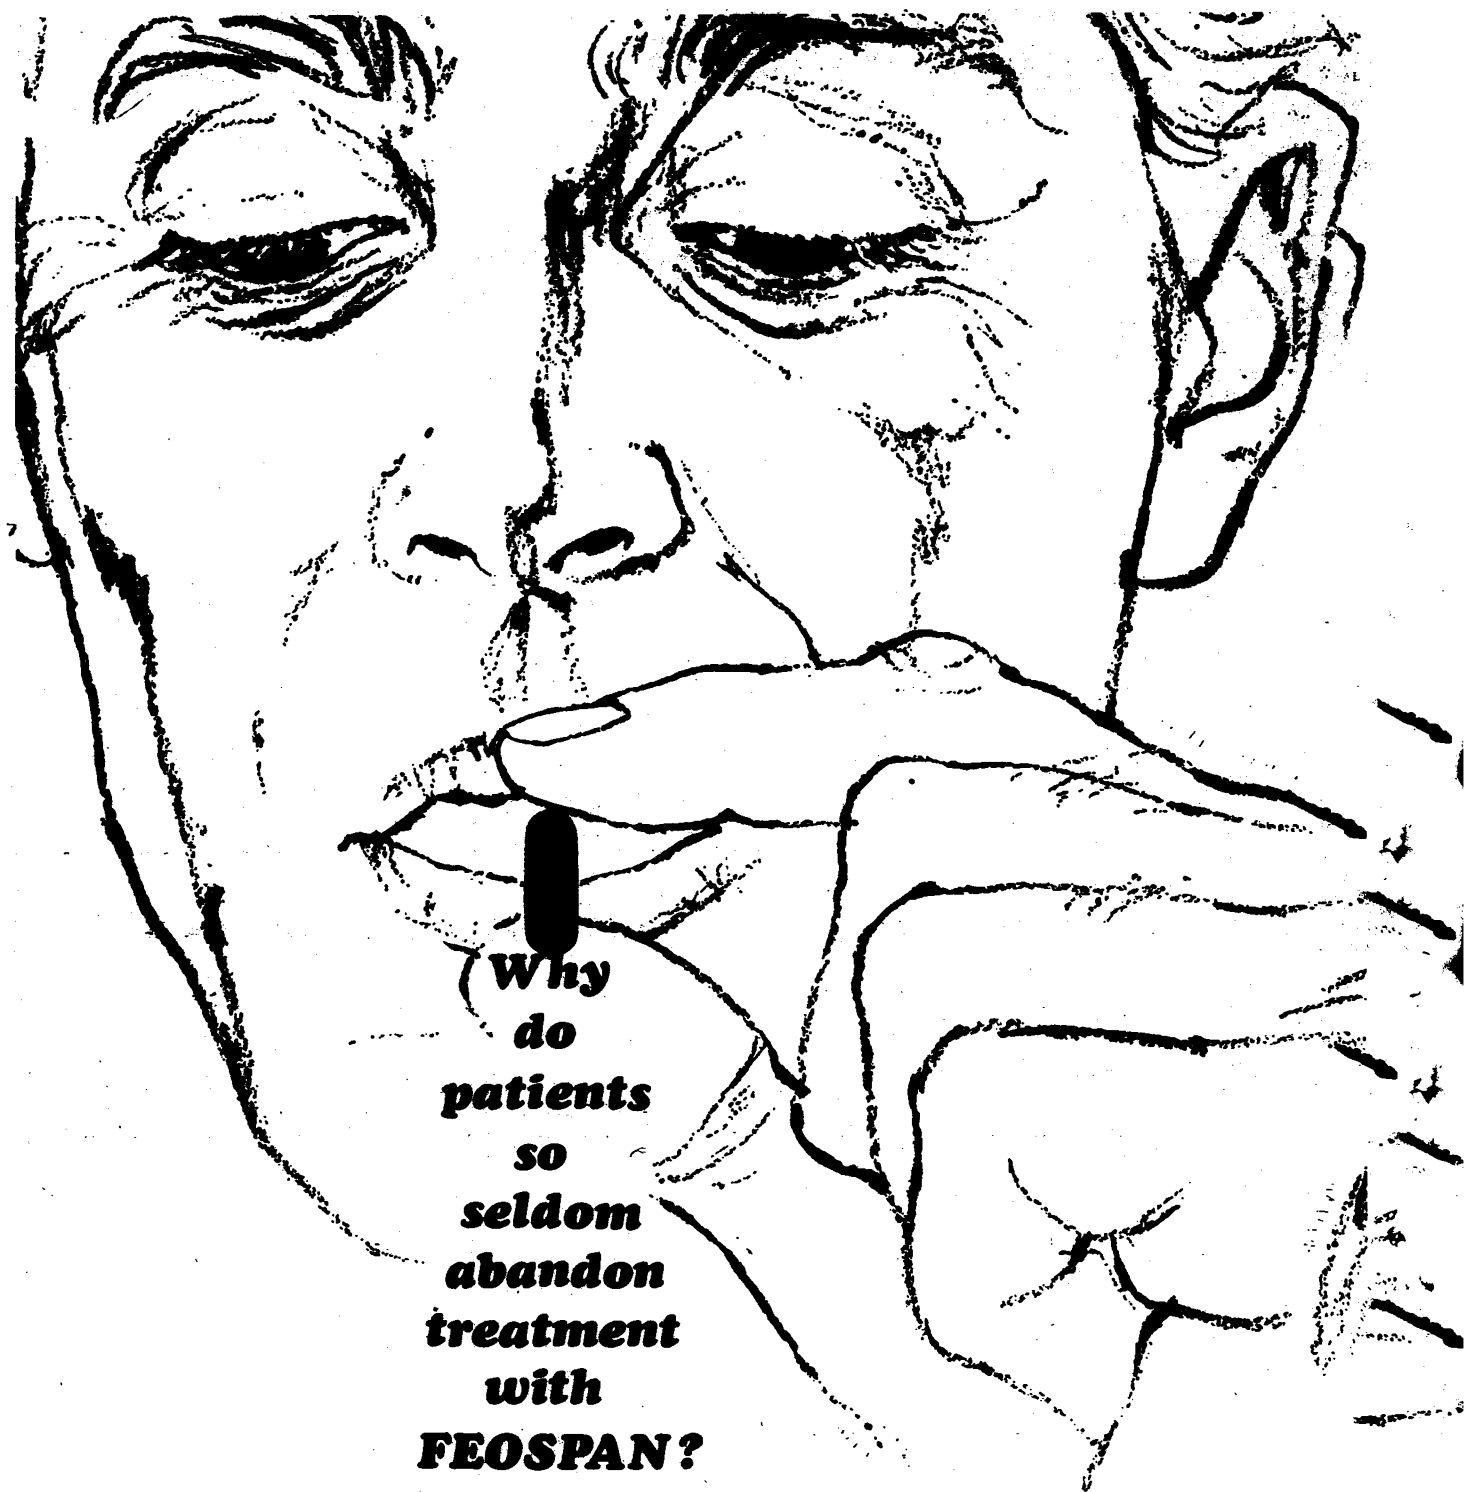

Where no infection is present the symptoms of diarrhoea can be rapidly controlled by the administration of Lomotil alone.

Available as packs of 20 tablets and bottles of 100 and 500.

Each tablet contains 2.5 mg diphenoxylate hydrochloride, 0.025 mg atropine sulphate, and 250 mg neomycin sulphate.

Lomotil is a Registered Trade Mark

Searle

**Why
do
patients
so
seldom
abandon
treatment
with
FEOSPAN?**

With a once-daily dosage of only 150 mg. ferrous sulphate, 'Feospan' can produce a rise in haemoglobin level of up to one per cent. or more a day. Low dosage once a day and minimal release of iron in the stomach make side effects unlikely to occur. So it's easy to understand why patients—and their doctors—so seldom abandon 'Feospan' therapy.

FEOSPAN

'SPANSULE' CAPSULES

the oral iron that's remembered in the morning forgotten during the day

Literature containing prescribing information is available on request.

Smith Kline & French Laboratories Ltd
Welwyn Garden City, Hertfordshire

Feospan' and 'Spanule' are trade marks.

CANADA—THE ONTARIO CANCER INSTITUTE
RESIDENT TRAINING IN THERAPEUTIC RADIOLOGY

The Ontario Cancer Institute, incorporating the Princess Margaret Hospital, offers a two-year Diploma Course, which combines clinical work on the wards and in the Out-patient Department of the hospital, and didactic courses in Physics, Anatomy, Pathology, Radiobiology, and Radiotherapy. This course leads to the Diploma in Medical Radiotherapy from the University of Toronto, and is accredited by the Faculty of Radiologists in London. The hospital is also accredited by the Royal College of Physicians and Surgeons of Canada and the American Board of Radiology for complete training in Radiotherapy over a period of three years. In addition it is also accredited for Internal Medicine and Anatomic Pathology for a period of one year, and for six months in Diagnostic Radiology. An additional year of training may be undertaken, and a limited number of one-year appointments are also made.

The Princess Margaret Hospital provides complete facilities for Cancer Research, Diagnosis and Treatment, exclusive of major surgery. Over 3,500 new patients are seen annually; there are 120 active treatment beds, and facilities include six Cobalt Units, two Caesium Units and a Betatron. Salaries range from \$5,500 to \$7,500 per annum.

Applications are invited for the year beginning July, 1968. For further details enquiries should be addressed to:

The Director, Dr. C. L. Ash,
The Princess Margaret Hospital, 500 Sherbourne Street, Toronto 5,
Ontario, Canada. (H.3782)

PSYCHIATRIC RESIDENCY: UNIVERSITY
Teaching Hospital in east coast metropolitan city of 4,000,000 approved for three years' psychiatric residency and fourth and fifth year fellowships. Minimum of 15 hours per week of lectures, seminars, and supervision by multidisciplinary full-time staff representing psychodynamic, psychoanalytic, behavioural, neuropsychological, forensic, basic sciences, and social psychiatry. All psychiatric treatment closely supervised. All residents gain experience on a psychiatric unit in a general hospital, a mental hospital, day-night hospital, child psychiatry, forensic psychiatric facility, outpatient and social psychiatry clinics, consultation and liaison service, and six months of elective or research experience. Night duty approximately fortnightly. Salaries \$6,000 to \$12,000.—Apply R. Bruce Slone, M.D., M.R.C.P., Temple University Health Sciences Center, Philadelphia, Pennsylvania, U.S.A. No. 19140. (H.3905)

S. AFRICA. THE JANE FURSE MEMORIAL HOSPITAL
Transvaal
Doctor required for this (Anglican) mission hospital in Sekhukhuniland, South Africa. Medical staff of six. Wide professional scope and variety of out-patient services. African nurses and midwives trained for full State registration. Specialist interest encouraged. Appointments can be long- or short-term. (We are only looking for London Airport.) Salary from £2,100 according to experience, less modest deductions for rent (house with basic furniture), electricity and water.
Please write: R. E. Nottidge, F.R.C.S., 2 Ducketts Road, Thundridge, Ware, Herts. (H.3372)

NORTH CANTERBURY HOSPITAL
BOARD

Christchurch, New Zealand
GERIATRIC PHYSICIAN
Applications closing at 9 a.m. on Thursday, August 31, 1967, are invited for the position of Geriatric Physician (whole-time or part-time) to the Board. This is a new appointment in accordance with the Board's policy of promoting a modern and progressive geriatric service. Applicants should be registered medical practitioners who have been qualified for at least ten years, have had at least five years' service in the specialty of geriatrics, and hold appropriate higher qualifications. Salary for a whole-time appointee will be determined within the scale of NZ\$5,600 to NZ\$6,200 per annum. After a year's satisfactory service at the maximum of this scale the Board would be prepared to recommend advancement to the scale NZ\$6,470 to NZ\$7,170 per annum. For a visiting appointment the salary will be determined in accordance with the Hospital Employment (Medical Officers) Regulations.
Subject to a guarantee of at least two years' service, a whole-time appointee will receive liberal financial assistance towards the cost of transporting himself, his wife and dependent children to New Zealand.
All overseas correspondence should be airmail.

Conditions of appointment and details of information required in support of applications obtainable on request from the Secretary, North Canterbury Hospital Board, Private Bag, Christchurch, New Zealand. (11389)

ST. JOSEPH INFIRMARY
Louisville, Kentucky

Vacancy exists for
PAEDIATRIC RESIDENT
in approved training programme offering wide experience. Salary \$455 per month, plus uniforms, laundry, meals, insurance. Apply to S. S. Dhanjal, M.R.C.P., D.C.H. (H.3671)

SYDNEY HOSPITAL
Australia

SENIOR MEDICAL REGISTRAR
The above position will become vacant on October 1, 1967.
Applications, closing September 7, are invited, duties to commence no later than January 8, 1968.
The initial appointment is for one year with eligibility for reappointment up to a maximum of three years.
A higher qualification in medicine and at least four years' experience from graduation are essential.
Salary at rate of \$A6,456 per annum.
Duties include supervision, under the direction of the honorary physicians, of the house and trainee specialist physicians and approximately 100 general medical patients.
Teaching of undergraduates and organization of clinical meetings are part of his responsibility. Sydney Hospital is a teaching hospital of the University of Sydney with 172 students allocated to the hospital for clinical training.
Honorary medical staff totals more than 200 and full-time medical staff more than 100.
Further particulars are obtainable from the Medical Superintendent, Sydney Hospital, Macquarie Street, Sydney, 2000, New South Wales, Australia.—H. R. Beer, Chief Executive Officer. (H.3909)

UNIVERSITY OF NATAL/NATAL PROVINCIAL
ADMINISTRATION
DEPARTMENT OF SURGERY
SUB-DEPARTMENT OF THORACIC SURGERY

Applications are invited from suitably qualified persons for appointment to the post of

PRINCIPAL SURGEON/SENIOR LECTURER

on the Joint Medical Staff Establishment.

The salary scale for this post is R7,500×300—8,100 per annum. (R2=£1.) This is a new post in the Sub-Department of Thoracic Surgery in the Cardio-Thoracic Unit, Wentworth Hospital, Durban. For this post registration as a specialist with the South African Medical and Dental Council is essential, and the appointment will be on Natal Provincial Administration conditions of service.

The functions of the Principal Surgeon/Senior Lecturer will be to assist and act as deputy for the Professor of Thoracic Surgery. Clinical material and operative surgery will be shared. All branches of thoracic surgery—pulmonary, oesophageal, and closed and open cardiac surgery—are undertaken in the unit, which serves a population of three million, amongst whom there is still a large volume of uncorrected congenital cardiac lesions. There are 85 beds in the unit and three full-time Surgical Registrars.

Application forms are obtainable from the Assistant Registrar, Faculty of Medicine, University of Natal, Umbilo Road, Durban, with whom applications must be lodged by not later than August 31, 1967. (11451)

BIOCHEMISTS

BOARD OF MANAGEMENT FOR GLASGOW WESTERN HOSPITALS
Department of Biochemistry
CHIEF 1 TECHNICIAN
Applications are invited for the post of Chief Technician, grade 1, in the department of biochemistry, Western Infirmary, Glasgow. Candidates must be state registered and hold the F.I.M.L.T. qualifications in biochemistry, and must have had wide experience of hospital biochemical work. Applicants should send full details of experience, and the names of two referees, as soon as possible to the Hospital Secretary, Western Infirmary, Glasgow W.1. (11399)

**ST. ANDREW'S HOSPITAL
NORTHAMPTON**

President: The Earl Spencer

Medical Director:

James Harper, M.B., F.R.C.P.(Edin.), D.P.M.

This private hospital receives patients, both male and female, suffering from nervous and mental disorders, including alcoholism and senile illnesses. The fees range from eighteen guineas per week. Private rooms with special nurses can be provided, either in the hospital or in one of the villas in the grounds. The hospital is situated in 130 acres of pleasant grounds which provide all recreational facilities. These include a nine-hole golf course, sports ground, tennis courts, etc. A recreation and occupation centre, known as Gloucester House, has been opened recently, which includes an occupational therapy department, a swimming pool, a squash court and a library with an adjoining reading room.

WANTAGE HOUSE

This is a separate reception unit to which patients may be admitted. It is equipped for the complete investigation of nervous and mental disorders by the most modern methods. All forms of treatment are available.

Charges for treatment at St. Andrew's are allowable for benefit to British United Provident Association and Private Patients Plan subscribers.

For terms and further particulars apply to the Medical Director (Telephone No. 34354 Northampton), who can be seen in London by appointment.

Cafergot halts the migraine attack

Cafergot halts the migraine attack by its vasoconstrictor action on the distended cranial arteries.

Cafergot tablets provide sufficient ergotamine to abort the headache attack while minimising the risk of side-effects.

Cafergot suppositories are more readily absorbed and are especially valuable when the headache is associated with nausea and vomiting, or when the patient awakens with an attack.

Tablets Ergotamine Tartrate B.P. 1 mg., Caffeine B.P. 100 mg. Initial dose, 2 tablets. *Suppositories* Ergotamine Tartrate B.P. 2 mg. Caffeine B.P. 100 mg., total alkaloids of belladonna leaf 0.25 mg., isobutylallyl barbituric acid 100 mg. Initial dose: one suppository. Fuller information on request.
