much less inflamed C.T.

Better. Drum normal.

So often the only prescription needed

You're called out in the middle of the night. The child has violent earache. She's terrified. And she's crying. And her parent's are at their wits' end. They are all concerned with only one thing — for you to stop the pain. But you know that to cure the symptoms, you have to attack the organisms that cause the infection. And you have to do it quickly — first time if possible.

Penbritin is the answer. In treating otitis media, slow or inadequate response can lead to dangerous complications, but Penbritin minimises this risk with its extremely broad spectrum of activity and bactericidal action. There are other broad spectrum antibiotics active against the organisms that cause otitis media, but they merely inhibit bacterial growth. And often the after effects of these antibiotics can be undesirable. Penbritin *kills* bacteria and does it with the safety of a penicillin.

The pleasant taste of Penbritin Syrup also ensures that children will happily take the full prescribed course of treatment, even after the pain has stopped.

In the treatment of otitis media, Penbritin is the answer. And so often the only prescription needed.

Availability: Penbritin (ampicillin B.P.): Paediatric Tablets containing 125 mg.; Capsules, 250 and 500 mg.; Syrup, 125 mg./5 ml.; Syrup Forte, 250 mg./5 ml.; Injections, 100 mg., 250 mg., 500 mg.

Dosage: Children under 2 years: 62.5—125 mg.
2—10 years: 125—250 mg.

Adults: 250 mg.

All dosages q.d.s. a.c.

In severe infections these doses may be increased or Penbritin given by injection.

Contra-indication: Penicillin allergy.

Side effects: As with other penicillins.

Further information is available on request.

When depression and
anxiety walk together...

'Surmontil'

the M&B antidepressant with
psychosedative properties

Treatment of depression alone frequently leads to aggravation of underlying anxiety or agitation. The intrinsic double action of 'Surmontil' as antidepressant and anxiolytic obviates the need for supplementary medication in these cases.

At the same time, the central sedative activity of 'Surmontil' helps to restore normal sleep patterns.

Available as tablets containing 25 mg. trimipramine and injection solution. 12.5 mg. per ml. also 10 mg. tablets for children, mild cases and to facilitate dosage adjustment.

Full information is available on request

'Surmontil' is a trade mark of the manufacturer

Safe

EFFECTIVE ECONOMICAL

THOUSANDS OF MILLIONS
OF DOSES OF RYBARVIN
PRESCRIBED BY DOCTORS
OVER THE YEARS...

for ASTHMA and BRONCHITIS

RYBARVIN INHALANT USED IN THE HAND-OPERATED RYBAR INHALER HAVING STOOD THE TEST OF TIME, CONTINUES TO BE MOST EFFECTIVE IN THE TREATMENT OF BRONCHIAL SPASM

SAFETY

The very small amount of inhalant often necessary to relieve an attack is worthy of note. Therapeutically, this is of benefit to the patient in avoiding any side-effects which might be brought about by taking too frequently a full-measured dose.

ECONOMY

Economically the very low cost of treatment by Rybarvin, 1,500 average doses ($\frac{1}{2}$ minute) for 8s. 4d. (1 oz. bottle) i.e. 1/15d. per dose, must be of interest to both patient and doctor.

**RYBARVIN INHALANT
RYBAR INHALER**

Basic N.H.S. Price $\frac{1}{2}$ oz. 4s. 8d. 1 oz. 8s. 4d.
Basic N.H.S. Price 15s.

NOTE

THE RYBAR INHALER CAN NEVER HAVE A BLOCKED SYPHON TUBE

It is now fitted with a special filter (patent pending). Patients can, if they wish, send their old inhalers to us and we will supply and fit the new filter without charge.

Rybar Laboratories appreciate the convenience of the unobtrusive Pressurised Pack particularly on social occasions and have produced Ryspray for prescription where doctors feel this type of pack to be more suitable.

Basic N.H.S. Price 12s. 8d.

IMPORTANT

Increased bronchodilation from SMALLER DOSE of ephedrine. TAB. RYBAR CO—the latest addition to the Rybar range incorporating butethamate citrate.

Side effects avoided—Convenient tablet—Prompt and lasting relief.

Basic N.H.S. Price { 25 tablets 4s.
100 tablets 14s.

Samples and literature gladly sent on request.

alive and kicking!

Rumours are circulating in some London hospitals that the future of Hycolin is uncertain because of raw material shortages. We wish to emphasize that, on the contrary, the future of Hycolin appears very secure. Home and export sales are increasing beyond all expectations and we are confident that they will continue to do so. This healthy situation exists because of the invariable efficiency of our product. Hycolin quickly kills all gram positive and gram negative organisms and will maintain its activity even in the presence of hard water, soap and organic matter. Hycolin is non-corrosive; has low oral toxicity and low skin irritancy. It does not harm delicate materials or leave sticky deposits. All common pathogens in contact with this solution will be destroyed in less than two minutes. Hycolin itself is still very much alive and kicking.

Hycolin products are
manufactured by
William Pearson Ltd., Hull.

ANTIBIOTICS AND THE INTESTINAL FLORA

Treatment with broad spectrum antibiotics suppresses the normal flora, which may be replaced by abnormal resistant organisms causing diarrhoea.

This change can be prevented or reversed by the implantation of *Lactobacillus acidophilus* which has been rendered antibiotic-resistant, and is thus able to multiply freely under these abnormal conditions. The products of growth of the organism are inimical to that of many other bacteria^{1 2} and thus contribute to its rapid preponderance over other species.

Oral treatment with antibiotic-resistant *L. acidophilus* in the form of ENPAC has been shown to eliminate *Candida* from the faeces of infants with antibiotic-induced diarrhoea, with relief of symptoms succeeded by rapid gain in weight^{3 4} and greatly to reduce the numbers of staphylococci in the faeces of patients treated with tetracyclines.⁵

Capital for professional partnerships

Substantial funds are now available to Architects, Accountants, Stockbrokers, Surveyors, Solicitors, Medical and Dental Practitioners for the purchase of initial shares in existing partnerships or those of senior partners on death or retirement. Capital is also available for the acquisition of additional partnerships. The scheme is operated by the Professional Partnership Financing Co. Limited and funded by the Astley Industrial Trust Limited. Full purchase money is advanced, subject to a minimum of £2,000, and is repayable over ten years. Collateral is secured through a Whole Life assurance policy, plus Permanent Sickness insurance with benefits equal to repayment costs.

ADVERTISEMENTS

PHARMACEUTICAL PRODUCTS

Readers are reminded that prescribers' literature and clinical information are always available from advertisers on request.

AIM FOR THE BAD'UNS WITH 'ILOSONE'

With 'Ilosone' your aim is effective and selective. Killing off the pathogenic bacteria, allowing the normal gut flora to pursue their useful life.

The real 'bad 'uns', of course, are Gram positive cocci, causing most of the infections you see every day. Against these infections 'Ilosone' is much more active than, for example, the tetracyclines and it will not discolour teeth or deposit in bone. Nor is 'Ilosone' likely to cause diarrhoea or gastro-intestinal upset—disadvantages which the tetracyclines share with the broad spectrum penicillins.

Effective. Selective. Use 'Ilosone' when you go gunning for bad 'uns'—in acute tonsillitis or acute bronchitis or any common bacterial infection of the upper respiratory tract. *Haemophilus influenzae*? Yes, 'Ilosone' deals with this 'bad 'un' too!

'Pulvules' of 250 mg* and 125 mg*; a pleasant tasting suspension containing 125 mg*/5 ml. *Base equivalent. Full information available on request.

When the anti-convulsant regimen fails

-add Benuride for better control

For firm control of grand mal or temporal lobe epilepsy few anti-convulsant drugs are as effective as Benuride (pheneturide). Yet treatment with Benuride is remarkably trouble-free. Twelve years of clinical experience, as reported in over 30 published papers, has confirmed its wide margin of safety and comparative freedom from toxic effects. A change to Benuride means better control—and a brighter, more alert life for your epileptic patient.

Benuride: tablets containing 200 mg. pheneturide. A new comprehensive product booklet, giving up-to-date details of clinical experience, is now available. We shall be pleased to send you a copy, or any other information, on request.

the active drug
for the
active patient

'Banistyl'

In
allergic disorders
and pruritus

Highly effective with little if any soporific action. One tablet three times a day sufficient in the majority of adult cases.

'Banistyl' is generally well-tolerated at the recommended dosage levels; side-effects are usually of a mild and transient nature. Somnolence is infrequent and generally not marked; when it does occur, it frequently subsides after the first few days of treatment or may be controlled by dosage adjustment. Other side-effects which have been reported (infrequently) include nausea, epigastric pain, vertigo, diarrhoea and headache.

Although there is no evidence to suggest that 'Banistyl' is embryopathic, it is a sound medical principle to avoid, wherever possible, prescribing any drug during the first three months of pregnancy.

Certain activities, including control of vehicles or machinery, should not be undertaken by a patient starting a course of 'Banistyl', until it is evident that the drug has no soporific or other central nervous system side-effects, or until any such effects have subsided.

'Banistyl' is supplied as tablets containing dimethothiazine 20 mg.

.....with antacids? or a few weeks treatment with

BIOGASTRONE®
to heal gastric ulcers

In most instances, gastric ulcers are healed after only 4-6 weeks treatment with BIOGASTRONE. Disappearance of symptoms within 3-4 days of starting treatment is also commonly found. The need for antacid medication is eliminated after a few days.

This remarkably rapid improvement — both objective and subjective — is achieved with BIOGASTRONE because it actually heals gastric ulcers.

*Coronary Heart Disease— but you can now help him
with 'Atromid'-S 500*

Yes, there is a positive treatment in cases of coronary heart disease— Atromid-S 500

In the United Kingdom, one in three men over 35 die from coronary heart disease. Patients at particularly high risk are younger men with angina pectoris, or who have had a myocardial infarction.

But 'Atromid'-S 500 represents a positive treatment for these and other coronary cases. And today, in the United Kingdom alone, over 10,000 patients with coronary heart disease are being treated with 'Atromid'-S.

Observation of these cases, and extensive long-term trials, have demonstrated a marked reduction in serum lipids and correction of thrombogenic abnormalities. The ultimate beneficial effects of this revolutionary drug can hardly even be guessed at. Treatment with 'Atromid'-S 500 is extremely safe. Side effects are minimal and infrequent, and the treatment is easy to take indefinitely. The new 500 mg. capsule adds considerably to the ease of administration.

We shall be pleased to send you full information on request.

a striking demonstration of Lincocin penetration

**Heart Tissue**Assay organism: *Streptococcus hæmolyticus***Lung tissue**Assay organism: *Staphylococcus aureus***Lung tissue**Assay organism: *Diplococcus pneumoniae*

Since antibiotic effectiveness is dependent upon concentration at the site of infection, it is obvious that antibiotic diffusion and tissue penetration are of supreme importance. The accompanying photographs of an experiment in animals demonstrate Lincocin's capacity in this respect.

A healthy dog weighing 9.5 kg. was injected intramuscularly with 25 mg./kg. of lincomycin hydrochloride (base equivalent). After 90 minutes tissue samples were excised and placed on Petri dishes in which the agar had previously been seeded with pathogenic strains of *Staphylococci*, *Streptococci* and *Pneumococci*, respectively. Following incubation these photographs were taken of the plates containing either heart or lung tissue. The clear zones show that within 90 minutes Lincocin had penetrated these tissues in concentrations sufficient to inhibit growth of the pathogenic inocula.

Lincocin Capsules: Each capsule contains lincomycin hydrochloride monohydrate equivalent to 500 mg. lincomycin base, in bottles of 12 and 100.

Lincocin Sterile Solution: In 2 ml. ampoules. Each 2 ml. contains lincomycin hydrochloride monohydrate equivalent to 600 mg. lincomycin base.

Lincocin Syrup 250: Each 5 cc. contains 250 mg. lincomycin (as lincomycin hydrochloride monohydrate), in bottles of 60 cc.

BAD LEGS?

Tired heavy aching legs

Before 'bad legs'
become an ugly
problem—
PAROVEN®

All the early symptoms of venous insufficiency—tired, heavy, aching legs, skin disorders, and night cramps—respond to PAROVEN therapy. [1-3]

PAROVEN, containing trihydroxyethylrutoside, reduces the increased capillary permeability which "is at the bottom of the majority of the complications of varicose disorders". [4]

Indications

Conditions associated with lower limb venous insufficiency.

Tired, heavy, aching legs. Night cramps. Skin disorders.

Superficial thrombophlebitis.

Varicose states.

Dosage

1 tablet 3 or 4 times a day.

Maintenance dosage [as little as one tablet a day] may be adjusted to patients' needs.

Packages

Tablets of 250 mg. hydroxyethylrutosides [not less than 45% troxerutin]. Tins of 20-100 tablets.

True value of long-term antihypertensive therapy emerges from 5-year study

A unique clinical trial* from a well-known British teaching hospital evaluated the long-term effects of reducing high blood pressure in more than 200 hypertensive patients, many of whom were treated for over 5 years with only one drug—

Ismelin®

The following important findings emerged from this balanced and comprehensive report.

Dramatic improvement in prognosis

"The outstanding feature among these results is of course the 5-year mortality of only 8 per cent—although scarcely less remarkable is the fact that all of the 11 patients who presented originally with malignant hypertension are still alive."

Increased efficacy with long-term usage

"Over the whole series an average of 83 per cent were at least moderately controlled and over 60 per cent showed excellent or good control, but it is of interest that the standard of control improved very strikingly among patients treated in excess of 4 years with only 5 per cent of failures in these groups."

* Angiology, 1967, 18: 705.

Minimal interference with normal routine

"The surviving patients present on the whole a fairly happy picture, for the great majority are leading unrestricted lives, free from hypertensive headache. Very few are troubled by their treatment and none have abandoned it. . . . Side effects were not troublesome and diarrhoea was readily controlled by codeine phosphate."

10 and 25 mg tablets guanethidine sulphate BP, in 100's and 500's.

Basic N.H.S. price—100×10 mg: 27s. 8d.

*Embarrassed by contact dermatitis.*

Synalar gives fast relief in a wide range of inflammatory dermatoses

Speed of action. Low concentrations of Synalar achieve optimal skin penetration, frequently with therapeutic response in 24-48 hours. This rapid action greatly reduces the incidence of scratching. The speedy restoration of the epidermal barrier lessens the risk of secondary bacterial infection.

Efficacy. Synalar has a 95% success rate in inflammatory dermatoses and in pruritic and allergic conditions of

the skin. It has often been successful in difficult skin conditions which, previously, had been unresponsive to other steroid preparations.

Range. The complete flexibility of the Synalar range makes the selection of treatment, according to the type and severity of the condition, a simple one. Synalar is available in cream, ointment, lotion and aerosol form, for the initial treatment of severe

cases; for maintenance therapy and less severe dermatoses, Synandone is available as cream, ointment and lotion.

A coeliac baby-

a Heinz baby

In normal circumstances, you can, of course, confidently recommend Heinz Baby Foods. But even when a baby needs a specially-controlled diet, Heinz can help.

Coeliac babies, for example. A number of our 77 varieties of Strained and Junior Foods are gluten-free. Full details of

these will gladly be supplied.

We can also provide specific information on varieties suitable for other types of special diets in infancy.

If this would be helpful in your work please write to the Baby Foods Information Service, H. J. Heinz Co. Ltd., Hayes Park, Hayes, Middlesex.

Heinz Baby Foods are in both cans and jars, but cans cost less and offer more varieties.

Heinz Baby Foods for a balanced diet

**he's changed his car
six times in twenty years
but he still won't change
from
SOLPRIN**

He sees no reason to change from Solprin because, like many doctors, he knows that Solprin still maintains its reputation as the most acceptable form of aspirin. He knows that salicylate therapy is still the first choice treatment for rheumatoid arthritis, and that the aspirin in Solprin is an extremely soluble form to minimise the risk of gastric irritation – a point of particular importance when high doses are used.

A recent report from a London teaching hospital demonstrated the anti-inflammatory effect of salicylate in high dosage for the treatment of rheumatoid arthritis, and comparisons were made with prednisone and paracetamol. Both prednisone and high doses of salicylate produced measurable reduction in joint size, but paracet-

amol did not do so. The authors state,

"It is suggested that high dosage of salicylate, unlike low dosage, has a clinically measurable anti-inflammatory effect. If suppression of inflammation is desirable in rheumatoid arthritis high dosage of salicylate is indicated..."

Brit med J, 1967, 4, 264.

Each Solprin tablet contains Acetylsalicylic Acid BP 300 mg, Calcium Carbonate BP 100 mg, Anhydrous Citric Acid BP 30 mg, Saccharin Sodium BP 3 mg.

When she needs
safe, effective
iron therapy,

you know she'll take FERRODIC

Trade Mark

A double-blind comparison of Ferrodic with ferrous sulphate, both preparations containing 50 mg of ferrous iron and 12.5 mg ascorbic acid, in the treatment of iron-deficiency anaemia, showed that exactly equivalent haematinic effects were obtained with the two drugs. However, 'not only did Ferrodic cause side effects in a significantly smaller proportion of patients than ferrous sulphate, but the severity of such side effects was also significantly less with Ferrodic'.

(*Practitioner*, 1967, 198, 848)

A very similar double-blind, clinical comparison of Ferrodic and ferrous sulphate has recently been published. The Author's purpose was to confirm the haematinic effectiveness and low incidence of side effects of Ferrodic, in view of its palatability and relative freedom from toxicity. The results again showed Ferrodic to have an equivalent haematinic effect to that of ferrous sulphate but 'side effects occurred in a significantly higher proportion of subjects who received ferrous sulphate'.

(*J. Therap. and Clin. Res.*, 1967, 1, 4.)

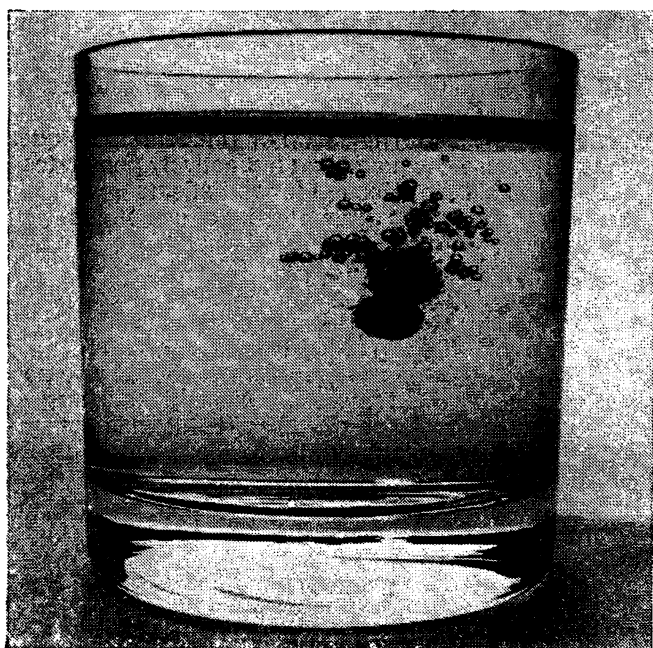

Ferrodic Tablets each contain ferrous iron (as ferrous carbonate) 50 mg and ascorbic acid 12.5 mg and are supplied in bottles of 100 tablets. Full information on request.

Betnesol Tablets—
the clear solution
in systemic
steroid therapy

**Glaxo
brief**

Betnesol Tablets— the clear solution in systemic steroid therapy

Drop Betnesol Tablets into water and you immediately see the decisive advantage of Betnesol—complete solubility. Solubility enhances therapeutic reliability while reducing the risk of side effects. Betnesol's clear, particle-free solution achieves, above all, a consistent response. Yet it is unlikely to cause gastric disturbance, even during the long-term therapy necessary in rheumatoid arthritis.

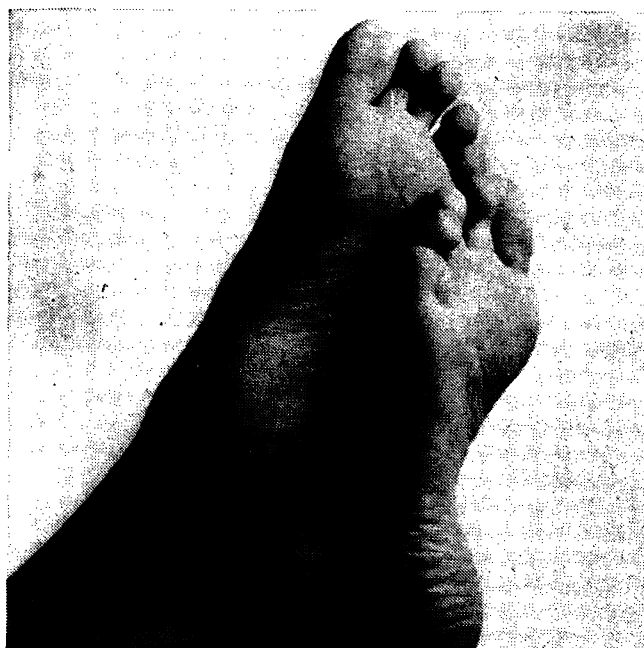

To solubility, Betnesol adds all the advantages of betamethasone: potent anti-inflammatory action and a low incidence of side effects. It rarely causes salt and water retention or significant potassium loss.

In athlete's foot Tinaderm gives swift relief—even in resistant cases

Tinaderm (tolnaftate) sets a new standard of success in the treatment of athlete's foot and ringworm infections of the skin. The action of Tinaderm is unique. It does not cause desquamation but actively penetrates the lesions to kill the infecting fungi. Patients appreciate the soothing, prompt relief of symptoms (usually within 48 hours) and rapid clearance of lesions. There are two easy-to-use Tinaderm preparations — Cream and Powder. Tinaderm Cream can be safely applied to raw areas, does not sting or stain and is odourless. Tinaderm Powder should be used where perspiration is a problem. It should also be sprinkled liberally into footwear, socks and stockings, which act as reservoirs of infection. Tinaderm is not 'just another preparation' for athlete's foot. Where others fail, Tinaderm usually works.

Presentation

Tinaderm Cream: 15 gram tubes

Tinaderm Powder: 50 gram sprinkler tins

Tinaderm preparations are manufactured and distributed by Glaxo Laboratories Ltd for Schering Corporation, USA.

**Glaxo
brief**

For safety in all grades of hypertension — **Neo-NaClex-K**

In hypertension, unique, two-layered Neo-NaClex-K provides safe, long-term treatment. The bendrofluazide in the white layer, lowers blood pressure and maintains its effect on a low dosage. The pink layer, containing potassium chloride crystals embedded in a protective coating, releases potassium gradually and steadily to minimise gastric disturbance and small bowel ulceration.

In mild or moderate hypertension Neo-NaClex-K alone is usually sufficient. In severe conditions, Neo-NaClex-K may be combined with more potent anti-hypertensive drugs to obtain a greater reduction in blood pressure than achieved by either drug used alone. Also, the effective dosage of the other drugs can be substantially lower than that necessary when they are used alone. Distressing side effects are consequently far less likely.

How can every drop of **Ostermilk** contain all those nutrients?

Ostermilk contains more iron than any other baby milk food, plus added vitamins A, C and D in the right quantities babies need — no need for supplements. To ensure that every drop of Ostermilk contains all these nutrients, Ostermilk is homogenised. That is why there are no fat globules or fat-soluble vitamins A and D floating at the end of the feed, where they may cause vomiting or not be taken at all. Clever mums have confidence in easy-to-mix Ostermilk. That's why more babies are fed on Ostermilk than on any other baby milk food.

Betnovate remains unrivalled among topical corticosteroids

The first proof that in the treatment of psoriasis and eczema, "... a better response is more likely with betamethasone 17-valerate"¹ (Betnovate) than with other topical corticosteroids, came in the massive dermatological trial of 1964. Since then, comparisons between betamethasone 17-valerate and the latest topical corticosteroids, have confirmed that the overall superiority of Betnovate remains unchallenged today.^{2,3} They have shown that the scope of Betnovate extends to all steroid-responsive dermatoses. It effects a faster, more complete clearance in relatively responsive dermatoses, and often resolves those that have resisted treatment with other topical corticosteroids.

Betnovate (betamethasone) "closely approaches the criteria of the ideal topical corticosteroid."⁴

Tulle*:

tin of 10 pieces (4in x 4in)

Now prescribable on the NHS except in Northern Ireland

Neobacrin Tulle— wide spectrum antibiotic dressing

Neobacrin Tulle is the non-adherent wound dressing impregnated with neomycin and bacitracin. Together, these antibiotics are bactericidal against an exceptionally wide range of gram-positive and gram-negative organisms. Strains of staphylococci which are resistant to other antibiotics are usually sensitive to bacitracin. Neomycin and bacitracin rarely sensitise the tissues and the protective tulle promotes healing without adhering to granulating surfaces. Doctors are particularly impressed by the simplicity of application, the absence of pain and any tearing of new skin when the dressing is removed. Abrasions, scalds, burns, minor crush injuries, ulcers, colostomy openings and minor surgical wounds can all be protected safely and simply with Neobacrin Tulle.

Presentation

Tin of 10 pieces (4in x 4in)

Now prescribable on the NHS except in Northern Ireland

Betnesol, Tinaderm, NaClex, Ostermilk, Betnovate and Neobacrin are trade marks

Detailed literature available on request

Glaxo Laboratories Ltd, Greenford, Middlesex

Peritrate is a coronary vasodilator; animal experiments have shown that its action is most marked in the coronary circulation. Fourteen years of clinical use, taking in hundreds of thousands of patients, have confirmed the outstanding value of Peritrate in angina. It is now recognised that Peritrate SA—a sustained action tablet giving up to 12 hours' vasodilatation from each dose—can form the basis of a long-term prophylactic regime, in conjunction with advice on diet, exercise and general health care.

Each tablet of Peritrate SA contains 80 mg. of pentaerythritol tetranitrate in sustained-action form. Full information is available on request.

Also available: Peritrate tablets and tablets containing Peritrate with Phenobarbitone in plain and sustained action form.

William R. Warner & Co. Ltd.,
Eastleigh, Hampshire.

COUNTY OF SUTHERLAND EXECUTIVE COUNCIL

(NATIONAL HEALTH SERVICE)

SCOURIE

Applications are invited from registered medical practitioners for appointment to a vacancy which will arise on November 1, 1968, owing to the resignation of the practitioner in the Parish of Eddrachilles. The list at July 1, 1968, was 655. The practice, which is a single-handed, rural, dispensing practice, attracts a substantial mileage payment. A house and surgery in Scourie, now in excellent order, is owned by the Executive Council and is available to rent. Further information and forms of application obtainable from the undersigned, with whom completed forms should be lodged not later than Monday, September 9, 1968.—G. A. B. Sutherland, Clerk, County of Sutherland Executive Council, Main Street, Golspie, Sutherland. (H.9408)

FUDSEY MUNICIPAL BOROUGH

Applications are invited for vacancy at Pudsey due to resignation on October 31, 1968. "Open" area. List at present 2,385. Residential and surgery accommodation available for purchase. Local health authority staff attachments available to the practice. Successful applicants required to take over November 1, 1968.

Applications on Form E.C.16A obtainable from the undersigned, should be submitted to B. England, Clerk, West Riding Executive Council, 5 St. John's North, Wakefield, by not later than August 23, 1968. (H.9321)

ELTHAM, S.E.9 (Footscray Road area)

"Open" area, retiring practitioner, male. List at present approximately 3,300. Surgery premises including living accommodation will be available.

Application forms E.C.16A, obtainable from the Clerk, Inner London Executive Council, Insurance House, Insurance Street, W.C.1. Completed applications to be received by the Council, not later than 12 noon, Monday, August 26, 1968. (H.9348)

NEUBIGGIN BY THE SEA Northumberland

Applications invited for vacancy (urban) due to resignation. "Open area." List approximately 3,900. Residence and surgery accommodation available for purchase. Form E.C.16A and further details from the Clerk, Northumberland Executive Council, 49 Northumberland Street, Newcastle upon Tyne NE1 7AU.

Applications to be received not later than August 30, 1968. (H.9397)

Applications are invited for the post of **PFIZER RESEARCH FELLOW** in the department of surgery. The work will include research into peripheral vascular disease and duties in vascular surgery. The appointment is for one year in the first instance but renewable. Salary on the scale for Registrars. Applications, with the names of two referees, to Professor J. G. Murray, department of surgery, from whom further particulars may be obtained. (11489)

ST. MARY'S HOSPITAL MEDICAL SCHOOL

(University of London)

Paddington, W.2

Applications are invited for the appointment of **LECTURER** in the Pathology Department under Professor K. A. Porter. The post offers training in all branches of histopathology and in cytology. There are ample opportunities for research. Salary within the scale £1,745 to £2,820 together with superannuation. Applications (two copies), together with the names of two referees, should be sent by August 30, 1968, to the Secretary, from whom further particulars should first be obtained. (11392)

ST. THOMAS'S HOSPITAL MEDICAL SCHOOL

London S.E.1

Applications are invited for the post of **LOCUM LECTURER IN MEDICINE** in the department of medicine for one year from October 1, 1968, on an F.S.S.U. on university scale (£1,745 to £2,820). Applications, with names of two referees, to Professor Cranston, by September 3. (H.9351)

University and Research
Appointments—contd.THE
UNIVERSITY OF
LEEDS

Applications are invited for a post in the following Department:

PAEDIATRICS and
CHILD HEALTH and
CHEMICAL PATHOLOGY

LECTURER IN METABOLIC DISORDERS OF CHILDHOOD. Duties will include the clinical study and laboratory investigation of metabolic disorders in infants and children and the instruction of undergraduates and postgraduates in this field. Adequate time will be made available for research. Applicants should be clinicians who are members of one of the Royal Colleges and who have a particular interest in biochemical aspects of paediatrics. Salary on the clinical scale £1,745 to £2,995 or to £3,340 in the case of staff with direct responsibility for patients. Reference No. 68/51/1. Closing date: October 12, 1968.

Applications (three copies), stating age, qualifications and experience, and naming three referees, should be submitted to the Registrar and Secretary (from whom further particulars may be obtained). The University, Leeds, 2. Candidates overseas may apply in the first instance by cable naming three referees, preferably in the United Kingdom. Please quote reference number. (11413)

UNIVERSITY OF ABERDEEN

LECTURER IN PHARMACOLOGY
Applications are invited for this post vacant from October 1, 1968. Experience in biochemical pharmacology of neuropharmacology desirable but not essential. Salary on scale: Applicants with medical qualification—£1,470 to £2,730. Otherwise—£1,470 to £2,630, with initial placement according to qualifications and experience. Superannuation (F.S.S.U.) and removal allowance. Further particulars from The Secretary, The University, Aberdeen, with whom applications (eight copies) should be lodged by September 20, 1968. (H.9398)

UNIVERSITY OF BELFAST

SENIOR EXPERIMENTAL OFFICER
Department of Microbiology
Applications are invited for the post of Senior Experimental Officer in the Department of Microbiology. Duties of the post include assisting with research into early diagnosis of infection and in supervising the preparation of class experiments. Candidates should have special interest in fluorescent protein tracing, and experience in a clinical laboratory or possession of a medical qualification would be an advantage. Initial salary would depend on age and qualifications, but will be in the range £1,470 to £2,270 (bar at £1,730) and will carry superannuation with the F.S.S.U.
Letters of application, giving the names of two referees, should reach the Secretary to the Academic Council, The Queen's University, Belfast BT7 1NN, Northern Ireland, by September 15. (11433)

UNIVERSITY OF OXFORD

METABOLIC PHYSICIAN
Applications are invited for a new appointment of First Assistant, to be responsible under the Nuffield Professor of Orthopaedic Surgery for metabolic beds in the Nuffield Orthopaedic Centre and to undertake teaching and research; an honorary contract with the Oxford Regional Hospital Board will be available to a suitable candidate. The appointment, which will be for a period of five years in the first instance, is whole-time within the Nuffield Departments of Orthopaedic Surgery and Clinical Medicine. Salary on the scale £3,280 to £4,000 with F.S.S.U. Duties to be taken up by January 1, 1969. Applications (nine copies), giving age, qualifications, experience, and list of publications, with the names of three referees, to be received by the Nuffield Professor of Orthopaedic Surgery, Nuffield Orthopaedic Centre, Oxford (from whom further particulars can be obtained), by September 9, 1968. (22170)

TOBACCO RESEARCH COUNCIL LABORATORIES

Applications are invited for a senior post in the Department for Respiratory Research at these Laboratories.

Applicants should be graduates in Medicine, Veterinary science or one of the Biological Sciences and should have experience in experimental and histopathology (in oncology would be an advantage).

Duties would include assistance in the design, planning and running of animal experiments with particular reference to the respiratory aspects of smoking and health.

For further particulars write, giving brief details of qualifications and experience, to Personnel Officer,

Harlow Hill,
HARROGATE.

(H.9350)

THE UNIVERSITY OF MANCHESTER

LECTURER IN GASTROENTEROLOGY
Applications are invited for this post from candidates with adequate training and experience in general medicine, together with a special interest and preferably some experience in gastroenterology. Salary range p.a.: £2,015 to £3,400. F.S.S.U. Particulars and application forms (returnable by August 31) obtainable from the Registrar. Quote Ref. 148168/J.M.B. (11434)

UNIVERSITY OF GLASGOW

LECTURESHIPS IN MATERIA MEDICA
Applications are invited for appointment to two Lectureships in Materia Medica combined with clinical posts in wards, in charge of the Professor, at Stobhill Hospital. Salary according to placement on the University scale for clinical teachers. The final maximum on this scale is £2,995 per annum. F.S.S.U. The appointments will carry appropriate honorary clinical grading.
Applications (12 copies) should be lodged not later than September 7, 1968, with the undersigned, from whom further particulars may be obtained. Robert T. Hutcheson, Secretary of the University Court. (11526)

UNIVERSITY OF NOTTINGHAM

APPOINTMENT OF PHYSICIAN
to the University Health Centre
Applications are invited from qualified medical practitioners for this newly established appointment within the University Health Service. The person appointed will be one of three full-time physicians. The salary will be within the range of clinical lecturer, £2,650 to £3,340, or Senior Clinical Lecturer, £3,110 to £4,380.
Forms of application and further particulars returnable not later than September 4, from the Registrar, University of Nottingham, University Park, Nottingham NG7 2RD. (11388)

CURRENT CONCEPTS IN ANAESTHESIA

October 21 to 25, 1968
A course of lectures and demonstrations will be held in Glasgow from Monday, October 21 until Friday, October 25, 1968. The course is designed for specialist anaesthetists wishing to keep abreast of important current concepts in anaesthesia and related subjects but it would also be of value to those preparing for the final part of the F.F.A. R.C.S. examination.

It will include discussion of the following subjects by specialists in the relevant fields—

Acid-base balance; measurement and clinical significance;

Intensive care and metabolic care of severely injured patients;

Selection of monitoring equipment;

Alterations in respiratory function produced by disease;

Pain assessment and methods of analgesia.

There will also be demonstrations of techniques of acid-base and blood oxygen measurement.

The fee for the entire course will be £10 10s. For attendance on individual selected days the fee will be £2 10s. per day. The number of places available is limited and early application is advised.

Further particulars, including the provisional programme, and application forms, may be obtained from the Director of Postgraduate Medical Education, the University, Glasgow W.2. (11395)

ORTHOPAEDICS

A course in Orthopaedics, suitable for F.R.C.S. final candidates, will be held at the Rowley Bristow Orthopaedic Hospital, Pyrford, Surrey, on Saturdays and Sundays, September 14 and 15, September 28 and 29, and October 12 and 13, 1968. Fee 25 gns., including meals (speculators 20 gns.). This course is approved for study leave.

Further details and application forms from: The Secretary, Fellowship of Postgraduate Medicine, 9 Great James Street, London W.C.1. (Tel 01-242 6900). Closing date for applications, August 21, 1968. (11494)

M.R.C.P., F.R.C.S., M.R.C.O.G., &
OTHER POSTGRADUATE
COURSES BY POSTAL TUITION

COMMERCIAL APPOINTMENTS

NUTRITION
RESEARCH

Ranks Hovis McDougall (Research) Ltd. are engaged in a programme of research to discover and develop new protein sources with potential for human and animal nutrition on a national and world-wide scale.

Two capable GRADUATES are required to join a team actively engaged on the nutritional evaluation, including toxicology of such proteins. For this a degree in biochemistry, nutrition, or an allied science is required, preferably with 2/3 years of postgraduate work.

The posts offer good salaries together with a first-rate pension scheme. Laboratory and equipment facilities are second to none in this new Centre, which provides research and development facilities to the fast expanding Ranks Hovis McDougall Group.

Please reply with brief details of career, and quoting IFD/10/BM7, to:

The General Manager,

THE LORD RANK RESEARCH CENTRE

Lincoln Road, High Wycombe, Bucks

(11457)

Educational—contd.**UNIVERSITY OF EXETER
Postgraduate Medical Institute**

A full-time postgraduate course lasting ten weeks will begin on October 7, 1968. These courses are held three times a year starting in October, January and April. Each course includes instruction in general medicine, paediatrics, preventive medicine, pathology, psychiatry, orthopaedics and general surgery. The programme is planned so that students wishing to specialize in a particular clinical subject are given facilities to do so, while other students are taught in each of the main clinical departments. Unpaid clinical attachments can be arranged at the end of the course for students requiring a longer period of training.

It is sometimes possible to accept general practitioners for one or two weeks of a course, and attendance for this period is recognized under section 48 of the N.H.S. Act (1946). These courses are also recognized under the special scheme for the re-training for general practice of doctors who have been out of the Health Service for at least five years.

The fee for this course will be £40 (£83 for students from outside the United Kingdom). Further particulars and application forms for these courses are obtainable from the Director, The Postgraduate Medical Institute, The University, Exeter, Devonshire.

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given. Canvassing disqualifies (Statutory Instrument, 1966, No. 569).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Seventh Report of the Review Body, new salary scales have been approved. These came into force on October 1, 1966. The scales are set out below:

HOUSE OFFICERS: Each post in this grade shall be tenable for six months. £1,100 per annum for the posts held during the first year; £1,200 per annum for posts held during the second year; £1,300 per annum for posts held during the third and subsequent years, subject to full registration.

SENIOR HOUSE OFFICERS: £1,450 per annum in the first year; £1,550 per annum in the second year; £1,650 per annum in the third or subsequent years. Deductions of £175 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

REGISTRARS: £1,650 per annum, rising by four annual increments of £100 to £2,050.

Deductions of £175 per annum for those with remuneration at the first two points on the scale, and £200 per annum for those on the third and subsequent points will be made in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £140 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRARS: £1,950 per annum rising by one increment of £100 and four further annual increments of £125 to £2,550. Deductions of £225 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANTS: £1,850 per annum rising by fourteen annual increments of £100 to £3,250. Deductions of £225 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

CONSULTANTS: £3,200 per annum rising by five annual increments of £185, and then by four further increments of £190 to £4,885. Deductions of £350 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

Doctors with satisfactory training will not be excluded from consideration for appointment to consultant posts on the grounds that they have spent little or no time as junior registrars.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff. Memoranda on the following subjects of particular interest have been issued by the Ministry of Health: Standard of Residential Accommodation, Telephone Charges, Removal Allowances, Study Leave.

Further details may be obtained from the Hospital Secretary, or B.M.A. members may obtain summaries of the Memoranda or explanatory handouts from the Secretary, British Medical Association. (August, 1967)

Application (two copies) on forms obtainable from the Secretary, Joint Registrars Committee, Oxford Regional Hospital Board, Old Rectory, Headington, Oxford, to reach him by August 26, 1968, quoting reference 17/11/4276. (22124)

SOUTH-EASTERN REGIONAL HOSPITAL
BOARD, Scotland

Young People's Unit, Tipperlin House, Royal Edinburgh Hospital

Applications are invited for the post of **SENIOR REGISTRAR IN ADOLESCENT PSYCHIATRY**

The successful applicant will have the opportunity of dealing with the total range of adolescent disturbances in a busy out-patient department for young people up to the age of 19 and their parents. This will function in conjunction with the newly-opening unit for in-patients on the perimeter of the Royal Edinburgh Hospital.

The appointed person will take part in the two-year course for child and adolescent psychiatry and later may participate in the extensive teaching commitments. If such experience is required, the successful candidate will have the opportunity of working one day a week in the child psychiatry department of the Royal Hospital for Sick Children. In addition research is encouraged.

As techniques derived from child psychiatry, family and group therapy are used extensively, previous experience of any of these fields will be an advantage.

Apply by August 31, 1968, giving particulars of age, qualifications and previous experience, together with the names of three referees, to the Secretary, 11 Drumshugh Gardens, Edinburgh 3. (H.9295)

THE HOSPITAL FOR SICK CHILDREN

ADMINISTRATIVE

OXFORD REGIONAL HOSPITAL BOARD
OXFORD MEDICAL COMPUTER CENTRE

Principal
Assistant Senior
Medical Officer
Computer Services

The Oxford Regional Hospital Board require a Principal Assistant Senior Medical Officer with a particular interest in developing the medical application of computers and applying medical information to planning and increased operational efficiency within the Health Services. The person appointed will be a member of the staff of the Senior Administrative Medical Officer of the Board and will also be closely associated with the development of the Oxford Medical Computer Centre and with the work of the Oxford Record Linkage Study, which is part of the Nuffield Department of Medicine of Oxford University (salary range £2,825-£3,590).

Preliminary studies in connection with the establishment of a Medical Computer Centre, jointly with the Ministry of Health, at the Regional Board's Headquarters in Oxford have now commenced. It is hoped that the experience gained in these studies will be of value in the development of a number of projects including an advanced computer system for the hospital and health services of the new town of Milton Keynes which is to be built in the Region. The plans which are being developed for these services are based on the concept of a fully integrated health service.

A considerable body of practical operational experience of medical systems work and medical data processing has been built up over the last ten years as a result of the work of the Board's Operational Research Unit and the Oxford Record Linkage Study.

Experience in medical administration, or in statistical and epidemiological methods, or in computers, while advantageous is not essential.

Further particulars of the appointment can be obtained from The Secretary, Oxford Regional Hospital Board, Old Road, Headington, Oxford, to whom applications should be sent not later than 13th September, 1968. (22246)

Public Health—contd.

DURHAM COUNTY COUNCIL
Health and Welfare Department
SENIOR MEDICAL OFFICER

Applications are invited for this appointment from registered medical practitioners who hold the Diploma in Public Health or an equivalent qualification. Commencing salary within the scale £2,355 to £3,075 per annum.

The person appointed will be on the central administrative staff of the combined health and welfare department and the duties of the post, while mainly concerned with the administration of the maternity and child welfare section of the child health service, are designed to afford experience and further training for promotion to more senior posts in the service.

Application forms, which must be returned by September 9, 1968, and further particulars, from the County Medical Officer, County Hall, Durham—J. T. Brockbank, Clerk of the County Council. (22395)

FLINTSHIRE COUNTY COUNCIL
Health Department

Medical practitioners required for part-time or seasonal duties in clinical work with the County Health Department.

Salary on a seasonal rate is £5 per half day, and for part-time duties on a breakdown of the appropriate Whitley Council Scale.

Further details from the County Medical Officer, Shire Hall, Mold, (Mold 2121.) (2272)

WILTSHIRE COUNTY COUNCIL
Caine Borough Council, Chippenham Borough Council, Malmesbury Borough Council, Caine and Chippenham Rural District Council, Malmesbury Rural District Council

Applications invited from registered medical practitioners holding the Diploma in Public Health for the whole-time "mixed" appointment (based at Chippenham) of

MEDICAL OFFICER
in the County Health Department and
MEDICAL OFFICER OF HEALTH
to the above districts.

The appointment of time is 2/5ths County Council and 3/5ths District Councils. Salary: £2,656 to £3,132.

Travelling and subsistence allowance payable. Superannuable appointment. Forms of application, together with full particulars from the Clerk of the Council, County Hall, Trowbridge, to whom completed forms must be sent by August 28. (11447)

COUNTY COUNCIL OF THE WEST RIDING OF YORKSHIRE
HEALTH DEPARTMENT

Applications are invited from registered medical practitioners to fill vacancies for **DEPARTMENTAL MEDICAL OFFICERS** on the Headquarters Staff of this large Local Health Authority to serve as required in various of the Authority's Divisional Health Areas. Duties mainly in School Health and Infant Welfare Services.

Salary scale £1,795 to £2,445 per annum. Qualifications and previous experience will be taken into account when determining the commencing salary. Facilities will be made available for applicants who wish to undertake full- or part-time study for the Diploma in Public Health to do so without financial sacrifice.

The County Council's scales of motor-car and subsistence allowances are applicable. Regular conferences of medical staff are held, and there are ample facilities for training and refresher courses on full salary and for some specialization.

The appointments are superannuable, and successful candidates must satisfy the County Council's requirements for medical fitness. Five-day week.

Forms of application from the undersigned.

RONALD W. ELLIOTT,
County Medical Officer.

Health Department,
Wood Street,
Wakefield.

(11448)

WEST RIDING OF YORKSHIRE COUNTY COUNCIL**SENIOR DEPARTMENTAL MEDICAL OFFICER AND
DEPUTY MEDICAL OFFICER OF HEALTH**

Applications are invited from registered medical practitioners holding the D.P.H. for appointment to the above joint post in Division 4 (Urban Districts of Baildon, Bingley, Denholme and Shipley), population 70,000.

The salary scale is £2,265 to £2,805, with commencing salary according to qualifications and experience.

The duties are administrative and clinical under the direction of the Divisional Medical Officer and Medical Officer of Health, and the post gives considerable scope for experience in all aspects of local health authority and county district work.

The County Council's scales of motor-car and subsistence allowances are applicable. Regular conferences of medical staff are held, and there are opportunities for in-service training, attendance at refresher courses and some specialization. The appointment is superannuable, and the successful candidate must satisfy the County Council's requirements for medical fitness. It is likely that housing accommodation could be provided.

Further details and forms of application from the undersigned.

RONALD W. ELLIOTT,
County Medical Officer.

Health Department,
Wood Street,
Wakefield.

(11449)

KINGSTON UPON HULL
CORPORATION**ASSISTANT
MEDICAL OFFICER**

(Full Salary Assisted D.P.H. Scheme)

Applications are invited from registered medical practitioners for the appointment of Assistant Medical Officer for duties in the School Health, Maternity and Child Welfare, Port Health and other Local Authority Services.

A scheme is in operation in accordance with the National Joint Council's Conditions of Service which will enable the successful applicant to pursue a full-time course of study for the D.P.H. without loss of salary.

A car allowance will be granted and consideration given to assistance with removal expenses.

The salary will be within the scale £1,795 to £2,445 per annum, commencing according to qualifications and experience.

Particulars of the appointment and forms of application may be obtained from the Medical Officer of Health, Guildhall, Kingston upon Hull. (22428)

NUNEATON BOROUGH COUNCIL
Delegated Authority for Health and Welfare Functions

Appointment of DEPARTMENTAL MEDICAL OFFICER (Assisted D.P.H. scheme). Applications are invited from registered medical practitioners (male or female) for the above full-time post in Nuneaton. Nuneaton is a delegated authority for health and welfare functions, and opportunity will be available to gain experience in all aspects of local health authority services and certain welfare services. The salary scale will be £1,795 to £2,445 with placing according to experience and qualifications. Essential user car allowance paid, and assistance given towards removal expenses. Accommodation may be available if needed. The appointment will be subject to the Local Government Superannuation Acts, and to a satisfactory medical examination.

Forms of application, together with a brochure explaining the Bursary Scheme, can be obtained from the Medical Officer of Health, Health Department, Council Offices, Nuneaton.—G. Dixon, Medical Officer of Health. (H.9410)

LONDON BOROUGH OF EALING
Health Department**MEDICAL OFFICERS**

Applications are invited for either full or part-time posts in the Health Department from registered medical practitioners. A diploma in public health will be an advantage. These posts offer opportunities for clinical work in maternity and child welfare and school health services. Prospects of advancement in a large and progressive department.

D.P.H. TRAINING SCHEME

Applications are invited for a post of Medical Officer from doctors interested in making a career in medical administration. After an initial period of one year's service in the department, the scheme provides, subject to certain conditions, for one year's leave of absence with full pay for the officer to attend the course for obtaining the Diploma in Public Health, the fees for which will be met by the Council. Opportunities exist for progression to senior appointment in the department after obtaining the D.P.H. Salaries in accordance with Whitley Conditions of Service, £1,870 p.a. to £2,520 p.a. inclusive, commencing salary according to qualifications and experience.

Five-day week. Car allowance. Part removal expenses paid in approved cases.

Application forms from the Medical Officer of Health, Town Hall Annex, Ealing, W.5, returnable to him immediately.—E. J. Cope-Brown, Town Clerk, Town Hall, Ealing, W.5. (22273)

MONTGOMERYSHIRE COUNTY COUNCIL**COUNTY MEDICAL OFFICER OF
HEALTH AND PRINCIPAL SCHOOL
MEDICAL OFFICER**

Applications are invited for the above-mentioned appointment. Salary on scale £3,040 by £90 to £3,400 per annum.

Application forms and further particulars from me. Closing date September 6, 1968.—R. T. D. Williams, Clerk of the County Council, County Offices, Welshpool. (11237)

WARWICKSHIRE COUNTY COUNCIL
MERIDEN RURAL DISTRICT COUNCIL**APPOINTMENTS OF DEPUTY MEDICAL
OFFICER OF HEALTH AND SENIOR
(CLINICAL) MEDICAL OFFICER OF
HEALTH**

for the North-Western Area of the County
Applications are invited from registered medical practitioners holding a diploma in public health or similar qualification, for the above-mentioned appointments. The officer will be regarded as spending 50% of his time on each of the appointments enumerated. The aggregate salary is £2,463 6s. 8d. per annum, rising by annual increments to £2,853 6s. 8d. per annum.

The North-Western Area of the County, as defined for health service purposes, comprises the whole of the Meriden Rural District which has an area of 66,531 acres and a population presently estimated at 70,000. The latter figure is expected to rise to 123,250 by 1970 as the consequence of the development of the Birmingham Corporation's major housing estate at Chelmsley Wood.

The successful applicant will be required to provide and maintain a motor car for the performance of duties, and travelling allowances on the essential user scale recommended by the Medical Whitley Council will be paid according to the engine capacity of the vehicle used, but not exceeding 1,199 c.c. The person appointed will not be permitted to engage in private practice and will be required to devote the whole of his time to the duties of the two offices.

Forms of application, further particulars, and conditions of appointment, can be obtained from the Clerk of the Meriden Rural District Council, the Council House, Coleshill, Birmingham. Canvassing in any form will disqualify and relationship to any member or senior officer of the employing authority must be stated.

Closing date for applications September 9, 1968. (H.9356)

Overseas—con:d.

MINISTRY OF OVERSEAS DEVELOPMENT

The Need

GENERAL DUTY MEDICAL OFFICERS

For duty both in large new hospitals and in the outlying districts of the Developing Countries overseas, for contract appointments of 2 to 3 years.

The Opportunity Overseas service offers a unique chance for world travel, an opportunity to widen professional experience, and to acquire a broader understanding of the world and its people.

The Advantages Doctors' skill and knowledge will be used to the full on people who have a crying need for their service. Salaries reflect the local cost of living and are normally higher than one would expect to receive in the United Kingdom. There are generous gratuities on satisfactory completion of contract, education allowances for children, free family passages. Accommodation provided usually at a low rent. In most cases superannuation rights can be preserved or maintained.

Salaries Vary widely from country to country with the local cost of living. However, with certain exceptions they range from approximately £1650 to £2900 per annum.

Training Scheme for Recently Qualified Doctors

In return for an undertaking to serve for at least two years in the developing countries overseas the Ministry offers a course of training to recently qualified doctors which is designed to fit them for service overseas and which will be attractive professionally and financially. During the period of training of 12 to 15 months the doctor will receive a retaining fee of £200 per annum in addition to his hospital salary. Write now for full details of the scheme.

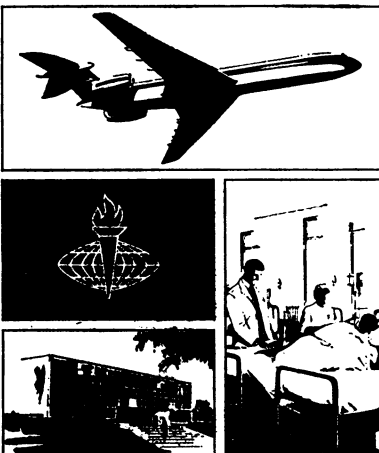

Where required

**ANGUILLA, KENYA, SEYCHELLES AND
SWAZILAND**

SPECIALISTS

Overseas—contd.

RHODESIA RAILWAYS**VACANCIES FOR
SHORT TERM
RAILWAY
MEDICAL OFFICERS
IN RHODESIA**

Applications are invited from registered medical practitioners for the post of Railway Medical Officer on a short-term contractual service basis. Private practice is not permitted.

SALARY :

A three-year short term fixed salary of £3,000 per annum is offered.

GRATUITY :

A gratuity of £1,200 payable at 25% on the satisfactory completion of the first year, 25% on the satisfactory completion of the second year, with a final terminal gratuity of 50% of the total amount on satisfactory completion of contract.

DUTIES :

These are chiefly those of a general practitioner and further information will be supplied to interested candidates.

JOINING AND LEAVING SERVICE CONCESSIONS :

The Administration will bear the cost of fares by rail, air or sea for a Medical Officer, his wife and dependent children, from his place of recruitment to his place of employment. These facilities will apply in reverse when the Medical Officer leaves the railway service on termination of contract provided he returns immediately to his original place of recruitment. The Administration reserves the right in selecting the class and type of transport to be used.

HOUSING :

An accommodation allowance of £13 6s. 8d. per month will be paid to the Medical Officer if unfurnished housing is not provided by the Railways or if such housing is not available.

TRAVELLING CONCESSIONS :

Generous free rail travel facilities are available to the Railway Medical Officer and his family.

MEDICAL FUND :

Membership of the Railway Medical Fund is granted on an honorary basis.

LEAVE :

Annual vacation leave is granted at 40 (forty) days per annum and is accumulative.

GENERAL :

- (a) A maternity fee is payable for every confinement.
- (b) Motor transport will be provided by the Administration.
- (c) Railway Medical Officers may be required to attend both European and non-European surgeries and/or clinics.
- (d) At the termination of the contract, the Medical Officer may apply for a permanent appointment or for an extension of the contract and any such applications will be dealt with by the Administration at its option.

APPLICATIONS :

Applications, accompanied by copies of recent testimonials stating age, qualifications, previous experience, marital status, nationality, birthplace and names of two persons to whom reference can be made, should be forwarded to the Chief Medical Officer, Medical Branch, Personnel Division, P.O. Box 792, Bulawayo, Rhodesia, from whom further information and particulars will be supplied on request.

CLOSING DATE :

The closing date for receipt of applications will be September 30, 1968.

**ONTARIO
CANADA****Opportunities
in Mental Health**

Current opportunities are available for PSYCHIATRISTS in a wide variety of positions with the Ontario Department of Health. Openings include REGULAR STAFF and RENEWABLE-TERM CONTRACT EMPLOYMENT positions in Psychiatric Hospitals and facilities for the retarded located in metropolitan, urban and rural centres, with opportunities for advancement to senior clinical administrative responsibilities. In addition, appointments to senior clinical and administrative positions are available to psychiatrists with appropriate training and experience.

SALARIES range from \$16,000 to \$27,000 (from £6,238.0.0 - £10,526.0.0) per annum, depending on qualifications and positions; benefits include vacation and sick leave credits, medical and life insurance plan, merit increases, etc. RELOCATION assistance (80% of the actual moving cost) may be negotiated.

Qualifications:

D.P.M. or equivalent; eligibility for a licence to practice medicine in Ontario; personal suitability. Qualified psychiatrists accepted for these positions are eligible, while employed in the Public Service of Ontario, for registration with the Ontario College of Physicians and Surgeons on their special register without examination.

Interested psychiatrists are requested to write for application form and information regarding eligibility requirements to:

**Mr. H. G. Donaldson,
Dept. 679, Ontario House,
Charles II Street,
London, S.W.1.**

**MONASH UNIVERSITY
Melbourne, Australia****SENIOR LECTURER OR LECTURER
DEPARTMENT OF PATHOLOGY**

Applications are invited for appointment to the above-named post. The Department is situated in a new building at the Alfred Hospital and is responsible for teaching 4th, 5th and 6th year medical students and a small number of B.Med.Sc. and science graduate students. Its research programme is orientated to problems of biological specificity, cancer immunology, auto-immunity and other immunopathological questions. Excellent facilities are available for a variety of modern experimental pathological techniques, including fluorescence and electron microscopy, tissue culture, radio and chemical pathology. The applicant should be medically qualified. Previous experience or special interest in cancer research, tissue culture or immunology would be an advantage.

Salary scales: Senior Lecturer (medically qualified): \$A7,740—\$A9,430 per annum. Lecturer: \$A5,400—\$A7,300 per annum, with superannuation on F.S.S.U. basis and disability cover.

Benefits: Full travelling expenses for appointee and family; removal allowance; repatriation after three years' appointment if desired; initial subsidized housing; availability of loans for home-purchase. Study leave is granted at the rate of one term's leave for six terms' service, with provision for financial assistance.

Further general information and details of application procedure are available from the Academic Registrar, Monash University, Wellington Road, Clayton, Victoria, 3168, Australia, or the Secretary-General, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London S.W.1. Inquiries about the Department to Professor R. C. Nairn, Chairman, Department of Pathology, Monash Medical School, Alfred Hospital, Commercial Road, Prahran, Victoria, 3181.

Closing date, **September 30, 1968.**

The University reserves the right to make no appointment or to appoint by invitation.

(11293)

● Little publicity, much less than it deserves, has been given to the potential of the method (oral contraception) for the production of highly desirable and pleasant side-effects. These would include personal happiness of the patient, presumably from confidence in the future that the method affords; and it is noticeable how this sense of happiness appears to extend to other members of the family. This often results in an altogether better adjusted and more integrated family unit than previously. ●

Clinical Trials Journal, (1968) 5, 143

Ovulen 1mg., the most widely prescribed oral contraceptive in Britain today.

Doctor experience Since Ovulen 1mg. was introduced in 1963 physicians have found it to be not only effective, but extremely well tolerated. More prescriptions are written for Ovulen 1mg. than any other oral contraceptive in Britain.

Clinical experience Clinical research on Ovulen 1mg. has been continuous. It was subjected to clinical trials in over 2,500 women before it was made commercially available; to date more than 16,000 women have been involved in trials totalling more than 190,000 cycles of experience.

Patient experience Millions of women in Britain and overseas are using this low-dose oral contraceptive. One reason is the trouble-free protection it affords—acceptability rates in clinical trials have been as high as 95.4 patients in every 100, over a period of more than four years.

Company experience In the fifteen years since Searle developed the first oral contraceptive the company's products in this field have been accepted by many millions of women.

*Ovulen contains 1mg. ethynodiol diacetate and 0.1mg. mestranol.
Ovulen is a Trade Mark.*

WCW 501

OCTOBER 4 THE PROBLEM A large weeping ulcer infected with staphylococci and with a dirty central slough. Previous treatment with paraffin gauze and a local steroid antibiotic merely enlarged the ulcer four times

TWO WEEKS LATER DESLOUGHING After treatment with Aserbine Cream to the ulcer and Aqueous Ichthyol to the surrounding skin, complete desloughing has taken place

NOVEMBER 14 HEALING. The ulcer is completely healed. After desloughing with Aserbine Cream, the ulcer was treated with a closed dressing.

When the presence of slough delays healing...

... in varicose ulcers, burns, pressure sores, trophic ulcers, etc.

... experience has shown that **ASERBINE** is a true desloughing agent which does not affect living tissue

Presentation Aserbine is available as a cream (100 G jars) and as a solution (500 ml bottles)

Method of Application Aserbine Cream should be applied once or twice daily. Aserbine Solution should be applied as a wet dressing and it is important to keep the dressing moist

Active Ingredients	In 100 G cream	In 500 ml solution
Malic Acid Ester of propylene glycol	160 mg	5.25 G
Malic Acid	250 mg	7.65 G
Benzoin Acid	25 mg	0.75 G
Salicylic Acid	5 mg	0.15 G

(Further information is available on request)

THE DICKINSON CLINIC Dickinson, North Dakota, U.S.A.

Wanted immediately, certified or adequately trained medical specialist in Internal Medicine, specialist in children's diseases, and a General Practitioner. Our clinic has existed for forty years. We have a two-year old building located two blocks from a 125-bed 1½-year-old hospital. Dickinson's population, 12,000; medical practice area, 25,000. Our five-man clinic contains two surgeons, two general practitioners, and a consultant radiologist.

No original investment required. Early partnership desirable. We started a retirement programme for employees and employers in 1968. We expect to pay a qualified specialist approximately \$20,000 a year with figures to be negotiated. General practitioner would start between \$16,000 and \$18,000 or on a lower wage base plus percentage. U.S. citizenship ultimately required. Contact us by air mail or telegram. Further details will be given immediately upon request.

Dickinson Clinic.

LANCASTER GENERAL HOSPITAL Lancaster, Pennsylvania, U.S.A.

**INTERNSHIPS AND GENERAL
PRACTICE RESIDENCIES** available January 1, 1969. 500 beds. Post-graduate lecture programme in conjunction with Temple University. E.C.F.M.G. required. Stipend \$5,400 to \$7,200 per year plus free new apartment. London interviews September 3 to 6 at Guy's Hospital. Apply to J. H. Ebsenbush, Director of Medical Education. (H.9267)

NORTHLAND HOSPITAL BOARD

Applications are invited from suitably qualified medical practitioners for the position of

SENIOR RADIOLOGIST

Whangarei, Northland Hospital, New Zealand. This is a whole time position but applications are also invited from Radiologists who may be interested in part-time practice. This post will be available in January 1969. Applicants should possess a recognized diploma in radiology or equivalent qualification.

The Senior radiologist will be responsible to the Medical Superintendent-in-Chief for the radiological services of the board's area and he will be head of the department of radiology. The greater part of his work will be at the main base hospital at Whangarei but routine visits are made at least monthly to subsidiary hospitals in Northland. This is a modern department in a new hospital. The whole area is adequately staffed with radiographers and clerical assistance.

There is an automatic salary scale for specialists ranging from \$6,000 to \$8,100 in ten yearly steps.

Further details and conditions of appointment available on application to the Secretary with whom applications close on September 11, 1968.

Secretary, Northland Hospital Board, P.O. Box 742, Whangarei, New Zealand. (H.9407)

ONE YEAR APPROVED SURGICAL training giving credit toward Board Certification in otolaryngology, urology, neurosurgery and orthopaedic surgery. This one year's training in general surgery for residents entering the specialties of surgery, is offered in a 400-bed general hospital. Complete, approved residencies in medical, obstetrics-gynaecology, and E.N.T. are also offered in this hospital. Most members of staff have university appointments. Stipend \$8,000. Unusual opportunity for men in specialty training or planning to enter a surgical specialty who need one year of general surgery. Positions available for this year and 1968-69 academic year. Write Dr. William S. Gregory, Greater Baltimore Medical Center, Balto., Md., 21204. (H.9245)

HISTOPATHOLOGICAL RESEARCH

RANKS HOVIS McDUGALL
(RESEARCH) LIMITED are
engaged in a programme of research
designed to discover and develop new
protein sources with potential for
human and animal nutrition on a
national and world-wide scale.

A HISTOPATHOLOGIST is re-
quired to join a team actively engaged
on this problem. Toxicological and
nutritional experiments form the main
part of the programme, which is
based on interests in human and
animal nutrition.

Applications are invited from persons
aged 18–23 holding A.M.I.L.T.
(INT) and having practical experience
of histological techniques. A know-
ledge of clinical biochemistry and
analytical techniques would be an
additional advantage.

The post offers a good salary with
a first-rate pension scheme. Labora-
tory conditions and working condi-
tions are excellent.

Please apply, with brief details and
quoting IFD/12/BMJ, to:

affectionate home for Danny, a four-year-old
Roman Catholic, African boy. Danny was
diagnosed as hydrocephalic when young and
was fitted with a Spitz Holter Valve. He
has spent most of his life in a nursery with
no parental contact, and is now able to
enjoy most activities and is a bright and
responsive child. If anyone living within
reasonable reach of London feels they could
offer Danny a permanent home, then please
write to Miss J. K. Beckett (Ref. K2/JH),
The Children's Officer, 131 Holland
Park Avenue, W.11.

A simple case

for low-cost Betnovate

Leg lesion in discoid eczema of nine months' duration, treated unsuccessfully with hydrocortisone

Complete clearance after two weeks' treatment with Betnovate Ointment under occlusion

For your detailed reading

Betnovate, Betnovate-C and Betnovate-N skin preparations

Betamethasone 17-valerate with or without chionoform or neomycin for dermatological use

Presentation

Betnovate (0.1% betamethasone as 17-valerate):

Cream: 15, 30 and 100 gram tubes

Ointment: 15, 30 and 100 gram tubes

Lotion: 20 ml bottle

Scalp Application: 30 gram plastic squeeze bottle

Betnovate-C (Betnovate with 3% chionoform)

Cream: 15, 30 and 100 gram tubes

Ointment: 15, 30 and 100 gram tubes

Betnovate-N (Betnovate with 0.5% neomycin sulphate)

Cream: 15, 30 and 100 gram tubes

Ointment: 15, 30 and 100 gram tubes

Lotion: 20 ml bottle

*Tulle: tin of 10 pieces (4 in x 4 in)

Advantages

In the skin-blanching test¹ Betnovate (betamethasone 17-valerate) was shown to be the most potent of a long series of corticosteroids put to test.² The validity of this screening test has been confirmed by clinical experience indicating that Betnovate is therapeutically more effective than the other topical corticosteroids in the majority of cases.³

Indications

Betnovate produces a remarkably rapid and profound response in inflammatory dermatoses which normally respond to topical corticosteroid therapy. It also makes possible effective topical therapy of more difficult conditions such as resistant psoriasis, hypertrophic lichen planus, lichen simplex chronicus and eczema of the hands. Clinical indications for use of Betnovate dermatological preparations include:

psoriasis; eczema — including atopic eczema, infantile eczema, Besnier's (flexural) prurigo, nummular (discoid) eczema, stasis eczema, otitis externa; **neurodermatoses** — including lichen simplex; **anal and vulval pruritus**; **seborrhoeic dermatitis**; **intertrigo**; **contact sensitivity reactions and allergies** —

including insect bites; **sunburn**; **'prickly heat'**; **lichen planus**; **discoid lupus erythematosus**; **generalised erythrodermia**.

The preparations with neomycin should be used when bacterial infection is present or suspected. Similarly, the preparations containing chionoform can be used when bacterial or fungal infection is present or suspected.

Side effects

Corticosteroids should never be used in the presence of infection except in conjunction with effective chemotherapy. Usually the preparations are well tolerated. However, sensitisation phenomena have on very rare occasions been reported with the use of corticosteroid-containing preparations for local application. From existing reports it is difficult to determine whether or not the corticosteroid or other components were responsible. Neomycin, largely confined in its use to local application, has been reported to give rise to skin sensitisation. These occurrences, however, are rather uncommon and this antibiotic is probably one of the best tolerated when used for local application. It can be said to have a very low sensitising potential. If, by remote chance any indication of sensitisation occurs, application should be stopped immediately. When occlusive dressings are used on extensive areas, or for prolonged periods, it is desirable that, as with all topical corticosteroids, the possibility of systemic absorption should be considered.

Application

Cream, Ointment, Lotion and Scalp Application

A small quantity should be applied gently to the affected area once or twice daily until improvement occurs. It may then be possible to maintain progressive improvement using one application a day or less.

Tulle

Apply direct to the lesion and cover with an absorbent dressing if necessary.

Legal restriction

To be supplied on prescription only. (Therapeutic Substances Act: Part II)
