

why so many hypertensive patients do well on **Aldomet**®

Methyldopa BP

- 'Aldomet' offers smooth and even control of blood pressure when the dosage has been established.
- 'Aldomet' usually reduces lying as well as standing blood pressure.
- 'Aldomet' causes much less postural hypotension than other powerful antihypertensive agents.
- 'Aldomet' rarely causes exertional hypotension.
- The dosage of 'Aldomet' is simple, flexible and easily established.

Supplied as tablets containing methyldopa BP equivalent to 250 mg anhydrous methyldopa and, for emergency use, as an injection. Detailed information is available to physicians on request.

In a trial comparing three antihypertensive agents, it was shown that, . . . in the patients who could take adequate doses methyldopa provided the best control of blood pressure, with the lowest levels of blood pressure when the patient was supine.'

G500

TABLETS

for the
effective treatment
of infections
of the urinary tract

New G500 tablets (containing 250 mg. hexamine mandelate and 250 mg. of the urinary acidifying agent DL-Methionine) have been specially formulated to meet the requirements of an acid urine which is necessary for the release of formaldehyde from hexamine mandelate. The very low toxicity of G500 makes the tablets particularly suitable where long-term urinary antisepsis is required. The principal applications of G500 are in prophylaxis against recurrence after attacks of acute cystitis or pyelonephritis and in maintenance chemotherapy of chronic urinary tract infections such as those associated with partial retention.

VARICOSEITY?

She'll willingly take your advice if it means wearing fashionable Burson Lightweights

A woman's psychological need for fashion often makes her reluctant to accept your advice to wear elastic stockings. Burson Lightweights have been specially created to provide the answer.

Undetectable in wear, they are truly acceptable to the most fashion-conscious woman—yet are completely effective in relieving the pain and discomfort of a mild varicose condition and are approved by the N.H.S.

Made of alternating strands of strong, supple elastic with strands of sheer nylon, Burson Lightweights combine strength and resilience with stretch in both directions. Horizontal stretch eases the pressure of distended veins; vertical stretch aids the natural flow of blood

back to the heart. Available under N.H.S. (on the EC 10 form) in six normal stocking sizes scientifically adjusted to fit all leg shapes, they come in a pleasing shade.

Thus, in specifying Burson Lightweights when prescribing for mild varicosity, you will ensure your patient's relief from discomfort—whilst preserving her confidence and femininity.

BURSON

the comprehensive range of elastic stockings for all degrees of varicosity

What makes your antacid patients Prodexin patients?

**FAST RELIEF FROM
DISCOMFORT—
SUSTAINED ACTION**

PRODEXIN TABLETS WORK FAST to relieve the sharp and sudden pain of dyspepsia; relief begins within two minutes of placing the tablet on the tongue.

PRODEXIN TABLETS WORK STEADILY to relieve prolonged recurring pain in peptic ulceration or pregnancy heartburn. The antacid action of aluminium glycinate lasts for several hours and it has high buffering capacity, holding the pH of the gastric contents within the desirable 3 to 5 range.

The small, pleasant tasting Prodexin tablet can either be dissolved slowly in the mouth to simulate drip therapy or chewed for extra-rapid relief.

No significant side-effects have been encountered.

Superbly healthy

Sublimely pregnant

Help the women in your practice keep that *joie de vivre* throughout pregnancy, and motherhood, with

Ferrograd[®]-Folic

once-daily before food ferrous sulphate ($\equiv 105\text{mg Fe}$) with 250 micrograms folic acid for routine prophylaxis in pregnancy.

"...folic acid should be incorporated with iron in a single tablet to be given once daily to the ante-natal population." Today's Drugs, *Brit. med. j.*, 1964, ii, 7248

Full information is available on request from ABBOTT LABORATORIES LIMITED, QUEENBOROUGH, KENT.

When you prescribe elastic stockings

Scholl make sure the patient wears them

Scholl know as well as you do just how much women hate the idea of elastic hosiery. And that though they'll often take the prescription, they don't always wear the stockings.

So Scholl make their elastic hosiery attractive by making the stockings as un-detectable as possible. They conform to all the specifications of the Drug Tariff and they give the patient all the support and comfort you want her to have. But they look nicer than ordinary elastic stockings. Feel lighter. So that your patient doesn't feel embarrassed by them. And instead of leaving them in the drawer, she wears them.

Scholl 'Soft Grip'

for conditions requiring 'Elastic Yarn Standard Weight'.

Worn under normal sheer nylons, Soft Grip are almost invisible. They are made in double-expansion mesh with two-way elasticity to provide firm, even support around the leg with plenty of comfortable 'give' lengthwise.

Scholl 'Nylastik'

for cases needing 'Lightweight Elastic Yarn Stockings'.

Nylastik are worn instead of nylons, and, on the leg, appear almost indistinguishable from an ordinary 30 denier stretch stocking.

Scholl
the world's
largest makers of
Elastic Hosiery

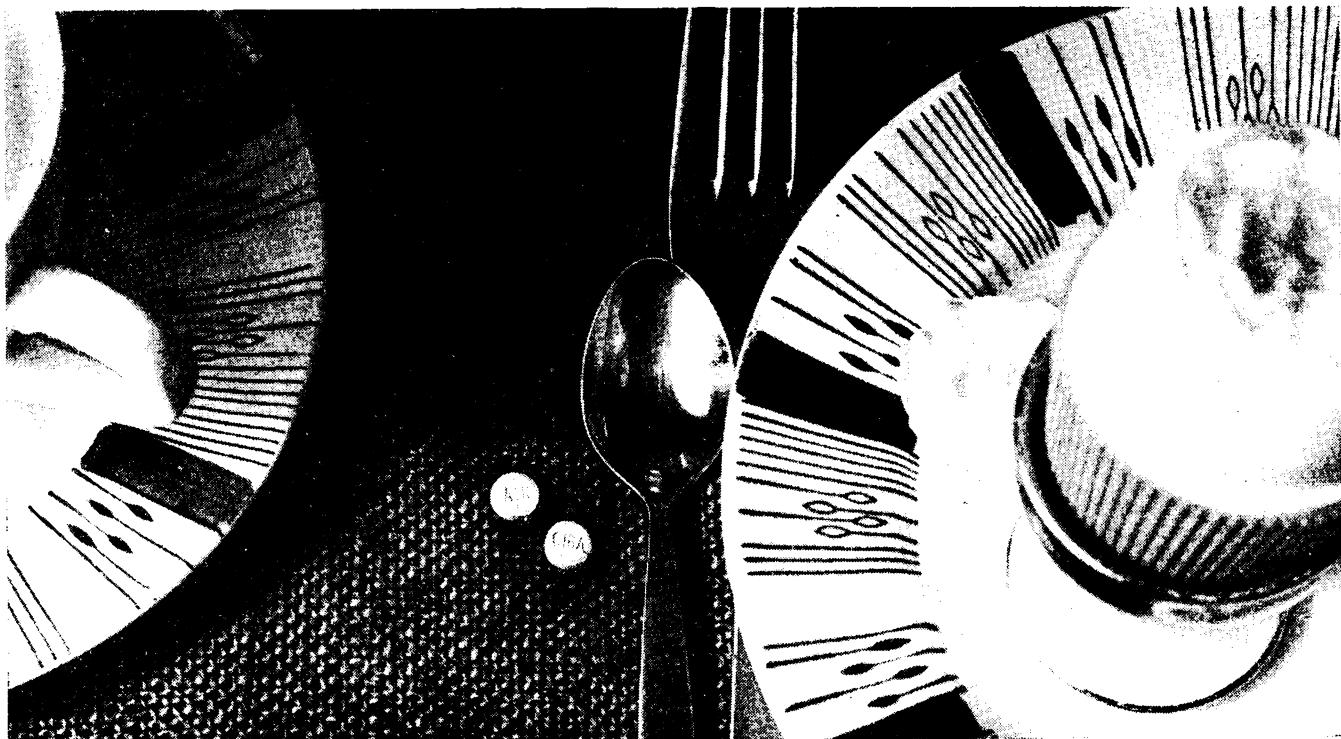

For sustained benefit in hypertension

Ismelin®

guanethidine sulphate BP

C I B A

Holds blood pressure levels constant

often just two tablets daily

Prescribing notes

Initial dosage — two 10mg tablets daily. Frequent adjustment is unnecessary during stabilisation; intervals between consultations may be up to one month. Should 20mg daily prove insufficient, increase daily dosage by 10mg. As the action of Ismelin is gradual and prolonged, allow at least one week before any increase, to observe full effect. The majority of patients will be adequately controlled and free from hypertensive symptoms on a daily dosage of 40mg or less.

Ismelin is contra-indicated in the presence of phaeochromocytoma. Side effects attributable to postural hypotension normally reflect overdosage. Patients should be advised to avoid sudden changes of posture or violent exertion, and if morning faintness on rising persists, to reduce the daily dosage by one 10mg tablet until the next consultation. If diarrhoea is troublesome, reduce or divide dose, or add $\frac{1}{2}$ gr. codeine phosphate t.d.s.

Failure of ejaculation has been reported and, rarely, exertional dyspnoea, nasal congestion, shivering, muscle weakness, paraesthesiae (due to latent cerebral arterial insufficiency), aggravation of intermittent claudication, and exacerbation of peptic ulcer. In heart failure, any tendency to fluid retention may be increased. As with any anti-hypertensive, prescribe cautiously for patients with renal failure and urea retention. Allowance should be made for the antagonistic pressor action of some antidepressants (MAOI), appetite suppressants and stimulants of the amphetamine class if administered concurrently.

10 and 25mg tablets of guanethidine sulphate BP in 100's and 500's. Basic NHS price 100 x 10mg : 27s 8d
10mg amps, for i.m. inj. 6 x 1 ml NHS price — 17s 4d. Full information on request.

How do General Practitioners spend their time?

Do Appointment Systems Work—and How do Patients use them?

What Type of Work Can a General Practice Nurse do?

THE NEW GENERAL PRACTICE,
published on 24 June, answers these and many other questions. The book contains 22 articles published in the *B.M.J.* in the last two years, many of them describing pioneering work in the field of general practice. In his Introduction to the book Lord Platt says "Those who have already reorganized and reformed their practices will read this book with interest as they will be able to compare their own ideas with those of others, sometimes learning, sometimes having the satisfaction of knowing better."

THE EVIDENCE...

A recent article* gives a guide to the choice of the appropriate oral contraceptive for the individual patient. The observation is made that potency cannot be inferred from milligram dosage. It is also stated that most of the side-effects experienced with oral contraceptives are related to the oestrogen/progestogen balance of the compound and it classifies Lyndiol 2.5 centrally between the most strongly progestogenic and the most strongly oestrogenic oral contraceptives. It is these facts which constitute the basis of Organon's claim that Lyndiol 2.5 is a truly low-dose oral contraceptive and is a truly well-balanced preparation.

*'Today's Drugs'.
Brit.med.J., 1, 690 (1968)

Further support for the suitability of Lyndiol 2.5 in the majority of patients comes from the first randomised double-blind crossover trial conducted on a number of oral contraceptives**. The study, which made detailed comparisons between 4 leading oral contraceptives in 1673 cycles of therapy, and which confirmed that Lyndiol 2.5 has only minimal side-effects, is a further aid to the selection of a suitable oral contraceptive.

**Acta Obst. Gynec. Scand.,
46, Suppl. 8 (1967)

THE CONCLUSION...

LYNDIOL 2·5

Lyndiol 2·5 tablets contain 2·5mg lynestrenol and 0·075mg mestranol

ABBOTT LABORATORIES LIMITED QUEENBOROUGH KENT

*In the elderly,
the special problems of constipation...*

Constipation in the elderly can present special problems of treatment. Weakened abdominal muscles . . . the dangers inherent in straining . . . refusal to co-operate . . . the presence of pain, to which anal fissures or haemorrhoids may contribute . . . the need for enemas and suppositories . . . the risk of faecal impaction, with consequent manual removal . . .

Clinical trials have shown the distinctive value of *Dorbanex* in the treatment of the elderly patient. In a recent trial in a geriatric ward¹, *Dorbanex* achieved 23% more bowel openings than did standardised senna, and 61% more than miscellaneous laxatives. The stool formation "allowed easy defaecation without an increase in faecal incontinence". Suppositories were needed only five times during 644 patient-days of treatment, and side-effects were negligible and transient.

"*Dorbanex* was readily accepted by all patients, even those with some degree of senile dementia to whom the administration of other medicaments has proved difficult"². In this trial *Dorbanex* achieved an average of more than one bowel opening every day—an increase of more than 50% over the openings achieved by standard aperients. No patient complained of griping, whereas other medicaments had caused several such complaints. No suppositories were needed, and in 360 patient-days of treatment only one manual removal was performed.

Dorbanex can simplify management of the patient posing these problems by providing comfortable, reliable and trouble-free evacuation. *Dorbanex* produces a soft but well-formed stool without griping or other unpleasant side-effects, reduces the need for enemas and suppositories, helps to prevent faecal impaction, and makes defaecation easier without increasing faecal incontinence.

...have a straightforward solution

Now available in three forms—as capsules and in two strengths of liquid—*Dorbanex* provides in one preparation a balanced treatment for constipation. By softening the stool and stimulating peristalsis, *Dorbanex* prepares the way for pain-free evacuation.

1. *Practitioner* (1966) 190:702 2. *Brit. Hosp. J. & S. S. Review* (1966) 77:727

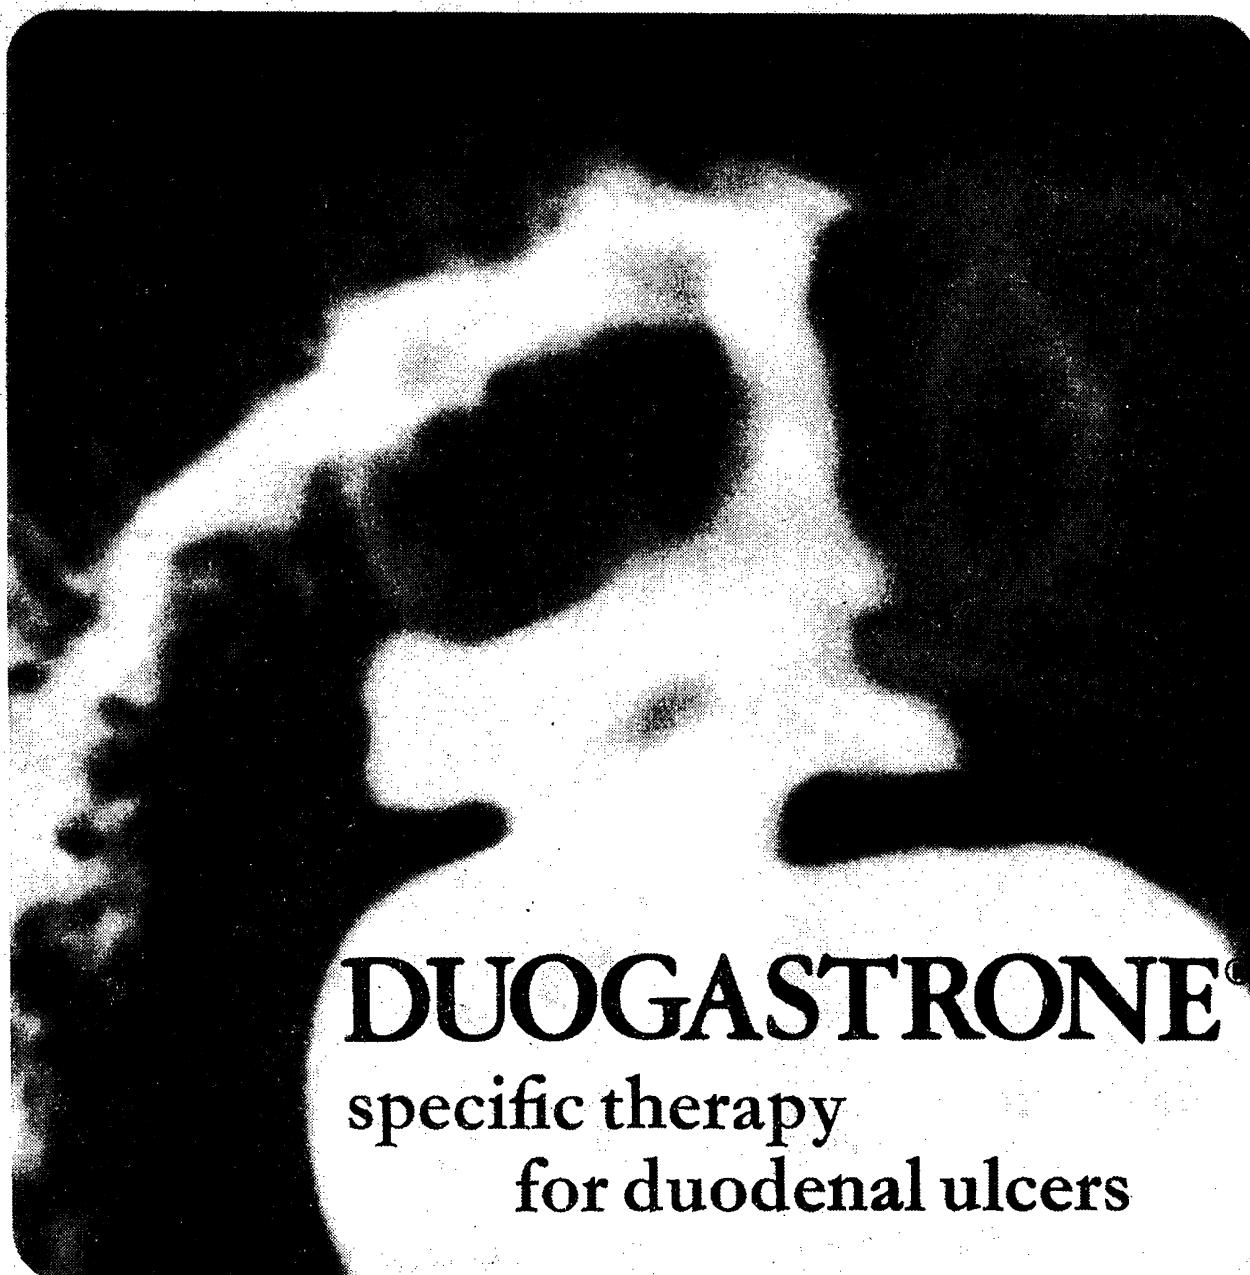

Composition *Dorbanex* is available in three forms—as capsules and in two strengths of liquid. **DORBANEX CAPSULES**: each capsule contains 1:8-dihydroxyanthraquinone 25 mg., poloxalkol 200 mg. **DORBANEX LIQUID**: each 5 ml. teaspoonful contains 1:8-dihydroxyanthraquinone 25 mg., poloxalkol 200 mg. **DORBANEX FORTE**: each 5 ml. teaspoonful contains 1:8-dihydroxyanthraquinone 75 mg., poloxalkol 1000 mg. Dosage **DORBANEX CAPSULES**: Adults, one or two capsules. Children, one capsule. **DORBANEX LIQUID**: Adults, one or two teaspoonfuls. Children, half to one teaspoonful, as required. Before or after surgery: two to four teaspoonfuls or two to four capsules. **DORBANEX FORTE**: one teaspoonful, or as directed by the physician. Treatment should be taken

at bedtime. **Contra-indications** In common with other gastro-intestinal evacuants, *Dorbanex* should not be given when acute, painful conditions of the abdomen are present, or the cause of constipation is suspected to be obstruction of the small or large intestine. **Side-effects** Dihydroxyanthraquinone may cause a temporary harmless, pink or red colouring of the urine and, in prolonged use or high dosage, of the mucosa of the large intestine. Doses larger than two teaspoonfuls may cause slight gastro-intestinal discomfort in a few patients. **Basic NHS Prices** *Dorbanex* Capsules: bottles of 30 capsules 8/-; bottles of 300 capsules 78/-; *Dorbanex* Liquid: bottles of 60 ml. 4/-; bottles of 500 ml. 30/-; *Dorbanex* Forte: bottles of 60 ml. 6/-; bottles of 500 ml. 45/-. Additional information on request.

Women... can't help it

'Saluric' can in premenstrual tension with oedema

Women suffering from premenstrual tension with oedema cannot avoid the tiresome and inevitable signs and symptoms of this common condition, which may last for 7 to 10 days every month, prior to the menses. Because many of the distressing symptoms may be directly related to fluid retention, effective diuresis usually brings prompt relief.

'Saluric' can relieve swelling of the ankles, breast engorgement, and fullness of the abdomen. It may well help to alleviate the concomitant irritability and nervousness. 'Saluric' has been proved by 10 years of clinical experience to be a dependable diuretic which can be used month after month to control premenstrual tension with oedema.

Each tablet of 'Saluric' contains 500 mg chlorothiazide BP. Detailed information is available to physicians on request.

**menopausal distress
can be masked...**

or mastered

Mixogen

Appreciating the limited role of sedatives and tranquillizers in what is essentially a metabolic disturbance, physicians are turning increasingly to the treatment that masters the immediate symptoms of depression and irritability and acts at a fundamental level as prophylaxis against the long-term consequences of ovarian-pituitary imbalance.

'Today when the average woman can expect to reach her threescore years and ten, it would seem unrealistic to deny hormone treatment, which not only alleviates all the troublesome and antisocial symptoms of the menopausal and postmenopausal phases but is also a prophylactic measure against osteoporosis, senile vaginitis, hypertension, and coronary heart disease, to mention but a few hazards of oestrogen depletion.'

The arguments against the use of plain oestrogen therapy – endometrial bleeding and nausea – are countered when Mixogen is used.

'Perhaps the best way of avoiding oestrogenic bleeding is to use one of the oestrogen-testosterone combinations, of which the original – Mixogen – is the best.'²

How would you like to get out of bed 3 or 4 times on a cold night-

In dealing with urinary frequency in the elderly the physician faces two problems. Such patients may often feel a need to micturate when urine volume is quite small or a fraction of the bladder's capacity: Cetiprin helps the doctor to control this need by blocking the innervation and increasing bladder capacity. The second problem is more intractable and requires the breaking of the established *habit* of frequent urination. In such cases the physician expects no immediate marked response and persists with treatment for at least 14 to 21 days. Cetiprin, time and the doctor's tolerance are all needed to overcome urinary frequency.

The alert physician recognizes that frequency is more than a distressing condition *per se*. He sees in it a common cause of

interrupted sleep and consequent impaired physique, and of lower morale — further conditions making in-roads into his already precious time. He sees — and prescribes

CETIPRIN®.

Dosage: For nightly tenesmus in the adult and geriatric patient two tablets at bedtime. In chronic cases it is advisable to start with 3-4 tablets at bedtime and reduce the dose when control is established.

Contraindications:
Gastric retention;
glaucoma; large residual
urine retention.

Cetiprin®

CETIPRIN (emepronium bromide) : Ethyl (3,3-diphenyl-1-methyl-propyl) dimethylammonium bromide. Tablets 50 mg.

**When the
anti-convulsant
regimen fails**

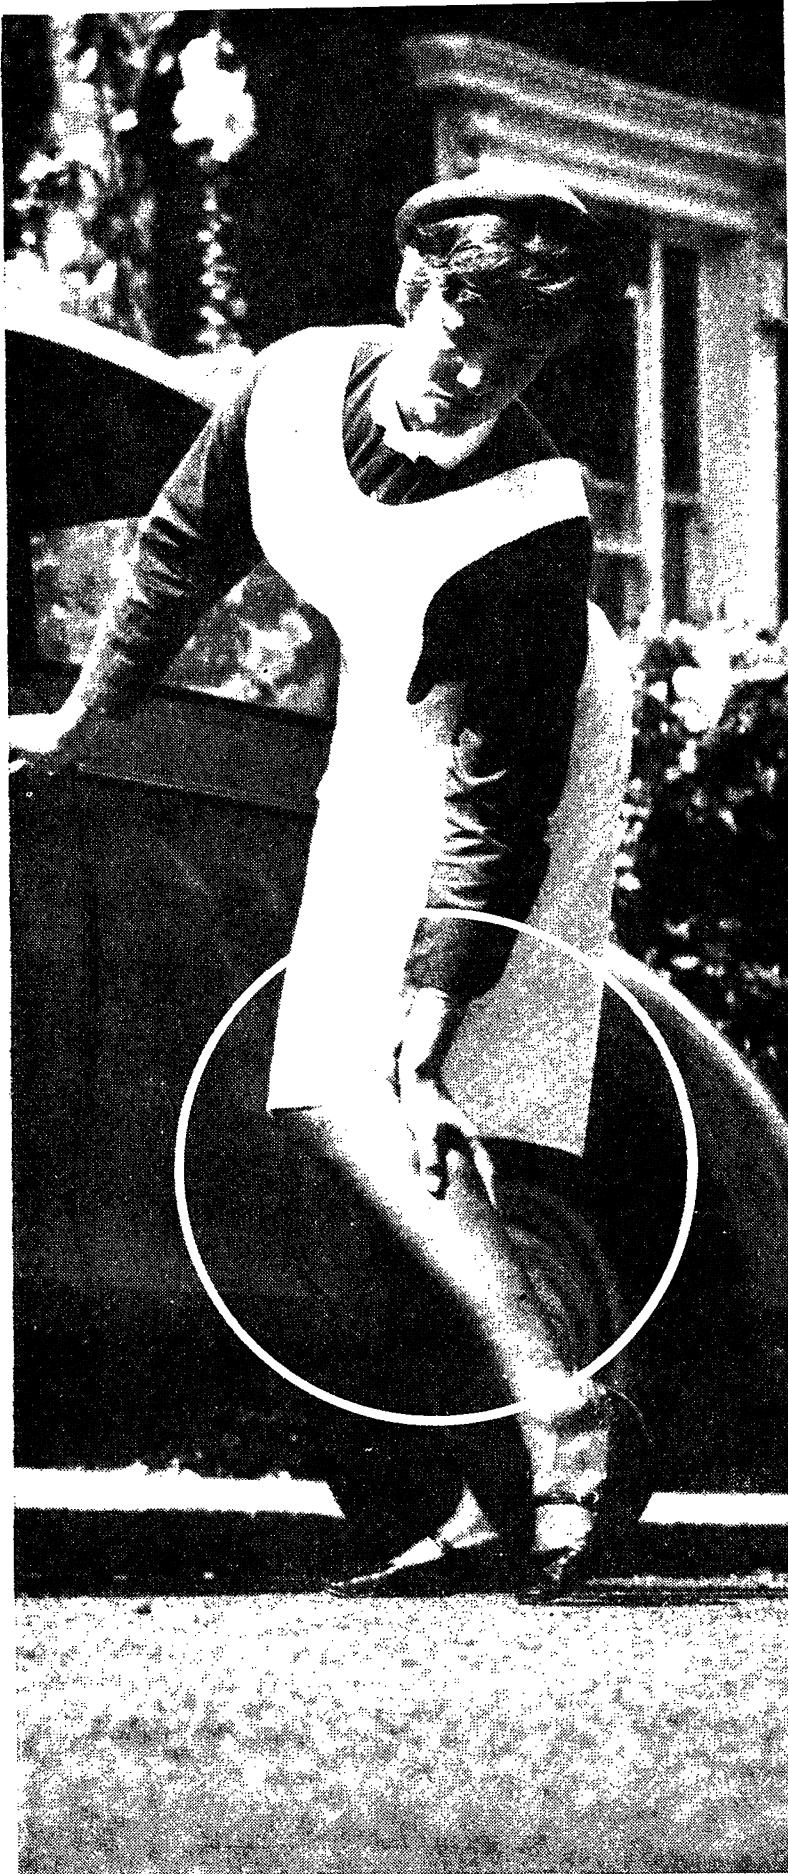

**-add Benuride
for better control**

For firm control of grand mal or temporal lobe epilepsy few anti-convulsant drugs are as effective as Benuride (pheneturide). Yet treatment with Benuride is remarkably trouble-free. Twelve years of clinical experience, as reported in over 30 published papers, has confirmed its wide margin of safety and comparative freedom from toxic effects. A change to Benuride means better control—and a brighter, more alert life for your epileptic patient.

Benuride: tablets containing 200 mg. pheneturide. A new comprehensive product booklet, giving up-to-date details of clinical experience, is now available. We shall be pleased to send you a copy, or any other information, on request.

BAD LEGS? Tired heavy aching legs

**Before 'bad legs'
become an ugly
problem—
PAROVEN®**

All the early symptoms of venous insufficiency—tired, heavy, aching legs, skin disorders, and night cramps—respond to PAROVEN therapy. [1-3]

PAROVEN, containing trihydroxyethylrutoside, reduces the increased capillary permeability which "is at the bottom of the majority of the complications of varicose disorders". [4]

Indications

Conditions associated with lower limb venous insufficiency.
Tired, heavy, aching legs. Night cramps. Skin disorders.
Superficial thrombophlebitis.
Varicose states.

Dosage

1 tablet 3 or 4 times a day.
Maintenance dosage [as little as one tablet a day] may be adjusted to patients' needs.

Packages

Tablets of 250 mg. hydroxyethylrutosides [not less than 45% troxerutin]. Tins of 20-100 tablets.

Senokot restores natural rhythm to the constipated colon

Senokot, standardized senna, has earned a reputation for effectiveness and safety. Over 150 references in medical journals and text books testify to its value. Senokot is suitable for all ages and is useful in pregnancy and in geriatric cases. It is predictable in its action and, taken in the correct dosage, is free from griping. Acting specifically in the colon, it induces controlled peristaltic action and restores the normal defaecation reflex leading to re-education of the bowel.

From dispensing packs, the basic NHS cost of a teaspoonful of granules or two tablets is about a halfpenny; thus treatment with Senokot is very economical.

In addition to granules and tablets, there is now a syrup presentation – a highly acceptable form, specially suited to the needs of children and elderly patients. Tablets: 50, 100 and 200. Granules (chocolate flavoured): 56 and 170 grammes. Syrup: 150 millilitre bottle.

.....with antacids? or a few weeks treatment with **BIOGASTRONE®** to heal gastric ulcers

In most instances gastric ulcers are healed after only 4-6 weeks treatment with BIOGASTRONE. Disappearance of symptoms within 3-4 days of starting treatment is also commonly found. The need for antacid medication is eliminated after a few days.

This remarkably rapid improvement – both objective and subjective – is achieved with BIOGASTRONE because it actually heals gastric ulcers.

Presentation Tablets of 50 mg carbenoxolone sodium. Containers of 24 and 100.

PRACTICES

(Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.10A, obtainable from the Executive Council. Mark envelope "Vacancy."

BRIXTON, S.W. (ACRE LANE AREA)

"Open" area, deceased practitioner, male. List at present approximately 2,650. Surgery premises may be available.

Application forms E.C.16A obtainable from the Clerk, Inner London Executive Council, Insurance House, Insurance Street, W.C.1.

Completed applications to be received by the Council not later than 12 noon, Monday, October 7, 1968. (H.9825)

DERBY

Applications invited for vacancy at Chaddesden in the county borough of Derby, due to death. Urban practice, list at present approximately 3,025. Surgery premises available. Derby became classified as designated in December, 1967. Apply on form E.C.16A, before October 4, 1968, to the Clerk, Derby Executive Council, 118 Osmaston Road, Derby. (H.9751)

ESSEX EXECUTIVE COUNCIL

Applications are invited for a medical practice vacancy in the Ashington/Canewdon area of the Rochford rural district—a "designated" area. There is no surgery or chemist in either Ashington or Canewdon, which have a combined population of about 4,000, and local demand should ensure the development of a sound dispensing practice.

Subject to compliance with the necessary criteria, an initial practice allowance will be payable, either (a) over four years commencing at £1,800, or (b) over two years commencing at £3,000.

Applications should be made on form E.C.16A to the undersigned, from whom further details may be obtained by first post on Monday, October 14, 1968.—S. H. Shaw, Esq., LL.B., F.C.C.M., Clerk of the Council, Essex Executive Council, Carnarvon House, Carnarvon Road, Clacton-on-Sea, Essex. (H.9752)

GREATER LONDON BOROUGH OF HAVERING

HORNCHURCH—ESSEX

Applications are invited for a medical practice vacancy in above urban area (classified as "Designated") arising from resignation of practitioner.

Total number on list—3,300 approximately.

Form E.C.16A and further details obtainable from the Clerk, North-East London Executive Council, Ilford Lane Chambers, Ilford Lane, Ilford, Essex.

Applications to be received not later than October 10, 1968. (H.9836)

LANCASHIRE EXECUTIVE COUNCIL

(NATIONAL HEALTH SERVICE)

Upton (Widnes) overspill Development Area

A vacancy exists for the first of five doctors who will be required to practise in the Western Area of the above overspill area. It is proposed to erect a health centre to cater for a population of approximately 12,000 people of a planned community of 2,600 houses, 115 of which are already occupied.

Initially, the Widnes Corporation will make a house available for the incoming doctor at an economic rent to use as temporary living and surgery accommodation until such time as a health centre is erected. The practice could attract a special Type "D" allowance (see E.C.N.631) for a doctor with the necessary qualities and experience. For the purpose of a Type "D" allowance, the experience expected is normally about ten years as a qualified doctor of which two years have been spent in general practice in the United Kingdom. Further particulars may be obtained from the Clerk, Lancashire Executive Council, 42 West Cliff, Preston, PR1 8HQ, to whom application on Form E.C.16A should be forwarded, to arrive not later than October 12, 1968. (H.9857)

LIVINGSTON NEW TOWN

LOTHIANS AND PEEBLES EXECUTIVE COUNCIL

SOUTH-EASTERN REGIONAL HOSPITAL BOARD

MIDLOTHIAN COUNTY COUNCIL

COMBINED GENERAL PRACTICE/

HOSPITAL/LOCAL AUTHORITY APPOINTMENTS

An integrated medical service is planned for this new town and applications are invited from registered medical practitioners to fill a series of three new posts, which will combine all aspects of medical care.

The practitioners will have their own lists of patients as principals within the general medical services, and will each be given a part-time appointment in the district general hospital (Bangour General Hospital) in the grade of Medical Assistant. An initial practice allowance supplemented by an induction payment will be made available to each successful applicant, in addition to all the normal fees for general medical and maternity medical services and for the sessional payments for hospital work and local authority employment. In filling two of the posts preference will be given to practitioners with paediatric or psychiatric experience.

A dwelling house will be available to rent from the Livingston Development Corporation, and temporary surgery accommodation can similarly be provided if necessary pending the availability of health centre facilities. Further information on these posts may be had from the Principal Medical Adviser to the Health Services Joint Advisory Committee, Bangour Hospital, West Lothian, or from the Clerk, Lothians and Peebles Executive Council, 25 Stafford Street, Edinburgh 3. Applications giving full details of age, qualifications and experience, together with the names of three referees, must be lodged with the Executive Council not later than October 21, 1968. (H.9832)

MIDDLESEX EXECUTIVE COUNCIL

VACANCY—SOUTHALL

Applications invited for vacancy occasioned by resignation of male practitioner.

Doctor resigns December 31, 1968.

List at present approximately 3,300.

Open area.

Practice premises may be available for purchase.

Apply on Form E.C.16A, before October 5, 1968, to the Clerk, Middlesex Executive Council, Dept. S, 4th Floor, International Life House, Olympic Way, Wembley, Middlesex. (H.98t6)

NATIONAL HEALTH SERVICE

COUNTY OF ORKNEY EXECUTIVE COUNCIL

VACANCY—ISLAND OF EDAY

Applications are invited from registered medical practitioners for a vacancy in the Island of Eday. Approximate population 180. Inducement payment £4,250. A house is available to rent. Further information and application form may be obtained on request from the Clerk to the Council, 32 Bridge Street, Kirkwall, with whom applications should be lodged not later than October 12, 1968. (H.974)

NATIONAL HEALTH SERVICE

FIFE EXECUTIVE COUNCIL

Medical Practice

Thornton and Glenrothes, Fife

Applications are invited from doctors prepared to develop a group practice in the village of Thornton and in the adjacent new town of Glenrothes. The list, at present some 2,000, is expected to increase annually to over 8,500 within about four years. Surgery accommodation is available, and the nearest practice will co-operate in evening and holiday rotas. A house will be made available in Glenrothes.

Additional information and application forms may be obtained on request from the undersigned, with whom applications must be lodged not later than October 16, 1968.

J. R. ABEL,
Clerk to the Council,
133 Dinnikier Road, Kirkcaldy.

(1239c)

NATIONAL HEALTH SERVICE

DUNDEE EXECUTIVE COUNCIL

Applications are invited for a single-handed practice vacancy to occur in Dundee on December 1, 1968. The list size is approximately 2,400. The practice premises will not be available. Apply by October 10, 1968, on a form obtainable from the Clerk, Dundee Executive Council, 23 Roseangle, Dundee. Further particulars will be sent with the application form. (H.9865)

SHEPPEY RURAL DISTRICT

Applications invited for vacancy at Minster, Shepway, Kent, due to resignation on December 31, 1968, of single-handed female practitioner who previously practised in partnership with her husband, now deceased. Practice suitable for man and wife partnership. Shepway Rural District is at present classified as an "Open" area. List at present approximately 3,273, including 124 dispensing patients. Practice has been opened from main and branch surgeries. Main surgery premises not available. Applications, on Form E.C.16A, should reach the undersigned by not later than October 14, 1968.—F. E. Miles, Clerk, Executive Council for South-East London and Kent, 11 Station Road, Maidstone, Kent. (H.9831)

Executive Councils—Contd.

SOUTH-WEST LONDON AND SURREY EXECUTIVE COUNCIL

GENERAL PRACTICE TRAINING POSTS

NORTHERN REGIONAL HOSPITAL BOARD (Scotland)

The Northern Regional Hospital Board (Scotland) invites applications for a post under the combined training scheme in hospital and general practice. The trainee's time during the two-year tenure of the post is divided equally between hospital work and general practice.

The post is non-resident. The salary range is £1,550 to £1,950 per annum, with placing on the scale determined by previous experience and an increment of £100 in the second year.

Candidates should apply by October 14, 1968, on forms obtainable from the Senior Administrative Medical Officer, Northern Regional Hospital Board, Reay House, 17 Old Edinburgh Road, Inverness, by whom further particulars will be supplied on request. (H.9766)

UNIVERSITY AND RESEARCH APPOINTMENTS

(see also OVERSEAS)

APPLICATIONS ARE INVITED FROM graduates for the post of Assistant Virologist in the virus vaccines department. A medical qualification will be an advantage but is not essential. The successful applicant will be required to participate in both the routine and research work of the department. Further details will be supplied on request but it is expected that the person appointed will be placed in one of the scales £285 to £1,250, £1,335 to £1,785 or £1,85 to £2,205 according to qualifications and experience. Apply stating age, qualifications and experience to the Secretary, Lister Institute of Preventive Medicine, Elstree, Hertfordshire. (12419)

HOCKERILL COLLEGE Bishop's Stortford, Hertfordshire

Required immediately for this College of Education of 500 men and women, part-time **LECTURER IN HEALTH EDUCATION**. Medical practitioner or other suitably qualified person. Further particulars from the Secretary at the College. (H.9875)

INSTITUTE OF DISEASES OF THE CHEST

BROMPTON HOSPITAL IN CONJUNCTION WITH THE ASTHMA RESEARCH COUNCIL

A clinical pharmacology unit, supported by the Asthma Research Council, is to be established in the Department of Medicine, Institute of Diseases of the Chest, and Brompton Hospital. Applications are invited from suitably qualified and experienced medical or registered applicants for the post of Director of the Unit, which will be of the academic status of Senior Lecturer, with a salary on the appropriate clinical scale. The successful applicant will be given an honorary status in the Hospitals for Diseases of the Chest. It is intended that the unit shall conduct research in the general field of the pharmacology of asthma; within this field the successful applicant will be expected to formulate his own research programme. Laboratory accommodation, additional to that adjacent to existing laboratories, for clinical, analytical and respiratory physiology, supporting scientific and technical staff, and clinical facilities will be provided. The appointment will start from a date to be agreed, probably early in the Spring of 1969 but will be made in advance of this date to allow the appointee to assist in the planning of the unit. Applications, which should be submitted by November 11, should be addressed to the Secretary, Institute of Diseases of the Chest, Brompton, London S.W.3, from whom further information may be obtained. (H.9822)

ST. THOMAS'S HOSPITAL MEDICAL SCHOOL (University of London) London S.E.1

Applications are invited for the post of **LECTURER OR ASSISTANT LECTURER** (according to experience) in the department of chemical pathology. Salary on appropriate university scale, and F.S.S.U., commencing according to qualifications and experience.

Applications, with names of two referees, to Professor F. T. G. Prunty. (H.9876)

THE UNIVERSITY OF MANCHESTER Manchester 13 Faculty of Medicine

WILLIAM HEWITT RESEARCH FELLOWSHIP

Applications invited from registered medical practitioners for the above Fellowship for research in the spontaneous regression of cancer in children. Value of Fellowship (tenable for three years from January 1, 1969) within range £2,015 to £3,400 per annum. F.S.S.U. Further particulars and application forms (returnable by October 7) from the Registrar. Quote Ref. 168/68/JMB. (12260)

THE UNIVERSITY OF MANCHESTER Manchester 13

LECTURER IN MEDICINE

Applications invited from candidates with medical qualifications registrable in this country for this post. Salary scale per annum £2,015 to £3,400. F.S.S.U. Further particulars and application forms (returnable by October 9) from the Registrar. Quote Ref. 169/68/JMB. (12246)

THE LONDON HOSPITAL MEDICAL COLLEGE (University of London)

Department of Morbid Anatomy

Applications are invited for the appointment of **LECTURER IN MORBID ANATOMY** vacant November 1, 1968. The successful candidate will be required to undertake teaching to undergraduates, take part in routine work of the hospital and carry out research. Initial salary according to age and experience within the scale £1,745/£2,820 per annum, together with superannuation under the F.S.S.U. or N.H.S. Further information may be obtained from Professor I. Doniach, Applications, two copies, together with name of referee, to the Secretary, The London Hospital Medical College, Turner Street, E.1. (12361)

UNITED MANCHESTER HOSPITALS Manchester Royal Infirmary, Manchester 13

RESEARCH FELLOW IN SURGERY (S.H.O./Registrar grade) to commence as soon as possible.

The appointment, which is suitable for an applicant working for a higher diploma, is in clinical research under the direction of Mr. W. F. Nicholson.

Application form, obtainable from the Secretary to the Board of Governors, to be returned not later than October 12, 1968. (23381)

UNIVERSITY OF LIVERPOOL Department of Psychiatry

Applications are invited from medically qualified candidates for the post of **LECTURER** in the Department of Psychiatry.

The initial salary will be within the range £1,470 to £3,110 per annum, depending upon age, qualifications and experience.

Applications, stating age, qualifications and experience, should be received not later than October 14, 1968, by the Registrar, Liverpool 169 University, P.O. Box 147, Liverpool L69 3BX, from whom further particulars may be obtained. Please quote Ref. RV/676/1968. (12383)

UNIVERSITY OF MANCHESTER AND THE UNITED MANCHESTER HOSPITALS

SENIOR LECTURER OR READER IN CHEMICAL PATHOLOGY

in the University of Manchester jointly with the United Manchester Hospitals. This appointment will be made on the basis of eight sessions with the university and three sessions with the United Manchester Hospitals' department of clinical biochemistry, which in the event of a medical appointment will be as Consultant.

Applicants may have either medical or non-medical qualifications and should have considerable experience in teaching and research in chemical pathology.

The division of chemical pathology is a part of the department of medical biochemistry and the holder of this appointment will be responsible to the Professor for the technical aspects of chemical pathology. He will work in co-operation with the recently appointed Director of the hospital laboratory, who has a similar joint appointment involving eight sessions with the United Manchester Hospitals and three sessions with the university.

Salary range per annum: for candidates with medical qualifications £3,400 by £115 to £3,650; £12,000 by £2,820 to £2,950 (an additional special responsibility allowance for appointment as Consultant may be given); for candidates with non-medical qualifications: £2,520 by £115 to £2,980 by £120 to £3,100 by £105 to £3,415. The commencing salary will be fixed according to the qualifications and experience of the successful candidate.

Applications should be addressed to the Registrar, University of Manchester, Manchester 13 (from whom further particulars may be obtained), not later than October 9, 1968. Quote Ref.: 170/68/JMB. (12245)

UNIVERSITY OF NEWCASTLE UPON TYNE THE MEDICAL SCHOOL and the UNITED NEWCASTLE UPON TYNE HOSPITALS

APPOINTMENT OF FIRST ASSISTANT IN THE DEPARTMENT OF OBSTETRICS AND GYNAECOLOGY

Applications are invited from registered medical practitioners for the appointment of First Assistant in the department of obstetrics and gynaecology, tenable from January 1, 1969. Candidates should possess a higher qualification in midwifery and gynaecology, and should have had considerable experience in the specialty.

The successful applicant will hold his appointment jointly in the University of Newcastle upon Tyne and in the United Newcastle upon Tyne Hospitals, and will work in the department of gynaecology in the Royal Victoria Infirmary and in the Princess Mary Maternity Hospital.

The appointment will be for one year in the first instance, but renewable to a maximum of no more than three years. The commencing salary will be within the range £2,150 to £2,995, according to age, qualifications and experience. The successful candidate will be required to join the F.S.S.U. scheme if not already a contributor to the N.H.S. Superannuation Scheme.

Further particulars may be obtained from the Registrar, The University, Newcastle upon Tyne 2, with whom applications (three copies), together with the names and addresses of three referees, should be lodged not later than October 14, 1968. (12399)

UNIVERSITY OF NOTTINGHAM Medical School Department of Human Morphology

Applications are invited for a post of **SENIOR LECTURER** in the department of human morphology which is now established in the medical school under the direction of Professor R. E. Coupland. The department is at present engaged in the preparation and the collection

of teaching materials to be ready in time for the first intake of medical students in October, 1970, and in research in the fields of endocrinology, neurology and cytochemistry. Facilities for research are good and laboratories equipped for electron microscopy, histochemistry, cytochemistry, histology and other aspects of functional anatomy are available.

Salary will be within the Senior Lecturer scale for pre-clinical staff, £2,576 to £3,310, with membership of F.S.S.U., starting point according to age and experience.

It is hoped that the successful candidate will be a functional anatomist having research interests. Current departmental research interests are as indicated in the first paragraph. He will be expected to take up his duties at a mutually convenient date, but this should be as soon as possible.

Further particulars and form of application may be obtained from the Registrar, to whom completed application forms should be returned by October 31, 1968. (12351)

COMMERCIAL APPOINTMENTS

MEDICAL DIRECTOR

Berk Pharmaceuticals Limited, a developing young pharmaceutical company pleasantly situated in the Surrey countryside at Godalming, propose to appoint a qualified medical practitioner as their Medical Director.

Experience of the pharmaceutical industry is desirable but not essential. The principal sphere of activity will be in respect of the organisation and control of clinical trials on new products. Some travelling in England and on the Continent will be involved.

Applications to:

The Managing Director,

BERK PHARMACEUTICALS LIMITED
Catteshall Lane, Godalming, Surrey

Clinical Trial Investigator

The Medical Department of an international ethical Pharmaceutical Company requires a doctor to join its clinical investigation and research team. The applicant must be medically qualified, registered and between 28-45 years of age. Previous knowledge of drug evaluation is not necessary but the ability to initiate and organize clinical investigations is essential. An interest in general medicine would be a distinct advantage. The successful applicant would be encouraged to maintain a clinical attachment.

Career prospects in the pharmaceutical industry are excellent. Initial salary will depend mainly on qualifications and experience and the company operates a non-contributory pension fund. A Company car is provided. Conditions of employment are good and would include assistance with removal expenses.

Please apply to: The Personnel Officer,
John Wyeth and Brother Limited,
Huntercombe Lane South,
Taplow, Maidenhead, Berks.

(12406)

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given. Canvassing disqualifies (Statutory Instrument, 1966, No. 569).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Seventh Report of the Review Body, new salary scales have been approved. These came into force on October 1, 1966. The scales are set out below:

HOUSE OFFICERS: Each post in this grade shall be tenable for six months. £1,100 per annum for the posts held during the first year; £1,200 per annum for posts held during the second year; £1,300 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £150 per annum in respect of lodgings only for voluntary residence. (No deductions for lodgings will be made for compulsory residence.)

SENIOR HOUSE OFFICERS: £1,450 per annum in the first year; £1,550 per annum in the second year; £1,650 per annum in the third or subsequent years. Deductions of £175 per annum in respect of lodgings only for voluntary residence. (No deductions for lodgings will be made for compulsory residence.)

REGISTRARS: £1,650 per annum, rising by four annual increments of £100 to £2,050.

Deductions of £175 per annum for those with remuneration at the first two points on the scale, and £200 per annum for those on the third and subsequent points will be made in respect of lodgings only for voluntary residence. (No deductions for lodgings will be made for compulsory residence.)

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £140 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in proprietary hospitals.

SENIOR REGISTRARS: £1,950 per annum rising by one increment of £100 and four further annual increments of £125 to £2,550.

Deductions of £225 per annum in respect of lodgings only for voluntary residence. (No deductions for lodgings will be made for compulsory residence.)

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANTS: £1,850 per annum rising by fourteen annual increments of £100 to £3,250.

Deductions of £225 per annum in respect of lodgings only for voluntary residence. (No deductions for lodgings will be made for compulsory residence.)

CONSULTANTS: £3,200 per annum rising by five annual increments of £185, and then by four further increments of £190 to £4,885.

Deductions of £350 per annum in respect of lodgings only for voluntary residence. (No deductions for lodgings will be made for compulsory residence.)

Doctors with satisfactory training will not be excluded from consideration for appointment to consultant posts on the grounds that they have spent little or no time as senior registrars.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff. Memoranda on the following subjects of particular interest have been issued by the Ministry of Health: Standard of Residential Accommodation, Telephone Charges, Removal Allowances, Study Leave.

Further details may be obtained from the Hospital Secretary, or B.M.A. members may obtain summaries of the Memoranda or explanatory handouts from the Secretary, British Medical Association. (August, 1967)

NETHER EDGE HOSPITAL
Sheffield S11 9EL

RESIDENT SENIOR HOUSE OFFICER required for six or twelve months from November, 1968. Duty in a progressive department of geriatric medicine of 197 beds plus a young chronic sick unit of 34 beds. New block of 120 beds due to open later this year. House or flat available. Applications, with full details, and names of two referees, to the Hospital Secretary within one week. (H.9827)

NEWCASTLE GENERAL HOSPITAL

SENIOR HOUSE OFFICER required for the psychogeriatric unit for six months first instance, probably a year. This is a new unit which has been established to study the problems relating to ageing in the combined field of psychiatry and geriatrics. The unit is closely related to the Professional department of psychological medicine and to the department of geriatric medicine, both of which are in the Newcastle General Hospital.

The unit, which is due to open shortly, will be an admission unit with a high turnover of patients. The successful applicant will have an excellent opportunity to study general medicine, geriatric and psychiatric problems in elderly patients. The post is ideally suited to anyone who wishes to specialize in medicine, psychiatry or geriatrics, and to work in a centre actively engaged in research in relation to problems of the aged.

Applications, stating age, experience and names and addresses of two referees, to Hospital Secretary, Newcastle General Hospital, Newcastle upon Tyne NE4 6BE, by October 11, 1968. (12436)

WHARFEDALE GENERAL HOSPITAL
Middleton, Ilkley, Yorkshire

SENIOR HOUSE OFFICER required for progressive geriatric unit including active day hospital. Adequate facilities for study. Applications, with the names and addresses of two referees, to the Hospital Secretary. (12404)

Psychiatry—contd.

BOARD OF GOVERNORS OF THE ROYAL FREE HOSPITAL AND THE NORTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD

CONSULTANT PSYCHIATRIST
Whole-time or maximum part-time. Required for a joint appointment between the Royal Free Hospital (5 sessions) and Friern and Hulme Hospitals, 11 sessions (remaining sessions). This post is intended to allow the successful applicant to practise continuity of consultant care in relation to the district service, for which the new Royal Free Hospital and the Regional Board will take joint responsibility. While there are excellent opportunities for research, applicants should have major interests in clinical psychiatry and in teaching. Hospitals may be visited by direct appointment. One copy of formal application, naming three referees, to be sent to the Administrator, The Royal Free Hospital, Gray's Inn Road, London, W.C.1, not later than October 19, 1968. (12398)

SOUTH-EAST METROPOLITAN REGIONAL HOSPITAL BOARD

Applications invited for appointment for **CONSULTANT PSYCHIATRIST** for duties in child psychiatry (whole-time or maximum part-time) at St. Bartholomew's and the Lady Chichester and the Mid-Sussex groups of hospitals and local health authority clinics in Brighton and East Sussex. Previous experience in child guidance and possession of D.P.M. essential. Higher qualification desirable.

Hospitals and clinics may be visited. Application forms from the Secretary, Advisory Appointments Committee, South-East Metropolitan Regional Hospital Board, 40 Eastbourne Terrace, London W.2, to be returned by October 17. (23426)

SOUTH-WESTERN REGIONAL HOSPITAL BOARD
West Cornwall Clinical Area

Applications are invited for the appointment of **CONSULTANT PSYCHIATRIST** in the West Cornwall clinical area. This is an established post, with duties in the mental subnormality field. The Consultant appointed will have the task of developing a comprehensive service for the mentally subnormal in West Cornwall, in co-operation with the local health authority and the existing general psychiatric service. There will be beds in the existing hospital units in West Cornwall, supplemented by access to beds in the remaining hospitals in the Royal Western Counties Hospital group. The board will offer the option of a whole-time or maximum part-time contract. The Consultant appointed will be required to live in West Cornwall, and the successful candidate, if moving from a post in the hospital service, will be assisted with his removal expenses.

Further details of this appointment may be obtained from the Board's Senior Administrative Medical Officer, 27 Tyndalls Park Road, Bristol BS8 1JP.

Applications, stating date of birth, qualifications and experience, together with the names and addresses of two referees, should be sent to the Secretary of the Regional Hospital Board, 27 Tyndalls Park Road, Bristol BS8 1JP, not later than October 21, 1968. (H.9842)

SOUTH-WESTERN REGIONAL HOSPITAL BOARD

Applications are invited for two whole-time or maximum part-time appointments of **CONSULTANT PSYCHIATRISTS** in mental subnormality and child psychiatry in the county of Somerset.

The persons appointed will be required to live in the Bristol/Weston-Super-Mare area for one post and in the Shepton Mallet/Frome area for the other.

Further details available from the Board's Senior Administrative Medical Officer, 27 Tyndalls Park Road, Bristol BS8 1JP.

Applications for one or both posts (one copy), together with the names and addresses of two referees, to be sent to the Secretary at the above address by October 21, 1968. (H.9843)

SHEFFIELD REGIONAL HOSPITAL BOARD

WHOLE-TIME CONSULTANT CHILDREN'S PSYCHIATRIST

for the northern half of Derbyshire. Main duties in the Derbyshire County Council child guidance clinic. Application forms and further details from Senior Administrative Medical Officer, Sheffield Regional Hospital Board, Old Fulwood Road, Sheffield S10 3TH. Forms to be returned by October 26, 1968. (23425)

MENTAL WELFARE COMMISSION FOR SCOTLAND

SCOTTISH HOME AND HEALTH DEPARTMENT

Post based on Edinburgh for registered medical practitioner (man or woman) aged at least 28, for duties which include visiting people suffering from mental illness or mental deficiency who are under care in the community, and patients in mental or mental deficiency hospitals in order to supervise their care and welfare in the exercise of the protective functions of the Commission. Considerable travelling is involved.

Candidates must have considerable experience in dealing with the mentally-disordered with, preferably, special qualifications in psychiatry.

STARTING SALARY £2,260 at age 28 to £3,434 at 40 or over (possibly higher if at least 41). Scale maximum £3,895.

NON-CONTRIBUTORY PENSION.

Prospects of promotion to higher posts in other Government departments.

Write to the Establishment Officer, Room 365a, St. Andrew's House, Edinburgh 1, for application form, quoting 6984/68. Closing date October 11, 1968. (12242)

MANCHESTER REGIONAL HOSPITAL BOARD

SPECIALISTS IN
PATHOLOGY & RADIOLOGY
for WESTERN AUSTRALIA

Registered medical practitioners with appropriate postgraduate qualifications are needed to fill important posts at the Commonwealth Repatriation General Hospital, Hollywood, Perth, Western Australia. This 500-bed hospital, whose patients are mainly war veterans, is close to the University of Western Australia, where there is a medical teaching school.

SPECIALISTS IN PATHOLOGY (two positions)

One, a senior man who will be responsible for co-ordinating work within the specialty and advising top-level medical and executive management. The department has up-to-date equipment and plans are in hand to build a new 1,000 square feet Pathology Department.

SPECIALIST IN RADIOLOGY

Apart from his clinical work, he will be called upon to co-ordinate activities within the specialty and advise medical and executive management. The department is well equipped and it is intended to construct a new 5,000 square feet Radiology Department.

Salaries for these posts: Senior Specialist, \$A11,387. Specialist will be within the range \$A8,567—\$A10,757 and will depend upon qualifications and postgraduate experience. Successful applicants will be offered permanent appointment with the Commonwealth Service. They will be eligible to enter a Contributory Superannuation Scheme. Recreation and long service leave is generous.

Travel: The Commonwealth will pay first class fares to Perth for Specialists and their families. Assistance may also be given with removals.

Accommodation: Temporary accommodation will be arranged, married men may be eligible for a settling-in allowance.

For further details of these appointments and living conditions, write to:

The Public Service Board Representative, Canberra House, 10-16 Maltravers Street, Strand, London W.C.2. (23481)

Oversea—contd.

THE PRINCESS MARGARET HOSPITAL
Sherbourne Street, Toronto 5, Ontario

DIAGNOSTIC RADIOLOGIST

Junior Staff Radiologists required, salary commensurate with experience. The successful applicant will have the choice of appointment for one year or on a more permanent basis from the outset. The post provides an excellent opportunity for the completion of training in diagnostic radiology and preparation for F.R.R. examination. The hospital is affiliated within the University of Toronto, with active teaching programmes and exceptional research facilities. Both present staff radiologists hold university appointments within the professorial grade. The department contains the most advanced equipment to meet an expanding demand covering the full range of diagnostic procedures. Generous removal allowance will be provided for the successful applicant. Please enclose curriculum vitae with the first inquiry. Apply to:

Dr. D. F. Rideout, F.R.R., Radiologist-in-Chief.

UNIVERSITY OF OTAGO
and
THE OTAGO HOSPITAL BOARD
Dunedin, New Zealand

SENIOR LECTURERS OR LECTURERS IN PATHOLOGY

Applications are invited from medical graduates experienced in either Morbid Anatomy and Histology or Haematology for positions as **SENIOR LECTURERS** or **LECTURERS**. Duties include teaching, participation in the clinical laboratory services of the Dunedin Hospitals and research. There are excellent research facilities, including electron-microscopy.

The salary for a Lecturer is in the range \$NZ4,270-\$NZ6,800, with a bar at \$NZ5,600 per annum, and for a Senior Lecturer \$NZ7,000 to \$NZ8,100 per annum. The starting salary is determined by age, experience and qualifications. A particularly well qualified candidate could be appointed at the grade of Associate Professor at a salary within the range \$NZ8,500-\$NZ9,150 per annum. An allowance for clinical responsibility, not exceeding 5% of salary, may be available to Senior Lecturers in the light of the duties performed. (Note: \$NZ100 equals £46 13s. 4d. Sterling. \$US112, \$A100.)

Family passages and assistance with removal costs are provided and, under special circumstances, assistance with return fares, after an agreed period of service, may be negotiated.

Appointees are expected to commence duties as early as possible in 1969.

Further particulars are available from the Secretary-General, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London S.W.1, or from the Registrar of the University.

Applications close in New Zealand and London on November 8, 1968.

(12369)

Applications are invited for the position of **CHEMICAL PATHOLOGIST** from pathologists possessing a senior post-graduate qualification and registrable in Australia.

Prince Henry's Hospital lies a half-mile from the city centre, and houses 428 beds, comprising general and specialist medical and surgical, coronary care, respiratory care, intensive care and paediatrics. It is a teaching hospital for Monash University and is the site of University departments of medicine, surgery and psychological medicine, as well as a medical research centre, haemodialysis unit, Victorian cytology (gynaecological) service, hyperbaric oxygen chamber, and a well-established isotope department.

The biochemistry service has a total floor space of 6,800 sq. ft., 4,000 sq. ft. of it in a modern building, and is fully staffed and equipped with 10 auto-analysers and extensive accessory instrumentation. 130,000 quantitative tests were performed in 1967-68.

The successful applicant will be director of the routine clinical biochemistry service and responsible for the teaching of fifth- and sixth-year medical students in the hospital, and for the training of the Chemical Pathology Registrar and of Trainee Pathologists under the training scheme of the Victorian Hospitals and Charities Commission. Ample facilities exist for both clinical and laboratory research, and the postdoctoral career is fully supported by the senior medical staff.

Salary range \$10,000 to \$11,751, according to qualifications and experience (three annual increments), not including various reimbursements and bonuses payable under the special purposes account (medical) scheme covering private practice within the hospital for whole-time senior staff. The conditions of employment include superannuation and sabbatical leave.

Further particulars may be obtained from the Director of Pathology Services, Dr. J. F. Funder.

Applications on the prescribed form close with the undersigned on October 31, 1968. W. A. Cross, Manager and Secretary. (H.9775)

PSYCHIATRIC RESIDENCIES ARE OFFERED by the department of psychiatry, University of Missouri School of Medicine, Division at Kansas City. An award winning community mental health centre provides the clinical setting for a training programme of lectures, case presentations, therapy demonstrations (closed-circuit T.V.), seminars, and intensive personal supervision. Fully accredited programmes in adult and child psychiatry provide broad experience in in-patient, day hospital, out-patient, consultation, alcoholism, forensic and child psychiatry services. There is active participation of the psychoanalytic study group of Kansas City, Inc., in the psychotherapy portion of the programme. Full-time rotation through the neurology department of the university is provided each resident with special clinical experience in a more specialized area of his choice. Beginning stipend \$9,000; special five-year career programme, total stipend \$75,750 also available. Write Richard L. Pentecost, M.D., Assistant Professor, 600 East 22nd Street, Kansas City, Missouri 64118. (H.9601)

VASSAR BROTHERS HOSPITAL

BRAND

NAME

Bisolvon®

SAFE SIMPLE EFFECTIVE NULACIN

EFFECTIVE, because Nulacin achieves *continuous* neutralisation of hyperacidity. As peptic ulcers arise and recur only in the presence of free acid, Nulacin not only relieves symptoms but is the ideal long-term medical treatment.

SIMPLE, because Nulacin is specially designed to dissolve slowly in the mouth and produce a continuous intragastric milk-alkali drip in the ambulant patient. One tablet provides up to 30 minutes' relief from excess acid.

SAFE, because clinical experience has shown that Nulacin produces no electrolyte disturbances and can be used in *all* patients with peptic ulcer.

NULACIN is a unique combination of whole milk protein and fats with dextrans, maltose and suitable antacids and provides *economical*, long-term medical treatment for peptic ulcer.
