Treatment

URINARY TRACT INFECTION

PENBRITIN

She has a history of urinary tract infection in pregnancy and was distressed rather than concerned when the symptoms recurred this time. The concern is yours, for you know that the renal tissue may already be infected or could become so if this infection ascends. And that a chronic and serious condition may result. You need an antimicrobial agent which will minimise these risks.

Penbritin is the answer-first time

Highly active against the common domiciliary causes of urinary tract infection (E.coli, Proteus mirabilis and Strep. faecalis). Not only active, but bactericidal—killing rather than just inhibiting. And bacteridical not only in urine, where very high levels are achieved, but also in the bloodstream and renal tissue.

This combination of extensive bactericidal activity with effective concentration at the possible sites of urinary infection means the elimination of sensitive organisms from the renal tract, and the minimum risk of relapse—well proven in clinical trials.

Penbritin also brings the safety of a penicillin to the treatment of urinary tract infections, particularly important in your pregnant patients. And in severe cases, for instance acute pyelonephritis, treatment may be commenced by injection.

In the treatment of urinary tract'infections, Penbritin is the answer—first time. And so often the only prescription needed.

Availability: Penbritin (ampicillin B.P.)

Capsules, 250 and 500 mg. Injections, 100 mg, 250 mg, 500 mg. Syrup, 125 mg/5 ml. Syrup Forte, 250 mg/5 ml. Paediatric Tablets, 125 mg.

Dosage in Urinary Tract Infections:

Adults 500 mg
Children 2-10 years 250 mg
Children under 2 years 125 mg

In severe infections these doses may be increased or Penbritin given by injection.

Contra-indication: Penicillin allergy. **Side-effects**: As with other penicillins. *Further information is available on request.*

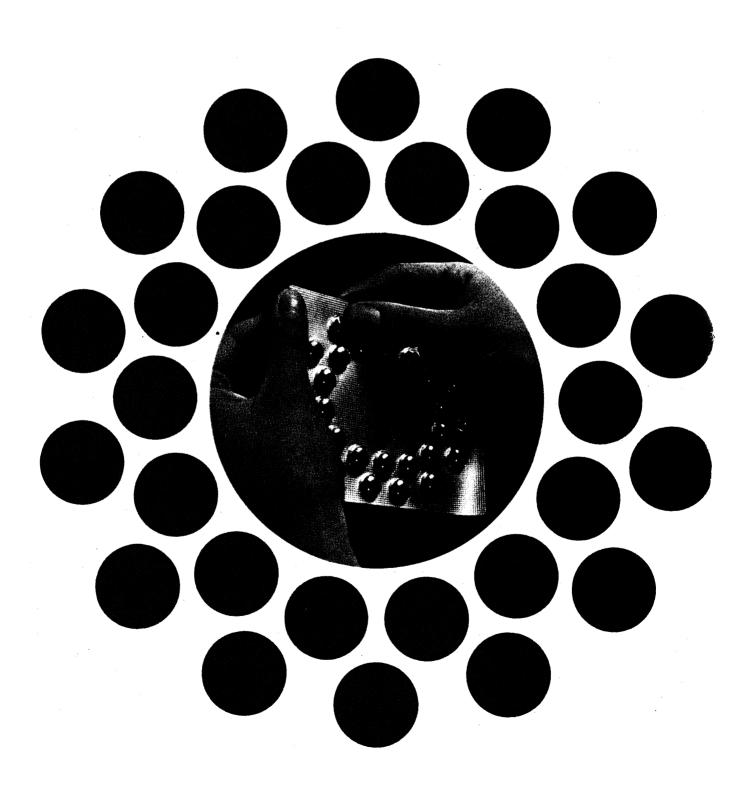

Penbritin* is a product of British research at **Beecham Research Laboratories,** Brentford, England.

originators of the new penicillins.

These iron tablets are well remembered

Hygienic pop-out packs

The name's on every tablet

For your detailed reading

Patients frequently forget to take iron tablets, but they don't forget Fersaday and Pregaday. Firstly they only have to remember to take them once a day. And secondly, the specially designed packs identify each tablet with the day of the week, so patients can see at a glance whether or not they've taken their daily tablet. Each pop-out pack contains 28 tablets so it's easy for you too - simply prescribe Fersaday or Pregaday once a month. Fersaday and Pregaday are among the least expensive of the oncea-day iron and iron plus folic acid tablets another good reason for prescribing them

Fersaday and Pregaday once-daily iron tablets in forget-proof packs

whenever extra iron is needed.

Fersaday
Fersaday Tablets contain 100 mg ferrous iron as ferrous fumarate BP, an exceptionally well tolerated compound of high iron content for the prophylaxis and treatment of iron-deficiency

Some post-gastrectomy patients show poor absorption; careful surveillance of this group is

Adverse reaction

The incidence of gastric intolerance is low.

The usual adult dosage is one tablet daily.

Pregaday Tablets contain 100 mg ferrous iron as ferrous fumarate BP and 350 micrograms folic acid, for the prophylaxis of iron deficiency and megaloblastic anaemia of pregnancy.

A minority of pregnant women are not protected by physiological doses of folic acid.

Adverse reaction The incidence of gastric intolerance is low.

Dosage

One tablet daily.

Fight cancer with a will

When your advice is sought about bequests for worthwhile causes, please remember the vital work being done by the Imperial Cancer Research Fund. Founded on the initiative of the Royal Colleges of Physicians and Surgeons, I.C.R.F. is fighting all forms of cancer, including leukaemia, in its own laboratories. It has no official grants and is entirely supported by voluntary contributions.

FORM OF WILL

I hereby bequeath the sum of.......pounds free of duty to the Imperial Cancer Research Fund, Lincoln's Inn Fields, London, W.C.2. for the purpose of scientific research, and I direct that the receipt of the Honorary Treasurer or Secretary shall be a good discharge for such legacy.

Please write for further information to:
The Honorary Treasurer, A. Dickson Wright, Esq., M.S., F.R.C.S.,
Imperial Cancer Research Fund (Dept. 101) Lincoln's Inn Fields, London, W.C.2.

IMPERIAL CANCER RESEARCH FUND

• I feel I just can't cope anymore

The over-anxious patient needs your sympathy... and the calming effect of BENVIL

Your reassurance, understanding and encouragement play an absolutely vital part in the treatment of any patient you feel is emotionally distraught. To help you *keep* your patients relaxed, calm and attuned to the realities of life you may wish to prescribe Benvil.

In cases of acute anxiety and tension, Benvil relaxes, calms, and restores a feeling of well-being. And it does this without over-sedation, which means that patients can successfully go about their daily work – an important aid to readjustment.

Moreover, reports on Benvil suggest that it is free from dependence.

Benvil is available as a new, smaller blue capsule containing 250 mg. tybamate in an original pack of 50.

Dosage: One capsule 3 or 4 times a day. For elderly patients it is recommended that therapy be started on the lower dosage. The dosage can be increased if necessary to a maximum of eight capsules in 24 hours to suit the individual concerned.

Precautions: Side effects are mild and infrequent at the normal dosage. In the aged, hypotensive effects are possible at higher doses. If drowsiness or mild dizziness occur, the patient should avoid activities requiring optimal alertness. If symptoms of hypersensitivity occur, treatment should be stopped and appropriate symptomatic therapy given.

Consumption of alcohol or concurrent administration of other psychotropic agents (e.g. phenothiazines, monoamine oxidase inhibitors) may have an additive effect. The customary precautions should be taken in administering Benvil to patients with a history of drug

allergies, blood dyscrasias, hepatic or renal disease. There has been no evidence to suggest development of tolerance or dependence with Benvil: in common with other psychotropic agents however, it is advisable to give Benvil cautiously to addiction-prone subjects and to withdraw therapy slowly after prolonged use. Although animal tests suggest freedom from teratogenic effects, Benvil cannot at present be recommended during the early weeks of pregnancy.

The invisible wedge that helps correct flat feet...

Do you recommend an external wedge? Those outside wedges soon wear away, and very often the child is made to feel self-conscious because his shoes look different from other children's. They also disturb the plane of forepart and heel. Surely it's more logical to have a wedge built in between the inner and outer sole where it remains invisible and completely unaffected by wear or repair of the shoe. That is how Startrite INNERAZE shoes are made—on remedial lasts specially adapted to accommodate the internal wedge. That is why they are the only practical and thoroughly effective solution to this problem. Information from Mr. C. James, Fitting Consultant, Start-rite Shoes Ltd., Crome Road, Norwich, NOR 60A.

fewer clothes were torn and fewer window panes smashed."

"Excellent results obtained in modifying the behaviour of some of the most intractable, long-term, psychiatric patients were gratifying and confirm prior clinical impressions of the value of pericyanine in hospital practice."

an advance on the antibiotics

(Trimethoprim and Sulphamethoxazole)

■ 'Septrin' acts quickly and decisively.

■ eradicates common pathogens – including

H. influenzae, Pneumococci, Proteus sp., E. coli, Klebsiella sp.

- effective against penicillinase-producing organisms.
- new mode of bactericidal action overcomes problems of bacterial resistance.

clearly superior in URINARY INFECTION

'Septrin' was compared with ampicillin and sulphadimidine in the treatment of 106 hospitalised patients with urinary infections. Cure rates one week after finishing treatment were: 'Septrin' 85 per cent, ampicillin 70 per cent, and sulphadimidine 40 per cent; and after four or five weeks 67, 52 and 15 per cent respectively. (Cure=eradication of original organism from urine).¹

'Septrin' was "... clearly superior to either of the other treatments, and this superior effect was even more appreciable in the re-treatment of patients who had failed on another drug."²

The New ESKALAB Clinical Chemistry System Gives

greater accuracy unequalled reproducibility rapid results

The best way of performing routine enzyme rate reactions

The new 'Eskalab' Clinical Chemistry System consists of unique pre-measured reagents in tablet form, a new exceptionally stable spectrophotometer, and a disposable cuvette assembly. It has been specifically developed to perform routine assays accurately, precisely and quickly.

Although the system is primarily designed for batch analyses, it is so flexible (only one simple operating technique is used for all 'Eskalab' tests), that the same high standards of precision and accuracy can be achieved when performing single and emergency analyses.

Thorough hospital path. lab. tests have proved exceptionally favourable

For further details, contact your Pathologist, Biochemist, or write to Dept. ESK 1 at the address below:

SMITH KLINE INSTRUMENT COMPANY, Welwyn Garden City, Hertfordshire, England. Telephone: Welwyn Garden 25111. Telex: 261347.

DUOGASTRONE® direct healing of duodenal ulcer

Trials suggest*

- radiological disappearance of ulcer crater
- relief of symptoms within a few days
- superiority over antacid or anticholinergic therapy
- patients can lead a normal life
- special diets are unnecessary
- even chronic cases, with a long history of symptoms, respond

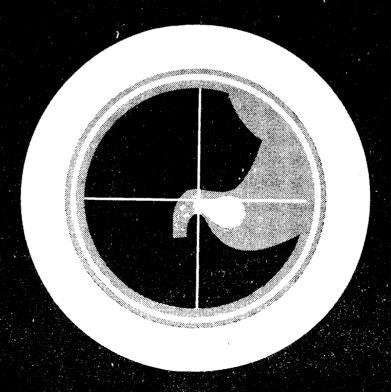

Unique 'positioned release' capsules deliver the active ingredient (50 mg carbenoxolone sodium)

* Further trials are in progress to study the effects of DUOGASTRONE in long-term therapy

Haelan certainly is effective—it contains flurandrenolone, one of the most powerful steroids for topical use. Haelan has the right concentration of flurandrenolone (0.0125%) to resolve most steroid-responsive skin conditions without undue risk of systemic side effects. But there's more to Haelan than that.

Because flurandrenolone is so active. Haelan provides an ample quantity of base for easy application, and the big 60G (2 oz) tube is large enough to treat the average patient without the need for repeat prescriptions. Last, but by no means least, Haelan, at less than $2\frac{1}{2}d$ per gramme is clearly economical.

Haelan

flurandrenolone 0.0125% for most steroid-responsive skin conditions

Haelan-C

flurandrenolone 0.0125%, clioquinol 3% when infection is present or suspected

Haelan-X

flurandrenolone 0.05% in severe or stubborn cases

ANTIBIOTICS AND THE INTESTINAL FLORA

Treatment with broad spectrum antibiotics suppresses the normal flora, which may be replaced by abnormal resistant organisms causing diarrhoea.

This change can be prevented or reversed by the implantation of Lactobacillus acidophilus which has been rendered antibiotic-resistant, and is thus able to multiply freely under these abnormal conditions. The products of growth of the organism are inimical to that of many other bacterial 2 and thus contribute to its rapid preponderance over other species.

Oral treatment with antibiotic-resistant L. acidophilus in the form of ENPAC has been shown to eliminate Candida from the faeces of infants with antibiotic-induced diarrhoea, with relief of symptoms succeeded by rapid gain in weight^{3 4} and greatly to reduce the numbers of staphylococci in the faeces of patients treated with tetracyclines.⁵

DISEASES OF THE DIGESTIVE SYSTEM

from the British Medical Journal

Gastroenterology is one of the fastest-growing specialties in medicine. Many recent discoveries and developments have immediate clinical applications, and in 1967 the B.M.J. began to publish a series of articles on Diseases of the Digestive System. The series was widely acclaimed, and the articles have now been revised by their authors and collected together in book form. The list of authors includes many well-known

names and the subjects range from peptic ulcer to rectal bleeding, and include pancreatic and liver disease. As a readable and authoritative refresher course the book will help doctors in hospital and general practice.

ASSOCIATION

REGIONAL MEDICAL SECRETARY BASED ON BIRMINGHAM

The Council of the British Medical Association invites applications from registered medical practitioners for the registered medical practitioners for the post of Regional Secretary. The post is a new one, based on the Council's policy of decentralization. The Regional Medical Secretary will be in charge of the Association's Birmingham office and his duties will consist search the post of the council o generally in supervising and promoting the Association's activities in the

ing the Association's activities in the Midlands and surrounding area.

The successful candidate will be based on the Association's Birmingham office and will be required to reside in the area. He will be expected to travel widely throughout the whole of his region, to attend Branch and Division meetings whenever practicable, and generally to advise and assist the profession locally.

The salary scale for this appoint-

The salary scale for this appointment is £3,800 by £200-£4,600 per annum, but in fixing the starting salary regard may be had to the successful candidate's age and experience. Although the appointment is a whole-time one, the Council would be pre-pared to consider applications from candidates with other commitments

candidates with other commitments which would not prevent them from devoting the major part of their time to the duties of the post.

The appointment will be for a probationary period of six months in the first instance, and thereafter may be terminated by six months' notice on either side. The post, which is superannuable, offers opportunities for promotion within the Association's medical secretariat.

medical secretariat.

medical secretariat.

Applications, giving details of qualifications and experience, and accompanied by the names of three persons to whom reference may be made, should be addressed to the Secretary of the Association, B.M.A. House, Tavistock Square, London W.C.1, and must be received not later than August 11, 1969.

PRACTICES (Executive Councils)

phone Lewis, Towcester 422.

NOVA SCOTIA. I AM A WELL ESTABlished English general practitioner in an
isolated fishing port and am looking for
another experienced practitioner with whom
I may share my lucrative dispensing practice
with 12-bedded hospital privileges, so that
each doctor does tours in rotation of roughly
four months followed by four months' leave.
The basis will be that each of us use the same
office, house and stall in rotation, and keep
our own profits after paying our share of the
expenses. My present profit after expenses
vary from \$2,500 to \$4,000 per month worked.
There is another independent Canadian doctor
who practises from the same building, and
and night calls rotation. I will be in
England early in August to interview applicants who should send full details of education, care-one and availability, and address
them after August 5 Availability by
early September is important, but a later date
could be considered for the right applicant.
—Please send details to Box L.3379, B.M.J.

TIME TO SPARE? MEDICALLY QUALIFIED?

Qualified doctors can keep in touch by interviewing general practitioners and hospital doctors on topics of general pharmaceutical and medical interest.

The work is part-time and would on average involve a few hours each week.

Miss M. Dalton, Market Investigations (P & A) Limited, 1 and 2 Berners Street, London W.1, will be pleased to give you further details.

(H.9284)

COMMERCIAL APPOINTMENTS

Medical Director

Applications are invited from registered medical practitioners for the post of Medical Director.

The successful applicant will be responsible for a large medical department which is staffed by highly qualified personnel. The medical department is responsible inter alia for satisfying the Food and Drug Directorate as to the safety and efficacy of all compounds that are to be marketed by the Company in Canada. The Company has access to many new compounds originating from the Research Departments of J. R. Geigy, S.A., Basle, Switzerland and C. H. Boehringer Sohn, Ingelheim, West Germany. The current programme of compounds under study is a very extensive one and will provide a stimulating challenge for a man interested in this work.

In addition to the study of new compounds the Medical Department is responsible for providing a comprehensive service to Canadian physicians on products already marketed by the Company. It will be essential for the Medical Director to keep abreast of new developments in Medicine and opportunities will be given for attendance at national and international conferences where appropriate. Maintenance of contact with leaders in their respective fields of medicine and with the teaching communities will also be necessary.

The post demands managerial qualities of a high order to direct the resources of the Department in meeting its objectives. Applicants should have a proven record of success in this respect preferably within the ethical pharmaceutical industry.

The salary will be negotiable and the conditions of service are consistent with the Company's international reputation. Financial assistance with relocation expenses would be given in appropriate cases.

The Company is located in Montreal, Quebec, and some travelling both within Canada and internationally could be expected.

Canada is a bilingual nation and fluency in either English or French with at least a working knowledge of the other language is desirable.

Applications should be sent in writing to:

T. W. Parton Geigy (Canada) Limited, Pharmaceuticals Division, 4984 Place de la Savane, Montreal 308, Quebec, Canada.

MEDICAL OFFICER, CLASS 2

The Australian Commonwealth Serum Laboratories require a Medical Officer with postgraduate experience or qualifications in haematology/serology to work in the W.H.O. National Blood Group Reference Laboratory. We are seeking a suitable person to train under, and eventually succeed, the present Officer-in-Charge of the Laboratory, Dr. R. T. Simmons, who is approaching retirement.

The Commonwealth Serum Laboratories is a semi-Governmental statutory authority which operates under the control of an independent Commission. Its function is to undertake research into and to produce biological products. It is located in the city of Melbourne and comprises well-equipped laboratories and a comprehensive technical library. Its total staff exceeds 900 and approximately 120 graduates are employed.

The current work of the Blood Group Reference Laboratory involves

The current work of the Blood Group Reference Laboratory involves blood group genetic studies, the investigation of difficult blood group and cross-matching problems and research related to the prevention of Rhaemolytic disease. Opportunities will be available to pursue research in these and related fields.

Conditions are excellent, and include liberal leave provisions and superannuation after a qualifying period. Salary will be up to \$A10,557 per annum, dependent upon the qualifications and experience of the successful applicant. The cost of travel to Australia for the appointee and his family will be paid by C.S.L.

It is intended that applicants or persons interested in obtaining further information, will be interviewed, where possible, by Dr. Simmons, who will be in England from September 6 to 18, 1969, and in North America from September 20 to October 8, 1969. Applications or enquiries should, therefore, be prepared in duplicate, one copy being directed by air mail to the Personnel Manager, 45 Poplar Road, Parkville, Victoria, Australia, and the other copy forwarded to Dr. Simmons, c/o Chief M.O., Australia House, London, to reach there no later than September 5, 1969. (H.9073)

REPUBLIC OF IRELAND—see also p. xxxii

REGISTRAR IN OBSTETRICS

Applications are invited for the above post at the International Missionary Training Hospital, Drogheda, Co. Louth.

Post is recognised for M.R.C.O.G. in Obstetrics only.

Application forms available from the Medical Superintendent.

(10139)

THE ALCOHOLISM COMMISSION OF SASKATCHEWAN

DIRECTOR OF RESEARCH

The newly established Alcoholism Commission of Saskatchewan invites applications for the above senior position which will provide research services to the developing programme. This will involve evaluation of the Commission's programme as well as an analysis of research being carried out in the field of Alcoholism prevention and treatment with a view to its application to the Saskatchewan scene. The Director will participate in overall programme planning.

> Candidates should hold a Master's or Doctor's degree in Psychology with experience in research techniques, preferably including sound preparation in mathematics.

> The position carries the normal range of public service employment benefits.

Salary Range.—With Master's Degree \$9,804-\$12,492 per year, with Doctorate \$11,328-\$14,448 per year depending on experience.

Please Apply to:

Chairman. Alcoholism Commission of Saskatchewan, 2134 Hamilton Street, Regina, Saskatchewan, Canada.

(10103)

Sir Charles Gairdner Hospital Perth - WESTERN AUSTRALIA

Diagnostic Radiology— **Head of Department**

Applications are invited from suitably qualified medical practitioners, with a postgraduate qualification in diagnostic radiology, for the newly created post of Head of the Department of Diagnostic Radiology.

The Sir Charles Gairdner is a 380-bed general hospital which is being progressively expanded to become the major teaching hospital associated with the Faculty of Medicine of the University of Western Australia. The building programme allows for an increase to 1,000 beds within the next eight years.

The appointee will be responsible for the organization and management of the diagnostic radiological services, and will be considerably involved in the detailed planning of the new department.

Remuneration will be based on eight-tenths of a full-time salary, plus a loading of 15% in lieu of superannuation and long-service leave. The compounded salary will be within the range \$A7,893-\$A9,420-\$A9,948-\$A10,363. The appointee will receive the right of private practice within the hospital on the understanding that he will not practice outside the hospital.

Other conditions of service and details of the hospital and the department are contained in a Memorandum of Information, which is available on request.

Transport expenses will be provided for the successful applicant and his family (under 16 years of age), together with an allowance of up to \$A400 for the cost of removal of personal effects, subject to a bond to remain in the hospital's service for a period of three

Applications addressed to the undersigned enclosing details of qualifi-cations and previous experience, together with full personal particulars, the names of three referees, and a recent photograph close on October 31, 1969.

> A. F. T. THOMSON, Administrator. (10127)

Good short term contracts with Anglo American in Zambia

The Anglo American Corporation Group is the largest mining finance organisation in the world. In Zambia the Group mines copper and lead-zinc; as the world's fourth largest producer of copper, Zambia has an output that represents 90% of the country's exports. Well over half the copper is mined by Anglo American. To give you an outline picture of the well-equipped medical facilities provided at four centres by the Group, take Nchanga mine at Chingola: there are two hospitals, one contributory and fee-paying, the other non-fee-paying. Both have diagnostic, radiological and laboratory services. There are nine medical officers including a Chief Medical Officer, a Specialist Surgeon and Physician, and a visiting Radiologist. Zambia Broken Hill Development Company at Kabwe operates three clinics for employees and their dependants, and has facilities at the Government hospital for the hospitalisation of mine patients under the care of the Mine Medical Officers who number three, including the Chief Medical Officer. Duties are of a general nature, including hospital care of patients and domiciliary visiting; obstetrics, anaesthetics and surgery.

VACANCIES

From time to time vacancies arise for Medical Officers on a contract period

of three years. Typical minimum salaries would not be less than K6.400 per annum (equivalent to £3,733 sterling). Other benefits include Christmas Bonus, terminal gratuity, educational allowances, partly furnished accommodation at moderate rentals, and free return passages to and from Zambia. There are generous leave conditions. A car allowance is paid and an initial interest free loan is also available for the purchase of a car.

Short-term locums

There are occasional locum appointments for minimum periods of 2 months. Terms and conditions differ from the more permanent positions but they are no less attractive. The sunny climate of Zambia, the full social life, and the many sports and cultural activities one can take up make for a most enjoyable time. Swimming, tennis, sailing; amateur dramatics; these are just a few ways in which you can live a really satisfying off-duty life. Posts are usually filled for an initial contract period of three years.

Auckland Hospital Board

Anaesthetic Tutor Specialist-Board's Hospitals

Obstetric Tutor Specialist-St. Helen's Hospital

Applications are invited from suitably qualified medical practitioners who are eligible for "Tutor Specialist" status under the New Zealand Hospital Employment (Medical Officers') Regulations for the following positions:

- (i) ANAESTHETIC TUTOR SPECIALIST, BOARD'S HOSPITALS
- (ii) OBSTETRIC TUTOR SPECIALIST, ST. HELENS HOSPITAL

The anaesthetic post is non-residential, but married accommodation may be available for the obstetric post. Appointments are from January 1, 1970. The Regulations define a Tutor Specialist as a medical officer who has been qualified for six years or more, has a higher qualification appropriate to the specialty, and has had two years' or more practical experience in

The salary scale prescribed by the Regulations for a Tutor Specialist is: \$NZ5,230-5,630-6,020-6,215-6,410-6,610 per annum.

The commencing salary within this scale will be determined by the Director-General of Health in accordance with the appointee's qualifications and experience in the specialty.

Conditions of appointment giving further details of this position, together with details of assistance towards travelling expenses to New Zealand, as well as Forms of Application are available from the High Commissioner for New Zealand, New Zealand House, The Haymarket, London W.C.2.

Applications addressed to the Secretary, Auckland Hospital Board, P.O. Box 5546, Auckland 1, New Zealand, close at 2 p.m. on Friday, August 29. 1969.

UNIVERSITY OF SYDNEY

LECTURESHIP/SENIOR LECTURESHIP IN THE DEPARTMENT OF MEDICINE

Applications are invited for the above-mentioned post Applications are invited for the above-mentioned post. Whilst the Department has well-developed sections in the fields of Thoracic Medicine, Cardiology, Neurology and Endocrinology, an appointment is not necessarily sought in one of these fields. Appropriate clinical facilities will be made available in one of the teaching hospitals attached to the University of Sydney. Research facilities will be made available either in a teaching hospital or in the Department on the University campus. Applicants for the position of Senior Lecturer would normally be expected to have an additional academic qualification.

Senior Lecturer would normally be expected to have an additional academic qualification.

Salary: Lecturer \$A5,400 × 270 — \$7,300 per annum; Senior Lecturer, \$A7,600 × 230 — \$8,750 per annum.

Information about superannuation, housing scheme, sabbatical leave, etc., and method of application from the Secretary-General, Association of Commonwealth Universities (Appts.), 36 Gordon Square, London W.C.1.

Applications close on September 30, 1969.

Staff Psychiatrists

The Kingston Psychiatric Hospital, a very active psychiatric hospital with developing programmes in geriatric, adolescent, forensic and retardation psychiatry has positions available for qualified individuals. This hospital is affiliated as a teaching hospital with Queen's University which has a developing Health Sciences Complex and offers opportunities to participate in teaching programmes.

QUALIFICATIONS: Licence to practise medicine in Ontario[,] along with a certificate in psychiatry—R.C.P.S. (Canada) or specialist standing in another jurisdiction acceptable as comparable to this certificate. Salary range from \$20,300 to \$ 23,000 commensurate with training and experience.

Qualified persons are invited to submit résumés as soon as possible to: Superintendent, Kingston Psychiatric Hospital, Box 603, Kingston, Ontario, Canada.

NORTH CANTERBURY HOSPITAL BOARD **CHRISTCHURCH NEW ZEALAND**

WHOLE-TIME **GASTRO-ENTEROLOGIST**

Applications are invited from suitably qualified medical practitioners for this new position, created to develop and co-ordinate the gastroenterological service in the Board's hospitals and to develop and supervise more sophisticated tests used in this specialty.

The Board operates four acute city hospitals besides its other institu-

Applicants should preferably have been qualified for eight years, should possess a higher qualification appropriate to the specialty and have had not less than five years' practical experience in the specialty. Alternatively an applicant should have been qualified for at least fifteen years and have had at least eight years' practical experience in the specialty. Appointment will be governed by the Board's bye-laws and by the Hospital Employment (Medical Officers) Regulations. Applicable salary scale will be \$NZ6,090/8,100 per annum.

Schedule of duties and conditions of appointment obtainable on

Assistance with transport expenses for the appointee and his family is available conditional upon a guarantee of at least two years' service to the Board.

Written applications, giving full details, and supported by names of at least three referees, should be addressed to the Secretary, North Canterbury Hospital Board, Private Bag, Christchurch, New Zealand, with whom applications close on Friday, August 29, 1969.

NEUROPATHOLOGIST

Duties: To conduct the Department Neuropathological Laboratory and supervise the general laboratory services within toyate Park Psychiatric Hospital, a teaching hospital for both Melbourne and Monash Universities. Opportunities for research.

Qualifications: To be a M.C.P.A. or M.C. Path. and/or to have had substantial experience in clinical pathology.

Salary: \$A10,191 (£1 sterling=\$A2.1514). (10117)

NEW PLYMOUTH HOSPITAL New Zealand

PART-TIME RADIOLOGIST

Applications are invited from appropriately qualified medical practitioners for the post of Visiting Radiologist.

This is an additional appointment to the existing establishment to cope with an expanding hospital radiological service in the province of Taranaki. The initial appointment will be for over 17½ hours but not over 21 hours per week (six-tenths) with the right of private practice. The opportunity is available to the successful applicant to join an existing private radiological practice in New Plymouth, the present partners of which are already on the Taranaki Hospital Board's visiting staff.

The salary will be six-tenths of the basic salary scale for specialists (\$N.Z. 6,020-8.100), the commencing rate depending upon length of experience in radiology, and promotion by progressive steps will be automatic. Advancement to a higher grading \$8,500-59,400 will be subject to determination by the grading committee.

Conditions of appointment and further particulars are available from the New Zealand High Commissioner, London. Silcants are expected to complete the official application form, name at least two medical referees and indicate when duties could be commenced.

Applications close on September 2, 1969, with The Secretary. P.O. Box 95, New Plymouth, New Zealand.

NEW PLYMOUTH HOSPITAL New Zealand

PART-TIME PSYCHIATRIST
Applications are invited from Medical Practitioners registrable in New Zealand, with qualifications and experience in psychiatry, for the specialist post of Visiting Psychiatrist at the New Plymouth Hospital, New Zealand. This is a recently established position to serve the hospital needs of the Taranaki Province and the average number of hours per week for an initial part-time appointment will be up to 21 (six-tenths) by mutual arrangement. There is considerable scope for private practice in the province but if any prospective applicant is interested in a whole-time appointment, enquiries will be welcomed.

whole-time appointment, enquiries will be welcomed.

The salary will be six-tenths of the basic salary scale for specialists (\$N.Z. 6.020-8,100), the commencing rate depending upon length of experience in psychiatric medicine, and promotion by progressive steps will be autopromotion by progressive steps will be autopromotion by the grading committee.

Conditions of appointment and further particulars are available from the New Zealand High Commissioner, London, Applicants are expected to complete the official application form, names at least two medical referees and indicate when duties could be commenced.

Applications close on September 2, 1969, with The Secretary, P.O. Box 95, New Plymouth, New Zealand. (10207)
