

Urinary tract infections— **Penbritin** **Territory**

Penbritin is being used increasingly in the treatment of urinary tract infections because it

- kills rather than inhibits the main causative organisms,
- is active in renal tissue as well as in urine,
- has the safety of penicillin,
- offers a choice of presentations.

Penbritin's value in the treatment of urinary tract infection is confirmed by 8 years' published evidence which reveals a success rate of more than 80% in acute infections.

At the recommended dosage of 500 mg. three times a day Penbritin achieves high blood and urine levels and can attack and eradicate pathogens in all parts of the urinary tract. Having the safety of traditional penicillins, it may confidently be prescribed for children, for expectant mothers and even for patients with impaired renal function. Furthermore, Penbritin is available in a complete range of presentations: 500 mg. and 250 mg. capsules, syrups of 125 mg. and 250 mg./5 ml. strengths, 125 mg. paediatric tablets and three strengths of injectable.

Adult Dosage: 500 mg. three times daily.

Contra-indication: Penicillin allergy.

Side-effects: As with other penicillins.

Further information is available on request.

TRICHOMONAL VAGINITIS

single
drug
stops
triple
trouble!

CANDIDAL VAGINITIS

NON SPECIFIC VAGINITIS

Five years of clinical trials with Magmilor, involving more than 6,000 patients with vaginitis, have shown success rates of the order of 90 per cent. The Magmilor Treatment Pack—a *single* drug presented as tablets and pessaries—deals effectively with all three common types of infective vaginitis—giving maximum assurance of a quick response in a condition where it is often difficult to make a clinical distinction as to pathogenesis:

Trichomonal vaginitis The systemic action of Magmilor oral tablets attacks *Trichomonas* in the vaginal walls. The local action of the pessaries eliminates free-swimming Trichomonads from the vaginal lumen, giving quicker and more complete relief than can be obtained with systemic action alone.

Candidal vaginitis The local action of Magmilor pessaries eradicates candidal infection and, in cases of trichomonal infection, prevents the candidal overgrowth which may occur if a trichomonocide only is used.

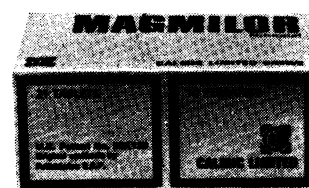

Non-specific vaginitis Magmilor pessaries also provide coverage against the bacteria which are implicated in non-specific vaginal infections—including *Streptococci* and *Coccobacilli*.

No co-prescribing hazards By using only one drug, Magmilor eliminates the potential hazard of drug incompatibility associated with co-prescribing.

R MAGMILOR TREATMENT PACK Xsingle-drug coverage in vaginitis

Magmilor Treatment Pack consists of twenty-one oral tablets (each containing 200 mg nifuratel) and ten pessaries (each containing 250 mg nifuratel).

Full information is available on request.

PRACTICAL PSYCHIATRY

from the **British Medical Journal**

Most doctors who have been qualified for more than ten years received very little training in psychiatry as medical students. Yet psychiatric problems confront all those practising clinical medicine. The articles collected together in this book were written for the *B.M.J.* to give practical advice to general practitioners and others on how to recognize and cope with the more common forms of mental disorder. Many patients are anxious or depressed; when should the doctor try to do something about it? This is the sort of question the authors set out to answer. As far as possible they have avoided the use of psychiatric jargon, and case histories have been used freely to illustrate the points made. Any doctor who feels ignorant about psychological medicine will find here a readable introduction to the practical aspects of clinical psychiatry.

Propaderm relieves skin problems-usually within one week

Propaderm has been shown to be rapidly effective in the treatment of steroid-responsive skin conditions—even in cases which have failed to respond to other topical steroids. What is more, the wide range of Propaderm preparations enables you to choose a treatment to suit each individual case. It's not surprising that more and more doctors are making Propaderm their first choice. In a recent trial 94% of 252 patients

with eczema or psoriasis showed significant improvement after treatment with Propaderm (cream, ointment and ointment with 3% aureomycin BP). Most patients (92.8%) responded in the first week of treatment.

"All three preparations which were tested were found to be superior to previous treatments. No side effects were reported".

Practitioner, (1968) 201, 362

in bronchitis more effective than ampicillin or tetracycline

Compared with ampicillin

In a controlled single-blind trial involving 50 patients with chronic bronchitis SEPTRIN* was shown to be more effective than ampicillin, with reference to reduction of sputum volume and purulence.

Sputum volume reduction

There was a significantly greater reduction in mean sputum volume after treatment with SEPTRIN than after treatment with ampicillin.

Sputum purulence reduction

23 out of 24 cases with purulent sputum receiving SEPTRIN improved (using MRC sputum grading) as compared with 16 cases out of 22 cases with purulent sputum receiving ampicillin who improved in this respect. The success rate for SEPTRIN was significantly higher than for ampicillin.

Clinical improvement

Clinically, 24 out of 25 cases receiving SEPTRIN responded as compared with 19 out of 25 receiving ampicillin.

Reference: Postgrad med J, (1969) 45, Supplement (November) 86

*Trade Mark

Compared with tetracycline

In a trial designed to compare the effect of SEPTRIN with that of tetracycline in the treatment of chronic bronchitis, it was found that a week's course with SEPTRIN was more beneficial than a week's course of tetracycline.

24 patients received SEPTRIN and 22 received tetracycline, and objective data was collected from the two groups at the beginning and at the end of treatment.

Sputum volume

The decrease in mean sputum volume after treatment, as a fraction of the initial measurements, was significantly larger for the SEPTRIN group.

Sputum purulence

Objective grading of reduction in purulence of the sputum showed better results with SEPTRIN than with tetracycline at the end of treatment.

Reference: Postgrad med J, (1969) 45, Supplement, (November) 91.

SEPTRIN Tablets, SEPTRIN Paediatric Suspension and SEPTRIN Paediatric Tablets contain trimethoprim and sulphamethoxazole.

Bio-Medical Engineering Exhibition

OLYMPIA
WEST HALL
LONDON
SEPT 15TH - 18TH
1970

The phenomenal growth of the bio-medical engineering industry can be most effectively seen at Olympia this September. The latest instrumentation and equipment from more than 60 companies throughout the world will be displayed and demonstrated. The Bio-Medical Engineering Exhibition presents a unique opportunity to see all the relevant equipment together under one roof.

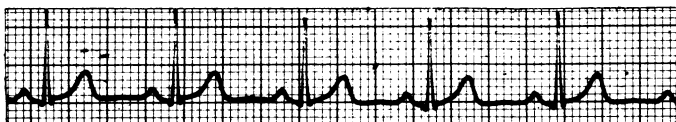

A lecture programme is being arranged by The Biological Engineering Society who will also be organising a series of scientific displays demonstrating the most recent original research.

10.00 to 18.00 hrs Tues. Weds. Thurs.
10.00 to 16.00 hrs Fri.

Sponsored by the publishers of 'Bio-Medical Engineering'.
Admission tickets and full programme available from the organisers:

JUST PUBLISHED

TODAY'S DRUGS

New 1970 Edition

I—Antibiotics

The problem facing the prescribing doctor today is choice. Catalogues of drugs—no matter how detailed—are of little help unless accompanied by advice on which drug to give for what condition. So this new edition of "Today's Drugs" not only gives a full account of the drugs but also includes clear accounts of the management of common conditions such as urinary infections and epilepsy.

The new edition differs from the earlier one in other ways. It deals with only three subjects—infections, vitamin deficiencies and anaemias, and disorders of the nervous system. Further volumes will be published at intervals of about a year, and by the time the whole field of therapeutics has been covered this first volume will have become obsolete and due for replacement. In order to further emphasize the ephemeral nature of books on therapeutics—and to cut costs—the book is a paperback.

Recurrent Urinary Tract Infections

Infections such as cystitis and pyelonephritis have shown a satisfactory clinical response to 'Keflex' in 80% of cases – with bacteriological success in 75%. (In acute infections the clinical success rate rises to 93% with elimination of pathogens in 91%). Bactericidal to the majority of urinary pathogens, 'Keflex' has such remarkably low toxicity that with care it may be given even in the presence of renal impairment.

Bronchitics

British Medical Journal, 22 August, 1970

In bronchitic patients a change of antibiotic therapy is sometimes necessary. Some patients may no longer show a satisfactory clinical response to initial therapy, and other patients may be unable to tolerate certain antibiotics. In problem cases such as these, 'Keflex' becomes a logical choice. Highly effective and bactericidal to the majority of causative pathogens, 'Keflex' has an overall success rate of 91% in bronchitis with elimination of the pathogen in 71% of cases. Gastro-intestinal disturbance and hypersensitivity reactions are rare.

multi-

cephalexin monohydrate

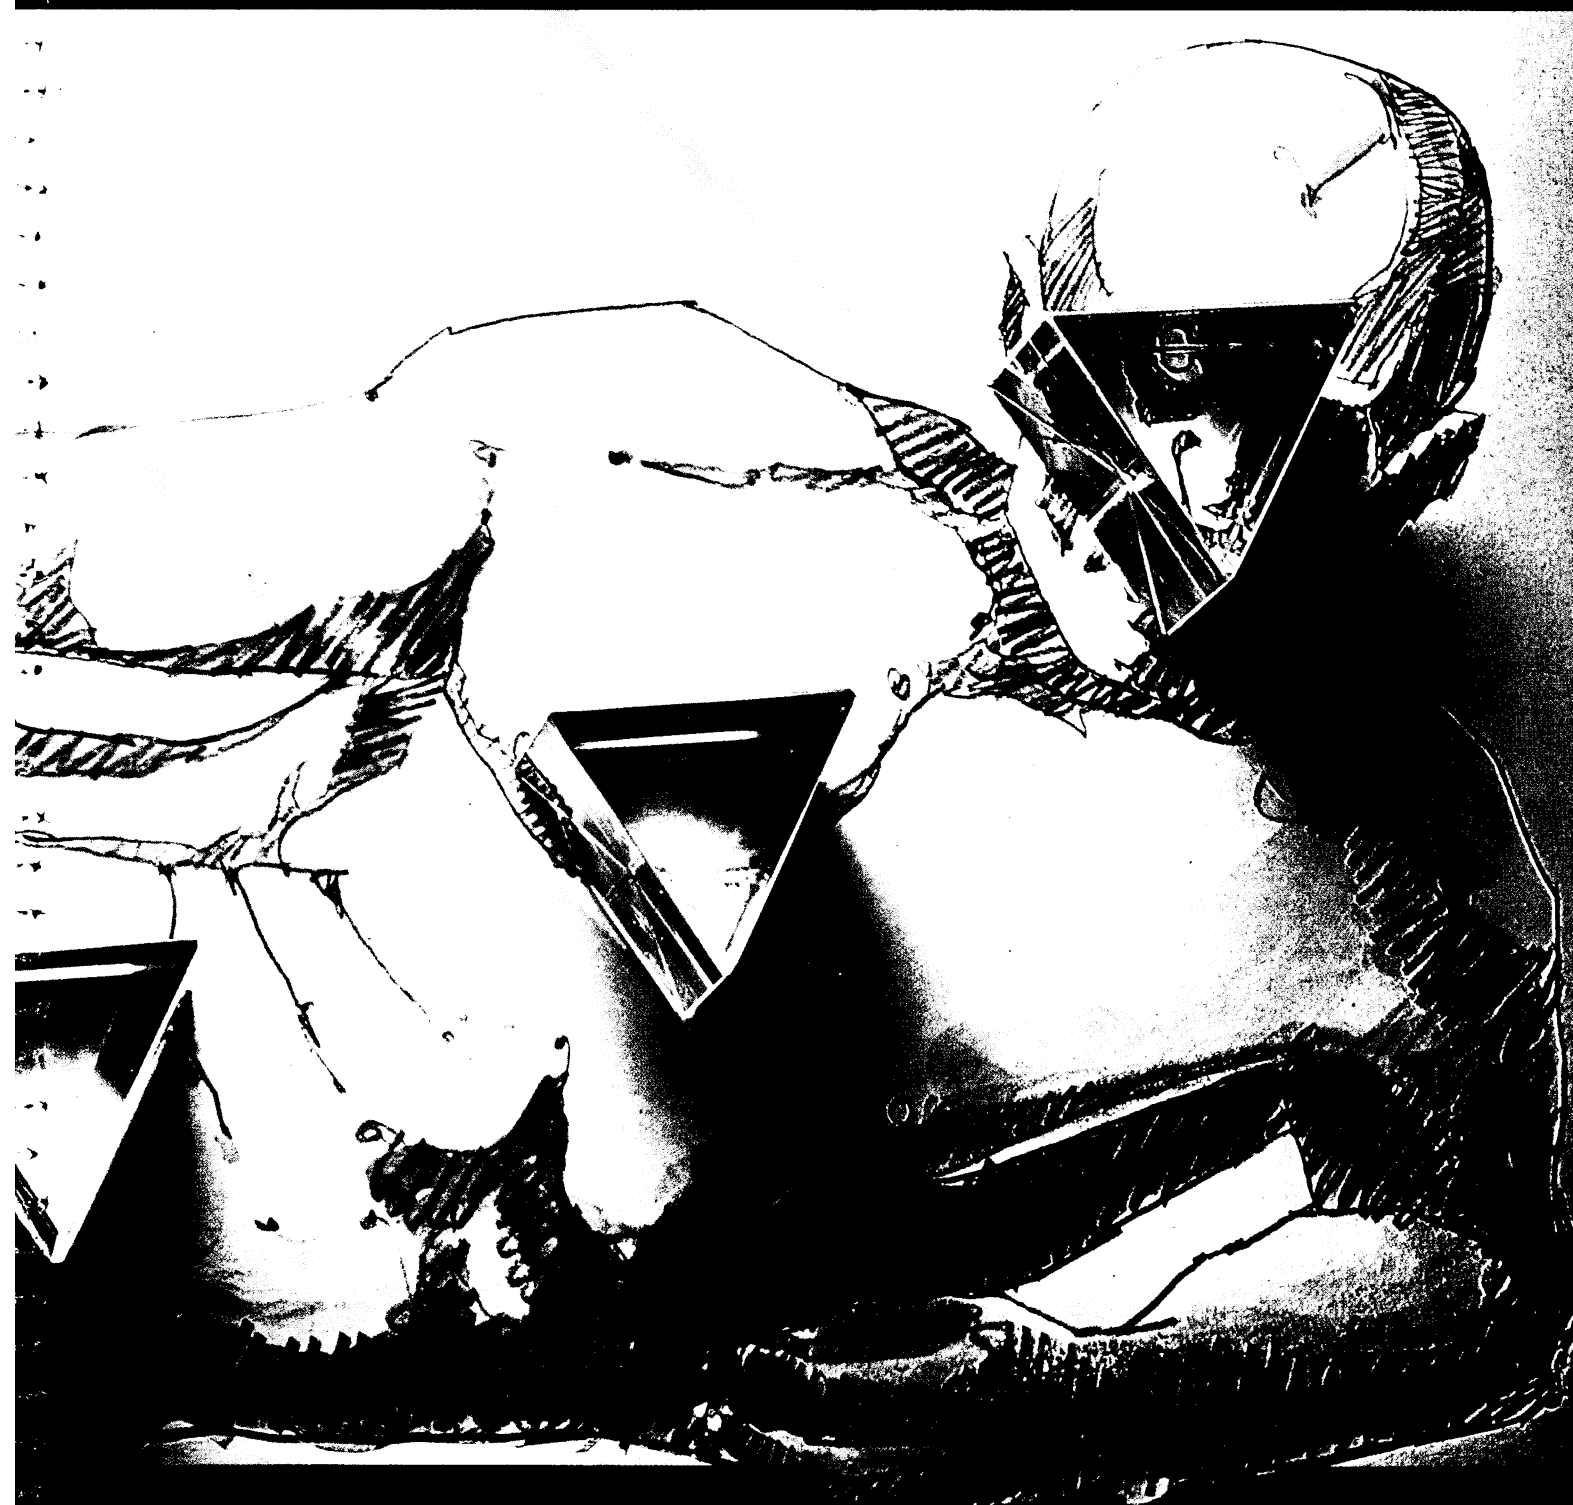

Problem ENT's and soft tissues

'Keflex' has an outstanding combination of properties in such infections—rapid absorption, high rate of effectiveness and unaffected by penicillinase. The overall clinical success rates are 97% in throat and ear infections, and 95% in skin and soft tissue infections. Importantly, 'Keflex' is extremely well tolerated and teeth staining in children has never been reported.

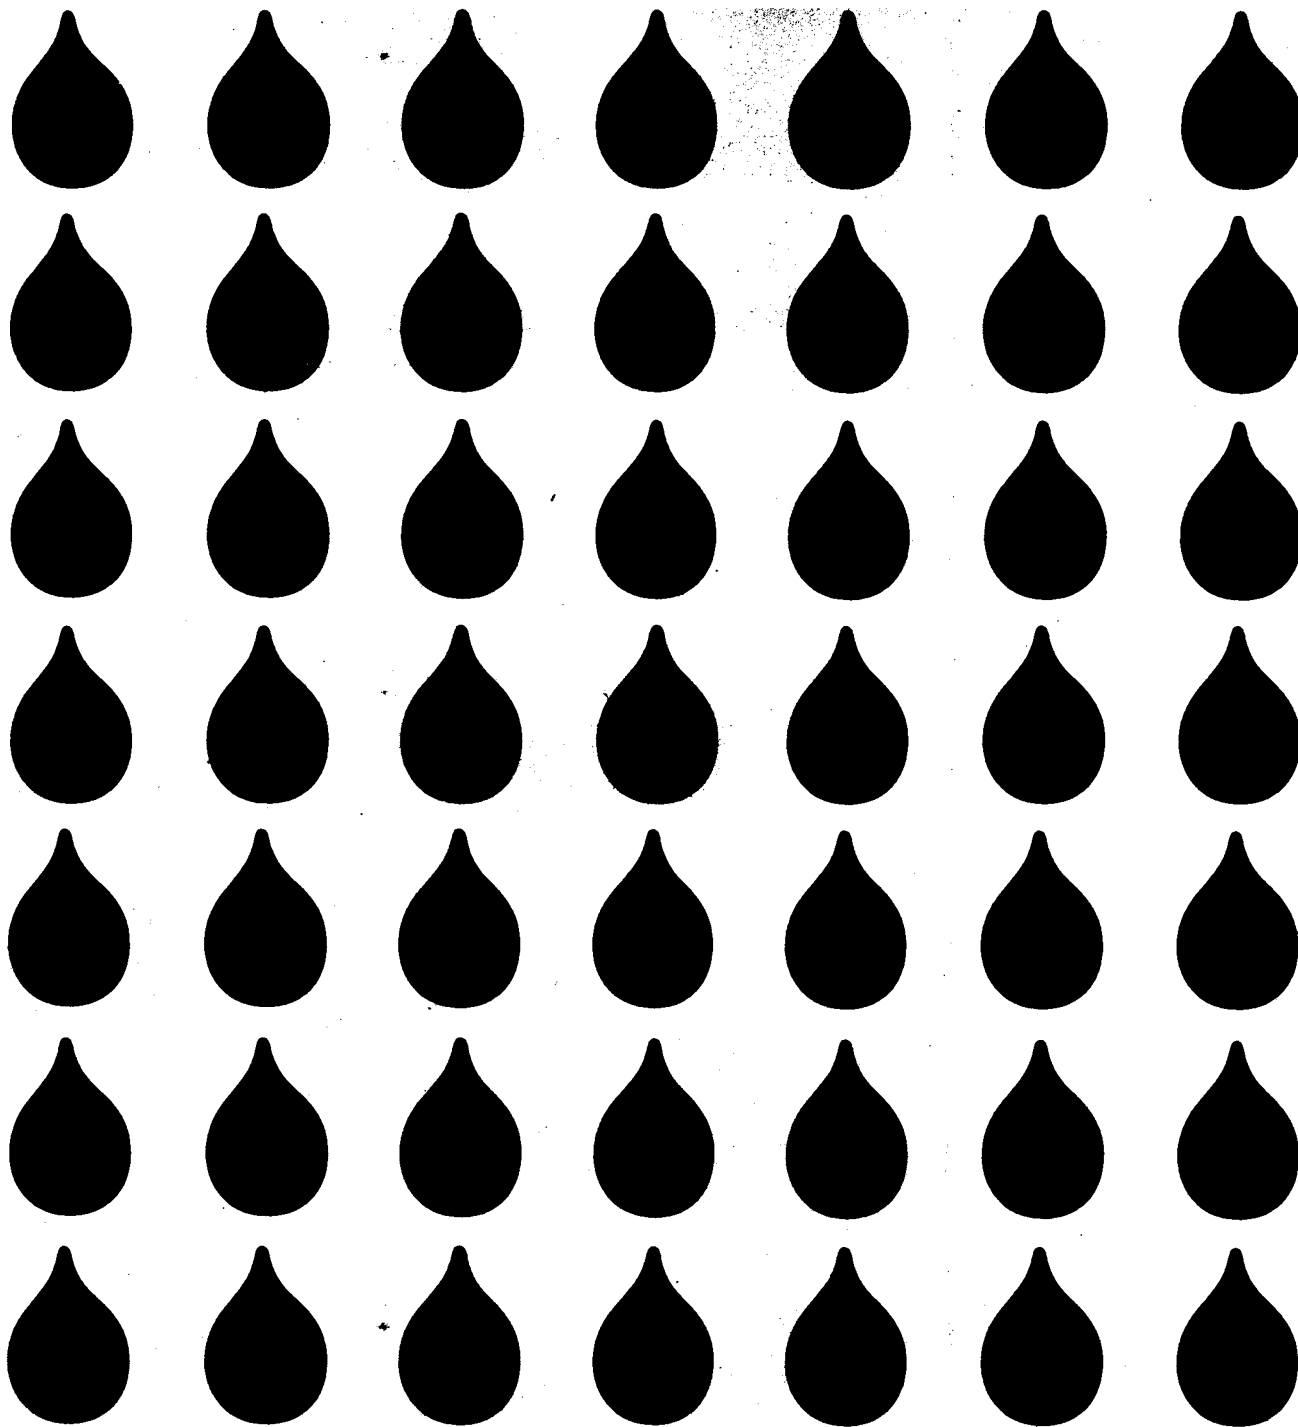

'Keflex' is available in green and white capsules containing 250 mg cephalixin (as the monohydrate), and as a suspension containing 125 mg cephalixin per 5 ml. Further information is available on request.

At a glance. The doctor knows how much the patient has used: the patient is freed from attack—triggering anxiety about how much is left. Instantly visible contents, in a shatter-proof container, P.I.B.® provides immediate and sustained relief from bronchospasm, from precisely metered puffs. Isoprenaline content is low because P.I.B. fully utilises the pronounced enhancement of effect of this agent when it is used in combination with atropine methonitrate.

This enhancement was clearly shown in a trial¹ which compared this mixture with both drugs when used alone. The authors stated: "The combined inhalation of isoprenaline and atropine methonitrate showed substantial advantages over the other drugs."

P.I.B. Plus® may be prescribed when a higher isoprenaline content is required.

from Glaxo

"I'm sorry to get you
out of bed doctor,
but it's his ear again"

Glaxo brief

'I'm sorry to get you
out of bed doctor,
but it's his ear again''

John is five. He had otitis media four weeks ago. And now he has ear-ache again at two o'clock in the morning. That's why Ceporex is being prescribed this time. In ear, nose and throat infections, including otitis media, Ceporex has given a very high clinical success rate. Ceporex kills most of the common pathogens responsible for ENT infections, including penicillin-resistant staphylococci. Ceporex absorption is rapid and virtually complete, giving high serum levels within an hour of administration. And Ceporex penetrates tissues and pus. Ceporex has low toxicity, is well tolerated and can be considered in patients hypersensitive to the penicillins.

Successful treatment starts with Ceporex

**Betnovate Scalp
Application** gets to the
root of scalp dermatoses...
and no messing!

Betnovate Scalp Application has been developed specifically for the treatment of steroid-responsive dermatoses of the scalp such as psoriasis and seborrhoea capitis. It contains, in a slightly gelled alcoholic solution, 0.1% betamethasone as 17-valerate – the most successful topical steroid.

Betnovate Scalp Application is contained in a plastic squeeze bottle with an elongated nozzle. This allows the liquid to be applied directly to the affected area without disturbing the hair. The slightly gelled solution needs no rubbing-in – it spreads itself easily without dripping.¹ Betnovate Scalp Application leaves no odour and no visible residue. The spirituous nature of the liquid allows the preparation to dry off quickly and cleanly, leaving only an invisible layer of Betnovate. This quick-drying action produces a cooling effect on the scalp, accompanied by the rapid relief which Betnovate brings from itching and inflammation.

Iron deficiency? **Fersamal/Fersaday**— a choice of presentations

Fersamal Tablets and Syrup have been specially formulated for treatment of iron deficiency anaemia. Each tablet contains 200 mg anhydrous ferrous fumarate (providing approximately 65 mg ferrous iron). The Syrup (140 mg ferrous fumarate/5 ml) has a pleasant flavour and a uniform suspension ensuring a consistent dosage. Fersaday Tablets provide once-daily iron in a forget-proof pack. The tablets are available in specially designed pop-out packs that identify each tablet with the day of the week. Each Fersaday Tablet contains 304 mg ferrous fumarate BP (equivalent to 100 mg ferrous iron). The low irritancy of ferrous fumarate means Fersaday can be taken in one dose without the risk of gastric upsets.

Predsol the prednisolone compound reported as the best in ulcerative colitis

Ever since the retention enema was established in the management of ulcerative colitis, prednisolone as the 21-phosphate (Predsol) has been accepted as the corticosteroid most suitable for therapy per rectum. Prednisolone-21-phosphate is reported as the corticosteroid of choice because it combines consistent clinical success, minimum effect on electrolyte and hormone balance, and greatest stability in solution.

Unique tablet for the safer management of hypertension— Neo-NaClex-K

Neo-NaClex-K is a unique two-layered tablet for use in all grades of hypertension. The white layer contains 2.5 mg bendrofluazide which lowers the diastolic pressure in mild hypertension by an average of 10 to 15 mm Hg and maintains this fall on a low dosage. In severe hypertension when more potent antihypertensive drugs are used, the addition of Neo-NaClex-K allows the dosage of the other drug to be reduced by up to 50%. This leads to a corresponding reduction of side effects from the more potent drug. The coloured layer of each Neo-NaClex-K tablet contains 630 mg potassium chloride which is normally adequate to replace any potassium loss associated with thiazide therapy.

SURGERY (F.R.C.S.)

A revision course in General Surgery for final F.R.C.S. will be held at the Royal Marsden Hospital, London, S.W.3, on Mondays and Fridays, 8.30 to 8.30 p.m. from August 24 to October 16 (except August 31). Fee £21. Course recognized for study leave.

Further details and application forms from: The Secretary, Fellowship of Postgraduate Medicine, 9 Great James Street, London, W.C.1. Tel. 242 6900. (10632) 2

UNIVERSITY OF EXETER Postgraduate Medical Institute

A full-time postgraduate course lasting 10 weeks will begin on October 7, 1970. These courses are held 3 times a year starting in October, January and April. Each course includes instruction in general medicine, paediatrics, preventive medicine, pathology, psychiatry, orthopaedics and general surgery. The programme is planned so that students wishing to specialise in a particular clinical subject are given facilities to do so, while other students are taught in each of the main clinical departments. Unpaid clinical attachments can be arranged at the end of the course for students requiring a longer period of training, but these are normally reserved for students sponsored by some official body.

It is sometimes possible to accept general practitioners for 1 or 2 weeks of a course, and attendance for this period is recognized under Section 63 of the Health Services and Public Health Act 1968. These courses are also recognized under the special scheme for the re-training for general practice of doctors who have been out of the Health Service for at least 5 years.

The fee for this course will be £40 (£83 for students from outside the United Kingdom).

Further particulars and application forms for these courses are obtainable from the Director, The Postgraduate Medical Institute, The University, Exeter, Devonshire. (19377) 2

THE SOUTH LONDON HOSPITAL
Clapham Common, S.W.4
Tel. No.: 01-673 1221 Ext. 141

PRELIMINARY NOTICE M.R.C.O.G. COURSE

A day release course will be held at this Hospital starting on November 20, 1970 at 9.30 a.m. for five consecutive Fridays, and one Friday in January between the written and oral examinations.

Fee 12 gns.
Lunch will be provided at a further cost of 18s. and this amount should be added to the fee if required.

Apply to the Secretary, Department of Obstetrics and Gynaecology at the above address. (35557) 2

PRACTICES (Executive Council)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council. Mark envelopes "Vacancy."

(RE-ADVERTISEMENT) CLARKSTON, RENFREWSHIRE

Applications are invited for succession at October 1, 1970 to a single-handed practice centred in the Clarkston area of Renfrewshire. Total list, including patients in adjacent areas of Lanarkshire and Glasgow, approximately 2,580. Consulting premises may be available to rent. Further particulars and forms of application may be obtained from The Clerk, Renfrew County Executive Council, 64 Espedair Street, Paisley with whom applications should be lodged by September 2, 1970. (H9823) 3

CORFE CASTLE, DORSET

Applications are invited for a single handed medical practice vacancy in the predominantly rural area of Corfe Castle, Dorset (near Swanage). Combined residence/surgery not available. List of patients 2,062.

Further particulars and application forms may be obtained from the Clerk of the Council, Dorset Executive Council, 4/5 High West Street, Dorchester, Dorset, to whom completed applications should be submitted by not later than Monday, August 31, 1970. (H9834) 3

DERBY

Applications are invited for a vacancy due to resignation. Urban area classified as Designated (no allowance yet payable). List approximately 2,500. Surgery premises may possibly be available on rental.

Applications on Form E.C.16A must reach the undersigned not later than first post Tuesday, September 1, 1970.—A. E. Hodgkinson, Clerk, Derby Executive Council, 118 Osmaston Road, Derby, DE1 2RB. (H9911) 3

HUNTINGDON AND PETERBOROUGH EXECUTIVE COUNCIL PRACTICE VACANCY, PETERBOROUGH

Amalgamated Vacancies

Applications are invited from registered medical practitioners for a practice vacancy arising from the resignation of a single-handed practitioner on October 31, 1970. The practice area is Westwood/Bretton, which is being developed under the New Towns Act, and the number of patients at present totals 2,300.

This advertisement cancels the vacancy already advertised during weeks ending April 18 and 25 and July 10, 1970, as relating to a Type D Initial Practice Allowance, with a list of 700 patients. Both vacancies are now advertised as one ordinary practice vacancy with a list of 3,000 patients (all prescribing).

The successful applicant will be required to start practice as soon as possible after October 31, 1970. The resigning doctor's surgery premises may be available for rent and temporary health centre accommodation is expected to be available in the area later this year.

Further details and Form E.C.16A may be obtained from the Clerk of Huntingdon and Peterborough Executive Council, Long Causeway Chambers, Peterborough. Telephone: Peterborough 68468, and the closing date for receipt of applications is September 4, 1970.

The Type D Initial Practice Allowance position will be advertised in the immediate future. (H9881) 3

NATIONAL HEALTH SERVICE COUNTY OF AYR EXECUTIVE COUNCIL

MEDICAL PRACTICE VACANCY (KILMAURS, KILMARNOCK, AYRSHIRE)

Applications are invited from registered medical practitioners for succession to a practice of approximately 3,100 patients, of whom 2,500 are dispensing patients, which will become vacant on November 1, 1970. Rented surgery accommodation may be available.

Forms of application and further particulars from the Clerk, County of Ayr Executive Council, 55 London Road, Kilmarnock, with whom completed forms should be lodged not later than Thursday, September 3, 1970. (H9916) 3

NATIONAL HEALTH SERVICE ARGYLL AND BUTE EXECUTIVE COUNCIL

Applications are invited from registered medical practitioners to succeed to the practice on the Island of Mull, centred on the village of Salen, where a house recently built, and belonging to the Executive Council, is available. List at July 1, 1970—802.

Applications stating age, qualifications and experience together with the names and addresses of two referees, should be lodged with the undersigned, from whom further particulars of the practice may be obtained, not later than September 5, 1970. E. C. Listington, Clerk Argyll and Bute Executive Council, Queen Street, Dunoon, Argyll. (H9959) 3

WALTHAM-ON-THE-WOLDS LEICESTERSHIRE

Applications are invited for the vacancy at Waltham-on-the-Wolds owing to retirement of present doctor as from January 1, 1971. Intermediate area. List 1,961. Practice accommodation not available. Situated in the heart of the hunting country near the Vale of Belvoir this practice, which is entirely rural, would appeal to a country loving and one interested in horses and hunting.

Application form (E.C.16A) and further particulars may be obtained from the Clerk, Leicestershire and Rutland Executive Council, 100 Regent Road, Leicester, LE1 7PE (Tel. No. 28524). Completed applications must be received within ten days of this advertisement. (H9936) 3

The Personnel Officer,
Tobacco Research Council Laboratories,
Harlow Hill,
HARROGATE, Yorkshire.

(H9937) 14-1

GENERAL INFIRMARY AT LEEDS

Applications are invited for a Research Fellowship in Pathology in the Professorial Surgical Unit. The main objective of the Fellowship would be to conduct a retrospective survey of the extensive pathological material in ulcerative colitis and Crohn's disease held by this Department, but subsidiary prospective studies in relation to these diseases would also be possible. There would be a close liaison with the University Department of Pathology. The appointment would be for eighteen months to two years in the first instance but would be open to renewal for another year. It would be specially suitable for a young pathologist who has just completed his pathological training at senior registrar or equivalent University level. Salary would be adjusted according to the applicant's present status and stipend.

Further particulars can be obtained from Professor J. C. Goligher, University Department of Surgery, The General Infirmary at Leeds, to whom applications, including the names of three referees, should be sent by Tuesday, September 1, 1970. (10484) 14-1

GUY'S HOSPITAL MEDICAL SCHOOL London, S.E.1

Applications are invited for a post of **RESEARCH ASSISTANT** (Registrar status) in the Arthritis Research Unit of Guy's Hospital, for one year from November 1, 1970. The post offers an opportunity for medical graduates who are interested in orthopaedic surgery to engage in research in skeletal biology. Previous experience in experimental techniques is desirable but not essential. Applications to the Dean by September 15, 1970. (10765) 14-1

THE BLAND-SUTTON INSTITUTE The Middlesex Hospital Medical School

ASSISTANT LECTURERS

There will be several vacancies for Assistant Lecturers in the Bland-Sutton Institute on or about December 1, 1970.

These posts are training posts which lead to the primary M.R.C. Path. examination. Successful candidates spend 3 months in the departments of morbid histology and anatomy, microbiology and haematology, and 3 months in chemical pathology in the Courtauld Institute during their first year of training. In the second year they spend 6 months in each of the two departments of the subjects they select for the primary M.R.C. Path. examination. After completing the M.R.C. Path. (primary) there are good opportunities for promotion to temporary lecturer and for training for the final examination of the college. Research is encouraged and adequate opportunities available for preparing for the M.D. degree. Salaries are similar to comparable posts in the N.H.S.

Applications (before September 30) to: The Director, The Bland-Sutton Institute, Middlesex Hospital Medical School, London, W.1., (telephone: 01-636 8333, ext. 390) from whom further information can be obtained. (H9917) 14-1

THE UNIVERSITY OF MANCHESTER:

APPLICANTS ARE ADVISED NOT TO send original testimonials when replying to advertisements. Copies will serve the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

COMMERCIAL APPOINTMENTS (see also p. xix)

COMMERCIAL APPOINTMENTS

Wellcome

Clinical Research

Our Clinical Research Division is responsible for initiating and organising clinical studies of new products in development, including their clinical trials overseas. Owing to the rapid expansion of our overseas interests we are seeking one additional medical practitioner to assist in the planning and administration of clinical investigations in many parts of the world, and the collation of clinical data for overseas registration. This work is interesting from both a scientific and clinical viewpoint. The post will be based at the Group's Headquarters in London, but some travel will be involved.

Previous experience of similar work in the pharmaceutical industry is desirable but not essential, and a higher medical qualification or research experience would be an advantage. Similarly, a knowledge of languages would be helpful.

The preferred age would be 30 to 40. There are excellent conditions of employment, including a generous pension scheme and the use of a company car.

For further particulars and an application form, please write, quoting reference AM.21, to the Senior Personnel Officer,

The Wellcome Foundation Limited,
183 Euston Road, London, N.W.1.

PHARMACEUTICALS DIVISION

PHYSIOLOGIST/
PHARMACOLOGIST

We have a vacancy for a Physiologist/Pharmacologist to join a team, composed of chemists, biochemists and biologists, engaged in research in inflammation and immunopathology. The successful candidate would be responsible for the design and supervision of tests for anti-inflammatory activities, the further development of active compounds and basic research into the mechanisms and control of inflammation. Because we require someone who can initiate and carry out his own ideas previous research experience is essential.

Our modern research laboratories are well equipped and set in a very attractive part of rural North Cheshire, yet with easy access to Manchester.

Conditions of service, career prospects and assistance available to married men in moving home are designed to attract and retain staff of high calibre, and would be discussed at interview.

Applications, giving brief details of age, qualifications and experience should be addressed to:

Mr. P. M. J. Eyre, Personnel Officer,
Imperial Chemical Industries Limited,
Pharmaceuticals Division,
Mereside, Alderley Park,
Maccles, Cheshire, SK10 4TG

Applications, giving details of qualifications, experience etc., and naming two referees should be sent to Hospital Secretary immediately. (H9827) 20-3

COMMERCIAL APPOINTMENTS (see also p. xviii)

Director of
Clinical Investigation
South Coast

Applications are invited for the post of Director of Clinical Investigation within the Medical Division of William R. Warner & Company Limited.

The man we are looking for will be medically qualified, aged 35+, and with a wide general background in clinical medicine. Previous experience in industry would be an asset but equally important is the ability to work closely with doctors at all levels in the profession and to show an enthusiastic and enquiring interest in new product development and evaluation.

The Director of Clinical Investigation is responsible to the Medical Director for the design, control and evaluation of clinical trials of existing and new products, and he is expected to work closely with the Marketing Division.

The post is based at Eastleigh but the Director is required to travel extensively within the U.K., and sometimes abroad.

The Company has diversified interests and international associations which offer prospects for real career advancement. Fringe benefits include Company car and free pension and life assurance. Reasonable relocation expenses will be met.

Salary: Negotiable around £5,000.

Please reply to:

Mr. M. J. Witcher,
Personnel Director,
William R. Warner & Company Limited,
Eastleigh, Hampshire.

Applications should be sent at once if no closing date is given. Canvassing disqualifies (Statutory Instrument, 1969, No. 163).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Twelfth Report of the Review Body, new salary scales have been approved. These came into force on April 1, 1970. The scales are set out below: **HOUSE OFFICER.** Each post in this grade shall be tenable for six months. £1,626 per annum for the posts held during the first year; £1,755 per annum for posts held during the second year; £1,884 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £165 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,040 per annum in the first year; £2,184 per annum in the second year; £2,328 per annum in the third or subsequent years. Deductions of £195 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,328 per annum × £144(3) × £126(1) = £2,886. Deductions of £195 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £183 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £2,760 per annum × £126(1) × £174(1) × £177(1) × £174(1) × £177(1) = £3,588.

Deductions of £250 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £2,415 per annum × £138(1) × £150(3) × £138(10) = £4,383.

Deductions of £250 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £3,990 per annum × £231(9) = £6,069.

Deductions of £390 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters may be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association. (June 1970)

Medical Officer/ Physician

£5,000 p.a.

Mufulira, which is one of the four mines on the Copperbelt of Zambia managed by RST and owned in partnership with the Zambian Government, invites applications for the above post from medical practitioners with adequate experience and a higher qualification in medicine, notably membership.

The Company provides a comprehensive health service for its employees and dependants which number approximately 55,000 local and 3,000 expatriate personnel. The curative medical services centre round two well equipped hospitals totalling 460 beds. The present establishment of medical officers is 13, including those with higher qualifications. An additional medical officer is now required who will serve primarily as consultant physician. In common with the other medical officers employed, duties will include a certain amount of general medical work which in this instance will be minimal. In addition, a limited amount of student nurse teaching will be involved, associated with a training school for registered nurses which has recently been established at the larger hospital.

Employment will be on a two or four year's contract renewable by agreement. Starting salary will depend on experience and qualifications but total annual emoluments will not be less than the equivalent of £5,000. Leave will accrue at 55 days per annum and a car is provided for professional use.

Additional benefits include ■ paid return passages and, in the case of a 4 year contract, mid contract leave passages for applicant and family ■ baggage allowance ■ furnished house at sub-economic rental ■ free life assurance ■ children's education allowance up to the equivalent of £500 per child with two holiday fares per annum.

At 4,000 ft a.s.l. the Copperbelt enjoys an ideal climate with sunshine all year round. Excellent facilities exist for practically all sports and leisure activities including television.

All applications will be treated in strictest confidence.

UNIVERSITY OF WESTERN AUSTRALIA CHAIR OF PATHOLOGY

Applications are invited for appointment to the Chair of Pathology which will become vacant at the end of 1971 when the foundation occupant (Professor R. E. J. ten Seldam) retires. As major developments affecting the Department are being planned, it has been decided that a replacement should be appointed now. Initially, the successful applicant will devote his attention to forward planning (curriculum, building, equipment, etc.). Professor ten Seldam will remain responsible for the overall administration of the Department until he retires, when the new appointee will automatically become Head of the Department.

The salary of the Professor will be \$A14,400 p.a. plus a differential (currently \$A900 p.a. but under review) for clinical responsibilities. Benefits include superannuation similar to F.S.S.U., fares to Perth for appointee and dependent family, removal allowance, study leave, subsidized temporary accommodation and housing loan scheme.

The existing academic staff of the Department comprises 1 Professor, 3 Readers, 2 Lecturers and a Medical Teaching Fellow. In addition, the Professor of Clinical Biochemistry is attached administratively to the Department.

Further detailed information including conditions of appointment and method of application is available from the Registrar, University of Western Australia, Nedlands, Western Australia, 6009, or from the Secretary-General, Association of Commonwealth Universities (Appts), 36 Gordon Square, London, WC1H 0PF.

Applications close on **October 3, 1970.**

(10789) 61-1

61-1

Wellcome

MEDICAL ADVISER For Scandinavia and the Netherlands

The Wellcome Foundation Limited, London, an expanding pharmaceutical organisation of international repute, is to appoint a medical adviser for Scandinavia and the Netherlands. He will be based in Amsterdam, Stockholm or London, but will travel extensively in the countries concerned to arrange clinical trials of our products and to establish good personal contacts with the medical profession and important hospitals. Duties will also include the preparation of data for drug registration purposes and the provision of medical information on our products. He will be responsible to the Medical Adviser for Europe, who is London based and will liaise with the company's offices in Stockholm and Amsterdam. This is an important post with ample scope for initiative.

Candidates should have had appropriate post graduate experience, not necessarily in the pharmaceutical industry, and should preferably be fluent in one or more of the Scandinavian languages.

Salary will be related to qualifications and experience, and attractive conditions of service will apply, including good pension arrangements.

Please write, quoting reference AM.22, to the Senior Personnel Officer, Group Personnel Division, **The Wellcome Foundation Limited**, The Wellcome Building, Euston Road, London, N.W.1.

MEDICAL OFFICER

for Rubber Estate Project in Nigeria

THE COMMONWEALTH DEVELOPMENT CORPORATION, which is a commercially organised statutory body concerned with the promotion and management of a wide range of economic projects in the developing areas of the world, now urgently requires to appoint a Medical Officer for an extensive rubber estate project in the South-East State of Nigeria which is currently in the process of rehabilitation.

The Medical Officer's responsibilities will include control of the estate hospital (which provides accommodation for 53 beds, an X-ray Department and an operating theatre), together with the supervision of eight village dispensaries. The hospital premises are now being overhauled and complete re-equipment will be necessary. It is envisaged that the estate's labour force will eventually reach a level of 2,500 and the resulting total population under the care of the Medical Officer will probably be in the region of 10,000.

Applicants must be appropriately qualified and have general surgery and maternity experience. Previous overseas experience, particularly in a developing country, would be desirable but not absolutely essential.

Salary will be subject to negotiation. Other benefits include good overseas allowances, pension fund with life cover, regular home leave, generous family passages, valuable education grants for children, furnished accommodation at nominal rental.

Applicants should write to Head of Personnel, Commonwealth Development Corporation, 33 Hill Street, London, W1A 3AR, quoting Serial No. 1550. (35402) 61-1

SENTRALSKEHUSET I TROMSO
Norway

CONSULTANT OTOLARYNGOLOGIST

Applications are invited from suitably qualified practitioners for the above post.

The otolaryngology department has 35 beds and serves the two northernmost counties in Norway. The department head is a British graduate. The hospital has 500 beds with most of the major and minor specialties represented. It is in a stage of active expansion and will in two years time become a teaching hospital associated with the new University of Tromsø. Salary is the equivalent of £3,700 per annum with ample opportunity for private practice. The hospital provides furnished/unfurnished accommodation.

Further information may be obtained from the Medical Superintendent.

Applications with the names of three referees should be sent to the Medical Superintendent, Sentralskehuset i Tromsø, 9012 Tromsø, Norway. (H9894) 61-1

THE ENGLEWOOD HOSPITAL
Englewood, N.J.

Rotating internships are offered starting January, 1971 at a salary of \$8,220 annually including food allowance. Living quarters are provided for single and married interns.

Englewood Hospital is a 475-bed community hospital, ten minutes from New York City, offering a detailed programme of bedside rounds, clinical conferences and lectures.

E.C.F.M.G. certification is required. Advancement is possible through subsequent A.M.A. approved three year residency programme in internal medicine, and four year programmes in surgery and pathology; all residencies satisfy requirements for respective specialty board certification.

Interested applicants please contact Carl Wierum, M.D., Director of Medical Education, Englewood Hospital, Englewood, New Jersey 07631. (H9536) 61-1

THE FACULTY OF MEDICINE
UNIVERSITY OF BRITISH COLUMBIA
Vancouver, B.C., Canada.

is seeking a Professor and Head for the Department of Psychiatry. The appointee will be responsible for the supervision of, and active participation in, undergraduate and postgraduate teaching of medical and paramedical personnel, psychiatric and neuropsychiatric research, the provision of University psychiatric unit, and the coordination of the academic programme in patient-care services in a new 60-bed affiliated hospital. Salary will be according to qualifications and experience.

Applications accompanied by detailed curriculum vitae and the names of three persons for reference will be received by Dean J. F. McCreary, Faculty of Medicine, University of British Columbia, Vancouver 8, B.C., until October 31, 1970. (H9958) 61-1

THE UNIVERSITY OF ADELAIDE

invites applications for appointment as a LECTURER OR SENIOR LECTURER IN MENTAL HEALTH

Candidates should have appropriate qualifications and experience and should have shown evidence of interest and capability in research. Major research interests in the Department are in psychosomatic medicine.

SALARY SCALES: Lecturer—\$A6318-354(1)-348(6)-8760; Senior Lecturer—\$A9000-300(5)-10,500, with superannuation on the F.S.S.U. basis; plus special allowance in respect of medical qualifications registrable in South Australia at the rate of \$A480 (Lecturer) or \$A900 (Senior Lecturer) a year.

FURTHER INFORMATION, including list of particulars required in an application, is available from the Registrar of the University or from the Secretary-General, Association of Commonwealth Universities (appts.), 36 Gordon Square, London, WC1H 0PF.

APPLICATIONS should reach the Registrar not later than September 21st, 1970. (10733) 61-1

CANADA

Applications are invited to fill the undermentioned eight positions shortly to be made available in one of the largest multi-specialty private medical groups in western Canada.

- 1) CONSULTANT UROLOGIST
- 2) CONSULTANT PAEDIATRICIAN
- 3) CONSULTANT OTOLARYNGOLOGIST
- 4) CONSULTANT OPHTHALMOLOGIST
- 5) CONSULTANT DERMATOLOGIST
- 6) CONSULTANT GYNAECOLOGIST

Excellent opportunities exist to develop own consultant practices with complete diagnostic facilities within the Clinic Building, and the minimum requirement for these positions is eligibility to sit the examinations of the Royal College of Physicians & Surgeons of Canada.

7) TWO FAMILY PRACTITIONERS

Both must be British trained and under 45 years of age, and each will be required to develop his own practice within the group.

Satisfactory starting incomes will be arranged for all positions based on training, experience and qualifications, with pension, life and disability insurance and generous leave benefits. Partnership possibilities become available after one year to provide greatly increased income potential.

Applications or enquiries should be addressed to: The Medical Coordinator, c/o Mr. W. C. A. Knights, 28 Chester Street, London S.W.1. (01-235 1871). (10802) 61-1

CANADA—THE ONTARIO CANCER INSTITUTE RESIDENT TRAINING IN THERAPEUTIC RADIOLOGY

The Ontario Cancer Institute incorporating The Princess Margaret Hospital offers a two year Diploma Course which combines clinical work on the wards and in the Out-patient Department of the hospital, and didactic courses in Anatomy, Nuclear Medicine, Pathology, Physics, Radiobiology, and Radiotherapy. This course leads to the Diploma in Medical Radiology (Therapeutic) from the University of Toronto, and is accredited by the Faculty of Radiologists in London. The hospital is recognized by the Royal College of Physicians and Surgeons of Canada, and the American Board of Radiology, for complete training in Radiotherapy over a period of three years. In addition it is accredited for Internal Medicine and Anatomic Pathology for a period of one year, and for six months in Diagnostic Radiology.

The Princess Margaret Hospital provided complete facilities for cancer research, diagnosis and treatment, exclusive of major surgery. Over 3800 new patients are seen annually; there are 175 active treatment beds, and facilities include six Cobalt Units, two Caesium Units and a Betatron. Salaries range from \$7,600 to \$10,300 per annum.

Applications are invited for the year beginning July, 1971. For further details enquiries should be addressed to:

The Chairman, Intern Committee,
THE PRINCESS MARGARET HOSPITAL,
500 Sherbourne Street, Toronto 284 Ontario, Canada.

NURSING HOMES

NORTHUMBERLAND HOUSE N3 1NG 01-346 5283

A psychiatric nursing home. Elderly patients accepted. Moderate terms. Apply Resident Physician. 67-13

**ST. ANDREW'S HOSPITAL
NORTHAMPTON**

Medical Director: James Harper M.B., F.R.C.P. (Edin.), D.P.M. St. Andrew's Hospital is a private psychiatric hospital situated in 130 acres of parkland in the county town of Northampton. In general, patients are admitted to Wantage House, a reception unit in the grounds, which is equipped for the investigation and treatment of all forms of mental and nervous illness. In addition, there is accommodation mainly in private villas, both in the main hospital and in various villas, for longer-stay patients and geriatric patients. The hospital's amenities include Gloucester House, which comprises an Occupational Therapy department, a swimming pool, a squash court and library, while in the grounds there are tennis courts, a nine-hole golf course, etc.

Fees range from £31 10s. per week, and subscribers to private medical insurance schemes, such as British United Provident Association and Private Patients Plan, may claim benefit in respect of these charges.

Further particulars may be obtained from the Medical Director, St. Andrew's Hospital, Northampton (Tel. Northampton 34354), who can be seen in consultation by appointment, either at the hospital or at 55 Harley Street, London, W.1. 67-13

Fucidin[®] Ointment

the first topical antibiotic proved
to penetrate intact skin¹

now proved to have
the most
effective penetration²

A new comparative study of the penetration through intact skin of erythromycin, ampicillin, penicillin G, tetracycline, showed that . . . *none of those tested penetrated as well as had been shown previously for sodium fusidate.*²

Fucidin[®] Ointment—the logical topical antibiotic

penetration · clinical effectiveness · freedom from unwanted side effects

Fucidin Ointment—2% sodium fusidate B.P. in a neutral ointment base; in the treatment of boils and carbuncles use Fucidin Ointment alone, or where indicated in combination with a systemic antibiotic and/or surgery.

1. Paper read to the British Dermatological Association Meeting, Aberdeen, July, 1968.

2. *Brit. J. Dermat.*, (1969) **81**; Suppl. 4, 88

a study in penetration

simulated section
through boil and
surrounding
skin tissues
showing penetration
deep, to the
site of infection
