six good reasons for prescribing **Bactrim* Roche** for urinary tract infections

*Staphylococcus
pyogenes*

E.coli

Proteus spp.

Urinary Infections respond outstandingly well to Bactrim Roche, a combination of trimethoprim and a sulphonamide. One such combination was used prophylactically in 25 cases of chronic bacteriuria where the usual treatment (ampicillin, tetracycline or nitrofurantoin) had failed. Although the dose used was very much below the level normally recommended¹ the treatment controlled 22 (88 per cent) of the group for periods of 6 to 36 months.¹

The combination used in Bactrim Roche (trimethoprim/sulphamethoxazole) achieved a cure rate of 85 per cent one week after treatment ended and 67 per cent after four to five weeks, compared with 70 per cent and 52 per cent for

ampicillin and nitrofurantoin.

Saluric®

**Discovered by MSD
—the first
and now standard
thiazide
diuretic**

Introduced in 1958, 'Saluric' (chlorothiazide MSD) was the first of the thiazides, and still today is unsurpassed in effectiveness and safety by the thiazides which have followed.

'Saluric' is often used as a standard reference drug by which other oral diuretics are measured. The documentation of course is vast.

'Saluric' is indicated in all types of oedema, including that which accompanies the premenstrual syndrome. In addition, 'Saluric' has an antihypertensive action and also potentiates the effect of other antihypertensive agents.

Each tablet of 'Saluric' contains 500 mg chlorothiazide MSD. Detailed information is available to physicians on request.

Roche Medical Information Service | **Larodopa**

INVESTIGATIONS CONTINUE

The remarkable breakthrough in the treatment of Parkinsonism, centred around the use of L-Dopa, has prompted a substantial number of trials and investigations, almost all within the last eighteen months. The very large amount of evidence accumulating in favour of L-Dopa can only be assessed by constant and comprehensive monitoring of the clinical work being carried out currently throughout the world. Surveying and reviewing much of this work is one of the major tasks undertaken by the Roche Medical Information Service in support of Larodopa*, Roche's own brand of L-Dopa.

In these early days of discovery, doctors with Parkinsonian patients will be anxious to know the experience of their colleagues and investigators on questions of dosage, side-effects etc. The third Roche Larodopa Review is being mailed to General Practitioners and Specialists at this time and this latest summary brings the series of reviews up-to-date with the latest available results. IF YOU ARE NOT RECEIVING THESE REVIEWS, OR IF YOU HAVE ANY QUERY ABOUT LARODOPA AND THE TREATMENT OF PARKINSONISM, WRITE TO THE ROCHE MEDICAL INFORMATION SERVICE/ LARODOPA, 15 MANCHESTER SQUARE, LONDON W1M 6AP, OR CALL 01-935 5566.

* Larodopa is the trade mark for Roche preparations containing 3-(3,4-Dihydroxyphenyl)-alanine.

Roche Medical Information Service | **Larodopa**

Although the work of collecting evidence continues unabated, early signs are undoubtedly encouraging. A recent study of the management of Parkinsonism¹ concludes that "it is probable that L-Dopa offers the best treatment available at present for most patients with Parkinsonism".

Treatment with L-Dopa creates many side-effects, but close control of dosage appears to reduce the problem to acceptable proportions. New evidence and experience about dosage, side-effects, cause and management emerges every week which emphasizes the importance of the regular and comprehensive Roche reviews, and the expert technical backing behind Larodopa.

Since Larodopa treatment is so new and changes in the field are being made so rapidly it is difficult to predict even the immediate future, but the same study summarizes its conclusions¹ by saying that "L-Dopa offers effective treatment for Parkinsonism and is particularly beneficial for the disabling, akinetic aspects thereof". In the meantime the use of Larodopa will be supported by the most fully informed advisory service of its kind.

...for private nursing homes

More and more doctors nowadays realise BUPA is much more than Britain's largest provident association—providing private medical insurance for 1½-million people. Through Nuffield Nursing Homes Trust, for example, BUPA has added 17 modern surgical nursing homes to this country's facilities for private treatment. This means 550 new beds, fully-equipped operating theatres, X-ray departments, etc. BUPA also runs a multi-phasic screening centre, automated pathology laboratory, and a nursing agency. Say 'BUPA' and you say a lot about good **BUPA** medicine in modern Britain.

B.M.J. Publications

JUST PUBLISHED **Today's Drugs**

New 1970 Edition

The problem facing the prescribing doctor today is choice. Catalogues of drugs—no matter how detailed—are of little help unless accompanied by advice on which drug to give for what condition. So this new edition of "Today's Drugs" not only gives a full account of the drugs but also includes clear accounts of the management of common conditions such as urinary infections and epilepsy.

The new edition differs from the earlier one in other ways. It deals with only three subjects—infections, vitamin deficiencies and anaemias, and disorders of the nervous system. Further volumes will be published at intervals of about a year, and by the time the whole field of therapeutics has been covered this first volume will have become obsolete and due for replacement. In order to further emphasize the ephemeral nature of books on therapeutics—and to cut costs—the book is a paperback.

PRICE 20s. (U.S.A. \$3.00) *including postage*

Road Accidents and the Family Doctor

Road accidents are now acknowledged to be one of the major epidemics of our time. It has been estimated that many accident deaths could be saved by skilled treatment at the site of the accident, and recently doctors in Britain and abroad have been playing an increasingly active part in this. This booklet, which reprints a series of articles which appeared in the *B.M.J.* last autumn, contains contributions on organization and medical equipment, the management of soft-tissue injuries, resuscitation, fractures of the spine, and extrication of persons trapped in a vehicle. The introduction is written by Mr. Norman Capener, Chairman of the Medical Commission on Accident Prevention.

Why disrupt the flu virus?

So it won't disrupt your patient.

WELLCOME* Flu Vaccine is prepared by a special 'split virus' technique in which the killed virus is disrupted by chemical action to dissolve the outer coating of the virus and release the active immunizing principles as sub-unit particles. The splitting of the virus by this treatment produces a vaccine which is less reactogenic than the older, conventional vaccines but which retains its immunizing properties in full.

WELLCOME Flu Vaccine provides effective protection against the current strains of influenza virus—A2/Hong-Kong/68 and the current B strains. For your

vaccination programme, WELLCOME Flu Vaccine means worthwhile protection with fewer reactions.

International conference confirms success of Ceporex in general practice

... "cephalexin is highly effective in most of the infections seen in general practice. Cephalixin was well tolerated ... and reactions such as rashes, pruritus and vulvo-vaginitis occurred in less than 2% of the patients treated."

Twenty papers on the use of cephalexin (Ceporex) were presented at the International Conference on Cephalosporins* at Brighton in June. Treatment of 2,000 patients with a wide variety of infections, in hospital and general practice, emphasised the effectiveness of this new oral cephalosporin.

One report described the use of Ceporex in a multi-centre trial in general practice. 341 infections, including ENT, skin and soft tissue, respiratory and urinary tract, were treated. Over-all success rate was 91%. Side effects were minimal.

This autumn you can confirm the effectiveness of the wide activity of Ceporex in the treatment of pneumonia, broncho-pneumonia, bronchitis, and other moderate and severe infections of the respiratory tract in patients of all ages. Ceporex is well tolerated, and can be considered for patients hypersensitive to the penicillins. It is available in a range of six presentations – 250 mg and 500 mg capsules, pleasant syrups, and small identified film-coated tablets.

* (A full report of the papers presented at the International Conference on Cephalosporins – organised jointly by the Fellowship of Postgraduate Medicine and Glaxo – appears as the October Supplement to the Postgraduate Medical Journal.)

Do most of your elderly patients admit to urinary frequency?

(They should:
most of them
have it)¹

The very next elderly patient you will see probably needs Cetiprin to control urinary frequency. In a recent investigation reported in 'The Practitioner', the drug produced a 'good' or 'excellent' response in over 75% of the patients³. The consequent improvement in the patient's *general health* following treatment with Cetiprin is obvious, as will be the saving of your precious time. Imperfect bladder control is a troublesome problem in general practice, leading in many patients to anxiety, depression and loss of sleep³. Perhaps this is one of the prime reasons for the statement made in 'The

Regrettably, the lack of socially acceptable words for the excretory functions makes communication between patient and doctor difficult².

Biocrats', by Gerald Leach (pub. Jonathan Cape Ltd, London, 1970, p. 285) that '... old people on average need medical treatment twice as frequently, with each treatment lasting twice as long, as do the rest of the population'.

Cetiprin (emepronium bromide); Ethyl (3,3-diphenyl-1-methylpropyl) dimethylammonium bromide.

from asthmatic attack

British Medical Journal, 26 September, 1970

The unique mode of action of disodium cromoglycate offers the asthmatic patient outstanding benefits. A prophylactic treatment, it prevents the onset of asthmatic episodes - thus minimising long-term damage to lung tissue. Freedom from asthma attacks permits a happier, more normal life for the asthmatic patient.

Published clinical reports^{1,22} confirm that with INTAL COMPOUND, the incidence and severity of acute attacks is considerably reduced - even in patients on conventional therapy such as bronchodilators, antihistamines and corticosteroids. Less time is lost from work or school,

exercise tolerance is improved and a consistent clinical comment on disodium cromoglycate has been the total absence of serious side effects.

INTAL COMPOUND - supplied in SPINCAPS (each containing 20 mg disodium cromoglycate, and 0.1 mg Isoprenaline Sulphate BP in powder form, together with an inert carrier). For use in a special insufflator - SPINHALER.

there's more to hypertension than meets the eye

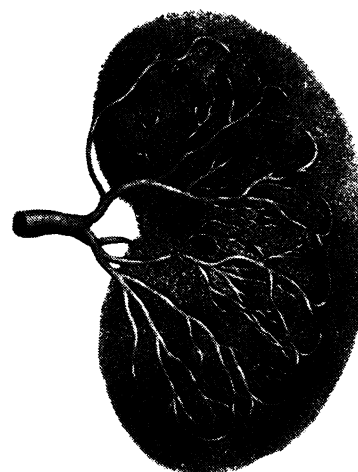

'All raised arterial pressure of any degree will damage the kidney inevitably, and the longer the hypertension persists, the more damage occurs.'

Practitioner, 1964, 193, 14 (Jul)

The damage caused by hypertension is evidenced by the illustrations of corrosion specimens of (left) a kidney in a case of hypertension, and (right) a normal kidney.

Drawings by courtesy of Paul Peck.

treat earlier with 'Aldomet'

to help preserve renal function while lowering blood pressure

'Aldomet' is supplied as tablets marked 'MSD 401' containing 250 mg methyldopa MSD and, for emergency use, as an injection. Detailed information is available to physicians on request.
'Aldomet' is a registered trademark.

Merck Sharp & Dohme Limited, Hoddesdon, Hertfordshire Telephone, Hoddesdon 67123

Halt at the flashing light

Flashing lights and visual disturbances, classically early warnings of migraine, are signals for arresting all manifestations of an attack—at onset.

MIGRIL* acts in the minutes between initial warning and the otherwise inevitable full-blown attack. As well as containing an effective dose of ergotamine (2mg in each tablet), enhanced by caffeine, MIGRIL contains the anti-emetic, cyclizine. Nausea and vomiting, due to migraine itself or to ergotamine, are very effectively relieved.

MIGRIL, taken at the first warning of an attack, provides a specific treatment that the patient will learn to rely on. Full information is available on request.

NOTICE ANYTHING STRANGE ABOUT THE WAY WE WRITE OUR NAME?

That strange looking T in the middle of our name isn't an accident. It's an Ankh—an ancient symbol which was believed to have a mysterious power over disease.

It has been our company emblem for the last ten years and now we have incorporated it into our new namestyle.

We think it particularly appropriate for, in our own way, we too have a power over disease.

There's nothing mysterious about it though. It's the power of science, the power of unrelenting research and the power of modern manufacturing technology that we bring to bear on the problems of disease.

This is what we'd like you to think of every time you see our new namestyle.

And we hope you'll be seeing a lot of it in future.

The dietary treatment of metabolic disorders

Automatic Amino Acid Analyser
by kind permission of
Technicon Instruments Co. Ltd.

The dietary treatment of metabolic disorders in infancy and allied conditions is aided by Trufood's extensive range of readily available synthetic and modified foods. Nearly 50 years' specialised experience of making foods for babies, combined with continuous and intensive research into their preparation, has enabled us to provide such trusted products as:

Minafen—
for the dietary treatment of phenylketonuria

HF (2)—
for the dietary treatment of histidinaemia

LPT (1) and LPTM (2)
for the dietary treatment of tyrosinosis

Galactomin No. 17—
for the dietary treatment of galactosaemia and lactose intolerance—No. 18 with reduced fat—No. 19 with fructose as the sole carbohydrate.

MCT (1)
for the dietary treatment of certain fat malabsorptions.

Edosol—
for low sodium diets

Locasol—
for the dietary treatment of hypercalcaemia

Himaizol—
for the dietary treatment of hypercholesterolaemia
And—for normal babies—**TRUFOOD** baby milk.

We will be pleased to share our skill and knowledge with you if you have any problems involving special diets, especially if they are for babies.

At a glance. The doctor knows how much the patient has used: the patient is freed from attack—triggering anxiety about how much is left. Instantly visible contents, in a shatter-proof container, P.I.B.® provides immediate and sustained relief from bronchospasm, from precisely metered puffs. Isoprenaline content is low because P.I.B. fully utilises the pronounced enhancement of effect of this agent when it is used in combination with atropine methonitrate.

This enhancement was clearly shown in a trial¹ which compared this mixture with both drugs when used alone. The authors stated: "The combined inhalation of isoprenaline and atropine methonitrate showed substantial advantages over the other drugs."

P.I.B. Plus® may be prescribed when a higher isoprenaline content is required.

Lecturer: DR. L. C. PAYNE

These courses have been formally recognized by the Department of Health and Social Security, the Scottish Home and Health Department, and the British Postgraduate Medical Federation for the purpose of postgraduate training allowance and seniority payments. **Fuller Details:** 13 Parkway Court, St. Albans, Herts., Tel: Radlett 5752

A TEACH-IN is to be held at the Royal College of General Practitioners, 14 Princes Gate, Hyde Park, on the evening of Tuesday, October 6, at 6 p.m., on the subject of:

WHAT IS WRONG WITH OUR NUTRITION TODAY?

Three speakers will take part in the teach-in and will lead off the general discussion on such issues as the consumption of refined foods as opposed to unrefined, the place of sugar and fat in a normal diet, the standard of nutrition found amongst our children and the elderly, the relevance of the health food movement and health foods in general to such issues and finally what the future might reveal in the fields of health and nutrition.

The meeting is organised and chaired by The McCarrison Society and the three principal speakers, drawn from the fields of epidemiology, nutrition and medicine, are to be:

N. S. Painter, M.S., F.R.C.S.
G. Taylor, M.A., M.R.C.P.
Surgeon Captain Cleave, M.R.C.P.

UNIVERSITY AND RESEARCH APPOINTMENTS

(see also OVERSEA)

THE WELSH NATIONAL SCHOOL OF MEDICINE (University of Wales)

LECTURER IN PATHOLOGY

Applications are invited for the post of Lecturer in the Department of Pathology. The department is expanding and will shortly take over new laboratories at the new Medical Teaching Centre, Heath Park, Cardiff.

Salary will be on the scale £2,145-£3,792 per annum, Federated Superannuation System for Universities.

Applications should be submitted by October 5, 1970 to the Academic Registrar, 34, Newport Road, Cardiff CF2 1YE, from whom further particulars may be obtained. (11593) 14-1

The Welsh National School of Medicine
Department of Haematology

Senior Lecturer

(Honorary Consultant Haematologist)

Applications are invited for this appointment to the new Medical Teaching Centre at Heath Park, Cardiff. The department will be the main referral centre for haematological problems in the region and accommodation will be provided for this purpose in the 800 bed University Hospital of Wales, due to open early in 1971.

Applicants should be prepared to develop their own special interests which may have either a laboratory or a clinical bias; ample research facilities and space will be available. Salary within the scale £3,990-£6,069 per annum; point of entry according to qualifications and experience. F.S.S.U. provisions apply.

Applications to be made, not later than October 24, 1970 to The Academic Registrar, Welsh National School of Medicine, 34 Newport Road, Cardiff, CF2-1YE, (11794) 14-1

UNIVERSITY OF GLASGOW

Lectureship in Infectious Diseases in the Department of Infectious Diseases

Applications are invited for a Lectureship in Infectious Diseases, tenable in the Department of Infectious Diseases at Ruchill Hospital. Salary according to placement on the University scale for clinical teachers. The maximum is £3,235 per annum. F.S.S.U.

Applications (12 copies) should be lodged not later than October 19, 1970, with the undersigned from whom further particulars may be obtained. In reply please quote Ref. No. 3054 J.

ROBT. T. HUTCHESON

Secretary of the University Court.
(11777) 14-1

UNIVERSITY OF GLASGOW

Lectureship in Dermatology

Applications are invited for a Lectureship in Dermatology. Salary according to placement on University scale for clinical teachers. The final maximum is £3,235 per annum. F.S.S.U. The duties will include clinical work at the Western Infirmary, teaching, and research in medical aspects of dermatology. The candidate should have a good knowledge of general medicine.

Applications (12 copies) should be lodged, not later than October 9, 1970, with the undersigned, from whom further particulars may be obtained. In reply please quote Ref. No. 3058 J.

ROBT. T. HUTCHESON

Secretary of the University Court.
(11708) 14-1

BOARD OF MANAGEMENT FOR THE DUNDEE GENERAL HOSPITALS RESEARCH

Director

Medical Research Council Neuropsychiatry Unit

The Medical Research Council is seeking a successor to Dr. D. Richter, the Director of their Neuropsychiatry Unit, at Carshalton and Epsom, Surrey, on his retirement in 1972.

The Unit is at present engaged on a wide programme of neurobiological and clinical research in relation to psychiatry. The Council is anxious to maintain and develop work in this field, and the Director will be expected to lead a multi-disciplinary group comprising both medical and non-medical scientists. The precise scope of the programme will, however, be a matter for discussion between the Director and the Medical Research Council.

The Director will have an established reputation as a scientific investigator in his own specialist field and be expected to have a wide interest both in psychiatry and neurobiology. He may or may not be medically qualified.

The Council will wish to discuss with the new Director the possibility of moving the Unit to another site, which would allow a greater degree of integration of the clinical and the laboratory work than is at present possible. This site might well be within a university, as the Council attach the greatest importance to collaboration with relevant academic departments.

If the Director's work makes it possible for him to hold an honorary clinical contract and this is awarded at consultant level by a Hospital Board, he will be paid on the M.R.C. clinical scales at the top point of the N.H.S. consultant scale (at present £6,069). If, on the other hand, the holding of a clinical contract is not considered necessary, the Director will be paid on M.R.C. non-clinical scales at the top of their special appointments grade, at present £5,775 per annum, plus £100 London Allowance. Superannuation provision will be made under the Federated Superannuation System for Universities. Applications for the above post should be submitted not later than October 26, 1970 in the form of a short statement (not exceeding 400 words) outlining in general terms the scientific programme that the applicant would wish to undertake and indicating the type of staff and other facilities required, together with a curriculum vitae and list of publications, to the Secretary, Medical Research Council, 20-Park Crescent, London, W1N 4AL. Further particulars may be obtained from Mrs. J. Evens, at the same address (or telephone 01-636 5422). (36598) 14-1

**INDUSTRIAL
APPOINTMENTS**

(see also p. xxvi)

**SMITH & NEPHEW PHARMACEUTICALS LTD.
SMITH & NEPHEW RESEARCH LTD.****TWO PHYSICIANS**

The Medical Department serving these two associated Companies is continuing its planned programme of expansion and applications are now invited for two further vacancies.

For the first of these appointments, there will be some emphasis on the interpretation of laboratory data and on human pharmacology. For the second appointment there will be more concern with the medical background and services supporting the marketing of ethical pharmaceutical products. Both, however, will be members of a broadly-based team and activities will not be restricted to one or other area. Although the work centres on the development of new drugs, the human aspects of adhesives and plastics technology and other research areas play a part.

Candidates must be registered medical practitioners. Although previous experience in the pharmaceutical industry would be useful it is not essential and applications from recently fully-registered members of the medical profession will be very carefully considered. Career prospects in the Industry are good.

Travel, some of which may be abroad, will be necessary. The salary will be negotiated and will be attractive and will be linked to qualifications and ability; a good pension scheme operates and a car will be provided.

Applications, in writing, enclosing a curriculum vitae, should be addressed to:

The Medical Director

SMITH & NEPHEW PHARMACEUTICALS LTD.
Bessemer Road, Welwyn Garden City, Herts.

Members of Smith & Nephew Associated Companies

Clinical Research

We need another doctor to help with our clinical research programme. This involves the evaluation of new and existing drugs and advice to management on their place in therapeutics. The job will involve a certain amount of travel in both the United Kingdom and abroad, and demands that the successful applicant keeps up-to-date with progress in academic medicine, therapeutics and general practice. To this end he will be encouraged to take up a Clinical Assistant's post at a nearby hospital. Previous experience in the industry is desirable but not essential. What is more important is that the applicant should have had a least five years postgraduate experience and be interested in a job with a challenge. Ideal age limits are 30-40. The salary, which is reviewed annually, is attractive and negotiable. A company car is also provided and there are a number of other substantial fringe benefits.

Interested doctors should write in the first instance, giving full details of their qualifications and career in confidence to: The Medical Director, E. R. Squibb & Sons Ltd., Regal House, Twickenham, Middx.

Squibb

ASHFORD HOSPITAL

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Twelfth Report of the Review Body, new salary scales have been approved. These came into force on April 1, 1970. The scales are set out below:

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,626 per annum for the posts held during the first year; £1,755 per annum for posts held during the second year; £1,884 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £165 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,040 per annum in the first year; £2,184 per annum in the second year; £2,328 per annum in the third or subsequent years.

Deductions of £195 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,328 per annum \times £144(3) \times £126(1) = £2,886.

Deductions of £195 per annum for those with remuneration at the first point on the scale, and £225 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £183 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £2,760 per annum \times £126(1) \times £174(1) \times £177(1) \times £174(1) \times £177(1) = £3,588.

Deductions of £250 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £2,415 per annum \times £138(1) \times £150(3) \times £138(10) = £4,383.

Deductions of £250 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £3,990 per annum \times £231(9) = £6,069.

Deductions of £390 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, remount allowances, study leave and other matters may be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association. (June 1970)

ROYAL GWENT HOSPITAL Newbold, Mon. (428 beds) (Recognized F.R.C.S.)

SENIOR HOUSE OFFICER

required on or about October 1. The post may be held for six months or until January 31, whichever is preferred. Resident or non-resident. Married quarters may be available. The Department is in charge of a full-time consultant Surgeon, has five Senior House Officers and all emergency cases are admitted through the department, which is responsible for initial resuscitation. The department is equipped with apparatus for cardiac monitoring, positive pressure ventilation, as well as X-ray image intensifiers and a Berman F.B. locator.

The Hospital is the base hospital for the Group, and therefore has a large volume of acute cases in all specialties. It is being extensively re-developed by a major capital building programme. A new intensive care unit has recently been opened.

There is a close connection with the teaching hospital at Cardiff, 10 miles to the west, and there is an extensive postgraduate education programme with a very good library. A new postgraduate centre has recently been opened. The appointment gives ample opportunity to the holder to avail himself of these facilities.

The successful candidate will be expected to be resident on the nights on which he is on first call, which will be on average one night in five.

Applications giving full particulars and names and addresses of two referees to Group Secretary, 64 Cardiff Road, Newport, Mon. (36703) 20-8

CONSULTANT MICROBIOLOGIST

Applications are invited for the whole-time post of Consultant Microbiologist (medically qualified) at the Public Health Laboratory, City and Sherwood Hospitals, Hucknall Road, Nottingham, NG5 1PH. This post will carry an honorary Consultant appointment with the Sheffield Regional Hospital Board. The successful applicant may expect to participate in developments connected with the Nottingham Hospitals and Medical School. The Laboratory may be visited by arrangement with the Director, Dr. E. R. Mitchell. Tel.: Nottingham 65065. Salary on the N.H.S. Consultant scale: other terms and conditions generally as for appointments in the N.H.S. Full particulars may be obtained from the Secretary of the P.H.L.S. Board, to whom applications (12 copies) should be sent by November 7, 1970, stating date of birth, qualifications and experience, and naming three referees. (H5821) 33-1

NEUROLOGY**JOINT REGISTRARS COMMITTEE
OF THE LEEDS REGIONAL HOSPITAL
BOARD**

**THE BOARD OF GOVERNORS OF
THE UNITED LEEDS HOSPITALS AND
THE UNIVERSITY OF LEEDS**

**SENIOR REGISTRAR IN
CLINICAL NEUROPHYSIOLOGY**

Applications are invited for the newly established post of Senior Registrar in the Regional Training Scheme.
Normally the appointment will be for three years and will provide comprehensive training facilities in electroencephalography and electromyography jointly at St. James's Hospital, Leeds, the General Infirmary at Leeds, Pinderfields General Hospital, Wakefield and in the Neuro-Psychiatric Unit at Bootham Park Hospital, York.
Previous experience in Clinical Neurology or Neurophysiology would be desirable though not essential and the successful candidate will have opportunities for gaining such additional experience in Neurology, Neurosurgery and Psychiatry within the above hospitals as would be relevant to a career in Clinical Neurophysiology. Arrangements have been made with the University Departments of Physiology and Pharmacy for the appointed candidate to attend if necessary lectures at Oxford, courses in Scientific Neurophysiology and Neuropharmacology and he/she will be encouraged to undertake research projects with a view to obtaining a higher University degree.
The post is non-resident but all the associated hospitals can be reached without change of residence.
Please quote reference number 651.

Application forms and further details may be obtained from the Secretary, Joint Registrars Committee, Park Parade, Harrogate, to whom they should be returned by October 8, 1970. (37065) 34-5

**REGISTRAR IN ORTHOPAEDIC
SURGERY**

Edinburgh. The post is in the four year training scheme. The programme is designed to provide experience in all branches of Orthopaedic Surgery over four years by rotations planned to provide a balanced experience. The rotation is between the Royal Infirmary, the Western General Hospital and the Princess Margaret Orthopaedic Hospital, all within the City of Edinburgh. Total Orthopaedic beds within the department is over 400. The appointment is initially that of Registrar but Senior Registrar posts in the department are within the training rotation. Registrars have access to all the research facilities of the University Department. There is an intensive postgraduate training programme for the Registrars over and above the clinical rotation. Undergraduate teaching will be part of the duties.
Preference will be given to candidates who have completed a three year rotation Registrar post in several branches of surgery and who have the F.R.C.S. The programme of training can be obtained from Professor J. I. P. James, The Clinical Research Unit, Princess Margaret Rose Orthopaedic Hospital, Fairmilehead, Edinburgh.

Applications giving particulars of age, qualifications and previous experience together with the names and addresses of two referees should be sent to the Secretary, 11 Drumshelton Gardens, Edinburgh 3, by October 10, 1970. (H5812) 38-6

send original testimonials when replying to
advertisements. Copies will serve the purpose
quite as well, and in the event of their
being lost or mislaid no inconvenience will
ensue.**

**WIGAN AND LEIGH
HOSPITAL MANAGEMENT COMMITTEE****REGISTRAR**

to the Department of Psychological Medicine required.

A wide experience available in both in-patient and out-patient psychiatric work in general hospitals in this group under the direction of the Consultant Psychiatrist. Recognized for the D.P.M. and full refresher will be provided for attending D.P.M. courses etc. Resident or non-resident.

Applications with names of two referees to Group Secretary, Wigan and Leigh Hospital Management Committee, Royal Albert Edward Infirmary, Wigan, Lancs. (36970) 44-6

AIREDALE HOSPITAL MANAGEMENT COMMITTEE Airedale General Hospital Eastburn, Keighley, Yorkshire

Applications are invited for the post of **SENIOR HOUSE OFFICER** in the Department of Psychiatry at this new District General Hospital (650 beds).

The Unit has 64 beds and an active Day Hospital, the whole forming an integral part of this General Hospital. It is intended to provide a comprehensive psychiatric service for the large rural and urban area. Research projects will be encouraged.

There is a close relationship between the Psychiatric Unit and other Departments of the Hospital: open clinical meetings are being arranged. The successful candidate will have to bring opportunity to rotate to other specialties including General Practice. This post would be suitable for somebody requiring a basic training in psychiatry, for which attendance at the D.P.M. Course in Leeds could be arranged, and would also give extremely useful experience prior to further training for whatever speciality is chosen. New single accommodation, and married accommodation is available.

Application forms obtainable from Group Secretary at above address. (37055) 44-6

CLAYBURY HOSPITAL Woodford Bridge Woodford Green Essex

There will shortly be a vacancy for a **SENIOR HOUSE OFFICER** Claybury Hospital is a progressive psychiatric hospital within easy access of Central London. The post offers an excellent introduction to Psychiatry.

The hospital is organized into six firms, so that each S.H.O. works on an admission ward and has responsibility for longer-stay wards, under consultant supervision. A post-graduate training programme of case-conferences, seminars and journal discussions is organized by the Clinical Tutor. Time is also allowed for attendances at other recognized courses.

In addition to the normal duties with his/her firm, the S.H.O. undertakes one night-duty a week and one week-end duty in eight.

Residential accommodation is available for single and married doctors.

Those interested should apply to the Group Secretary, within one week. (11862) 44-8

COVENTRY H.M.C.**SENIOR HOUSE OFFICER
IN PSYCHIATRY**

Required for 42 bedded unit in New District General Hospital (612 beds). This unit is a key part of a comprehensive area service closely integrated with the local authority and other specialties within the hospital. Experience available in behaviour therapy and creative techniques, as well as other psychoanalytic and physical treatments. There are Departments of Psychology, Social Work and Occupational Therapy. The post is recognized for the D.P.M. and training is supervised by a university appointed clinical tutor. The successful applicant will be expected to participate in Seminars, journal and discussion club, clinical demonstrations and psychotherapy discussions, as well as formal lectures for the D.P.M. Part I and Part II at Birmingham University. There is a Regional Training Scheme. Library and video tape facilities available. Resident. Single and married accommodation available. Good recreational facilities.
Application forms from Hospital Secretary. (36942) 44-8

**HAILSHAM HOSPITAL
MANAGEMENT COMMITTEE**

Applications invited for appointment as whole-time

**SENIOR HOUSE OFFICER
IN PSYCHIATRY**

for duty at Hellingly and Amberstone Hospitals, Hailsham, Sussex.

Facilities are available for experience in all branches of adult psychiatry and doctors in training are rotated through all departments of the hospital and attend out-patient clinics. There is a regular teaching programme arranged by the Clinical Tutor. Encouragement is given to attend courses of study for either qualification or towards a good library. Training is given in psychotherapy. The hospital is recognized for the D.P.M.

Previous experience in General Medicine desirable. Single or married accommodation available.

Apply to the Medical Superintendent, Hellingly Hospital. (36971) 44-8

LINCOLN HEATH HOSPITAL MANAGEMENT COMMITTEE St. John's Hospital, Lincoln

SENIOR HOUSE OFFICER

(Resident). St. John's Hospital, with nearly 1,100 beds for the mentally ill, is run on the "open door" principle and all forms of modern treatment are undertaken. PUBLIC HEALTH**CITY AND COUNTY BOROUGH
OF CARLISLE****DEPUTY MEDICAL OFFICER OF
HEALTH AND DEPUTY PRINCIPAL
SCHOOL MEDICAL OFFICER**

Applicants must be registered medical practitioners possessing a Diploma in Public Health, or equivalent qualification, for the post of Deputy Medical Officer of Health, etc. in this historic City close to the English Lake District and the Scottish Border Country. The work is both administrative and clinical.

The salary scale is £2,982 x £120(4) x £108(1) x 105(1) to £3,675. Essential car user allowance. The successful applicant may be recommended for appointment as Deputy Referee to the Carlisle Crematorium for which there is an additional remuneration of £150. Assistance with removal expenses will be given and temporary housing may be made available.

The Medical Officer of Health is at present also Chief Welfare Officer responsible for the Council's Welfare Services but the Council have appointed a Director of Social Services who will assume responsibility for the Welfare Services.

Further particulars and forms of application may be obtained from the Medical Officer of Health, Civic Centre, Carlisle, to whom completed forms should be returned. W. Hirst, Town Clerk. (36868) 56

**CITY AND COUNTY OF
NEWCASTLE UPON TYNE****MEDICAL OFFICER
IN DEPARTMENT**

Applications are invited from registered medical practitioners for the appointment of Medical Officer in Department. The duties will be mainly in the child health and school health services serving one area of the City but will also include participation in other aspects of the work of a combined health and social services department. Encouragement will be given to doctors who wish to obtain further training and experience.

Applications for part-time employment will be considered.

Salary will be within the Whitley Council scale, £2,160-£2,895 and previous experience will be taken into account in determining the commencing salary.

A casual user car allowance will be available and the Council is prepared to offer 50% of total removal expenses up to a maximum of £50 and either a tenancy of a dwelling or a loan under the house mortgage scheme of up to 100% of valuation.

Further particulars and application form obtainable from the Medical Officer of Health, Health and Social Services Department, Civic Centre, Newcastle upon Tyne, NE1 8PB, should be returned no later than October 10, 1970. (H5845) 56

BOROUGH OF SWINDON**MEDICAL OFFICERS IN
DEPARTMENT**

Swindon, a rapidly expanding and progressive local authority in North-East Wiltshire, is looking for Medical Officers in Department, mainly to take responsibility for school health clinics and infant welfare clinics, although some other medical duties will be involved.

The area is particularly attractive; Swindon combines the advantages of a modern town, likely to develop as a "New City" with a situation near to the very pleasant countryside of the Downs, Cotswolds and Thames Valley.

The salary range is £2160-£2895 per annum. Housing accommodation can be offered but may not be available immediately and lodging allowances are available to married officers awaiting accommodation. 75% removal expenses can be paid. This post carries an essential user car allowance.

Applications, containing full career details and the names of two referees, should be sent to the Establishment Officer, Civic Offices, Swindon by October 12, 1970. (36912) 56

**CITY OF STOKE-ON-TRENT
EDUCATION COMMITTEE
SCHOOL MEDICAL OFFICER**

Applications are invited from Registered Medical Practitioners for the post of full or part-time School Medical Officer. Salary in accordance with the recommendations of the Whitley Councils for the Health Services.

Form of application may be obtained from the Chief Education Officer, Education Department, P.O. Box No. 23, Town Hall, Hanley, Stoke-on-Trent, ST1 1QN.

H. DIBDEN,
Chief Education Officer.
(10039) 56

APPLICANTS ARE ADVISED NOT TO send original testimonials when replying to advertisements. Copies will serve the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

**COVENTRY CORPORATION
HEALTH DEPARTMENT****DEPARTMENTAL MEDICAL OFFICERS**

Applicants must be registered medical practitioners for the above posts, for which the possession of the D.C.H. will be an advantage.

The duties are mainly of a clinical nature in the developmental Child Health Work and the School Health Service, but wider experience in the community health services of a large Health Department may be provided for applicants with special interests. There are facilities for specialised duties with handicapped children and research in this and other fields will be encouraged.

Salary scale £2,160 to £2,895 per annum. In certain circumstances, however, the successful applicant could be assimilated in the upper range, i.e. £2,510 to £3,085 per annum. Commencing salary according to qualifications and experience.

The Authority operates a generous assisted D.P.H. scheme for applicants who wish to make a career in public health.

Assistance can be given towards the costs of approved removal expenses and temporary housing accommodation may be arranged for married applicants.

Application forms and further particulars from Medical Officer of Health, Council Offices, Earl Street, Coventry CV1 5RS, returnable without delay. (36869) 56

ISLE OF MAN**MEDICAL OFFICER OF HEALTH**

Applications are invited from qualified medical practitioners with a registered qualification in public health (D.P.H.) and wide experience in public health and medical administration for the whole time appointment of Isle of Man Medical Officer of Health.

The salary for this post will be fixed within the range of £3,050 to £4,015 of the Medical and Dental Council Scales, commencing point in accordance with experience and qualifications.

The post is permanent and pensionable and is subject generally to the conditions of service governing the employment of established officers of the Isle of Man Civil Service and reciprocal arrangements exist for the transfer of superannuation rights.

Further particulars regarding duties, terms and conditions of employment may be obtained from the undersigned, to whom completed applications must be submitted on or before October 31, 1970.

Canvassing, directly or indirectly, is a disqualification. P. H. Newbold, Administrator and Secretary, I.O.M. Local Government Board, Murray House, Douglas, Isle of Man. (H5814) 56

COUNTY BOROUGH OF BOOTLE**APPOINTMENT OF MEDICAL
OFFICER IN DEPARTMENT**

Registered Medical Practitioners are invited to apply for this position which will include work in maternal and child health and school health. In addition, opportunity will be given to gain experience in other branches of the public health field. The salary will be within the scale £2,160 to £2,895 per annum and the starting point will be decided by experience. The appointment will be superannuable and subject to the passing of the medical examination.

Application forms are obtainable from the Medical Officer of Health, Bailiol House, Stanley Precinct, Bootle 20 (or telephone 922 4040, Ext. 114) to whom they should be returned not later than October 16, 1970. A. J. E. Taylor, Town Clerk and Chief Executive Officer. (11714) 56

HAMPSHIRE**MEDICAL OFFICER IN
DEPARTMENT**

This is a whole-time post for a registered Medical Practitioner to work in the Basingstoke area. The work includes acting as School Medical Officer, and the full range of duties covers clinic work, including children under five years, maternity and child welfare.

A diploma in Child Health or Public Health would be an advantage. Salary on the Medical Whitley Council scale £2,160 to £2,895 per annum.

Please quote reference MA1920/AM when asking for application forms and further details, returnable by October 12, 1970, from the County Medical Officer, The Castle, Winchester. (11706) 56

**ROYAL BOROUGH OF KINGSTON
UPON THAMES****Health and Welfare Department****MEDICAL OFFICER IN
DEPARTMENT**

Salary scale £2,160 x £85 x £90 x £85 x £90 x £95 (2) x £100 x £95-£2,895 per annum, plus £90 per annum London allowance.

Casual user car allowance payable. The duties will cover the whole field of local authority health services and possession of a D.R.C.O.G., D.P.H., or D.C.H. will be an advantage. There is a flourishing post-graduate medical centre and there will be ample scope for initiative as regards research, health education, etc.

Temporary housing accommodation for a period of up to one year may be available if required, and assistance with removal expenses, etc., considered.

Application forms returnable by October 12, 1970 may be obtained from the Medical Officer of Health, Tolworth Tower, Surbiton, Surrey (37072) 56

Porton, Wiltshire****DIRECTOR****£6750**

The Microbiological Research Establishment studies a great many aspects of infectious disease of direct interest to medicine and public health. About a quarter of its work is devoted to wide-ranging research in microbiology and medicine on behalf of other Government departments—notably the Department of Health and Social Security—research councils and industry.

The Director is responsible for the scientific policy of the Establishment, for the direction of its research programme, and for its overall management; his duties include the creation and maintenance of outside scientific contacts aimed at generating a continuing flow of new research projects appropriate to the skills and facilities of the Establishment. He will control a staff of about 400, 150 of whom are professionally qualified. The Establishment is exceptionally well equipped, especially in relation to studies of dangerous organisms.

Candidates, probably over the age of 40, should preferably be medically qualified, and must be of high professional standing in the physical or biological sciences. They should have considerable experience in the fields of microbiology, experimental pathology or infectious diseases. Administrative experience and the ability to lead and inspire research teams will be important.

The salary will be as quoted above (grade of Chief Scientific Officer); FSSU superannuation, although an established appointment (i.e. permanent and pensionable) may be considered.

Fuller details of this appointment may be obtained by writing to the *Civil Service Commission, Alencon Link, Basingstoke, Hants.*, or telephone BASINGSTOKE 29222 Ext. 500 or LONDON 01-734 6464 (24 hour "Ansafone" service), quoting S/7564/AM. Closing date 13th October 1970.

Ministry of Defence (Army Department)

KINGSTON UPON HULL

SENIOR MEDICAL OFFICER

Applications are invited for the above-mentioned appointment, the duties of which are mainly in connection with housing; medical examination of employees for entry into the superannuation scheme and as medical referee; health education and publicity; general care and after-care services; general administration within the Health Department; and the medical inspection of aliens and Commonwealth immigrants under the Hull and Goole Port Health Authority. Applicants must be holders of a Diploma

in Public Health and the possession of additional degrees, diplomas, etc., will be considered an advantage. Salary scale £2,990 x £95(5) x £100(1)—£3,565 per annum. In addition an honorarium of £100 per annum will be paid in respect of Port Health duties outside normal working hours. An "essential" user car allowance will be paid and assistance with removal expenses will be considered. Particulars of the appointment and forms of application may be obtained from the Medical Officer of Health, Guildhall, Kingston upon Hull, to whom completed application forms should be returned not later than October 6, 1970. (36225) 56

CITY OF LIVERPOOL
SCHOOL MEDICAL OFFICERS

WHOLE-TIME OFFICER. Salary £2,160 to £2,895 per annum. Commencing salary will be fixed according to experience.

PART-TIME OFFICERS on a sessional basis. Fee £5 18s 0d per session. Minimum of 5 sessions per week required.

Previous experience in a School Health Service, or Ear, Nose and Throat and Defective Vision work, or examination of Educationally Sub-normal children would be an advantage.

Application forms from the Principal School Medical Officer, Municipal Annexe, Dale Street, Liverpool, L1 6BJ.

STANLEY HOLMES,
Chief Executive and Town Clerk.

(11849)

Department of Health & Social Security
Medcial Officers

At least 3 posts for men or women normally aged at least 35 in the REGIONAL MEDICAL SERVICE (HEALTH SIDE) involving visiting general practitioners to discuss problems of mutual concern, administrative duties in connection with the National Health Service, examining persons referred by the Social Security regional organisation for a second opinion on their capacity to work, and examining persons under the Disabled Persons (Employment) Act, 1944.

One vacancy is likely to be in South Lancashire and another at Stoke-on-Trent.

QUALIFICATIONS: Candidates must be medical practitioners registered in the UK, and have wide experience of general practice. Experience in medical boarding or occupational health an advantage.

STARTING SALARY (national): £3,552 at age 35—£4,304 at 40 or over (possibly higher if at least 41). Scale maximum £4,875. Non-contributory pension. Promotion prospects.

For further details and an application form, write to Civil Service Commission, Alencon Link, Basingstoke, Hants., quoting E/630/70/3. Closing date October 19, 1970. (11848) 56

Deputy
Medical Officer of Health

CITY AND COUNTY OF KINGSTON UPON HULL

Applications are invited for the appointment of DEPUTY MEDICAL OFFICER OF HEALTH for the City, to be held in conjunction with the appointments of Deputy Principal School Medical Officer, Deputy Port Medical Officer of Health (at Hull) to the Hull and Goole Port Health Authority. Medical Inspector of Aliens and of Commonwealth Immigrants under that Authority and Deputy Medical Referee to the Kingston upon Hull Crematorium.

Applicants must hold the Diploma in Public Health and the possession of additional degrees, diplomas or academic distinctions will be considered an advantage. Salary scale £3,525 x £115 (4)—£3,985 plus an allowance of £220 per annum in respect of the duties of Deputy Medical Referee to the Crematorium and an honorarium of £150 per annum in respect of Port Health Duties outside normal working hours. Consideration will be given to a starting salary above the minimum. An "essential user" car allowance will be granted and a contribution to removal expenses will be considered.

Kingston upon Hull is the third largest sea port in the country and is situated within easy reach of the many beauty spots of Yorkshire. The successful applicant will be able to gain wide experience of the full range of local authority health services.

Particulars of the appointment and forms of application may be obtained from the Medical Officer of Health, Guildhall, Kingston upon Hull, HU1 2AA, to whom completed application forms must be returned not later than the first post on October 12, 1970.

SERVICES

What's in
the RAF
for a
young
doctor?

Interesting out-of-the-rut medicine

The typical R.A.F. station doctor is a G.P. — with probably a lot of experience in pediatrics! He also has important responsibilities in aviation medicine, public health and industrial health. He does much more preventive work than most civilian doctors are able to do. There are wide opportunities for hospital practice — 47% of R.A.F. doctors are now working in specialist departments.

The chance to travel

You could live and work abroad, in many different conditions and climates, treating not only R.A.F. personnel and their families, but local populations. Your gain in clinical experience would be marked.

... a fair crack of the whip
for the Doctor's wife

A Doctor's wife is a Doctor's *wife*. She should not also have to be his telephone-answerer, appointment-maker, dispenser and general auxiliary! In the R.A.F., these things are done by professionals: the typical R.A.F. doctor, on a typical R.A.F. station, works in a fully equipped Medical Centre, which he shares with another doctor; between them they would probably have about 12 staff—secretarial as well as nursing.

£3,000 (tax free) after 5 years

In the first case, you would probably join the R.A.F. for 5 years. If you decide to go back to civil life at the end of this time, you would take with you a tax-free honorarium; at present £3,000. (You might of course wish to stay on: you can apply after the first year.) Now for income: suppose you are a married man of 25, fully registered. If you were in the R.A.F., your income would be at least £3,249 p.a. The R.A.F. would probably provide you with a house, furnished right down to the last coffee-cup.

To find out more please write, giving your age, nationality, qualifications and date of full registration with General Medical Council, to The Directorate General of Medical Services, RAF (MA1 (RAF)), Ministry of Defence (724QS12), 1-6 Tavistock Square, London W.C.1.

MEDICAL ADVISER — PAKISTAN

Pharmaceuticals

for a major British Company with an international reputation in the chemical field. The Group's Pharmaceutical Division is represented in many countries throughout the world. It is backed by a successful Research and Development Department that has recently developed a new anti-asthmatic preparation which is currently making fundamental contributions to the treatment of asthma. To further the Group's planned growth internationally, an English-speaking Medical Adviser of Pakistan nationality is required to live and work in Pakistan. In addition to English he must be fluent in one or more of the languages in use in Pakistan, and will have resided there for most of his career. The Medical Adviser will be responsible for the medical aspects of all the Company's Products marketed in the area, with particular regard to conformity with medical ethics and codes of practice. Duties will include initiation, co-ordination and completion to publication of clinical trials on new and established drugs, in conjunction with leaders of the Pakistan medical profession, the flow and feed-back of clinical and scientific information, and the establishment of a clinical information service both to the medical profession and the relevant Government agencies. Candidates must be medically qualified Doctors, and a higher medical qualification would be advantageous. Salary and emoluments, exceptionally attractive, plus fares and assistance with relocation expenses.

SENIOR SPECIALIST

COMMONWEALTH OF AUSTRALIA Department of Health, Canberra

The Commonwealth of Australia invites applications from medical specialists, for a new position with the Australian Government.

This position carries a salary of \$A13,277 and the successful applicant will work within the National Health Division of the Australian Department of Health, based in the National Capital, Canberra. (\$A1=9s. 4d.).

The occupant of this position will provide consultant advice on drugs which are subject to import applications for clinical trials. He will provide a continuing check on trials and advise the Department on the pharmacology, therapeutic effects and claims made for drugs. He will be given opportunities to act as consultant in clinical therapeutics in the Australian Capital Territory and Northern Territory.

The position requires a person with a postgraduate degree or diploma in an appropriate field of medicine, considerable experience as a specialist, together with research experience. Applicants should be eligible for registration as a medical practitioner within Australia. Experience in teaching and education is desirable.

First-class passage by sea or air for the successful applicant and his dependants are payable together with generous baggage allowances. Salary will be paid from date of embarkation. Three weeks' annual leave, accumulative sick leave provisions and a comprehensive Superannuation Scheme are available.

Applications should be lodged with the Chief Medical Officer at

Australia House,
Maltravers Street,
The Strand,
London W.C.2,
by October 17, 1970. (37023) 61-1

Sir Charles Gairdner Hospital WESTERN AUSTRALIA

Medical Registrars

Applications are called for the post of Medical Registrar (7) at the above hospital for 1971. Terms will be available for six months in two units in the following specialties:—

General Medicine Thoracic Medicine Coronary Care Unit

In addition to the above, experience will be available in Endocrinology and Nuclear Medicine.

Preference will be given to applicants who either hold, or who are working towards a higher qualification in medicine. The hospital has an active postgraduate programme for those intending to sit for a higher qualification and registrars are encouraged to attend postgraduate lectures and teaching sessions at other metropolitan hospitals.

Sir Charles Gairdner Hospital is a general hospital containing 340 beds, associated with the Medical School of Western Australia. Units of the University Departments of Medicine, Psychological Medicine and Surgery, are based in the hospital, which is undergoing expansion to become a major medical centre. Salary within the range—

\$5,480—\$6,050—\$6,750 (1st, 2nd, 3rd year registrar)

\$7,300—\$7,600 (Senior registrar without higher degree)

\$7,900—\$8,200 (Senior registrar with higher degree)

(Rates at present under review).

The successful applicants may live out, but, if desired, single quarters may be available for which a charge at the rate of \$702.00 per annum is made.

Some assistance with fares and moving expenses may be available.

Applications addressed to the Medical Superintendent, enclosing a recent photograph of the applicant, the names of three referees, full personal details and particulars of qualifications and experience, close on October 31, 1970.

GOVERNMENT OF CANADA GENERAL PRACTITIONERS

Medical Services Branch Department of National Health and Welfare

The Medical Services Branch of the Department of National Health and Welfare has the responsibility for Indian and Northern Health, Civil Aviation Medicine, Quarantine and Immigration medical services and a Public Service Occupational Health programme.

Current requirements are for:

- general medical practitioners based at cottage hospitals, to provide comprehensive medical care to relatively isolated Indian and Northern communities. Other positions, for Field Medical Officers, have a greater touring commitment by air, land and water to outlying settlements.
- assistant regional directors to direct a programme, under the direction of the regional director, for the provision of health to Indians of the region to ensure that services provided are equivalent to those available to the non-Indian population.

Salary ranges are: \$16,494—\$19,457; \$18,790—\$22,521; \$21,755—\$23,989.

Salary on appointment will depend upon the education and experience of the successful candidate.

Qualifications: Candidates must be eligible for a licence to practise medicine in a province of Canada. In addition, for some positions, postgraduate training in Public Health or Epidemiology is desirable.

Latest research suggests unique action of Negram

Artist's impression of Esch. coli.

Penicillins and Cephaloridine weaken the cell wall.

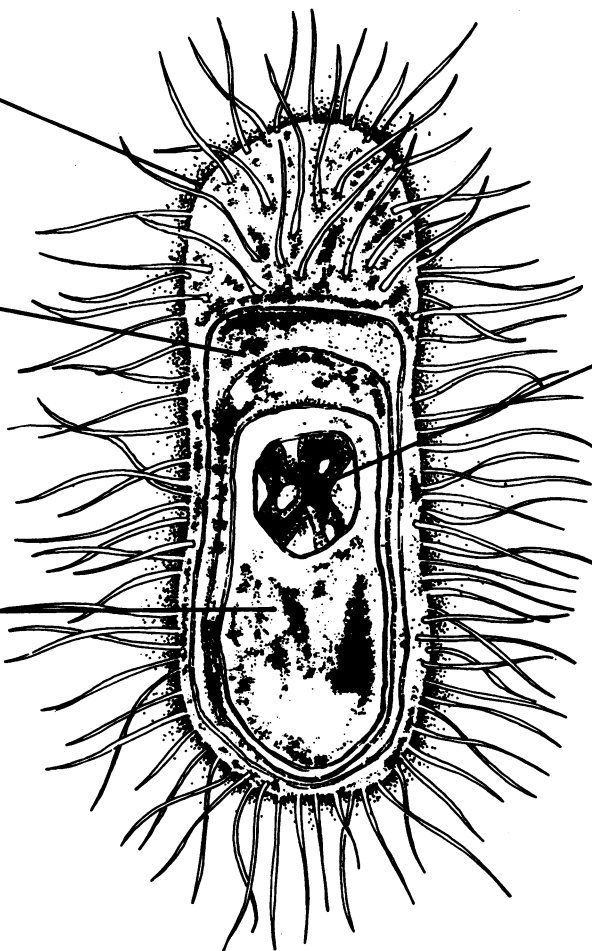

This may kill the bacteria by removing their outer defences. But it can – and often does – result in the survival of L-forms.^{1,2}

Sulphonamides, Trimethoprim and Nitrofurantoin block the metabolic pathways.

Each of these antibacterials blocks only one specific step in the process. Very often these particular steps can be by-passed without detriment to the bacteria.¹

Tetracyclines and Chloramphenicol affect the ribosomes.

Though the ribosomes are the 'assembly plants' of the cells, their function is controlled by DNA. Unless this control is knocked out, the cell functions are never completely destroyed.²

Only Negram destroys bacterial DNA, the basis of all bacterial life!

DNA controls the whole structure and function of bacteria. For cells to divide and multiply, the DNA must replicate itself.

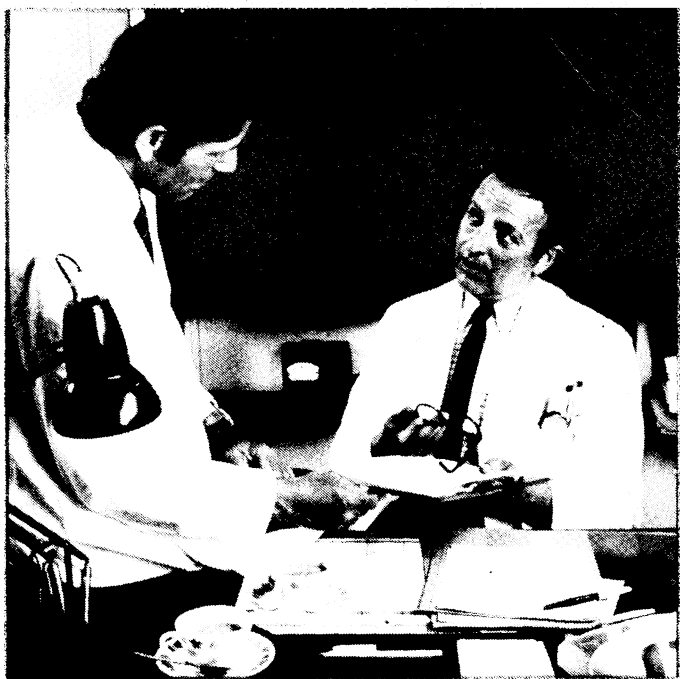

It is at this point that Negram attacks. It prevents the replication of DNA. This fundamental disruption of the control element not only prohibits the proliferation of bacteria but destroys the complete bacterial system.³

in urinary infections negram right from the start

Negram Tablets: (500 mg. nalidixic acid). Adult dosage: for acute infections 2 tablets q.i.d. for at least 7 days, reducing to 1 tablet q.i.d. for chronic infections. Basic NHS cost (2 q.i.d.) 5/10d. per day. Container of 56 tablets. **Negram Suspension:** (300 mg. nalidixic acid per 5 ml. spoonful). Paediatric dosage 1 ml. (60 mg.) per kg. body weight (25 mg./lb.) daily for at least 7 days. Basic NHS cost 5 ml. (t.i.d.) 1/10d. per day. **Side Effects:** Gastro-intestinal or subjective visual disturbances may occur but are readily reversible on reduction or discontinuation of therapy. **Precautions:** Use with caution in patients with liver disease. Patients should avoid excessive exposure to sunlight. Possible risks should be carefully weighed against benefits in the first trimester of pregnancy. Not recommended for infants less than 1 month old. Negram is a registered trade mark. Full information is available on request. Winthrop Laboratories, Surbiton-upon-Thames, Surrey

TRIPTAFEN-DA

**IS A SUPERIOR TREATMENT FOR
DEPRESSION WHEN ANXIETY IS ALSO**

PRESENT.

*“... superior to amitriptyline
alone in the treatment
of depression...”*

Brit. J Psychiat., (1967) 113, 201.

*“... significantly more
effective than imipramine
25mg in relieving most of the
key symptoms of the M.R.C.
rating scale.”*

Brit. J Psychiat., (1969) 115, 693.

The published evidence shows that Triptafen-DA is remarkably effective in relieving the majority of depressed and anxious patients so frequently seen in general practice. However, the best evidence you can obtain is from your own assessment of Triptafen-DA, in your own practice.

Each Triptafen-DA Tablet contains:
amitriptyline hydrochloride BP 25mg,
perphenazine BP 2mg. Also available:
Triptafen-DA Suspension.

Full information is available on request.

Triptafen-DA is a Trade Mark of **ALLEN & HANBURY'S LIMITED LONDON E2 6LA**

Rondomycin*

- 1 It is distinctly more active than tetracycline against the organisms commonly associated with respiratory infections¹ and its spectrum of activity is broader than that of the penicillins, including ampicillin.
- 2 It clears purulent sputum quickly – even sputum which has remained stubbornly infected in the face of tetracycline therapy.²
- 3 It has been shown to shorten exacerbations far more decisively than either tetracycline or ampicillin.³
- 4 High, sustained blood levels ensure therapeutic activity for up to 24 hours after the final dose.¹ This is a distinct advantage over tetracycline and the penicillins.
- 5 The problem of the antibiotic being destroyed by penicillinase-producing organisms does not arise.

It all adds up to shorter exacerbations, less damage to lung tissue and a better prognosis for the patient.

2. Paper presented at 5th Int. Congress Chemother., Washington, 2.10.65.

3. *Brit. J. clin. Pract.*, 1965, **19**, 509.

Available as 150 mg. capsules in bottles of 16, 100 and 500, and as a syrup containing 75 mg./5 ml. in bottles of 100 ml.

What is the word for emotional distress?

The presenting symptoms? "Can't sleep . . . irritable . . . no appetite . . . tired . . . aches and pains"—consultation after consultation.

The task? To penetrate behind the facade to the underlying condition.

The aim? To make the patient feel better quickly and reveal the problem, without unnecessary consultations.

Tranquillizers or hypnotics may deal with part of this aim, but only part.

Prothiaden can meet all the requirements. It is rapidly effective in both anxiety and depression. One ingredient, a single-strength capsule means straightforward dosage.

Prothiaden is well tolerated even by the elderly.

Prothiaden can mean trouble-free treatment of anxiety, depression, in fact any manifestation of emotional distress.

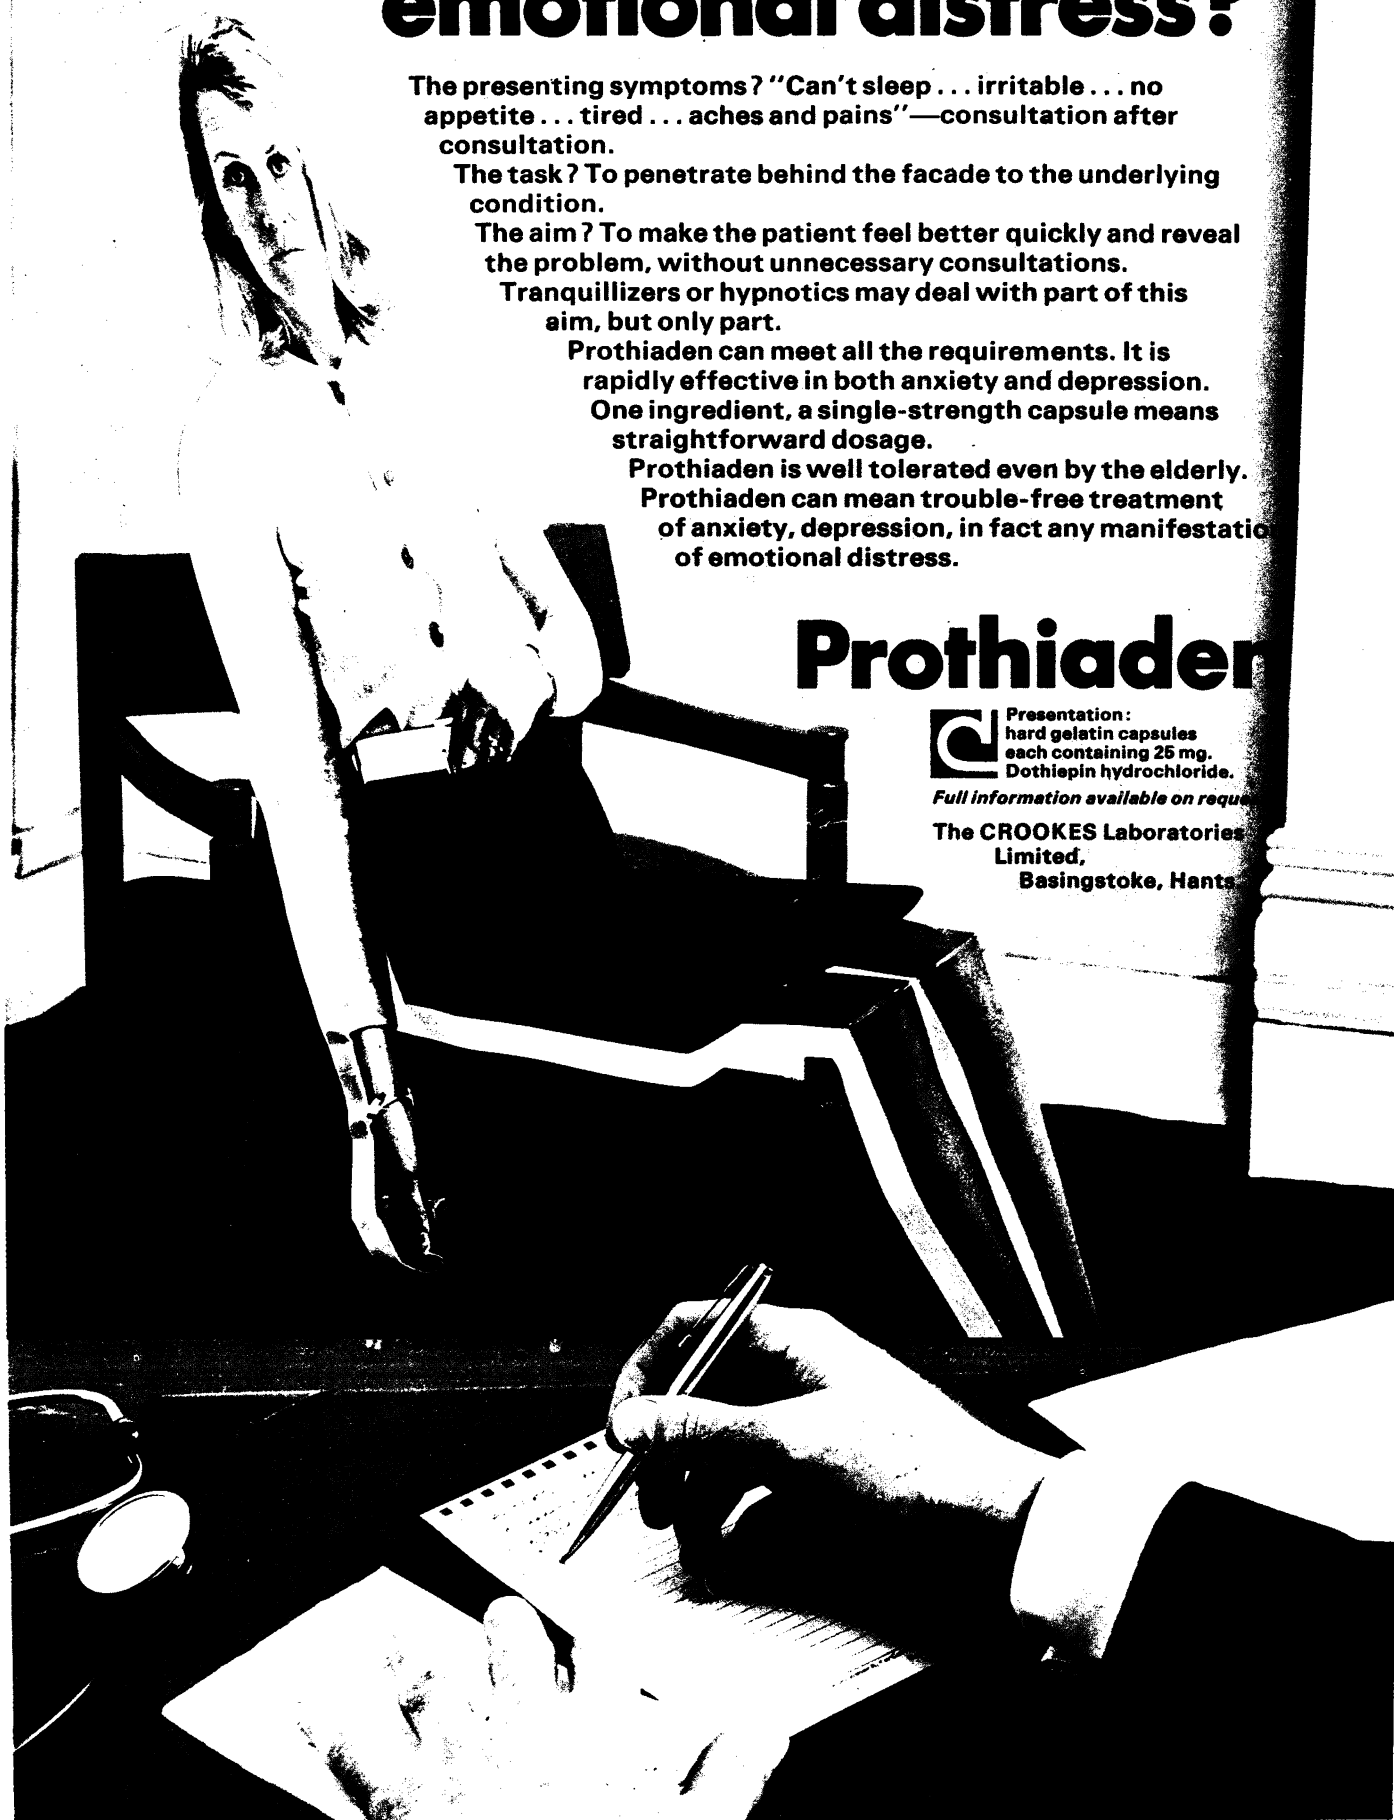

Prothiaden
