When did you last use one of these?

Paraffin heated sterilizers are past history in the health service.

In some developing countries paraffin is the only available power source and these sterilizers are urgently needed. The Joint Mission Hospital Equipment Board supplies them.

Many of your colleagues in the emergent nations in mission hospitals and medical relief programmes work in primitive conditions and with outmoded equipment. Will you help them a little by helping the Joint Mission Hospital Equipment Board to supply them with up-to-date equipment very cheaply?

All it needs is a money gift which will be carefully spent.

Please send what you think you can spare to:
Sir John Richardson, BT., M.V.O., M.D., F.R.C.P.,
Joint Mission Hospital Equipment Board, 5 Robin Hood Lane, Sutton, Surrey.

The Joint Mission Hospital Equipment Board is a registered charity and benefits from income tax rebates on covenanted gifts.

Please write for details of how to take out a personal covenant or banker's order. All gifts will be personally acknowledged. Thank you.

The habitual offender. Flatulent dyspepsia.

His is a common enough case. He has been before you many times. And it's always the same old trouble. Flatulent dyspepsia. Antacids and a variety of other preparations have failed to provide the complete answer. His symptoms keep recurring.

Now, with Maxolon, you can break this unpleasant routine. Maxolon, in contrast to antacids, overcomes the motility defects which

are so often the cause of flatulent dyspepsia. So Maxolon can work where antacids would fail.

Prescribe Maxolon for your flatulent dyspepsia patients and judge the results for yourself.

PAROVEN[®]

improves capillary flow

Relief of symptoms in varicose disorders

Varicose veins, post-phlebitic syndrome, superficial thrombophlebitis, varicose ulcers, varicose eczema, ankle oedema, restless legs, paraesthesia, haemorrhoids.

Dosage Initial treatment: 4 capsules a day, preferably with meals. In most cases, at least four weeks treatment with PAROVEN is required before significant benefit is felt. At the point where the patient experiences benefit, the dosage may be adjusted to a maintenance level. Maintenance treatment: 1-2 capsules a day.

Side effects and Precautions In a few patients, slight gastro-intestinal disorders, flushes and headaches have been reported. These are usually overcome by taking the capsules with

meals or by slight adjustment of dosage. There are no known contra-indications to PAROVEN; it is virtually non-toxic and has no teratogenic effects. In keeping with current teaching and practice its use during the first trimester should, however, be avoided.

Availability Capsules, each containing 250 mg of O—(β -hydroxyethyl)—rutosides (not less than 45% troxerutin) in bottles of 20 and 100 capsules.

Paroven is known as Venoruton in certain overseas markets

Surgical hosiery provides venous support, but PAROVEN is a kind of 'physiological elastic stocking' for the capillaries.

"The most obvious effect of treatment with HR (Paroven) is the very constant relief of night cramps, with an improvement exceeding 90 per cent."

Brit J Clin Pract (1970) 23, 161

"The degree of relief in chronic aching pain in the legs was not so marked (compared with 90% improvement in night cramps and 70% improvement in heaviness of the legs), but still amounted to 54 per cent."

Brit J Clin Pract (1970) 23, 161

"Symptoms of heavy legs are improved in 70 per cent, and it was generally agreed that not only did legs feel lighter but the patients were more agile."

Brit J Clin Pract (1970) 23, 161

"The improved venous blood oxygenation and the reduced tissue oxygen extraction indicated better tissue perfusion with less blood oxygen having been taken from the increased capillary blood flow."

"N.H.S. REORGANISATION AND THE DOCTOR" SEMINARS FOR GENERAL MEDICAL PRACTITIONERS AND HOSPITAL CONSULTANTS

Several University and other education centres at the request of the Department of Health and Social Security are arranging to provide special 2-3 day seminars for general medical practitioners and hospital consultants designed to explain the reorganisation in a medical context. The seminars will provide an opportunity to consider and discuss doctor's participation in the management decisions in the integrated service, particularly the proposed new role and relationships for clinicians on the District Medical Committee and District Management Team and the role of the community physician.

The seminars will be held in the main during the period from August, 1973 to March, 1974. There will be no charge for fees or residence, and travelling expenses will be reimbursed in the usual way. For general medical practitioners attendance at these seminars will count for seniority payment purposes.

There will generally be at least one centre providing these seminars in each N.H.S. Region. Consultants and general practitioners who wish to take advantage of this opportunity to learn more about the reorganisation as it will affect doctors should ask the Secretary of the Regional Joint Liaison Committee at the Regional Hospital Board Offices or the Clerk of the Executive Council for further details of the seminars available for the Region. 4

"CONTINUOUS PAEDIATRICS"

A one day conference to be held at The Institute of Child Health on Friday, 14th September, 1973.

Paediatrics is changing. This requires a fresh look at the Child Health Services and the training of personnel. 1974 presents a challenge and opportunity. This conference is for all interested doctors whether in general or specialist practice or in public health.

Applications to attend must be received by Monday, 20th August. For details and application forms apply to The Secretary, Department of Developmental Paediatrics, The Institute of Child Health, 30 Guilford Street, London WC1N 1EH. Tel: 01-837 7618. (26547) 4

UNIVERSITY OF EXETER

POSTGRADUATE MEDICAL INSTITUTE

A full-time postgraduate course lasting 10 weeks will begin on 4th October, 1973. These courses are normally held 3 times a year starting in October, January and April, but there will be no course in January, 1974. Each course includes instruction in general medicine, paediatrics, preventive medicine, pathology, psychiatry, orthopaedics and general surgery. The programme is planned so that students wishing to specialize in a particular clinical subject are given facilities to do so, while other students are taught in each of the main clinical departments. Unpaid clinical attachments can be arranged at the end of the course for students requiring a longer period of training, but these are normally reserved for students sponsored by some official body.

It is sometimes possible to accept general practitioners for 1 or 2 weeks of a course, and attendance for this period is recognized under Section 63 of the Health Services and Public Health Act 1968. These courses are also recognized under the special scheme for the re-training for general practice of doctors who have been out of the Health Service for at least 5 years.

The fee for this course will be £40 (£83 for students from outside the United Kingdom). Further particulars and application forms for these courses are available from the Director, The Postgraduate Medical Institute, The University, Exeter, Devonshire. (26026) 4

THE MIDDLESEX HOSPITAL
London W1 &
Chase Farm Hospital,
Enfield, Middlesex

VOCATIONAL TRAINING SCHEME

Applications are invited for a 3 year appointment (S.H.O.) grade in a new Vocational Training Scheme for General Practice commencing September, 1973. The programme will include an initial month and the analysis of an approved training practice in the Enfield area. The first year of the hospital programme will be spent at Chase Farm Hospital, Enfield, to include 6 months in general medicine and 6 months in either accident and emergency obstetrics and gynaecology. The second year will be spent at the Middlesex Hospital, London W1, and will include dermatology, geriatrics, psychiatry, E.N.T. and ophthalmology. Throughout the three year course a half-day release scheme will operate to enable trainees to attend courses of lectures in General Practice.

Married and single accommodation will be available, and the successful applicant will be required to be resident when on duty. It is anticipated that the scheme will shortly be approved by the Royal College of General Practitioners.

Applications, together with copies of two recent testimonials, should be sent to the Hospital Secretary at Chase Farm Hospital, Enfield, by 21st August. Please quote reference M. (53513) 22

UNIVERSITY OF BRISTOL

VOCATIONAL TRAINING FOR GENERAL PRACTICE

Applications are invited for a three year traineeship in Vocational Training for General Practice, consisting of two years hospital and elective training and one year traineeship in an approved practice.

After a short period of orientation of not more than three months in the training practice, trainees will start hospital appointments at S.H.O. level in a Bristol Hospital: six months each in Medicine and Obstetrics with Gynaecology are offered, followed by two three-month periods in Paediatrics and Geriatrics. The remaining six month period in hospital will be partly or wholly elective. The three years which will be given to gain experience in special hospital, and other, departments. The trainee will complete the year in practice before or after this elective period. There will be a half-day release course during University term time throughout the three years, which will contain a special extended course in Psychiatry.

The period of orientation should start in December 1973 and the first hospital appointments will start on 1st February, 1974. Applications from suitably qualified practitioners should give details of previous experience, the names and addresses of two referees, and quote a date when they would anticipate being able to start the preliminary orientation period in practice. Applications should be sent before 31st August, 1973.

It may be possible also to assist practitioners wishing to complete requirements for vocational training, who have already in part fulfilled the necessary criteria. The course is recognized for the Vocational Training Award, and will be by the R.C.G.P. for their membership examination.

Applications and requests for further information should be sent to: The Adviser in General Practice, Medical Postgraduate Department, 21 Woodland Road, Bristol BS8 1TE. (26501) 22

**Imperial
Chemical
Industries
Limited**

Industrial Hygiene Research Laboratories

These laboratories provide central advisory and experimental toxicological services to Imperial Chemical Industries Limited. As well as evaluating the safety of industrial compounds, food additives and pesticides, emphasis is placed upon improving and assessing methods for studying the biological effect of foreign compounds and upon understanding mechanisms of toxicity. Good experimental facilities are available and extensions are planned.

There are two senior positions available. These are posts for people with considerable experience in the relevant area who are looking for responsible positions requiring both scientific and management skills.

Pathology Unit

A pathologist, preferably with a medical or veterinary qualification, is required to lead this Unit which is responsible for the histo-pathological work of the Laboratories. The position offers an excellent situation for someone interested in comparative pathology and would give experience in all aspects of toxicology.

Inhalation Toxicity Unit

A physiologist or pharmacologist, with several years experience of studying respiratory function in animals, is wanted to lead a Unit examining the inhalation toxicity of a wide variety of chemical compounds in several animal species and studying lung function in animals to improve the understanding of the effect of foreign compounds on the respiratory system.

The Laboratories are modern and well-equipped, and are situated in pleasant rural surroundings close to Alderley Edge, some 14 miles South of Manchester.

Salary and other conditions of employment are excellent and there are substantial fringe benefits. Help with removal and housing assistance will be given where appropriate.

Applications and enquiries should be addressed to:

INDUSTRIAL APPOINTMENTS

(See also p. xv and xvi)

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers as approved by the Representative Body, which is available on request from the Secretary.

ASSISTANT MEDICAL DIRECTOR

The Ames Company division of Miles Laboratories Limited, is a world leader in the development of clinical information systems. To support their continuing growth we seek an Assistant Medical Director, responsible to the Head of our Department of Medical and Scientific Affairs, for meeting the information needs of both the division and the medical profession, in relation to a wide and growing range of products.

The successful candidate will expand knowledge on existing products, generate information on new products through field trials and seek information on future needs for aids in clinical diagnosis. The position therefore will appeal to someone with a strong interest in applied research.

Our need is for a registered medical practitioner, male or female, with a good background in clinical medicine — previous experience in clinical pathology an advantage but not essential.

He will work in an active and stimulating atmosphere with occasional travel in the UK and abroad. He will enjoy salary and benefits consistent with the seniority of the position, and will work in a pleasant rural setting only 40 minutes' travel from Central London.

Please apply with a brief resume of background and experience to the Personnel Manager, Miles Laboratories Limited, Stoke Court, Stoke Poges, Bucks.

MILES

CHIEF MEDICAL OFFICER

Dunlop wish to recruit a Chief Medical Officer to advise upon, co-ordinate and develop the professional supervision of medical policies throughout the Dunlop Group. The appointment will be located in Birmingham.

He will advise on standards of medical staffing and facilities, maintain professional supervision of medical care, and seek to eliminate or control health and environmental hazards. An important aspect of his work will be to advise on possible dangers to health resulting from development of new manufacturing materials and processes to meet the Group's expanding interests.

The successful candidate will already have had considerable experience in occupational health and have obtained a Diploma in Industrial Health, or an appropriate higher medical qualification.

The salary for the appointment will be negotiable within the scale recommended by the B.M.A. for Chief Medical Officers in Industry. The usual benefits applicable to senior appointments will apply and include pension arrangements, a company car, and assistance with relocation expenses. The Future General Practitioner

Learning and Teaching

General or family practice is a special subject. This book is written by six experienced teachers selected by the Council of the Royal College of General Practitioners. It is intended chiefly for teachers, but it will also be valuable to those who are learning and to all who are concerned about the place of family practice within a country's medical services.

A syllabus is developed in five main parts:

Health and Diseases

Human Development

Human Behaviour

Medicine and Society

The Practice

Throughout the book the authors have tried to indicate ways in which the teacher may approach the task of passing on what he had learned by his own experience. The theme is the search for objectives which will satisfy the needs of learner and teacher. The belief is that this search will benefit the future family practitioner and through him the community of his patients.

Consultant Anaesthetist
From £8,000 per annum

Nchanga Consolidated Copper Mines Ltd., Zambia's largest mining company, requires an immediate Consultant Anaesthetist for a vacancy at its Rokana Division in Kitwe. The Division employs a labour force of approximately 10,000 out of a total population of 180,000.

There are two hospitals of 44 and 285 beds respectively, and the medical department under the Chief Medical Officer includes a consultant physician, surgeon, obstetrician/gynaecologist, and anaesthetist, as well as a number of general duties medical practitioners with full supporting staff.

Applicants should hold a higher qualification (F.F.A.) or the D.A. with considerable experience.

Salary will be from K13,300 gross per annum (£8,000). Appointments are on a 1-3 years contract basis (renewable).

Additionally: passages are paid to and from Zambia every two years for the appointee and his family; there is a tax free settling-in allowance and an interest free car loan; children's education and education travel allowances are also tax free, and the Company has its own private primary schools; leave is at the rate of 60 days per annum; accommodation is rent-free.

The Exchange Control Regulations allow for the externalisation of up to 33 1/3% of gross salary monthly, with an additional end of contract allowance.

N.B. Locum appointments are also available.

Consultant Pathologist
Zambia

Applications are invited for the position of Consultant Pathologist with the Rokana Division of Nchanga Consolidated Copper Mines Limited at Kitwe, Zambia.

The successful candidate will have a higher degree in pathology and will be primarily a morbid anatomist, preferably with experience in cytology. In addition to providing a histopathology and cytology service he will supervise the sections of bacteriology, parasitology, haematology, blood transfusion and biochemistry.

The central pathological laboratory of Rokana Division has a staff of five qualified laboratory technologists in addition to a number of local laboratory assistants. This laboratory also performs histopathology and cytology for the medical departments of the other three mines in the N.C.C.M. group. At present the qualified technical staff is entirely expatriate. However, in co-operation with the group training department and the Evelyn Hone College of Further Education in Lusaka, the Rokana pathological laboratory takes part in a scheme of technician training for Zambians. A training officer/laboratory supervisor has been appointed to supervise the student technicians in the

practical part of the course. The Pathologist will be required to take particular interest in this training.

The appointment is on a one to three year contract, renewable. The starting salary will be dependent upon experience and qualifications, but will not be less than K13,300 (£8,000) gross p.a. Additionally: passages are paid to and from Zambia every two years for the appointee and his family; there is a tax free settling-in allowance and an interest free car loan; children's education and education travel allowances are also tax free, and the Company has its own private primary schools; leave is at the rate of 60 days per annum; accommodation is rent-free.

Exchange Control Regulations allow up to 33 1/3% gross income to be remitted annually.

Applications giving full details will be treated in the strictest confidence and should be submitted to:

Semi-display advertisements must reach this office by 10 a.m. on the Tuesday of the week preceding date of issue.

Cancellation and corrections of advertisements must be received before 12 noon on the Friday of the week preceding date of issue (issues affected by public holidays excepted).

It is requested that when stamped addressed envelopes are enclosed in response to advertisements advertisers will ensure that a reply is sent.

Every effort is made to ensure the accuracy of advertisements appearing in the Journal. No recommendation is implied by acceptance, and the Editor of the *British Medical Journal* reserves the right to refuse, discontinue or interrupt the insertion of any advertisement.

NOTICE TO READERS

REPLIES TO BOX NUMBERS. The names and addresses of advertisers under box numbers are held by us in strict confidence and cannot be disclosed. Each Box Number should be addressed separately. Two or more replies can be enclosed in one envelope. The replies will be forwarded to the advertisers in plain envelopes.

A guide to the Hospitals in the United Kingdom

This new edition is even more comprehensive than those previously published with a new easy read format. It is possible to tell at a glance:

The number of beds;
the establishment of medical staff;
nature of special departments;
study leave, off duty time, etc.;
opportunities for preparation for postgraduate diplomas;
the kind of accommodation provided;
facilities for recreation and other relevant facts.

Specially reduced price for B.M.A. members and senior medical students £2.50 including postage. (Cover price £3.50 including postage.)

Hazard Ahead...

but with care, one that is readily overcome.

The 'Hazards' facing you and your family are not so easily tackled, but with the same care you can provide for yourself and your dependants with the right type of insurance.

Understandably, you may not know where to start, but the Medical Insurance Agency, with its knowledge of the insurance market and of the needs of the medical and dental professions, will help you to find the policy that is exactly right for you.
