# This is what we call practising medicine.

A career in Naval medicine can be a rewarding experience. Opportunities to specialise abound. And perhaps above all else, there is an immense satisfaction to be gained from the wide variety of work you will be involved in.

At sea, for instance, you could be anywhere from the Mediterranean to the Pacific Ocean. Looking after the health and well being of the company of a modern warship.

And though you could spend as long as the first twelve months of your five year Short Service Commission on board different ships, you need have no fear of losing contact with mainstream medicine. For no matter where you are, you will be kept informed of current medical opinion.

After this, the choice is yours. Post graduate medical training and a career in the clinical disciplines at one of our naval district general hospitals. Haslar or Plymouth, for instance, with their wide spectrum of clinical material drawn from naval personnel, their dependants and the local civilian population as well. There are also naval hospitals in Malta and Gibraltar with opportunities for exchange appointments elsewhere.

Or you might prefer occupational medicine in our research orientated naval dockyards. Aviation medicine with its accent on rotary wing support of the Fleet. And for those with an administrative turn of mind, community medicine.

Royal Naval expertise in maritime medicine is recognised world wide and research into underwater medicine, nuclear medicine and the closed submarine environment is centred

at the Institute of Naval Medicine at Alverstoke.

Naval general practice in well staffed and equipped medical centres extend as far afield as Malta and Hong Kong. And new training schemes are now under way in the United Kingdom.

Should you be moved or sent abroad at any time, all expenses will be paid by us. We will help you with accommodation (at very reasonable rents) and provide allowances for the education of your children, if you have a family.

If you enter the Royal Navy immediately after registration you will be given the rank of Surgeon Lieutenant and a salary of £4,776,\* rising to £4,929\* after four years.

On the other hand, if you are older (up to the age of 39) and more experienced, we can offer you a number of opportunities in general practice and the specialities. And, depending on your post-registration experience, you could enter as a Surgeon Lieutenant Commander at a salary of £5,780,\* rising to £6,375\* after five years.

Then, at the end of your five year Short Service Commission you could leave with a tax free gratuity of £3,000.

But if it is mutually agreeable, you could apply for a Full Career Commission or a 16 year pensionable commission. The choice is yours.

In the meantime if you would like further information, write giving details of your age and qualifications to Surgeon Commander L.C. Banks, R.N., (724 BU24) Department of the Medical Director General (Naval), Empress State Building, Fulham, London SW6.

**"It is concluded that  
maintenance treatment  
of ulcerative colitis with  
sulphasalazine  
(salazopyrin) should be  
continued indefinitely  
unless contraindicated  
by side effects".<sup>1</sup>**

The results of the above controlled trial carried out at the Nuffield Department of Clinical Medicine, Radcliffe Infirmary, Oxford, are all the more welcome as earlier trials of cortisone<sup>2</sup> and prednisone<sup>3</sup> at standard dosages have shown them to be totally ineffective in reducing the number of recurrences of ulcerative colitis.

"Fortunately, Sulphasalazine tablets, 0.5 grams, 4 times a day will prevent relapses in the majority of patients with colitis, and only a few patients cannot tolerate this relatively small dose, which can be continued indefinitely, since we do not know when, if ever, it can be safely stopped".<sup>4</sup>

**"A striking difference in the relapse rate".**

"The patients who received dummy tablets had more than four times the relapse rate of those receiving sulphasalazine".<sup>1</sup> (Salazopyrin).

Salazopyrin (sulphasalazine) is available as the plain 0.5 g. tablet, 0.5 g. EN-tab and as an 0.5 g. suppository. Literature and detailed information on Salazopyrin are available on request.

# Some people take barbiturates because they can't face another day

Every year many thousands of people attempt to kill themselves with barbiturates. Some die. Most survive. But usually only after intensive treatment, in hospital.

Virtually all of these patients could be transferred to Mogadon, which is much safer,<sup>1</sup> but just as effective in inducing sleep.<sup>2</sup> Moreover, it causes few of the barbiturates' many other problems.<sup>3-5</sup>

Patients may still try to kill themselves. But with Mogadon few, if any, would succeed and most would recover in less than 12 hours without treatment.<sup>1</sup>

## COURSE ON DEVELOPMENTAL PAEDIATRICS

It is proposed to hold a further course for the academic year 1975/76 in association with Child Health Specialists in the Leeds Region.

The Course will consist of three terms commencing 29th September, 1975. The first term begins with a full week's introduction to the main theme followed by one day per week on Wednesdays at the postgraduate centre at Seacroft Hospital, Leeds. The final term is on a day per week basis except for the last 3 days when a written and clinical examination will take place together with the presentation of dissertations. Successful candidates will be awarded an appropriate certificate.

The first week, September 29th — October 3rd, 1975, is a self-contained introductory course to Develop Paediatrics, including demonstrations of practical tests. Applications are invited for attendance for this week only. Fee £20.

The outline of the syllabus is as follows:-

- Term I: Developmental Paediatrics
- Term II: The Child with Physical Handicaps
- Term III: The Child with Emotional and Educational Problems

The Course is recognised by the Department of Education and Science for the purpose of the Medical Examinations (Subnormal Children) Regulations 1959 and provides valuable in-service training for medical officers wishing to remain in the clinical field of community child health.

Whole Course fee: £150.

# M.R.C. CLINICAL RESEARCH CENTRE (Northwick Park Hospital) Watford Park, Harrow Middx. HA1 3UJ

Applicants are invited to fill a senior vacancy in the Clinical Scientific Staff of the Division of Inherited Metabolic Diseases of the Medical Research Council's Clinical Research Centre, Harrow (Head of Division, Dr. R. W. E. Watts). An honorary clinical contract at consultant level will be negotiated with the North West Thames Regional Health Authority on behalf of the successful applicant.

The Division of Inherited Metabolic Diseases is multi-disciplinary, the staff including physicians, geneticists and biochemists: collaborative work with other divisions of the Clinical Research Centre is encouraged.

The Division aims to study the clinically important aspects of human biochemical variation, in particular inborn errors of metabolism and some aspects of abnormal drug sensitivity. The successful applicant will be required to initiate research in one of these areas, and to have already demonstrated his capacity for original work. He/she must hold the M.R.C.W.J.K. and have had training and experience in the scientific discipline relevant to his field of clinical research. This is most likely to have been biochemistry, pharmacology or genetics.

The clinical work of the Division is primarily related to its research activities, but also includes an element of adult general medicine which is undertaken by the Head of the Division and by the present holder of this post. The scope of the Division is such that the new appointee could be an adult physician with a special interest in metabolic diseases, a paediatrician or a specialist in mental subnormality. The clinical work undertaken would be in the appointee's clinical discipline. If it were necessary for the appointee to carry out part of his work at any other hospital a joint appointment with that hospital would be considered or negotiations undertaken for an appropriate honorary appointment there.

The Division is well equipped for most types of biochemical research, and clinical facilities for metabolic studies are excellent.

Application forms may be obtained from Mrs. J. Tucker-Bull.

## APPOINTMENTS

Applicants for medical appointments are advised to check whether the post advertised is included in the Important Notice and to scrutinize carefully the remuneration and terms of service offered. Any member who is in doubt about these terms in relation to B.M.A. agreements should consult the Secretary of the Association.

Advertisers are reminded that the Race Relations Board insists that no descriptive term implying racial, national, or ethnic characteristics may be used in any advertisement. Further, readers are advised not to apply for any appointment which discriminates between applicants on grounds of creed or sex.

## HOSPITAL APPOINTMENTS

Applicants should state names, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles from a hospital. Advertisements for post-registration house officers, senior house officers and registrars should state clearly whether the post is resident, i.e. compulsorily resident.

In all advertisements grade should be clearly indicated. Normally a consultant vacancy must be advertised as (a) part-time with the number of sessions clearly stated, or (b) whole-time with the option of maximum part-time.

In the view of the BMA, an advertiser should not insist on possession of English higher qualifications in preference to Scottish or Irish qualifications (or vice versa).

## SALARY SCALES OF HOSPITAL MEDICAL STAFF

**HOUSE OFFICER:** Each post in this grade shall be tenable for six months. £2,859 per annum for the posts held during the first year; £3,075 per annum for posts held during the second year; £3,294 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

**SENIOR HOUSE OFFICER:** £3,663 per annum x £243(1) — £3,906 x £246(1) — £4,152

Deductions of £210 per annum in respect of lodging only for voluntary residence.

**REGISTRAR:** £4,152 per annum x £222(3) — £4,818 x £291(1) — £5,109.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale and £234 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

**SENIOR REGISTRAR:** £4,818 x £291(1) — £5,109 x £294(1) — £5,403 x £291(2) — £5,985 x £294(1) — £6,279.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

**MEDICAL ASSISTANT:** £4,548 x £258(4) x £234(1) x £222(9) — £7,812.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

**CONSULTANT:** £7,536 x £786(1) x £789(3) — £10,689.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

**COMPULSORY RESIDENCE:** The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate.

## COMMUNITY MEDICINE

National Scale. Specialist in Community Medicine/District Community Physician/District Medical Officers: £7,536 x £786(1) x £789(3) — £10,689 p.a.

The Social Security Branch of the Department of Health and Social Security offers experienced medical practitioners intellectual challenge and the opportunity, if they wish, to move among offices located across the country.

The work is organised in Regional and Central Offices as follows:

### Regional Offices in England; Scottish Central Office (Edinburgh); Welsh Central Office (Cardiff).

As a Medical Officer in one of these Offices, you will advise on all aspects of claims for benefit and other matters that relate to Social Security; arrange War Pensions and Industrial Injuries Medical Boards for assessment of disablement; and handle claims for Attendance and other allowances. You will find your work, though mainly documentary, to be of wide medical interest, and you will have opportunities to practise clinical medicine, including domiciliary visits.

### Central Office, Blackpool.

Working here you will be asked to advise on all aspects of War Pensions entitlement and assessment, and on Attendance and other allowances. Again, the work is of wide medical interest, and you could be involved with clinical medicine in connection with Attendance Allowance, including domiciliary visits.

At present there are Medical Officer vacancies in the Central Office, Blackpool, and in the Nottingham Regional Office, and probably elsewhere.

Applicants must be aged at least 28, be fully registered as Medical Practitioners in the United Kingdom, and have good clinical experience.

Knowledge of Medical Boarding and assessment of disablement will be an advantage.

Salary scale: £6985 - £9560 p.a. Starting salary could be up to the maximum of this scale for successful candidates with especially valuable qualifications or experience.

To learn more about the work, you may like to contact the Senior Medical Officer in your nearest Regional Office or Central Office.

For an application form (to be returned by 8 August 1975), write to Civil Service Commission, Alencon Link, Basingstoke, Hants RG21 1JB, or telephone Basingstoke (0256) 68551 (answering service operates outside office hours) or London 01-839 1992 (24 hour answering service). ### GRAMPIAN HEALTH BOARD South District

#### APPOINTMENT OF DISTRICT MEDICAL OFFICER

**Applications** are invited from suitably qualified registered medical practitioners for the post of **District Medical Officer** in the **South Grampian District**. This is a challenging and demanding oppaointment calling for a vigorous approach to the Health care problems in one of Scotland's largest Districts which includes a concentration of teaching hospitals on one site.

**Candidates** should therefore have had experience of medical administration at a senior level. A knowledge of the working of other public services (e.g. Education and Social Work) would be beneficial and previous involvement in environmental health and the control of communicable diseases would be an advantage. Importance is also attached to experience in the provision of integrated health care and the use of medical information systems. The possession of an appropriate higher qualification is required as evidence of training and experience in these fields.

**The salary** is on the scale of Specialists in Community Medicine (currently £7,536 to £10,689 per annum) and the conditions of service are those laid down by the Medical and Dental Whitley Council for application to Administrative Medical Staff.

**Further particulars** of the appointment may be obtained from the **Area Personnel Officer, Grampian Health Board, 1 Albyn Place, Aberdeen, AB9 1RE**, with whom applications should be lodged by **16th August, 1975**. (26232) 113

### EAST SUSSEX AREA HEALTH AUTHORITY Hastings Health District CLINICAL MEDICAL OFFICER (Child Health)

(Salary £4,422 to £6,273) Applications are invited for the above appointment. The person appointed would be responsible to the Specialist in Community Medicine (Child Health) at Area level, through the District Senior Medical Officer, (Child Health), for clinical work with children, to cover the whole range to school leaving, and to include the handicapped child. While preference would be given to an applicant qualified to assess E.S.N. children, postgraduate training in developmental assessment and in the assessment of the handicapped child would be offered to a suitable applicant.

This is a forward-looking Authority and there are close links between hospital paediatric services and the community. This would be a valuable appointment for a doctor seeking a career in child health.

Application forms available from The Area Personnel Officer, East Sussex Area Health Authority, P.O. Box 10, County Hall, St. Anne's Crescent, Lewes, Sussex. Tel: Lewes 5400 Ext: 205. Closing date 4th August, 1975. (26374) 113

### MERTON, SUTTON & WANDSWORTH AREA HEALTH AUTHORITY (Teaching)

#### PRINCIPAL MEDICAL OFFICER (CHILD HEALTH)

Applications are invited from registered medical practitioners with experience in the community child health services. The post is designed to provide at Area level the necessary support for the Area Specialist in Community Medicine (Child Health) in order to ensure the effective planning and organisation of the newly created integrated child health services, to assist in the training of doctors working in the field of child health and to participate in the assessment of the handicapped child.

The Merton/Sutton/Wandsworth Area provides a particularly interesting challenge as regards child health. Apart from the complexity imposed by the three Districts not being coterminous with the four collaborating local authorities there is the necessity to restructure the services to take into account the changed pattern of child health This will involve close collaboration between the paediatric hospital services and the primary care teams in the community to ensure the universal surveillance of all children in order to promote the early detection of physical and mental defect or emotional disorder.

In association with the Education Authorities and Social Service Departments plans are being made to broaden the existing comprehensive assessment of all children suspected of handicap with the view to providing treatment and meeting the needs of the handicapped child and his family.

Salary scale: £4650-£8307 plus London Weighting.

Job description and application forms can be obtained from Dr. Rosemary Graham, Area Specialist in Community Medicine (Child Health), Merton/Sutton/Wandsworth Area Health Authority (Teaching), 'Homewood', 14 Atkins Road, Balham, SW12 0AD. Closing date 29th July, 1975. (26073) 113

**DOCTORS ABROAD.** Copies of vacancies advertised in the *Journal* can be sent by AIR MAIL: Members rate: minimum cost is £3 for six weeks' supply, which covers up to five separate headings. Non-members rate: £4 minimum for six weeks' supply of five headings or less. Additional headings: 50p each for six weeks' supply (for members and non-members). ### TRAFFORD AREA HEALTH AUTHORITY

#### CLINICAL MEDICAL OFFICER

Applications are invited from registered Medical Practitioners for this full-time appointment in the Child Health Service (for children of all ages). Duties include clinical work at Child Health Centres and Schools throughout the Area, but the successful applicant will be based at Old Trafford Clinic and most of the work will be carried out in and around this Area. In addition work in Wellwoman Clinics and Family Planning Clinics may ultimately be available to a doctor with appropriate experience and training.

Knowledge of developmental paediatrics and experience in the work of a school health service would be an advantage, but experience in the ascertainment of handicapped pupils is not essential.

The Borough of Trafford was created in April 1974 and is situated in the South West corner of Greater Manchester. The borough comprises both industrial and rural districts with extensive areas of the most attractive housing in Greater Manchester.

Salary Scale £3,624-£5,040 p.a. Car user allowance in accordance with the N.H.S. scale.

Application forms and further details may be obtained from the Area Medical Officer, Trafford Area Health Authority, Oakland House, Talbot Road, Old Trafford, Manchester M16 0PQ. Ref. E3493/3. Closing date 8th August, 1975. (25994) 113

NORTH CANTERBURY HOSPITAL BOARD  
Christchurch New ZealandSpecialist  
Anaesthetists

Applications, closing at 9 a.m. on Wednesday, 13th August, 1975, are invited from suitably qualified registered medical practitioners for whole-time positions as Anaesthetists to the Board. Applicants should be Fellows of the Faculty of Anaesthesia of one of the Royal Colleges of Surgeons, have been qualified for not less than eight years, and have had at least five years practical experience in anaesthesia, which will qualify them as specialists under the New Zealand Hospital Service Determination applicable to medical officers.

The Board operates four major hospitals in the Christchurch area: Christchurch Hospital of 427 beds (to increase to 690 in 1976), The Princess Margaret Hospital of 320 beds, Christchurch Women's Hospital of 154 beds and Burwood Hospital of 265 beds. These teaching hospitals are closely associated with The Christchurch Clinical School and its academic departments. Opportunities exist for undergraduate teaching as well as research under the guidance of the Associate Professor of Anaesthesia. The hospitals are approved for training of registrars by the Faculty of Anaesthetists of the Royal Australasian College of Surgeons, and successful applicants would be expected to participate in postgraduate teaching activities.

One of the posts available is a newly-created one at Christchurch Women's Hospital, where 70 beds are devoted to obstetrics, with about 2000 deliveries per year. The professorial Obstetrics and Gynaecology Unit is based at this hospital. It is envisaged that the successful applicant for this post would spend about 90% of his time at this hospital, under the general direction of the Board's Head of the Department of Anaesthetics, organising and maintaining a continuous obstetric analgesia and anaesthesia service along with other members of the Board's Anaesthetics Department. Training of anaesthetics registrars would be an important component of this work. Of the remaining beds at this hospital, 64 are for gynaecological patients, and 20 are neo-natal beds controlled by the Department of Paediatrics.

An appointee to a general post, on the other hand, would be expected to participate in all the activities maintained by the Board's Department of Anaesthetics, which covers the needs of a modern teaching hospital group.

Applicants should state whether they are applying specifically for the post at Christchurch Women's Hospital or for a general duties post.

Salary will be within the range of \$NZ13,102-\$NZ17,547 according to qualifications and experience.

The North Canterbury Hospital Board serves a population of approximately 350,000. Christchurch itself has a pleasant temperate climate, is close to the sea and within easy reach of the mountains, where all forms of winter sports are available. It is also noted for its cultural and sporting facilities.

Conditions of Appointment and Schedule of Duties together with details of assistance which may be available towards travelling expenses, are obtainable from the Chief Executive, North Canterbury Hospital Board, Private Bag, Christchurch, New Zealand. Applications should contain full details of age, qualifications, experience etc., together with names and addresses of three referees from whom confidential reports may be obtained. Please quote vacancy number 10/142 (A).

Overseas correspondence should be forwarded by airmail.
