

# Constipation is a bind

Constipation may not be the most serious condition requiring treatment; but the distress and pain that it can lead to are often cause for concern to the patient, doctor and nurse alike.

That's why all concerned will appreciate new Laxoberal.

New Laxoberal is a liquid laxative containing just one active agent – sodium picosulphate – whose actions promote the gentle passing of a soft but formed stool, to avoid both pain and strain. While side-effects are kept to a minimum.

Moreover, new Laxoberal comes in a light, easy-flowing, pleasant-flavoured preparation that's easy to take and goes down well – with young and old alike.

That's why Laxoberal makes constipation less of a bind – for all concerned.

**New! Laxoberal®  
shows concern  
for all concerned.**

It's the reflux, not the acid,  
that causes the pain.  
Like causing oesophagitis.  
And heartburn.

All the more reason for prescribing  
Gaviscon rather than simple antacids.

Gaviscon suppresses gastric  
reflux—simple antacids don't. Recent  
evidence confirms that Gaviscon  
reduces the number of reflux episodes  
as well as the time during which the  
lower oesophageal pH is acid.<sup>1</sup>  
And Gaviscon has the backing of more  
than ten years' clinical experience in  
the treatment of reflux heartburn.

Mrs. Jackson

Mrs. Jackson's migraines, while frequent, do not follow an entirely predictable pattern. She dislikes the side-effects of ergotamine treatments: long-term prophylaxis would involve an unacceptable degree of over-medication. Is there an alternative?

2 PINK MIGRALEVE, taken at the first warning, will often completely abort impending Migraine attacks. Residual symptoms, if any occur, can be controlled with Yellow Migraleve. Like most patients, Mrs. Jackson will find such a regime preferable, because Migraleve offers:

- Less medication than with long-term prophylactic treatments
- Economic dosage, taken only as attacks occur
- Proven effectiveness in 79% of attacks<sup>2</sup>
- Considerably less vomiting than with ergotamine<sup>1</sup>
- Proven patient preference<sup>1</sup>

# NEW EDITION OF A SURGERY CLASSIC ABDOMINAL OPERATIONS

Edited by **RODNEY MAINGOT**

**SIXTH EDITION**

A new Sixth Edition which has been considerably revised and up-dated to keep pace with the advances made in abdominal surgery during the five years since the publication of the Fifth Edition. More than 20 new chapters and chapter sections and more than 600 new illustrations have been added, including several new colour plates.

**Outstanding features:**

- Ninety-seven of the most prominent abdominal surgeons as contributors.
- A complete and explicit account of the technique of all the approved abdominal operations practiced today in Great Britain and the United States.
- A thorough discussion of choice of operation, pre and post-operative care, difficulties and dangers, complications, and recent progress.

"This work, which is comprehensive, factual, and profusely illustrated, is a great credit to British and American surgery and should be widely read by surgeons all over the world . . . It is by far the best work which has so far been published on abdominal operations." *(British Journal of Surgery)*

## First they need a quick shot in the arm...

In confusional states following acute febrile illness or surgery, alcoholic or drug-induced psychoses, and in peripheral neuritis associated with a malabsorption syndrome, patients should benefit from 2 days intensive intravenous administration of Parentrovite high potency B and C vitamins. After which, therapy can be continued by the intravenous or the intramuscular route for 5-7 days. This treatment rapidly assists a return to normal intracellular glucose metabolism, the consequence of which is a significant improvement in the patients condition.

**Parentrovite** high potency injectable vitamins for initial therapy

then **Orovite** follows on naturally from Parentrovite

As soon as the clinical situation allows, the patient can be switched to maintenance therapy with Orovite until full health is restored.

Orovite: high concentrations of vitamins B and C in tablet or elixir form.

Full information on Orovite (regd.) and Parentrovite (regd.) is available on request from Bencard, Great West Road, Brentford, Middlesex.

## UNIVERSITY AND RESEARCH APPOINTMENTS

### UNIVERSITY OF DUNDEE Centre for Medical Education

Applications are invited for a FELLOWSHIP MEDICAL EDUCATION

which provides an opportunity for a candidate with a medical qualification to work in an established medical education department on a project concerned with a new approach to medical text books while simultaneously extending his medical experience in a number of fields and gaining experience in applying modern educational techniques to medicine.

The Fellowship will be tenable for up to two years and will carry a salary on the Clinical Lecturers' scale £5,742-£6,927. It is expected that an associated Honorary Clinical appointment will be available at the new Ninewells Hospital and Medical School for the successful candidate. Although an interest in medical education is essential formal training in the subject is not. A higher qualification in medicine is desirable. Further particulars of the post may be obtained from Dr. R. M. Harden, Centre for Medical Education, The University, Dundee, DD1 4HN.

Applications, quoting Reference Est/72/75M and containing the names of three referees should be sent to The Secretary, The University, Dundee DD1 4HN, by 16th August, 1975. (26555) 25

# APPOINTMENTS

Applicants for medical appointments are advised to check whether the post advertised is included in the Important Notice and to scrutinize carefully the remuneration and terms of service offered. Any member who is in doubt about these terms in relation to B.M.A. agreements should consult the Secretary of the Association.

Advertisers are reminded that the Race Relations Board insists that no descriptive term implying racial, national, or ethnic characteristics may be used in any advertisement. Further, readers are advised not to apply for any appointment which discriminates between applicants on grounds of creed or sex.

# HOSPITAL APPOINTMENTS

Applicants should state names, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles from a hospital. Advertisements for post-registration house officers, senior house officers and registrars should state clearly whether the post is resident, i.e. compulsorily resident.

In all advertisements grade should be clearly indicated. Normally a consultant vacancy must be advertised as (a) part-time with the number of sessions clearly stated, or (b) whole-time with the option of maximum part-time.

In the view of the BMA, an advertiser should not insist on possession of English higher qualifications in preference to Scottish or Irish qualifications (or vice versa).

# SALARY SCALES OF HOSPITAL MEDICAL STAFF

**HOUSE OFFICER:** Each post in this grade shall be tenable for six months. £2,859 per annum for the posts held during the first year; £3,075 per annum for posts held during the second year; £3,294 per annum for posts held during the third and subsequent years, subject to full registration.

**NON-RESIDENT REGISTRAR**  
Two-year appointment renewable after one year to be held at Claybury Hospital with the possibility of rotating for one year to Whipps Cross Hospital. Both hospitals are within easy reach of central London. The post is accredited for the full course of psychiatric training towards the M.R.C.Psych. and recognised for the D.P.M. Claybury is a progressive psychiatric hospital of 1,560 beds with seven admission firms and a high turnover of patients. It is well known for its therapeutic community methods of approach to treatment. The hospital is organised into firms, each serving a sector of catchment area. Each Registrar works on an admission ward under Consultant supervision and has responsibility for long-stay wards. The Registrar undertakes out-patient work and has the opportunity to train in group psychotherapy under a Consultant Psychiatrist. Whipps Cross is a general hospital with a very active psychiatric out-patient service and limited facilities for selected in-patients. The Psychiatric Registrar at this hospital works under the direct supervision of one Consultant and could obtain wide experience of psychiatric problems presenting to a general hospital. There are no formal night duties at Whipps Cross. There is a psychiatric library at Claybury and an active educational centre at Whipps Cross. One half day a week is devoted to postgraduate seminars and case conferences. Facilities are also offered for attendance at other recognised courses. Married or single accommodation is available if required.

## GOVERNMENTAL

Department of Health  
and Social Security

**Medical  
Officers**  
(Social Security)

up to £9560 p.a.

(26535) 112

The Social Security Branch of the Department of Health and Social Security offers experienced medical practitioners intellectual challenge and the opportunity, if they wish, to move among offices located across the country.

The work is organised in Regional and Central Offices as follows:

**Regional Offices in England; Scottish Central Office (Edinburgh); Welsh Central Office (Cardiff).**

As a Medical Officer in one of these Offices, you will advise on all aspects of claims for benefit and other matters that relate to Social Security; arrange War Pensions and Industrial Injuries Medical Boards for assessment of disablement; and handle claims for Attendance and other allowances. You will find your work, though mainly documentary, to be of wide medical interest, and you will have opportunities to practise clinical medicine, including domiciliary visits.

**Central Office, Blackpool.**

Working here you will be called upon to advise on all aspects of War Pensions entitlement and assessment, and on Attendance and other allowances. Again, the work is of wide medical interest, and you could be involved with clinical medicine in connection with Attendance Allowance, including domiciliary visits.

At present there are Medical Officer vacancies in the Central Office, Blackpool, and in the Nottingham Regional Office, and probably elsewhere.

Applicants must be aged at least 28, be fully registered as Medical Practitioners in the United Kingdom, and have good clinical experience.

Knowledge of Medical Boarding and assessment of disablement will be an advantage.

Salary scale: £6985 - £9560 p.a. Starting salary could be up to the maximum of this scale for successful candidates with especially valuable qualifications or experience.

To learn more about the work, you may like to contact the Senior Medical Officer in your nearest Regional Office or Central Office.

## Locum General Practitioner Zambia

A locum general practitioner is required for a ten month period from mid-January to mid-October 1976.

The practice which is in Lusaka, the Capital of Zambia, is organised by a consortium of companies and looks after the health of some 2,300 employees, both Zambian and Expatriate, of these companies.

There is one other doctor and two S.R.N. nurses to assist in the smooth running of the practice which is organised around U.K. lines and fully equipped.

There is access to G.P. beds in the local private nursing home which has full pathological and X-ray facilities and excellent liaison exists between the modern University Teaching Hospital with its post-graduate activities etc. There is minimal night work and no domiciliary obstetrics.

The applicant should either be vocationally trained or an experienced practitioner and a graduate of a U.K. or Zambian university.

An excellent, fully equipped company house with swimming pool and car will be provided free. Three weeks paid leave and recruitment and repatriation air passages for the applicant and his family will be provided by the company.

A very generous salary will be negotiated, dependent on experience and qualification and interviews will be in London in late September 1975. Currency regulations allow one third of gross taxable emoluments to be remitted. Income tax is similar to the U.K.

Apply airmail, with curriculum vitae and names of two referees to:

## Specialist Anaesthetists

Applications, closing at 9 a.m. on Wednesday, 13th August, 1975, are invited from suitably qualified registered medical practitioners for whole-time positions as Anaesthetists to the Board. Applicants should be Fellows of the Faculty of Anaesthesia of one of the Royal Colleges of Surgeons, have been qualified for not less than eight years, and have had at least five years practical experience in anaesthesia, which will qualify them as specialists under the New Zealand Hospital Service Determination applicable to medical officers.

The Board operates four major hospitals in the Christchurch area: Christchurch Hospital of 427 beds (to increase to 690 in 1976), The Princess Margaret Hospital of 320 beds, Christchurch Women's Hospital of 154 beds and Burwood Hospital of 265 beds. These teaching hospitals are closely associated with The Christchurch Clinical School and its academic departments. Opportunities exist for undergraduate teaching as well as research under the guidance of the Associate Professor of Anaesthesia. The hospitals are approved for training of registrars by the Faculty of Anaesthetists of the Royal Australasian College of Surgeons, and successful applicants would be expected to participate in postgraduate teaching activities.

One of the posts available is a newly-created one at Christchurch Women's Hospital, where 70 beds are devoted to obstetrics, with about 2000 deliveries per year. The professorial Obstetrics and Gynaecology Unit is based at this hospital. It is envisaged that the successful applicant for this post would spend about 90% of his time at this hospital, under the general direction of the Board's Head of the Department of Anaesthetics, organising and maintaining a continuous obstetric analgesia and anaesthesia service along with other members of the Board's Anaesthetics Department. Training of anaesthetics registrars would be an important component of this work. Of the remaining beds at this hospital, 64 are for gynaecological patients, and 20 are neo-natal beds controlled by the Department of Paediatrics.

An appointee to a general post, on the other hand, would be expected to participate in all the activities maintained by the Board's Department of Anaesthetics, which covers the needs of a modern teaching hospital group.

Applicants should state whether they are applying specifically for the post at Christchurch Women's Hospital or for a general duties post.

Salary will be within the range of \$NZ13,102-\$NZ17,547 according to qualifications and experience.

The North Canterbury Hospital Board serves a population of approximately 350,000. Christchurch itself has a pleasant temperate climate, is close to the sea and within easy reach of the mountains, where all forms of winter sports are available. It is also noted for its cultural and sporting facilities.

Conditions of Appointment and Schedule of Duties together with details of assistance which may be available towards travelling expenses, are obtainable from the **Chief Executive, North Canterbury Hospital Board, Private Bag, Christchurch, New Zealand.** Applications should contain full details of age, qualifications, experience etc., together with names and addresses of three referees from whom confidential reports may be obtained. Please quote vacancy number 10/142 (A).

**Overseas correspondence should be forwarded by airmail.**
