

Stemetil the rational treatment for anxious patients with work to do

Good^{1,2} for the working patient, as it controls the emotional disturbance promptly.

Better³ for those who keep on working, in that it brings quick relief from incapacitating psychosomatic symptoms, particularly dizziness and nausea.

Best⁴ for those who must work, because it does not impair alertness or mental functions, and there is no dependence.

Dermovate

Scalp Application

**Your patients will find
there's nothing
to show for it!**

Treatment of scalp psoriasis and severe seborrhoeic dermatitis with Dermovate Scalp Application gives dramatic results.

No scaling, no itching and no mess!

Dermovate Scalp Application is designed to deal with the difficult case. The long standing or recalcitrant condition. Dermovate Scalp Application contains clobetasol propionate which in clinical trials has shown itself effective in resolving these conditions, often succeeding where other therapies have failed, with improvement frequently being seen in just a matter of days.

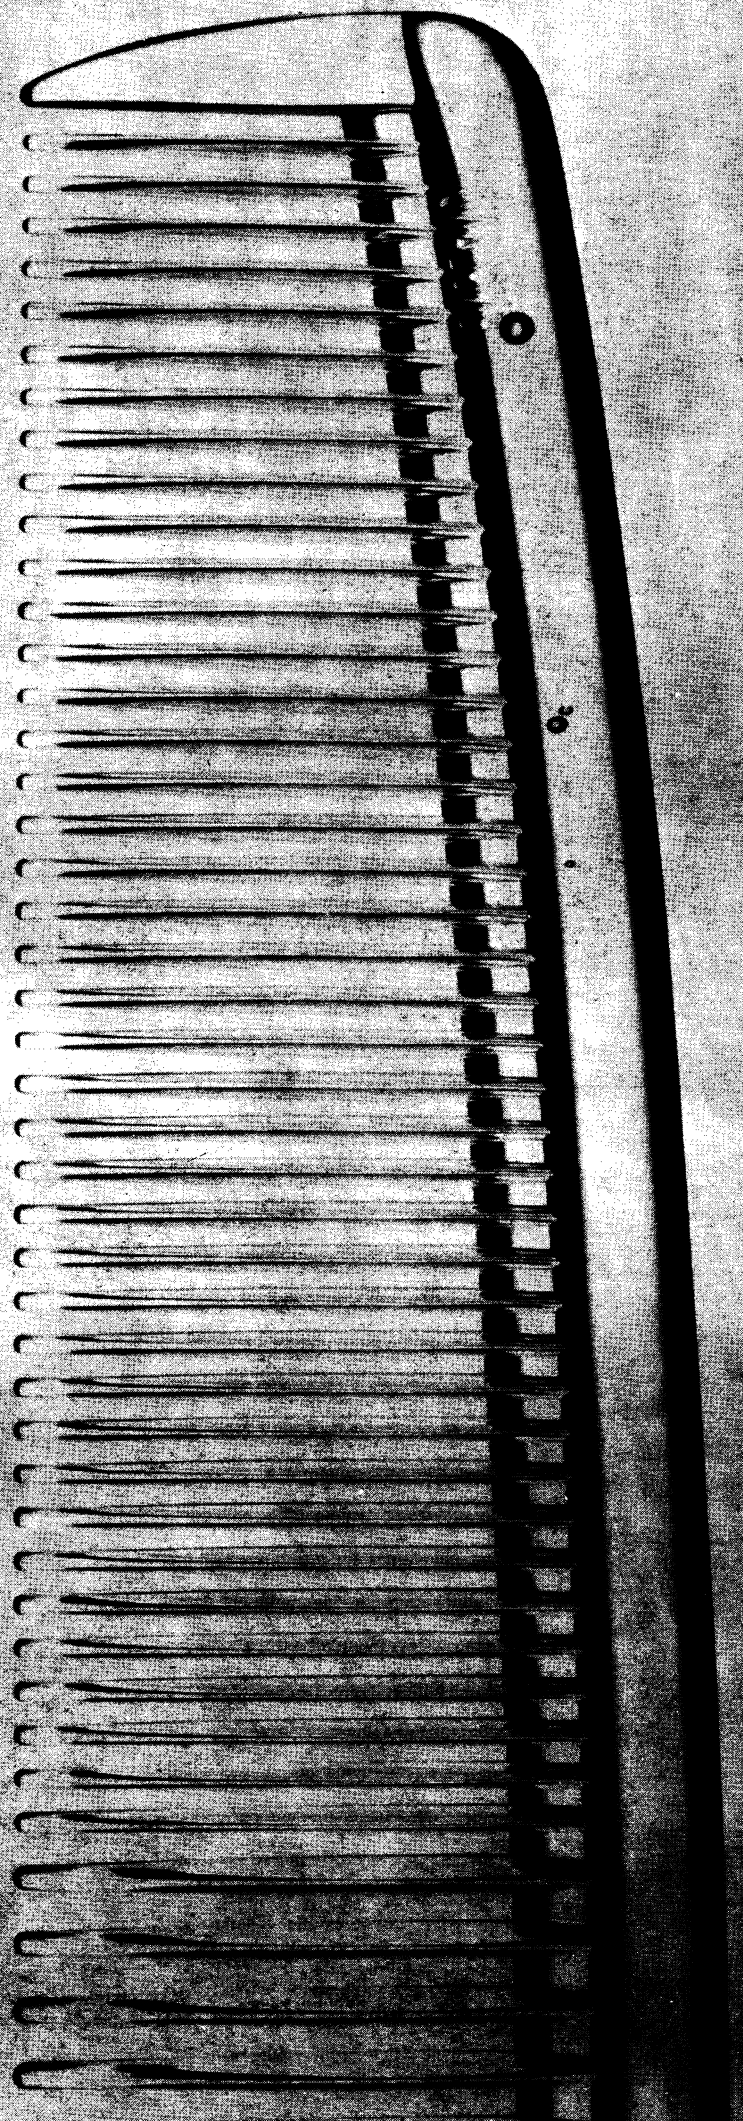

Dermovate Scalp Application, in practical squeeze bottles with elongated nozzle, allows easy application direct to the scalp.

All the more reason for prescribing
Gaviscon rather than simple antacids.
Gaviscon suppresses gastric

Some patients stay on barbiturates until the day they die

Every day in Britain three patients die after deliberately taking overdoses of barbiturates – a total of over 1,000 every year¹

Virtually all of these patients could have been transferred to Mogadon, which is much safer² but just as effective against insomnia³

The patients may still have tried to kill themselves. But with Mogadon few, if any, would have succeeded

Mogadon: far safer, far better

Not all our problems are little ones.

Maybe you think of Barnardo's as a big charity for little children. But in fact our children cover all ages. As you can imagine, it's quite a problem to feed, clothe and educate them. And every year our problems, quite literally, grow bigger.

What makes it even harder for us at Barnardo's, is that most of our children are handicapped, maladjusted, deprived, orphaned or deserted. It takes a lot to give them even a little hope in life.

By now you know our biggest problem—money. Running our many schools, homes, Day Care centres and family care, fostering and adoption services adds up to a multi-million pound problem.

Right now Dr. Barnardo's desperately needs a donation from you. Or a Deed of Covenant. Or a mention in your Will. Or help in running a local fund raising group.

For the sake of 7000 children, we must find the answer to our biggest problem.

We can't give unless you do.

Constipation is a bind

Constipation may not be the most serious condition requiring treatment; but the distress and pain that it can lead to are often cause for concern to the patient, doctor and nurse alike.

That's why all concerned will appreciate new Laxoberal.

New Laxoberal is a liquid laxative containing just one active agent – sodium picosulphate – whose actions promote the gentle passing of a soft but formed stool, to avoid both pain and strain. While side-effects are kept to a minimum.

Moreover, new Laxoberal comes in a light, easy-flowing, pleasant-flavoured preparation that's easy to take and goes down well – with young and old alike.

That's why Laxoberal makes constipation less of a bind – for all concerned.

**New! Laxoberal®
shows concern
for all concerned.**

OCCUPATIONAL HEALTH

BRITISH NUCLEAR FUELS LIMITED

A MEDICAL OFFICER

is required at Springfields Works near Preston to be responsible to a Senior Medical Officer for the provision of an occupational health service. The Works has a medical centre with examination and treatment rooms, X-ray facilities and a Pathology laboratory. Duties will include casualty work, medical examinations and the full range of an occupational health practice. There is considerable scope for the development of special interests; in particular an interest in physical medicine and rehabilitation would be an advantage.

The appointment would be suitable for a young doctor wishing to gain experience and qualifications in occupational health but others with more experience should not be deterred from applying.

Salary will be assessed according to qualifications and experience, but will be not less than £7,400 a year. There is a contributory superannuation scheme and generous leave allowance. Rented housing, or house purchase assistance, will be available for married staff living beyond normal daily travelling distance.

Please contact Mr D Thomas, Staff and Administration Manager, BNFL, Springfields Works, Salwick, Preston, Lancashire, PR4 0XJ (Preston 729351 Extension 7320) from whom an application form and further information may be obtained.

Medical Officer

John Player & Sons wish to appoint a successor to their present Medical Officer who retires at the end of this year.

The appointment is based at Nottingham where the subordinate medical staff numbers 19, including Dental Surgeons, Nurses, Technicians, Physiotherapists, Chiropodists and Secretaries.

There are, in addition, medical and nursing services at other Units, the largest of which are at Stirling and Ipswich. The Medical Officer is directly responsible to the Assistant Managing Director for maintaining and developing these services and is required to advise management on all aspects of the working environment and other factors involving health and fitness of all employees.

Wide experience in several fields of medical practice would be expected and as this senior appointment involves playing a full part as a member of an established Personnel Team, both management and medical skills are required. Experience in the field of Occupational Health would be desirable whilst a knowledge of Budgetary Control systems would be helpful.

The starting salary would be not less than £8,250 with room for further progress within the range appropriate to senior management.

Written applications will be treated in strictest confidence and in the first instance should be sent to:—

UNIVERSITY OF EDINBURGH

Department of Bacteriology

RESEARCH FELLOW
required to lead a team studying the mortality patterns of workers in the oil industry. The study is sponsored by the Institute of Petroleum, and covers several thousand employees at refineries and other locations in the United Kingdom.

The Fellow, who should be medically qualified, will deal with all stages of the survey; he will be backed by specialists in population tracing, computer and statistical techniques. An interest in chemistry is essential, and some industrial experience would be an asset, since an important part of the work will comprise the definition and assessment of past chemical exposures in different groups of workers in relation to subsequent mortality.

The appointment is for four years, and the work is suitable to form the basis of a Ph.D. or M.D. thesis. Salary: senior registrar equivalent.

Applications in duplicate, with the names of two referees and quoting ref. 300/G/89 should reach the Secretary, Institute of Cancer Research, 34 Sumner Place, SW7 not later than 6th September, 1975. (27260)

LECTURER OR SENIOR LECTURER IN PSYCHOLOGICAL MEDICINE
Applications are invited for the post of Lecturer or Senior Lecturer in Psychological Medicine at the Wellington Clinical School.

The successful applicant should hold a higher qualification, be interested in teaching and would be encouraged to follow his own line of research. The Department of Psychological Medicine is one of the new academic departments being set up in the recently established Wellington Clinical School, and should offer excellent clinical, teaching and research facilities. He will be expected to undertake clinical duties for the Wellington Hospital Board.

Salary: Lecturer NZ\$10,594 to \$15,041 with a bar at \$12,475. Senior Lecturer NZ\$15,468 to \$17,777 per annum. An allowance for clinical responsibility may be paid in the light of status and duties performed.

Further particulars are available from the Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H 0PF, from the Dean, The Wellington Clinical School, Wellington Hospital, Wellington 2, New Zealand, or from the Registrar, P.O. Box 56, Dunedin, New Zealand. Applications close on 15th September, 1975. (27396)

LECTURER IN BACTERIOLOGY
Applications are invited from suitably qualified candidates, preferably with a medical qualification, for the above post in the University Medical School.

The initial salary will be according to qualifications and experience and will be within the scale £3,777-£6,903 for medically qualified candidates. The post is superannuable.

SPECIAL APPOINTMENTS

INTERESTING Temporary Assignment. Each year during the Autumn, Duphar Vaccination teams visit hospitals, schools and industrial premises to administer Influvac (influenza virus vaccine). Each team consists of two S.R.N.'s and one Registered Medical Practitioner. The nurses are trained in the use of Jet Injector equipment and are responsible for administering the vaccine and keeping appropriate records. The doctor is responsible for advising on the suitability of subjects for vaccination and to oversee the vaccination sessions. Since the Vaccination teams visit our clients' premises, considerable travel throughout the U.K. is involved and members of the teams must be prepared to stay away from home for long periods of time. Hotel accommodation is provided and each team uses a Company vehicle to travel in. Applicants must hold a current British driving licence. Remuneration will be at a rate of £90 per week plus £15 per week bonus payable upon satisfactory completion of each full week of service with the Company. Applications are invited from Registered Medical Practitioners who are available between September and December inclusive. The successful applicants will receive adequate instructions before they join a team. Written applications should be addressed to The Medical Adviser, Duphar Laboratories Ltd., Gaters Hill, West End, Southampton, Hants. SO3 3JD.

Director

Institute of Hearing Research

The Council have resolved to take a major initiative in developing research in hearing. The aim of the Institute is to provide a base for staff and facilities for a major multi-disciplinary research effort in this field and to provide a national centre for the co-ordination and initiation of research in deafness. A major part of the research effort will be in the areas identified by their expert Sub-committees on Deafness, particularly the epidemiology and systematic clinical characterisation of deafness and the rehabilitation of the deaf. It is expected that the field research will need to be conducted on a multi-centre basis and hence there will be outstations as an integral part of the institute. The institute will be funded, at least in part, under the new arrangements for commissioning research by the Health Departments who will also be responsible for providing the necessary Health Service facilities.

The person appointed as Director must have an established reputation as a scientific investigator in his own specialist field, and evident ability to manage a research team, as he would be expected to develop the institute's research programme in addition to his own personal research, for which he would have facilities in the headquarters building of the institute. Initially a major part of the programme would concern the setting up of multi-centre clinical studies and rehabilitation research. He need not necessarily be medically qualified, but will be required to establish collaborative links with clinicians. The location of the director will be a matter for negotiation in the light of the director's research interests and the need to organise studies at several centres. When the director has been appointed and his location agreed, negotiations will be opened with the appropriate university for the establishment of a Chair in Hearing Research. If the director's work makes it possible for him to hold an Honorary Clinical Contract, and this is awarded at Consultant level, he will be paid on the MRC Clinical Scale equivalent to the NHS Consultant Grade (max. at present £10,689 per annum). If the holding of a Clinical Contract is not appropriate, the director will be paid at MRC non-clinical rates at a suitable point in the range of up to £9,517 per annum. Superannuation provision under the MRC Pension Scheme.

Applications should be submitted no later than 30th September 1975 in the form of a statement not exceeding 2000 words outlining in general terms the scientific programme that the applicant would wish to undertake, and indicating the type of staff and facilities he would require, together with curriculum vitae and list of publications, to the Secretary, Medical Research Council, 20 Park Crescent, London W1N 4AL. Applicants should write for further particulars, including the Report of the Sub-Committee on Deafness, to the same address. (44730)

LOTHIAN HEALTH BOARD
Royal Infirmary of Edinburgh
SENIOR REGISTRAR(S)
ANAESTHETICS
The post offers a wide range of experience in anaesthesia for all branches of general and specialised surgical work, including transplant and bypass procedures, within the Royal Infirmary and other hospitals in the area. It also includes duties in the respiratory intensive care unit run by the department. The successful applicant will be expected to participate in undergraduate and postgraduate teaching and in the research activities of the department.
Applications, which should be typewritten, giving particulars of age, qualifications and previous experience together with the names and addresses of three referees, should be lodged with the Secretary, 11 Drumshugh Gardens, Edinburgh, EH3 7QQ, within three weeks from the date of this advertisement. (418115) 52-5

APPOINTMENTS

Applicants for medical appointments are advised to check whether the post advertised is included in the Important Notice and to scrutinize carefully the remuneration and terms of service offered. Any member who is in doubt about these terms in relation to B.M.A. agreements should consult the Secretary of the Association.

Advertisers are reminded that the Race Relations Board insists that no descriptive term implying racial, national, or ethnic characteristics may be used in any advertisement. Further, readers are advised not to apply for any appointment which discriminates between applicants on grounds of creed or sex.

HOSPITAL APPOINTMENTS

Applicants should state names, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles from a hospital. Advertisements for post-registration house officers, senior house officers and registrars should state clearly whether the post is resident, i.e. compulsorily resident.

In all advertisements grade should be clearly indicated. Normally a consultant vacancy must be advertised as (a) part-time with the number of sessions clearly stated, or (b) whole-time with the option of maximum part-time.

In the view of the BMA, an advertiser should not insist on possession of English higher qualifications in preference to Scottish or Irish qualifications (or vice versa).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £2,859 per annum for the posts held during the first year; £3,075 per annum for posts held during the second year; £3,294 per annum for posts held during the third and subsequent years, subject to full registration.

LIVERPOOL AREA HEALTH AUTHORITY (Teaching)

Regional Health Authority

Applications are invited for the post of SENIOR REGISTRAR

IN PSYCHIATRY

with duties at Rainhill Hospital for the period to 30th September, 1976. Appointment for the normal period of training will be considered without the need for further application.

The hospital is organised on a team basis, and two teams are associated with General Hospital Units. There is a Professorial Unit carrying out both undergraduate and postgraduate teaching.

There are two Day Hospitals connected with Rainhill and also an active Clinical Psychology and M.E.G. Department. In view of the proximity of the Professorial Unit and the University, the facilities for training and varied experience at this hospital are excellent.

The post involves rotational training and the place and type of work is reviewed at six monthly intervals to enable the successful candidate to gain experience in General Hospital Psychiatry, Community Psychiatry, Child Psychiatry, Forensic Psychiatry and Electroencephalography at other Hospitals.

For at least the first twelve months the successful candidate will be attached to the North Team of Consultants at Rainhill Hospital and most of his duties will be at Walton and Fazakerley Hospitals.

Fazakerley Hospital is a new district general hospital with an out-patient unit of 80 beds. Out-patient clinics are held at Walton Hospital which is a general hospital with a large Accident and Emergency Department and Regional Department of Medical and Surgical Neurology.

Application forms obtainable from the Area Personnel Department, Liverpool Area Health Authority (Teaching), Orleans House, Edmund Street, Liverpool L3 9NG to be returned by 29th August, 1975. (H18165) 84-5

TAYSIDE HEALTH BOARD Dundee Psychiatric Service

PART-TIME SENIOR

REGISTRAR APPOINTMENTS
Applications are invited for two part-time appointments as Senior Registrars in general psychiatry in the Dundee Psychiatric Service. The Service comprises a District Psychiatric Service for Dundee and Area Services in mental deficiency and child psychiatry for Tayside. The case for this organisation includes: Royal Dundee Liff Hospital (mental illness) (604 beds), Strathmartine Hospital (mental deficiency) (627 beds), and a Professorial Psychiatric Unit and an out-patient unit at Ninewells Hospital, Dundee. These hospitals have well staffed active paramedical departments and are associated for teaching purposes with the University of Dundee, which will grant an Honorary Lectureship to suitable appointees.
Each post will be of 5 to 6 session per week, and the successful candidates will take part in a training programme designed in detail to meet their particular needs, with opportunities to gain experience in mental deficiency, child psychiatry, forensic psychiatry and psychotherapy, as well as the full range of general psychiatric services, and will participate in teaching and will have the opportunity to do research.

These posts are likely to be of interest to married women who wish to continue their training in psychiatry but who, on account of domestic or other circumstances, are unable to undertake a whole-time appointment. The Joint Committee on Higher Psychiatric Training has stated that higher training in psychiatry may be undertaken on a part-time (at least half-time) basis.

Further particulars about the posts can be obtained from, and arrangements to visit the hospitals can be made with the Physician Superintendent, Dundee Psychiatric Services, Royal Dundee Liff Hospital, Dundee DD2 5NE. Forms of application can be obtained from the Secretary to the Vernonhome, Riverside Drive, Dundee DD1 9NL, with whom applications should be lodged not later than 30th August, 1975. (H18199) 84-5

You could save £40 on a ring like this

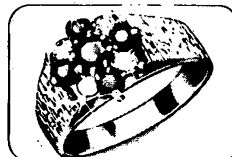

This beautiful 18ct gold Sapphire & Diamond Ring for example, sells at BOLYN JEWELS for just £67.50 (that's £44.50 below what we consider a similar Ring, retailing at the full comparative price of £112.00, costs elsewhere.) Almost unbelievable... but it is true!

You see, BOLYN JEWELS of Hatton Garden are Manufacturing Jewellers, whose wide experience and expertise enables them to purchase Stones at preferential prices and supervise their own Manufacturing. These facts, coupled with their own Retail Premises in Hatton Garden

enables them to pass on such big price advantages direct to you! That's the secret of buying real QUALITY RINGS, made by Craftsmen, at very realistic prices (giving 40% off Diamonds, 30% off Gold) from BOLYN JEWELS, as you will soon appreciate for yourself. At BOLYN JEWELS you will find quality and a huge variety to choose from, so come and see us Mon. to Fri. between 9.30-5.30, Saturdays, till 1.30 p.m. Excellent Mail Order Service also available, send for our 40 page Colour Catalogue, today.

Maple Jewellery

Best value in Hatton Garden

Full Retail Value **£113.00**
 Less discount **45.00**
 Actual cost **£68.00**

Did you know that MAPLE JEWELLERY have the biggest, most varied selection of Diamond Rings and Jewellery, at 30% to 50% below similar rings available in most other Jewellery retail shops? (40-45% off diamond Jewellery - 30-35% off Gold Jewellery). How can we genuinely do that? Simply by manufacturing Jewellery in our own Workshop on the premises, and selling DIRECT to YOU, saving wholesale/retail mark-ups that usually get passed on to the Customer! VISIT OUR SHOWROOM, and see for yourself why such a large number of our Customers come back, and recommend us to others.
